Mayor White called the meeting to order and requested a roll call. Mayor White asked Ms. Lauren Trahan to lead those assembled in prayer. Mayor White asked Assistant Fire Chief Doris Langlinois to lead the assembly in the Pledge of Allegiance.

Mayor White asked if there were any comments from the public on any agenda item prior to action. There were none.

Ms. Nikki Vidos announced that the annual Cajun Christmas Celebration is scheduled for December 9, 2023. She discussed the various planned activities associated with the Celebration. There will also be a food court, vendors and a parade. Mr. Rob Roy also discussed the car show held in conjunction with the Celebration.

Ms. Kayla Link was recently appointed as the Economic Development Liaison with the Vermilion Economic Development Alliance. She was at the meeting to introduce herself and to discuss upcoming events that will be held in January 2024.

-01 introduced by Mr. Tony Hardy and seconded by Mr. Carlton Campbell to approve the budget to actual report for October 2023. The motion carried unanimously.

Mr. Joey Arceneaux had requested to be on the agenda to complain about the condition of his neighbor's property at 819 N. Shireview. Mr. Arceneaux stated that he moved here two years ago and has been complaining about the condition of the property for the last year and one-half. He has been in contact with Councilman Broussard about the situation. He distributed

pictures and has been working with Bryan Fisher. Mr. Arceneaux discussed his complaints in great detail and does not believe enough is being done. He also complained that the dog is not on a leash. Mayor White stated that we have a leash law and the dog has to be on a leash even in your yard unless you keep them in a fenced in area. Chief Hardy stated that the cars have been tagged. They have been moved since then but the cars that are there now are different. Mrs. Landry was at the meeting to represent her brother, Dale Lee who is the property owner. The tent that Mr. Arceneaux was speaking about was in her yard and as soon as she received the complaint, she picked up the tent. There are only three vehicles now and there is not trash all over the yard because it has been cleaned. Mr. Bryan Fisher stated that both parties are somewhat correct. He visited the property and spoke to the individual. He tagged some vehicles. He reinspected the property a few days later and the grass had been cut and some of the vehicles were gone. It looked as though he was repairing the vehicles that were there. He received another complaint again so he went out to inspect the property. The grass had been continued to be cut but there were a few additional infractions. There were tires at the road, a few vehicles and a couple of boat trailers. Mrs. Landry stated that the tires are to be picked up. Mayor White informed them that the Police Jury will not pick up tires. You have to take those directly to the dump. The limit is 5 per day and you have to show a pictured ID to prove that you are a resident of the parish. We will cite anyone found to be putting tires on the side of the road. Mr. Scott Landry stated that he is the brother-in-law of Dale Lee. His brother-in-law struggles both mentally, emotionally and physically every day. He gets things given to him from other people to repair and sell. They want to move forward with this issue. Mr. Landry will work with Councilman Broussard and will ask him to come out and visit with him so that he can tell us what looks right. Public nuisance is very subjective. We will work on it and address it on behalf of my brother-in-law. Councilman Broussard stated that he would go visit with the Landry's with Bryan to get the issue handled.

Mr. Rob Roy stated that he would like to have 3 cameras that would live stream through the City of Abbeville website. One camera would be on City Hall and the other two would be in the Square. The cost of the hardware is \$5,184.85 and Rotary would pay ½ of the expense. Rotary would ask the City to pay the \$75.00 per month hosting fee. The Rotary would also like the feed to be on their website too. Councilman Touchet asked about the City partnering on this venture. Bart stated that he would have to research it to see if it serves a public benefit. Councilman Touchet stated that the City could just take on this project ourselves. Mayor White stated that the Rotary could just make a donation to the City and it would be a City project. Bart would have to give his legal opinion. Ms. Lauren Trahan stated that a live stream is wide open. There is no way to edit it. Waivers may have to be completed.

-02 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to allow the live streaming for events downtown to be a City Project once Bart delivers his legal opinion and to move forward if appropriate. The motion carried unanimously.

912 S. Lyman – *Ms. Shartamia Williams appeared to represent the property for her mother and father. It is their intention to try to renovate the mobile home but her father is ill. Mr. Bryan Fisher stated that the mobile home is too far in disrepair to be repaired and contains a lot of bad areas. Ms. Williams stated that she will get with her parents and then advise Bryan. They will tear down the mobile home themselves.*

-03 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to condemn the structure at 912 S. Lyman and to allow the property owner to tear down the structure. If no progress is made, then the property will go out for bid for demolition. The motion carried unanimously.

-04 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to award the contract for the demolition of the structure located at 821 Alphonse to the low bidder, Lawnmasters, in the amount of \$6,800.00. The motion carried unanimously.

A resolution authorizing the Mayor to execute an intergovernmental agreement with local municipalities/governing bodies to provide reciprocal aid to each other in times of need.

The motion carried unanimously.

Mayor White stated that our current electrical provider contract will be expiring in May 2024. Our current provider, Constellation, offered a 45% increase. We did not feel that would be acceptable so we sought out request for proposals from other providers. Constellation did come back with an offer but it was still 19% higher than the current rates. Right now, LEPA is 9% higher and that is the best offer we have had. Other municipalities are in the same boat we are in. Councilman Touchet stated that the sweet deal is over. The product of a fixed rate is no longer offered. We can't have what we have had in the past. The rate will depend on the market rather than be fixed. We have no other choice. LEPA has provided the best deal. Councilman Broussard added that this is the best rate we can get at this time. Mayor White stated that if we take action tonight, then the LEPA board will meet in January 2024. -09 introduced by Mr. Carlton Campbell and seconded by Ms. Terry Broussard to authorize the Mayor to execute a contract in the amount of \$60,000.00 with CPEX for consulting services for the Abbeville Master Plan. The motion carried unanimously.

Mayor White provided a Complete Streets Demonstration update. This is recommended to make the people using the courthouse safer. It slows traffic down by design. It makes it safer for people who have to cross the street. Now that those streets are no longer state highways and are City streets, we are trying to figure out the design before we go to construction. This is something that we have never done before. She is aware that there have been some negative

comments and we have also had some very positive comments. Anyone can contact her office regarding the demonstration. We will have other times to come and give public comment before permanent design. The cones will stay up one month. We stripped the road where 80 to 90 percent of the vehicles can make the turn but they have to slow down to make them. Every day we go out and check the cones and where there are cones ran over multiple times, we adjust those. The goal at the end of the month is to know what the tightest radius is that we can have to slow the traffic down and still have the vehicles manipulate the turn. They have to hit their brakes to make the turn and that is the whole point. We also utilized reverse angle parking. Many people are adjusting to that. The reverse angle parking is the most recommended safety improvement for one-way streets in a high pedestrian area. Most people in the public say, "Do you know how dangerous it is to stop and back up into a spot"? Her response to that is, "When you go to parallel park, tell me what you do? You go up and back up and then have to maneuver several times to get into a parallel spot". With a 45-degree angle rear entry parking, you pass the spot up, put your blinker on and then back up at a 45-degree angle in one maneuver. When you are leaving the parking spot, you can see anyone that is crossing on foot or on a bicycle right in front of you. It makes it much safer for when you are pulling out into the road. It is a change and our community does not like change. If it is not the right thing, we will not fix it into the final product. There are a lot of people happy with how many parking spots we have next to the courthouse. There are a lot of people that are happy that they can park in those spots to get access to the courthouse. It will take some adjusting but it was done with research and merit and with the safety of our community in mind. These safety concepts have been tried in other communities. We will take all sides seriously. The demonstration was completely funded by a grant.

-10 introduced by Mr. Francis Touchet, Jr. and seconded by Ms. Terry Broussard to approve payment of partial payment number 2 in the amount of \$43,691.35 payable to Southern Constructors, LLC relative to the new fishing pier and wharf project at LaFitte Drive-In Park. The motion carried unanimously.

-16 introduced by Mr. Carlton Campbell and seconded by Mr. Tony Hardy to approve payment of partial payment estimate number 9 in the amount of \$19,522.50 payable to Shaw Construction Services, LLC relative to the FY 2021 LCDBG Sewer rehabilitation project. The motion carried unanimously.

He then explained the next steps that should be taken according to the City's ordinance.

-07 introduced by Mr. Carlton Campbell and seconded by Mr. Francis Touchet, Jr. to award the bid for the demolition of the structure located at 814 Solomon to the low bidder, Vermilion Shell & Limestone, at a cost of \$8,000.00. The motion carried unanimously.

-08 introduced by Mr. Brady Broussard, Jr. and seconded by Mr. Tony Hardy to authorize the Mayor to execute the audit engagement letter with Darnall, Sikes and Frederick for the audit services for fiscal year ended December 31, 2023. The motion carried unanimously.

-09 introduced by Mr. Carlton Campbell and seconded by Ms. Terry Broussard to authorize the Mayor to execute the Agreed Upon Procedures Audit engagement letter for the fiscal year ended December 31, 2023. The motion carried unanimously.

Mayor White explained that there will be no action needed for the Class B liquor permit for Smoke N Go #405 located at 201 S. State Street because the ordinance was changed. All future liquor license permits will not come before the City Council due to the new administrative permitting approval process in the ordinance.

-10 introduced by Ms. Terry Broussard and seconded by Mr. Tony Hardy to approve payment of estimate for partial payment number 3 in the amount of \$119,143.23 payable to Southern Constructors, LLC relative to the LCDBG-LLOP new fishing pier and wharf project at LaFitte Drive-In Park. The motion carried unanimously.

Hardy/B. Broussard
Resolution R24-01

A resolution pertaining to the Municipal Water Pollution Prevention Environmental Audit Report (January 2022 through December 2022).

The motion carried unanimously.

-11 introduced by Ms. Terry Broussard and seconded by Mr. Brady Broussard, Jr. to approve the quote from Echo Powerline in the amount of \$68,000 for labor and approximately \$12,000(purchased by the City separately from another vendor) for materials for an interconnect line to allow load shift in summer months. The motion carried unanimously.

-12 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to approve the quote from Altec in the amount of \$8,613.06 for the repair of Unit 493, the pole truck in the Electrical Department. The motion carried unanimously.

-13 introduced by Mr. Brady Broussard, Jr. and seconded by Mr. Tony Hardy to authorize the Mayor to execute the master agreement for engineering and associated services for C. H. Fenstermaker Associates, LLC to prepare the MS4 permit and to provide other services as needed. The motion carried unanimously.

-14 introduced by Mr. Tony Hardy and seconded by Mr. Brady Broussard, Jr. to authorize repairs to the Cypress Lift Station by Griner Drilling and Luke Deshotel Construction. The motion carried unanimously.

A discussion began regarding the installation of a gravity sewer line extension at an estimated cost of \$152,000.00 and future upgrades to the Ollie Sewer Lift Station at an estimate cost of \$175,000.00 to accommodate Phase I of the new Dovetail Subdivision off of Wildcat Drive. Councilman Touchet stated that the electrical extension was approved at a previous meeting so we should approve both of these so the developer can begin the subdivision. At completion the subdivision will contain over 100 houses. The sewer gravity line is on the right-of-way and we will need to upgrade that to serve the subdivision. We will also need to upgrade the sewer lift station at some point. We would do this for anyone else. The area does not flood. If we don't approve this, the developer will go elsewhere. We will get the road dedicated to us once the subdivision is completed. This subdivision will accommodate those getting jobs at the new solar facility in New Iberia. Councilman Broussard asked the number of homes that will be built in the subdivision. There will be 118 homes in total and Phase I will be 65 homes on the Abbeville High School side. Mayor White stated that after the electrical work was approved, we realized that Ollie Lift Station can only handle about 30 more homes. We also didn't know we would have to install a gravity sewer line either. We did apply for LCDBG funding for this upgrade and others but we are not sure we will receive that. We won't know about the award of that until next year. In the future we need to look for all needed upgrades when a developer approaches to develop a property so that we know all expenses upfront.

-15 introduced by Mr. Tony Hardy and seconded by Mr. Francis Touchet, Jr. to agree to install a sewer gravity line extension at an approximate cost of \$152,000.00 and future upgrades to the Ollie Sewer Lift Station at an estimated cost of \$175,000.00 to accommodate Phase I of the new Dovetail Subdivision off of Wildcat Drive. The motion was put to a vote and the vote thereon was as follows:

YEAS: 4(Campbell, B. Broussard, Touchet, Hardy)
NAYS: 1(T. Broussard)
ABSENT: 0
ABSTAIN: 0

Therefore, the motion carried.

-16 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to authorize the Mayor to execute a Cooperative Endeavor Agreement between the City of Abbeville and Noel Land Investments, LLC regarding utility installations for Dovetail Subdivision. The motion was put to a vote and the vote thereon was as follows:

YEAS: 4(Campbell, B. Broussard, Touchet, Hardy)
NAYS: 1(T. Broussard)
ABSENT: 0
ABSTAIN: 0

Therefore, the motion carried.

Mayor White thanked all involved in helping with the recent freeze and the staffing of the warming center.

Mike Hardy, Police Chief

- *Distributed the 2023 stats of calls responded to.*
- *Councilman Touchet asked about the compliance of Stonebridge with the cameras and security. Chief Hardy stated that they are still not in compliance. Bart stated that he would contact their attorney again. The opinion of Stonebridge's attorney is that they are grandfathered in. You cannot retroactively govern. Bart stated that one year ago, he was told in an email that they had the required cameras and there was someone on security duty. Chief Hardy stated that was not the case. Bart stated that he was not informed that they were not in compliance. There is obviously a communication disconnect.*

-17 introduced by Mr. Carlton Campbell and seconded by Ms. Terry Broussard to enter into executive session to discuss pending litigation pertaining to the Abbeville Police Department employees regarding pay increases. The motion carried unanimously.

-18 introduced by Mr. Brady Broussard, Jr. and seconded by Mr. Francis Touchet, Jr. to reconvene the regular meeting from executive session. The motion carried unanimously.

Mayor White explained that the executive session was held to discuss pending litigation filed by some Abbeville Police Department employees regarding their pay. Mr. Bart Broussard stated that no action is needed at this time.

There being no further business to discuss, Mayor White declared this meeting adjourned.

Mayor White called the meeting to order and requested a roll call. Mayor White led those assembled in prayer. Mayor White asked Councilman Brady Broussard, Jr. to lead the assembly in the Pledge of Allegiance.

Mayor White asked if there were any comments from the public on any agenda item prior to action. There were none.

Mayor White explained that she will table item number one under personnel until the next meeting.

-01 introduced by Mr. Tony Hardy and seconded by Ms. Terry Broussard to ratify bills paid in the month of November 2023. The motion carried unanimously.

-02 introduced by Mr. Francis Touchet, Jr. and seconded by Mr. Tony Hardy to accept the recommendation of the Municipal Employees Civil Service Board to amend the sick leave and leave without pay policies. The motion carried unanimously.

Mayor White explained that Ali Miller requested that the City contribute to the pay for a part-time employee to help at the Cultural Center because Cristian cannot always be there because she is needed for projects at City Hall. Cristian stated that when she does have to leave and no one else is at the Center, she leaves a note on the door with her cellphone number. Anyone needing access to the facility can call her and she can go and meet them. Mayor White wanted to know if the Council wanted the budget adjusted for this request. The City of Abbeville is the only municipality in the parish contributing and paying expenses for the Center. Ali stated that she will also reach out to other municipalities to ask them to contribute. The Council did not

move so the Mayor stated that we will pull Cristian as needed and she can leave a note on the door as she currently does.

-03 introduced by Mr. Brady Broussard, Jr. and seconded by Ms. Terry Broussard to table any action pertaining to the request by the tourist director at the Abbeville Cultural & Historical Alliance Center for the City to contribute to the pay of a part-time worker at the Cultural Center. The motion carried unanimously.

Touchet/B. Broussard

-04 introduced by Mr. Carlton Campbell and seconded by Ms. Terry Broussard to award the contract for the demolition of the structure at 803 South Guegnon to the low bidder, HIDCO, in the amount of \$15,151.00. The motion carried unanimously.

Chief Hardy wanted the Council to increase his 2024 budget by \$15,000.00 for the care and equipment for the K-9. Councilman Touchet asked Mayor White what is his current budget for 2023 and 2024. Mayor White stated \$3,660,000.00 for 2023 and \$3,755,000.00 for 2024. Councilman Touchet asked if all the money had been spent from this year's budget. Chief Hardy said it had not. Councilman Touchet suggested that Chief Hardy find \$10,000 already in the 2023 budget to modify the unit for the K-9 and then find \$5,000 in next year's budget for the other expenses. They will not increase his budget because the funds he already has should be adequate.

-05 introduced by Mr. Francis Touchet, Jr. and seconded by Ms. Terry Broussard to authorize Chief Hardy to expend \$10,000.00 to modify the Police Unit for the K-9 with funds he already has left in the 2023 budget. The motion carried unanimously.

-06 introduced by Mr. Brady Broussard, Jr. and seconded by Mr. Carlton Campbell to authorize the Mayor to execute the agreement for application of treated sewage sludge for beneficial agricultural use between the City of Abbeville and Scott LeMaire and Tammy LeMaire Gaspard. The motion carried unanimously.

-07 introduced by Mr. Tony Hardy and seconded by Mr. Brady Broussard, Jr. to award the contract for the subsurface geotechnical investigations at the Abbeville Water Treatment Plant to the low bidder, Raba Kistner from Lafayette, Louisiana, in the amount of \$9,000.00. The motion carried unanimously.

-08 introduced by Mr. Carlton Campbell and seconded by Mr. Francis Touchet, Jr. to authorize the acquisition of two dump trucks in 2024, one for the wastewater department and one for the street department, by either direct purchase or by lease. The motion carried unanimously.

**LOUISIANA COMPLIANCE QUESTIONNAIRE
(For Audit Engagements of Governments)**

Dear Chief Executive Officer:

Attached is the Louisiana Compliance Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of a financial audit of Louisiana state and local government agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting. Independently elected officials should sign the document, in lieu of such a resolution.

The completed and signed questionnaire and a copy of the adoption instrument, if appropriate, **must be given to the auditor at the beginning of the audit.** The auditor will, during the course of his/her regular audit, test the accuracy of the responses in the questionnaire. It is not necessary to return the questionnaire to the Legislative Auditor's office.

Certain portions of the questionnaire may not be applicable to your organization. In such cases, it is appropriate to mark the representation "not applicable." However, you must respond to each applicable representation. A 'yes' answer indicates that you have complied with the applicable law or regulation. A 'no' answer to any representation indicates a possible violation of law or regulation and, as such, should be fully explained. These matters will be reviewed by the auditor during the course of his/her audit. Please feel free to attach a further explanation of any representation.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Daryl G. Purpera, CPA, CFE
Louisiana Legislative Auditor

A. Local Budget Act

1. We have adopted a budget for the general fund and all special revenue funds (R.S. 39:1305).
2. The chief executive officer, or equivalent, has prepared a proposed budget that included a budget message, a proposed budget for the general fund and each special revenue fund, and a budget adoption instrument that specified the chief executive's authority to make budgetary amendments without approval of the governing authority. Furthermore, the proposed expenditures did not exceed estimated funds to be available during the period (R.S. 39:1305).
3. The proposed budget was submitted to the governing authority and made available for public inspection at least 15 days prior to the beginning of the budget year (R.S. 39:1306).

9. The governing authority has amended its budget when notified, as provided by R.S. 39:1311. (Note, general and special revenue fund budgets should be amended, regardless of the amount of expenditures in the fund, when actual receipts plus projected revenue collections for the year fail to meet budgeted revenues by five percent or more; or when actual expenditures plus projected expenditures to year end exceed budgeted expenditures by five percent or more. State law exempts from the amendment requirements special revenue funds with anticipated expenditures of \$500,000 or less, and exempts special revenue funds whose revenues are expenditure-driven - primarily federal funds-from the requirement to amend revenues.)
