Nonprofit Grant Program Application

Applying Organization Name: Manomet, Inc.'s Georgia Bight Shorebird Conservation Initiative

Applicant Name: Allie Hayser

Email Address: ahayser@manomet.org

Organization Website: <https://www.manomet.org/project/ga-bight-shorebird-conservation/>

Organization Address: 125 Manomet Point Road, Plymouth, MA 02360

Local Address: 501 5th Street, Tybee Island, GA 31328

Mailing Address (if Different): P.O. Box 1770, Manomet, MA 02345

Describe Your Organization:

Manomet, a non-profit organization based in Massachusetts, has been a leader in bird research and conservation for 50 years. In 2018, Manomet launched the Georgia Bight Shorebird Conservation Initiative (GABSCI) to address specific threats to the shorebirds dependent on the southeastern region of the Atlantic Coast. We partner and work closely with Georgia Department of Natural Resources, local Audubon chapters, the City of Tybee, private landowners and foundations to support shorebird conservation in the southeast and more broadly throughout the Western Hemisphere. This initiative is part of our efforts to ensure that shorebird populations in the Atlantic Flyway have healthy habitats where they can feed, rest, and nest. Our goals at the GABSCI include working with partner groups to provide outreach to reduce threats to shorebirds and protect habitat by addressing human disturbance, disturbance from dogs, loss of habitat, and other issues that impact coastal birds.

Proposed Project for Which Funds Will Be Used: "Building connections for shorebird protections"

Thank you for considering our proposal. With support from the City of Tybee, we hope to build on our on-going work to protect Tybee's shorebirds and seabirds, and the incredible habitat that supports them. Tybee Island is part of the internationally recognized Landscape of Hemispheric Importance, designated by the Western Hemisphere Shorebird Reserve Network. This funding will build local pride and highlight Tybee's commitment to providing imperiled species with the beaches they depend on. This includes protecting roosting areas for our winter visitors, the federally endangered Great Lakes breeding population of Piping Plovers, our migrating shorebirds including federally threatened Red Knots, and our state priority beach nesting seabirds, Black Skimmers. Through this support, we will enhance our on-going shorebird steward program with an internship opportunity for a local student, increase awareness through creating printed materials, and work in collaboration with partners to host a Spring Shorebird Migration Kick-Off.

Applying Organization Name: Tybee Island Marine Science Center

Applicant Name (First & Last): Chantal Audran, executive director

Email Address: Chantal@tybeeislandmarinescience.org

Organization Website: www.tybeemarinescience.org

Organization Address: 37 Meddin Drive, Tybee Island, GA 31328

Mailing Address (if Different): P.O. Box 1879, Tybee Island, GA 31328

Describe Your Organization: _____
Our mission is to cultivate a responsible stewardship of coastal Georgia's natural resources through education, conservation, and research. We provide marine science-based educational programs year-round for our community, island visitors, schools, scouts, and groups. We are permitted by the state to manage five animal conservation programs on the island - Tybee Sea Turtle Project, Diamondback Terrapin Research/Rescue/Release, Shore/Seabird rescue, Marine Mammal Stranding, Sea Turtle Stranding and Salvage Network. We have three community conservation programs - Mindful Beachcombing signage, Light's Out information tri-folds for hotels and short term vacation rentals.

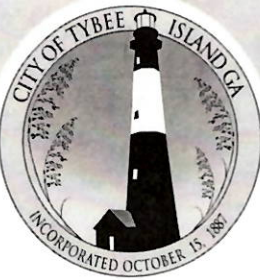

Proposed Project For Which Funds Will Be Used: _____
The City's funds will support the our Conservation Programs and the delivery of marine science-based educational programs to the island's visitors and to local children whom, without this funding, we would not otherwise be able to reach. Since 2011, the City's partnership in the Sidewalk to the Sea program, which services economically-disadvantaged children from SCCPSS elementary schools, has enabled 45,446 students to participate in the center's program. This learning experience provides students access to their coast's natural resources - creating future stewards of coastal Georgia. In 2023, the center served 60,435 visitors, on-site, through a variety of programs, including 3,941 children from the SCCPSS who, without the City's support would not have had access to the center's programs, or the ocean.

Grant Funding Amount Requested: \$10,000

Applying Organization Name: Tybee Marine Rescue Squadron 1-A

Applicant Name (First & Last): Donald Russell - Skipper

Email Address: donruss86@gmail.com

Organization Website: N/A

Organization Address: 2 Old US Highway 80

Mailing Address (if Different): PO Box 23309, Tybee Island, GA 31328

Describe Your Organization: We are a non-profit 501(c)3 organization established in 1959 for the purpose of rescuing stranded and distressed boaters in the Tybee area. The members of our organization have distinctive knowledge of our local creeks and waterways to perform searches assist government organizations should the need arise. We are a volunteer organization who are often called upon to provide manpower and assist other local organizations in the Tybee community.

Proposed Project For Which Funds Will Be Used: The Tybee MRS 1-A squadron utilizes a boston butt sale in November of every year to raise funds necessary for operating expenses and maintenance to our facilities. The funds from this grant would go towards the purchase of the boston butts and other expenses required to cook, process, and sell the butts (i.e. seasonings, aluminum foil, pans, bags, etc.). Our average expense for butts and goods averages \$4,500. Market price of raw butts greatly impacts profit/loss margins. We are requesting a grant of \$6,000 to ensure we can cover increases in price due to a fluctuating market.

Grant Funding Amount Requested: \$6,000.00
