Mr. Soto stated this is a request to rezone 121.4± acres a portion of Planned Development-36 (PD-36), and a portion of Planned Development-63 (PD-63), to establish a new Planned Development. The purpose of rezoning is to establish a new zoning district, and to facilitate the development of a single-family detached residential subdivision. Mr. Soto provided lot size comparisons between PD-36 and PD-63. Staff received one letter of opposition and the Planning and Zoning Commission recommended by a 6-0 vote to approve the request subject to the conditions of limiting 8F Type lots to a maximum of 75, 9F Type lots to a maximum of 57, 10F Type lots to a maximum of 148, and increasing the maximum dwelling size to 1,800 square feet for all proposed lot types. Mr. Soto indicated the applicant has agreed to those conditions. Staff recommends approval of the request with the same conditions and with the addition of a Development Agreement including, but not limited to, architectural building materials.

Michael Hanschen, applicant, 445 Eagle Point, Van Alstyne, stated that in addition to the information provided by Mr. Soto, they have added in green space, connectivity to the trail system, and pocket parks.
