City of Apopka, Florida

Proposed Budget Fiscal Year 2016-2017

CITY OF APOPKA READERS GUIDE

What is included in this document?

This guide is intended to help the reader understand the information available in this budget binder and how it is organized. This binder contains the 2016-2017 Annual Budget for the City of Apopka and the Capital Improvement Program for fiscal years 2018 through 2023.

The document includes general information about the City and the budget process, including a brief description of the City's history, the City's Organizational Chart, the Budget Message, a discussion of City funds and the basis of accounting and budgetary controls over these funds, a calendar of budget activities, and the City's financial policies.

How to read this document

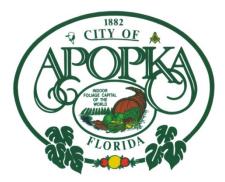

The Annual Budget is presented City-wide as well as by individual fund. The City currently has twelve (12) funds including 1 General Fund, 7 Special Revenue Funds, 3 Proprietary Funds and a Capital Improvement Fund. The General Fund is the largest of the funds and accounts for the majority of the City's total budgeted expenditures.

Each fund includes a summary of the total revenues and a summary of the total expenditures for the fund. The fund expenditures are further broken down by department/program. Each department/program has a summary of expenditures which is displayed by category of expenditure (Personnel, Operating, Capital, Transfer, etc.) and a separate "line-item" page for each type of expenditure is included, detailing the cost and description to support each budget dollar requested.

The Capital Improvement Program details the City's proposed capital projects for fiscal years 2018 through 2023. The projects planned for fiscal year 2017 are included as part of the annual budget include within each fund.

Any questions?

If you should have any questions regarding the material presented, please direct them to the Finance Director at (407) 703-1725.

September 14, 2016

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Apopka, Florida:

The City Administrator and the Finance Department are pleased to present the proposed annual operating and capital budget for the City of Apopka, Florida for the fiscal year October 1, 2016 through September 30, 2017 (FY17). The proposed budget was prepared in accordance with generally accepted accounting principles and with all applicable City, State, and Federal requirements. We believe this budget will meet the challenges before us and set the stage for Apopka's continued success.

The budget document is a financial plan, intended to articulate the goals and objectives set forth by the City Council. We are proud of the efforts made by staff to formulate a document that demonstrates the financial health of our community and that will serve as a meaningful and useful tool to monitor the progress of our future course.

Introduction

The City of Apopka operates under the mayor-council form of government. Policy-making and legislative authority are vested in a city council consisting of a mayor and four city commissioners. The City Council is responsible for establishing policy, passing ordinances and resolutions, adopting the budget, appointing committees and other duties. The Mayor is responsible for carrying out the policies established by the City Council, and overseeing the day-to-day operations of the City. The City Council is elected on a non-partisan basis, and members serve four-year staggered terms, with two commissioners elected every two years. The Mayor is elected to serve a four-year term.

The City of Apopka provides a full range of services, including police and fire protection; construction and maintenance of streets, sidewalks and other infrastructure; engineering; planning and community development; code enforcement; recreational programs and cultural events; as well as administration and support services. In addition, the City operates enterprise funds for water, wastewater, reclaimed water and sanitation services.

Budget Presentation

The annual operating and capital budget is presented in four sections: Introductory, Budget Detail, Capital Improvement Program, and Supplementary Information. The Introductory section includes: a city profile; this budget message; a listing of the City's principal officials; the City's organizational chart; and a citywide budget summary. The Budget Detail section includes a summary and corresponding line item detail for the general, special revenue, and enterprise funds. The Capital Improvement Program section includes the major capital improvements

planned over the next five-year period. Finally, the Supplementary Information section includes the City's authorized positions, pay classifications, and other helpful information.

Budget in Brief

The proposed FY 2017 budget totals \$104,083,516 for all funds. This represents an increase of \$14,400,491 or 16.1 percent over the 2016 budget. The General Fund Budget increased approximately \$6.2 million or 14.3 percent over last year's budget. This is primarily due to the addition of a new fire station, including equipment and personnel (\$1.9M), the addition of 5 police officers and their equipment (\$604K), construction of a second communication tower for dispatch (\$2.8M), and hiring of eight additional staff members (\$475K). The Special Revenue Funds, which are monies restricted for specific purposes, increased \$2.28 million or 31.5 percent. These funds include monies for downtown improvements (\$2M) and construction of a splash pad (\$750K). Finally, the Enterprise Funds increase by \$6 million or 15.2 percent and is attributed to the continued construction of the Sewer Treatment Plant (\$16M).

Budget Highlights

Significant factors included in the proposed budget include:

- A millage rate of \$3.7876 per \$1,000 of assessed value. This proposed millage rate for FY 2017 is one half mill above the millage approved by City Council for FY 2016.
- Reserves are proposed to balance the budget. In the General Fund, we propose to expend \$1.792M of unrestricted reserves. Even with this proposed expenditure, we will maintain a balance of unrestricted reserves of 21.6 percent of the General Fund budget. This compares to a benchmark standard of 16.7 percent, or 2 months' worth of expenditures recommended by the Government Financial Officers Association.
- Several of the Special Revenue Funds also propose the use of reserves. These include CRA, \$2M; Recreation Impact, \$1M; Utilities; \$2.5; Transportation Impact, \$578K; and Stormwater, \$192K.
- New Fire Station (Station No. 5), furnishings, vehicles, employees and equipment.
- Second communication tower for first responders and emergency communications to provide redundancy as well as assure adequate radio coverage in the newly developed areas throughout Apopka.
- Thirty-two new full time positions and one part time position in the workforce. This includes 18 additional firefighters to staff the new fire station, 5 police officers, a city engineer, an economic development coordinator, a part time assistant in the City Clerk's Office, an HR Specialist, two fleet mechanics, two dispatchers, and two traffic enforcement officers.
- Health Insurance Costs increased 8.2 percent.
- \$6.2 million in general fund capital outlay. A total of \$14 million was requested by department heads. The majority of this capital outlay will be financed.

Budget Priorities

The FY 2017 budget includes a number of maintenance and growth-related projects and enhancements to customer service to include, but are not limited to, the following:

- Fire Station and furnishings
- Twenty-six new vehicles, including twenty police vehicles
- Fire Engine
- Ambulance & Power Load Stretcher
- Asphalt truck & Skid Steer Milling Machine
- Communication Tower
- Stormwater drainage upgrades
- New sidewalks
- Water, reclaimed water and wastewater line upgrades
- Sewer Treatment project Phase II
- Street resurfacing
- Two automated side-loader garbage trucks

Budget Overview

The following costs represent common costs shared among all funds:

Personnel - The proposed budget reflects 33 new personnel positions for FY 2017, 32 full-time and 1 part-time. Positions include 18 firefighters to staff the new fire station; five police officers to grow toward the 2.50 Officer to Population Ratio, two Fleet Mechanics to absorb the burden of maintaining the City's aging fleet of vehicles; an HR specialist to replace the Payroll Specialist that was transferred to Finance, two Dispatchers to reduce the overtime in the Communications Center, two Civilian Traffic Enforcement Officers to administer the Red Light Camera Program, a PT Administrative Clerk to assist in the increased public records requests in the City Clerk Office, an Economic Development Coordinator to promote the future growth in the City and a City Engineer to handle the increasing engineering duties of the City. The FY17 budget does not reflect any cost of living adjustments. All increases in personnel costs are based on performance evaluations. There is funding available for the employee recognition program. Keeping our good employees competitive with salaries, benefits and technology is just as important as ever while we truly do more with less.

Insurance Costs - Insurance costs remain a significant factor in the budget. Staff continues to search for the best coverage at the lowest possible cost to taxpayers.

The proposed budget includes a noticeable increase in general property and liability insurance. This is mainly due to a change in method of accounting for the expense. All premiums are now included in the budget and directly expensed against their respective line items. In the past, insurance was often not accounted for as an expense and their true cost was not readily identifiable. Worker's compensation insurance premiums are noticeably less for FY17. With a recent change in providers, the City will realize a \$63K or 30 percent savings in worker's compensation costs. The City's health insurance coverage for FY 2017 reflects an increase of approximately 8.2 percent with Blue Cross and Blue Shield of Florida. Unfortunately, healthcare costs continue to rise. In an effort to curtail the effects, the City elected to join Public Risk Management's Group Health Trust during FY 2016. Even though there was a moderate increase in premiums, staff believes the Health Trust lessened the impact that other municipalities experienced nationwide and will continue to provide affordable rates. Finally, life insurance coverage will be renewed at the same rate as in FY 2016.

Investments - Overall investment earnings are projected to remain relative flat from FY 2016. While liquidity and preservation of principle remain the primary focus of the City's investments, we continue to explore alternative means to increase the City's return on investments within the current investment policy.

Individual Fund Overview

The City prepares budgets for governmental and enterprise funds. The following section provides a brief overview of each fund.

Governmental Funds

General Fund - The proposed FY 2017 general fund budget is balanced at \$49,293,103, an increase of 14.3 percent over the FY 2016 budget. Overall the majority of the projected general fund revenues have remained relatively flat when compared to the amounts budgeted in FY 2016. Revenues with noticeable change include property taxes, funding from reserves and funding from other sources.

The general fund property tax revenues reflect an increase of approximately \$1.96 million or 25.8 percent over the preceding year. The FY 2017 proposed property tax millage rate of \$3.7876, reflects a 22 percent increase over the rolled-back rate of \$3.0916. The rolled-back rate represents the rate that would produce the same amount of property tax revenue as the prior year. Overall, the assessed value of all property located within the corporate limits of the City is estimated at \$2.6 billion by the end of FY 2016. The City estimates that the majority of the property tax revenue increase is attributable to the increase in new construction.

Funding from other sources totals \$5.1 million, an increase of \$2.9 million or 130 percent above FY 2016 budgeted amounts. This revenue will result from the financing of capital equipment which includes but is not limited to, twenty-six vehicles, a fire engine, an ambulance, a communications tower, an asphalt truck and a milling machine.

In the General Fund, we propose to expend \$1.792M of unrestricted reserves. Even with this proposed expenditure, we will maintain a balance of unrestricted reserves of 21.6 percent of the General Fund budget. This compares to a benchmark standard of 16.7 percent, or 2 months' worth of expenditures recommended by the Government Financial Officers Association.

The significant items included in this year's general fund are capital enhancements needed to continue the current level of service provided to our residents. While not intended to be an all-inclusive list of the additional projects and services that have been funded, the general fund budget as presented is unable to provide funding for the following service enhancements: Alonzo Williams Community Center, WiFi access points, or additional bathrooms and concession stands, playgrounds and parking spaces at the Northwest Recreation Complex.

Streets Improvement Fund - The proposed FY 2017 streets improvement fund budget is balanced at \$3,518,246, an increase of 17.5 percent over the FY 2016 budget. State statutes require a percentage of revenue-sharing dollars be used for street improvements. This year, that amount is estimated to be \$590,000. The City will continue the successful Department of Corrections inmate program through this fund, as well.

Transportation Impact Fee Fund - The proposed FY 2017 transportation impact fee fund budget is balanced at \$2,105,800, a decrease of 20.2 percent compared to the FY 2016 budget. The major projects in this fund relate to the improvements to Old Dixie Highway and Marden Road.

Recreation Impact Fee Fund - The proposed FY 2017 recreation impact fee fund is balanced at \$750,000, an increase of 127 percent over the FY 2016 budget. The increase in this fund is due to the proposed construction of a splash pad.

Stormwater Fund - The proposed FY 2017 stormwater fund is balanced at \$631,621, an increase of 7.5 percent over the FY 2016 budget. There is no change to the stormwater rates in FY 2017. The most significant expense for this fund reflects \$100,000 allocated for two new fountains in the Highland Manor Martin's Pond.

Grant Fund - The proposed FY 2017 grant fund budget is balanced at \$52,958, a decrease of \$231K compared to the FY 2016 budget. This includes JAG grant funding, Bulletproof Vest Program funding, and Byrne Grant funding. The City matching is \$6K.

Community Redevelopment Fund - The proposed FY 2017 community redevelopment fund budget is balanced at \$2,285,439, allocated for land acquisition and improvements in the downtown area. The expenditures planned for this fund will be committed under the direction of the Community Redevelopment Agency

Enterprise Funds

Utility Operating Fund - The proposed FY 2017 utility operating fund budget is balanced at \$18,547,969, an increase of 15.9 percent over the FY 2016 budget. The major reason for this increase in due to the new rate structure put into place during FY2016.

The new large dollar expenditure items included in this year's utility operating fund related to the following:

- Water, reclaim water and wastewater line upgrades
- Improvements to Mt Plymouth Lakes Well #1
- New utility maintenance trucks, including a Street Sweeper and a Vac-con Sewer Truck
- Utility software upgrades
- Replacement of Sodium Hypo-chlorite Feed System at the Plymouth WTP

Utility Impact Fee Fund - The proposed FY 2017 utility impact fee fund budget is balanced at \$21,137,000, an increase of 21.5 percent over the FY 2016 budget. The utility impact fee fund budget provides funding for infrastructure needs in water, wastewater, and reclaimed water projects. The majority of this year's expenditures relate to Phase II of the Sewer Treatment Facility construction, estimated to total \$50M.

Sanitation Fund - The proposed FY 2017 sanitation fund budget is balanced at \$5,207,300, a decrease of 2.6 percent below the FY 2016 budget. Fewer sanitation trucks were budgeted to be purchased in FY 2017, which explains the decrease.

Airport Fund - The proposed FY 2017 airport fund budget is balanced at \$386,930, a decrease of 17.2 percent over the FY 2016 budget. This is the second year the Airport has been functioning as an enterprise fund and the City continues to monitor the profitability of the airport FBO.

Capital Improvement Program

The City operates a Capital Improvement Program (CIP) to ensure adequate public facilities are in place as the City continues to grow. The overall CIP, with its five-year timeframe, includes both capital and infrastructure needs. Some of the major infrastructure projects include: expansion of the Southwest Water Treatment Plant, the Golden Gem Reuse Station, new proposed lift stations throughout the City, and various other water line expansions, road improvements, and drainage upgrades.

Distinguished Budget Presentation Award

The Government Finance Officers Association of the United States and Canada (GFOA) recently presented a Distinguished Budget Presentation Award to the City of Apopka for its

annual budget document dated September 23, 2015. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communications device.

This award is valid for a period of one year only. Fiscal year 2016 marks the tenth consecutive year the City of Apopka has received this award. We believe our current budget continues to conform to program requirements, and intend to submit it to the GFOA in pursuit of another award.

Conclusion

Last year we discussed the need to remain focused in order to achieve future success. We focused on what we could afford to do to maintain our quality of life during the most troubling economic situation in decades. During the year, we invested time and resources into expanding our economic development efforts, sustainability initiatives, planning for the future and keeping our community safe. Although economic indicators point to a recovery, history shows it could be a slow recovery process. This year we should continue to focus on economic development, sustainability and keeping our community safe as these proactive measures will position us to recover faster and ensure our future success.

We believe this budget is a prudent and responsible financial plan that funds the top priorities of the City Council and provides adequate funding to maintain our services and infrastructure. We hope you find this information useful in developing an understanding of the financial plan of the City of Apopka. As we strive to better serve our residents, we look forward to working with the City Council and the public to continue to build a strong financial base and to continue to make Apopka one of the finest communities in which to live, work and play.

Acknowledgements

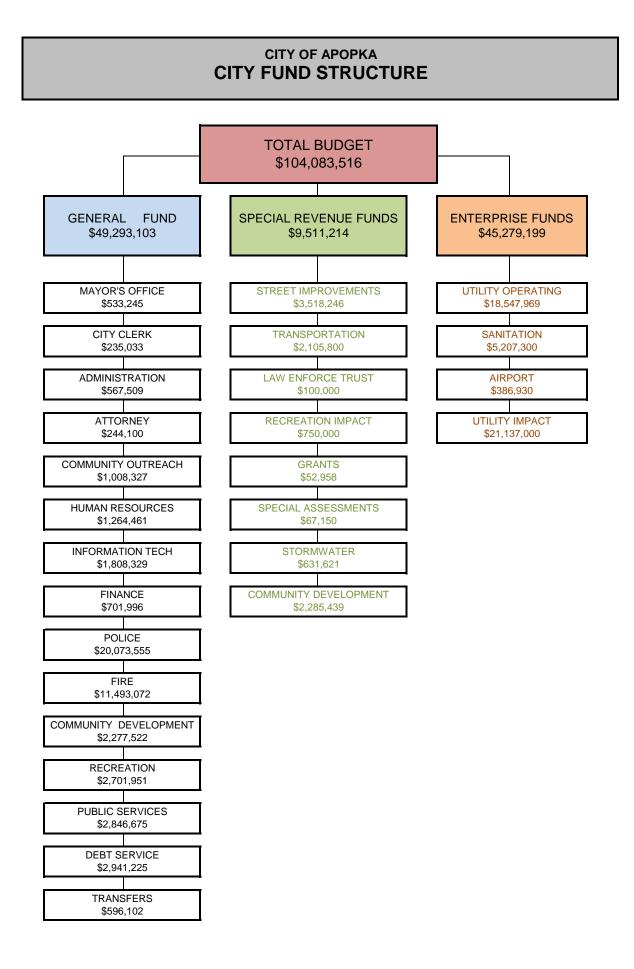

The preparation of this budget on a timely basis could not have been accomplished without the efficient and dedicated services of the Finance Department. We would like to express our appreciation to all members of the Department who assisted and contributed to its preparation. Also, appreciation is expressed to all employees throughout the City, particularly those employees who were instrumental in the successful completion of this annual operating and capital budget.

We would like to especially thank the Mayor and Commissioners for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Glenn A. Irby, MPA Chief Administrative Officer

Pamela N. Barclay, CPA Finance Director

AMENDMENTS AFTER ADOPTION:

In accordance with the State Statutes, Section 166.241, the City Council may amend a budget any time within a fiscal year or within 60 days following the end of the year. The Mayor is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total revenues, reserves, or expenditures of any fund must be approved by a majority vote on the City Council.

All appropriations, to the extent they are not expended or encumbered, lapse at the end of the fiscal year.

|---------|-----------------------------|---|----------------|
| 6 | Bunker Gear Extractor | Fire contaminants expose firefighters to cancer- causing carcinogens and eventually weaken the gear meant to protect them. Blood and body fluids can further expose them to deadly diseases. NFPA 1851 recommends washing soiled turnout gear immediately after exposure to fire or body fluids. The NFPA also warns against cleaning gear in homes or public laundries to avoid cross-contamination. | 7,500 |

|------|---|--|--------------|
| | Replacement ambulance | The department is currently in a three year replacement schedule of three older model ambulances from years 2003, 2004, and 2005. This plan was outlined a few years ago in the EMS five year capital projects. This past budget year, the department added an additional ambulance (A5) to it's fleet bringing the current number of units to 10. This replacement ambulance will be required to have the new state DOT required stretcher mounting system and crew restraints which is a \$20,000 increase from last year. Older trucks were fitted with the new Stryker patient restraint system last year. | 170,00 |
| | | The department has seen a significant increase in the number of patients transported to area hospitals over the last five years as shown below: | |
| | | 2011 total patients treated= 4093 2012 total patients treated= 4390 2013 total patients treated= 4584 2014 total patients treated= 4779 2015 total patients treated= 4955 2015 transport revenue as of 4/11/16 was \$1,132,120 or about 69% (collection rate) of billed patients. *******To be Financed****** | |
| | Fire Com headset system for new ambulance | Paramedics communicate with each other and area hospitals through a radio headset system installed in each ambulance. This also offers the crew hearing protection from the sirens. | 2,20 |
| | | Eliminated to Balance Budget | \$ (2,20 |
| | Stryker Power Load stretcher with seven year service plan | All newly constructed ambulances must comply with new DOT standards for patient and crew restraint systems. The department upgraded all newer ambulances last year to meet this standard. All future ambulances including this vehicle must comply with the new standards. | 24,49 |

| Item | Description | Justification | Estimated Cost |
|------|------------------------|---|------------------|
| 1 | Develop Marketing Plan | Develop Apopka marketing plan. Vision Economic Development Plan Policy 1.a.states simultaneous with economic development improvements through 2018, create a plan and implement a focused, city- led business marketing and branding campaign (unique among competing cities). This is also addressed in Quality of Life and Places Vision policy 2 which states: Beginning in 2016, establish a five-year "Welcome to Apopka Come Grow With Us" branding and marketing campaign celebrating small-town traditions and establishes reputation for small-town qualities, outdoor living/lifestyles; an appreciation of the natural environment; sustainable production of locally grown food; patriotism; embracing visitors and diverse heritages and faith-based lifestyles. The program, which may include advertising collateral and buys, logo design, signage design, business partnerships, etc. This is also required by policies within the comprehensive plan | 130,000 |
| 2 | Market Demand Study | ADJUSTED BY COUNCIL Develop Market Demand Study Vision Plan Economic Development Policy 2.a.vi.and viii; and vii. which states . Build upon the Angelos Study, conduct a new market demand study, b) land use suitability analysis, to determine targeted industries, including potentially new fine-dining and family-style restaurants. Conduct a facilitated Developer Roundtable testing the results of the market analysis and gauging interest, propensity for investment and risk, and potential incentives package, i.e., land compatibility assessments (zoning/ land use compliance), etc. | (5,000 65,000 |

| Item | Description | Justification | Estimated Cost |
|------|--|--|----------------|
| 3 | EastshoreActivity Hub Masterplan | Develop Masterplan to incorporate East shore and hospital for development by 2020. Economic development Vision Policy 5 which states: East shore Activity Hub: Beginning in 2017, design and complete development by 2020, as an eco-tourism activity hub, interconnecting with the new hospital and Healthy District theme. Also Infrastructure and Growth Leadership Vision Policy 6.a states: Small Area Plan: By 2018, establish, through Council adoption, a Small Area Plan (SAP) designating a "Healthy Hub", including and surrounding the new Hospital, and the east shore of Lake Apopka. The SAP should attract "high tech" business, higher education facilities and promote eco-tourism. | 150,000 |
| | | ADJUSTED BY COUNCIL | (15,000) |
| 4 | Annexation Study | Economic Development Vision Policy 6 which states: By 2020, complete an annexation study to evaluate desirable annexation areas, in concert with City-County Joint Planning Agreement. | |
| | | ELIMINATED BY COUNCIL | · · · · · · |
| 5 | Land Use Sustainability Study | Economic Development Vision Policy 2.a.vii statesBuild upon the Angelos Study, conduct a new market demand study, est. cost \$30K; and, b) land use suitability analysis, to determine targeted industries, including potentially new fine-dining and family-style restaurants. | 30,000 |
| | | ELIMINATED BY COUNCIL | |
| 6 | Develop Construction Plans for Parking lot north of City Hall | Infrastructure and Growth Leadership Vision Policy 1.b. states: Parking Area Redesign: Redesign, re-engineer and re-program the parking area behind the Chuck Wagon restaurant, and the feed store (at Park Avenue and Fifth Street). Re- design concepts include: Facing the businesses to the rear, adding an ice cream store, small shops, and a center kiosk for musicians, (such as for blue grass musicians), coffee shops and cafés that offer outdoor seating and dining. Also, create covered parking, and include solar paneling to provide power to surrounding infrastructure | 50,000 |
| | l | Moved to CRA | (50,000) |

| Item | Description | Justification | Estimated Cost |
|------|----------------------------------|--|---------------------------------|
| 7 | Update CRA plan | Economic Development Vision policy 3.d. By 2017, update the existing outdated 1993 CRA Plan (Est. cost \$75K for outside consultant) with focus areas: business assistance, design guidelines, façade improvement program, parking deficiencies, and cafe dining. This is also included in Infrastructure and Growth Leadership Vision Policy 1.a. which states: Update of the CRA Plan to include a Downtown Master Plan (See CRA discussion in Economic Development), which may include: | 75,000 |
| | | <i>i.</i> Parking, theming, desired uses, cultural and arts, public safety, architectural character, landscape design, programming, i.e., farmer's market, youth events, etc., infrastructure needs, including water, sewer, telecommunications, utilities, lighting, gas, undergrounding, and solving parking and transportation circulation challenges, e.g., US 441 pass through traffic and pedestrian friendly design. Also, include greenhouses at Billy Dean Community Garden. | |
| 8 | Urban Designer Engineer | Moved to CRA Infrastructure and Growth Leadership Vision Plan Policy 1.b.ii states: Employ an urban designer/engineer on staff or outsource. The suggestion is to outsource this service. The costs associated with this will be utilized based upon the specific tasks assigned to the individual or firm. | <mark>(75,000)</mark> 75,000 |
| 0 | Mahility Fac | ELIMINATED BY COUNCIL | |
| 9 | Mobility Fee | Vision Infrastructure policy 2 | 50,000 |
| 10 | Entry Feature / Wayfinding Signs | Infrastructure and Growth Leadership Vision Plan Policy 5 states : Design, permit, and construct gateway entry and wayfinding features (future annexations may impact location). Font on signage should mimic that used on the City of Apopka's seal/logo. This is the cost to design all signage in specific locations. ELIMINATED BY COUNCIL | (100,000) |

| Item | Description | Justification | Estimated Cost |
|------|--|---|----------------|
| 11 | Update Land Development Code | This funding is to complete the work begun in FY 16. The allocation in FY 16 was sufficient to begin the process, but to complete the code update along with the development of the form based code, additional funding will be necessary. | 100,000 |
| 12 | Evaluation and Appraisal Process for the Comprehensive Plan | By August of 2017, the city is required to conduct an evaluation of its entire comprehensive plan and report to the State the status of the plan and steps tha have been taken to implement the policies. A cursory evaluation has indicated that many policies are not in compliance, others are partially addressed while some have been implemented. Additionally, the Vison plan requires the comprehensive plan to be amended to address specific policies contained within the plan. This evaluation must be completed nd transmitted to the state or the city will be prohibited from amending the plan. | 50,000 |
| | | City Administrator's Adjustment | (505,000) |
| | | ADDED BACK BY COUNCIL | 505,000 |

| | Work Boots for Field Staff | Field staff needs sturdy, safe and reliable protective footware while working in construction sitesi n the field. \$150.00 per inspector. | 150 |
| | Staff Uniforms | It is critical that we begin to reshape our image in the office and the field. Due to the amount of interaction Engineering Division Staff has with the public it is imperitive that we present a professional appearance at all times. It is especially important for field staff to be easily identifiableby contractors and homeowners when ariving to a site or knocking on a door. Office staff should also present a professional appearance to the public. This not only builds a sense of team and comradery, it also contributes to elevating the brand of Apopka.5 uniforms per staff member. 2 staff member @60.00 per uniform | 600 |

| | Work Boots for Field Staff | Field staff needs sturdy, safe and reliable protective footwear while working in construction sties n the field. \$150.00 per inspector. | 750 |
| | Field Uniforms for staff | It is critical that we begin to reshape our image in the office and the field. Due to the amount of interaction Building Division Staff has with the public it is imperative that we present a professional appearance at all times. It is especially important for field staff to be easily identifiable by contractors and homeowners when arriving to a site or knocking on a door. Office staff should also present a professional appearance to the public. This not only builds a sense of team and comradery, it also contributes to elevating the brand of Apopka. | |
| | | 5 uniforms per staff member. 11 staff members @60.00 per uniform | 3,300 |

| Line Item # | 6400 | |
| Line Item Description | Equipment & Machinery | |

| ltem | Description | Justification | Estimated Cost |
|------|---|---|----------------|
| 1 | Asphalt Truck New | With deteriorating roads, the ability to patch with hot asphalt is extremely important. Currently we waste hot asphalt in transportation and waiting to use. An asphalt truck would allow staff to patch holes quickly and safely with less waste. The truck would allow the asphalt to be kept warm all day lone helping to eliminate waste and increase efficiency. | 120,000 |
| 2 | Skid Steer-Milling Machine-Jack Hammer New | TO BE FINANCED In order to adequately fix and patch holes, milling or the removal of asphalt this equipment is necessary. A skid steer with a milling machine attachment and a jackhammer would allow staff to prepare failing areas of asphalt for the hot asphalt, which will help keep the roads in better shape and have the repairs last longer. TO BE FINANCED | 80,000 |
| 3 | Laptops (5) | Laptop Requests For Public Services Water, Waste Water Maintenance and Streets Maintenance Members With LTE Capabilities. | 5,000 |

| Line Item # | 5200 | |
| Line Item Description | Operating Supplies | |
| | | |

| Item | Description | Justification | Estimated Cost |
|------|--|---|----------------|
| 1 | Antero Maintenance Software Annual Support | Annual support renewal for the Antero Maintenance Software package | 750 |
| 2 | Asbestos Analysis (5 @ \$200/ea.) | Asbestos analysis mandated by the DEP | 2,000 |
| 3 | Bacteriological Testing Supplies | Supplies for conducting routine compliance, boil water advisory and customer requested bacteriological testing | 5,000 |
| 4 | Bee & Wasp Spray (6 cases @ \$100/ea.) | Bee & wasp spray for removal of nests on the Water Plants' tanks and buildings | 600 |
| 5 | Bleach pump sprayers (4 @ \$20) | Bleach pump sprayers used for cleaning and disinfection of the Water Plants' ground storage tank aerators | 80 |
| 6 | Broken Tool Replacement | Replacement of broken tools used in Water Plant maintenance and repairs | 1,500 |
| 7 | Calcium Hypochlorite-HTH (15 buckets @ \$175) | Calcium hypochlorite tablets and granular HTH for maintenance of the Water Plants' tank aerators and disinfection of wells | 2,625 |
| 8 | Chart Recorder Pens/Ink Cartridges/Paper | Pens, ink cartridges and chart paper for the Water Plants' chart recorders used in trending the daily plant operations | 5,000 |
| 9 | Chlorine Residual DPD Reagents (16 @ \$100) | DPD free chlorine residual reagents for testing field chlorine residuals in bacteriological sampling, distribution system monitoring and customer requests | 1,600 |
| 10 | ClearScada Software Annual Support | Annual support renewal for the ClearScada Software package | 2,200 |
| 11 | CUP Major Ion Analysis (10 @ \$150) | SJRWMD CUP Mandate - Condition #51 of CUP #3217 | 1,500 |
| 12 | Customer Requested Drinking Water Analysis | Customer requested drinking water analysis for the resolution of water quality complaints | 500 |

| Item | Description | Justification | Estimated Cost |
|------|---|---|----------------|
| 13 | Disinfectant Wipes (6 cases @ \$50) | Disinfectant wipes for use by the Water Plant operators when conducting compliance sampling | 300 |
| 14 | Disinfection Byproducts Analysis (16 @ \$125) | Disinfection byproducts analysis mandated by DEP Rule 62-550.514 F.A.C. | 2,000 |
| 15 | Drinking Water Laboratory Proficiency Testing (2 @ \$600) | Semi-annual drinking water laboratory bacteriological proficiency testing mandated by DOH Rule 64E-1.106(6) F.A.C. | 1,200 |
| 16 | Hand Soap & Toiletries | Hand soap and toiletries for the restrooms on all Water Plants | 500 |
| 17 | Herbicide Weed Killer (2 drums @ \$500/drum) | Herbicide weed killer for maintaining the grounds and fence lines on the Water Plants | 1,000 |
| 18 | Janitorial Supplies | Janitorial supplies for keeping the Water Plants' buildings clean | 500 |
| 19 | LaMotte Model 1200 Chlorine Colorimater | Chlorine colorimeter for testing chlorine residuals on the plants for calibration of analyzers, distribution system testing, and customer requests | 500 |
| 20 | Landscape Maintenance Supplies | Landscape maintenance supplies for the Water Plants' grounds maintenance | 2,000 |
| 21 | Latex Gloves | Latex gloves for the operator's use with sample handling | 200 |
| 22 | Lead & Copper Analysis (70 @ \$25/ea. & Water Quality Parameters Analysis (14 @ \$50/ea.) | Lead & Copper analysis mandated by the DEP | 2,450 |
| 23 | Motorola Radio Batteries (5 @ \$90/ea.) | Replacement batteries for the Water Plants' communication radios | 450 |
| 24 | Nitrate/Nitrite Analysis (5 @ \$50) | Nitrate/Nitrite Analysis mandated by DEP Rule 62-550.512 F.A.C. | 250 |
| 25 | Painting Supplies | Painting supplies to maintain the aesthetic appearances of the buildings, pumps and piping on the Water Plants | 2,500 |
| 26 | pH Buffers | pH buffers used in the calibration and maintenance of the Water Plants' pH meters and analyzers | 500 |

| Item | Description | Justification | Estimated Cost |
|------|---|--|-----------------|
| 27 | Primary, Secondary, & VOC Analysis (5 @ \$500/ea.) | Primary, Secondary, & VOC analysis mandated by DEP | 2,500 |
| 28 | Radiologicals Analysis (5 @ \$200/ea.) | Radiologicals Analysis mandated by the DEP | 1,000 |
| 29 | Rubber Boots & Rain Gear (3 @ \$50) | Personal protective equipment for working in inclement weather and wet areas for the Water Plant operators | 150 |
| 30 | Safety Shoes (7 @ \$150) | Safety shoes provided to the employees to reduce workplace injuries in the performance of their duties | 1,050 |
| 31 | SOC Analysis (10 @ \$600/ea.) | SOC analysis mandated by the DEP | 6,000 |
| 32 | Sodium Hypochlorite (180,000 gal. @ \$0.576/gal.) | Sodium hypochlorite used for drinking water disinfection on five Water Plants | 103,680 |
| 33 | Uniforms (5 @ \$3.74/wk. & 1 @ \$6.74/wk.) | City provided uniforms for the Water Plants' staff | 1,325 |
| 34 | Water Hoses (2 @ \$50) | Replacement water hoses for the Water Plants for use in plant cleaning and maintenance | 100 |
| 35 | Water Sample Bags/Containers | Water sample bags and containers for collecting bacteriological samples throughout the water system City Administrator's Adjustment | 1,000 19,320 |

| 4 | Chlorination System Maintenance & Repair Parts | Parts and materials to maintain the chlorination systems at the WRF, North Reuse Pump Station and North Shore Treatment Plant | 9,000 |
| 5 | Copier Maintenance | <i>Maintenance charges for the copier at the</i> WRF Lab | 1,200 |
| 6 | Electrical, Instrumentation and Controls Maintenance & Repair Parts | Parts and materials for maintaining the electrical, instrumentation and control systems at the WRF, North Reuse Pump Station, and North Shore Treatment Plant | 15,000 |
| 7 | Emergency Generator Maintenance & Repairs | Maintenance and repairs to the emergency generators (6) located at the WRF, North Reuse Pump Station and North Shore Treatment Plant | 15,000 |
| 8 | Fire Extinguisher Service | Annual fire extinguisher service for the WRF, North Reuse Pump Station and North Shore Treatment Plant | 300 |
| 9 | Pump, Motor and Gear Drive Repairs (10 @ \$4,000/each) | Repairs to pumps, motors and gear drives at the WRF, North Reuse Pump Station, NW Pond Pump Station, and the North Shore Treatment Plant | 40,000 |

| Item | Description | Justification | Estimated Cost |
|------|---|---|--------------------|
| 10 | Reclaimed Water Storage Pond Maintenance | Maintenance of the reclaimed water storage ponds includes liners maintenance and repairs, fountain maintenance and aquatic vegetation maintenance | 12,500 |
| 11 | SCADA System Maintenance and Repairs | Maintenance and repairs to the SCADA system for the WRF, North Reuse Pump Station and North Shore Treatment Plant. The SCADA system is required by DEP to satisfy a variance in the operating permit to eliminate the third shift requirement and the use of an after-hours on-call operator instead. | 5,000 |
| 12 | WRF Reuse Ground Storage Tank #2 Coating | The existing coating has deteriorated due to the elements and needs recoated to protect the concrete against hydrogen sulfide exposure from the WRF and the weather elements. City Administrator's Adjustment | 25,000 (18,500) |

| Total Cost | \$ 134,000 |

Wastewater Plant 3121-535

5200 Operating Supplies

| Item | Description | Justification | Estimated Cost |
|------|---|--|----------------|
| 1 | Alum, Liquid (6 drums @ \$175/ea.) | Liquid alum for use in effluent treatment as a filter aid to reduce TSS in the reclaimed water. | 1,050 |
| 2 | Annual Lab Instrument Calibration Services | Calibration services for lab equipment in accordance with the lab certification requirements | 1,400 |
| 3 | Autoclave Maintenance Supplies | Maintenance supplies for the lab autoclave for cleaning and sterilization of all labware | 500 |
| 4 | Bee & Wasp Spray (6 cases @ \$100) | Bee & wasp spray for removal of nests on the WRF tanks and buildings | 600 |
| 5 | Belt Press Polymer (15 totes @ \$3,000/tote) | Belt press polymer is essential in the operation of the press to dewater the sludge into a cake for disposal | 45,000 |
| 6 | BOD/COD/CBOD Lab Supplies | BOD and CBOD are DEP Operating Permit required analyses for the WRF reclaimed water effluent and Pretreatment Program | 2,000 |
| 7 | Boots/Rain Gear (3 @ \$55/ea.) | Personal protective equipment for working in inclement weather and wet areas for the WRF operators | 165 |
| 8 | Broken Tool Replacements | Replacement tools for items that may be broken during the normal course of working on the treatment plants. | 2,000 |
| 9 | Calcium Hypochlorite - HTH (24 buckets @ \$175/bucket) | HTH is used for cleaning and disinfecting tanks and operating areas throughout the WRF and aiding in odor control | 4,200 |
| 10 | Chloride Testing Supplies | Chloride is a DEP Operating Permit required analysis for groundwater monitoring wells quarterly sampling | 300 |
| 11 | Compliance Monitoring Well Sampling (4 qtrs. @ \$840/qtr.) | Quarterly monitoring well sampling is a DEP Operating Permit requirement for four wells at the WRF, one well at the Rock Springs Ridge Pond 8 Reclaimed Water Pond, and the Northwest 83 MG Reclaimed Water Pond | 3,360 |
| 12 | Conductivity Testing Supplies | Conductivity is a DEP Operating Permit required analysis for groundwater monitoring wells quarterly sampling | 600 |

| Item | Description | Justification | Estimated Cost |
|------|--|--|----------------|
| 13 | DI Water Quality Analysis (12 @ \$45) | DI water quality analysis is a requirement of the lab certification to be able to use it in blank and control tests in wastewater analysis | 540 |
| 14 | DI Water Service | DI Water service is a requirement of the lab certification in running blank and control tests on all analyses conducted in the lab | 3,000 |
| 15 | Disinfectant Wipes (12 cases @ \$50/case) | Disinfectant wipes for use by the WRF operators when conducting compliance sampling and working with the wastewater | 750 |
| 16 | Dissolved Oxygen Probes | YSI dissolved oxygen testing probe for plant operations process control testing and lab BOD/CBOD testing | 750 |
| 17 | Fecal Coliform Testing Supplies | Fecal Coliform is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 4,500 |
| 18 | Glassware for Lab Testing | Replacement glassware for items that may be broken while conducting lab analysis Disinfecting hand soap for the operators to | 1,500 |
| 19 | Hand Soap (18 gal. @ \$50/gal.) | maintain personal cleanliness when working with and around the wastewater | 900 |
| 20 | Herbicide (120 gal. @ \$20/gal.) | Herbicide for maintaining weed control around the WRF, North Reuse Pump Station, North Shore Treatment Plant and all associated fence lines | 2,400 |
| 21 | Janitorial Supplies and Toiletries | Janitorial supplies and toiletries for the restrooms at the WRF, North Reuse Pump Station and North Shore Treatment Plant | 300 |
| 22 | Lab 150 mL Funnels | Funnels for running TSS and Fecal/Total Coliform analyses Use of a certified NIST thermometer is a | 800 |
| 23 | Lab NIST Thermometer | NELAC requirement in conducting lab testing on wastewater samples | 800 |
| 24 | Laboratory Proficiency Testing | This is a requirement of the WRF lab certification to conduct proficiency testing twice per year on wastewater samples | 1,200 |
| 25 | Latex Gloves (12 cases @ \$50/case) | Latex gloves for operator personal safety and hygiene in working with wastewater | 600 |
| 26 | Light Bulbs for Lab Testing Equipment | Replacement light bulbs for lab equipment | 300 |
| 27 | Lime (125 bags @ \$7.00/bag) | Lime is used in disinfecting wastewater spills and clean-up | 875 |
| 28 | Motorola Radio Batteries (3 @ \$90) | Replacement batteries for City radios | 270 |
| 29 | Nitrate/Nitrite Analysis (24 @ \$45/ea.) | Nitrate/Nitrite is a DEP Operating Permit required analysis for groundwater monitoring wells quarterly sampling | 1,080 |

| Item | Description | Justification | Estimated Cost |
|------|---|--|----------------|
| 30 | Odor Control for the WRF Pretreatment Rag & Grit Dumpsters (4 qtrs. @ \$1,500/qtr.) | Odor control for the dumpsters at the WRF pretreatment structure is essential to maintaining quality aesthetic conditions at the WRF to protect the adjoining residents from | 6,000 |
| 31 | Odor Eliminator for Sludge Digesters (300 gal. @ \$12.50/gal.) | foul and objectionable odors Odor control chemicals for use on the WRF sludge digesters | 3,750 |
| 32 | Office Chairs (4 @ \$250) | Replacement office chairs for the WRF operators building. The existing furniture is old and worn out, in need of replacement Oils, greases and lubricants for maintenance | 1,000 |
| 33 | Oils, Greases and Lubricants | of pumps, motors, and gear boxes at the WRF, North Reuse Pump Station, North Shore Treatment Plant and Northwest RW Pond Pump Station Painting maintenance supplies for | 6,000 |
| 34 | Painting Maintenance Supplies | maintenance of the aesthetic appearances of the WRF, North Reuse Pump Station, and North Shore Treatment Plant | 5,000 |
| 35 | Paper Towels (26 cases @ \$30/case) | Paper towels for the operators to maintain personal cleanliness when working with and around the wastewater | 780 |
| 36 | pH Testing Supplies | pH is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 1,200 |
| 37 | Pretreatment Program Annual DMR Sampling | The Pretreatment Program annual sampling is a DEP Operating Permit required analyses for the WRF reclaimed water effluent, Triquint Semiconductor and List Industries | 2,500 |
| 38 | Pretreatment Program Customer Outreach and Education Program | Materials for the Pretreatment Program Customer Outreach and Education Program | 1,000 |
| 39 | Pump Sprayers (4 @ \$50) | Pump sprayers for spraying herbicide around the plant landscapes and bleach for plant cleaning and maintenance | 200 |
| 40 | QA/QC Testing Supplies | Quality Assurance/Quality Control testing supplies for all wastewater analyses run in the lab, including bacteria controls, verification broths/agars, LCS standards, gel standards, Prospore ampules) | 3,500 |
| 41 | Quarterly Sludge Analysis (4 @ \$250) | Quarterly sludge analysis for Sludge Hauling Contract and Pretreatment Program | 1,000 |
| 42 | Replacement Labware | Replacement labware including pipettes, test tubes, sample racks | 500 |
| 43 | Replacement pH Probe | Replacement pH probe for testing reclaimed water effluent per DEP Operating Permit | 800 |

| Item | Description | Justification | Estimated Cost |
|------|--|--|----------------|
| 44 | Safety Shoes (14 @ \$150) | Safety shoes provided to the employees to reduce workplace injuries in the performance of their duties | 2,100 |
| 45 | Sodium Hypochlorite (150,000 gal. @ \$0.576/gal.) | Sodium Hypochlorite for the disinfection of reclaimed water at the WRF, North Reuse Pump Station, and North Shore Treatment Plant | 86,400 |
| 46 | Sprayfield Riser Piping | Riser piping to repair and replace broken piping in the WRF South Sprayfield #5. Maintenance of the sprayfield is a requirement of the FDEP Operating Permit. | 1,000 |
| 47 | Sprayfield Sprinkler Heads (60 @ \$65/ea.) | Sprinkler heads for the maintenance and upkeep of the WRF South Sprayfield #5. Maintenance of the sprayfield is a requirement of the FDEP Operating Permit. | 3,900 |
| 48 | Total Chlorine Residual Testing Supplies | Total chlorine residual is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 1,600 |
| 49 | Total Nitrogen Analysis (160 @ \$45/ea.) | Total Nitrogen is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 7,200 |
| 50 | Total Phosphorus Analysis (52 @ \$15/ea.) | Total Phosphorus is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 780 |
| 51 | Total Suspended Solids Testing Supplies | Total suspended solids is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 1,750 |
| 52 | Tubing for Automatic Samplers | The tubing on the automatic samplers requires replacement twice per year to maintain the integrity of each wastewater sampling event | 1,000 |
| 53 | Turbidity Testing Supplies | Turbidity is a DEP Operating Permit required analysis for the WRF reclaimed water effluent | 600 |
| 54 | Uniforms (10 @ \$3.74/wk. & 4 @ \$6.74/wk.) | City provided uniforms for the WRF staff | 3,347 |
| 55 | <i>\$6.74/wк.)</i> Water Coolers (1 @ \$40) | Replacement water cooler | 40 |
| 56 | Water Hoses (8 @ \$50) | Replacement water hoses for use in cleaning | 400 |
| | | and maintenance of the WRF City Administrator's Adjustment | 16,879 |

| 1 | Moisture Analyzer | The existing muffle furnaces are approximately 23 and 24 years old and are working intermittently. The new moisture analyzer provides the lab with the ability to perform volatile solids and total solids tests on the sludge to determine the effectiveness and efficiency of the WRF digester sludge process. The total solids test is a DEP requirement and is reportable on the monthly Discharge Monitoring Report. The volatile solids test will be required to determine Class A or AA sludge certification. | 5,000 |
| 2 | NEW Ford F150 Pickup Truck (CNG) | This vehicle will replace Unit# 18-0512, a 1998 Ford Ranger, due to age and wear of the truck. | 35,000 |
