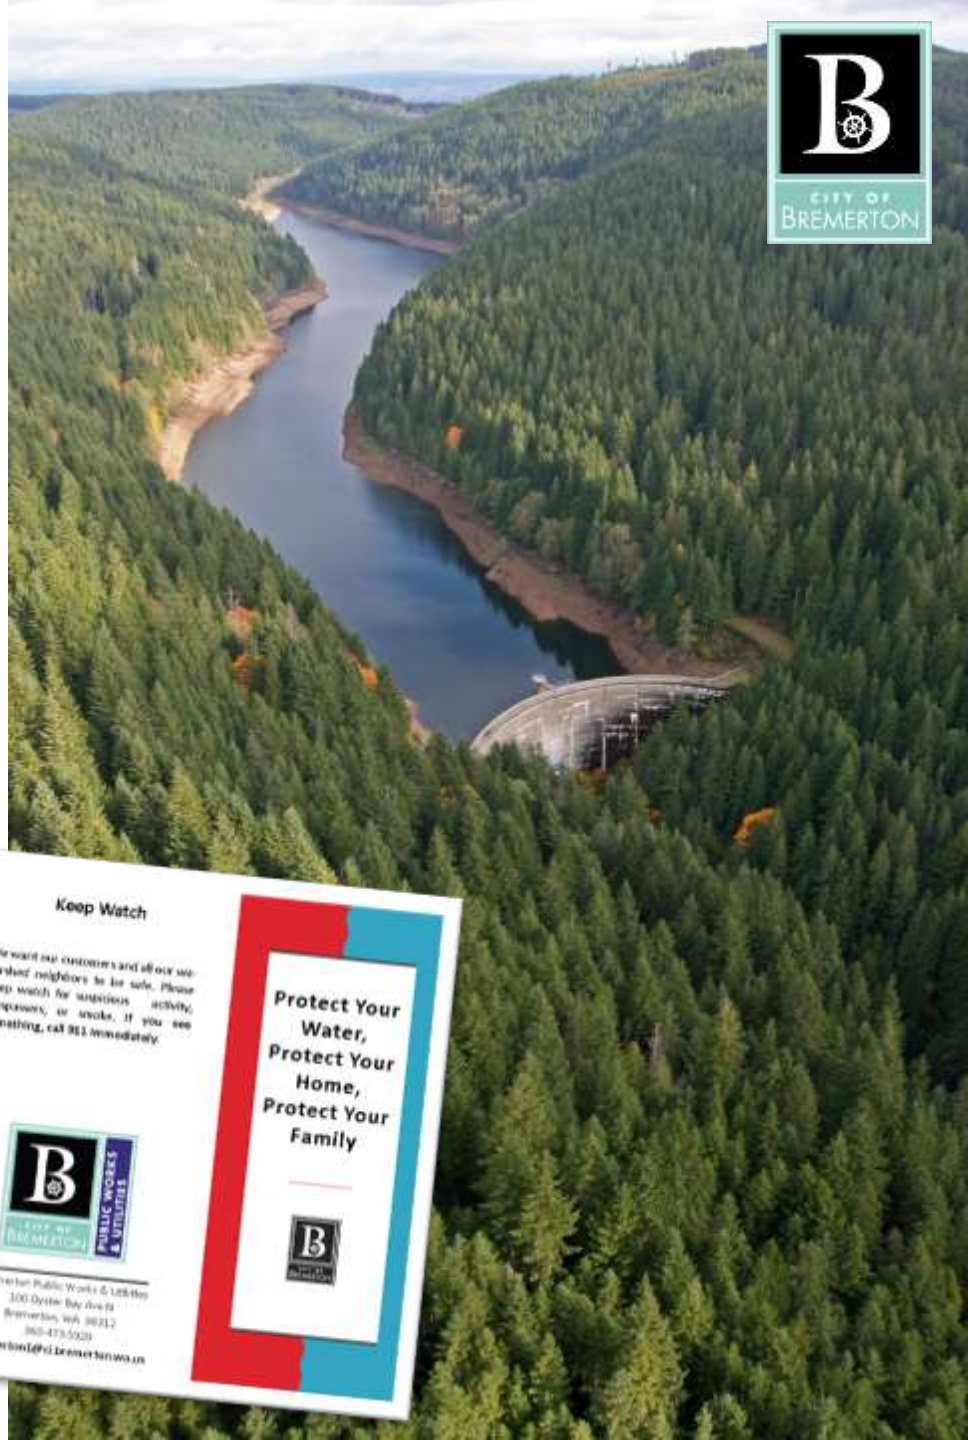
BREMERTON
WASHINGTON

Wildfire Season is Here

Water Resources prepared a brochure on wildfire risk, source water protection, and emergency preparedness.

Water Resources and Forestry staff will hand-deliver brochures this week to over 400 residences and businesses in neighborhoods adjacent to the watershed property.

A similar brochure will be hand-delivered to over 500 residences adjacent to the Anderson Creek Wellfield by the end of July.



2025 Kitsap Lake Management

Aquatic plants are harvested from the lake once per year to minimize aquatic weeds and manage the lake plant populations.

- *Aquatic weed harvesting is scheduled to begin by the end of this week and continue through August*

Bremerton treats Kitsap Lake twice a year for phosphorus to manage water quality and control algae blooms within the lake.

- *The second Eutrosorb-G treatment is scheduled to follow the aquatic weed harvest in early August*

Questions on the program can be directed to Will Riley at 360-473-5207 or will.riley@ci.bremerton.wa.us.

Public Works Project

CENTRAL BREMERTON FORCE MAIN REPLACEMENT PROJECT

Funded by the Defense Community Infrastructure Program (DCIP)

PROJECT DESCRIPTION

The Central Bremerton Force Main (CBFM), constructed in 1989, is a vital sewer pipe that conveys wastewater from downtown Bremerton and waterfront to the City's wastewater treatment plant. In December 2023, the City discovered that portions of the pipe had failed due to corrosion. The City immediately began planning to replace the pipeline along Gregory Way, Naval Avenue, and 1st Street, a total distance of 3,100 feet . The City has received a federal grant that will fund most of the project costs.

SCHEDULE

Construction will begin in **JULY 2025** and extend throughout the summer months. Our plan is to complete construction before Thanksgiving. Sound Pacific Construction is our contractor.

DISRUPTION ALONG GREGORY WAY

The pipe is located in the grass median strip along the north side of the road. The contractor will dig up and dispose of the old pipe and put a new pipe in its place. They will then repair or replace damaged driveways, sidewalks, and street panels . Your home may experience short outages of water and sewer service as our contractor works past your home. An outage will not last more than 4 hours. We will notify you not less than 5 days ahead of time if an outage is planned.
