

Greeley City Council Agenda

Work Session

May 24, 2022 at 6:00 p.m.

City Council Chambers at City Center South, 1001 11th Ave, Greeley, CO 80631

Zoom Webinar link: <https://greeleygov.zoom.us/j/94321296765>

NOTICE:

City Council Work Sessions are held on the 2nd and 4th Tuesdays of each month in the City Council Chambers. Meetings are conducted in a hybrid format, with a Zoom webinar in addition to the in person meeting in Council Chambers.

City Council members may participate in this meeting via electronic means pursuant to their adopted policies and protocol.

Members of the public are also invited to view Council work sessions in person or remotely. **Work sessions do not include public input in any format. Public comment is only permitted at regular Council meetings on the 1st and 3rd Tuesdays of each month.**

Watch Meetings:

Meetings are open to the public and can be attended in person by anyone.

Meetings are livestreamed on YouTube at youtube.com/CityofGreeley as well as over the Zoom webinar. Public participation in the Zoom webinar only allows viewing the meeting.

For more information about this meeting or to request reasonable accommodations, contact the City Clerk's Office at 970-350-9740 or by email at cityclerk@greeleygov.com.

Meeting agendas, minutes, and archived videos are available on the City's meeting portal at greeley-co.municodemeetings.com/

Title:

Tax Revenue Initiative Polling Options

Summary:

As a follow up to a discussion in May 2021 among City Council about polling for potential ballot initiatives in November 2021, a request was made to update City Council about the option to conduct polling for a potential tax initiative poll/ survey among Greeley residents. The request is associated with conducting polling for a new tax on the November 2022 ballot.

Information provided to City Council in May 2021 specifically regarding the request to conduct additional polling on a new sales tax for open space and natural areas is attached. At the time, there was a consensus among City Council to forego any polling or new sales tax ballot initiative in November 2021, but to conduct polling in 2022 associated with the ongoing effort to 'bucketize' citywide needs and align them with funding sources.

It was the intention of staff to conduct polling as a part of the 'bucketization' effort in 2022 to help identify support for priorities and needs identified by the City Council. Due to the number of unanticipated challenges such as ERP, no additional progress has been made in the 'bucketization' effort. However, the Finance Department has been able to commit resources to the effort that recently restarted with a plan to be completed for presentation to City Council in the first quarter of 2023. Staff has developed a Request for Proposals to secure polling/ surveying services to assist through the remainder of the 'bucketization' effort as needed.

Timing and Cost of Polling

Since 2019, the City has utilized Strategies360 for polling/ surveying and communication services associated with tax renewals and potential tax initiatives. In the event City Council directs that a poll be conducted in anticipation of a potential ballot initiative,

staff could secure Strategies360 polling services through a bid exception. The following timeline and costs have been identified by Alex Dunn of Strategies360:

OPTION A: Brief, single issue poll focused solely on electorate existing attitudes about open space funding

- Timeline: 3-5 weeks (mainly depending on how much time is required by the City to provide feedback on the draft polling language)
 - o If polling question approved in 3 days, could get data by end of week of June 6. Otherwise, week of June 20.
- Scope: Sample size of 500 (same sample size City has used in past two renewal polls), 10 minute call
 - o Cost: \$28,268

OPTION B: Standard version, qualitative poll: requires additional time to draft, would look more like what City did for Food Tax/KGM (including more contextual questions and arguments), designed to look at public support and simulate a debate to stress test the concept and see how attitudes shift

- Timeline: Data by week of June 20
- Scope: Sample size of 500, 15 minute call
- Cost: \$34,473

Alex Dunn will be available virtually during the May 24 Work Session presentation to present the options and address any questions.

Natural Areas and Trails/ Open Space

Kelly Snook, Interim Director of the Culture, Parks and Recreation Department, will be available during the May 24 Work Session to address any specific questions to a potential sales tax for natural areas and trails/ open space.

May 28, 2021 Memo to City Council on November 2021 Ballot Initiatives/ Request for Additional Polling
PowerPoint Presentation

DATE: May 28, 2021
 TO: City Council
 FROM: Paul Fetherston
 RE: November 2021 Ballot Initiatives – Request for Additional Polling

During the May 25, 2021 Work Session regarding the reauthorization of the Keep Greeley Moving sales tax as a part of the November 2021 ballot, there was a consensus of the City Council to request that staff research the cost, timeline and any other pertinent information for conducting a poll to gauge support for an open space/ natural trails and areas tax. This information is presented in response to that request.

Background and Information:

During its May 14, 2019 work session, City Council received a presentation on the City’s Natural Areas and Trails funding strategy which identified the potential for a new 0.25 sales tax for open space. As a part of the presentation, the Culture Parks and Recreation Department highlighted the following results of a community survey completed in 2018. (Note: The community survey is not the equivalent of a poll of registered voters.)

Question: There are many ways that the city could generate additional funding to address three different areas, although it does not have enough funding to do it now. The following is a list of several potential sources for additional funding. For each one, indicate if you had the opportunity to vote on a measure to increase funding for some of the specific projects, would you vote Yes in favor or No against that proposal:

	Definitely Yes	Yes
Increasing taxes by extending the existing three-tenths of one cent sales tax and use it for improvements to roads, public buildings, parks and open space	28%	69%
Increase taxes through a new sales and use tax of one-tenth of one cent and use it for conserving wildlife habitat, working farms, and lands along the Poudre River, as well as parks and trails	28%	61%
Increase taxes through a new sales and use tax of one-quarter of one cent and use it for conserving wildlife habitat, working farms, and land along the Poudre River, as well as parks and trails	28%	58%

After consideration of the information presented, the City Council determined that it was not time to move forward with a tax increase primarily because a specific plan was not in place that outlined the financial needs for and uses of an open space tax.

In June 2020, the City conducted polling relative to a reauthorization of both the Food Sales Tax and Keep Greeley Moving Sales Tax. At the time, the poll also included the following question regarding support for a natural areas and trails/ open space tax:

“Finally, let’s assume for a moment that in addition to the two tax renewals we’ve been talking about, you were also considering a third proposal. This proposal would create a new, dedicated sales tax of one quarter of one percent (0.25%) on all purchases in order to fund the acquisition and maintenance of natural areas and trails around Greeley. If you had to decide today, would you support or oppose this proposal?”

The polling results were presented to City Council during its June 23, 2020 Work Session. The specific polling results regarding the natural areas and trails/ open space are listed below:

	Support	Oppose	Undecided
Support/ Oppose	4%	5%	
Probably	22%	11%	
Definitely	22%	26%	
TOTAL	48%	42%	10%

At that time, it was the consensus of City Council to not move forward with a natural areas and trails/ open space sales tax initiative.

The cost to conduct a poll through the services contracted through a competitive process with Strategies360 ranges from \$19,000 - \$33,000 depending upon the number of questions asked and duration of the poll. Strategies360 has developed a tentative timeframe to complete the poll which is provided below – including an anticipated date for presentation of results to City Council:

	Timeframe
Polling in field	Starting June 28
Presentation of Polling Results	July 15

As discussed during the May 25, 2021 work session, moving a new sales tax item forward on the November 2021 ballot poses challenges such as the following:

- Cause potentially negative impacts on the Keep Greeley Moving renewal effort;
- A new sales tax would typically move through a body such as the Citizen Budget Advisory Committee for its recommendation. Such a referral could still happen with compressed timeframes for analysis and discussion; and
- The success of any tax initiative is positively correlated to the existence of and support from a citizen support committee. At this time, no committee is in place for this specific issue and the time to effectively communicate is very short.

In addition, it is important to note that during the February 2020 City Council retreat, the Council established a strategic work program item “Create comprehensive City services funding

strategy”. This effort is intended to engage in analysis and planning for all needs, and align the short and long term needs with the appropriate revenue sources (align specific tax with for specific services such as KGM for roads). Conducting additional polling focused on this concept and that includes questions about all needs such as open space, roads, facilities, public safety, etc. If this concept is supported by Council, staff’s recommendation is to complete this survey in 2022 as was originally contemplated.

Tax Revenue Initiative Polling Options

May 24, 2022 City Council Work Session

City of Greeley Tax Renewal Timeline

Tax	Purpose	Use Examples	Expiration
General Sales Tax	Government Operations	<ul style="list-style-type: none"> • Salaries • Benefits • Utility Payments • Fuel 	None
Food Tax	Capital Maintenance	<ul style="list-style-type: none"> • Traffic Signal replacement • Public parking lot maintenance • Linn Grove irrigation replacement 	2026
Public Safety	Public Safety Building	<ul style="list-style-type: none"> • Debt Service/ New Stations • Equipment Replacements • Public Safety Salaries 	2044
Quality of Life	Parks, Public Facilities	<ul style="list-style-type: none"> • Highway 34 Interchanges • Centennial Park Improvements • East Greeley Natural Area 	2042
Keep Greeley Moving	Road Infrastructure	<ul style="list-style-type: none"> • Overlay & Striping Program • Concrete Repair Program • Asphalt Patching Program 	2029

Current ‘Bucketization’ Timeline

Long term financial planning effort and timeline supported by City Council – May 17, 2022

Early Analysis	Started recently
Consultant Assistance	Fall 2022
Presentation to City Council	First Quarter 2023
Consultation with Citizen Budget Advisory Committee	Following City Council Direction
Return to City Council with recommendations	<ul style="list-style-type: none">• In time to influence Food Tax Renewal• Expires December 2025• First Renewal Effort – November 2025
Polling/ Survey of Voters	To determine taxing capacity and support for priority areas identified by City Council

Natural Areas and Trails/ Open Space Polling

- Issue was included in June 2020 Food Tax polling.
 - **Results:** 48% support / 42% oppose
 - Lack of clarity on priorities to be funded
 - Evolving economic context
 - Order effect in poll
- **Best approach?**
 - Brief, single issue poll focused solely on electorate existing attitudes about open space funding
 - Timeline: 3-5 weeks (mainly depending on how much time is required by the City to provide feedback on the draft polling language)
 - If polling question approved in 3 days, could get data by end of week of June 6. Otherwise, week of June 20.
 - Cost: \$28,268
 - Comprehensive Fiscal Poll with full 'bucketization' context
 - Standard version, qualitative poll: requires additional time to draft, would look more like what City did for Food Tax/KGM (including more contextual questions and arguments), designed to look at public support and simulate a debate to stress test the concept and see how attitudes shift
 - Timeline: Data by week of June 20
 - Cost: \$34,473

City Council Direction

- Conduct Polling?
 - Streamlined single issue poll
 - Comprehensive fiscal poll with full 'bucketization' context
- 'Bucketization' timeline

City Council Work Session Agenda Summary

May 24, 2022

Paul Trombino III, Public Works Director, 970-652-3809

Title:

Greeley on the Go Transportation Master Plan

Background:

The vision for the Greeley 2045 Transportation Master Plan, Greeley on the Go, was developed through coordination between city staff and community members. As a growing community in the Colorado Front Range, the City seeking to ensure all community members can comfortably travel using a variety of modes and that the future transportation network supports a strong local economy and helps foster a high quality of life. The vision for transportation in Greeley is for:

An ample, easy, and connected transportation system providing seamless mobility to enrich lives and promote economic vitality.

Greeley on the Go emphasizes investments in priority areas and corridors through near-term (10-year) and long-term (20-year) enhancements that will promote travel mode options connectivity in key locations.

After initial outreach to gain feedback on the goals for the plan, staff began developing transportation scenario alternatives. Each alternative represents different levels of investment across different modes. After review with the Stakeholder team and CTAB on the alternatives, it became clear a blended approach to the transportation scenarios and priorities was best. The Transportation Investment for Quality of Life scenario blends priorities from all three original alternatives and sets the stage for transportation investments that are context sensitive and improve quality of life for Greeley residents.

The strategy for investment under Transportation for Quality of Life will involve a variety of project categories:

- STREETS- Preservation, safety improvements, traffic calming, new development and connections
- PLACEMAKING- Entryways, enhanced street and intersection design to enable growth/value of surrounding land
- EMERGING TECHNOLOGY- Smart signal technology, fiber, electric vehicle charging options, data sharing

- MOBILITY/TRANSIT- Shared mobility, mobility hubs, flex & fixed route optimization, traveler information for on-demand and improved travel time
- ACTIVE TRANSPORTATION- New/improved sidewalks, ADA upgrades, pedestrian safety measures, shared streets, bikes lanes, trails, neighborhood trail connections, education programs

Different project categories would be applied based on the context, need, and goals for the area or corridor.

Strategic Work Program Item or Applicable Council Priority and Goal:

Greeley on the Move- Ample, Easy and Connected

Decision Options:

Staff seeks feedback from Council on the:

- Direction related to the “Transportation Investment for Quality of Life” Scenario
- Project Categories
- Draft priorities/vision map

Categories**

**Mobility
Direction**

Work Session Objective

- **Gather feedback on:**
 - **The transportation alternative “Transportation for Quality of Life”**
 - **Transit shift towards mobility**
 - **Draft priorities map**
 - **Project categories**
- **City Council TMP Progress updates:**
 - Previous: August 10, 2021; January 25, 2022**
 - Current: May 24, 2022**
 - Next: Summer 2022 (Final Draft Plan)**

Plan Process

We are here

Transportation Alternatives

Alternative I:

High Investment in Vehicle Capacity

- Lower travel time and minimal delays at intersections
- High levels of investment in vehicle infrastructure

Alternative II:

Multimodal Investment for Community Placemaking

- Multimodal investments where walking, biking, and transit propensity is highest
- Connecting new development to the rest of the City

Alternative III:

Bike, Pedestrian, and Transit Investment

- More investment in alternative transportation options (transit, walking, biking)
- High levels of multimodal connectivity

Transportation Alternatives

Alternative I:

High Investment in Vehicle Capacity

- Lower travel time and minimal delays at intersections
- High levels of investment in vehicle infrastructure

Alternative II:

Multimodal Investment for Community Placemaking

- Multimodal investments where walking, biking, and transit propensity is highest
- Connecting new development to the rest of the City

Alternative III:

High Bike, Pedestrian, and Transit Investment

- More investment in alternative transportation options (transit, walking, biking)
- High levels of multimodal connectivity

Transportation Investment for Quality of Life

- Context sensitive investment
- Alignment with the plan vision and goals and priority investment corridors and areas

DRAFT

- Tier 1 Priority Corridor
- Future Connection
- Tier 2 Priority Corridor
- Future Connection
- Priority Investment Area
- Priority Planning Area
- Future Open Space
- Future Development

Project Categories

STREETS

Preservation, safety improvements, traffic calming, new development and connections

PLACEMAKING

Entryways, enhanced street and intersection design to enable growth/value of surrounding land

EMERGING TECHNOLOGY

Smart signal technology, fiber, electric vehicle charging options, data sharing

MOBILITY/TRANSIT

Shared mobility, mobility hubs, flex & fixed route optimization, traveler information for on-demand and improved travel time

ACTIVE TRANSPORTATION

New/improved sidewalks, ADA upgrades, pedestrian safety measures, shared streets, bikes lanes, trails, neighborhood trail connections, education programs

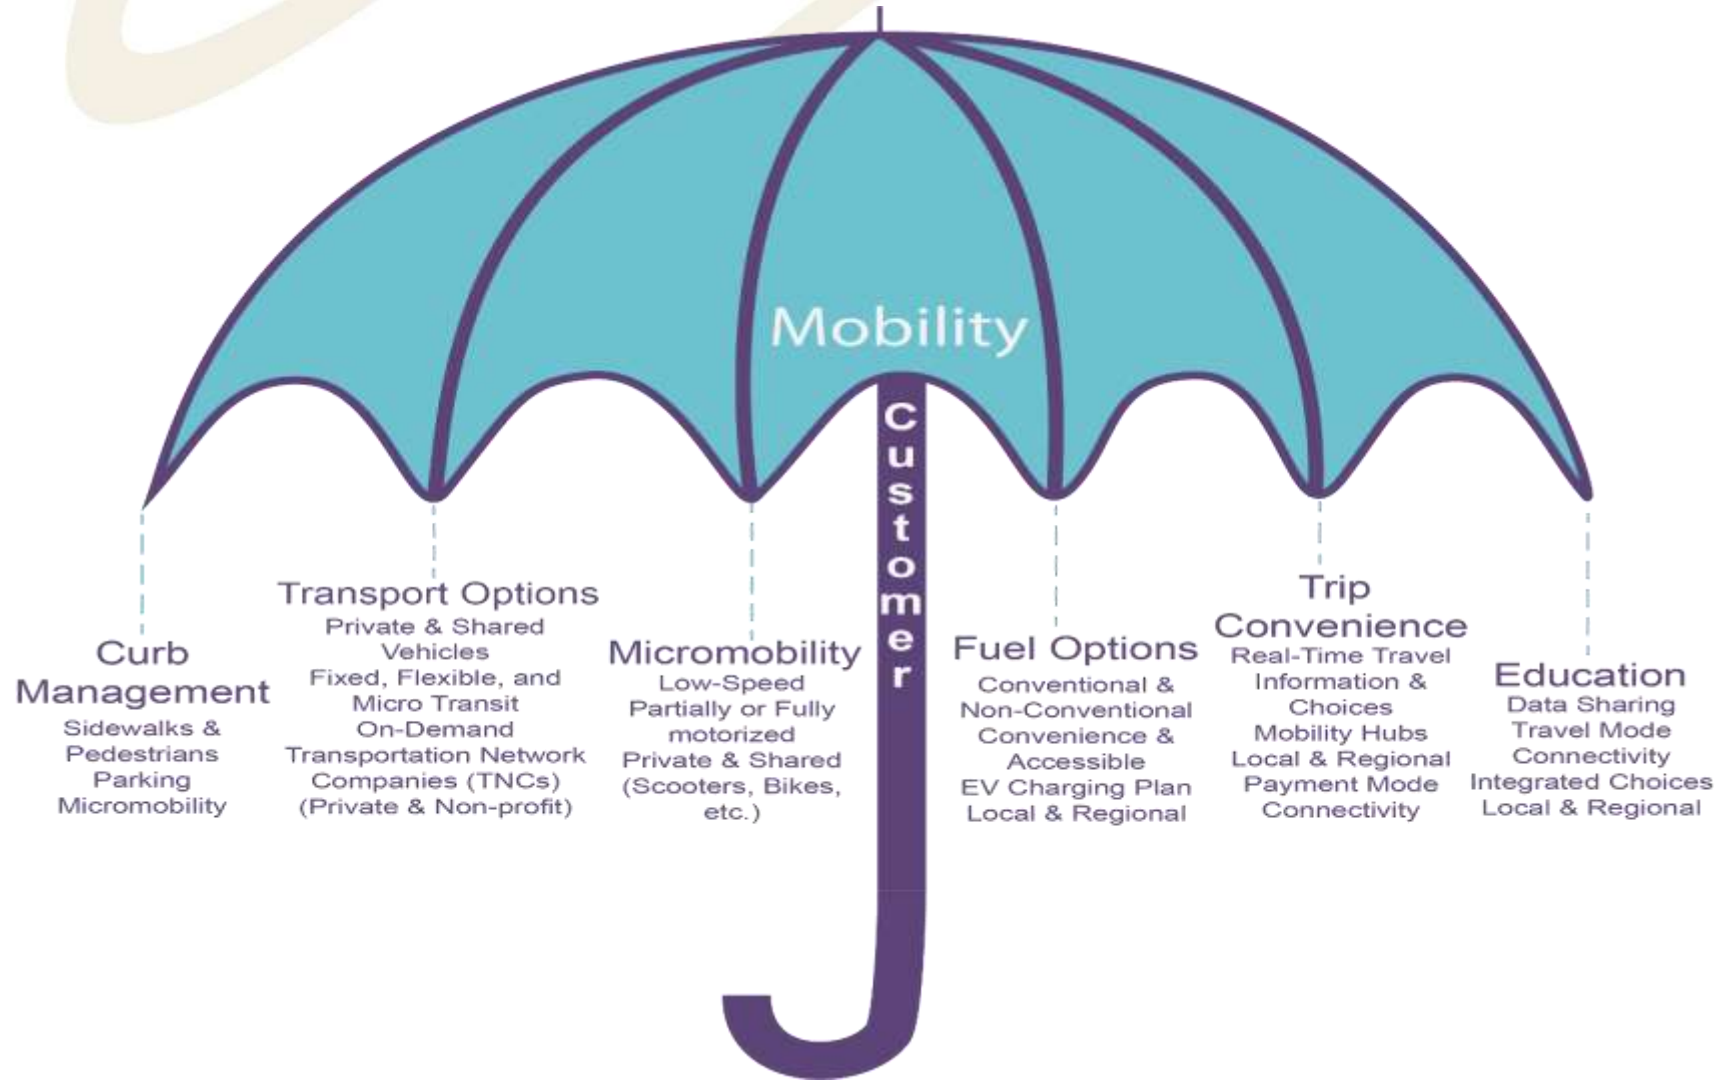

Example Tier One

US 34 Bypass	Signal Operation Improvement	CR 17 to Hwy 85
	Regional Transit Service	Loveland to Greeley
	Mobility Hub	Centerplace
	Interchanges	35th Avenue and 47th Avenue
	Intersection Improvements	11th Avenue, 17th Avenue, 83rd Avenue, 131st Avenue

City Council Work Session Agenda Summary

May 24, 2022

Doug Marek, City Attorney, 970-350-9755

Title:

A motion for an executive session for the purpose of advising negotiators and receiving advice from the City Attorney's Office

Background:

The City Attorney's office will advise the City Council about the potential settlement of a claim brought by a former employee. City Council has authority to approve a settlement of this matter pursuant to Section 6-384 of the Greeley Municipal Code. If Council concurs, a motion to adjourn into Executive Session is needed.

An executive session may be conducted to receive legal advice pursuant to C.R.S. 24-6-402 (4)(b) and Greeley Municipal Code 2.04.020(2), and to determine positions, develop strategy, and instruct negotiators pursuant to C.R.S. 24-6-402(4) (e)(1) and Greeley Municipal Code 2.04.020(a)(5).

Strategic Work Program Item or Applicable Council Priority and Goal:

Not applicable.

Recommended motion:

A motion to go into Executive Session for the purpose of receiving legal advice pursuant to C.R.S. 24-6-402 (4)(b) and Greeley Municipal Code 2.04.020(2), and to determine positions, develop strategy, and instruct negotiators pursuant to C.R.S. 24-6-402(4) (e)(1) and Greeley Municipal Code 2.04.020(a)(5).
