SET FINAL MILLAGE & BUDGET FOR FISCAL YEAR 2014-2015

Mayor Kilsheimer welcomed everyone and said Edward Bass, Finance Director, would start with a presentation.

Mr. Bass gave a presentation on the 2014-2015 Annual Operating and Capital Budget. He advised this was the final budget hearing to adopt the millage rate and the budget. He went over the highlights of the budget advising the millage rate is set at 3.2876, which is a 0% increase over the rolled back rate of 3.2876. There are no increases in utility rates. One new position has been added to the budget and all personnel costs are limited to merit based increases only. He reported they have worked on the Health Insurance and the increase has been brought down to a 6.3% increase. He affirmed the total capital outlay is \$8,920,540 and gave an overview of the priorities. He provided an overview of the revenues and pointed out there is approximately a 3.1% property tax increase which is related to new construction, annexation, and things of that nature. He pointed out that the non-operating revenues are up from the tentative meeting as they discussed financing vehicles at the tentative meeting. He reviewed the expenses and the utility revenues. He advised the budget is balanced at the rolled back millage rate. The budget this year is \$69,536,670, representing an increase of approximately 4.5% over the prior year. He pointed out that the City of Apopka rates are the lowest of any full service city in Orange County.

Mr. Bass advised the City of Apopka recently received its 8th consecutive Budget Award Certificate which is the highest recognition that can be received in governmental budgeting.

In response to an inquiry by Commissioner Dean with regards to the new position, Mr. Bass advised it is in the Mayor's office for the Mayor's Executive Assistant.

Commissioner Dean said there has been much lobbying for summer jobs for the youth, however he did not see anything in the budget for these jobs.

Mayor Kilsheimer said this point has been made. H said city staff went forward with the budget plan based on the idea of going with the rolled back rate, which limits the ability to put on another program. However, he said moving into 2015, with the strategic visioning process, he would like to start holding a series of strategic budget priority meetings to discuss such things as the summer job program and other items of interest to the citizens.

Discussion ensued with regards to merit and performance increases, and the fairness within how they are conducted.

Mayor Kilsheimer advised he plans on having a strategic master plan for recreation performed in order to maximize our opportunities.
