Good morning Beaufort County Finance Committee,

I am writing in reference to your agenda items for tomorrow's meeting and the Impact Fees that are being revisited. I know this has been of great concern for both the Hilton Head Area Association members, as well as the municipalities, as they are trying to weigh the total financial burden on their future residents, as these impending fees are passed along to them, and not any of the current residents. How can we argue for affordable and workforce housing, and at the same time, pass along fees on new construction that completely prices these essential workers out of the market? It's not the new residents who can afford these increased fees, but the workforce citizens who are needed to build it that we worry about. The current housing market prices are already outrageous, and when the County's school impact fee was passed without IGA's in place, those affected south of the Broad in unincorporated Beaufort County, scrambled to fold the new fee into their loans. Some banks were willing to help them make that \$9,535 fee become over \$15K on a 30 year mortgage payment, but others weren't able, and the homeowner was left battling the builder to pay it by coming out of pocket. This isn't an option for so many, and they have to walk away completely. We're only hurting the ones needed to build the homes, teach in the schools, join the first responders, and help in our large food & beverage industry.

I hope you will look closely and ask a lot of questions before making your decisions, and consider the impact of these fees as a whole. We need to make sure there are exclusions for our workforce (80-120% included) and that there is a clear understanding of how they will be assisted. What exactly do these processes look like? Is there an application? What's on it? Who qualifies? How much money is there to help those who need assistance?

Another question; have all of the municipalities provided an updated capital project lists? And if so, is this how these fees have been re-calculated? How have the fee schedules changed from TischlerBise's original study versus current student enrollment. At first glance back at the study it doesn't appear that the fee schedules have changed and we are missing the inclusion of changes to existing Transportation Impact Fee and also New Solid Waste Impact Fee.

We appreciate your discernment and look forward to the discussions that abound.

If I may be of assistance in providing any information I am happy to do so.

Kindest regards,

Meg James

To the Chairman, Members of Beaufort County Council,  
And Citizens of Beaufort County  
Beaufort, South Carolina

Presented herein is the Annual Comprehensive Financial Report of Beaufort County, South Carolina (the “County”) for the fiscal year ended June 30, 2021. This report has been prepared by the County’s Finance Department, and the responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County’s financial affairs are included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Mauldin & Jenkins LLC, a firm of licensed certified public accountants, has issued an unmodified (“clean”) opinion on the County’s financial statements for the year ended June 30, 2021. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (“MD&A”) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

**PROFILE OF LOCAL GOVERNMENT**

Beaufort County, which was founded in 1769, operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of Beaufort County that are controlled by this governing body, and are considered to be the “reporting entity” known as Beaufort County. The services provided by this reporting entity, and therefore reflected in this financial report, include, but are not limited to: General Government (general administrative services, tax assessment and collection, courts and criminal justice administration, economic development); Public Safety (law enforcement, detention center, emergency medical services, emergency management, building codes enforcement, animal services); Public Works (facilities and grounds maintenance, roads and drainage, engineering, solid waste); Public Health (mosquito control, alcohol and drug abuse programs, disabilities and special needs programs, various subsidies); Public Welfare (veterans services, social services, various subsidies); and Cultural and Recreation (library, parks and recreational services, education subsidies).

In light of GASB Statement 61, *The Financial Reporting Entity*, the County has excluded the school district, the various public service districts, the fire districts, and the municipalities located within its boundaries as County Council does not exercise oversight responsibility, and accordingly each entity has sufficient discretion in the management of its own affairs. The County Treasurer does collect property taxes and other forms of revenue on behalf of these other political entities. The results of the fiduciary responsibility are reported on the combined financial statements as Custodial Funds.

## **LOCAL ECONOMY**

Beaufort County is located in the southeastern corner of the State of South Carolina, known as the “Lowcountry.” With a total area of approximately 923 square miles, of which approximately 576 square miles or 62% is land and approximately 347 square miles or 38% is water, it is bordered to the south and east by the Atlantic Ocean, to the west by Jasper County, and to the north by Hampton and Colleton Counties. Beaufort County stretches nearly 30 miles along the Atlantic Ocean and includes 64 major islands and hundreds of small islands.

The County is one of the fastest growing areas in South Carolina, with an estimated population of 187,117 in 2020, up from 162,233 in 2011 and 89,273 in 1991. The County is a center for tourism, retirement and the associated services, and the military in South Carolina. The County has a balanced and very stable economy, created by a diversity of public and private employers, with the unemployment rate well below the statewide average and that of the neighboring counties. The local tax base has grown an average of approximately 2% per year over the last five years (discounting the reassessment years).

In addition to the established resort community of Hilton Head Island, there are several major developments established in southern Beaufort County. These developments include Sun City Hilton Head, with more than 15,000 residents expected at build-out; Spring Island, Callawassie Island, Colleton River Plantation, Belfair, Berkeley Hall, Palmetto Bluff and Westbury Park. As expected, these developments have sparked an increase in commercial construction along the Highway 278 corridor, including a Home Depot, a Lowe’s, an expanded Factory Outlet Mall, a Dick’s Sporting Goods store, a Target department store, Sam’s Club Wholesale store, Wal-mart and several major supermarkets. Likewise, in northern Beaufort County, communities continue to develop at Dataw Island, Lady’s Island, Cat Island, Brays Island, and Habersham and throughout the City of Beaufort, as well as the Town of Port Royal.

Beaufort County is also the location for three major military installations, the U.S. Marine Corps Recruit Depot located at Parris Island, the Marine Corps Air Station-Beaufort, and the Beaufort Naval Hospital. These locations have benefited by the Department of Defense closing certain other military bases in the nation.

## **MAJOR INITIATIVES**

Our number one goal is to make sure that Beaufort County remains financially sound and that we maintain a respectable contingency account to take care of the true emergencies that do arise from time to time; and to provide for a sufficient fund balance to enable our cash flow to carry us through those months prior to the billing and collection of property tax revenues. We have taken a systematic, businesslike approach to the running of Beaufort County. Additionally, we want to preserve our current “Aa1” Moody’s and “AA+” Standard & Poor’s bond ratings.

In December 2018, the County formally adopted written financial policy guidelines. This document provides policies and guidance for the County's operating budget, capital improvement projects ("CIP") budget, financial reserves including the general fund and debt service fund and a cash management and investment policy.

In December 1997, the County adopted a Comprehensive Plan for Beaufort County. A portion of this plan is a comprehensive land use study which proposes various "preservation areas and greenways". As a result, the County taxpayers approved five bond referendums totaling \$160,000,000 for the purchase of rural and critical lands. The County has issued the entire \$160 million of General Obligation bonds approved by the referendums. The County had expenditures of \$1,796,954 for this initiative during fiscal year 2021. The Comprehensive Plan was adopted again on November 15, 2021.

In November 2006, County voters approved a 1% sales tax referendum, with the proceeds, along with County road impact fees, funding various major road projects throughout Beaufort County. This 1% sales tax ended in 2013. These projects include the expansion of the Bluffton Parkway, Boundary Street improvements and the widening of South Carolina Highway 170. In addition to the sales tax and impact fee revenue, the County has obtained partial grant funding for these projects as well. The County had expenditures of \$78,791 for these projects during fiscal year 2021.

In November 2018, County voters approved a 1% sales tax referendum that became effective in May 2019 and will be in place for four years, or until a total of \$120 million in resulting revenue has been collected. This revenue will fund the repair and/or replacement of the Hilton Head Island bridge, roadway traffic improvements between the Woods Memorial Bridge and the Chowan Creek Bridge as outlined in the Lady's Island Corridor Study dated May 19, 2017, and install and repair sidewalks and multi-use pathways at multiple locations within Beaufort County to provide safe walking routes to schools and improved access to residential communities. The County collected a total of \$100,365,137 in sales tax from the referendum. The related expenditures for these projects in 2021 were \$1,548,673. Due to strong collections since inception, the County anticipates full collection and thus, early retirement of this tax by December 31, 2021.

### **LONG-TERM FINANCIAL PLANNING**

In November 2014, the County issued \$19,450,000 of general obligation bonds bearing interest rates of 2.0% to 3.25% and with varying maturity dates through 2034. The proceeds of these bonds are currently being used for various planned facility upgrades including roof replacements, HVAC replacement, technology upgrades, a new Animal Services Facility that is centrally located within the County, as well as Hilton Head Island Airport Projects. The County had expenditures of \$20,000 for these projects during fiscal year 2021.

In March 2016, the County issued \$17,950,000 of general obligation advance refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2027. The bond proceeds were used to advance refund \$18,375,000 of outstanding 2007A general obligation bonds which had interest rates ranging from 4.0% to 4.75%.

In 2017, the County issued \$51,000,000 of general obligation bonds bearing interest rates of 3.13% to 5% and with varying maturity dates through 2037. \$31 million of the proceeds of these bonds will be used for various County and Stormwater Utility capital projects and \$20 million of the proceeds of these bonds will be used for the County's rural and critical land projects, as approved by referendum in November 2014. During fiscal year 2021, the County had expenditures of \$5,514,090 related to the capital projects funded by these bonds.

In 2019, the County issued \$11.25 million of general obligation bonds bearing interest rates of 2.75% to 5% and with varying maturity dates through 2039. The proceeds of these bonds will be used to replace and repair critical County facilities at the main administration building in Beaufort, South Carolina, security upgrades to the County's detention center, and improve information technology infrastructure. During fiscal year 2021, the County had expenditures of \$2,775,850 related to the capital projects funded by these bonds.

In August of 2020 the County issued \$36,775 million of general obligation bonds bearing interest rates of 1% to 5% and with various maturity rates through 2040. \$25 million of these bonds will be used to purchase real property in the County's Rural and Critical Land Program. The remaining \$11,775 million will be used to improve information technology infrastructure, construction of the Arthur Horne Building, purchase of a material recovery facility (MuRF), and renovations to the detention center. During fiscal year 2021, the County had expenditures of \$3,653,413 related to the capital projects funded by these bonds.

In May of 2021, the County transferred \$5,462,298 from the General Fund - Fund Balance to the Debt Service fund to defease the general obligation bond issued in 2012. The prepayment eliminated future interest payments of approximately \$3.63 million.

In June of 2021, the County refinanced the general obligation bond issued in 2011. The refinancing will result in a gross savings of \$1.35 million.

During fiscal year 2021, the County hired a consultant to conduct a facilities master plan for the major County facilities that house various administrative offices. The County is in the process of updating its capital project plan for which future debt will likely be incurred. There were 3 Options: Option 1 probable cost total \$194,984,332, Option 2 probable cost total \$329,581,994, and Option 3 probable cost total \$312,321,441.

In addition, the County is working with an outside firm to update its compensation and classification structure in an effort to recruit and retain highly-quality employees. The results of the compensation and classification study were included in the Fiscal Year 2022 operating budget.

### **RELEVANT FINANCIAL INFORMATION**

The management of Beaufort County is responsible for developing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The County's accounting system has given consideration to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. This concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. Accordingly, management believes that the County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

**County Council  
of Beaufort County  
Beaufort, South Carolina**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Beaufort County, South Carolina** (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Beaufort County, South Carolina's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

---

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 14, the County implemented Governmental Accounting Standards Board (“GASB”) Statement No. 84, *Fiduciary Activities*, as of July 1, 2020. This standard significantly changed the accounting for the County’s Fiduciary Funds. Our opinions are not modified with respect to this matter.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis (on pages 4 – 19), the Schedule of Modified Approach for Airport Infrastructure Assets (on page 82), the Schedule of County’s Proportionate Share of the Net Pension Liability (on page 80), the Schedule of County’s Pension Contributions (on page 81), and the Budgetary Comparison Schedules of the General Fund (on pages 76 – 78) and ARPA Fund (on page 79) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County’s basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, the statistical section, the Alcohol and Drug Abuse Programs Profit and Loss Statement, and the Daufuskie Ferry Schedule of Budgeted to Actual as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

---

The Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96) is presented for purposes of additional analysis as required by the State of South Carolina, and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance), and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, the Alcohol and Drug Abuse Programs Profit and Loss Statement, the Daufuskie Ferry Schedule of Budgeted to Actual, the Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96), and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, the Alcohol and Drug Abuse Programs Profit and Loss Statement, the Daufuskie Ferry Schedule of Budgeted to Actual, the Uniform Schedule of Court Fines, Assessments, and Surcharges (per ACT 96), and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

We encourage the readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages v – ix of this report.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at June 30, 2021 by \$571,610,328 (net position). The County's net position is categorized in three categories. Of the total net position, \$408,309,330 is the County's investment in capital assets less the related debt, \$260,399,114 is restricted for specific purposes and (\$97,098,116) is the County's unrestricted deficit.
- The government's total net position increased by \$93,278,980 during the fiscal year ended June 30, 2021 with an \$87,544,918 increase resulting from governmental activities and a \$5,734,062 increase resulting from business type activities.
- At the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$332,067,469, an increase of \$102,229,251 in comparison with the prior year. Approximately 19.82%, \$65,802,045 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, the County's unassigned fund balance of the general fund was \$65,808,134, or approximately 52.78% of the general fund expenditures and transfers out.
- The County's net capital assets increased by \$8,038,540 during the current fiscal year. The increase in governmental activities net capital assets of \$4,613,381 was the result of significant building improvements, road improvements, and real property acquisition as part of the County's land preservation program. The increase in business type activities net capital assets of \$3,425,159 was primarily due to land acquisition at the Hilton Head Island Airport.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis ("MD&A") is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** – The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The *statement of net position* presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, public works, public health, public welfare, and cultural and recreation. The business-type activities include the Stormwater Utility, the Lady's Island Airport, and the Hilton Head Island Airport. The business-type activities function for all practical purposes as departments of the County and, therefore, have been included as integral parts of the primary government.

The government-wide financial statements can be found on pages 20 – 22 of this report.

**Fund financial statements** – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental funds* – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, the County-wide general obligation bonds fund, and the sales tax projects fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* following the notes to the financial statements in this report.

The County adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic fund financial statements for governmental funds can be found on pages 23 – 26 of this report.

**Proprietary funds** – The County maintains four different types of proprietary funds, three of which are *enterprise funds*. Enterprise funds are used to report the same functions as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for its Stormwater Utility, Lady's Island Airport and Hilton Head Island Airport operations. These funds report the services provided by the County for which the County charges a user fee or charge intended to recover all or a significant portion of their costs.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Stormwater Utility, Lady's Island Airport, and the Hilton Head Island Airport, all of which are considered to be major funds of the County.

Internal service funds are an accounting mechanism to accumulate and allocate costs internally for the County. The County uses internal service funds to account for its garage.

The basic proprietary fund financial statements can be found on pages 27 – 30 of this report.

**Fiduciary funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary net position can be found on page 31 of this report.

**Notes to financial statements** – The notes provide additional information that is essential to a full understanding of the data provided in both the government-wide and the fund financial statements. The notes are presented on pages 33 – 75 of the report.

**Other supplemental information** – In addition to the basic financial statements and accompanying notes, this report also presents certain supplemental information that further supports the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

The combining statements referred to earlier in connection with nonmajor governmental funds are presented within this section of this report and can be found on pages 85 – 171.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$571,610,328 as of June 30, 2021.

Of this amount, \$408,309,330 (approximately 71.43%) reflects the County's investment in capital assets (land, buildings and equipment); less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide a variety of services to citizens. Accordingly, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to repay the debt.

An additional \$260,399,114 of the County's net position (approximately 45.60%) represents resources that are subject to external restrictions on how they may be used. Therefore, at the end of the current fiscal year, the County is able to report positive balances in two categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

The third category and remaining balance of net position is an unrestricted deficit of \$97,098,116 of which \$94,504,653 pertains to governmental activities and \$2,593,463 pertains to business-type activities. The unrestricted deficit in net position for governmental activities decreased in the current fiscal year while the unrestricted deficit in net position for business-type activities increased. Part of this increase is a result of the increased pension liability reported in fiscal year 2021. The pension liability is required to be measured and recognized in accordance with standards established by Governmental Accounting Standards Board ("GASB") Statement No. 68 and No. 71.

The County's total net position increased \$93.28 million during the 2021 fiscal year. Key elements of this increase are as follows:

- The County's current and other assets increased by \$126.68 million as compared to fiscal year 2020. This increase is mainly due to an increase in the County's cash, investments and receivables. The County received proceeds of the 1% sales tax approved by referendum in November 2018 or repair and replacement of major roadways and bridges as well as traffic improvements, sidewalks and pathways. During fiscal year 2021, the County received nearly \$55.88 million in this particular sales tax. During 2021 the County received \$18.6 million in American Rescue Plan Act funding which will be used to make strategic investments in long lived asset, rebuild reserves to enhance financial stability, and cover temporary operating shortfalls.
- The County's net capital assets increased by \$8.03 million as compared to fiscal year 2020. This increase occurred mostly from building improvements, completion of significant road projects, and real property acquisition as part of the County's land preservation program. See the capital assets and debt administration section below for more detail.

The County's long-term liabilities increased by \$25.3 million. General obligation bonds were issued in 2021 totaling \$36.8 million, consisting of \$25.0 million for the Rural and Critical Land Program and \$11.8 million for various projects in the County. The County defeased the 2012 E General Obligation Bond by transferring \$5.5 million from the General Fund. The County also refunded the 2011 General Obligation Bond of \$8.9 million.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

- In fiscal year 2021, the County had \$28.7 million of deferred outflows of resources related to the inclusion of the County's proportionate share of its pension liability in accordance with GASB Statement No. 68 and No. 71. This is a \$7.0 million increase as compared to fiscal year 2020.

Governmental activities increased the County's net position by \$87.54 million, thereby accounting for 93.85% of the total increase in the net position of the County. Key elements in fiscal year 2021's activity are as follows:

- Charges for services increased by \$5.2 million, or 11.97%, in fiscal year 2021 as compared to fiscal year 2020. The increase in charges for services is due to increased recording fees. The increased recording fees are directly related to the growth of the economy in the County.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

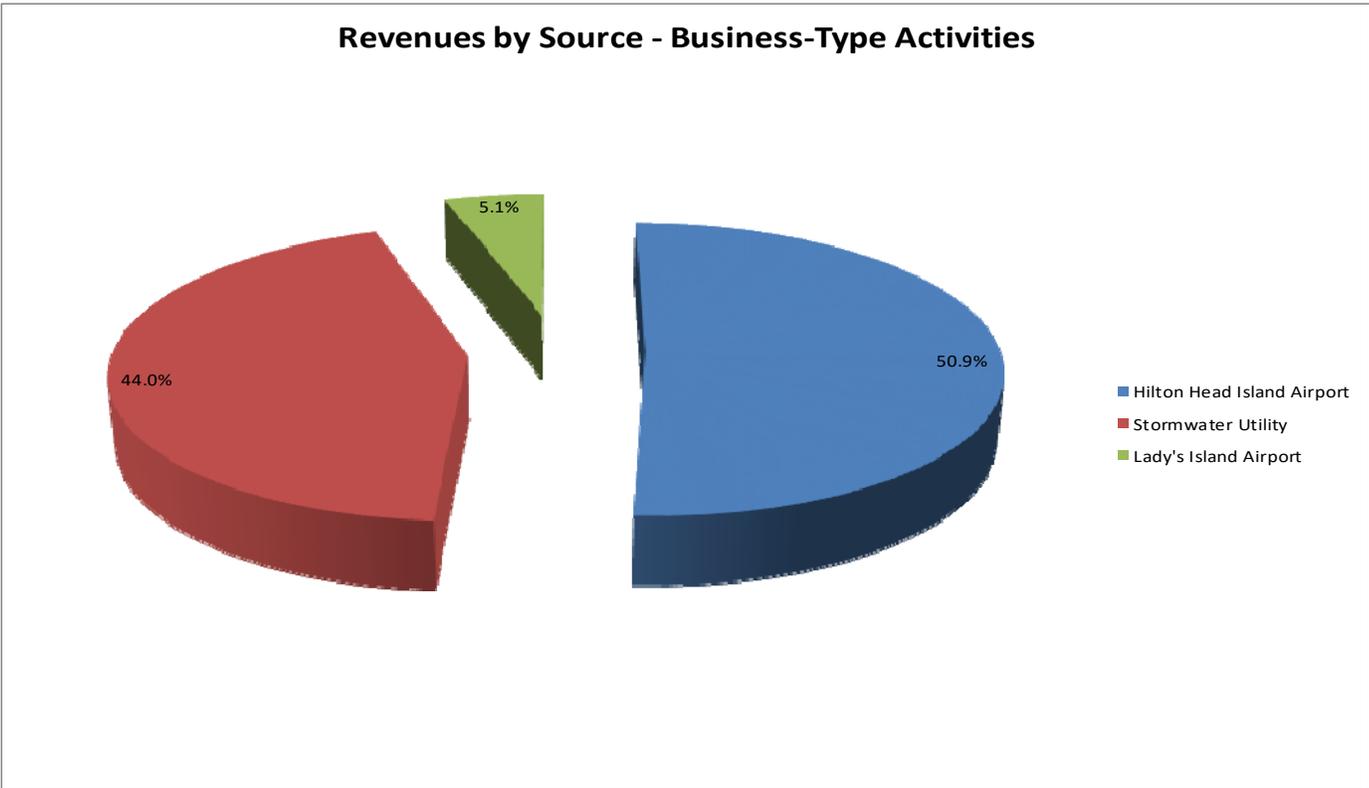

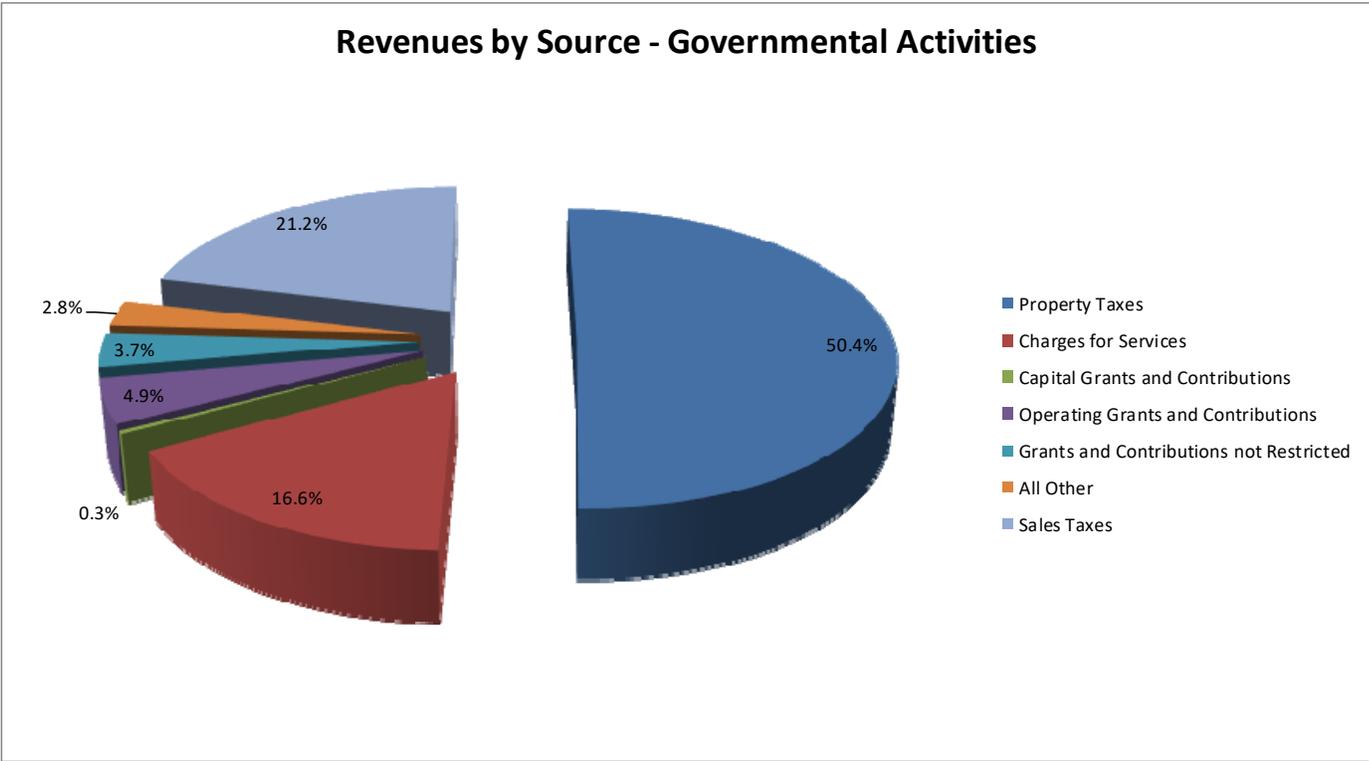

---

- Property tax revenues increased by \$3.7 million, or 2.78%, in fiscal year 2021 as compared to fiscal year 2020.
- During fiscal year 2021, the County received approximately \$55.8 million in sales tax revenues as a result of a referendum in November 2018 for which collections began in May 2019 for road, bridges and infrastructure repairs and replacements.

Business-type activities increased the County's net position by nearly \$5.7 million, accounting for 6.15% of the total growth in the net position of the County. Key elements of this increase are as follows:

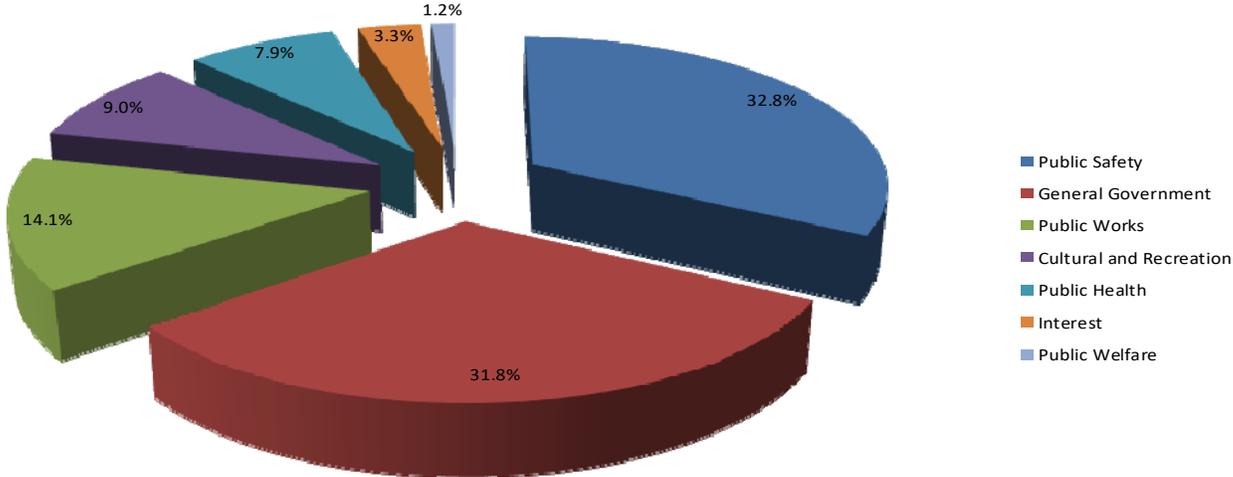

- Charges for services increased \$597 thousand, or 10.42%, in fiscal year 2021. This was primarily due to the increased revenue (\$517 thousand more in fiscal year 2021 than in fiscal year 2020) at the Hilton Head Airport.
- Additionally, both airports saw an increase in expenses during the fiscal year; the Lady's Island Airport's expenses increased in fiscal year 2021 by \$263 thousand as compared to fiscal year 2020; Hilton Head Airport's expenses increased \$1.44 million. These increases in expenses were due to airport improvement projects at the airports in the prior year that gave rise to increased expenses in that year.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** – The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$332,067,469, an increase of \$102,229,251, in comparison with the prior year. Approximately 19.82% of this total fund balance, \$65,802,045 constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance totaling \$266,265,424 is either nonspendable, restricted, committed, or assigned for specific spending. This includes \$2,100,954 "not in spendable form" for items that are not expected to be converted to cash within one year, such as prepaid items. The remainder includes \$264,164,470 restricted, committed, or assigned for programs.

**General Fund** – The general fund is the main operating fund of the County. As of the fiscal year ended June 30, 2021, the unassigned portion of the fund balance of the general fund was \$65,808,134, while the total fund balance was \$71,674,444. As a measure of the general fund's liquidity, a comparison is made of both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 56.05% of total general fund expenditures and transfers out, while the total fund balance represents approximately 61.04% of total general fund expenditures and transfers out. Refer to pages 23 – 25 for the key elements of fiscal year 2021's general fund activity. The increased fund balance as of June 30, 2021 is due to increased revenues from taxes, charges for services and miscellaneous sources above and beyond the budgeted amounts as well as decreased expenditures in general government, public works and capital outlays below the budgeted amounts.

**ARPA Fund** – Beaufort County received \$18,665,425 for the American Rescue Plan Act. At the end of 2021, no funds had been expended. 100% of the cash is recognized as deferred revenue until the expenditures are made.

**County-wide General Obligation Bonds Fund** – At the end of the current fiscal year, the total fund balance of the County-wide general obligation bonds fund was \$21,177,387. The County-wide general obligation bonds fund balance is restricted for debt service. This fund recognized revenues of \$11,593,711 and total expenditures of \$19,582,236 for a decrease in fund balance of \$303,465. While the County typically collects enough revenue through a combination of taxes, intergovernmental revenue and interest earnings to fully service the debt, sufficient revenue was not collected in fiscal year 2021 partially due to the decrease in interest rates and thus, interest earned, but also because the County realized sufficient fund balance in the prior year to service the debt during fiscal year 2021.

**Sales Tax Project Fund** – At the end of the current fiscal year, the total fund balance of the sales tax project fund was \$99,638,927 almost all of which was restricted for capital improvements as set forth in the County's adopted capital improvements plan. The sales tax project fund recognized revenues of \$55,797,558, total expenditures of \$1,627,460 for a change in fund balance of \$54,170,098.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Further details of the County's major funds and nonmajor funds can be found in the notes to financial statements.

**Proprietary funds** – The focus of the County's proprietary funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County proprietary funds' financing requirements. As restrictions, commitments, and other limitations on net position significantly affect the availability of fund resources for future use, unreserved net position may serve as a useful measure of a government's proprietary net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's proprietary funds reported combined ending net position of \$40,220,458, which is an increase of \$5,734,062 in comparison with the prior year. The proprietary funds recognized operating revenues of \$11,787,639 and operating expenses of \$9,268,418. Non-operating revenues and expenses totaled (\$21,831), while capital contributions totaled \$3,236,672 in fiscal year 2021, for a change in net position of \$5,734,062.

**Stormwater Utility** – At the end of the current fiscal year, the net position of the Stormwater Utility fund was \$12,155,521, of which \$2,912,602 was invested in capital assets, net of related debt, leaving a balance of \$9,242,919 in unrestricted net position. The Stormwater Utility Fund recognized operating revenues of \$6,593,342, total operating expenses of \$4,176,511, and (\$138,033) in net non-operating revenues for an increase in net position of \$2,364,985. The increase in net position within the Stormwater Utility Fund for the fiscal year ended June 30, 2021, was related to increased operating revenues that outpaced the rate of expenditure; few expenses for capital outlay were made. The county is working toward a comprehensive capital replacement plan under which expenses for capital outlay will be made in future fiscal years.

**Beaufort Executive Airport** – At the end of the current fiscal year, the net position of the Lady's Island Airport fund was \$2,586,074, of which \$4,254,080 was invested in capital assets, net of related debt, leaving a deficit balance of \$1,668,006 in unrestricted net position. The Beaufort Executive Airport recognized operating revenues of \$751,296, total operating expenses of \$776,141, and \$(35,259) in net non-operating expenses for a decrease in net position of \$30,104. The decrease in the Beaufort Executive Airport fund balance in the 2021 fiscal year was the result of decreased operating revenues and a lack of capital grants.

**Hilton Head Island Airport** – At the end of the current fiscal year, the net position of the Hilton Head Island Airport fund was \$25,478,863, of which \$35,647,239 was invested in capital assets, net of related debt, leaving a deficit balance of \$10,168,376 in unrestricted net position. The Hilton Head Island Airport recognized operating revenues of \$4,443,001, total operating expenses of \$4,315,766, \$151,461 in net non-operating expenses, and \$3,120,485 in capital contributions for an increase in net position of \$3,399,181. The increase in net position within the Hilton Head Island Airport fund in the 2021 fiscal year was related to increased capital contributions as well as operating revenues which is attributable to the previous expansion completed at the end of fiscal year 2018 that is slowly attracting more business to this airport.

This positive variance is attributable to increased actual revenue as compared to expected revenue related to Property Taxes, Charges for Services, and Miscellaneous Revenues.
- The County's general fund actual expenditures had a positive variance of \$13.0 million as compared to the final budget of fiscal year 2021. This positive variance is directly related to decreased expenditures in the General Government, Public Works and Culture and Recreation functions.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

Net change in fund balances - total governmental funds \$ 102,229,251

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$ 28,311,015	
Depreciation expense	<u>(23,557,205)</u>	4,753,810

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. (140,533)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Property taxes and other special assessments		45,985
--	--	--------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The effects of these items are as follows:

Repayment of the principal of long-term debt	\$ 34,392,965	
Issuance of long-term debt	(47,794,021)	
Amortization of premium on long-term debt	2,198,465	
Amortization of deferred charge on refunding	<u>(524,274)</u>	(11,726,865)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. The following amounts represent the net liability changes using the full accrual method of accounting:

Pension liability	\$ (8,359,946)	
Compensated absences	592,067	
Accrued interest on long-term debt	<u>151,149</u>	<u>(7,616,730)</u>
		<u>\$ 87,544,918</u>

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2021

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Beaufort County, South Carolina (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

**Reporting Entity**

The County operates under the Council/Administrator form of government with Council members elected for four-year terms from each of the eleven single-member districts. This report includes all funds of the County that are controlled by this governing body, and are considered to be the "reporting entity" known as Beaufort County.

**Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Statement of Net Position presents the financial condition of the governmental and business-type activities for the County at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient for the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Fund Financial Statements

During the year, the County segregates transactions related to certain county functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The government reports the following major governmental funds:

- The **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The **ARPA Fund** accounts for grant funds awarded to the County from the U.S. Department of Treasury as part of the State and Local Fiscal Recovery Fund under the American Rescue Plan.
- The **County Wide General Obligation Bonds Fund** accounts for the debt service of the bonds issued for various capital projects throughout the County.
- The **Sales Tax Projects Fund** accounts for the expenditures of the 1% local sales tax referendum (2006) proceeds which are used for various capital projects throughout the County.

The County reports the following enterprise funds as major proprietary funds:

- The **Stormwater Utility Fund** is used to account for all revenue and expenses related to the County's Stormwater Utility operations.
- The **Beaufort Executive Airport Fund** is used to account for all revenue and expenses related to the County's Beaufort Executive Airport.
- The **Hilton Head Island Airport Fund** is used to account for all revenue and expenses related to the County's Hilton Head Island Airport.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The County's proprietary funds also include an Internal Service Fund to account for the financing of goods and services provided by one department or agency to other departments or agencies of the County or to other governments, on a user charge basis. This fund includes the County Garage, which accounts for the maintenance and repair of vehicles.

Additionally, the government reports the following non-major fund types:

#### Special Revenue Funds

- The special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, or major capital projects) that are legally restricted or committed to expenditures for specified purposes other than debt service and capital projects.

#### Debt Service Funds

- Debt service funds are used to account for the accumulation of restricted resources for, and the payment of, general long-term debt principal and interest.

#### Capital Projects Funds

- Capital projects funds are used to account for financial restricted resources to be used for the acquisition or construction of major capital facilities.

#### Custodial Funds

- The custodial funds account for monies held on behalf of school districts, special districts, and other agencies that use the County as a depository or property taxes are collected on behalf of the other governments.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's garage function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amount reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### Net Position

Net position represents the difference between assets, liabilities and deferred inflows/outflows of resources. Net position invested in net capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restriction imposed by creditors, grantors, laws, or regulations of other governments. Net position invested in net capital assets was as follows:

	<u>Governmental</u>	<u>Business Type</u>
Net Capital Assets	\$ 538,720,072	\$ 42,813,921
Less: Current Portion of Long-Term Debt	(19,260,000)	-

	<u>\$ 365,495,409</u>	<u>\$ 42,813,921</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has five items that qualify for reporting in this category. These five items relate to the County's pension plan and are reported in the government-wide and proprietary fund Statements of Net Position. (1) Experience gains result from periodic studies by the County's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains are recorded as deferred outflows of resources and are amortized into pension expense over the expected remaining service lives of the plan members. (2) Changes in actuarial assumptions adjust the net pension liabilities and are amortized into pension expense over the expected remaining service lives of plan members. (3) The differences between projected investment return on pension investments and actual return on those investments are deferred and amortized against pension expense over a five-year period. (4) The changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred outflows. (5) Any contributions made by the County to the pension plan before year-end but subsequent to the measurement date of the County's net pension liability are reported as deferred outflows of resources.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet reports a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items that qualify for reporting in this category, one of which arises only under the modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenues from: 1) property taxes, and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The other items relate to the County's pension and are reported in the government-wide and proprietary fund Statements of Net Position; 2) certain experience losses (discussed in the previous paragraph) are deferred and amortized against expense over a five-year period, resulting in recognition as deferred inflows of resources; and 3) additionally, the changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions (discussed in the previous paragraph) are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred inflows.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Net Position Flow Assumption**

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### **Cash and Cash Equivalents**

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### **Equity in Pooled Cash and Investments**

The County maintains a pooled cash and investment account for all funds for accounting and investment purposes. This gives the County the ability to invest idle cash for short periods of time and to earn the most favorable available rate of return. The "equity in pooled cash and investments" represents the amount of pooled cash and investments owned by each fund of the County. Certain individual funds may reflect a cash deficit, from time to time. These cash deficits are not considered an equity transfer since the transfer has not been approved by County Council and is considered to be temporary in nature.

#### **Investments**

Investments with a readily determined fair value are stated at fair value, which approximates cost. State statutes authorize the County to invest in obligations of the United States and its agencies, general obligations (not revenue obligations) of the State of South Carolina and its political subdivisions, savings and loan associations to the extent of federal insurance, certificates of deposits collaterally secured, and the State Treasurer's Investment Pool ("LGIP"). The LGIP is an investment mechanism authorized by the South Carolina State Legislature and is not registered with the SEC as an investment company. There is no regulatory oversight of the pool. The pool's primary objective is to acquire maximum returns on investments by pooling available funds with funds from other political subdivisions. The total fair value of the investment pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Investments in the pool are stated at fair value, which approximates cost. The remaining investments of the County are reported at fair value.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Receivables

All receivables are reported at their gross value and when appropriate, are reduced by the estimated portion that is uncollectible.

#### Inventories

Inventories recorded in the Beaufort Executive Airport Fund and the Stormwater Utility Fund consist of fuels and supplies. Supplies are reported at cost, and fuel is reported at the lower of “first in, first out” cost or market.

#### Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is calculated on the straight-line basis starting in the month of purchase/completion over the following estimated useful lives:

Buildings	25 Years
Improvements	25 Years
Infrastructure	25 Years
Equipment	5 – 10 Years

In lieu of annual depreciation, the County has elected to use the “modified approach” for its infrastructure assets within its Hilton Head Island Airport and its Beaufort Executive Airport, which consists of reporting as required supplemental information (“RSI”) the current assessed condition of the assets pursuant to its runway, taxiway, and apron management system and the estimated annual amounts to maintain and preserve such assets along with actual amounts expensed during the period.

#### Long-Term Obligations

In the government-wide financial statements and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as bond proceeds. Premiums received on debt issuances are reported as interest on investments while discounts and issuance costs are reported as interest and fees expenditures.

#### Compensated Absences

The County accrues compensated absences and associated employee-related costs when earned by the employee. The General Fund is used to liquidate the liability for non-proprietary fund accrued compensated absences.

#### Due To and From Other Funds/Internal Balances

Interfund receivables and payables in the fund financial statements and internal balances in the government-wide financial statements arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### Revenues

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied.

#### Expenditures

Expenditures are recognized when the related fund liability is incurred.

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the County's financial position and results of operations and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Budgets and Budgetary Accounting

The County uses GAAP as the basis for its budgeting and uses the following procedures in establishing the budgetary data reflected in the financial statements:

- 1) The County Administrator submits to County Council, prior to June 1, proposed operating, special revenue, debt service, and capital improvement ("CIP") budgets for the fiscal year commencing July 1. The operating, special revenue, debt service, and CIP budgets include proposed expenditures, revenues, and financing sources.
- 2) The Council requires such changes to be made as it deems necessary, provided the budget remains in balance and is subject to the notice of hearing requirements of Section 4-9-140 of the South Carolina Statutes.
- 3) Public hearings are held pursuant to Section 4-9-140 of the South Carolina Statutes in order for the Council to adopt the tentative and final budget.
- 4) Prior to July 1, the operating, special revenue, debt service and CIP budgets are legally enacted through passage of an ordinance setting forth anticipated revenues and appropriations by fund.
- 5) The County Administrator or his designee is authorized to transfer funds among operating accounts or among capital accounts within a department. All transfers over \$25,000 between departments and programs or between operating and capital accounts must be authorized by the Council in accordance with Section 4-9-140 of the South Carolina Statutes. In accordance with County Ordinance 2012/07, Section 10, amounts of \$25,000 or less can be approved by the County Administrator and/or his designee. Any transfer in excess of \$25,000 for individual expenditures or in excess of \$50,000 cumulatively during any fiscal year is to be authorized by County Council, or its designee.
- 6) Formal budgetary integration is employed as a measurement control device for all governmental funds of the County. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the department level.
- 7) Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles. This was consistent across all funds other than the capital projects fund which budgets a project by project basis.

#### Budgets and Budgetary Accounting (Continued)

- 8) Revenues in excess of the current budget ordinance may be expended as directed by the revenue source or for the purpose for which the funds were generated without further approval by County Council, as per Section 14 of County Ordinance 2006/14.
- 9) Revenues and expenditures of the capital projects fund are budgeted on a project basis and are, therefore, excluded from presentation in the financial statements.

### NOTE 2. CASH AND INVESTMENTS

The Statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash.

All deposits under the control of the County Treasurer are fully insured or collateralized as of June 30, 2021 with securities held by the counterparty's trust department, line of credit, or agent in the County's name.

#### Investments

- Level 1 – Investments reflect prices quoted in active markets.
- Level 2 – Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 – Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. Money market mutual funds classified in Level 1 of the fair value hierarchy are valued directly from a predetermined primary external pricing vendor. Assets classified in Level 2 are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. The County has no investments classified in Level 3 of the fair value hierarchy.

### NOTE 2. CASH AND INVESTMENTS (CONTINUED)

#### **Custodial Credit Risk**

Custodial Credit Risk for investments is the risk that in the event of a failure of the counterparty to a transaction, the County will not be able to recover the value of investments or collateral securities that are in possession of an outside party. The County's policy with respect to custodial credit risk is that all of the County's investments must be insured or collateralized.

#### **Credit Risk**

As of June 30, 2021, the County's investments in U.S. Government Agencies Securities are rated Aaa by Moody's Investors. Statutes also allow the State Treasurer to assist local governments in investing funds. The State Treasurer also provides oversight for the State Treasurer's Investment Pool which is unrated, of which; the fair value of the County's investments is the same as the value of the pooled shares. The County's investment in the certificate of deposit is also unrated. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the County. The County's credit risk policy to mitigate the potential loss of principal is to purchase only high investment grade fixed-income securities. The County's investments are fully collateralized by U.S. Government Securities and are not subject to credit risk.

#### **Interest Rate Risk**

Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. The County's respective maturity dates are as noted on a previous page. The County does not have a policy with respect to interest rate risk.

#### **Concentration of Credit Risk**

This is the risk of loss attributable to the magnitude of the County's investment in a single issuer. The County's policy is to minimize the concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized, although there is no formal limit on the amount the County may invest in any one issuer.

The County does not invest in foreign securities or have transactions with foreign currency, and as a result does not have a policy for foreign currency risk.

### NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

For the governmental activities, compensated absences and the net pension liability are substantially liquidated by the General Fund.

#### General Obligation Bonds

In November 2010, the County issued \$8,125,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2022. The refunding bonds provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for most future debt service payments on the 2002 County Bonds. As a result, the refunded bonds are considered to be partially defeased and the liability has been removed from the governmental activities column of the statement of net position. The reacquisition price exceeded the net carrying value of the old debt by \$547,943, as the transaction resulted in an economic gain of \$420,749.

In January 2012, the County issued \$15,295,000 of general obligation refunding bonds bearing interest rates of 2.0% to 4.0% and with varying maturity dates through 2023. #### Description of the Entity

The South Carolina Public Employee Benefit Authority (“PEBA”), created July 1, 2012, is the state agency responsible for the administration and management of the various retirement systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state’s employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems’ (“Systems”) five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds’ assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (“SFAA”), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA – Insurance Benefits’ link on PEBA’s website at [www.peba.sc.gov](http://www.peba.sc.gov) or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. #### Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented below.

**South Carolina Retirement System (“SCRS”)** – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member’s age and the member’s creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

**South Carolina Police Officers’ Retirement System (“PORS”)** – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

#### Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (“UAAL”) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00% for SCRS and 9.75% for PORS. The legislation also increased employer contribution rates beginning July 1, 2017 for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year through July 1, 2022. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85%. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the System (the funded ratio) that is equal to or greater than 85%, then the Board, effective on the following July 1<sup>st</sup>, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85%.

If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the System shows a funded ratio of less than 85%, then effective on the following July 1<sup>st</sup>, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the System shows a funded ratio that is equal to or greater than 85%.

Required employee contribution rates for the year ended June 30, 2021, are as follows:

#### **South Carolina Retirement System**

Employee Class Two	9.00% of earnable compensation
Employee Class Three	9.00% of earnable compensation

#### **South Carolina Police Officers' Retirement System**

Employee Class Two	9.75% of earnable compensation
Employee Class Three	9.75% of earnable compensation

#### Net Pension Liability

The June 30, 2019, total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company ("GRS") and are based on an actuarial valuation performed as of July 1, 2019. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year-end, June 30, 2020, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS.

The net pension liability is calculated separately for each System and represents that particular System's total pension liability determined in accordance with GASB No. 67, less that System's fiduciary net position. As of June 30, 2021 (measurement date of June 30, 2020), the net pension liability amounts for the County's proportionate share of the collective net pension liabilities associated with the SCRS and PORS plans are as follows:

<u>System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Liability</u>	<u>Employers' Net Pension Liability</u>	<u>Plan Fiduciary Net Position as a percentage of the Total Pension Liability</u>	<u>County's Proportionate Share of the Collective Net Pension Liability</u>

#### Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ended June 30, 2019 for first use in the July 1, 2021 actuarial valuation.

The June 30, 2020, total pension liability, net pension liability, and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company (“GRS”) and are based on an actuarial valuation performed as of July 1, 2019. The total pension liability was rolled-forward from the valuation date to the plans’ fiscal year-end, June 30, 2020, using GAAP.

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2018 valuations for SCRS and PORS.

	<b>SCRS</b>	<b>PORS</b>
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.25%	7.25%
Projected salary increases	3.0% to 12.5% (varies by service)	3.5% to 9.5% (varies by service)
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member’s job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality Table (“2016 PRSC”), was developed using the Systems’ mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

### NOTE 9. PENSION PLANS (CONTINUED)

#### Actuarial Assumptions and Methods (Continued)

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2020 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25% assumed annual investment rate of return used in the calculation of the TPL includes a 5.00% real rate of return and a 2.25% inflation component.

#### Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina State Code of Laws. Based on those assumptions, the County's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following table presents the sensitivity of the net pension liability to changes in the discount rate for the County and the respective component units.

<b>Sensitivity of the Net Position Liability to Changes in the Discount Rate</b>			
	<b>1% Decrease (6.25%)</b>	<b>Current Discount Rate (7.25%)</b>	<b>1% Increase (8.25%)</b>

#### Pension Expense

For the year ended June 30, 2021, the County recognized its proportionate share of collective pension expense of \$11,292,786 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of \$1,317,487 for a total of \$12,610,273 for the SCRS plan. Additionally, for the year ended June 30, 2021, the County recognized its proportionate share of collective pension expense of \$6,679,025 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of (\$463,794) for a total of \$6,215,231 for the PORS plan.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 10. ACCRUED COMPENSATED ABSENCES AND OTHER BENEFITS

Effective February 15, 1993, Beaufort County adopted a new leave policy for all employees. The TOWP/SCA policy was replaced with a policy granting Personal Leave Days and Personal Disability Leave. Under the new policy, employees were entitled to a maximum Personal Leave balance of 280 hours. Upon termination, employees will be paid for all unused, unpaid Personal Leave up to this maximum. The liability recorded at June 30, 2021, to cover unused, unpaid Personal Leave including fringe benefits totaled \$4,052,682.

Accrued compensated absences for governmental activities as of June 30, 2021 are as follows:

<u>Balance June 30, 2020</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance June 30, 2021</u>	<u>Due in One Year</u>
\$ 4,504,195	\$ 7,124,655	\$ 7,716,722	\$ 3,912,128	\$ 547,698

Accrued compensated absences for business-type activities as of June 30, 2021 are as follows:

<u>Balance June 30, 2020</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance June 30, 2021</u>	<u>Due in One Year</u>
\$ 178,113	\$ 271,804	\$ 309,363	\$ 140,554	\$ 19,677

The County considers accrued compensated absences to be reported as a current and long-term liability. For governmental activities, compensated absences payable are liquidated by the General Fund.

All leave hours accrued in excess of this Personal Leave maximum were accrued to the employee's Personal Disability leave account. A maximum of 360 hours may be maintained in an employee's Personal Disability leave account. The only accrual to this balance occurs when an employee's Personal Leave account exceeds 280 hours, at which time excess hours are "rolled over" to the Personal Disability leave account. Personal Disability leave is to be used in the case of an extended or life threatening illness. This account can only be used once all accrued hours in the Personal Leave account have been used to a balance of 80 hours or less. The employee must present a doctor's statement verifying the disability or illness in order to utilize his/her Personal Disability leave. Employees with remaining SCA leave balances may retain those balances. The same rules governing the use of Personal Disability leave apply to the use of SCA leave. Upon termination of employment with Beaufort County, no payment for any unused SCA or Personal Disability leave will be made.

The County does not provide post-employment health care benefits except those mandated by the Consolidated Omnibus Budget Reconciliation Act ("COBRA"). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

### NOTE 11. FUND BALANCES

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2021, fund balances for government funds are made up of the following:

- Nonspendable Fund Balance includes amounts that are: a) not in spendable form, or b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of the resource providers.
- Committed Fund Balance includes amounts that can only be used for the specific purposes determined by a formal action of the County’s highest level of decision-making authority, County Council. Commitments may be changed or lifted only by the County taking the same formal action that imposes the constraint originally.
- Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. County Council has by resolution authorized the County Administrator to assign fund balance. County Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned Fund Balance is the residual classification when the balances do not meet the above criterion. The County reports, positive unassigned fund balance only in the General Fund. Negative unassigned fund balance may be reported in any governmental funds.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

### NOTE 11. FUND BALANCES (CONTINUED)

Beaufort County Council is the County's highest level of decision-making authority that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

The County considers restricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted amounts are available. When an expenditure is incurred for which committed, assigned, or unassigned amounts could be used, the County considers expenditures to be used in this respective order.

The County has established a fund balance policy for the General Fund, through Ordinance No. 2014/6, that requires the maintenance of a fund balance of at least 30% of the total General Fund expenditures of the previous fiscal year as an unassigned fund balance.

The County has established a Debt Service Fund balance policy, through Ordinance No. 2014/7, that requires the maintenance of a fund balance that covers the County's interest payments, occurring on August 1st and September 1st of every fiscal year.

### NOTE 12. COMMITMENTS AND CONTINGENCIES

Arbitrage rules - State and local bonds issued after 1984 are subject to arbitrage restrictions as enacted by the Federal Government. To retain the bonds' tax exempt status, local governments must comply with the regulations as adopted by the government and expend all of the bond proceeds within designated periods which could be up to three years. The County believes it is in compliance with all arbitrage rules.

As of June 30, 2021, the County has outstanding construction contracts of \$2,644,550.

### NOTE 13. RISK MANAGEMENT AND LITIGATION

The County is exposed to various risks of losses related to torts; thefts of; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The County manages risk through employee educational and prevention programs and through the purchase of casualty and liability insurance. All risk management activities are accounted for in the General Fund.

For all of these risks, the County is a member of the State of South Carolina Insurance Reserve Fund. The County pays premiums to the Fund for its general insurance coverage. The agreement for formation of the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through commercial companies for each insured event.

Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported are considered.

The County is a party to several lawsuits which seek to recover property taxes paid under protest and to overturn property sold at "tax sales." The County's attorney estimates that the amount of actual or potential claims against the County at June 30, 2021 will not materially affect the financial conditions of the County. Therefore, the General Fund contains no provision for estimated claims.

The County is a party to a lawsuit regarding the termination of other post-employment healthcare insurance coverage for which management cannot determine the outcome. Therefore, there is no provision provided in the financial statements.

The County has not significantly reduced insurance coverage from the previous year nor has it settled claims in excess of insurance coverage for the last three years that were material.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 14. RESTATEMENT OF PRIOR YEAR NET POSITION

In fiscal year 2021, the County adopted GASB Statement No. 84, *Fiduciary Activities*. This statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on: 1) whether a government is controlling the assets of the fiduciary activity, and 2) the beneficiaries with whom a fiduciary relationship exists. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. Governments with activities meeting the criteria should present a statement of fiduciary net position and a statement of changes in fiduciary net position. The County restated beginning net position for the Fiduciary Funds for the cumulative effect of this accounting change. These changes are in accordance with generally accepted accounting principles.

**REQUIRED SUPPLEMENTARY INFORMATION  
SCHEDULE OF MODIFIED APPROACH FOR AIRPORT INFRASTRUCTURE ASSETS  
June 30, 2021**

Beaufort County's airport infrastructure assets consist of approximately 25% airport runways, 25% airport taxiways, and 50% airport aprons. The condition of the runways, taxiways, and aprons is measured using several distress factors found in pavement surfaces. The airports' pavement management system uses a measurement scale that is based on a condition index. For the Beaufort Executive Airport, the South Carolina Aeronautics Commission ("SCAC") condition scale is used to classify runways, taxiways, and aprons. The SCAC condition scale is as follows: good or better condition (70 - 100), fair condition (50 - 69), and substandard condition (less than 50). For the Hilton Head Island Airport, the Federal Aviation Administration ("FAA") condition scale is used to classify runways, taxiways, and aprons. The FAA condition scale is as follows: excellent condition (5), good condition (4), fair condition (3), poor condition (2), and failed condition (1). It is the County's policy to maintain the runways, taxiways, and aprons at a fair condition or better. Condition assessments are determined every year by the County at both airports, the SCAC at the Lady's Island Airport, and the FAA at the Hilton Head Island Airport. The County's runways, taxiways, and aprons have an estimated useful life, without resurfacing, of 25 years. Due to the strong safety concerns of airplanes landing, taking off, and taxiing on these surfaces, all surfaces are repaired immediately if and when there is a need for such repairs.

Actual maintenance of runways, taxiways, and aprons involves scraping and providing improved surface materials on an as needed basis or filling cracks within the pavement on an as needed basis.

	<u>FY 2021</u>	<u>FY 2020</u>	<u>FY 2019</u>	<u>FY 2018</u>	<u>FY 2017</u>
Percent of Runways in Fair or Better Condition	100%	100%	100%	100%	100%
Percent of Taxiways in Fair or Better Condition	50%	100%	100%	100%	100%
Percent of Aprons in Fair or Better Condition	43%	100%	100%	100%	100%
Percent of Annual Resurfacing of Runways Completed	0%	0%	0%	0%	0%
Percent of Annual Resurfacing of Taxiways Completed	0%	0%	0%	0%	0%
Percent of Annual Resurfacing of Aprons Completed	0%	0%	0%	0%	0%

The County estimates maintenance expense in the amount of \$2,000,000 to be incurred every five years for paving costs in order to maintain and preserve at (or above) the condition level established and disclosed above. The County adopted the modified approach for its airport infrastructure assets in fiscal year 2011.

During Fiscal Years 2021, 2020, 2019, 2018, and 2017, the Hilton Head Island Airport expended \$5.1 million, \$2.4 million, \$4.4 million, \$15.6 million, and \$9.2 million, respectively, related to the relocation of taxiways A and F and replacement of the general aviation ("GA") ramp and the runway extension project. The County also has a grant request in process with the FAA and the SCAC to obtain funding for both airports runway and taxiway rehabilitation and/or construction, which is listed as high priority items on the respective CIP lists. HXD's project is in design. ARW will be in design this year if approved by the FAA.

**Note:** As all of this debt is within Beaufort County, the percentage of applicable debt to the County is 100%. This process recognizes that, when considering the County's ability to issue long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying debt of each overlapping government.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

---

**County Council  
of Beaufort County  
Beaufort, South Carolina**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Beaufort County, South Carolina** (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Beaufort County, South Carolina's basic financial statements, and have issued our report thereon dated January 19, 2022.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

---

**County Council  
of Beaufort County  
Beaufort, South Carolina**

### **Report on Compliance for Each Major Federal Program**

We have audited **Beaufort County, South Carolina's** (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2021. The County's major federal program is identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for the County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the County's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

---

**Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF PRIOR YEAR FINDINGS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2021

**2020-001. General Accounting Matters**

**Criteria:** Internal control is a process designed to provide reasonable assurance about the achievement of an entity's objectives with regard to the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Internal control is a process of safeguarding assets against unauthorized acquisition, use, or disposition, and includes controls related to financial reporting and operational objectives.

Generally accepted accounting principles require assets, liabilities, revenues and expenditures/expenses to be recognized in the accounting period in which they become earned, measurable (and available for modified accrual funds). Further, a fundamental principle in accounting and financial reporting is the notion of timely recognition and recording of financial and non-financial transactions and activities.

**Condition:** Certain accounting, reporting and reconciling procedures were not properly performed and reviewed during the fiscal year, which required a significant effort to close the County's 2020 fiscal year. Significant adjustments were required to be recorded. We noted deficiencies in completeness, accuracy, and cut off. Specifically, we noted a lack of accurate financial and non-financial information needed to properly maintain general ledgers, subsidiary ledgers, reconciliations and to close-out and report activities, events and transactions on a periodic basis.

**Auditee Response/ Status:** Resolved.

**2020-002. Bank Reconciliations**

**Criteria:** Internal controls should be in place to provide reasonable assurance that reconciliations of cash balances to their bank accounts are reviewed and approved by management.

**Condition:** During our testing of cash balances, we noted the bank reconciliation for the Payroll checking account had an unexplained difference between the general ledger balance and the reconciled cash balance of \$206,547.

**Auditee Response/ Status:** Resolved.

**2020-003. Timeliness of Federal Drawdowns**

**Criteria:** Airport Improvement Program Grant guidelines require that reimbursement of grant expenditures be submitted on a timely basis.

**Condition:** Grant expenditures were not being submitted in a timely manner during the fiscal year ended June 30, 2020.

**Auditee Response/ Status:** Resolved.

## ORDINANCE 2022/ \_\_\_\_\_

**AN ORDINANCE OF THE COUNTY COUNCIL OF BEAUFORT COUNTY, SOUTH CAROLINA ("COUNCIL") ESTABLISHING AND ADOPTING AN EMERGENCY MEDICAL SERVICES ("EMS") DEVELOPMENT IMPACT FEE ("IMPACT FEE") TO BE IMPOSED ON ALL NEW DEVELOPMENT IN THE COUNTY EXCEPT FOR NEW DEVELOPMENT IN THE TOWN OF HILTON HEAD ISLAND; TO ENSURE THAT EMS FACILITIES (EMS STATIONS AND EMERGENCY VEHICLES) WILL BE AVAILABLE AND ADEQUATE TO ACCOMMODATE THE NEED EXPECTED TO BE GENERATED FROM NEW DEVELOPMENT IN THE COUNTY (EXCEPT WITHIN HILTON HEAD ISLAND) BASED ON THE COUNTY'S LEVEL OF SERVICE STANDARDS FOR EMS FACILITIES AND CAPITAL IMPROVMENTS PLAN (CIP), AND TO ASSIGN THE COSTS OF SUCH EMS FACILITIES ON A PROPORTIONATE SHARE BASIS TO NEW DEVELOPMENT;**

**WHEREAS**, Beaufort County ("County") has experienced population growth and development for the past 30 years, and projections indicate that population growth and development will continue at a reasonable rate into the future; and

**WHEREAS**, the County has experienced the impacts on public facilities resulting from this population growth and development; and **WHEREAS**, population and growth estimates for the County over the next 10 years indicate there will be a need for additional Emergency Medical Services ("EMS") facility system improvements (EMS stations and emergency vehicles) due to population growth and development; and

**WHEREAS**, the County has defined a level of service standard for EMS facilities (EMS stations and ambulances); and

**WHEREAS**, this level of service standard and the projected population growth and development identifies these EMS facility system improvement needs in a capital improvement (CIP) over the next 10 years; and

**WHEREAS**, the cost of these EMS facility system improvement needs is significant and expensive; and

**WHEREAS**, if property taxes, or bonds (backed only by property taxes,) are used to finance the new EMS facility system improvements (EMS stations and emergency vehicles) needed to accommodate the demand generated by new development in the County (excluding Hilton Head Island), they would be largely paid for by existing residents and businesses that have already paid for much of the EMS facility system improvements that they utilize; and

**WHEREAS**, the County Council finds that it is fair and equitable for new development in the County (excluding Hilton Head Island) to fund new EMS facility system improvements, in part, through a proportionate share EMS development impact fee; and

**WHEREAS**, the County Council finds the EMS development impact fee will be imposed uniformly on all similar residential and nonresidential use types, regardless of the location of the development; and

**WHEREAS**, the County Council has given ample consideration to the provision and financing of EMS facility system improvements, it hereby finds and declares that the establishment and adoption of the EMS development impact fee imposed on new development is proportionate, and based on a CIP that is based on the EMS facility system improvements needed to provide EMS facilities to accommodate new development in the County; and

**WHEREAS**, because the County (within the unincorporated County) the cities and towns within the County are authorized to impose and collect EMS development impact fees within their respective jurisdictions; and

**WHEREAS**, the County and municipalities which have entered into intergovernmental agreements with the County (“participating municipalities”) have taken or may take appropriate action to impose the EMS development impact fee in their jurisdictions, and coordinate the imposition and collection of the fee with the County through intergovernmental agreements, which they are authorized to execute; and

**WHEREAS**, the intergovernmental agreements, this Ordinance, and the impact fee procedures in Section 82-21 et seq., of the County Code, will ensure that the EMS development impact fee funds collected are spent for EMS facility system improvements identified in the CIP that are designed to serve new development in the service area in which they are located; and

**WHEREAS**, the County Council deems it advisable to adopt this EMS development impact fee.

**NOW, THEREFORE, BE IT ORDAINED** by the County Council of Beaufort County, South Carolina that:

#### ARTICLE IX. EMERGENCY MEDICAL SERVICES FACILITIES

### **SECTION 82-302. INCORPORATION OF SUPPORT STUDY.**

The County and the participating municipalities rely on the level of service standard, land use assumptions, methodologies, service units, system improvement costs, formula, and analyses for EMS development impact fees, and the capital improvement plan (CIP) for EMS facility system improvements set out in Capital Improvement Plan and Development Impact Fee Study prepared by TischlerBise, dated July 27, 2020 (hereinafter “EMS development impact fee study and CIP”). The EMS development impact fee study and CIP are incorporated herein by reference. The EMS development impact fee study and CIP sets forth a reasonable level of service standard, land use assumptions, methodologies, service units, system improvement costs, and formulas for determining the impacts of new development on EMS facility system improvement needs.

### **SECTION 82-303. IMPOSITION OF EMS IMPACT FEES.**

#### **SECTION 82-305. INDIVIDUAL ASSESSMENT OF DEVELOPMENT IMPACT.**

- (a) In-lieu of calculating the EMS development impact fees by reference to the fee schedule in Table 1: EMS Development Impact Fee Schedule, a feepayer may request that the amount of the required EMS development impact fees be determined by reference to an Individual Assessment of Development Impact for the proposed development.

- (b) If a feepayer requests the use of an Individual Assessment of Development Impact, the feepayer shall be responsible for retaining a qualified professional to prepare the Individual Assessment of Development Impact that complies with the requirements of this section, at the feepayer's expense.
- (c) Each Individual Assessment of Development Impact shall be based on the level of service standard and the same system improvement costs for EMS facility system improvements used in the EMS development impact fee study and CIP, shall use the formula for calculating the development impact fee used in the EMS development impact fee study and CIP, and shall document the relevant methodologies and assumptions used (no adjustments in the assumption of credits shall be made). The burden shall be on the feepayer requesting the Individual Assessment of Development Impact to demonstrate by competent evidence that the data and assumptions used in the EMS development impact fee study and CIP and reflected in Table 1: EMS Development Impact Fee Schedule, is less accurate than the results of the Individual Assessment of Development Impact.
- (d) Each Individual Assessment of Development Impact shall be submitted to the Director or a designee, and may be accepted, rejected, or accepted with modifications by the Director or a designee as the basis for calculating EMS development impact fees. If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Director or a designee as a more accurate measure of the demand for EMS facility system improvements created by the proposed new development than the applicable fees in Table 1: EMS Development Impact Fee Schedule, then the development impact fees due under this Ordinance shall be calculated according to such assessment.

#### **SECTION 82-306. CREDITS.**

- (a) Any developer/feepayer obligated to pay an EMS development impact fee under this section may apply for credit against EMS development impact fees otherwise due, up to but not exceeding the full obligation for the fees proposed to be paid pursuant to the provisions of this Ordinance for any contribution or construction for EMS facility system improvements that are accepted by the County Council for EMS facility systems improvements identified in the CIP.
- (b) Valuation of Credits
- 1) Credit for land dedication for EMS facility system improvements, at the feepayer's option, shall be valued at either (a) 100 percent of the most recent assessed value for such land as shown in the records of the County Assessor, or

(b) the fair market value of the land established by a private appraiser acceptable to the County Council in an appraisal paid for by the feepayer.

- 2) Credit for construction of an EMS facility buildings shall be valued by the County Council based on construction costs estimates submitted by the feepayer. The County Council shall determine the amount of credit due based on the information submitted, or, if it determines the information is inaccurate or unreliable, then on alternative engineering or construction costs acceptable to the County Council.
- 3) Credit for contributions for EMS facility system improvements shall be based on the value of the contribution at the time it is made by the feepayer.

(c) When Credits Become Effective

- 1) Credits for land dedication for EMS facility system improvements shall become effective after the credit is approved by County Council pursuant to this section, and a Credit Agreement/Development Agreement is entered into, and (a) the land has been conveyed to the County in a form established by the County at no cost to the County, and (b) the dedication of land has been accepted by the County.
- 2) Credits for construction of EMS facility buildings shall become effective after the credit is approved by County Council pursuant to this section, (a) a Credit Agreement/Development Agreement is entered into, (b) a suitable maintenance and warranty bond has been received and approved by the County Council, and (c) all design, construction, inspection, testing, bonding, and acceptance procedures have been completed in compliance with all applicable County requirements.
- 3) Credits for contributions shall become effective after the contribution is approved by the County Council pursuant to this section, and the contribution is provided to and accepted by the County Council.
- 4) Credits for dedication of land, construction, or contributions for EMS facility system improvements shall be transferable within the same development for EMS development impact fee purposes, but shall not be transferable outside the development or used as credit against fees for other public facilities. Credit may be transferred pursuant to these terms and conditions by any written instrument that clearly identifies which credits issued under this section are to be transferred. The instrument shall be signed by both the transferor and

transferee, and the document shall be delivered to the County Council for registration.

- 5) The total amount of the credit shall not exceed the amount of the EMS development impact fees due and payable for the project.
- 6) If the offer for credit is approved, a Credit Agreement/Development Agreement shall be prepared and signed by the applicant and the County Council. The Credit Agreement/Development Agreement shall specifically outline the contribution or construction of buildings for EMS facility system improvements, the time by which they shall be completed or dedicated, and any extensions thereof, and the value (in dollars) of the credit against the EMS development impact fees the feepayer shall receive for the contribution or construction of EMS buildings.
- 7) The County Council may enter into a Capital Contribution Front-Ending Agreement with any developer/feepayer who proposes to construct EMS facility system improvements in the CIP, to the extent the fair market value of the construction of those EMS facility system improvements exceed the obligation to pay EMS development impact fees for which a credit is provided pursuant to this section. The Capital Contribution Front-Ending Agreement shall provide proportionate and fair share reimbursement linked to new growth and development's use of the EMS facility system improvements constructed.

#### **SECTION 82-307. TRUST FUND FOR EMS DEVELOPMENT IMPACT FEES.**

The County and the participating municipalities hereby establish segregated EMS Development Impact Fee Trust Fund Accounts. All EMS development impact fees collected by the County and the participating municipalities shall be placed in their respective Trust Fund Account. By November 1 of each year, the municipalities shall transfer the EMS impact fees they collect to the County. The County shall place these impact fee funds in its Trust Fund Account for EMS fees. Each Trust Fund shall be an interest-bearing account and all interest earned and accruing to the account shall become funds of the account, subject to the same limitations and restrictions on use and expenditure of funds that are applicable to EMS development impact fee funds.

#### **SECTION 82-308. EXPENDITURE OF FEES FOR SYSTEM IMPROVMENTS.**

EMS development impact fee funds shall be used by the County in accordance with the development impact fee procedures in Section 82-21 et seq., of the County Code, solely and exclusively for EMS facility system improvements as set forth in the EMS development impact fee study and CIP. System improvements generally include the following: buildings and emergency vehicles that expand the capacity of the EMS system.

### **SECTION 82-309. DEVELOPMENT AGREEMENT OPTION.**

- (a) A developer may pay the EMS development impact fee as calculated pursuant to Section 5. Development Impact Fee Schedule, as the proposed development project's proportionate share of EMS facility system improvement costs and as full and complete payment of such obligations, or in the alternative, the developer may enter into an agreement with the County or a participating municipality pursuant to the State Local Government Development Agreement Act, and provide for dedication of land, construction of EMS facility buildings, or contributions for payments in lieu of EMS development impact fees for EMS facility system improvements.
- (b) A EMS development impact fee may not be imposed on a developer who has entered into a development agreement with the County who provides for the EMS facility system improvement needs of the developer's development project that is subject to the development agreement.
- (c) A development agreement for EMS facility system improvements in accordance with this section may only be entered into with the authorization and approval of both the County Council and the developer.

### **SECTION 82-310. DEVELOPER RIGHTS.**

The developer, pursuant to the State Development Impact Fee Act and the county impact fee procedures in Section 82-21 et seq, of the County Code, shall have the following rights, any or all of which may be exercised only in accordance with the impact fee procedures in Section 82-21 et seq, of the County Code.

- (a) Administrative Appeal. The developer/applicant may file an administrative appeal with the County Administrator with respect to a County or municipal decision related to the imposition, calculation, collection, processing, or expenditure of an EMS development impact fee, at any time; provided, however, that such appeal must comply with the provisions and requirements of the County impact fee procedures in Section 82-21 et seq, of the County Code. If the appeal follows payment of the development impact fee, it must be made within 30 days of the date of fee payment. The filing of an appeal will immediately halt the impact fee process, unless the developer/applicant posts a bond or submits an irrevocable letter of credit for the full amount of the development impact fees as calculated by the County or municipality to be due.
- (b) Payment under Protest. The developer/applicant may pay the County-calculated or municipality calculated EMS development impact fees under protest, pursuant to the County impact fee procedures as set forth in Section 82-21 et seq, of the County Code. Payment under protest does not preclude the developer/applicant from filing an

administrative appeal, from requesting a refund, or from posting a bond or submitting an irrevocable letter of credit for the amount of the development impact fee due, all as set forth in the impact fee procedures as set forth in Section 82-21 et seq.

- (c) Mediation. The developer/applicant may request mediation by a qualified independent party, but only upon voluntary agreement by both the developer/applicant (feepayer) as well as the County (and, if applicable, municipality) and only to address a disagreement related to the EMS development impact fees, as calculated by the County or municipality, for the proposed development. Neither request for, nor participation in, mediation shall preclude the developer/applicant (feepayer) from pursuing other developer rights and/or remedies, as set forth in this Ordinance, the County impact fee procedures in Section 82-21 et seq., of the County Code, or other remedies available by law.

#### **SECTION 82-311. COUNTY REMEDIES.**

- (a) The County, pursuant to the State Development Impact Fee Act and the County impact fee procedures in Section 82-21 et seq., of the County Code, and a participating municipality, to the extent authorized pursuant to the intergovernmental agreements entered into with the County pursuant to this Ordinance, shall have all of the following remedies, which may be exercised individually or collectively, but only in accordance with the impact fee procedures in Section 82- 21 et seq, of the County Code.
- 1) Interest and Penalties. The County or participating municipality may, at its discretion, add reasonable interest and penalties for nonpayment or late payment to the amount of the calculated EMS development impact fees due, pursuant to the impact fee procedures in Section 82-21 et seq., of the County Code.
  - 2) Withholding Building or Development Permit or Development Approval or Certificate of Occupancy. The County or participating municipality may withhold a certificate of occupancy, a building or development permit, or development approval, as may be applicable, until full and complete payment has been made by the developer/applicant of the EMS development impact fees due.
  - 3) Lien. The County may impose a lien on the developer's property, pursuant to the impact fee procedures in Section 82-21 et seq., of the County Code, for failure of the developer/applicant to timely pay the required EMS development impact fees in full.
- (b) The County or participating municipality may pursue any one or all of the remedies described in subsection (a) of this section, at its discretion. The failure to pursue any

remedy or remedies, at any time, shall not be deemed to be a waiver of County or municipal rights to pursue any remedy or remedies at such other time as may be deemed appropriate.

**SECTION 82-312. INTERGOVERNMENTAL AGREEMENTS.**

Before or after the adoption of the EMS development impact fee pursuant to this Ordinance, the County may enter into intergovernmental agreements with participating municipalities. Intergovernmental agreements shall:

The provisions of this Ordinance shall be liberally construed to effectively carry out its purposes in the interest of furthering, promoting, and protecting the public health, safety, and welfare.

**SECTION 82-816. SEVERABILITY.**

(a) If any section, subsection, sentence, clause, phrase or portion of this Ordinance is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such section, subsection, sentence, clause, phrase or portion of this Ordinance shall be deemed to be a separate, distinct and independent provision and such holding shall not affect the validity of the remaining provisions of this Ordinance nor impair or nullify the remainder of this Ordinance, which shall continue in full force and effect.

(b) If the application of any provision of this Ordinance to any new development is declared to be invalid by a decision of any court of competent jurisdiction, the intent of County Council is that such decision shall be limited only to the specific new development expressly involved in the controversy, action or proceeding in which such decision of invalidity was rendered. Such other requirements, ~~standards, standards~~ and conditions are independent of the requirement for payment of a development impact fee.
  - (2) Neither this article nor a specific development impact fee ordinance shall affect, in any manner, the permissible use of property, the permitted density/intensity of development, the applicable design and improvement standards, or any other applicable standards or requirements of this Code or land development regulations, which shall be operative and which shall remain in full force and effect without limitation.

    - b. The appropriate service area.

  - (3) The County or participating municipality, as applicable, in appropriate circumstances, shall deduct from the total development impact fee amount due:

- a. Appropriate credits or offsets for developer contributions of money, dedication of land, construction of system improvements, or oversizing of system improvements used for, or having excess capacity to serve, other development projects;

Criteria approved by County Council will be used to provide guidance.
  - (6) If rehabilitated property for which the impact fees have been subsidized is sold within ten years, or owner acquired/occupied property for which the impact fees have been subsidized is sold within ten years, the development impact fees that would have been collected will be paid out of the proceeds of the sale and reimbursed into the Beaufort County Affordable Housing Fund. If rental property for which the development impact fees have been subsidized is sold, resulting in units being rented at rates above that which falls in the affordable range based upon household income and size, a fee will be paid out of the proceeds of the sale at a rate equal to the amount of subsidy increased at a rate equal to two times the Consumer Price Index (CPI) for the years between the time of subsidy and the time of sale for each applicable year up to 30 years. The fee will be reimbursed into the Beaufort County Affordable Housing Fund.
  - (7) For purposes of this section, the Consumer Price Index (CPI) is the U.S. Department of Labor, Bureau of Labor Statistics' index for "owners' equivalent rent of primary residence" for the South Urban Area, base period December, 1982 equal to 100 (Exhibit A, on file with the County Clerk).

- (c) *Collection.*
- (1) The County or a participating municipality, as applicable, shall collect all development impact fees imposed and due prior to, and as a condition of, issuance of the applicable development approval or development permit, as set forth in this section, unless:

~~(b) The parks and recreation development impact fee shall be imposed on all new residential development (dwelling units) in the unincorporated County and within the participating municipalities, unless the residential development is exempted, or an exception or waiver is granted pursuant to Sec. 82-32(b), Development Not Subject to Development Impact Fees, or Sec. 82-33(b)(3)c, of the County Code. A parks and recreation development impact fee shall only be imposed if a new dwelling unit is developed.;~~

~~(c) The parks and recreation development impact fee in the unincorporated County and within a participating municipality shall be paid prior to issuance of a building permit, or if a building permit is not required, prior to construction of the dwelling unit, or prior to issuance of a development permit for the dwelling unit, as appropriate.~~

#### **Sec. 82-5655. - Parks and Recreation Development Impact Fee Schedule.**

~~(a) Pursuant to this article and the appropriate intergovernmental agreements between the County and municipalities, and in accordance with the County impact fee procedures set forth in Section 82-21 et seq., the State Development Impact Fee Act, and the support studies and the County adopted parks and recreation facilities capital improvements plan (CIP), incorporated in this article by reference, parks and recreation facilities development impact fees shall be imposed in the following service areas in the amounts identified in Table 82-56: Parks and Recreation Facilities Development Impact Fee Schedule, by Service Area, unless an Individual Assessment of Development Impact is accepted pursuant to Section 82-57: Individual Assessment of Development Impact.~~

~~(ab) The following general procedure shall be followed upon receipt of an application for a building permit for new development:~~

~~(1) Identify the applicable service area (South Beaufort County Parks and Recreation Service Area or North Beaufort County Parks and Recreation Service Area) based on the development's location.;~~

~~(3) Determine whether the applicant has applied for an Individual Assessment of Development Impact in accordance with Sec. 82-56,~~

~~(4) If an Individual Assessment of Development Impact is not approved, or not applied for, identify the number of dwelling units, and the square feet in size of each dwelling unit, and then apply the fee schedule in Table 82-55: Parks and Recreation Development Impact Fee Schedule, by Service Area, to each dwelling unit; or~~

~~(5) If an Individual Assessment of Development Impact is accepted, pay the fee based on the approved Individual Assessment of Development Impact.~~

~~2) Identify the applicable service area (South Beaufort County Parks and Recreation Service Area or North Beaufort County Parks and Recreation Service Area) based on the development's location; and~~

~~(b) The park and recreation facilities development impact fees for the Town of Hilton Head and Town of Bluffton/Bluffton Okatie Service Areas shall be adjusted annually to reflect the effects of inflation on the costs for park and recreation facilities set forth in the Parks and Recreation Facilities Impact Fee Support Study and CIP: Bluffton Okatie and Hilton Head Island Service areas dated August 2006. Prior to December 1, 2007, and on December 1 of each following year, the development impact fee amount set forth in Table 82-56: Parks and Recreation Facilities Development Impact Fee Schedule, by Service Area, shall be adjusted for the Town of Hilton Head and Town of Bluffton/Bluffton Okatie Service Areas to account for inflationary increases in the costs of providing parks and recreation facilities using the Construction Cost Index calculated by the Engineering News Record (ENR). For each such adjustment, the park and recreation development impact fees shown in Table 82-56 for the Town of Hilton Head and Town of Bluffton/Bluffton Okatie Service Areas shall be multiplied by a fraction, the numerator of which is the ENR Construction Cost Index for the most recent month for which figures are available, and the denominator of which is the ENR Construction Cost Index for the period one year prior to the period reflected in the numerator.~~

#### **Sec. 82-5756. -- Individual Assessment of Development Impact.**

(a) ~~In lieu~~In lieu of calculating the parks and recreation development impact fees by reference to the fee schedule in Table 82-5655; Parks and Recreation Facilities Development Impact Fee Schedule, by Service Area, a fee payor may request that the amount of the required parks and recreation development impact fees be determined by reference to an Individual Assessment of Development Impact for the proposed development.

(b) If a fee payor requests the use of an Individual Assessment of Development Impact, the fee payor shall be responsible for retaining a qualified professional to prepare the Individual Assessment of Development Impact that complies with the requirements of this section, at the fee payor's expense.

(c) Each Individual Assessment of Development Impact shall be based on the same level of service standards and system improvement costs for park and recreation facilities for the service areas used in the parks and recreation development impact fee study and CIP support studies, shall use the formula used for calculating the development impact fees used in the parks and recreation development impact fee study and CIP relevant support study (no adjustments in the assumption of credits shall be made), and shall document the relevant methodologies and assumptions used. The burden shall be on the fee payor requesting the Individual Assessment of Development Impact to demonstrate by competent evidence that the data and assumptions used in the parks and recreation development impact fee study and CIP appropriate support study and reflected in Table 82-56; Parks and Recreation Facilities Development Impact Fee Schedule, by Service Area, is less accurate than the results of the Individual Assessment of Development Impact.

(d) Each Individual Assessment of Development Impact shall be submitted to the Planning Director or a designee, and may be accepted, rejected, or accepted with modifications by the Planning Director or a designee ~~based on the standards in Section 82-57(e)~~ as the basis for calculating park and recreation development impact fees. If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Director or a designee as a more accurate measure of the demand for park and recreation facility system improvements created by the proposed development than the applicable fee in Table 82-56: Parks and Recreation Development Impact Fee Schedule, by Service Area, then the park and recreation development impact fees due under this Ordinance shall be calculated according to such assessment.

~~(e) The standards for acceptance, acceptance with modifications, or rejection of the Individual Assessment of Development Impact is whether the Individual Assessment of Development Impact complies with all the requirements of this section, and if so, whether it demonstrates by competent~~

~~evidence, that an alternative parks and recreation development impact fee amount more accurately reflects the demands for park and recreation facilities than the applicable fees in Table 82-56, Parks and Recreation Facilities Development Impact Fee Schedule.~~

~~(f) If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Planning Director or a designee as a more accurate measure of the demand for park and recreation facilities created by the proposed development than the applicable fee in Table 82-56, then the park and recreation development impact fees due shall be calculated according to such assessment.~~

**Sec. 82-5758. - ~~Imposition and Calculation. Credits.~~**

~~(a) Any developer/fee payor which is obligated to pay a parks and recreation development impact fee under this section may apply for credit against parks and recreation development impact fees otherwise due, up to but not exceeding the full obligation for the fees proposed to be paid pursuant to the provisions of this Ordinance for any land dedication, construction, or contribution for parks and recreation facility system improvements that are accepted by the County Council for parks and recreation facility systems improvements identified in the CIP.~~

~~(b) Valuation of Credits~~

~~(1) Credit for land dedication for park and recreation facility system improvements, at the fee payor's option, shall be valued at either (a) 100 percent of the most recent assessed value for such land as shown in the records of the County Assessor, or (b) the fair market value of the land established by a private appraiser acceptable to the County Council in an appraisal paid for by the fee payor.~~

~~(2) Credit for construction of parks and recreation facility system improvements shall be valued by the County Council based on construction costs estimates submitted by the fee payor. The County Council shall determine the amount of credit due based on the information submitted, or, if it determines the information is inaccurate or unreliable, then on alternative engineering or construction costs acceptable to the County Council.~~

~~(3) Credit for a contribution for parks and recreation facility system improvements shall be based on the value of the contribution at the time it is made by the fee payor.~~

~~(c) ~~When Credits Become Effective~~~~

~~(1) Credits for land dedication for parks and recreation facilities shall become effective after the credit is approved by County Council or applicable municipal legislative body pursuant to this section, and a Credit Agreement/Development Agreement is entered into, and (a) the land has been conveyed to the County or applicable municipality in a form established by the County or applicable municipality at no cost to the County or applicable municipality, and (b) the dedication of land has been accepted by the County or applicable municipality.~~

~~(2) Credits for construction of parks and recreation facility system improvements shall become effective after the credit is approved by County Council or applicable municipal legislative body<sup>2</sup> pursuant to this section, (a) a Credit Agreement/Development Agreement is entered into, (b) a suitable maintenance and warranty bond has been received and approved by the County Council or applicable municipal legislative body, and (c) all design, construction, inspection, testing, bonding, and acceptance procedures have been completed in compliance with all applicable County requirements (or municipal requirements, as applicable).~~

~~(3) Credits for contributions shall become effective after the contribution is approved by the County Council or applicable municipal legislative body pursuant to this section, and the contribution is provided to and accepted by the County Council or applicable municipal legislative body.~~

~~(4) Credits for land dedication, construction of parks and recreation facility system improvements, or contributions, shall be transferable within the same development for parks and recreation development~~

impact fee purposes, but shall not be transferable outside the development or used as credit against fees for other public facilities. Credit may be transferred pursuant to these terms and conditions by any written instrument that clearly identifies which credits issued under this section are to be transferred. The instrument shall be signed by both the transferor and transferee, and the document shall be delivered to the County Council or applicable municipal legislative body for registration.

(5) The total amount of the credit shall not exceed the amount of the parks and recreation development impact fees due and payable for the project.

(6) If the offer for credit is approved, a Credit Agreement/Development Agreement shall be prepared and signed by the applicant and the County Council or applicable municipal legislative body. The Credit Agreement/Development Agreement shall specifically outline the land dedication, construction, or contribution for parks and recreation facility system improvements, the time by which they shall be completed or dedicated and any extensions thereof, and the value (in dollars) of the credit against the parks and recreation development impact fees the fee payor shall receive.

(7) The County Council or applicable legislative body may enter into a Capital Contribution Front-Ending Agreement with any developer/fee payor who proposes to dedicate land or construct parks and recreation facility system improvements in the CIP, to the extent the fair market value of the land or the construction of those parks and recreation facility system improvements exceed the obligation to pay parks and recreation development impact fees for which a credit is provided pursuant to this section. The Capital Contribution Front-Ending Agreement shall provide proportionate and fair share reimbursement linked to new growth and development's use of the parks and recreation facility system improvements constructed.

~~(a) The appropriate parks and recreation facilities development impact fees, as established in this article, by service area, shall be imposed on all developers (fee payors) for which authorization of commencement of a residential development (building permit or, if no subsequent building permit is required, a development permit), is sought from the County, or from a municipality in the County, in accordance with this article and the procedures set forth in the County impact fee procedures in Section 82-21 et seq.~~

~~(b) When an application for such building permit or development permit is received by the appropriate County or municipal staff/official, the staff/official shall determine:~~

~~(1) The parks and recreation service area within which the proposed development project lies.~~

~~(2) The number of residential dwelling units proposed.~~

~~(3) Whether any of the proposed residential dwelling units qualify for a discount as "affordable housing" and, if so, the number and type of such units.~~

~~(4) Whether the applicant has applied for an Individual Assessment of Development Impact pursuant to Section 82-57.~~

~~(c) If an Individual Assessment of Development Impact is submitted, it shall be processed and reviewed pursuant to the requirements of Section 82-57, and accepted, modified, or rejected. If it is accepted or modified, the park facilities development impact fees shall be determined pursuant to Section 82-57.~~

~~(d) If an Individual Assessment of Development Impact is rejected, or not requested, the appropriate County or municipal staff/officials shall then multiply the number of proposed residential dwelling units to which the parks and recreation facilities development impact fee is applicable by the applicable fee per dwelling unit as set forth in Table 82-56, Parks and Recreation Facilities Development Impact Fee Schedule.~~

~~(e) The procedure for timely processing of building permit or development applications subject to the parks and recreation facilities development impact fee is set forth below. This procedure is intended to occur concurrently with the County's or municipality's required plans review process and to cause no~~

~~additional delay, unless developer rights (see Section 82-61) and/or County remedies (see Section 82-62) are triggered, or unless a development agreement is sought by the applicant (see Section 82-60).~~

Step Order	Major Steps	Responsible Party	Time

2.	Determination of applicable service area	Building official	Concurrent with plans review
3.	Determination of amount of development [number of DUs]	Building official	Concurrent with plans review

Assessment accepted, modified, or rejected, and fee determined. Extension of time, as may be necessary
6.	If Individual Assessment of Development Impact not requested, or if rejected, multiply number of DUs by applicable parks and recreation facilities development impact fee per Table 82-56. Alternative: development agreement, if sought by applicant	Building official Planning Department	Concurrent with plan review Extension of time, as may be necessary
7.	Payment of total parks and recreation facilities development impact fee	Developer/applicant	Upon issuance of building/development permit
8.	Issue receipt for parks and recreation facilities development impact fee paid	Building official	Upon issuance of building/development permit
9.	Transfer of parks and recreation facilities development impact fee revenues collected to County Finance Department for placement in appropriate account	Building official	Following issuance of building/development permit

~~(f) If the proposed residential development includes affordable housing, the applicable parks and recreation facilities development impact fee shall be reduced in accordance with the discount schedule~~

~~set forth in subsection 82-33(b)(3)c.; provided, however, that time share dwelling units do not qualify as affordable housing and are not eligible for discounts in any circumstances.~~

~~(g) For a proposed change of use of building or structure or a renovation or rehabilitation which adds residential dwelling units, the fee is calculated as follows: Determine only the additional parks and recreation facilities demand resulting from the change of use or the additional residential dwelling units and calculate the parks and recreation facilities development impact fee due as above, but only for such additional demand, not for existing demand.~~

All parks and recreation development impact fees collected by the County and the participating municipalities shall be placed in their respective Trust Account. By November 1 of each year, the participating municipalities shall transfer the parks and recreation development impact fees they collect to the County. Upon receipt, the County shall then place the funds into its Parks and Recreation Development Impact Fee Trust Account. Each Trust Account shall be interest-bearing and all interest earned and accruing to the account shall become funds of the account, subject to the same limitations and restrictions on use and expenditure of funds that are applicable to parks and recreation development impact fee funds.~~

#### **Sec. 82-59. - Expenditure of Fees for Parks and Recreation Facility System Improvements.**

~~Parks and recreation development impact fee funds shall be used by the County in accordance with the development impact fee procedures in Section 82-21 et seq., solely and exclusively for parks and recreation facility system improvements as set forth in the parks and recreation development impact fee study and CIP. System improvements generally include the following: acquisition of land for development of new parks, expansions to existing parks, and park and recreation equipment.~~

~~(a) All parks and recreation facilities development impact fees shall be used for system improvements as set forth in the County's adopted parks and recreation facilities capital improvements plan and as summarized in the Beaufort County Proportionate Share Development Impact Fee Calculation Methodology Report, dated November 3, 1999, and the Parks and Recreation Facilities Impact Fee Support Study and CIP: Bluffton-Okatie and Hilton Head Island Service Areas, dated August 2006, as appropriate.~~

~~(a) The developer may pay the parks and recreation facilities development impact fee, as calculated pursuant to Section 82-5582-56, as the proposed development project's proportionate share of system improvement costs and as full and complete payment of such obligations. In; or, in the alternative,~~

(a) Pursuant to this article and the appropriate intergovernmental agreement(s) between the County and participating municipalities, and in accordance with the impact fee procedures in Section 82-21 *et seq.*, the State Development Impact Fee Act, and the library impact fee study and CIP, library development impact fees shall be imposed in the South Beaufort County Library Service Area and the North Beaufort County Library Service Area.

~~a) Pursuant to this article, and in accordance with the County impact fee procedures as set forth in Section 82-21 *et seq.*, the appropriate intergovernmental agreements between the County and participating municipalities, the State Development Impact Fee Act, and the support study and the County's adopted library facilities capital improvements plan (CIP) incorporated in this article by reference, library facilities development impact fees shall be imposed on all new residential development (dwelling units) within the service area in the amounts identified in Table 82-116: Library Facilities Development Impact Fee Schedule, unless an Individual Assessment of Development Impact is accepted pursuant to Section 82-117: Individual Assessment of Development Impact.~~

IMPACT FEE SCHEDULE, *	DEVELOPMENT

Library Impact Fee per Dwelling Unit .....\$553.00

\* All library facility development impact fee amounts are subject to the automatic annual adjustment for inflation stated in section 82-116(b).

~~(b) The library facilities development impact fees shall be adjusted annually to reflect the effects of inflation on the costs for library facilities set forth in the Library Facilities Impact Fee Update Support Study and CIP dated August 2006. Prior to December 1, 2007, and on December 1 of each following year, the development impact fee amount set forth in Table 82-116: Library Facilities Development Impact Fee Schedule, shall be adjusted to account for inflationary increases in the costs of providing library facilities using the Construction Cost Index calculated by the Engineering News Record (ENR). For each such adjustment, the library facilities development impact fees shown in Table 82-116 shall be multiplied by a fraction, the numerator of which is the ENR Construction Cost Index for the most recent month for which figures are available, and the denominator of which is the ENR Construction Cost Index for the period one year prior to the period reflected in the numerator.~~

~~(b) (b)~~ The following general procedure shall be followed upon receipt of an application for a building permit for new development:

- (1) ~~(1)~~ Identify the applicable service area (South Beaufort County Library Service Area or North Beaufort County Library Service Area) based on the development’s location;
- (2) ~~(2)~~ Determine if any of the dwelling units qualify for a discount as “affordable housing” in accordance with Sec. 82-33(b)(3)c, and if so the number of those dwelling units and the amount of the discount;
- (3) ~~(3)~~ Determine whether the applicant has applied for an Individual Assessment of Development Impact in accordance with Sec. 82-116.
- (4) ~~(4)~~ If an Individual Assessment of Development Impact is not approved, or not applied for, identify the number of dwelling units, and the square feet in size of each dwelling unit, and then apply the fee schedule in Table 82-115: Library Development Impact Fee Schedule, by Service Area, to each dwelling unit; or
- (5) ~~(5)~~ If an Individual Assessment of Development Impact is accepted, pay the fee based on the approved Individual Assessment of Development Impact.

**Sec. 82-~~117~~116. - Individual Assessment of Development Impact.**

- (a) ~~In lieu~~In lieu of calculating the library facilities development impact fees by reference to the fee schedule in Table 82-~~115~~116, Library ~~Facilities~~-Development Impact Fee Schedule, by Service Area, a fee payor may request that the amount of the required library ~~facilities~~ development impact fees be determined by reference to an Individual Assessment of Development Impact for the proposed development.
- (b) If a fee payor requests the use of an Individual Assessment of Development Impact, the fee payor shall be responsible for retaining a qualified professional to prepare the Individual Assessment of Development Impact that complies with the requirements of this section, at the fee payor's expense.
- (c) Each Individual Assessment of Development Impact shall be based on the same level of service standards and system improvement costs for library facilities used in the library development impact

~~fee study and CIP support study, shall use the formula for calculating the development impact fees used in the library development impact fee study and CIP relevant support study, and shall document the relevant methodologies and assumptions used. The burden shall be on the fee payor requesting the Individual Assessment of Development Impact to demonstrate by competent evidence that the data and assumptions used in the appropriate support study and reflected in Table 82-115, Library Facilities Development Impact Fee Schedule, by Service Area, is less accurate than the results of the Individual Assessment of Development Impact.~~

- (d) ~~Each Individual Assessment of Development Impact shall be submitted to the Planning Director or a designee, and may be accepted, rejected, or accepted with modifications by the Planning Director or a designee based on the standards in Section 82-117(e) as the basis for calculating library facility development impact fees. If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Director or a designee as a more accurate measure of the demand for library facility system improvements created by the proposed development than the applicable fee in Table 82-115: Library Development Impact Fee Schedule, by Service Area, then library development impact fees due under this Ordinance shall be calculated according to such assessment.~~(e) ~~The standards for acceptance, acceptance with modifications, or rejection of the Individual Assessment of Development Impact is whether the Individual Assessment of Development Impact complies with all the requirements of this section, and if so, whether it demonstrates by competent evidence, that an alternative library facilities development impact fee amount more accurately reflects the demands for library facilities than the applicable fees in Table 82-116, Library Facilities Development Impact Fee Schedule.~~
- (f) ~~If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Planning Director or a designee as a more accurate measure of the demand for library facilities created by the proposed development than the applicable fee in Table 82-116, Library Facilities Development Impact Fee Schedule, then the library facilities development impact fees due shall be calculated according to such assessment~~

### Sec. 82-117. – Credits.

- (a) ~~Any developer/fee payor which is obligated to pay a library development impact fee under this section may apply for credit against library development impact fees otherwise due, up to but not exceeding the full obligation for the fees proposed to be paid pursuant to the provisions of this Ordinance for any land dedication, construction, or contribution for library facility system improvements that are accepted by the County Council for library facility systems improvements identified in the CIP.~~
- (b) Valuation of Credits
- (1) ~~Credit for land dedication for library park and recreation facility system improvements, at the fee payor's option, shall be valued at either (a) 100 percent of the most recent assessed value for such land as shown in the records of the County Assessor, or (b) the fair market value of the land established by a private appraiser acceptable to the County Council in an appraisal paid for by the fee payor.~~
  - (2) ~~Credit for construction of library facility system improvements shall be valued by the County Council based on construction costs estimates submitted by the fee payor. The County Council shall determine the amount of credit due based on the information submitted, or, if it determines the information is inaccurate or unreliable, then on alternative engineering or construction costs acceptable to the County Council.~~
  - (3) ~~Credit for a contribution for library facility system improvements shall be based on the value of the contribution at the time it is made by the fee payor.~~
- (c) When Credits Become Effective
- (1) ~~Credits for land dedication for library facilities system improvements shall become effective after the credit is approved by the County Council or applicable municipal legislative body pursuant to this section, and a Credit Agreement/Development Agreement is entered into, and (a) the land has been conveyed to the County or applicable municipality in a form established by~~

~~the County or applicable municipality at no cost to the County or applicable municipality, and (b) the dedication of land has been accepted by the County or applicable municipality.~~

- (2) ~~Credits for construction of library facility system improvements shall become effective after the credit is approved by County Council or applicable municipal legislative body<sup>4</sup> pursuant to this section, a Credit Agreement/Development Agreement is entered into, a suitable maintenance and warranty bond has been received and approved by the County Council or applicable municipal legislative body, and all design, construction, inspection, testing, bonding, and acceptance procedures have been completed in compliance with all applicable County requirements (or municipal requirements, as applicable).~~
- (3) ~~Credits for contributions shall become effective after the contribution is approved by the County Council or applicable municipal legislative body pursuant to this section, and the contribution is provided to and accepted by the County Council or applicable municipal legislative body.~~
- (4) ~~Credits for land dedication, construction of library facility system improvements, or contributions, shall be transferable within the same development for library development impact fee purposes, but shall not be transferable outside the development or used as credit against fees for other public facilities. Credit may be transferred pursuant to these terms and conditions by any written instrument that clearly identifies which credits issued under this section are to be transferred. The instrument shall be signed by both the transferor and transferee, and the document shall be delivered to the County Council or applicable municipal legislative body for registration.~~
- (5) ~~The total amount of the credit shall not exceed the amount of the library development impact fees due and payable for the project.~~
- (6) ~~If the offer for credit is approved, a Credit Agreement/Development Agreement shall be prepared and signed by the applicant and the County Council or applicable municipal legislative body. The Credit Agreement/Development Agreement shall specifically outline the land dedication, construction, or contribution for library facility system improvements, the time by which they shall be completed or dedicated and any extensions thereof, and the value (in dollars) of the credit against the library development impact fees the fee payor shall receive.~~
- (7) ~~The County Council or applicable legislative body may enter into a Capital Contribution Front-Ending Agreement with any developer/fee payor who proposes to dedicate land or construct library facility system improvements in the CIP, to the extent the fair market value of the land or the construction of those library facility system improvements exceed the obligation to pay library development impact fees for which a credit is provided pursuant to this section. The Capital Contribution Front-Ending Agreement shall provide proportionate and fair share reimbursement linked to new growth and development's use of the library facility system improvements constructed.~~

**Sec. 82-118. -~~Imposition and Calculation~~Trust Account for Library Development Impact Fees.**

~~The County and the participating municipalities hereby establish segregated Library Development Impact Fee Trust Accounts. All library development impact fees collected by the County and the participating municipalities shall be placed in their respective Trust Account. By November 1 of each year, the participating municipalities shall transfer the library development impact fees they collect to the County. Upon receipt, the County shall place these impact fee funds in its Library Development Impact Fee Trust Account. Each Trust Account shall be interest-bearing and all interest earned and accruing to the account shall become funds of the account, subject to the same limitations and restrictions on use and expenditure of funds that are applicable to library development impact fee funds.~~

~~<sup>4</sup>NOTE TO STAFF: Please provide direction on whether land dedications, construction of buildings, or contributions for park and recreation facilities within a participating municipality will be dedicated or accepted by the municipality. We have drafted the provision as if that would be the case; if that is not the case, we can make a change.~~

- ~~(a) The appropriate library facilities development impact fee, as established in this article, shall be imposed on all developers (fee payors) for which authorization of commencement of a residential development (building permit or, if no subsequent building permit is required, a development permit), is sought from the County, or from a participating municipality in the County, in accordance with this article and the procedures set forth in the County impact fee procedures in Section 82-21 et seq.~~
- ~~(b) When an application for such building permit or development permit is received by the appropriate County or municipal staff/official, the staff/official shall determine:
 
  - ~~(1) The number of residential dwelling units proposed.~~
  - ~~(2) Whether any of the proposed residential dwelling units qualify for a discount as affordable housing and, if so, the number and type of such units.~~
  - ~~(3) Whether the applicant has applied for an Individual Assessment of Development Impact pursuant to Section 82-117.~~~~
- ~~(c) If an Individual Assessment of Development Impact is submitted, it shall be processed and reviewed pursuant to the requirements of Section 82-117, and accepted, modified, or rejected. If it is accepted or modified, the library facilities development impact fees shall be determined pursuant to Section 82-117.~~
- ~~(d) If an Individual Assessment of Development Impact is rejected, or not requested, the appropriate County or city staff/official shall then multiply the number of proposed residential dwelling units to which the library facilities development impact fee is applicable by the applicable fee per dwelling unit as set forth in the schedule in Table 82-116: Library Facilities Development Impact Fee Schedule.~~
- ~~(e) The procedure for timely processing of building permit or development applications subject to the library facilities development impact fee is set forth below. This procedure is intended to occur concurrently with the County's or participating municipality's required plans review process and to cause no additional delay, unless developer rights (see Section 82-121) and/or county remedies (see Section 82-122) are triggered, or unless a development agreement is sought by the applicant (see Section 82-120).~~

Step Order	Major Steps	Responsible Party	Time
1.	Filing of application for development permit or development approval	Developer/applicant	Initiates process
2.	Determination of amount of development [number of DUs]	Building official	Concurrent with plans review
3.	Determination of the number and type of affordable housing units, if any	Referral to Planning Department	Concurrent with plans review
4	Developer/applicant determines whether to request an Individual Assessment of Development Impact	Developer/applicant	If request made, review occurs concurrent with plan review by Planning Director. Assessment

			accepted, modified, or rejected, and fee determined. Extension of time, as may be necessary
5.	If Individual Assessment not requested, or it is not accepted, multiply number of DUs by applicable library facilities development impact fee per Table 82-116. Alternative: development agreement, if sought by applicant	Building official Planning Department	Concurrent with plans review Extension of time, as may be necessary
6.	Payment of total library facilities development impact fee	Developer/applicant	Upon issuance of building/development permit
7.	Issue receipt for library facilities development impact fee paid	Building official	Upon issuance of building/development permit
8.	Transfer of library facilities development impact fee revenues collected to County Finance Department for placement in appropriate account	Building official	Following issuance of building/development permit

-

~~(f) If the proposed residential development includes affordable housing, the applicable library facilities development impact fee shall be reduced in accordance with the discount schedule set forth in subsection 82-33(b)(3)c.; provided, however, that time share dwelling units do not qualify as affordable housing and are not eligible for discounts in any circumstances.~~

~~(g) For a proposed change of use of building or structure or a renovation or rehabilitation which adds residential dwelling units the fee is calculated as follows: Determine only the additional library facilities demand resulting from the change of use or the additional residential dwelling units and calculate the library facilities development impact fee due as above, but only for such additional demand, not for existing demand.~~

~~(h) Increase in service units or change in type of development. The County or participating municipalities may not charge a library facilities development impact fee at a higher rate, nor may it charge additional library facilities development impact fees, for a proposed residential development project, as determined above, unless the number of service units increases or the change in the type or characteristics of the proposed development project changes, thereby increasing the library facilities demand. In that event, the additional library facilities development impact fees calculated and imposed shall be limited only to the demand attributable to the additional service units or to the change in the type of residential development or scope of the proposed residential development project.~~

**Sec. 82-119. - Expenditure of Fees for Library Facility System Improvements.**

Library development impact fee funds shall be used by the County in accordance with the development impact fee procedures in Section 82-21 et seq., solely and exclusively for library facility system improvements as set forth in the library development impact fee study and CIP. System improvements generally include the following: acquisition of land for development of libraries, expansions to existing library buildings and related facilities, and other library equipment such as bookmobiles.

- ~~(a) **General Expenditures for Library Facilities.** All library facilities development impact fees shall be used for system improvements as set forth in the County's adopted library facilities capital improvements plan and as summarized in Library Facilities Impact Fee Update Support Study dated August 2006. System improvements generally include the following:

  - ~~(3) Furniture, capital equipment and technology with a useful life of five years or more and a cost of \$100,000.00 or more; and~~
  - ~~(4) Collection materials.~~~~
- ~~(b) **Creation of Benefit Districts for Expenditure of Fees.** To ensure fee payors in the service area receive sufficient benefit in the form of library facilities that are in close proximity to their residential units, the service area is divided into the following five benefit districts: the Hilton Head/Daufuskie Benefit District; the Bluffton/Okatie Benefit District; the Unincorporated Port Royal Benefit District; the Lady's Island/St. Helena Benefit District; and the Sheldon/Lobeco/Yemassee Benefit District. The boundaries of these benefit districts are identified in Figure 82-119(b): Library Facilities Benefit Districts.~~

- ~~(c) **Impact Fee Expenditures Only Within Benefit District Where Collected.** Library facilities development impact fees shall only be spent within the benefit district where the fee-paying development is located.~~

**Sec. 82-120. - Development Agreement Option.**

- (a) The developer may pay the library ~~facilities~~ development impact fee, as calculated pursuant to Section 82-115, as the proposed development project's proportionate share of system improvement costs and as full and complete payment of such obligations; ~~or, in.~~ In the alternative, ~~the a~~ developer may enter into an development agreement with the County ~~or a participating municipality~~ pursuant to the State Local Government Development Agreement Act, ~~providing and provide~~ for dedication of land, construction of buildings and related facilities, bookmobiles, library equipment, construction of facilities and/or for payments in- lieu of development impact fees for library facilities; through a development agreement.

**Sec. 82-132. - Establishment of Service Area.**

There are two service areas for fire facilities development impact fees. They are the Bluffton Fire District Service Area and the North Beaufort County Fire District Service Area. The Bluffton Fire District Service Area includes the      all participating fire districts south of the Broad River. The North Beaufort County Fire Service Area includes the Burton, Lady's Island St. Helena, and Sheldon fire districts all participating fire districts north of the Broad River. The boundaries of these services areas are identified in Figure 82-132: Beaufort County Fire Facilities Service Areas.

The fire facilities development impact fee study and CIP are incorporated herein by reference. The fire facilities development impact fee study and CIP sets forth a reasonable level of service standard, land use assumptions, methodologies, service units, system improvement costs, and formulas for determining the impacts of new development on the Bluffton Fire District Service Area and the North Beaufort County Fire Service Area.

**Sec. 82-134. - Imposition of Fire Facilities Development Impact Fees.**

- (a) The fire facilities development impact fees shall be imposed on all new development in the service areas, unless the development is exempted, or an exception or waiver is granted pursuant to Sec. 82-32(b), Development Not Subject to Development Impact Fees, or Sec. 82-33(b)(3)c.

- (3) Determine if any of the nonresidential development qualifies for a waiver of the fire facilities development impact fee due to the inclusion of automatic sprinklers, where otherwise not required by the applicable County fire code or fire district codes and regulations.
- (3) Determine whether the applicant has applied for an Individual Assessment of Development Impact in accordance with Sec. 82-1365.
- (4) If an Individual Assessment of Development Impact is not approved, or not applied for, calculate the fee as follows:

~~Sec. 82-132.— Imposition of fire facilities development impact fees.~~

- ~~(a) Upon the effective date of this article, the appropriate fire facilities impact fee, by district, shall be imposed on all developers (fee payers) for which authorization of commencement of a development (building permit or, if no subsequent building permit is required, a development permit), is sought from the county in accordance with this article and the procedures set forth in the Beaufort County Impact Fee Procedures Ordinance.~~
- ~~(b) When an application for such building permit or development permit is received by the appropriate county staff/official, the county shall determine:~~
  - ~~(1) Whether the development project is within one of the applicable fire districts;~~
  - ~~(2) Which fire district it is located in;~~
  - ~~(3) The number of residential dwelling units proposed;~~

- ~~(4) Whether any of the proposed residential dwelling units qualify for a discount as "affordable housing" and, if so, the number and type of such units;~~
- ~~(5) The number of square feet and type of nonresidential development proposed;~~
- ~~(6) Whether the proposed nonresidential development has a low, medium or high fire hazard level; and~~
- ~~(7) Whether the proposed nonresidential development qualifies for a waiver of the fire facilities development impact fee due to the inclusion of automatic sprinklers, where otherwise not required by the applicable county fire code or fire district codes and regulations.~~
- ~~(c) Fire hazard level means and refers to the extent to which a building or structure contributes to the demand for fire stations, facilities and apparatus, as set forth in the applicable capital improvements plan for the fire district, based on a variety of factors as set forth in Table 10-4A of the Fire Protection Handbook (National Fire Protection Association, 1992). Fire hazard levels are defined as low hazard occupancies, medium hazard occupancies or high hazard occupancies. (5) If an Individual Assessment of Development Impact is accepted, pay the fee based on the approved Individual Assessment of Development Impact. (d) The procedure for timely processing of building permit or development applications subject to the fire facilities impact fee is set forth below. This procedure is intended to occur concurrently with the county's required plans review process and to cause no additional delay, unless developer rights (see section 82-136) and/or county remedies (see section 82-137) are triggered, or unless a development agreement is sought by the applicant (see section 82-135).~~

STEP ORDER	MAJOR STEPS	RESPONSIBLE PARTY	TIME
1.	Filing of application for development permit or development approval	Developer/ applicant	Initiates process
2.	Determination of applicability of fire facilities impact fee, and district	Building official	Concurrent with plans review
3.	Amount of development [residential DU's, nonresidential square feet by type of development]	Building official	Concurrent with plans review
4.	If residential development, the number and type of affordable housing units, if any	Referral to planning department	Concurrent with plans review
5.	If nonresidential development, low, medium or high fire hazard rating; and waiver, if applicable, for automatic sprinklers	Referral to applicable fire district	Concurrent with plan review

6.	Determination of EDU total for proposed nonresidential development	Building official	Concurrent with plan review
7.	Determination of combined EDU total for residential and nonresidential portions of proposed development project	Building official	Concurrent with plan review
8.	Multiply number of EDU's by applicable DU/EDU cost per section 83-131 (Alternative: development agreement, if sought by applicant)	Building official (planning department)	Concurrent with plan review (extension of time, as may be necessary)
9.	Payment of total fire facilities impact fee	Developer/ applicant	Upon issuance of building/development permit
10.	Issue receipt for fire facilities impact fee paid	Building official	upon issuance of building/development permit

**Sec. 82-133. Fire facilities development impact fee calculation methodology.**

- ~~(a) Proposed residential development. Multiply number of DU's by applicable DU/EDU amount for the particular fire district as shown in section 82-131 of this article and as may be adjusted for "affordable housing" units (see subsection (b) below).~~
- ~~(b) Affordable housing. If the proposed residential development includes affordable housing, the applicable fire facilities development impact fee shall be reduced in accordance with the discount schedule set forth in section 6.B.(3)(c) of the Impact Fee Procedures Ordinance; provided, however, that "time share" dwelling units do not qualify as affordable housing and are not eligible for discounts in any circumstances.~~
- ~~(c) Proposed nonresidential development. Multiply number of EDU's (based on type and square footage of building or structure pursuant to nonresidential EDU table set forth herein) by applicable DU/EDU amount for the particular fire district as shown in section 82-131 of this article unless the fire facilities development impact fee is waived due to the inclusion by the developer of automatic sprinklers in a development project where automatic sprinklers are not required by the county fire code or by fire district code or regulation.~~
- ~~(d) Nonresidential EDU table.~~

FIRE HAZARD LEVEL	BUILDING AREA (SQUARE FEET)			
	Up to 1,000 sq. ft.	1,001 to 5,000 sq. ft.	5,001 to 10,000 sq. ft.	10,000 sq. ft. and larger

	Base Minimum	Add Per 1,000 sq. ft.	Add Per 1,000 sq. ft.	Add Per 1,000 sq. ft.
Low Hazard Occupancy	1.0 EDU	0.8 EDU	0.5 EDU	0.1 EDU
Medium Hazard Occupancy	1.5 EDU	1.2 EDU	0.75 EDU	0.15 EDU
High Hazard Occupancy	2.0 EDU	1.6 EDU	1.0 EDU	0.2 EDU

~~(e) Automatic sprinklers. If the developer of a proposed nonresidential development which is not required to be served by automatic sprinklers does, in fact, include an automatic sprinkler system approved by the appropriate fire district, the applicable fire facilities development impact fee shall be waived.~~

~~(f) Proposed mixed residential and nonresidential development. Separately determine residential DU's and nonresidential development, by type and square footage; perform the calculations specified in 3A through 3E, above, as appropriate, and combine the resultant fire facilities development impact fees to derive the total fire facilities development impact fee due for the proposed development project.~~

~~(g) Proposed change of use of building or structure; or renovation or rehabilitation which adds residential dwelling units or nonresidential square footage. Determine only the additional fire facilities demand resulting from the change of use or the additional residential DU's or nonresidential square footage, and calculate fire facilities development impact fee due as above, but only for such additional demand, not for existing demand.~~

~~(h) Increase in service units or change in type of development. The county may not charge a fire facilities development impact fee at a higher rate, nor may it charge additional fire facilities development impact fees, for a proposed development project, as determined above, unless the number of service units increases or the change in the type or characteristics of the proposed development project changes, thereby increasing the fire facilities demand. In that event, the additional fire facilities development impact fees calculated and imposed shall be limited only to the demand attributable to the additional service units or to the change in the type of development or scope of the proposed development project.~~  
Sec. 82-1365. - Individual Assessment of Development Impact.

(a) In-lieu of calculating the fire facilities development impact fee by reference to the fee schedule in Table 82-134a: Fire Facilities Development Impact Fee Schedule for Residential Development, by Service Area, or Table 82-134b: Fire Facilities Development Impact Fee Schedule for Nonresidential Development, by Service Area, a fee payor may request that the amount of the required fire facilities development impact fees be determined by reference to an Individual Assessment of Development Impact for the proposed development.

(b) If a fee payor requests the use of an Individual Assessment of Development Impact, the fee payor shall be responsible for retaining a qualified professional to prepare the Individual Assessment of Development Impact that complies with the requirements of this section, at the fee payor's expense.

(c) Each Individual Assessment of Development Impact shall be based on the same level of service standard and system improvement costs for fire facilities for the service areas used in the fire facilities

development impact fee study and CIP, shall use the formula for calculating the development impact fees used in the fire facilities development impact fee study and CIP (no adjustments in the assumption of credits shall be made), and shall document the relevant methodologies and assumptions used. The burden shall be on the fee payor requesting the Individual Assessment of Development Impact to demonstrate by competent evidence that the data and assumptions used in the fire facilities development impact fee study and CIP and reflected in Table 82-134a: Fire Facilities Development Impact Fee Schedule for Residential Development, by Service Area, and/or Table 82-134b: Fire Facilities Development Impact Fee Schedule for Nonresidential Development, by Service Area, is less accurate than the results of the Individual Assessment of Development Impact.

- (d) Each Individual Assessment of Development Impact shall be submitted to the Planning Director or a designee, and may be accepted, rejected, or accepted with modifications by the Planning Director or a designee as the basis for calculating fire facilities development impact fees. If an Individual Assessment of Development Impact is accepted or accepted with modifications by the Director or a designee as a more accurate measure of the demand for fire facility system improvements created by the proposed development than the applicable fee in Table 82-134a: Fire Facilities Development Impact Fee Schedule for Residential Development, by Service Area, and/or Table 82-134b: Fire Facilities Development Impact Fee Schedule for Nonresidential Development, by Service Area, then the fire facilities development impact fees due under this article shall be calculated according to such assessment.

#### **Sec. 82-1376. - Credits.**

- (a) Any developer/fee payor which is obligated to pay a fire facilities development impact fee under this section may apply for credit against fire facilities development impact fees otherwise due, up to but not exceeding the full obligation for the fees proposed to be paid pursuant to the provisions of this Ordinance for any land dedication, construction, or contribution for fire facility system improvements that are accepted by the County Council for fire facility systems improvements identified in the CIP.

#### **(b) Valuation of Credits**

- (1) Credit for land dedication for fire facility system improvements, at the fee payor's option, shall be valued at either (a) 100 percent of the most recent assessed value for such land as shown in the records of the County Assessor, or (b) the fair market value of the land established by a private appraiser acceptable to the County Council in an appraisal paid for by the fee payor.
- (2) Credit for construction of fire facility system improvements shall be valued by the County Council based on construction costs estimates submitted by the fee payor. The County Council shall determine the amount of credit due based on the information submitted, or, if it determines the information is inaccurate or unreliable, then on alternative engineering or construction costs acceptable to the County Council.
- (3) Credit for a contribution for fire facility system improvements shall be based on the value of the contribution at the time it is made by the fee payor.

#### **(c) When Credits Become Effective**

- (1) Credits for land dedication for fire facilities shall become effective after the credit is approved by County Council pursuant to this section, and a Credit Agreement/Development Agreement is entered into, and (a) the land has been conveyed to the County or applicable Fire District in a form established by the County or applicable Fire District at no cost to the County or applicable Fire District, and (b) the dedication of land has been accepted by the County or applicable Fire District.
- (2) Credits for construction of fire facility system improvements shall become effective after the credit is approved by County Council or applicable Fire District pursuant to this section, (a) a Credit Agreement/Development Agreement is entered into, (b) a suitable maintenance and warranty bond has been received and approved by the County Council or applicable municipal legislative body, and (c) all design, construction, inspection, testing, bonding, and acceptance procedures

have been completed in compliance with all applicable County requirements (or Fire District requirements, as applicable).

- (3) Credits for contributions shall become effective after the contribution is approved by the County Council or applicable Fire District pursuant to this section, and the contribution is provided to and accepted by the County Council or applicable Fire District.
- (4) Credits for land dedication, construction of fire facility system improvements, or contributions, shall be transferable within the same development for fire facilities development impact fee purposes, but shall not be transferable outside the development or used as credit against fees for other public facilities. Credit may be transferred pursuant to these terms and conditions by any written instrument that clearly identifies which credits issued under this section are to be transferred. The instrument shall be signed by both the transferor and transferee, and the document shall be delivered to the County Council for registration.
- (5) The total amount of the credit shall not exceed the amount of the fire facilities development impact fees due and payable for the project.
- (6) If the offer for credit is approved, a Credit Agreement/Development Agreement shall be prepared and signed by the applicant and the County Council or applicable Fire District. The Credit Agreement/Development Agreement shall specifically outline the land dedication, construction, or contribution for fire facility system improvements, the time by which they shall be completed or dedicated and any extensions thereof, and the value (in dollars) of the credit against the fire facilities development impact fees the fee payor shall receive.
- (7) The County Council or applicable municipal legislative body may enter into a Capital Contribution Front-Ending Agreement with any developer/fee payor who proposes to dedicate land or construct fire facility system improvements in the CIP, to the extent the fair market value of the land or the construction of those fire facility system improvements exceed the obligation to pay fire facilities development impact fees for which a credit is provided pursuant to this section. The Capital Contribution Front-Ending Agreement shall provide proportionate and fair share reimbursement linked to new growth and development's use of the fire facility system improvements constructed.

#### **Sec. 82-1378. - Trust Account for Fire Facilities Development Impact Fees.**

The County and the participating municipalities hereby establish segregated Fire Facilities Development Impact Fee Trust Accounts. All fire facilities development impact fees collected by the County and the participating municipalities shall be placed in their respective Trust Accounts. By November 1 of each year, the participating municipalities shall transfer the fire facilities development impact fees they collect to the County. Upon receipt, the County shall place these impact fee funds in its Fire Facilities Development Impact Fee Trust Account. Each Trust Fund shall be an interest-bearing account and all interest earned and accruing to the account shall become funds of the account, subject to the same limitations and restrictions on use and expenditure of funds that are applicable to fire facilities development impact fee funds.

#### **Sec. 82-1341398. - Expenditure of ~~fees for system improvements~~ Fees for Fire Facility System Improvements.**

All fireFire facilities development impact fees shall be used by the County in accordance with the development impact fee procedures in Section 82-21 et seq., solely and exclusively for fire facility system improvements as set forth in the parks and recreation development impact fee study and CIP. ~~for the system improvements as set forth in the individual fire district five-year capital improvements plans and as summarized in the Fire Facilities Development Impact Fee Proportionate Share Fee Calculation Methodology Report (September 1999).~~ System improvements generally include the following: new fire stations; fire station renovations that constitute fire station expansions; and major fire apparatus and equipment, such as pumper trucks, tanker trucks, telesquirt trucks, ladder trucks, and the like, ~~which have an individual unit purchase price of not less than \$100,000.~~

**Sec. 82-~~13514039~~. - Development ~~agreement option~~ Agreement Option.**

- (a) The developer may pay the fire facilities development impact fee, as calculated pursuant to ~~section~~ Section 82-~~1331354~~, as the proposed development project's proportionate share of system improvement costs and as full and complete payment of such obligations. In the alternative, the developer may enter into an agreement with the ~~county~~ County or a participating municipality pursuant to the South Carolina Local Government Development Agreement Act, and provide for dedication of land, construction of fire facility improvements (development of new or renovated fire stations that constitute expansions), contributions of major fire apparatus and equipment, or contributions for fire facility system improvements, through a development agreement providing for payments instead of impact fees for facilities and services.
- ~~(c) That agreement may provide for the construction or installation of system improvements by the developer and for credits or reimbursements for costs incurred by the developer, including inter-project transfers of credits or reimbursement for project improvements which are used or shared by more than one proposed development project.~~
- ~~(db) A fire facilities development impact fee may not be imposed on a developer who has entered into a development agreement with the county who provides for the fire facility system improvement needs of the developer's development project that is subject to the development agreement.~~
- ~~(ec) A development agreement for fire facilities may only be entered into with the authorization and approval of both the county and the developer, or the participating municipality and developer, after consultation with the applicable Fire District fire district, and with the formal approval of its governing body.~~

**Sec. 82-~~1361410~~. - Developer Rightsrights.**

The developer, pursuant to the ~~act~~ State Development Impact Fee Act and the County impact fee procedures in Section 82-21 et seq., and the Beaufort County Impact Fee Procedures Ordinance, shall have the following rights, any or all of which may be exercised only in accordance with the ~~Impact Fee Procedures Ordinance~~ impact fee procedures in Section 82-21 et seq.

- (a) *Administrative appeal.* The developer/applicant may file an administrative appeal with the ~~county administrator~~ County Administrator with respect to a ~~County or municipal of any county~~ decision related to the imposition, calculation, collection, ~~processing~~ processing, or expenditure of a ~~proposed~~ fire facilities development impact fee, at any time; provided, however, that, but such appeal must comply with the provisions and requirements of the County impact fee procedures set forth in Section 82-21 et seq. Beaufort County Impact Fee Procedures Ordinance. The filing of ~~such an~~ appeal will immediately halt the ~~impact fee~~ development approval process, unless the developer/applicant posts a bond or submits an irrevocable letter of credit for the full amount of the impact fees as calculated by the ~~county~~ County or participating municipality to be due.
- (b) *Payment under protest.* The developer/applicant may pay the ~~county~~ County-calculated or ~~municipality-calculated~~ development impact fee under protest, pursuant to the County impact fee procedures in Section 82-21 et seq. Beaufort County Impact Fee Procedures Ordinance. Payment under protest does not preclude the developer/applicant from filing an administrative appeal, ~~nor~~ from requesting a refund, ~~nor or~~ from posting a bond or submitting an irrevocable letter of credit for the full amount of the development impact fee fees as calculated by the County or municipality to be due, all as set forth in the Impact Fee Procedures Ordinance.
- (c) *Mediation.* The developer/applicant may request mediation by a qualified independent party, but only upon voluntary agreement by both the developer/applicant (fee-payer) as well as the ~~county~~ County (and, if applicable, municipality) and the applicable fire district, and only to address a disagreement related to the fire facilities development impact fee, as calculated by the ~~county~~ County or municipality, for the proposed development. Neither request for, nor participation in, mediation shall preclude the developer/applicant (fee-payer) from pursuing other developer rights and/or remedies, as set forth ~~herein~~ in this article, the County impact fee procedures in Section 82-21 et seq., or other remedies available by law.

<b>MEETING NAME AND DATE:</b>
Finance Committee Meeting February 22, 2022
<b>PRESENTER INFORMATION:</b>

<b>ITEM BACKGROUND:</b>

The selected firm shall work with the County Administrator or designated staff to provide the services not to exceed three years, with one two-year extensions, not to exceed five years, subject to approval by County Council and appropriation of funds.
<b>PROJECT / ITEM NARRATIVE:</b>
Beaufort County received one qualified and responsible response to the RFP on December 1, 2021 from Mauldin & Jenkins, Savannah, GA. The solicitation was advertised for 30 days on our County Website, Vendor Registry, SC Business Opportunities Magazine, and our local paper. We had 389 views on Vendor Registry and 45 downloads, but only one firm responded to the RFP. The lack of responses is not unusual due to COVID and the type of work required for this type of audit. Mauldin & Jenkins is our current Auditor and we have used them for the past seven years and are satisfied with their work. Mauldin & Jenkins price proposal is fair and reasonable and their response supports the required scope of work. Staff does not recommend rebidding the solicitation at this time and recommends Mauldin Jenkins for the contract award.  Mauldin Jenkins total cost for each year which includes the audit, DSN, and HHI Airport: FY2022- \$83,500, FY2023-\$87,000, FY2024-90,000. Total cost for three years: \$260,500.
<b>FISCAL IMPACT:</b>
<i>Contract request is \$260,500 for the three-year contract approval. The fees will be split between DSN, Hilton Head Island Airport and Finance based on the breakdown of the fees from the proposal on a yearly basis.</i>
<b>STAFF RECOMMENDATIONS TO COUNCIL:</b>
Approve the contract award to Mauldin & Jenkins.
<b>OPTIONS FOR COUNCIL MOTION:</b>
<i>The Finance Committee approve the contract recommendation for award and send to the next County Council meeting for final approval.</i>
