Commissioner Adams is attempting to meet with the individuals involved so that repairs can be made before the guarantee will expire. He explained the process to the Board.

**Commissioner Adams** reported that when a private contractor put up a fence in the Mill Creek subdivision there were problems. He then discussed the problems with this. (cuts in line couldn't be replaced) The Road District received a bill from Edwards Electric concerning this. The bill amounts to \$2,300.00. Attorney Peck will proceed with this in order to recover the amount of the bill from insurance and other avenues.

## 6. Unfinished Business

**Commissioner Adams** stated that he has not heard from the couple concerning the apron on their property.

There was a discussion of several different driveways which are being worked on in Palos Township. He noted that there seem to be more problems with homeowners than contractors.

**Commissioner Adams** explained that the Motor Fuel Tax money did not come to the Road District on July 1, 2015, as expected. It will likely be held up for three more months.
