SPRINGFIELD MISSIONARY BAPTIST CHURCH IS REQUESTING CONDITIONAL USE APPROVAL TO CONSTRUCT A PAVILION ON 9.29 ACRES LOCATED AT 2050 BETHANY CHURCH ROAD (TAX PARCEL 054-053).

Senior Planner, Tara Cooner presented a conditional use request from Springfield Missionary Baptist Church to construct a pavilion. Cooner stated the church is proposing to build a 40 x 70 pole barn with bathrooms to use as a picnic shelter. They also intend to install a basketball court and a playground, but only the pavilion structure requires conditional use approval. The only concern expressed by Staff and the Planning Commission was related to a note on the plat which stated there were numerous unmarked graves on the site. The Planning Commission voted unanimously to recommend approval of the conditional use for a pavilion at 2050 Bethany Church Road.

H. BUDDY ROBINSON JR., ON BEHALF OF SOUTHERN LINC, IS REQUESTING CONDITIONAL USE APPROVAL FOR A TRANSMISSION TOWER ON 89.46 ACRES LOCATED AT 1771 CENTENNIAL ROAD (TAX PARCEL 020-066A).

Southern Linc is the wireless provider for Southern Company, which includes Georgia Power. They also provide wireless for other EMCs and state departments, such as DOT, GSP and DNR. The proposed tower meets the requirements of the zoning ordinance and the applicant submitted maps showing a coverage gap in the area. The Planning commission voted unanimously to recommend approval of the conditional use application for a telecommunications tower at 1771 Centennial Road.

H. BUDDY ROBINSON JR., ON BEHALF OF SOUTHERN LINC, IS REQUESTING A VARIANCE FROM CHAPTER 7.26 OF THE MORGAN COUNTY ZONING ORDINANCE RELATED TO TRANSMISSION TOWER HEIGHT FOR PROPERTY LOCATED AT 1771 CENTENNIAL ROAD (TAX PARCEL 020-066A).

Southern Linc is seeking an additional 50' of tower height for a total of 300' feet. The Zoning Ordinance allows a maximum height of 250'. Clay Brogdon spoke before the Planning Commission on behalf of

the applicant and quoted independent experts that provided analysis stating that the requested height was necessary for reliable wireless service. The Planning Commission questioned whether the additional height was to entice other providers to locate on the tower, thus providing lease income. Mr. Brogdon admitted that the additional height was indeed valuable real estate, but stressed the additional height was for Southern Linc service. He also offered that if the additional height was approved, Southern Linc would provide the top of the tower for a Morgan County antenna at no charge. The Planning Commission voted 6:1 to recommend approval of the variance request for an additional 50' of tower height at 1771 Centennial Road, for a total of 300', with the condition that Southern Linc must reserve the top position on the tower for the county, at no charge to the county, as offered by their representative.
