ORDINANCE NO. 2637

AN ORDINANCE OF THE CITY OF APOPKA, FLORIDA, CHANGING THE ZONING FROM PUD(PLANNED UNIT DEVELOPMENT), MIXED-EC (MIXED EMPLOYMENT CENTER), AND I-1 (RESTRICTED INDUSTRIAL) TO PLANNED UNIT DEVELOPMENT/RESIDENTIAL (PUD) FOR CERTAIN REAL PROPERTY GENERALLY LOCATED

Mayor Kilsheimer opened the meeting to a public hearing. No one wishing to speak, he closed the public hearing.

David Moon, Planning Manager, said this was the second reading of the ordinance. He advised City Council established four additional conditions placed on the Lake Marshal PUD Master Plan and these were included in the agenda packet. He reviewed the conditions as follows:

1. The use of the watercraft shall be permitted only by the owners and occupants of direct lakefront lots.
2. If any boat launch area is located within the common area, it shall be restricted by a separate locking gate that only lakefront owners will have access and only lakefront owners may use such access.
3. The retaining wall shall be acceptable as permitted per the master site plan PDP.
4. The emergency access easement to be granted by Breckenridge HOA will be permitted only to the use of the City for emergency access and shall revert back to the property owners on either side of the access point should it ever cease to be used for emergency access.

Mr. Moon advised these four conditions are incorporated into the ordinance being considered for second reading and adoption.

In response to Commissioner's Bankson inquiring about the dock, Matt Young, applicant, advised there would be railing on the dock and they can place signage at the entry of the dock.

Mayor Kilsheimer opened the meeting to a public hearing.

Nina Rowe said knowing only 17 homes will have access to the lake, will the applicant make that part of the HOA documents.

Matt Young, applicant, responded in the affirmative.

Michael Rowe said he, his neighbor and one other person were encroaching and utilizing property for their own personal benefit and there were agreements for them to purchase it from the developer. He inquired if there could be protections in the PUD for them when this sale happens.

City Attorney Brackins said that would be an agreement between private parties and has no applicability here. Mayor Kilsheimer added that this being a private agreement, it is not the city's role to intervene.

Mr. Rowe inquired if there was a way the city could have ownership of that property.

City Attorney Brackins said the sell is already in process and the closing scheduled. Mr. Hitt advised the property was bid as a total and not sectioned off.

Commissioner Bankson said he was glad there was an agreement that could be worked out for both parties and encouraged the developer to move ahead in good will.

Carrie Wierciocn said her property was purchased from the Faircloths' and expressed concern regarding the location of her well and septic.

Luke Classon said the property was surveyed and the driveway and fence line do extend to the northeast corner, but the well and septic is on her property and not on the city owned property. He advised these were added to a separate tract and designed and parceled out as separate tracts. At the time the developer purchases the land from the city, they can agree to sell the area the driveway encroaches to them.

Theresa Grubbs expressed concerns regarding the dock and the park and the regulation of noise levels and the number of people allowed in these areas. She stated the noise level of people in boats on the lake is very loud and she can hear them inside her home.

Commissioner Bankson said there should be a capacity posted for the dock as part of the signage.

In response to Mr. Rowe inquiring if the signage would be City or HOA, City Attorney Brackins advised it would be HOA, and can be enforced through the developer agreement.

No one else wishing to speak, Mayor Kilsheimer closed the public hearing.

MOTION by Commissioner Velazquez, and seconded by Commissioner Bankson, to adopt Ordinance No. 2637, subject to the four conditions as specified. Motion carried unanimously with Mayor Kilsheimer, and Commissioners Dean, Velazquez, Becker, and Bankson voting aye.
