ADJOURNMENT

 All interested parties may appear and be heard with respect to this agenda. Please be advised that, under state law, if you decide to appeal any decision made by the City Council with respect to any matter considered at this meeting or hearing, you will need a record of the proceedings, and that, for such purpose, you may need to ensure that a verbatim record of the proceedings is made, which record includes a testimony and evidence upon which the appeal is to be based. The City of Apopka does not provide a verbatim record.

In accordance with the American with Disabilities Act (ADA), persons with disabilities needing a special accommodation to participate in any of these proceedings should contact the City Clerk's Office at 120 East Main Street, Apopka, FL 32703, telephone (407) 703-1704, no less than 48 hours prior to the proceeding.

EXHIBITS: 2014-2015 Annual Budget

SUBJECT: RESOLUTION NO. 2014-14 - SETTING THE MILLAGE LEVY FOR THE FISCAL YEAR 2014-2015 AT 3.2876 MILLS

Request: ADOPT RESOLUTION NO. 2014-14

SUMMARY:

On September 3, 2014, the City Council adopted a tentative millage rate of 3.2876 for Fiscal Year (FY) 2014-2015, and on September 12, 2014 and September 14, 2014, the proposed millage rate and budget were published in the Apopka Chief and Orlando Sentinel, respectively.

In accordance with the Truth in Millage (TRIM) statutory requirements, the City must adopt a millage rate prior to adopting the annual budget. The recommended millage rate is 3.2876 mills, which is a 0.00% increase over the rolled back rate of 3.2876.

A millage rate of 3.2876 generates approximately \$7,140,401 in property tax revenues for the upcoming fiscal year 2014-2015, which represents approximately 18% of the total general fund budget.

RESOLUTION NO. 2014-14

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, SETTING THE MILLAGE LEVY FOR FISCAL YEAR 2014-2015.

WHEREAS, the Property Appraiser has forwarded to the City, Form DR-420 upon which is shown the total value for all property within the City of Apopka, Florida, as determined by the Property Appraiser; and

WHEREAS, the current year gross taxable value of property within the City of Apopka is \$2,171,919,117, which includes \$67,933,361 for new construction, annexations, and deletions; and

WHEREAS, with the figures provided by the Property Appraiser, the rolled back millage rate has been computed at 3.2876, representing that amount which will provide the same revenue to the City as was received by the City for the 2013-2014 budget year; and

WHEREAS, the City Council has studied the revenue needs set for the fiscal year 2014-2015, and determined that the amount needed from ad valorem tax revenue is \$7,140,401 which can be provided with a millage rate of 3.2876, a 0.00% increase in millage over the rolled back rate.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Apopka, Florida, that the millage rate for the 2014-2015 fiscal year be set at 3.2876 (3.2876 per \$1,000 of assessed value) and that the Property Appraiser and the Florida Department of Revenue be notified of said millage rate for the purpose of extending and approving the tax roll.

PASSED AND ADOPTED this 19th day of September, 2014, by the City Council of the City of Apopka, Florida.

Joseph E. Kilsheimer, Mayor
City of Apopka, Florida

SUBJECT: RESOLUTION NO. 2014-15 - ADOPTING THE ANNUAL BUDGET FOR FISCAL YEAR 2014-2015

Request: ADOPT RESOLUTION NO. 2014-15

SUMMARY:

On September 3, 2014, the City Council adopted a tentative annual budget for fiscal year (FY) 2014-2015, and on September 12, 2014 and September 14, 2014 the proposed FY 2014-2015 annual budget summary was published in the Apopka Chief and Orlando Sentinel, respectively.

In accordance with the Truth in Millage (TRIM) statutory requirements, the City must adopt an annual budget prior to the beginning of each fiscal year. The total proposed budget for all funds is balanced at \$69,536,670. This represents an increase of \$3,039,050 or 4.57% from the FY 2013-2014 budget.

RESOLUTION NO. 2014-15

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING THE ANNUAL BUDGET FOR THE GENERAL FUND, SPECIAL REVENUE FUNDS, AND ENTERPRISE FUNDS FOR FISCAL YEAR 2014-2015.

WHEREAS, on October 1, 2014, the City of Apopka will start a new budget for fiscal year 2014-2015; and

WHEREAS, the City Council of the City of Apopka wishes to adopt a final budget for that fiscal year, and on September 3, 2014, at a legally called public hearing, the City Council did adopt a tentative 2014-2015 budget; and

WHEREAS, the City Council has set the tax millage rate of 3.2876, which is a 0.00% increase in millage from the rolled back rate; and

WHEREAS, the City Council made a study of the need for expenditures in each of the City Departments and determined that this will be \$69,536,670 for all funds and, in the same study, the City Council determined that the expected income will be a like amount.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Apopka hereby adopts a final budget for fiscal year 2014-2015, attached as Exhibit "A."

PASSED AND ADOPTED this 19th day of September, 2014, by the City Council of the City of Apopka, Florida.

The City of Apopka, Florida is located in Northwest Orange County within the Orlando Metropolitan Area.

City Profile

The City of Apopka is located twelve miles from Orlando in north-west Orange County. Apopka was first settled in the 1840's and derived its name from the great lake, which lies four miles to the southwest. The lake, in turn, was named after a tribe of Indians known as Apopkans. The name "Apopka," when translated means Big Potato, Potato Eating Place, or Potato Eating People.

In the early years, Apopka was simply known as "The Lodge," for the Masonic Lodge that was built in 1859. Standing on its original site at 453 East Main Street, the Masonic Lodge is the oldest lodge in continuous use in the State of Florida.

"The Lodge", Early 1900's'

All Photos Courtesy of Apopka Historical Society

In 1882, the citizens adopted a charter and the city limits were measured one mile in all directions from the Lodge.

In 1912, the commercial growing of ferns was introduced. It became one of the largest industries in the Apopka area, and soon Apopka developed the name "The Fern City." As the industry further expanded and diversified to include numerous varieties of tropical plants, Apopka became known as "The Indoor Foliage Capital of the World."

City Hall, Circa 1915

In 1965, the City purchased the old Apopka High School site for a new city complex. The main building was remodeled into a Georgian Colonial style City Hall. In 1987, further renovations added an atrium with an elevator, a new City Council Chamber, and administrative offices.

...And Now

Apopka is now the second largest city in Orange County, with a population of 45,669 residents, a land area of 33.46 square miles, and two hometown newspapers: *The Apopka Chief* and *The Planter*. From its agricultural roots, the community has emerged as a widely diverse business center, with businesses ranging from laser technology to electronic components for wireless communications. Numerous builders and developers are in the process of developing lots for future commercial and residential use.

Yet, in the midst of rapid growth and development, Apopka has remained a good steward of the environment. Just three miles east of town is the Wekiwa Springs State Park, and six miles to the north is Rock Springs (Kelly Park). These combined parks total approximately 40,000 acres of unspoiled natural surroundings, with over 85 million gallons of clear spring water flowing daily.

The City operates under a Mayor-Council form of government consisting of a five member City Council. The City Council is responsible for establishing policy, passing ordinances and resolutions, adopting the budget, appointing committees, among other duties. The Mayor is responsible for overseeing the day-to-day operations of the government. The City Council is elected on a non-partisan basis. City Council members serve four-year staggered terms, with two council members elected every two years. The mayor is elected to serve a four year term.

P.O. BOX 1229 • APOPKA, FLORIDA 32704-1229
PHONE (407) 703-1700

September 19, 2014

To the Honorable Mayor, Members of the City Council,
and Citizens of the City of Apopka, Florida:

The City Administrator and the Finance Department are pleased to present the proposed annual operating and capital budget for the City of Apopka, Florida for the fiscal year October 1, 2014 through September 30, 2015 (FY 15). The proposed budget was prepared in accordance with generally accepted accounting principles and all applicable City, State, and Federal requirements. We believe this budget will successfully meet the challenges before us and set the stage for our continued success.

The budget document is a financial plan, intended to articulate the goals and objectives set forth by the City Council. We are proud of the efforts by staff to formulate a document that demonstrates the financial health of our community and that will serve as a meaningful and useful tool to monitor the progress of our future course.

Introduction

The City of Apopka operates under the mayor-council form of government. Policy-making and legislative authority are vested in a city council consisting of a mayor and four city commissioners. The City Council is responsible for establishing policy, passing ordinances and resolutions, adopting the budget, and other policy. The Mayor is responsible for carrying out the policies established by the City Council, and overseeing the day-to-day operations of the City. The City Council is elected on a non-partisan basis, and members serve four-year staggered terms, with two commissioners elected every two years. The Mayor is also elected to serve a four-year term.

The City provides a full range of services, including police and fire protection; construction and maintenance of streets, sidewalks and other infrastructure; engineering; planning and community development; code enforcement; recreational programs and cultural events; and administration and support services. In addition, the City operates enterprise funds for water, wastewater, reclaimed water and sanitation services.

Budget Presentation

The annual operating and capital budget is presented in four sections: Introductory, Budget Detail, Capital Improvement Program, and Supplementary Information. The Introductory section includes a city profile, this budget message, a listing of the City's principal officials, the City's organizational chart, and a citywide budget summary. The Budget Detail section includes a summary and corresponding line item detail for the general, special revenue, and enterprise funds. The Capital Improvement Program section includes the major capital improvements planned over the next five-year period. Finally, the Supplementary Information section includes the City's authorized positions, pay classifications, and other helpful information.

Budget in Brief

The proposed FY 2015 budget totals \$69,536,670 for all funds. This represents an increase of \$3,039,050 or 4.6% from the 2014 budget. The FY 2015 budget is balanced, prudent, and responsive to the community.

Budget Highlights

Significant factors included in the proposed budget include:

- a millage rate of \$3.2876 per \$1,000 of assessed value
- no increase in utility rates
- one new position in workforce
- personnel costs limited to merit based increases
- \$8,920,540 in total capital outlay. The proposed budget includes expenditures of \$1,250,000 in road improvements, \$5,076,220 in utility improvements, and \$2,594,320 for general capital improvements.

Budget Priorities

The FY 2015 budget includes a number of maintenance and growth related projects and enhancements to customer service to include, but are not limited to, the following:

- Fire rescue truck
- Ten new police vehicles
- Ambulance
- CNG vehicles
- Stormwater drainage upgrades
- Splash pad
- Water, reclaimed water and wastewater line upgrades
- Street lights – Rock Springs Road
- New sidewalks
- Street resurfacing
- Brick road repairs
- Redevelopment strategic planning

Budget Overview

The following costs represent common costs shared among all funds:

Personnel - The proposed budget reflects one new personnel position for FY 2015. The FY15 budget does not reflect any cost of living adjustments. All increases in personnel costs are based on performance. There is funding available for the employee recognition program. Keeping our good employees competitive with salaries, benefits and technology is just as important as ever while we truly do more with less.

Insurance Costs - Insurance costs remain a significant factor in the budget. Staff continues to search for the best coverage at the minimum cost.

The proposed budget includes slight increases in general property, liability and worker's compensation insurance premiums. The City's health insurance coverage for FY 2015 reflects an increase of approximately 6.3% with Blue Cross and Blue Shield of Florida. In an effort to provide long-term future savings in healthcare costs, the City elected to go self-insured during FY 2013, and as a result have seen only a slight increase in healthcare costs. A portion of this increase is due to the mandates of the Affordable Care Act. The City continues to look at new ways to provide healthcare at more affordable rates. Finally, life insurance coverage will be renewed at the same rate as FY 2014.

Investments - Overall investment earnings are projected to decrease from FY 2014. While liquidity and preservation of principle remain the primary focus of the City's investments, we continue to look at alternative means to increase the City's return on investments within the current investment policy.

Individual Fund Overview

The City prepares budgets for governmental and enterprise funds. The following section provides a brief overview of each fund.

Governmental Funds

General Fund - The proposed FY 2015 general fund budget is balanced at \$38,272,550, an increase of 7.58% over the FY 2014 budget. Projected general fund revenue in FY 2015 reflects an increase of \$2,695,330 over FY 2014.

The general fund property tax revenues reflect an increase of approximately \$209,900 or 3.1% over the preceding year. The FY 2015 proposed property tax millage rate of \$3.2876, reflects a 0.00% increase over the rolled-back rate of \$3.2876. The rolled-back rate represents the rate that would produce the same amount of property tax revenue as the prior year. Overall, the assessed value of all property located within the corporate limits of the City is estimated at \$2.17 billion by the end of FY 2015, an increase of 8.9% over the revised estimate for FY 2014. The City estimates that the majority of the property tax revenue increase is attributable to the increase in new construction.

Intergovernmental revenues are budgeted to increase by \$766,700 or 9.6% over the FY 2014 budget, with fines and forfeitures down by approximately \$272,320. The increase in intergovernmental revenues is attributed to an increase in state revenue sharing and sales tax dollars. These revenue estimates are provided by the State of Florida. Fines and forfeitures are down due to a reduction in traffic light detection device infractions.

The significant items included in this year's general fund are capital enhancements needed to continue the current level of service provided to our residents. While not intended to be an all-inclusive list of the additional projects and services that have been funded, the general fund budget includes funding for the following service enhancements: fire rescue truck, ten new police vehicles, ambulance, various public safety equipment, and computer upgrades.

Streets Improvement Fund - The proposed FY 2015 streets improvement fund budget is balanced at \$3,353,190 an increase of 18.3% over the FY 2014 budget. State statutes require a percentage of revenue sharing dollars be used for street improvements. This year, that amount is estimated to be \$421,800. The City will continue the successful Department of Corrections inmate program through this fund, as well.

Transportation Impact Fee Fund - The proposed FY 2015 transportation impact fee fund budget is balanced at \$1,336,875, a decrease of 22.2% over the FY 2014 budget. The major decrease in this fund is related to the completion of the Lester Road improvements.

Recreation Impact Fee Fund - The proposed FY 2015 recreation impact fee fund is balanced at \$266,215, an increase of 342.9% over the FY 2014 budget. The increase in this fund is due to funding for a splash pad.

Stormwater Fund - The proposed FY 2015 stormwater fund is balanced at \$610,505, an increase of 1.5% over the FY 2014 budget. There is no change to the stormwater rates in FY 2015. The most significant expense for this fund reflects \$350,000 allocated for city wide drainage improvements.

Community Redevelopment Fund - The proposed FY 2015 community redevelopment fund budget is balanced at \$228,040, an increase of 2.9% over the FY 2014 budget.

Overall, the assessed value of all Apopka properties in the community development district is estimated at \$81.3 million by the end of FY 2015, an increase of .5% from the revised estimate for FY 2014. The expenditures planned for this fund will be committed under the direction of the Community Redevelopment Agency.

Cimarron Hills Special Assessment Fund - The proposed FY 2015 Cimarron Hills special assessment fund is balanced at \$18,000. This fund is new for FY 2015. Revenues reflect non-ad valorem assessments for the Cimarron Hills property owners for maintenance and improvements specific to common properties and facilities within the subdivision.

Mainline Village Special Assessment Fund - The proposed FY 2015 Mainline Village special assessment fund is balanced at \$26,400. This fund is new for FY 2015. Revenues reflect non-ad valorem assessments for the Mainline Village property owners for maintenance and improvements specific to common properties and facilities within the subdivision.

Maine Avenue Villas Special Assessment Fund - The proposed FY 2015 Main Avenue Villas special assessment fund is balanced at \$22,540. This fund is new for FY 2015. Revenues reflect non-ad valorem assessments for the Maine Avenue Villas property owners for maintenance and improvements specific to common properties and facilities within the subdivision.

Enterprise Funds

Utility Operating Fund - The proposed FY 2015 utility operating fund budget is balanced at \$15,588,930, an increase of 4.6% over the FY 2014 budget. The major reason for this increase in revenue is reflective of a slight increase in economic activity.

The new expenditure items included in this year's utility operating fund are primarily operating and capital improvements related to the continued growth of the City. While not an all-inclusive list of the additional projects and services that have been funded, the items below represent the most significant items in the 2015 budget:

- Water, reclaim water and wastewater line upgrades
- New utility maintenance vehicles
- Utility software upgrades
- High service pump replacement at Grossenbacher Water Plant
- Two pumps for the wastewater treatment plant

Utility Impact Fee Fund - The proposed FY 2015 utility impact fee fund budget is balanced at \$5,652,180, a decrease of 12.8% over the FY 2014 budget. The utility impact fee fund budget provides funding for infrastructure needs in water, wastewater, and reclaimed water projects totaling approximately \$4,452,200. The City's Capital Improvement Program provides a brief explanation of the specific projects funded through utility impact fees. In addition, there is approximately \$1.1 million in debt service related to the 2012 Utility System Refunding Revenue Bonds.

Sanitation Fund - The proposed FY 2015 sanitation fund budget is balanced at \$4,161,245, an increase of 1.4% over the FY 2014 budget. This increase is reflective of a slight increase in economic activity. During FY 2014 the City financed four new compressed natural gas (CNG) sanitation trucks.

Capital Improvement Program

The City operates a Capital Improvement Program (CIP) to ensure adequate public facilities are in place as the City continues to grow. The overall CIP, with its five-year timeframe, includes approximately \$83.7 million in capital and infrastructure needs. Some of the major infrastructure projects include: expansion of the wastewater treatment plant, several new reclaimed water lines, a new fire station, road improvements, and drainage upgrades.

All capital projects are funded based on need and availability of funds. Therefore, it continues to be the policy of the City that any project funded in one budget year is carried into future year budgets until the project is complete or until the City Council reallocates the funds.

Distinguished Budget Presentation Award

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Apopka this year for its annual budget for the fiscal year beginning October 1, 2013. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communications device.

This award is valid for a period of one year only. Fiscal year 2014 marks the eighth consecutive time the City of Apopka received this award. We believe our current budget continues to conform to program requirements, and intend to submit it to the GFOA in pursuit of another award.

Conclusion

Last year we discussed the need to remain focused in order to achieve future success. We focused on what we could afford to do to maintain our quality of life during the most troubling economic situation in decades. During the year we invested time and resources into expanding our economic development efforts, sustainability initiatives, planning for the future and keeping our community safe. Although economic indicators point to a recovery, history shows it could be a slow recovery process. This year we should continue to focus on economic development, sustainability and keeping our community safe as these proactive measures will position us to recover faster and ensure our future success.

Despite the challenges presented by the Florida Legislature and the slowdown of the economy, we believe this budget is a prudent and responsible financial plan that funds the top priorities of the City Council and provides adequate funding to maintain our services and infrastructure. We believe you find this information useful in developing an understanding of the financial plan of the City of Apopka. As we strive to better serve our residents, we look forward to working with the

City Council and the public to continue to build a strong financial base and to continue to make Apopka one of the finest communities in which to live, work and play.

Acknowledgements

The preparation of this budget on a timely basis could not have been accomplished without the efficient and dedicated services of the Finance Department. We would like to express our appreciation to all members of the Department who assisted and contributed to its preparation. Also, appreciation is expressed to all employees throughout the City, particularly those employees who were instrumental in the successful completion of this annual operating and capital budget.

We would like to especially thank the Mayor and Commissioners for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Richard D. Anderson
City Administrator

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Apopka
Florida**

For the Fiscal Year Beginning

October 1, 2013

A handwritten signature in black ink, appearing to read 'Jeffrey R. Enow'.

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Apopka this year for its annual budget for the fiscal year beginning October 1, 2013. In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communications device.

This award is valid for a period of one year only. Fiscal Year 2014 marked the eighth consecutive year that the City of Apopka received this award. We believe our current budget continues to conform to program requirements, and intend to submit it to the GFOA in pursuit of another award.

CITY GOALS AND OBJECTIVES

1. **COMMUNITY** - We will develop and implement programs and services that enhance the quality of life in Apopka by maintaining and/or developing:

- a wide range of recreational, cultural, and intellectual events;
- a high level of citizen participation in the community, particularly in cross-generational, multi-cultural project;
- a community of beautiful and safe neighborhoods;
- infrastructure that provides interconnection between all community neighborhoods;
- a culturally diverse community that values its diversity;
- a community that supports and encourages public transportation;
- a community with advanced technology that supports the enhancement of education and the economy;
- all sections of Apopka through continued emphasis on sound land use planning, progressive land development regulations, and protective code enforcement;
- a city government structure that is cost effective in its delivery of services;
- the best quality emergency medical services for Apopka residents;
- the lowest Insurance Service Office (ISO) rating in Orange County;
- project partnerships where feasible to add leisure and cultural activities in Apopka.

2. **EDUCATION** – We will support comprehensive educational opportunities that provide our citizens with tools for their well being by:

- recognizing the critical importance that education and work skills play in ensuring we can have the quality community we want;
- advocating for our educational institutions to meet the lifelong learning needs of our residents, our employers and our employees;
- preparing citizens to serve effectively on the City appointed boards;
- creating an atmosphere whereby volunteers can use their expertise and knowledge to improve community life;
- establishing communication systems to promote education and participation in city activities.

3. **ECONOMY** – Recognizing that a healthy economy promotes our success, we will:

- foster an entrepreneurial environment that supports local and start up businesses;
- develop a master plan for the development of the town center project as a destination;
- research and develop possible alternative energy sources;
- have a sustainable growth policy requiring the wise use of fiscal and natural resources;
- foster an economy that encourages diverse and economically rewarding job opportunities for all, resulting in a strong tax base;
- foster an economy that takes advantage of our regional location;
- seek out active partners in regional economic development.

4. **HISTORY** – Recognizing that our future is guided by our heritage, we will:

- develop design guidelines that protect our history, our neighborhoods and emphasize historic restoration;
- encourage new development that complements the historic character of the core community;
- support programs that emphasize and promote the historic attributes of the community.

CITY OF AOPKA
BUDGET CALENDAR
BUDGET FISCAL YEAR 2015

December	Council is notified of beginning of budget process.
Early January	Departments are requested to submit their requests for new and/or changes to personnel along with capital support data. Responses are due by the end of February or early March.
March	First draft of personnel and capital are entered into budget.
April and May	Departments enter the operational expenses
June	Revenues are compared to expenses and adjustments are made.
<u>TRIM Notice Requirements</u>	
Friday, May 30	Property Appraiser delivers "2014 Best Estimate of Taxable Value."
Thursday, June 19	Property Appraiser delivers certificate of taxable value §200.065
Wednesday, July 30	Council sets proposed millage rate and advises Property Appraiser of proposed millage rate, current year roll back, rate, date, time, and place of tentative budget hearing §200.065(1)(4)(b). <i>Within 35 days of receiving taxable value.</i>
Friday, August 1	Hand deliver Form DR-420 and letters to Tax Collector and Property Appraiser
Thursday, August 14-15	Property Appraiser should have mailed NOTICES to all taxpayers advising them of the September 4, 2013 public hearing on the tentative General Fund budget and proposed millage rate. §200.065 (1)(4)(b). <i>Required 55 days after certification of valuation.</i>
Wednesday, September 3	City Council Public Hearing to discuss and adopt the proposed millage rate and tentative budget at 5:15 P.M. §200.065(1)(4)(c). <i>Within 80 days, but not earlier than 65 days of receiving certified value.</i>
Thursday, September 11	Deliver notice of Budget Hearing and adjacent Budget Summary ad to paper. DO NOT publish in legal or classified section. §200.065 (3)(1)(a).
Sunday, September 14	Notice of Budget Hearing is advertised §200.065(2)(a)4(d) <i>within 15 days of adopting proposed millage and tentative budget.</i>
Friday, September 19	City Council Public Hearing to discuss and adopt the final millage rate and final budget at 5:15 P.M.
Monday, September 22	Millage Resolution forwarded to Property Appraiser, Tax Collector and Department of Revenue
Wednesday, October 1	Property Appraiser delivers certificate of final taxable value. §200.065 (Form DR-422)
Friday, October 3	Deadline to hand deliver Form DR-422 and letter to Tax Collector and Property Appraiser.
Friday, October 4	TRIM Bill Certification Packet to Department of Revenue.

CITY OF AOPKA
BUDGET CALENDAR
BUDGET FISCAL YEAR 2015

(CONTINUED)

Thursday, October 16

Deadline for City to certify to Department of Revenue that TRIM Bill requirements have been met. §200.68. *Within 30 days of adoption of final millage rate.*

State Statutes prohibit the City from holding their hearings the same time as the County and School Board. This year's TRIM Bill Hearings for Orange County and the School Board are as follows:

ORANGE COUNTY

Tentative Budget Hearing
Thursday, September 4, 2014, 5:01 PM

Final Budget Hearing
Thursday, September 18, 2014, 5:01 PM

SCHOOL BOARD

Tentative Budget Hearing
Tuesday, July 29, 2014, 5:30 PM

Final Budget Hearing
Tuesday, September 9, 2014, 5:30 PM

NOTE: These dates are subject to change depending on the millage rate.

FINANCIAL MANAGEMENT POLICY STATEMENT

PURPOSE

The broad purpose of the following Financial Management Policy Statement is to enable the City to achieve and maintain a long-term stable and positive financial condition. More specifically it is to provide guidelines to the Finance Director in planning and directing the City's day-to-day financial affairs so recommendations can be made to the Chief Administrative Officer, Mayor and City Commission.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The City utilizes a computerized financial accounting system, which incorporates a system of internal accounting controls. Such controls have been designed and are continually being reevaluated to provide reasonable, but no absolute, assurance regarding:

- The safeguarding of assets against loss from unauthorized use or disposition, and
- The reliability of financial records for preparing financial statements and monitoring accountability for assets.

The concept of reasonable assurance recognizes that:

- The cost of control should not exceed the benefits likely to be derived, and
- The evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the framework, and are believed to adequately safeguard and provide reasonable assurance of proper recording of financial transactions.

Accounting and budgeting records for governmental fund types and similar trust and agency funds are maintained on a modified accrual basis. Under the modified accrual basis, revenues are recognized and recorded when measurable and available, and expenditures are recorded when services or goods are received and the liabilities are incurred. Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Accounting and budgeting records for proprietary fund types and similar trust funds are maintained on the accrual basis. Under the accrual basis, revenues are recognized when they are earned and expenses are recognized when incurred.

For proprietary funds, accounting and budget records differ to the extent that depreciation and certain other items are not budgeted for but are a factor in determining fund balance revenues available for appropriation. Budgets for Proprietary Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

In accordance with the City Charter, the annual operating budget is proposed by the Mayor and enacted by the City Council after public participation. Although budgets are legally controlled at the fund level, management control of the operating budget is additionally maintained at the Department level.

OPERATING BUDGET

Preparation

Budgeting is an essential element of the financial planning, control and evaluation process of municipal government. The "operating budget" is the City's annual financial operating plan, which includes all of the operating departments of the general fund, special revenue funds, and enterprise funds. The Chief Administrative Officer, the Finance Director, and the Budget Officer prepare the budget with the participation of all department directors on a basis that are consistent with generally accepted accounting principles (GAAP). In accordance with Section 2.04(e) of the City Charter the Mayor shall submit the annual budget to the city council. The budget shall be adopted annually before October 1 by ordinance or resolution in accordance with the City Charter Section 5.03 and Florida State Statute 200.065. A copy is filed in the City Clerk's Office.

FINANCIAL MANAGEMENT POLICY STATEMENT

The budget is the single most valuable document for assisting the Mayor and City Council in guiding the growth of the City of Apopka. It receives careful thought and attention in its development. Therefore, in the City of Apopka, the budget process begins about 9 months prior to the start of the fiscal year.

January – February: Council is notified of the beginning of the budget process. Departments are requested to submit requests for any new and/or changes to personnel along with capital with support data. Responses are due by the end of February. Human Resources calculates the costs of existing personnel.

March: Human Resources calculates the costs of all new personnel. First draft of all personnel and capital are entered into budget module.

April – May: Budget module open for department entry of operational expenses.

June: Property Appraiser delivers an estimate of taxable value by June 1. Revenue is projected for the current year using 6-7 months of actual data. These revenues are then compared to the requested expenses for next year along with any other relevant information and cuts are made.

July: Property Appraiser delivers certificate of taxable value in accordance with Florida Statute 200.065 (also know as TRIM). Revisions are made to the preliminary budget document to balance the General Fund. The budget is presented to the City Council on the first Wednesday of July. No action by the City Council is taken at the first meeting. At the third Wednesday of July the City Council is asked to set the proposed millage rate and state the percentage (if any) over the rollback rate. In addition, the City Council must set the date, time, and place for the first public hearing in September on the budget to comply with TRIM. The public hearing cannot conflict with the dates selected by the Orange County School Board or Orange County Government. The City must notify the Tax Collector and Property Appraiser within a specific time frame set by State Statute of the proposed millage rate. While the City can reduce the millage rate throughout the remainder of the budget process, the rate cannot be increased without individual notification to each property owner.

August: The Property Appraiser mails the TRIM notices to all the property owners notifying them of the proposed tax rate and the valuation of each parcel of property. Once the millage rate is certified, it may not be increased without re-mailing the notices. TRIM notices also include the date, time, and place of the first public hearing. These notices are mailed within fifty-five (55) days after certification of the assessed values. The City continues to work out any budget changes during this period.

September: The first public hearing is held on the date set on the notice mailed out by the Property Appraiser. This is at least sixty-five (65) days and within eighty (80) days after certification of the assessed values. All public hearings concerning the budget must be held after 5 P.M. The tentative millage and budget rates are set at the first public hearing. Advertisement in a newspaper of general circulation is required three (3) to five (5) days before the second public hearing. The advertisement must also be within fifteen (15) days of the first public hearing. The advertisement must contain a summary of the budget, all millage rates, and tax increase percentages over the rolled back rate millage. The final millage and budget levies are adopted at the second public hearing.

October: Not later than thirty (30) days following the adoption of the ad valorem tax rates and budget, the City must certify to the State of Florida Division of Ad Valorem Tax that they have complied with the provisions of Chapter 200, Florida Statutes.

Balanced Budget

The operating budget will be balanced with current revenues, which may include beginning fund balances less required reserves as established by the City Council greater than or equal to current expenditures/expenses. A budget resolution is balanced when the sum of estimated net revenues and appropriated fund balance is equal to appropriations.

FINANCIAL MANAGEMENT POLICY STATEMENT

The budget process will be scheduled so as to identify major policy issues for City Council consideration several months prior to the budget approval date to allow adequate time for appropriate decisions and analysis of financial impacts.

Reporting

Monthly expenditure reports will be released to enable department directors to manage their budgets and to enable the Finance Director to monitor and control the budget as authorized by the Council. The Finance Director will prepare a monthly expenditure report for presentation to the City Council to assist in the understanding the overall budget and financial status.

Control and Accountability

Each department director shall be solely responsible for insuring their department budgets will not exceed budgeted amounts. Failure to achieve budgetary control of their individual expenditure and revenue budgets will be evaluated and investigated by the Mayor and/or the Chief Administrative Officer.

Expenditure Requests

The Finance Director will evaluate expenditure requests from departments to insure that the requests are in the amounts and kind originally budgeted in those departments, and that adequate funds are available. The Finance Director shall make every effort to assist departments in making the purchases to accomplish the goals and objectives outlined in the budget information for each department.

Amendment Process

Amendments to the original budget that alter the total revenues, expenses, or reserves of any fund must be approved by the City Council.

REVENUES

The following considerations and issues will guide the Finance Director in the development of revenue and expenditure policies concerning specific sources of funds:

- A. Non-Recurring Revenues – One time or non-recurring revenues should not be used to finance current ongoing operations. Non-recurring revenues shall be used only for non-recurring expenditures and not for budget balancing purposes.
- B. Ad Valorem Taxes – Ad valorem taxes will be anticipated for purposes of operating budget preparation at:
 - 1. 96% of the projected taxable value of current assessments and new construction
 - 2. Current millage rates, unless otherwise specified.
- C. Sales Tax – The use of sales tax revenues is limited to the General Fund
- D. State Revenue Sharing – The use of state revenue sharing monies is included in the General Fund, with a portion earmarked for street improvements.
- E. Local Option Gas Tax – The use of local option gas tax revenues is limited to public transportation expenditures.

FINANCIAL MANAGEMENT POLICY STATEMENT

- F. Utility Tax – Utility tax revenues can be used for any lawful purpose.
- G. Pledged Revenues – The use of revenues, which have been pledged to bond holders, will conform in every respect to those bond covenants.
- H. Interest Earnings – Interest earned from investment of available monies, whether pooled or not, will be distributed to the funds in accordance with the equity balance of the fund from which the monies were provided for investing.
- I. User-Based Fees and Service Charges – User-Based Fees and Service Charges will be reviewed annually by department directors to ensure that fees provide adequate coverage of cost of services for their respective departments.
- J. Enterprise Fund Rates – The Finance Director will review utility rates annually to ensure sufficient revenues are generated to cover operating expenses, meet the legal restrictions of all applicable bond covenants, and provide for an adequate level of working capital.
- K. Enterprise Activity Rates - and other legal funds of the City include transfers to and receive credits from other funds as follows:
 - 1. General and Administrative Charges – Administrative costs should be charged to all funds for services of general overhead, such as administration, finance, personnel, data processing, police, purchasing, facility maintenance, communications, fleet maintenance, community development, building, and grounds as appropriate. The Finance Director through indirect cost allocation following accepted practices will determine the charges and procedures intended to recover up to 100% of said costs.
 - 2. Payment in-lieu-of-ad valorem tax – Rates will be calculated so as to include a fee equal approximating the ad valorem taxes lost as a result of municipal ownership of the various utility and other enterprise activities owned by the City.
- L. Intergovernmental Revenues (Federal/State/Local) – All potential grants will be examined for matching requirements and the source of the matching requirements. These revenue sources will be expended only for intended purpose of grant aid. It must be clearly understood that operational requirements set up as a result of a grant or aid could be discontinued once the term and conditions of the project have terminated.
- M. Revenue Monitoring – The Finance Director will compare revenues actually received to budgeted revenues and variances will be investigated. This process will be summarized in the appropriate budget report. Any variances considered to be material will be investigated. The Finance Director will report results of that investigation to the Mayor and the Chief Administrative Officer.

EXPENDITURES

- A. Appropriations – The point of budgetary control is at the department level budget for all funds. If the Chief Administrative Officer certifies that there are available projected revenues for appropriations in excess of those estimated in the budget the City Council may authorize supplemental appropriations.
- B. Central Control – The department director without the prior authorization of Chief Administrative Officer shall spend no significant salary or capital budgetary savings in any department. This control will realize budget savings each year that will be recognized in the approved budget as contingency accounts.

The Chief Administrative Officer may authorize the transfer of funds between departments within funds should the need arise. However, any transfer between funds must have the approval of the Mayor.

FINANCIAL MANAGEMENT POLICY STATEMENT

- C. Purchasing – All purchases of goods or services will be made in accordance with the City's current Purchasing Policy.
- D. Prompt Payment – All invoices approved for payment by the proper City authorities shall be paid by the Finance Department within forty-five (45) calendar days of receipt in accordance with the provisions of Florida Statutes 218.70.

The Finance Director shall establish and maintain proper procedures that will enable the City to take advantage of all purchase discounts, when possible, except in the instance where payments can be reasonably and legally delayed in order to maximize the City's investable cash.

FUND BALANCE

Fund balance is generally defined as the difference between a fund's assets and liabilities. An adequate fund balance is necessary for numerous reasons, such as to have funds available in case of an emergency or unexpected events, to maintain or enhance the City's financial position and related bond ratings, to provide cash for operations prior to receipt of property tax revenues, and to maximize investment earnings.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING

- A. Accounting – The City Finance Department is responsible for the reporting of the financial affairs, both internally and externally. The Finance Director is the City's Chief Financial Officer and is responsible for establishing the Chart of Accounts and for properly recording financial transactions.
- B. Auditing – The City will be audited annually by outside independent accountants ("auditor"). The auditor must be a CPA that can demonstrate that it has the breadth and depth of staff to conduct the City's audit in accordance with generally accepted auditing standards and contractual requirements. The auditor's report on the City's financial statement will be completed within 180 days of the City's fiscal year end.

The auditor is retained by and is accountable directly to the City Council and will have access to direct communication with the City Council if the City Staff is unresponsive to auditor recommendations, requests for information, or if the auditor considers such communication necessary to fulfill its legal and professional responsibilities.

- C. Financial Reporting – The Financial Department shall be responsible for the information that is contained in the Comprehensive Annual Financial Report (CAFR), which shall be prepared by the City's auditor. The accuracy and timeliness of the CAFR is the responsibility of the City staff. The CAFR will be prepared in accordance with generally accepted accounting principles (GAAP). Upon the completion and acceptance of the CAFR, the audited CAFR is presented to the City Council within 180 days of the City's fiscal year end.

The Finance Department will prepare internal financial reports, sufficient to plan, monitor, and control the City's financial affairs. Monthly expenditure reports will be distributed to department directors, Mayor and City Council.

ASSET MANAGEMENT

- A. Investments – The Finance Director shall promptly deposit all city funds with the City's Depository Bank in accordance with the provisions of the current Bank Depository Agreement. The Finance Director will then promptly invest all funds in any negotiable instrument that the City Council has authorized under the provisions of the City Investment Policy.
- B. Cash Management – The City's cash flow will be managed to maximize the cash available to invest. Such cash management will entail the centralization of cash collections, where feasible, resulting in a limited of cash collection points throughout the City.

FINANCIAL MANAGEMENT POLICY STATEMENT

All checks issued by the City shall bear two of the following three signatures Mayor, Chief Administrative Officer, or City Clerk. These same signatures are needed to transfer funds electronically for payment of any obligation of the City in accordance with the City's Wire Transfer Policy, stipulating the conditions and control procedures related to such activity.

- C. Cash/Treasury Management – Periodic review of each cash flow position will be performed to determine performance of cash management and investment policies. Idle cash will be invested with the intent to (1) safeguard assets, (2) maintain liquidity, and (3) maximize return. Where legally permitted, pooling of investments will be done.

DEBT MANAGEMENT

Purpose – The City recognizes the primary purpose of capital facilities is to support provision of services to its residents. Using debt financing to meet the capital needs of the community must be evaluated according to efficiency and equity. Efficiency equates to the highest rate of return for a given investment of resources. Equity requires a determination of who should pay for the cost of capital improvements. In meeting the demand for additional capital facilities, the City will strive to balance the load between debt financing and “pay as you go” methods. Through evaluation the need for additional debt financed facilities and the means by which the debt will be repaid, the Finance Director will strike an appropriate balance between service demands and the amount of debt.

There are no statutory or charter limitations on debt. Debt is used for a variety of purposes and in a variety of ways. The principal use of debt by the City has been for making capital expenditures.

DEBT FINANCING

- A. General Obligation Bonds (GO's) – General obligation bonds will only be used to fund capital assets of the general government, are not to be used to fund operating needs of the City and are backed by the full faith and credit of the City as well as the ad valorem taxing authority of the City as prescribed by law. The term of a bond issue will not exceed the useful life of the asset(s) funded by the bond issue and will generally be limited to no more than thirty (30) years. General obligation bonds must be authorized by a vote of the citizens of the City of Apopka.
- B. Revenue Bonds – Revenue bonds will be issued to provide for the capital needs of any activities where the capital requirements are necessary for continuation or expansion of a service which produces revenue and for which the asset may reasonably be expected to provide for a revenue stream to fund the debt service requirements. The term of the obligation may not exceed the useful life of the asset(s) to be funded by the bond issue and will generally be limited to no more than thirty (30) years.
- C. Revenue Notes – Revenue notes will be used to fund capital requirements, which are not otherwise funded by either Revenue Bonds or General Obligation Bonds. Debt service for Revenue Notes may be either from general revenue or backed by specific revenue stream or streams or by a combination of both. Generally Revenue Notes will be used to fund capital assets where full bond issues are not warranted as a result of cost of the asset(s) to be funded through the instrument or the costs associated with a bond issue. The term of the obligation may not exceed the useful life of the asset(s) to be funded by the proceeds of the debt issue and will generally be limited to no more than thirty (30) years.
- D. Method of Sale – The Finance Director will use a competitive bidding process in the sale of bonds unless the nature of the issue warrants a negotiated bid. In situations where a competitive bidding process is not elected, the Finance Director will publicly present the reasons why, and the Finance Director will participate with the financial advisor in the selection of the underwriter or direct purchaser.

FINANCIAL MANAGEMENT POLICY STATEMENT

- E. Financing Alternatives – The Finance Director shall explore alternatives to the issuance of debt for capital acquisitions and construction projects. The alternatives will include, but not be limited to, (1) grants-in-aid, (2) use of reserves/designations, (3) use of current revenues, (4) contributions from developers and others, (5) leases, and (6) impact fees.
- a. The Finance Department will maintain procedures to comply with arbitrage rebate and other Federal requirements.
 - b. The City will ensure that the debt is soundly financed.
 - c. Conservatively projecting the revenue sources that will be used to pay the debt.
 - d. Financing the improvement over a period of time not greater than the useful life of the improvement being financed.
 - e. Determining that the benefits of the improvement exceed the costs, including interest costs.
 - f. Maintaining a debt service coverage ratio, which ensures that combined debt service requirements will not exceed revenues pledged for the payment of debt.
 - g. Evaluating proposed debt against the target debt indicators.
- F. Financing Methods – The City maintains the following policies in relation to methods of financing used to issue debt:
- a. Where possible, the City will use revenue or other self-supporting bonds in lieu of General Obligation Bonds.
 - b. When appropriate, the City will issue non-obligation debt, for example, Industrial Development Revenue bonds, to promote community stability and economic growth.
 - c. The Finance Department will maintain open communications with bond rating agencies about its financial condition and whenever possible, issue rated securities.
- G. Debt Service Schedules – See Pages 34 and 35 for detailed debt service schedules for the City of Apopka.

INTERNAL CONTROLS

- A. Written Procedures – Wherever possible, written procedures will be established and maintained by the Finance Director for all functions involving cash handling and/or accounting throughout the City. These procedures will embrace the general concepts of fiscal responsibility set forth in this policy statement.
- B. Department Directors' Responsibilities – Each department director is responsible to ensure that good internal controls are followed throughout their department, that all Finance Department directives or internal controls are implemented, and that all independent auditor internal control recommendations are addressed.

STAFFING AND TRAINING

- A. Adequate Staffing – Staffing levels will be adequate for the fiscal functions of the City to operate effectively. Overtime shall be used only to address temporary or seasonal demands that require excessive hours. Workload allocation alternatives will be explored before adding staff.
- B. Training – The City will support the continuing education efforts of all financial staff members including the investment in time and materials for maintaining a current perspective concerning financial issues. Staff will be held accountable for communicating, teaching, and sharing with other staff members all information and training materials acquired from seminars, conferences, and related education efforts.

FINANCIAL MANAGEMENT POLICY STATEMENT

- C. Awards, Credentials, Recognition – The Finance Department will support efforts and involvement, which result in meeting standards and receiving exemplary recitations on behalf of any of the City's fiscal policies, practices, processes, products, or personnel. Staff certifications may include Certified Public Accountant (CPA), Certified Government Finance Officer (CGFO) or Certified Public Finance Officer (CPFO). Currently, staff maintains the following certifications:

Finance Director – CPA, CGFO
Financial Applications Manager – CGFO

The Finance Department will strive to maintain a high level of excellence in its accounting policies and practices as it prepares the annual CAFR. The CAFR will be presented annually to the Governmental Finance Officers Association for evaluation and consideration for the Certificate of Achievement for Excellence in Financial Reporting Award. The Budget will also be submitted annually to the GFOA for evaluation and consideration of the Distinguished Budget Presentation Award.

Distinguished Budget Presentation Award – Received for 8 years

Certificate of Achievement for Excellence in Financial Reporting Award – Received for 30 years

FUND TYPES

GOVERNMENTAL FUNDS

General Fund – The General Fund serves as the primary reporting vehicle for current government operations. The General Fund, by definition, accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Special Revenue Funds – Special revenue funds are used when legal requirements restrict specific resources to be expended for specific purposes, with the exception of trusts, capital projects or debt service. The Community Redevelopment Fund accounts for the revenues and expenditures of the tax increment district.

PROPRIETARY FUNDS

Enterprise Funds – Enterprise funds are used to account for operations that are financed and operated in a manner similar to a business. The cost of providing goods or services to the general public on a continuing basis should be financed or recovered through user charges. Currently there are three enterprise funds, which consist of the Utility Operating Fund; the Water, Sewer and Reuse Impact Fee Fund; and the Sanitation Fund.

FIDUCIARY FUNDS

Trust and Agency Funds – Trust Funds are used to account for assets held by the government in a trustee capacity. Currently there are three pension trust funds, which consist of the General Employees', Police Officers', and Firefighters' Retirement Trust Funds. Agency funds are used to account for assets held as an agent for individuals, private organizations, other governments and/or other funds. Currently there are no agency funds.

NON-BUDGETED FUNDS

The City has additional funds that are audited, but not included in the budget. The law enforcement trust funds (Federal and State) contain funds from the confiscation of illegal drug money or assets and the disbursement of monies for drug enforcement and related purposes. These dollars are considered minor. The City also records the dollars for the Police, Fire, and General employees pension funds respectively. The City does not hold these dollars and there is a separate board for each pension fund that controls the distribution of the funds.

BASIS OF BUDGETING

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's Finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions are as follows:

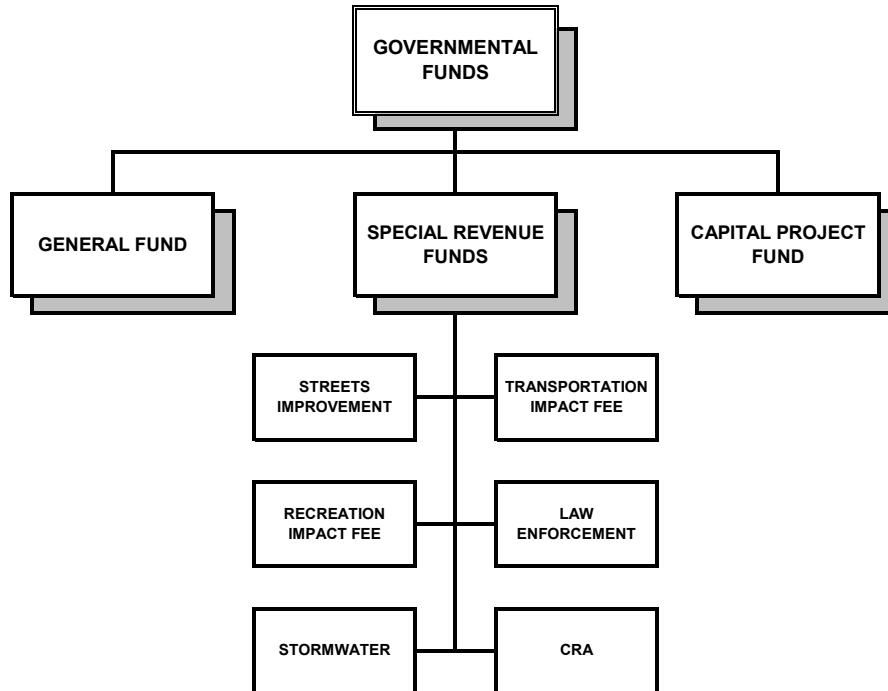

Compensated absences liabilities expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget basis).

Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a Budget basis.

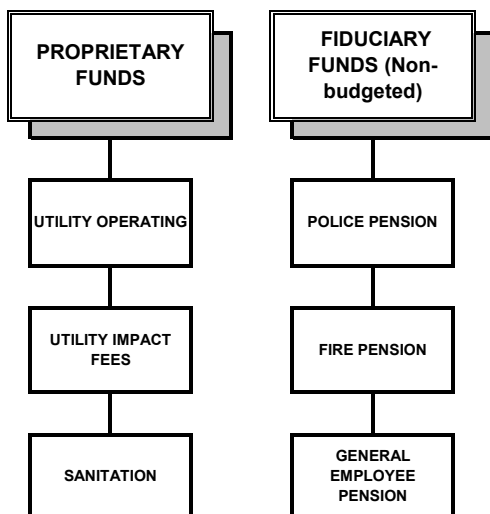

Capital outlays within the Proprietary Funds are recorded as assets on a GAAP basis and expended on a Budget basis.

CITY OF APOPKA
FUND STRUCTURE
 BUDGET FISCAL YEAR 2014

Modified Accrual Basis of Budgeting

Accrual Basis of Budgeting

What is "Budgetary Basis"?

Budgetary Basis refers to the basis of accounting used to estimate financing sources and uses in the budget.

Cash Basis indicates transactions are recognized only when cash is increased or decreased;

Accrual Basis indicates revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time or not);

Modified Accrual is the method under which revenues and other financial resource increments are recognized when they become susceptible to accrual; that is, when they both become "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay the liabilities of the current period.

MAJOR REVENUE SOURCES

The City of Apopka has various revenue sources. Each source has unique requirements and limitations on use. Please see section on "Revenue Explanations".

GENERAL FUND – 55% of this year's Total City Budget:

Property Tax – 18% of this year's General Fund budget

The Orange County Tax Appraiser determines the valuation of the property in the City of Apopka. The property appraiser released the preliminary taxable value of property that allowed for a projected increase of revenue of approximately \$209,900 or 3.1% in 2015.

Other Taxes – 13% of this year's General Fund budget

The City includes Utility Taxes and Local Communication Services Taxes in this category.

Utility Taxes – are derived from a 10% utility tax on electric, water, gas and propane. The rate for the Local Communication Services Tax is calculated by the state and currently slightly over 6%. As a group the anticipated revenues from this source will yield approximately \$5,047,050, which is \$85,850 less than last year.

Permits and Fees – 14% of this year's General Fund budget

The City includes Franchise Fees and Building Permit Fees in this category.

Franchise Fees – represent agreements with Progress Energy for electricity, Apopka Natural Gas for gas and the City's own water and sewer utility to have access to the City's right-of-ways. As a group the anticipated revenues from this source will yield approximately \$4,098,000, which is \$113,000 more than last year.

Building Permit Fees – include fees necessary in enforcing the Florida Building Codes. Due to the increase in the residential market, Building Permit Fees are projected to increase by approximately 28%.

Intergovernmental Revenue – 23% of this year's General Fund budget

The City accounts for Federal and State Grants, State and Local shared revenues. In addition, the city includes State Sales Tax Revenue, which is shared with the City, Business Licenses Revenues from the county and revenue from the Orange County School Board partially reimbursing the City for the cost of police officers in the schools. This source has increased by approximately 9.6% due to an increase in economic activity.

Charges for Services – 8% of this year's General Fund budget

Charges for Planning, Public Safety, and Recreation services are accounted for in this category. Dispatch fees charged to the cities of Ocoee, Maitland, and Eatonville make up \$1,167,300 of the total amount of this category or 40%. Ambulance fees make up another \$650,000 or 22%. Recreation program activity fees are another major source of revenue in this category making up \$475,000 or another 16%. In general this category recovers actual City costs for the services rendered.

Fines and Forfeitures - 6% of this year's General Fund budget

The City accounts for revenues generated from traffic tickets and code violations in this category. This source has decreased by approximately 10.5% due to a decrease in traffic light detection device infractions. The long term outlook for this source is not good. The state is taking a larger and larger share of the ticket revenues to support the cost of the courts. Therefore this revenue source may be increasing now, but could decrease in the long-term.

MAJOR REVENUE SOURCES

Miscellaneous Revenues – 3% of this year's General Fund budget

The City accounts for Interest on Investments, Sale of Cemetery Lots, Insurance Proceeds, Rental of City Property, Donations, and other miscellaneous revenue in this category. The City's "Asset Management Policy" requires cash flows to be managed to maximize the cash available to invest.

Non-Operating Revenues – 15% of this year's General Fund budget

The City accounts for funds transferred from reserves, transfers from other funds, contributions from other funds, and proceeds from any debt would be in this category. With the exception of the debt proceeds, this category represents an immediate adjustment to fund balance as all unexpended amounts budgeted in prior years are closed to fund balance at the close of each fiscal year.

STREETS IMPROVEMENT FUND – 5% of this year's Total City Budget:

Gas Tax – 45% of this year's Street's Improvement Fund budget

The City accounts for the revenue it receives as a result of the tax imposed on gasoline. This revenue is to be used by the City for road and/or related improvements. The State estimates this revenue to increase by 11.5%.

TRANSPORTATION IMPACT FEES – 2% of this year's Total City Budget:

Impact Fees – 79% of this year's Transportation Impact Fund budget

The City accounts for traffic impact fees in this category. This revenue source reflects an increase due to residential and commercial construction.

RECREATION IMPACT FEES - 0% of this year's Total City Budget:

Impact Fees – 25% of this year's Recreation Impact Fee Fund budget

The City accounts for recreation impact fees in this category. This revenue source reflects an increase due to residential construction.

STORMWATER - 1% of this year's Total City Budget:

Stormwater Collection Fees – 69% of this year's Stormwater Fund budget

The City assesses a flat fee of \$25 per residential lot that appears on the property owner's tax bill. The funds are collected and maintained in this category. This revenue source has remained flat due to a slowdown of the economy.

COMMUNITY REDEVELOPMENT - 0% of this year's Total City Budget:

Property Taxes – 39% of this year's Community Redevelopment budget

This is the city property taxes collected on the property within the CRA district. The funds must be spent only on property within that area.

MAJOR REVENUE SOURCES

CIMARRON HILLS SPECIAL ASSESSMENT FUND - 0% of this year's Total City Budget:

Special Assessment – 100% of this year's Cimarron Hills budget

This is the special assessment fees collected on the Cimarron Hills property owners within the Cimarron Hills subdivision. The funds must be spent only on property within that area.

MAINLINE VILLAGE SPECIAL ASSESSMENT FUND - 0% of this year's Total City Budget:

Special Assessment – 100% of this year's Mainline Village budget

This is the special assessment fees collected on the Mainline Village property owners within the Mainline Village subdivision. The funds must be spent only on property within that area.

MAINE AVENUE VILLAS SPECIAL ASSESSMENT FUND - 0% of this year's Total City Budget:

Special Assessment – 100% of this year's Maine Avenue Villas budget

This is the special assessment fees collected on the Maine Avenue Villas property owners within the Maine Avenue Villas subdivision. The funds must be spent only on property within that area.

UTILITY OPERATIONS – 22% of this year's Total City Budget:

Charges for Service – 93% of this year's Utility Operation's budget

Charges for service consist of the monthly billings fees, initiation of service fees, industrial waste surcharges, sales of maps, and late fees. This is an increase of approximately 1.7%, reflects a slight increase due to residential and commercial construction.

UTILITY IMPACT FEE – 8% of this year's Total City Budget:

Capital Impact Fees – 35% of this year's Utility Impact Fee budget

Water, Sewer, and Reuse Impact Fees make up this category. This revenue reflects a slight increase due to residential and commercial construction.

SANITATION – 6% of this year's Total City Budget:

Collection Fees – 90% of this year's Sanitation budget

The City accounts for the monthly billings fees in this category. This revenue source reflects a slight increase due to residential and commercial construction.

REVENUE EXPLANATIONS

Ad valorem Tax: Property tax is based on the value of real and personal property. Each year the county property appraiser determines the total assessed value of each parcel of property in the City of Apopka. After subtracting lawful exemptions, the remaining amount becomes the taxable value. Ad valorem property taxes are based on the taxable value. Multiplying the taxable value times the millage rate generates the amount of the property tax. As an example the taxable value of \$1,000 times a millage rate of 1 would yield an ad valorem tax of \$1.

Franchise Tax: A franchise tax is charged a company for the privilege of doing business within the City's jurisdiction and/or for utilizing the City's rights-of-way to transact their business. Franchise fees are levied on electricity, natural gas, water and sewer.

Utility Tax: This tax is levied by the City on electricity, heating fuels, water, natural gas, and propane. It is based on sales made within the City boundaries at a rate not to exceed 10 percent.

Local Communications Tax: This tax is collected and distributed by the State. It replaced the franchise fee and utility tax that previously were charged for telephone and cable television services.

Licenses and Permits: Section 205.042 of the Florida Statutes provides municipalities the right to levy an occupational license fee for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction. Building and related permits are also included in this revenue section.

Intergovernmental Revenue: These revenues are received by the City from other governmental units. They include State Revenue Sharing, Half Cent Sales Tax, grants and various other state taxes, licenses and reimbursements programs. The City receives a portion of the occupational licenses fee collected by the county for businesses operating within the City boundaries. In addition, the City recoups some funds from the county school board for providing police liaison services in the schools inside the schools.

Charges for Services: These are also called "user fees." They are defined as "payments based on specific goods and/or services provided." These fees are charged on a range of products and/or services, such as storage fees, a service charge for collecting school impact fees, dispatch fees for two surrounding cities, ambulance fees, recreation fees and several others.

Fines and Forfeitures: This revenue comes from the settlement of criminal cases taken to court and/or fines for the violation of local codes.

Interest Revenue: Revenue derived from the investment of idle cash is an important source of revenue. The City of Apopka recognizes the importance of establishing effective cash management and works diligently to promote aggressive collections and maximize cash flow.

Miscellaneous Revenue: These are revenues that do not fit into one of the other revenue categories.

Non-Revenues: These are revenues derived from other City funds that are transferred from one fund to another for various reasons. Some transfers are simply contributions and others are based on services provided by another fund. Carry over appropriations indicates a decision by the City to use some of the City's undesignated fund balance.

Transfer From Other Funds: Transfers are made from one fund to another for various reasons. Some transfers are simply contributions and some are based on services provided by another fund. Transfers can be required as a result of debt service.

Other Financing Sources: The most often type is appropriation of previous surplus or planned outside financing such as bank loans or leases of capital items.

REVENUE METHODOLOGY

FORECASTING OF MAJOR REVENUES

The purpose of detailing forecast methodologies for revenues is to determine the validity of the forecast over time and to utilize the information in making future forecasts. The following are assumptions concerning revenues, covering all funds.

Revenue Source

Forecast Methodology

Property Taxes

Approved millage multiplied by tax roll, less 4% for assumed non-collection and/or discounts taken for early payments.

Franchise Fees

Historical trend analysis – The City has been and continues to experience high growth in new housing and continues to expand through voluntary annexations. This will create additional Franchise Fees for the next several years.

Utility Taxes

Historical trend analysis – The City has been and continues to experience high growth in new housing and continues to expand through voluntary annexations. This will create additional Utility Taxes for the next several years.

Local Communications Tax

Historical trend analysis – The City has been and continues to experience high growth in new housing and continues to expand through voluntary annexations. This will create additional Communication Taxes for the next several years.

Licenses & Permits

Historical trend analysis – The City has been and continues to experience high growth in new housing and continues to expand through voluntary annexations. This will create additional Licenses & Permits for the next several years.

State Revenue Sharing

State forecast (based on City and State population), adjusted for historical trend analysis.

Half Cent Sales Tax

State forecast (based on City and County population), adjusted for historical trend analysis.

Dispatch Service Fees

Based on projected cost of providing service to the City of Maitland and City of Eatonville.

Ambulance Fees

Historical trend analysis – This is based on the number of calls for service, which continue to increase as the City expands.

Recreation Program Activity Fees

Historical trend analysis – Based on higher fees, additional programs and with more participants.

Interest Revenue

Historical trend analysis – Based on expected higher return on investments.

REVENUE METHODOLOGY

Contributions from Enterprise Funds	Payment to the General Fund for services provided to the enterprise funds.
Water, Sewer, and Reuse User Fees	Historical trend analysis – Based on an annual escalator in the rate structure that matches the Public Service Commission index for costs. Also includes an expanding service base, which as of 2006 also includes county customers.
Sanitation User Fees	Historical trend analysis – Using the growth in the number of customers and a new rate structure for residential and commercial customers.
Gas Tax	Based on formula in interlocal agreement with county and State projected collections.
Traffic Impact Fees	Historical trend analysis – Using building trends and proposed development.
Recreation Impact Fees	Historical trend analysis – Using building trends and proposed development.
Stormwater Fees	Data received from county tax rolls.
Water, Sewer, and Reuse Impact Fees	Historical trend analysis – Using building trends and proposed development.

**CITY OF AOPKA
LONG-TERM DEBT
BUDGET FISCAL YEAR 2015**

The City recognizes the primary purpose of capital facilities is to provide services to its residents. However, debt financing to meet the capital needs of the community must be evaluated to ensure the highest rate of return for a given investment of resources and to determine who should pay the cost of the incurred debt. In meeting the capital facilities needs of the community the City will strive to balance the load between debt financing and "pay as you go" methods. Through evaluating the need for additional debt financed facilities and the means by which the debt will be repaid, the Finance Director will strike an appropriate balance between service demands and the amount of the debt. The total citywide long-term debt as of 9/30/13 is shown in the table below.

Fiscal Year	GOVERNMENTAL ACTIVITIES		BUSINESS-TYPE ACTIVITIES		Total	TOTAL

The Finance Department is responsible for gathering, organizing and reporting all financial and accounting information for the City. Responsibilities also include cash management, debt administration, accounts payable, accounts receivable, capital assets and pension reconciliation. Additional duties include producing the City's Annual Balanced Budget, developing the Five Year Capital Improvement Plan (CIP), and the audited Comprehensive Annual Financial Report (CAFR).

The Fire Suppression Division responds to fires and other such disasters with the most highly trained and equipped firefighters available. The division functions with the goal of reducing such events through proper planning, the use of current prevention and education techniques, fire safety inspections for businesses and regular fire hydrant maintenance programs. The Fire Suppression Division has the responsibility of protecting the public from fire as well as other types of emergencies.

The Building Division administers and enforces regulatory codes and ordinances to protect local citizens. Codes enforced include the Florida Building Code System, and other codes related to fire, electrical, gas, plumbing, mechanical and accessibility issues. The City Building Code requires a permit for any new building addition, structure, remodeling work or demolition work. The City requires a permit so plans can be reviewed and work can be inspected for compliance with City Building and Fire Codes.

The Wastewater Plant division treats the City's domestic wastewater to a quality meeting State and Federal requirements and, in turn, distributes the treated effluent back to the community in the form of reclaimed water at a suitable quality and pressure to meet their irrigation needs. The responsibility of the Wastewater Plant is to supply both residential and commercial sites with reclaimed water.

CAPITAL IMPROVEMENT PROGRAM

The City of Apopka's Capital Improvement Program (CIP) is a planning, budgetary, and prioritizing tool, which as part of the Capital Improvements element, reflects the City's infrastructure needs for a five year time-frame. The CIP is updated on an annual basis. Amendments to the CIP may be made prior to the next annual CIP review period with approval of the City Council. The current fiscal year funding for the approved CIP is incorporated in the proposed budget and adopted at public hearings held in September of each year.

Capital projects are major fixed assets or infrastructure with long-term value, such as buildings, roads, bridges, and parks. A capital improvement is defined as any purchase of equipment or any construction project having a value of \$20,000 or more, excluding repairs, and a minimum useful life that lasts as long as the repayment schedule. Proposed CIP project requests may originate from City departments, Council and/or Citizens.

Funds budgeted for a specific project remains allocated until the project is completed. Additionally, project budgets are reviewed and, if needed, funding may be adjusted. Capital project costs include all expenditures related to land acquisition, planning, design, construction, project management, legal expenses, and mitigation of damages.

Projects may be funded by current revenues or by debt financing, depending upon the availability of funds, the nature of the project, and the policies of the City Council. In balancing the five years of the CIP, projections of revenues from existing sources are compared to requested capital projects. If there are adequate revenues to fund all requested projects, the program is balanced. If not, projects must be revised to reduce costs, postponed to a future time period, or eliminated from the program. Alternative financing, such as long-term debt, may be postponed in order to provide sufficient revenues to fund requested capital projects. There may be bona fide reasons why a project is needed or desired in the immediate future, but it may be deferred because resources are not realistically available.

The overall CIP, with its five-year time-frame, gives a fair indication of the foreseeable infrastructure needs of the City.

CAPITAL PROJECTS OPERATING IMPACTS

The Capital Improvement Program is a crucial component of the City's annual budgeting process. Costs associated with new and expanded infrastructure are normally included in the operating budget at the time at which the item becomes operational. It is possible, in certain cases that impacts may be phased in during the construction and acquisition period. An example of this would be the construction of a Fire Station. Given the time frame for recruiting, hiring and training, some personnel costs may be added to the budget prior to the official opening of the Station. Operating costs, such as utilities, would then be budgeted for the time the Station actually opens.

Any applicable debt service on debt issued for capital projects is also included in the operating budget. Although the issuance of debt may be the most feasible way to fund capital improvements, debt service will reduce the amount of funds available for other uses. The ratio of debt service to the size of the budget as a whole, and particularly to operating costs, must be maintained at appropriate levels.

Debt outstanding is described on pages 34 and 35. It is important to note that the cost of existing debt will continue, based upon the life of the issue, even if no additional debt is being incurred.

Specific FY 2014-2015 operating impacts from capital projects are outlined below. Projects not listed have no material operating cost impact on the current budget.

CAPITAL PROJECTS OPERATING BUDGET IMPACTS

<u>Project Type/Project</u>	<u>Estimated Additional Personnel</u>	<u>Estimated Annual Personnel Cost</u>	<u>Estimated Annual Operating Cost</u>	<u>Estimated Annual Total Cost</u>
-----------------------------	---	--	--	--

Transportation

New transportation infrastructure normally does not have specific additional operating costs, other than materials and supplies for maintenance. However, roads, sidewalks, pedestrian crossings, pavement markings, signals and signs must be kept up to City and other required standards. As more miles are brought on line, additional staff and equipment may be needed at some point in the future in order to maintain desired service levels. No additional staff or equipment is being added this year. There are a few projects that have identified specific costs as outline below.

New Traffic Signal Locations	-	-	\$5,000	\$5,000
------------------------------	---	---	---------	---------

Stormwater

New stormwater infrastructure normally does not have specific additional operating costs, other than materials and supplies for maintenance. In addition, infrastructure must be kept clear of debris. Maintenance of new and improved infrastructure included in the Capital Budget is included in the operating budget of streets and stormwater and is funded from stormwater utility fees accounted for in a Special Revenue Fund. Funds from this revenue source can only be used for the operation, maintenance and construction of the City's stormwater management system.

Each year, a portion of the funding is allocated for capital improvements, while the remainder will be used for operating and maintenance expenses.

Additional staff and equipment may be needed at some point in the future in order to keep the infrastructure maintained at optimum level. No additional staff or equipment is being added this fiscal year.

System Repair and Rehabilitation	-	-	\$8,000	\$8,000
----------------------------------	---	---	---------	---------

GLOSSARY

ACCOUNTING SYSTEM: The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity or fund.

ACTIVITY: A specific unit of work or service performed.

ADA: Americans with Disabilities Act, which is the federal legislation, requiring all public buildings to be handicap accessible.

ADJUSTED BUDGET: The Adopted Budget as amended by the City Council and adjusted to show comparability as a result of shifts in programmatical or functional responsibilities.

AMENDED BUDGET: The Adopted Budget as formally adjusted by the City Council.

APPROPRIATION: An authorization made by the City Council which permits officials to incur encumbrances or obligations against and to make expenditures of City controlled governmental dollar resources. Appropriations are usually made for fixed dollar amounts and are typically granted for a one (1) fiscal year period.

APPROPRIATION RESOLUTION: The official enactment by the City Council establishing the legal authority for the City officials to encumber or obligate and expend dollar resources.

ASSESSED VALUATION: The estimated dollar value placed upon real and personal property by the chief appraiser of the appraisal district as the basis for levying property taxes.

ASSETS: Property owned by the City which has book or appraised monetary value.

AUDIT: A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls.

BALANCE SHEET: A statement purporting to present the financial position of an entity or fund by disclosing the value of its assets, liabilities, and equities as of a specified date.

BASE BUDGET: On-going expense for personnel, contractual services, materials and supplies, and the replacement of supplies and equipment required to maintain service levels previously authorized by the City Council.

BOCA: United States (Building Officials and Code Administrators) Code.

BOND (DEBT INSTRUMENT): A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

BUDGET (OPERATING): A plan of financial operation embodying an estimate of proposed revenues and expenditures for a given period (typically a fiscal year). The term "Approved Budget" is often used to denote the City Council officially Approved Budget under which the City and its departments operate.

BUDGET CALENDAR: The schedule of key dates or milestones which the City follows in the preparation, processing and adoption of the budget.

GLOSSARY

BUDGET DOCUMENT: The official written statement prepared by the Finance Department and supporting staff, which presents the Proposed Budget to the City Council.

BUDGET MESSAGE: A general discussion of the Proposed Budget presented in writing as a part of the budget document. The budget message explains principal budget issues against the background of financial experience in recent years and presents recommendations made by the CAO and Finance Director.

CAFR: Comprehensive Annual Financial Report which is an audited and printed copy of the City's financial statement at the end of a given fiscal year.

CAPITAL ASSETS: Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

CAPITAL BUDGET: A plan of proposed capital expenditures for buildings, parks, utilities, etc., and their financing sources. The Capital Budget should be enacted as part of the City's Consolidated Budget which includes both the Operating Budget and the Capital Budget. The Capital Budget should be based on the first fiscal year of the five (5) (plus) year Capital Improvement Budget (CIB).

CAPITAL IMPROVEMENT BUDGET: A plan for capital expenditures to be incurred each year over a period of five (5) future years setting forth each capital project, identifying the expected beginning and ending date for each capital project, the amount to be expended in each year, and the method of financing those expenditures.

CAPITAL OUTLAYS: Expenditures for the acquisition of capital assets. Includes the cost of land, buildings, permanent improvements, machinery, large tools, rolling and stationary equipment.

CAPITAL PROJECTS: Projects which purchase or construct capital assets. Typically a capital project encompasses a purchase of land and/or the construction of a building or facility.

CERTIFICATE OF DEPOSIT: A negotiable or non-negotiable receipt for monies deposited in a bank or financial institution for a specified period for a specified rate of interest.

CIB: Capital Improvement Budget, which is the City's plan for capital expenditures.

COMMERCIAL PAPER: A very short-term unsecured promissory note, supported by a bank line or letter of credit, which has maturity from one (1) to 270 days. Some cities issue commercial paper for their Sewer Revenue Fund to provide some flexibility in financing the Capital Improvement Program for the Sewer System.

COMMODITIES: Items of expenditure (in the Operating Budget) which, after use, are consumed or show a material change in their physical condition, and which are generally of limited value and are characterized by rapid depreciation. Office supplies and motor fuel are examples of commodities.

CONTINGENCY: A budgetary reserve set aside for emergencies or unforeseen expenditures.

CONTRACTUAL SERVICES: Are items of expenditure for services the City receives from an Inter-department Transfer or from an outside company. Legal and consulting are examples of contractual services.

COPS: Federal grants awarded to support community policing programs and other law enforcement initiatives.

GLOSSARY

DEBT SERVICE: Payment of fees, interest and repayment of principal to holders of the City's debt instruments.

DEFICIT: 1.) The excess of an entity's or fund's liabilities over its assets (See Fund Balance). 2.) The excess of expenditures or expenses over revenues during a single accounting period.

DEPRECIATION: 1.) Expiration in the service life of capital asset attributable to wear and tear, deterioration, action of the physical elements, inadequacy obsolescence. 2.) That portion of the cost of a capital asset which is charged as an expense during a particular period.

EMS: Emergency Medical Service which is part of the Fire Department and provides emergency rescue services.

ENCUMBRANCES: Obligations in form of purchase orders, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when an actual liability is set-up/recorded.

ENTERPRISE FUND: Public Utilities are examples of enterprise funds. Separate financial accounting used for government operations that are financed and operated in a manner similar to business enterprises, and for which preparation of an income statement is desirable.

EPA: The Environmental Protection Agency, which is a federal agency that enforces environmental regulations.

EXPENDITURES: Where accounts are kept on the accrual or modified accrual basis of accounting, the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes are made.

FICA: Federal Insurance Contributions Act, a payroll expenditure representing social security taxes.

FISCAL YEAR: The twelve (12) month period beginning October 1st and ending the following September 30th.

FULL FAITH AND CREDIT: A pledge of the City's taxing power of a government to repay debt obligations (typically used in reference to General Obligation Bonds or tax-supported debt).

FUNCTION: An accounting entity which is part of a fund. It is a compilation of all costs associated with a program or a department within a fund.

FUND: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

FUND BALANCE: The excess of an entity's or fund's assets over its liabilities. A negative fund balance is sometimes called a deficit.

GENERAL FUND: The fund supported by taxes, fees, and other revenues that may be used for any lawful purpose.

GENERAL OBLIGATION BONDS: When the City pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (G.O.) bonds. Sometimes the term is also used to refer to bonds which are to be repaid from taxes and other general revenues.

GLOSSARY

GIS: Geographical Information System which is a Citywide computerized mapping program.

GOALS: Statements about a department's long-term objectives.

HVAC: Heating, ventilating and air conditioning; the system or systems that condition air in a building.

INTERGOVERNMENTAL GRANT: A contribution of assets (usually cash) by one (1) governmental unit or other organization to another. Typically, these contributions are made to local governments from the State and Federal Governments. Grants are usually made for specified purposes.

INVESTMENT: Securities and real estate purchased and held for the production of income in the form of interest, dividends, rentals or base payments.

LIABILITY: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date. Note: The term does not include encumbrances.

MATURITIES: The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

MODIFIED ACCRUAL ACCOUNTING: A basis of accounting in which revenues are recorded when collected with the current period or soon enough thereafter to be used to pay liabilities of the current period and expenditures are recognized when the related liability is incurred.

OBJECTIVES: Statements about a department's annual level of activity. Objectives are measurable, time bound activities, which illustrate how a department intends to reach its goals.

OBJECT OF EXPENDITURE: Expenditure classifications based upon the types or categories of goods and services purchased. (For greater detail, see Chart of Accounts) Typical objects of expenditure include:

- Personal services (salaries and wages paid to employees for full and part-time work, including overtime, shift differential and similar compensation);
- Purchased services (private vendors, public authorities or other governmental entities);
- Materials and supplies;
- Capital outlay.

OPERATING FUNDS: Resources derived from recurring revenue sources used to finance ongoing operating expenditures and pay-as-you-go capital projects.

PERFORMANCE MEASURES: Specific quantitative productivity measures of work performed within an activity or program (e.g., total miles of streets cleaned). Also, a specific quantitative measure of results obtained through a program or activity (e.g., reduced incidence of vandalism due to new street lighting program).

PERSONNEL SERVICES: Items of expenditures in the Operating Budget for salaries and wages paid for services performed by City employees, as well as the incidental fringe benefit costs associated with City employment.

PM: Preventative Maintenance, regular inspection to prevent problems before they happen.

RATING: The credit worthiness of a City as evaluated by independent agencies, with AAA or Aaa being the highest.

RESERVE: An account used to indicate that a portion of fund equity or balance is legally designated or restricted for a specific purpose, e.g., cash flow reserve.

GLOSSARY

RESOURCES: Total dollars, people, materials and facilities available for use including estimated revenues, fund transfers, and beginning fund balances.

REVENUE: The term designates an increase to the dollar value of a fund's assets which: - Does not increase a liability (e.g., proceeds from a loan); - Does not represent a repayment of an expenditure already made; - Does not represent a cancellation of certain liabilities; - Does not represent an increase in contributed capital.

REVENUE BONDS: When a government issues bonds, which do not pledge the full faith and credit of the jurisdiction, it issues limited liability revenue bonds. Typically, pledges are made to dedicate one (1) specific revenue source to repay these bonds. Revenue bonds are not included in the debt limit set by City Charter and under state law do not require voter approval.

REVENUE ESTIMATE: A formal estimate of how much revenue will be earned from a specific revenue sources for some future period; typically, a future fiscal year.

SOURCE OF REVENUE: Revenues are classified according to their source or point of origin, e.g., real estate taxes.

STORMWATER MANAGEMENT OPERATIONS: A division of Public Works responsible for developing and implementing cost effective compliance with state and federal regulations governing stormwater quality.

TAX LEVY: The total amount to be raised by general property taxes for operations and debt service purposes specified in the Annual Millage Resolution.

TAX RATE: The amount of tax levied for each \$1,000 of assessed valuations of property.

TAX RATE LIMIT: The maximum legal property tax rate at which a municipality may levy a tax. The limit may apply to taxes raised for a particular purpose or for general purposes.

MEETING OF: September 19, 2014
 FROM: Administration
 EXHIBITS:

SUBJECT: RESOLUTION NO. 2014-11 – IMPOSING THE UNIFORM METHOD OF COLLECTIONS FOR NON-AD VALOREM SPECIAL ASSESSMENTS LEVIED WITHIN THE MAINLINE VILLAGE SUBDIVISION, AN INCORPORATED AREA OF THE CITY OF APOPKA, AND CERTIFYING THE RATE TO THE ORANGE COUNTY PROPERTY APPRAISER AND TAX COLLECTOR.

Request: Adopt Resolution No. 2014-11 – Establishing the non-ad valorem special assessment rate and authorize certification of the rate to the Orange County Property Appraiser and Tax Collector.

SUMMARY:

Resolution No. 2014-11 provides for the establishment of the non-ad valorem tax rate on private real property within the Mainline Village subdivision for the cost of providing the maintenance and upkeep of the common areas and facilities, and is authorized by Section 197.3632, Florida Statutes, as amended.

The funds assessed are solely for the benefit of the property owners within the subdivision, and shall be placed in a trust fund for the upkeep and maintenance of the subdivision.

FUNDING SOURCE:

Non-ad valorem assessment

RECOMMENDATION ACTION:

Adopt Resolution No. 2014-11.

RESOLUTION NO. 2014-11

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING A NON-AD VALOREM TAX ASSESSMENT ROLL FOR THE MAINLINE VILLAGE SUBDIVISION; PROVIDING DIRECTION TO THE FINANCE DIRECTOR FOR CERTIFICATION AND TRANSMISSION OF THE ASSESSMENT ROLL TO THE ORANGE COUNTY TAX COLLECTOR; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Apopka has continued to experience growth over the last several decades which lead to multiple housing developments throughout the community, and

WHEREAS, the City, in an effort to allow for oversight of the housing development, encouraged the formation of Homeowners' Associations to oversee the common areas, retention areas, walls and recreational amenities, and

WHEREAS, the City is currently experiencing problems where the Homeowners' Associations have dissolved or are no longer in existence and the common properties are not being maintained, thus causing a problem to the Health, Safety and Welfare of the residents of the subdivision, and

WHEREAS, The City Council finds that each parcel of property within the Mainline Village Subdivision, as specified herein, shall be specifically benefited by the improvements in an amount equal to or greater than the costs incurred by the City in carrying out such improvements and greater in kind and degree than other properties within the City; and

WHEREAS, the City Council further finds that each parcel of property within the Mainline Village Subdivision set forth herein shall be equally benefitted by the City's improvements and, as a result, it is fair and equitable to assess against each parcel a share of the costs of the improvements; and

WHEREAS, the City Council further finds that it is appropriate to spread the obligation of improvements of the costs over a period of time in order to ease the burden upon the residents of the Mainline Village Subdivision; and

WHEREAS, 2014/2015 will be the first year of the assessment in which the property owners of the Mainline Village Subdivision will be assessed for the costs of the improvements, and the costs associated with the assessment shall be ongoing subject to being reviewed annually for the ongoing maintenance and upkeep of the common properties; and

WHEREAS, on August 15, 2014, the Orange County Property Appraiser noticed each landowner by means of mailing the Truth in Millage (TRIM) notice of the cities intent to levy a non-ad valorem assessment in accordance with Section 197.3632, Florida Statute; and

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes; and

WHEREAS, the City Council finds that use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within the Mainline Village Subdivision; and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the adoption of this Resolution:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing findings are incorporated herein by reference and made a part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council hereby adopts Exhibit "A" attached hereto and incorporated herein by reference, as the Mainline Village Subdivision non-ad valorem assessment roll. The amount of the assessment may be increased or decreased from time to time as determined by the City Council.

SECTION 4. The City Finance Director or his designee, is hereby authorized and designated to certify the non-ad valorem assessment roll adopted herein to the Tax Collector on compatible electronic medium, as provided in Section 197.3632, Florida Statute, and to take additional procedural steps as may be necessary for collection of said non-ad valorem assessment roll by the Tax Collector.

SECTION 5. This Resolution shall take effect immediately upon passage.

PASSED AND CERTIFIED AS TO PASSAGE this 19th day of September, A.D. 2014.

RESOLUTION NO. 2014-12

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING A NON-AD VALOREM TAX ASSESSMENT ROLL FOR THE MAINE AVENUE VILLAS WEST (A.K.A. FERN HOLLOW) SUBDIVISION; PROVIDING DIRECTION TO THE FINANCE DIRECTOR FOR CERTIFICATION AND TRANSMISSION OF THE ASSESSMENT ROLL TO THE ORANGE COUNTY TAX COLLECTOR; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Apopka has continued to experience growth over the last several decades which lead to multiple housing developments throughout the community, and

WHEREAS, the City, in an effort to allow for oversight of the housing development, encouraged the formation of Homeowners' Associations to oversee the common areas, retention areas, walls and recreational amenities, and

WHEREAS, the City is currently experiencing problems where the Homeowners' Associations have dissolved or are no longer in existence and the common properties are not being maintained, thus causing a problem to the Health, Safety and Welfare of the residents of the subdivision, and

WHEREAS, The City Council finds that each parcel of property within the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision, as specified herein, shall be specifically benefited by the improvements in an amount equal to or greater than the costs incurred by the City in carrying out such improvements and greater in kind and degree than other properties within the City; and

WHEREAS, the City Council further finds that each parcel of property within the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision set forth herein shall be equally benefitted by the City's improvements and, as a result, it is fair and equitable to assess against each parcel a share of the costs of the improvements; and

WHEREAS, the City Council further finds that it is appropriate to spread the obligation of improvements of the costs over a period of time in order to ease the burden upon the residents of the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision; and

WHEREAS, 2014/2015 will be the first year of the assessment in which the property owners of the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision will be assessed for the costs of the improvements, and the costs associated with the assessment shall be ongoing subject to being reviewed annually for the ongoing maintenance and upkeep of the common properties; and

WHEREAS, on August 15, 2014, the Orange County Property Appraiser noticed each landowner by means of mailing the Truth in Millage (TRIM) notice of the cities intent to levy a non-ad valorem assessment in accordance with Section 197.3632, Florida Statute; and

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes; and

WHEREAS, the City Council finds that use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision; and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the adoption of this Resolution:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing findings are incorporated herein by reference and made a part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council hereby adopts Exhibit "A" attached hereto and incorporated herein by reference, as the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision non-ad valorem assessment roll. The amount of the assessment may be increased or decreased from time to time as determined by the City Council.

SECTION 4. The City Finance Director or his designee, is hereby authorized and designated to certify the non-ad valorem assessment roll adopted herein to the Tax Collector on compatible electronic medium, as provided in Section 197.3632, Florida Statute, and to take additional procedural steps as may be necessary for collection of said non-ad valorem assessment roll by the Tax Collector.

SECTION 5. This Resolution shall take effect immediately upon passage.

- PUBLIC HEARING
- SPECIAL REPORTS
- OTHER: _____

MEETING OF: September 19, 2014
 FROM: Administration
 EXHIBITS:

SUBJECT: RESOLUTION NO. 2014-13 – IMPOSING THE UNIFORM METHOD OF COLLECTIONS FOR NON-AD VALOREM SPECIAL ASSESSMENTS LEVIED WITHIN THE CIMARRON HILLS SUBDIVISION, AN INCORPORATED AREA OF THE CITY OF APOPKA, AND CERTIFYING THE RATE TO THE ORANGE COUNTY PROPERTY APPRAISER AND TAX COLLECTOR.

Request: Adopt Resolution No. 2014-13– Establishing the non-ad valorem special assessment rate and authorize certification of the rate to the Orange County Property Appraiser and Tax Collector.

SUMMARY:

Resolution No. 2014-13 provides for the establishment of the non-ad valorem tax rate on private real property within the Cimarron Hills subdivision for the cost of providing the maintenance and upkeep of the common areas and facilities, and is authorized by Section 197.3632, Florida Statutes, as amended.

The funds assessed are solely for the benefit of the property owners within the subdivision, and shall be placed in a trust fund for the upkeep and maintenance of the subdivision.

FUNDING SOURCE:

Non-ad valorem assessment

RECOMMENDATION ACTION:

Adopt Resolution No. 2014-13.

RESOLUTION NO. 2014-13

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING A NON-AD VALOREM TAX ASSESSMENT ROLL FOR THE CIMARRON HILLS SUBDIVISION; PROVIDING DIRECTION TO THE FINANCE DIRECTOR FOR CERTIFICATION AND TRANSMISSION OF THE ASSESSMENT ROLL TO THE ORANGE COUNTY TAX COLLECTOR; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Apopka has continued to experience growth over the last several decades which lead to multiple housing developments throughout the community, and

WHEREAS, the City, in an effort to allow for oversight of the housing development, encouraged the formation of Homeowners' Associations to oversee the common areas, retention areas, walls and recreational amenities, and

WHEREAS, the City is currently experiencing problems where the Homeowners' Associations have dissolved or are no longer in existence and the common properties are not being maintained, thus causing a problem to the Health, Safety and Welfare of the residents of the subdivision, and

WHEREAS, The City Council finds that each parcel of property within the Cimarron Hills Subdivision, as specified herein, shall be specifically benefited by the improvements in an amount equal to or greater than the costs incurred by the City in carrying out such improvements and greater in kind and degree than other properties within the City; and

WHEREAS, the City Council further finds that each parcel of property within the Cimarron Hills Subdivision set forth herein shall be equally benefitted by the City's improvements and, as a result, it is fair and equitable to assess against each parcel a share of the costs of the improvements; and

WHEREAS, the City Council further finds that it is appropriate to spread the obligation of improvements of the costs over a period of time in order to ease the burden upon the residents of the Cimarron Hills Subdivision; and

WHEREAS, 2014/2015 will be the first year of the assessment in which the property owners of the Cimarron Hills Subdivision will be assessed for the costs of the improvements, and the costs associated with the assessment shall be ongoing subject to being reviewed annually for the ongoing maintenance and upkeep of the common properties; and

WHEREAS, on August 15, 2014, the Orange County Property Appraiser noticed each landowner by means of mailing the Truth in Millage (TRIM) notice of the cities intent to levy a non-ad valorem assessment in accordance with Section 197.3632, Florida Statute; and

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes; and

WHEREAS, the City Council finds that use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within the Cimarron Hills Subdivision; and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the adoption of this Resolution:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing findings are incorporated herein by reference and made a part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council hereby adopts Exhibit "A" attached hereto and incorporated herein by reference, as the Maine Avenue Villas West (a.k.a. Fern Hollow) Subdivision non-ad valorem assessment roll. The amount of the assessment may be increased or decreased from time to time as determined by the City Council.

SECTION 4. The City Finance Director or his designee, is hereby authorized and designated to certify the non-ad valorem assessment roll adopted herein to the Tax Collector on compatible electronic medium, as provided in Section 197.3632, Florida Statute, and to take additional procedural steps as may be necessary for collection of said non-ad valorem assessment roll by the Tax Collector.

SECTION 5. This Resolution shall take effect immediately upon passage.

PASSED AND CERTIFIED AS TO PASSAGE this 19th day of September, A.D. 2014.

ATTEST:

JOSEPH E. KILSHEIMER, MAYOR

Janice G. Goebel, City Clerk

APPROVED as to form and legality for
use and reliance by the City of Apopka,
Florida.

Clifford B. Sheppard, City Attorney

DULY ADVERTISED FOR PUBLIC HEARING: The Apopka Chief on August 29, September 5 and September 12, 2014.
