Beaufort County Planning Documents and Legislation

Study: 1986 Penn Center Study on Land Use and Retention (in Beaufort Planning Archives)

Link: <https://beaufortcountysc.gov/archives/county-government/planning-development/comprehensive-regional-plans/1986-penncenter-landuseretention.pdf>

Summary: in 1986 Penn Center put together a manual on land use policies to help landowners retain their land.

Excerpt:

- It is highly likely that the scenario of Hilton Head will be repeated throughout the Sea Islands unless an aggressive education program related to landownership among the indigenous population is undertaken.

Master plans have already been approved for the islands of Dataw, Daufuskie, Gibb, Cat, and Harbour. Daufuskie has an indigenous population of 100 dwindled from more than 1,000 a decade ago thanks to pollution of the oysters. Other landowners have since moved to large urban centers, but retain ownership of land on the Island. virtually all the Sea Islands are heavily populated with low income families with small farms.

Further north in the Charleston area, the same situation exists.

Since in a democracy such as this, the majority controls the decision making process, special provision is needed now to protect the indigenous population from becoming displaced. The alternative is to ignore the current trend and face the social consequences in the 21st Century.

- This manual is designed to assist Local Landowners according to regulations and laws of Beaufort County. Many of the county's regulations are based on State Laws, consequently, the manual can be used on a statewide level.

Our hope is that this manual will not just be used when a landowner has a legal problem, but will be an impetus for families to think about the land: how we can best use it now and how we can preserve it for our children and grandchildren. This requires legal and financial planning. More important, it requires us to teach those who will use the land after us to appreciate it, and to pass this commitment to the land to yet another generation.

4.8.7 Special Overlay

a. Cultural Protection Overlay

The traditional cultural landscape and its physical setting on St. Helena Island is a treasure of national significance. As one of Beaufort County's last substantially rural Sea Islands and the center of its most notable concentration of Gullah culture, the island requires an additional level of development standards to protect this important resource. This is especially challenging given its geographic situation between major traffic generators.

Two tools proposed to protect the island are the Cultural Protection Overlay and the Public Market District. The Cultural Protection Overlay encompasses the entire island and acknowledges its historic cultural landscape and the sense of community that has existed on the island for 300 years. The Public Market District includes the existing commercial area around the Corner Community on U.S. 21. As the revisions to the Zoning and Development Standards Ordinance are developed, it will be necessary to fully evaluate what defines St. Helena Island as a significant traditional cultural landscape, as well as to assess the contribution of the Gullah culture, in order to develop specific provisions within the overlay district that will result in effective long-term protection for the culturally significant aspects of the island.

Cultural Protection Area (Overlay): The traditional cultural landscape and its physical setting on St. Helena Island is a treasure of national significance. As one of Beaufort County's last substantially rural sea islands and the center of its most notable concentration of Gullah culture, the island requires an additional level of development standards to protect this important resource. In order to protect this vital cultural heritage of St. Helena Island, the county has developed the Cultural Protection Overlay to prevent rural gentrification and displacement of residents in these cultural communities. The intent of this overlay is to protect this area from encroaching development pressures. While growth is not discouraged, the quality and rate of growth is of concern. Rapid in-migration would substantially alter the traditional social and cultural character of St. Helena Island. Also, gentrification could drive up land values, making the continuation of the Island's traditional way of life cost prohibitive. The Cultural Protection Overlay encompasses the entire island and acknowledges its historic cultural landscape and the sense of community that has existed on the island for 300 years. As the revisions to the ZDSO are developed, it will be necessary to fully evaluate what defines St. Helena Island as a significant traditional cultural landscape, as well as to assess the contribution of the Gullah culture, in order to develop specific provisions within the overlay district that will result in effective long-term protection for the culturally significant aspects of the island.

- Chapter 6, page 6-18: Gullah Heritage

The Gullah Grub, located in the Corner Community on St. Helena Island served traditional Gullah cuisine. It operates under the South Carolina Coastal Community Development Organization.

LOCAL INITIATIVES TO PRESERVE GULLAH HERITAGE

In the past 10 years, Beaufort County, working closely with community groups, has taken several initiatives aimed at strengthening the Gullah community.

Corners Area Community Preservation District: The Corners Community is located around the intersection of Sea Island Parkway (US 21) and Martin Luther King, Jr. Drive and is the cultural and commercial heart of St. Helena Island. The 1997 Comprehensive Plan designated this area as a Community Preservation District, which led to a community-based plan that was completed and adopted in 2003. The plan was formulated by the 12-member Corners Area Community Preservation Committee, which conducted 140 meetings over a period of 2 ½ years. The plan outlines policies that encourage the district to be pedestrian friendly, promotes the preservation of historic structures and calls for context sensitive design for the widening of US 21 through the heart of the community. In 2014, based on input from the Community Preservation Committee and island residents, the County adopted transect zones for the Corners Community to further promote the objectives of the plan.

Cultural Protection Overlay District: In order to protect the Gullah cultural heritage of St. Helena Island, the County developed the Cultural Protection Overlay to prevent rural gentrification and displacement of residents in these cultural communities. The intent of this overlay is to protect this area from encroaching development pressures. Currently the district restricts the development of gated communities, golf courses, and resorts. It also prohibits development features that restrict access to water and other culturally significant locations, and franchise design.

Study: Gullah Geechee Corridor Commission. “Strategic Plan to Promote Preservation of Gullah Geechee Land Ownership in the Gullah Geechee Cultural Heritage Corridor” September 2020

Link: <https://gullahgeecheecorridor.org/wp-content/uploads/2022/07/GGCHC-Strategic-Preservation-and-Land-Ownership-Plan.pdf>

Summary: Gullah Geechee Corridor Commission updated their strategic plan in 2020 to promote land ownership strategies and address encroachment and land loss.

Excerpts:

- **Page 14:** Land is still widely considered the most valuable of all Gullah Geechee cultural assets. It has always been the base for economic and social development. After slavery ended, family farms were often the primary source of income. Gullah Geechee landowners were able to develop a self-sustaining economy based on the small-scale production of cotton, subsistence agriculture, and truck farming supplemented with fishing and harvesting shrimp and oysters. As a result, many were able to avoid the hazards associated with tenant farming and sharecropping systems.

Preserved along the beautiful, coastline of the Atlantic Lowcountry is the nationally important story of the history of Gullah Geechee people – a powerful story of how they shaped this distinctive landscape over the course of centuries, their remarkable Creole culture and the West African traditions that remain deeply rooted in it.

Gullah Geechee is recognized as one of the great, foundational cultures of the United States and is honored for the sheer number of Africanisms that they have preserved.

- **Page 25:** Stakeholder themes: The following major themes and representative quotes were drawn from the survey responses and telephone interviews.
 - 1 Land is history, culture, and foundation for Gullah Geechee people. Most people saw the land as the foundation of their history, culture, homes, communities, families, and futures.
 - 2 Stakeholders reported the need for more community-based groups to do the advocacy work of encouraging land ownership preservation. Many were concerned that younger descendants of landowners did not understand the centrality of land ownership for cultural preservation because they did not know or appreciate the history of the land. There was also a concern that younger descendants do not understand the range of economic and other benefits that come with land ownership.
- **Page 33: Conclusion** The Corridor is still experiencing the post-WWII economic development pressures that began 70 years ago when the geographic isolation of the Sea and Barrier Islands was broken by the connecting bridges to the mainland and the development of the Interstate 95 highway inland. Land and property are still being lost for many reasons. One of the primary reasons for land loss is the intricate and difficult legal process for establishing ownership of heirs' property and transferring it to succeeding generations.

The need to ensure that historical land and property are preserved is urgent for both the Corridor and Gullah Geechee people. If nothing is done, land and property ownership will continue to decline, and elders can already see their history and culture declining as a result.

Summary: NPS study (2005) highlights impacts of coastal suburban development on property values, increasing taxes and land loss.

Excerpt: Page 78. Image

Retreat Plantation is now a gated club. Retreat Burying Ground, in use since 1800, is currently surrounded by a **golf** course. Although the cemetery is on private property, families of those buried in the cemetery are allowed to visit grave sites. Burials still take place in the cemetery. Many private owners of traditional Gullah/Geechee cemeteries are not as cooperative with relatives of those buried at the sites. *Jonna Hausser Weaver, NPS Intern (2002)*

- **Page 84:** Resorts, golf courses, and coastal suburban development on the islands led to steadily increasing property values and skyrocketing taxes. Island economies changed from rural subsistence farming to a service-based economy. Native islanders were often unable to bear the tax burden, and many were forced to leave their homes. Not just Gullah/ Geechee people but all islanders of modest means, black and white, have been adversely affected by the rising taxes caused by development and population growth.

With losses of land and easy access to fishing and hunting came a decline of Gullah/ Geechee self sufficiency and autonomy. Displaced and landless Gullah/Geechee people increasingly turned to hourly labor, out- migration, or both.

- **Page 118:** Although Penn School is no longer in operation, Penn Center, a non- profit African American cultural and community action foundation, now occupies the campus. Scholars from around the world come to study Gullah/Geechee culture and African American history there. Penn Center is located on St. Helena Island, a sub- tropical barrier island well known for its intact Gullah communities such as Frogmore. Like most Sea Islands, St. Helena is struggling with encroachment and land retention issues due to the population explosion on nearby resort islands.

Summary: Study highlights the Cultural Protection Overlay as a tool to address land retention (2011).

Excerpt:

- Page 24: South Carolina’s Hilton Head Island and immediately surrounding islands were subject to unprecedented economic growth and, in turn, gentrification after the construction of a bridge to Hilton Head in the late 1950s (Hicks, 2003). The bridge only shortly preceded the construction of the first gated-community on the island, Sea Pines Plantation, a private jet facility, as well as prestigious golf courses and resorts (Hicks, 2003). Because of upscale, resort development on Hilton Head, the median household income of Beaufort County is of one of the highest in South Carolina, yet only ten percent of African Americans of Gullah descent remains on Hilton Head and they have been pushed to a small swath of land that rests at the northern tip of the island (Jarrett, 2004; Hicks, 2003). The development of gated communities has removed previously-accessible places for residents of the Gullah community to fish, hunt, and visit areas of religious significance (Jarrett, 2004).
- Page 100: Settlement Areas and Cultural Conservation Overlays

Beaufort County employs Cultural Protection Overlay Districts as a mechanism to preserve the Gullah-Geechee Community on St. Helena Island through the perpetuation of traditional settlement patterns and cultural traditions; this overlay aims to ameliorate gentrification and displacement by restricting encroaching development, such as gated-communities, resort development, and golf courses (Beaufort County Zoning and Development Standards Ordinance, Appendix C (1999)).

Summary: Councilmember Alex Brown discusses the challenges of land development, change on Hilton Head's native island community

Excerpt:

- *Hilton Head's small size magnifies its complexities*

Brown sees the smallness of Hilton Head Island, ultimately, as a positive. It's small enough to change, he says. It's small enough for one person, one conversation, to make a difference.

But he also knows the smallness of the island leaves little room for error. Every square mile is precious...

...Brown showed him what this place really is, beyond what can be seen from the links or the beaches. Brown's tour travels through affordable housing community parking lots, down bumpy dirt roads, past the wooded area that once hosted Mitchelville, where Brown's great-great-grandfather stayed after serving in the Union Army.

He'll point out the new developments. He'll explain how property taxes will rise because of it, making it harder for the native islanders, who are often land rich and cash poor, to keep their ancestral lands.

Summary:

Excerpt:

- With the rise in tourism and development along the Southeast coast, the Gullah Geechee are facing dual challenges to their land: First, from the "come heres," or outsiders, who want to develop their ancestral lands, and second, from the looming menace of continued sea-level rise, which threatens to submerge the Southeast's barrier islands and displace millions of people and millions in property.
- Up and down the coast, battles over Gullah and Geechee land play out in courtrooms and at family tables.
- Hilton Head, once the site of the first Freedman's Community in the nation, has become a haven for tourists and wealthy retirees. Their condos and country clubs are called plantations. Their skin is usually white. Their accents carry a midwestern sharpness. The money is always good. The gentrification began in 1957, when two brothers opened Sea Pines, a 5,200-acre resort with four golf courses on the southern end of the island. Now, 80% of the island is behind gates in private communities. Since 1995, the native Gullah population has lost 70% of its land.

Dear Councilwoman Howard,

The Open Land Trust is an organization whose mission is to protect significant ecological and cultural places that define the natural landscape while contributing to the health and spirit of the extraordinary Lowcountry region. We accomplish this by protecting land by fee simple acquisition and conservation easements.

We have protected over 3,500 acres on St Helena, many easements in partnership with Beaufort County, United States Department of Agriculture - natural resource conservation service, and private landowners. County zoning policies, specifically those in rural communities, complement land protection efforts.

As an ex-officio member of the CPO committee, the Open Land Trust retained Andy Gowder to review documents and provide expertise so that we might best fulfill our role to the committee.

Thank you for the opportunity to share his comments.

All the very best,

Dear Kristin,

My name is W. Andrew (Andy) Gowder, Jr. I am a South Carolina native and have been practicing law as a member of the South Carolina Bar since 1986. For much of my career, I have concentrated my practice in state and local government law and land use and zoning law. I chaired the American Bar Association Section of State and Local Government Law, the Urban Land Institute South Carolina District Council, and the Urban Land Institute Sustainable Development Council.

I have been retained by The Open Land Trust to support the organization in this matter and to express its views regarding the importance and the strength of the Cultural Protection Overlay Zone protecting St. Helena in Beaufort County and to offer my opinion on the validity and enforceability of that part of the Beaufort County zoning code.

• The CPO Ordinance is valid and enforceable under state and federal law.

Local governments can enact zoning laws based on their police power to protect the health, safety, and welfare of the community. See, e.g., S.C. Code Ann. § 5-23-10 (1976); S.C. Code Ann. § 6-7-10 (1976). Harkins v. Greenville Cty., 340 S.C. 606, 613, 533 S.E.2d 886, 890 (2000). Zoning is a legislative act which will not be interfered with by the courts unless there is a clear violation of citizens’ constitutional rights. In order to successfully assault a city’s zoning decision, a citizen must establish that the decision was arbitrary and unreasonable. Knowles v. Aiken, 305 S.C. 216, 224, 407 S.E.2d 639, 642 (1991). As a result, a court cannot disturb a local government’s zoning decision “if the propriety of that decision is even ‘fairly debatable.’” Id. at 223, 407 S.E.2d at 642.

With respect to judicial review of zoning ordinances, there is a strong presumption in favor of their validity and their application. Bob Jones University, Inc. v. City of Greenville, 243 S.C. 351, 133 S.E.2d 843 (1963). The burden of proving the invalidity of a zoning ordinance is on the party attacking it, and it is incumbent upon the party attacking it to show through clear and convincing evidence the arbitrary and capricious nature of the ordinance. Town of Scranton v. Willoughby, 306 S.C. 421, 412 S.E.2d 424 (1992). The action of a municipality regarding the rezoning of property will not be overturned by a court as long

as the decision is "fairly debatable." Rushing v. City of Greenville, 265 S.C. 285, 217 S.E.2d 797 (1975); Petersen v. City of Clemson, 312 S.C. 162, 165, 439 S.E.2d 317, 320 (Ct. App. 1993).

The Cultural Protection Overlay (CPO) Zone, Beaufort County Code, section 3.4.50, was properly enacted as an ordinance by the Beaufort County Council as part of the County's zoning code. As such it is presumptively valid and not subject to attack absent clear and convincing evidence proving that its passage was an arbitrary and capricious act of Council.

This, the opponents of this ordinance cannot do.

Section 3.4.50 is supported by a long and substantial history demonstrating the natural, cultural, and historical importance of preserving the traditional settlement pattern on St. Helena to the citizens of Beaufort County and the state of South Carolina. The purpose of the CPO to "provide opportunities to protect natural, cultural and historic resources" on St. Helena, is well understood and well documented as a goal and objective in Beaufort County Comprehensive Plans (1997-present) and zoning and land development standards, now referred to as the Community Development Code.

This demonstrated foundation supporting the CPO's protection of St. Helena exists in (1) federal legislation: (a) 2006 Gullah Geechee Corridor Legislation, and (b) the legislation supporting the 2017 National Historical Park for Reconstruction Era); (2) federal studies, including (a) the 2005 National Park Service Low Country Gullah Culture Special Resource Study and Final Environmental Impact Statement. Atlanta, GA: NPS Southeast Regional Office, (b) the 2020 Gullah Geechee Corridor Commission "Strategic Plan to Promote Preservation of Gullah Geechee Land Ownership in the Gullah Geechee Cultural Heritage Corridor;" (3) the 1986 Penn Center Manual "Saving our land: a legal manual on land use and retention;" and (4) Beaufort County's comprehensive plans including, (a) the 1997 plan first recommending it, (b) the 2007 Northern Regional Plan recommending rural policies for St. Helena, (c) the 2010 plan providing for the CPO as it now exists and (d) all subsequent comprehensive planning documents, to this day.

The 1997 Comprehensive Plan identified St Helena as "a treasure of national significance" and "the center of [Beaufort County's] most notable concentration of Gullah culture" calling for zoning and development standards to "fully evaluate what defines St Helena has a significant traditional cultural landscape" and "development specific provisions that will result in the effective long-term protection of the culturally significant aspects of the land." The recently adopted 2020 Comprehensive Plan, entitled Beaufort County 2040, repeats similar recommendations in Action C6 "C6. Support the Preservation of the County's Rural Landscape and Way of Life."

Further, in strategies defined on page 164 for the "2040 Action Plan: St Helena Island", the plan recommends to "Reevaluate the CPO District by assessing whether additional land use restrictions are necessary to meet the intent of the district. Consider the addition of specific design standards that reinforce historic Gullah/Geechee development patterns and character."

Far from being arbitrary or capricious, Council's action in establishing and maintaining this CPO over the years supports years of studies by local and national authorities and the will of the citizens of Beaufort County as demonstrated through the public participation and engagement in the comprehensive planning process.

As a result, Council has not only the right, but the duty under law to support and defend this well supported and time proven community and land protection ordinance.

- **The changes that are being suggested by the committee are consistent with what has been existing practice for many years and strengthens rather than changes the zoning ordinance and the Comprehensive Plan.**

The CPO Committee has made several modest but well considered suggested changes to Council that would strengthen the effectiveness of the standards without changing existing zoning or the comprehensive plan. The changes to the Use Limitations in the CPO clarify without expanding the definitions of a restricted access (gated) community, a resort, and a golf course.

Specifically, the change clarifies the plain and unambiguous existing provision relating to golf course, prohibiting all golf courses from the CPO zone. The current language does that as well, but by including an illustrative example that the prohibition includes prohibits all golf courses, including those par 3 courses that have 9 or more holes, clearly eliminating the logically flawed argument that it allows golf courses that have 8 or few holes, which was clearly not intended by the plain language prohibiting "golf courses."

In summary, the Cultural Protection Overlay is a vital protection for a treasured landscape within Beaufort County that is legally sound and enforceable and which could be strengthened by changes clarifying the clear intent of its language in some areas, but which should not be watered down or weakened under threat by those with vested interests who seek to eliminate the protections provided by the CPO for their personal gain at the expense of all the people of Beaufort County and the citizens of South Carolina.

If you have questions regarding any of the statements in this letter, I would be happy to address them at your request.

Best Regards,

To Beaufort County Community Services & Land Use Commissioners & Beaufort County Council:

I am writing you on behalf of the **Gullah/Geechee Sea Island Coalition** and the citizens of the Gullah/Geechee Nation in SUPPORT of the text amendments presented by the Cultural Protection Overlay District Committee for historic St. Helena Island. I was the inaugural and I am the current Chair of the Cultural Protection Overlay District. Both CPO Committees diligently worked to ensure that St. Helena Island stays the unique culturally relevant place that it is. Our work calls for us to protect the cultural and environmental resources of St. Helena Island. The greatest cultural resource of the Gullah/Geechee Nation is the people themselves. St. Helena Island is the epicenter and heart of the Gullah/Geechee culture which has been beating since the 1500s and should live on to beat for centuries to come. Any attempts to do “carve outs” or removal of any area of St. Helena proper from the St. Helena Island CPO would mean placing Gullah/Geechee culture on life support as has been the case in other locations on the coast.

Planned Unit Developments/PUDs, gated areas, resorts, golf courses, and multiple docks are all inappropriate and incompatible for any of the properties that are under the Cultural Protection Overlay District. These islands were placed under the Cultural Protection Overlay District designation in order to prevent the building of resorts, gated areas and golf courses specifically due to the fact that these all have negative impacts on the sustainability of Gullah/Geechee traditional culture and lead to displacement of native Gullah/Geechees from their homeland.

The citizens of Beaufort County spoke and wrote very clearly about their support of the 2040 Comprehensive Plan which has placed a “Spotlight on St. Helena.” The spotlight is in regard to strengthening the Cultural Protection Overlay District which the CPO committee has done in language. The action plan for the 2040 Comprehensive Plan is for staff to engage with the community to bring about methods to increase the resilience of the environment in order to improve and sustain the quality of life on St. Helena Island. Beaufort County should uphold the work of the 2040 Comprehensive Plan and previous comprehensive plans by seeking to protect the environmental and cultural resources of our county. As specifically pointed out in the comprehensive plan and the current zoning ordinance, **“The Cultural Protection Overlay zone is established to provide for the long term protection of the culturally significant resources found on St. Helena Island. The CPO zone acknowledges St. Helena’s historic cultural landscape and its importance as a center of Beaufort County’s most notable concentration of Gullah culture.”** A cultural landscape does not end within the boundaries of one island. The cultural landscape expands to the footprint of what is embodied in the vantage point in a single view. The single view of natives of St. Helena Island when pushing Beaufort County to provide measures to protect St. Helena Island included Pine Island, St. Helenaville, Polowana and several other outlying areas that we have seen for generations especially as we navigate the vital waters surrounding historic St. Helena Island proper.

The Gullah/Geechee Sustainability Think Tank is working with Beaufort County staff in order to examine ways to improve and sustain the environmental resources of the Gullah/Geechee Nation's cultural landscape. Through work with the United States Department of Environmental Control and the US Army Corp of Engineers as well as a wide array of other government agencies including those in the Southeast Regional Partnership for Planning and Sustainability which contains the Department of Defense, we are centering St. Helena Island as a pilot for not only the resilience of the Sea Islands, but as the center of cultural heritage which can be modeled to sustain our coast. Our work enhances the resilience of St. Helena Island by protecting the island, improving water quality, preventing further coastal erosion and protecting our fisheries. Therefore, it perfectly aligns with the the 2040 Comprehensive Plan.

Our county is already well aware of stormwater and water quality issues existing in the St. Helena Island region. Massive building of new homes or a resort and golf courses would only put further strain on the natural resources and bring harm to the fishing areas that neighbor St. Helena Island, Pine Island and St. Helenaville. As stated in the Beaufort County Comprehensive Plan's *"Spotlight: St. Helena"* this *"would result in a greater demand for services and higher property values, making it more difficult and costly to maintain the traditional rural lifestyle on the island...Beaufort County's Gullah/Geechee community makes evident that the region's cultural resources are not just the historic sites, waterways, sacred grounds, farmlands, open spaces, hunting grounds, and the land on which traditional events have occurred. The most important cultural resource is the people themselves."*

As stated in my January letter to you, "I was elected by native Gullah/Geechee people to stand up and speak out for them around the world in order to protect our culture. I recently returned from deliberating with other world leaders about what to do in regard to climate action and one of the decisions that emerged from the United Nations Council of Parties (COP27) meeting was a 'loss and damage fund' that the United States and other nations will contribute to in order to pay restitution in essence to the numerous cultural communities that are suffering due to the environmental degradation that western society has brought to the world. I was able to stand before a global audience and present the Cultural Protection Overlay District as an example of what can be used as a replicable example of how to ensure that cultural heritage is protected, retained and sustained within an environmentally balanced area. The Gullah/Geechee culture is irreplaceable and priceless. Therefore, Beaufort County need not trade it for that which already exist elsewhere in the county. Instead, I call on you on behalf of Gullah/Geechees not only of St. Helena Island, but throughout the Gullah/Geechee Nation and the world to hold on to that which is the most valuable resource-the people! Gullah/Geechee binya and we ain gwine nowhey!"

Last week, I stood before a standing room only crowd on historic St. Helena Island that I surveyed to see if they were there in support of the continuation and strengthening of the Cultural Protection Overlay District for St. Helena Island and everyone that was in attendance stood up to show their support for the CPO. I stand before you again today looking for you to continue to uphold the law of Beaufort County by voting in support of the text amendments that are being presented to you by the Cultural Protection Overlay District Committee.

Numerous local, national and international organizations and partners have contacted you in support of the Cultural Protection Overlay District remaining intact and being strengthened. I am including a letter from the South Carolina Environmental Law Center that provides you with legal guidance on this matter to add to the letter that Governor Henry McMaster sent you previously in support of the CPO remaining intact. He further emphasized his support for keeping Gullah/Geechee culture alive in his 2023 State of the State address. Our general assembly members have also stated their support for the Cultural Protection Overlay District and this has been documented in the two letters sent to you by Senator Chip Campsen and a letter from Representative Nancy Mace. Thousands of people have signed the petition on [change.org](https://www.change.org) in regard to this matter as well. So, this stands as a historic moment that should not be taken lightly.

I look forward to your vote in support of the work of the Cultural Protection Overlay District Committee and the text changes that we have presented. I also look forward to continuing to work with you to protect our cultural and environmental treasures in Beaufort County which includes ensuring the continuation of the Gullah/Geechee cultural heritage and legacy.

Re: Cultural Preservation Overlay District

Dear Chairwoman Howard, Committee Members and County Council Members:

I am submitting comments that I request be incorporated into the public record regarding the Beaufort County Community Development Code Section 3.4.50, Cultural Protection Overlay, or "CPO." Over 20 years ago, the County established the CPO for the "long term protection of the culturally significant resources found on St. Helena Island." The CPO specifically recognizes "St. Helena's historic cultural landscape and its importance as a center of Beaufort County's most notable concentration of Gullah culture." Sec. 3.4.50. Under the CPO, gated communities, golf courses, and resort-type amenities and facilities are specifically prohibited, and such uses have been kept from St. Helena successfully since the passage of the CPO.

These three prohibitions were developed through community stakeholders' engagement geared toward protecting St. Helena's culturally significant resources because of the evidence that such uses have material and adverse impacts on the Gullah/Geechee culture. They are legally defensible, and have worked effectively for the past 20 years to protect St. Helena's Gullah/Geechee culture as envisioned and intended by the County. Yet the County's Comprehensive Plan calls for reinforcing the original intent of the CPO to prohibit golf courses, gated communities, and/or other land uses which may adversely impact the Gullah/Geechee community, which led to the reinstatement of the CPO District Committee and its recent work. The South Carolina Environmental Law Project ("SCELP") supports the recommendations of the CPO Committee for the following reasons:

The findings and land use restrictions contained in the existing CPO, as well as those proposed in the amendments before the Committee and County Council, are supported by extensive work undertaken by the U.S. Department of the Interior's National Park Service

(“NPS”) to research and develop the Low Country Gullah Culture Special Resource Study and Final Environmental Impact Statement (“EIS”), dated July 2005. Congress asked the NPS to determine, among other things, “how these resources could be protected, interpreted, and used for the benefit of the Gullah/Geechee people and the general public.” EIS, p. 1.

The National Park Service’s exhaustive research led to the finding that “the traditional economy of farming, fishing, hunting, and small- scale marketing of subsistence products has been replaced by a suburban and resort service economy. **These changes threaten Gullah/Geechee cultural survival and their distinct identity as a people who have survived since colonial times.**” EIS, p. 14. As if foreshadowing the future of St. Helena, the National Park Service found that “**many traditional Gullah/Geechee communities have been lost to real estate development, encroachment by outsiders, and the resulting economic hardship.**” EIS, p. 14. “**Development of gated communities has rendered some sacred sites and cemeteries inaccessible. Not only do some Gullah/Geechee people feel choked out of their communities, but also in some respects, they view resort development as virtual reincarnation of the plantation system.**” P. 97

The recurring theme throughout the NPS’s EIs is that certain uses, and specifically resorts, golf courses and gated communities have driven Gullah/Geechee people, as well as all islanders of modest means, from their lands and their livelihoods. EIS, p. 86. The proposed amendments, and the amendments to the purpose and use limitations statements specifically, reflect and clarify the well-established findings about the impact of certain uses on the Gullah/Geechee people and culture. The Environmental Impact Statement identified the clear and present threats posed by developments like that envisioned by Pine Island, LLC:

The Gullah/Geechee culture, language, and lands are in imminent danger of loss to encroaching resort development, general coastal population growth, and the emigration of their people for higher education and professional employment. In some cases, tiny frame houses have been taxed at enormous rates due to their location on or near resort islands. Some historically Gullah/Geechee islands, such as Hilton Head, are almost totally lost to development. Other areas are losing ground by the day. Defining some means of preserving and interpreting this fragile culture is of the utmost urgency or all will be lost. EIS, pp. 104-105.

Thanks to the foresight and leadership of Beaufort County over 20 years ago, the CPO was enacted, which defined important means of preserving the Gullah/Geechee culture by prohibiting the very types of land uses that have led to its loss in other locations. St. Helena Island is home to Beaufort County’s largest Gullah/Geechee community and the CPO protects the community from gentrification through development practices deemed incompatible by the community during the original stakeholder process, led by Queen Quet.

Even a cursory review of the history of St. Helena Island reveals why this island is so critical to the Gullah/Geechee culture. Since 1865, when Union Commander General William

Tecumseh Sherman was responsible for setting aside hundreds of thousands of acres of land for formerly enslaved people, St. Helena has been a concentrated community of Gullah/Geechee landowners. This land ownership has been critical to facilitate stable and self-supporting community. This land use pattern extends throughout the entirety of St. Helena and is the reason why the scope of the CPO is necessary.

The limitation prohibiting standard golf courses was clearly designed to prevent the Hilton Head-style golf course communities that destroyed the Gullah/Geechee culture there. Many St. Helena residents spoke during the Planning Commission meeting on January 5, 2023, further explaining how the existing prohibitions are directly related to the purpose and intent behind the CPO, such limitations having worked effectively as written for the past 20 years. The CPO's scope is rationally related to the goals of the CPO and the Comprehensive Plan, which is the legal test for the validity of such enactment. The robust research gathered by the CPO Committee in 1999, as well as the National Park Service's EIS and the public testimony on January 5 reveal a very clear and rational basis both for the CPO's scope and its substantive provisions, including those relating to golf courses. Thus, the CPO is and remains legally defensible, the current amendments aimed at further solidifying and reinforcing the existing use limitations and the basis thereof.

The County, and this Committee in particular, can make recommendations and ultimately pass an overlay district that restricts golf courses, resorts and gated communities, and there is a strong presumption in favor of the validity of municipal zoning ordinances, and in favor of the validity of their application. *Harbit v. City of Charleston*, 382 S.C. 383, 391, 675 S.E.2d 776, 780 (Ct.App. 2009). Local governments are charged with developing and passing ordinances under their police power to protect the health, welfare and safety of their citizens:

The legislative body's decision in zoning matters is presumptively valid, and the property owner has the burden of proving to the contrary. The authority of a municipality to enact zoning ordinances that restrict the use of privately owned property is founded in the municipality's police power. The governing bodies of municipalities clothed with authority to decide residential and industrial districts are better qualified by their knowledge of the situation to act upon these matters than are the courts, and their decisions will not be interfered with unless there is a plain violation of the constitutional rights of citizens.

Harbit v. City of Charleston, 382 S.C. 383, 390, 675 S.E.2d 776, 779–80 (Ct. App. 2009).

The Comprehensive Enabling Act specifically authorizes local governments to create overlay zoning districts designed to preserve and/or protect certain areas from land uses that would diminish the existing characteristics. S.C. Code Ann. § 6-29-720(C)(5). Courts are not to disturb such land use decisions unless such action is arbitrary, unreasonable, or in clear abuse of its discretion, or unless it has acted illegally and in excess of its lawfully delegated authority. Likewise, the power to declare an ordinance invalid because it is so unreasonable as to impair or destroy constitutional rights is one which will be exercised carefully and cautiously, as it is

not the court's function to pass upon the wisdom or expediency of municipal ordinances or regulations. *Harbit v. City of Charleston*, 382 S.C. 383, 391, 675 S.E.2d 776, 780 (Ct. App. 2009).

In other words, a county is afforded a tremendous amount of discretion in enacting ordinances to serve its community members. “Even if a court disagrees with a zoning board's decision, the court will refrain from substituting its judgment for that of the zoning board unless the decision 'is arbitrary, capricious, has no *reasonable relation to a lawful purpose*, or the [zoning] board has abused its discretion.’” *Id.* at 116, 719 S.E.2d at 284 (quoting *Rest. Row Assocs. V. Horry Cnty.*, 335 S.C. 209, 216, 516 S.E.2d 442, 446 (1999)). The key here is a “reasonable relation,” which has been clearly shown through the stakeholder engagement in the 1999 CPO process, to the findings in the NPS Environmental Impact Statement, to the testimony from citizens and residents this year, to the Comprehensive Plan.

The 2040 Beaufort County Comprehensive Plan consists of ten required elements, including the cultural resources element. The Plan speaks to the St. Helena area and recognizes its significance in several places, stating:

Beaufort County's Gullah/Geechee community makes evident that the region's cultural resources are not just the historic sites, waterways, sacred grounds, farmlands, open spaces, hunting grounds, and the land on which traditional events have occurred. The most important cultural resource is the people themselves.

As a Strategy the Plan has as a Strategy and an Action item:

Reevaluate the CPO District by assessing whether additional land use restrictions are necessary to meet the intent of the district. Consider the addition of specific design standards that reinforce historic Gullah/Geechee development patterns and character.

Comprehensive Plan, p. 36.

The Community Services and Land Use Committee and County Council have the power and authority to implement additional land use restrictions that would further the purposes of the Plan in protecting the people and culture of St. Helena. Neither the Committee nor Council should be dissuaded from the charge in the Comprehensive Plan to strengthen the CPO simply because of generalized legal threats. In sum, the CPO is legally defensible because it is specifically authorized by statute; was enacted in accordance with state law; sets forth a clear purpose; explains the basis for its limitations; is limited to a defined geographic area; and does not restrict all uses of properties within the District. The proposed amendments stemming from the CPO Committee simply further the goals and purposes of the existing CPO.

Most recently the developer is proposing to subdivide the property and cobble together three six-hole golf courses in an attempt to evade the CPO's existing limitations. Such proposal has serious legal constraints. First, if the properties were subdivided, setback requirements would prevent a contiguous golf course. But more importantly, such an attempt is a blatant effort to evade the clear purpose and intent behind the CPO: to prohibit uses that have been shown to destroy Gullah/Geechee culture – golf courses, resorts and gated communities.

We live in a society where everyone is expected to follow the laws, which are designed to protect the public at large. If we enact laws but fail to hold everyone accountable to those laws simply because it becomes inconvenient for one person – who had full knowledge of the limitations and restrictions on use at the time of purchase – we become an unjust society, particularly in the context of a historic Gullah community. Ensuring that the CPO has force and effect to the entirety of St. Helena, and that it is strengthened consistent with the Comprehensive Plan and voluminous research, is the duty and responsibility of this body.

Despite the losses of recent decades, the Gullah/Geechee people remain a testament to the power of human adaptability and survival amid major stresses and assaults from many fronts in the rapidly changing economic environment of the modern world, according to the National Park Service. Now is the time to reinforce the purpose and land use limitations of the CPO, continue to prevent major stresses and assaults from harming the Gullah/Geechee culture on St. Helena, and ensure its continued protection as has occurred in the decades since the original CPO was passed.

Thank you for consideration of our comments.

Respectfully submitted,

Amy E. Armstrong

WHEREAS, County Council is authorized to enact ordinances for the implementation and enforcement of powers granted to it pursuant to Sections 4-9-30(9) and (17) of the South Carolina Cod of Laws as amended and to exercise such powers as are necessary to promote the health, safety, and welfare of Beaufort County; and

WHEREAS, among the powers granted to County Council, and which County Council has heretofore exercised, are: (i) the power pursuant to Section 6-29-710(A) of the South Carolina Code of Laws as amended to adopt zoning ordinances for the purpose of guiding development in accordance with existing and future needs and promoting the public health, safety, morals, convenience, order, appearance, prosperity, and general welfare of Beaufort County; (ii) the power pursuant to Section 6-29-720(A) of the South Carolina Code of Laws as ammended to create zoning districts of such number, shape, and size as it determines to be best suited to carry out the purposes of Chapter 29 to Title 6 of the Code of Laws; and (iii) the power pursuant to 6-9-720(C) to utilize certain zoning and planning techniques including overlay zones which are defined as “a zone which imposes a set of requirements . . . when there is a special public interest in a particular geographic area that does not coincide with the underlying zone boundaries”; and

WHEREAS, in this regard, and incident to the adoption of this ordinance, Beaufort County Council, as the governing body of Beaufort County, South Carolina, makes the following legislative findings:

1. St. Helena Island is home to one of the largest Gullah/Geechee communities on the southeast coast. The Gullah/Geechee people are descendants of enslaved people brought from West Africa and indigenous Americans from the Sea Islands.
2. On April 26, 1999, County Council Adopted Ordinance No. 1999/12. This ordinance codified Beaufort County’s Zoning & Development Standards. As part of this ordinance, County Council adopted Appendix C, the Cultural Protection Overlay (CPO) District. As set forth in the Appendix, the District was established to provide opportunities to protect the natural and cultural resources which are found on St. Helena Island, to prevent rural gentrification, the displacement of residents, and to protect St. Helena and the Gullah culture from encroaching development pressures.
3. After County Council adopted the CPO District in 1999, the U.S. Department of the Interior’s National Park Service conducted its own research into Gullah Culture. After exhaustive research the National Park Service issued *Low Country Gullah Culture*:

Special Resource Study and Final Environmental Impact Statement (July 2005). This report in its entirety is included in County Council’s legislative findings.

4. In the nearly two-and-a-half decades since County Council’s adoption of the CPO District, Beaufort County experienced unprecedented population growth and a marked increase in development of all kinds, residential and commercial.
5. On November 8, 2021, County Council adopted the 2040 Comprehensive Plan. The Plan recognizes the need for a balanced approach to development.
 - a. It recognizes challenges to the County’s natural environment. Specifically, it notes “there are still many challenges ahead. Development has not slowed and the County will continually need to reevaluate and update its policies and regulations to make sure that its water quality and resource protection goals are met.”
 - b. It recognizes challenges to the County’s historic, cultural, and scenic resources. It stresses a commitment to “protecting culturally significant communities and resources through sensitive place-based planning and community engagement.”
 - c. It recognizes challenges to St. Helena. It devotes an entire “Spotlight” section to the island. The Plan provides that “Beaufort County’s Gullah/Geechee community makes evident that the region’s cultural resources are not just the historic sites, waterways, sacred grounds, farmlands, open spaces, hunting grounds, and the land on which traditional events have occurred. The most important cultural resource is the people themselves.” The Plan further observes that “[t]he primary threat to the long-term viability of Beaufort County’s Gullah/Geechee communities is land development. Implementing land use policies that concentrate growth in urban areas and protect rural land from suburban development are the most important actions the County can take to protect its unique Gullah/Geechee heritage.” As both a strategy and an action, the Plan calls for County Council to “[r]eevaluate the CPO District by assessing whether additional land use restrictions are necessary to meet the intent of the district.”
6. On January 5, 2023, the Beaufort County Planning Commission considered text amendments to Article 3, Division 3.4, Section 3.4.50.D, Use Limitations as set forth in the Cultural Protection Overlay (CPO) Zone Standards. The Commission’s meeting lasted several hours. The Commission received letters from state, local and regional leaders expressing opposition to the proposed amendments. Dozens of community members attended the meeting. With rare exception, community members, the majority of whom were from St. Helena, spoke against the proposed amendments. The Commission voted unanimously against the proposed amendments. It recommended County Council deny the proposed text amendments.

7. On January 9, 2023, County Council’s Community Services and Land Use Committee considered the amendments to Article 3, Division 3.4, Section 3.4.50.D which the Planning Commission considered just days before, which the Commission rejected, and which it recommended County Council deny. The Committee voted to postpone consideration of the proposed amendments until its meeting of April 10, 2023, to refer the matter to the Cultural Protection Overlay District Committee to review the proposed amendments and to suggest revisions that might be added to reinforce the Overlay’s purpose to improve the protection it provides to St. Helena and the surrounding islands.

8. The Cultural Protection Overlay District Committee received the referral from the Community Services and Land Use Committee. It met four times: January 17th, January 31st, February 21st, and March 21st. It reviewed and evaluated the language of Section 3.4.50 in its entirety – subparts A through D. During the course of its work the Committee received letters from several sources including attorneys who are associated with organizations which are devoted to cultural, historic, and land preservation on a local, regional, and national level. Its meetings were well attended by members of the public, by the residents of St. Helena, and by members of state and local preservation organizations. The information which was received from the community and from these organizations demonstrated unequivocally that there is special public interest in a particular geographic area of the county (St. Helena) that does not coincide with the underlying zone boundaries. During the meeting of March 21, 2023, the CPO District Committee voted unanimously to recommend (i) that County Council deny the text amendments which were proposed to Article 3, Division 3.4, Section 3.4.50.D which the Community Services and Land Use Committee received on January 9th and further (ii) that County Council adopt, instead, the amendments to Article 3, Division 3.4, Section 3.4.50 as set forth in Exhibit “A”.

Beaufort County Council finds, based on the above recitals and the legislative history which has been provided to the Clerk of Council which constitutes part of this record, that (i) it is appropriate to accept the recommendations of the Cultural Protection Overlay District Committee to amend Article 3, Division 3.4, Section 3.4.50 as set forth in Exhibit “A” and (ii) it is appropriate to amend other provisions of Article 3, Divisions 3.1 and 3.4 of the Community Development Code as recommended by the Planning and Zoning Department which are also set forth in Exhibit “A”.

NOW, THEREFORE Be It Ordained by County Council in a meeting duly assembled that Article 3, Division 3.1, Section 3.1.70 (Land Use Definitions), and Division 3.4, Sections 3.4.10 (Overlay Zones Purpose) and 3.4.50 (Cultural Protection Overlay Zone Standard) of the Community Development Code (“CDC”) are hereby amended as set forth in Exhibit “A”. Deletions in the existing code are stricken through. Additions are highlighted and underlined.

Division 3.4: Overlay Zones

Sections:

- 3.4.10 Purpose
- 3.4.20 Applicability
- 3.4.30 MCAS Airport Overlay (MCAS-AO) Zone Standards
- 3.4.40 Beaufort County Airport Overlay (BC-AO) Zone Standards
- 3.4.50 Cultural Protection Overlay (CP) Zone Standards
- 3.4.60 Commercial Fishing Village Overlay (CFV) Zone Standards
- 3.4.70 Transfer Development Rights Overlay (TDR) Zone Standards
- 3.4.80 Place Type Overlay (PTO) Zone Standards

3.4.10 Purpose

This Division provides regulatory standards governing land use and building form within special overlay zones. Overlay Zones impose a set of requirements or relax a set of requirements imposed by the underlying zoning district when there is a special public interest in a particular geographic area that does not coincide with the underlying zone boundaries.

These zones are typically applied to certain areas of the County here extreme environmental, physical or cultural constraints need increased planning guidelines and consideration.

3.4.20 Applicability

The requirements of this Division shall apply to all proposed development within the overlay zones, and shall be considered in combination with the standards for specific uses in Article 4 (Specific to Use), if applicable, and the development standards in Article 5 (Supplemental to Zones). If there is a conflict between any standards, the provisions of Article 4 (Specific to Use) control over Article 3 (Specific to Zones) and Article 5 (Supplemental to Zones).

3.4.50 - Cultural Protection Overlay (CPO) Zone Standards

A. Purpose. The Cultural Protection Overlay (CPO) zone is established to provide for the long term protection of the culturally significant resources found on St. Helena Island. The CPO zone acknowledges St. Helena's historic cultural landscape and its importance as a center of Beaufort County's most notable concentration of Gullah culture. The Cultural Protection Overlay (CPO) District is established to preserve the rural character and to protect the cultural, natural, and historic resources on St. Helena Island.

St. Helena Island's most important cultural resource is the people themselves. While the Island's population is very diverse with residents who have been there for generations along with newcomers, St. Helena Island is home to one of the largest Gullah/Geechee communities on the southeast coast. The Gullah/Geechee people are descendants of enslaved people brought from West Africa and indigenous Americans from the Sea Islands. The historic isolation of the County's Sea Islands was crucial to the survival of this culture. This isolation created a unique culture with African roots that are clearly visible in the Gullah/Geechee people's distinctive arts, crafts, foodways, music, and language. While isolation was critical to the development of the Gullah/Geechee culture, the land and land ownership is critical to the survival of this culture into the present day. Shortly after the Civil War, many freedmen in the Sea Islands were successful in acquiring lands that were formerly located on plantations. Gullah/Geechee landowners were able to develop a self-sustaining economy based on small-scale cash crops, subsistence agriculture, and truck farming supplemented with fishing and harvesting shrimp and oysters. This land ownership remains to this day and has been critical in facilitating a stable and self-supporting community.

Beaufort County is undergoing extraordinary growth and development. Preserving the character of rural spaces in the unincorporated areas of the County promotes the health, safety, and welfare of the County's citizens. Large scale development, rapid growth, and otherwise incompatible development in rural areas can adversely affect the character of rural areas. St. Helena Island is one of Beaufort County's remaining rural spaces. It is a living, working landscape of forested lands, Gullah/Geechee family compounds, marsh vistas, family farms - large and small, and small tight-knit rural communities centered around places of worship, connected by two-lane canopy covered roads. The island is home to many historic structures, and sacred burial grounds including graveyards and cemeteries. It is one of the communities that participated in the *National Park Service's Low Country Gullah Culture: Special Resource Study & Final Environmental Impact Statement* which was published in 2005. (The study is incorporated into this Purpose statement.) As noted in the study, to talk about St. Helena is to talk about "life ways and traditions of a living culture in the Low Country and Sea Islands, a semi-tropical area filled with palmetto trees and live oaks draped with Spanish moss..." (*Low Country Gullah Culture: Special Resource Study & Final Environmental Impact Statement* p. 1) The study notes that "[t]he Gullah/Geechee story represents a crucial component of local, regional, and national history. Preserving ... Gullah/Geechee culture and its associated sites is significant to people of all racial, regional, and ethnic backgrounds and is vital to [preserving and] telling the story of the American heritage." (p.2). It is home to Penn Center, the nation's first trade, agricultural, and normal school for freedmen. The historical significance of the Penn Center area has been

formally recognized with a National Historic Landmark designation and comprises two of the four sites in Reconstruction Era National Park.

Beaufort County's 2040 Comprehensive Plan places great value in preserving the rural character of St. Helena and in continuing the natural, cultural, and historic qualities of St. Helena Island. The Comprehensive Plan identifies land development as the primary threat to the Island's rural qualities and its existing culture. It is important to note that the Comprehensive Plan supports steady incremental growth that enhances the Island's existing character and provides services and economic opportunities to the rural community. However, large-scale, rapid, and/or suburban growth, such as gated, master planned communities, golf courses and resort destinations, conflicts with the Island's character and presents the greatest threat to the character and stability of the Island community. Rapid suburban growth would not only change the character of the area and threaten the natural, cultural and historic qualities of St. Helena, it would likely bring with it disproportionate and unsustainable short and long-term demands for urban services and infrastructure and eventually lead to urbanization or suburbanization of the Island, the loss of natural qualities which have sustained generations of islanders and which has resulted in the culture and history of the Island. Therefore, the Cultural Protection Overlay District is designed to complement the underlying zoning districts on St. Helena Island by limiting large-scale development such as large master planned communities and resort destinations, that would substantially alter the rural character and natural landscape, would generate high traffic volume, and/or would otherwise be incompatible with the culture of St. Helena Island.

B. District Boundaries. The boundaries of the CPO zone on St. Helena Island are depicted on the Beaufort County Official Zoning Map. Where the CPO zone is applied, the permitted uses shall be limited to the base zoning, except where additional limitations are established within the CPO zone.

C. Site Design. Design features that restrict access to water and other culturally significant locations, and franchise design are prohibited.

D. Use Limitations. The following specific uses are deemed to be incompatible with the CPO zone; and therefore, are prohibited: Based upon the Purpose statement above, and in particular the National Park Service's Low Country Gullah Culture: Special Resource Study & Final Environmental Impact Statement, Beaufort County finds that golf courses, resorts, fences, beachfront development, boat landings, marinas, and the coastal population explosion are all encroaching upon and in some cases overtaking Gullah/Geechee Culture, it is the public policy of Beaufort County to protect St. Helena Island's rural, historic, and cultural heritage by prohibiting the following uses which are deemed to be incompatible with the Cultural Protection Overlay District:

Restricted Access (Gated Communities) An intentionally designed, secured bounded area with designated and landscaped perimeters, usually walled or fenced, that are designed to prevent access by non-residents. A residential neighborhood where accessibility is controlled by means of a gate, guard, barrier, or other similar improvement for the purposes of controlling the movement of traffic and people into

and out of the neighborhood and usually include common areas, amenities such as swimming pools, clubhouses, restaurants which are open only to residents, property owners, members and guests.

Resort This use includes lodging that serves as a destination point for visitors and designed with some combination of recreation uses or natural areas. Typical types of activities and facilities include marinas, beaches, pools, tennis, golf, equestrian, restaurants, shops, and the like. This restriction does not apply to ecotourism or its associated lodging.

Golf Course ~~This use includes regulation and par three golf courses having nine or more holes.~~ An area of land with improvements to the grounds on which the sport of golf is played. It typically consists of a series of holes, each consisting of a tee box, a fairway, the rough and other hazards, and/or a green with a cylindrical hole in the ground, known as a cup. Golf course accessory uses may include a clubhouse, restrooms, driving range, and shelters.

Beaufort County Technical Plan for Opiate Abatement Application

The Beaufort County Government is going to work with a coalition of providers to provide an array of strategies. The coalition members will be working with Beaufort County for two years. Beaufort County will outline the approved opiate abatement strategies to be adopted by the coalition, and ask for one year of funding, consistent with the opiate settlement agreement and South Carolina Opiate Recovery Fund (SCORF) Board. Furthermore, performance measurement goals and reporting will be required for year two funding to be requested from SCORF for project continuation.

Additionally, given the complexity of Beaufort Counties first award having a calendar year cycle, and cycle two likely on the fiscal year, to sustain year one programming created from the year one cycle, Beaufort County also ask for six months of funding to sustain those programs started from the last award through June 30, 2024. Those programs and amounts for program continuation are:

- B5. MOUD and Other Opioid Related Treatment **\$68,224** (1/2 yr salary, fringe, 3% cola, training, supervision fees, supplies, and technology & Admin fees).
- E.5 Warm Handoff Program **\$32,248** (1/2 yr salary, fringe, 3% cola, training, supervision fees, supplies, and technology & Admin fees).
- F.1 Treatment for Incarcerated Population **\$50,310** (1/2 yr salary, fringe, 3% cola, training, supervision fees, supplies, and technology & Admin fees).

Total for continuation projects: \$150,782

Finally, Beaufort County will have a third strategy of contracting with a vendor to do a Prevention media campaign. Details and budgets to follow.

The coalition members will include Beaufort Memorial Hospital, the Good Neighbor Free Medical Clinic, Alliance Access Health, and the Beaufort and Port Royal Fire District. Those members have detailed their plans to the county and were vetted to have the capability to do the following:

- **Medications for Opioid Use Disorders (MOUD) Distribution and Other Opioid-Related Treatment:** Provide indigent care to patients in need of medical services, labs, and medications through Beaufort Memorial Hospital Addiction Clinic and to expand the capacity of programming from two days a week to five. Traditional counseling services will be referred to local providers, and both the Alliance Access Health and Beaufort Memorial Hospital will do such case management to ensure evidence-based practices are being followed. The measure to be prescribed by Beaufort County to this coalition member would be:

Performance Measures:

a. All recipients of indigent care or services provided by personnel funded through SCORF Funding will be referred to a certified or licensed addiction counselor to be assessed for service needs beyond medication.

b. 28 patients will be provided indigent care in year 1.

\$125,000 (Salary, fringe, medication, SBIRT training for involved personnel, and 4% Administration Cost).

- **Expansion of Warm Hand-off Programs:**

The Good Neighbor Medical Clinic (GNMC) will train staff in SBIRT and provide case management to patients with opiate misuse issues. The health care providers will be properly trained to conduct screening through evidence-based tools (i.e., DAST) and Motivation Interviewing and know how to appropriately counsel, treat, and if appropriate, refer for opiate use disorder treatment.

Performance Measures:

- Six (6) Nurses to be provided with SBIRT training.
- 100% of new will be provided with SBIRT Services.
- 50% of established patients to receive SBIRT screening during year one.

\$61,951 (Salary, fringe, SBIRT training to be expanded to increase such capacity, and modification of electronic health record to monitor program compliance, 4% administrative cost).

- **Naloxone or Other Approved Drug to Reduce Opioid Overdoses by providing Medications for Opioid for Opioid Use Disorders (MOUD) education and awareness to first responders and citizens/Provide targeted Naloxone distribution.** - The Beaufort and Port Royal Fire Districts, through collaboration with Beaufort County, will enhance capacity of personnel to provide. Specific goals of this collaboration are to:

- Hire a Medical Training Officer (New position) to develop training and programming within the Beaufort and Port Royal Fire District on opiate abatement interventions, like the COPE Team model used by neighboring first responders;
- Train 12 other fire district educators to be opioid abatement specialist within the first three months.
- Conduct post opiate overdose follow ups and refer to treatment, if applicable and willing.
- Conduct Narcan and Anti-Stigma training to up to 2,000 citizens annually.

Performance Measures:

- The fire districts will provide information dissemination to up to 2,000 citizens annually.
- The department will successfully engage 10 opioid overdosing citizens into treatment services annually.

\$100,000 (Personnel and Fringe) The fire districts will provide in-kind contributions, including uniforms, Naloxone for distribution, training, and travel.

- **Expansion of Warm Hand-off or Recovery Programs-** The Mercy Me, a recovery house undergoing SCARR Accreditation, the first to embrace the endeavor in Beaufort County will provide access to housing for people with OUD. Currently, there are four beds in Beaufort County, in a Mercy Me Residence, which allow residents to reside in recovery housing if on MOUD. Recognizing such a gap in housing for those in need of safe sober housing, Mercy Me will identify a house for rent for men within

three months of receiving funding and make safe sober housing available for men engaged in medication assisted treatment and recovery.

Performance Measures:

- a. Become SCARR Accredited in year one.
- b. Provide recovery housing to a minimum of 6 residents for a minimum of 3 months each during year one.

\$25,000 (House deposit, Rent, household set-up items)

Prevention: This strategy will take shape using the opiate abatement monies to fund media campaigns to prevent and abate opioid use is a community prevention, education, and awareness strategy. Beaufort county intends to provide funding to consultants and associated expenses to conduct media campaign, such that the SC- Department of Alcohol and Other Drug Abuse Services provides. Beaufort County is a “border” county and the SC-DAODAS campaigns reach here is minimal. Beaufort County will adopt some of SC-DAODAS strategies and ensure Beaufort County gets full benefit of them. Additionally, creating some of our own public service announcements, in the school system, billboards, eblasts, mailings, and other social media posts. An essential element to the media campaign is prevention, anti-stigma messaging, and to alert citizens where help can be found.

Performance Measures:

- a. Analytics will indicate information dissemination has reached 100,000 citizens through multimedia campaigns.

\$ 150,000 (Consultant fees, print ads, billboards, production cost for PSAs)

Collectively from the coalitions built, the media campaigns, and the sustaining funds for the first opiate abatement strategies when funding for year one ends, Beaufort County seeks **\$ 612,733.**

IV. UTILITIES. Landlord shall be responsible for payment of all water, gas, power, electric current, garbage collection and removal, sewer charges, and all other utilities and utility charges and fees charged to the Premises during the term of this Lease and all extensions hereof.

V. CONDITION, USE, MAINTENANCE AND REPAIRS OF PREMISES

5.1 *Acceptance and Condition of the Premises.* The Parties mutually agree that Tenant shall take possession of the Premises on the Commencement Date. Tenant stipulates that he or she has examined the Premises, including the grounds and all buildings and improvements, and that they are, at the time of this Agreement, in good order, repair, and in a safe, clean and tenable condition. Landlord has made no representation in connection with the Premises and shall not be liable for any latent defects therein; provided, however, that if such latent defects render the Premises uninhabitable for the purposes of this Lease, Tenant may at its option, and upon written notice to Landlord, terminate this Lease.

5.2 *Use of Premises.* Tenant shall use the Premises for the sole purpose of operating office staff and business and public interaction ("Permitted Use"). Tenant shall operate and be available to the public Monday through Friday during the hours of 9:00a.m. to 2:00p.m., except for Beaufort County observed holidays. Any change in the use of the Premises may only be undertaken with the written consent of the Landlord. Tenant shall not use the Premises for any illegal purpose, nor violate any statute, regulation, rule or order of any governmental body in its use thereof, nor create or allow to exist any nuisances, nor do any act in or about the Premises or bring anything upon the Premises which will increase the premium for insurance on the Premises.

5.3 *Maintenance.* Landlord, at its sole cost and expense, shall handle or contract for the maintenance of the parking areas, landscaping, grounds and planting care for the Premises, and shall generally maintain the Premises in a neat and orderly condition.

5.4 *Repairs of Premises.* Landlord shall at its own expense keep the Premises in good repair. Tenant shall not perform any additional work upon the Premises without prior written consent of the Landlord. Tenant shall maintain the Premises in a clean and orderly manner. In the event of any damage of the Premises which is the direct result of Tenant, Tenant shall, immediately upon receiving demand from Landlord, correct the damage.

5.5 *Right of Inspection.* Landlord shall have the unfettered right at all reasonable times during the Initial Term or any Renewal Term to enter the Premises for any reason whatsoever. Landlord agrees, when able, to provide Tenant with reasonable notice of said entry upon the Premises. No notice will be required in emergency situations or for access or entry upon the Premises.

VI. DESTRUCTION OR DAMAGE

6.1 If the Premises shall be damaged or destroyed during the term of this Lease by any casualty insured under Landlord's standard fire and casualty insurance, Landlord shall, except as otherwise provided in this Lease and subject to any delay or inability from causes beyond its control, repair and/or rebuild the same substantially to what had been the condition thereof immediately prior to such damage or destruction.

6.2 If the Premises shall be damaged or destroyed to the extent of fifty percent (50%) or more of the insurable value thereof, or if such casualty shall not have been insured against by Landlord's standard fire and casualty policies, then Landlord or Tenant may terminate this Lease or elect to repair such damage or rebuild the Premises. Within thirty (30) calendar days after any such casualty, Landlord shall notify Tenant whether Landlord intends to repair or rebuild the

Premises, and Tenant shall notify Landlord whether Tenant intends to terminate this Lease. If Landlord elects to repair or rebuild the Premises, Landlord shall perform such repair or rebuilding as provided in this Agreement. If Landlord elects not to repair or rebuild, the Lease shall terminate without further notice and all further obligations of both parties hereunder shall cease (other than those which shall theretofore have accrued), effective as of the date on which Tenant ceases doing business on the Premises.

- 6.3 If Landlord elects to repair the Premises and Tenant does not elect to terminate the Lease, and if Landlord's repairs are not substantially completed within one hundred twenty (120) calendar days following the date of the casualty, then Tenant, upon not less than thirty (30) calendar days written notice to Landlord, may terminate this Lease if Landlord has not substantially completed such repairs within the time period (which shall not be less than 30 calendar days) set forth in such notice. Substantial completion, as used herein, shall mean that the Premises are restored to the condition that they may be occupied and utilized for their intended purpose, notwithstanding that there may be additional "punch list" or other non-essential items to be completed, which neither affect nor impact Tenant's use and enjoyment of the Premises. Nevertheless, Landlord shall diligently pursue the completion of all remaining work in a timely manner.
- 6.4 During any period of reconstruction or repair of the Premises, provided Tenant has not elected to terminate this Lease, Tenant may at its sole option continue the operation of Tenant's business in the Premises to the extent reasonably practicable from the standpoint of good business practice. Tenant shall not interfere with the repair or restoration activities of Landlord or its contractors, and will adapt and modify its business activities as deemed necessary by Landlord to allow such repair or restoration activities to continue expeditiously.
- 6.5 During any period in which, by reason of any damage or destruction not resulting from the negligence of Tenant, Tenant's employees, agents, or invitees, Tenant is unable to occupy all or a portion of the Premises, Tenant's rent shall be appropriately abated for that part of the Premises rendered unusable for the conduct of Tenant's business. Such abatement shall continue for the period commencing with such destruction or damage and ending with the substantial completion by Landlord of Landlord's repairs and/or rebuilding of the Premises, as described in this Lease.

VII. ASSIGNMENT AND SUBLETTING

The Tenant shall not, without the Landlord's prior written consent: (i) mortgage, pledge, encumber, or otherwise transfer (whether voluntarily, by operation of law, or otherwise) this lease or any interest hereunder; (ii) allow any lien to attach to Tenant's interest in the Premises or this Lease; (iii) permit the use or occupancy of the Premises or any part thereof by anyone for a purpose other than as set forth herein; (iv) assign or convey this Lease or any interest herein; or (v) sublet the Premises or any part thereof; and any attempt to consummate any of the foregoing without Landlord's consent shall be void. Any assignment or subletting of this Lease must be approved in writing by Landlord, which approval shall not be unreasonably withheld. Assignment of the Lease will not relieve the Tenant or the Guarantors of their respective obligations under this Lease and Guaranty Agreement unless otherwise agreed by Landlord in writing.

VIII. TERMINATION. This Lease shall end on the Termination Date. This Lease may be terminated by Landlord prior to the Termination Date upon providing a thirty (30) day notice to Tenant and/or upon the occurrence of any default event as set forth in Section 8.

- 8.1 *Surrender of Property.* At the termination of this Lease, Tenant agrees to quit and deliver the Premises peaceably and quietly to Landlord, or its attorney, or other duly authorized agent, at

the expiration or other termination of this Lease. The Tenant shall surrender the Premises in as good state and condition as delivered to Tenant at the commencement of this Lease, reasonable use and wear thereof expected.

- 8.2 *Hold Over.* If, without objection by Landlord, Tenant holds possession of the Premises after expiration of the term of this Lease, Tenant shall become a Tenant from month to month upon the terms herein specified, but at a monthly rent amount equivalent to 150% of the gross rent being paid (starting sixty (60) calendar days after the expiration of the term of this Lease) at the end of the term of this Lease, and all fees, assessments, costs and other items must continue to be paid pursuant to all the provisions set forth herein. Such month to month rent and other amounts shall be payable in advance on or before the fifteenth (15th) calendar day of each month.

IX. DEFAULT

- 9.1 *Default by Tenant.* The occurrence of any of the following shall constitute an event of default:

- (a) The rent of any other sum of money payable under this Lease, whether to Landlord or otherwise, is not paid within ten (10) days of the due date.
- (b) Tenant's interest in the Lease of the Premises shall be subjected to any attachment, levy, or sale pursuant to any order or decree entered against Tenant in any legal proceeding and such order or decree shall not be vacated within thirty (30) days of entry thereof; unless with respect to any attachment, levy or sale, which cannot be vacated within thirty (30) days, Tenant in good faith shall have commenced and thereafter shall continue to diligently pursue the vacation of such order or decree by lawful means.
- (c) Tenant breaches or fails to comply with any term, provision, condition, or covenant of this Lease, other than the payment of rent, or with any of the rules and regulations now or hereafter established from time to time by the Landlord to govern the operation of the building and such breach or failure to comply is not cured within ten (10) days after written notice of such breach or failure to comply is given to Tenant.

- 9.2 *Remedies of Landlord.* Upon the occurrence of an event of default by Tenant other than a failure of Tenant to timely pay a sum that is due and payable, Landlord shall notify Tenant in writing of the event of default, and Tenant shall, within twenty (20) days of receipt of such written notice cure such event of default. Where the Tenant fails to cure such event of default within twenty (20) days of receipt of the above-referenced written notice, Landlord shall have the option to do and perform any one or more of the following in addition to, and not in limitation of, any other remedy or right permitted by law or in equity or by this Lease. In electing to do any one or more of the following courses of conduct, the Landlord must reasonably undertake its best efforts to properly mitigate any damages caused or sustained by Landlord due to the occurrence of an event of default by the Tenant. The options and courses of conduct which may be undertaken by the Landlord in an event of default by the Tenant are as follows:

- (a) Landlord, with or without terminating this Lease, may immediately or at any time thereafter re-enter the Premises and correct or repair any condition which shall constitute a failure on Tenant's part to keep, observe, perform, satisfy, or abide by any term, condition, covenant, agreement or obligation of this Lease or of the rules and regulations adopted by the Landlord or of any notice given Tenant by Landlord pursuant to the terms of this Lease, and Tenant shall fully reimburse and compensate Landlord on demand for all reasonable expenses.
- (b) Landlord, with or without terminating this Lease may immediately or at any time thereafter

demand in writing that Tenant immediately vacate the Premises whereupon Tenant shall immediately vacate the Premises and, immediately remove therefrom all personal property belonging to Tenant, whereupon Landlord shall have the right to immediately re-enter and take possession of the Premises. Any such demand, re-entry and taking of possession of the Premises by Landlord shall not of itself constitute an acceptance by Landlord of a surrender of this Lease or of the Premises by Tenant and shall not of itself constitute a termination of this Lease by Landlord. In the event the Landlord re-enters and takes possession of the Premises as provided above and the Tenant has failed upon request by Landlord to immediately remove from the Premises all property belonging to or placed upon the Premises by the Tenant, the Landlord shall have the right to have such property of the Tenant removed from the Premises and reasonably be placed within a secure storage facility for a period of time not to exceed thirty (30) days, and all costs of handling, moving and storing such property of the Tenant shall be paid by the Tenant. Notwithstanding any of the foregoing, Landlord shall be required to comply with applicable South Carolina law regarding reentry and possession of the Premises.

- (c) Landlord may immediately or at any time thereafter terminate this Lease, and this Lease shall be deemed to have been terminated upon receipt by Tenant of written notice of such termination; upon such termination Landlord shall recover from Tenant all damages Landlord may suffer by reason of such termination including, without limitation, all arrearages in rentals, costs, charges, additional rentals, and reimbursements, the cost (including court costs and attorneys' fees) of recovering possession of the Premises, and, in addition thereto, Landlord at its election shall have and recover from Tenant either: (1) an amount equal to the excess, if any, of the total amount of all rents and other charges to be paid by Tenant for the remainder of the term of this Lease over the then reasonable rental value of the Premises for the remainder of the Term of this Lease, or (2) the rents and other charges which Landlord would be entitled to receive from Tenant if the Lease were not terminated. Such election shall be made by Landlord by serving written notice upon Tenant of its choice of the alternatives within thirty (30) days of the notice of termination. Notwithstanding anything hereunder to the contrary, Landlord must use its reasonable best efforts to re-let the Premises and abate Landlord's damages.

9.3 *No Waiver.* No course of dealing between Landlord and Tenant or any failure or delay on the part of Landlord in exercising any rights of Landlord under any provisions of this Lease shall operate as a waiver of any rights of Landlord, nor shall any waiver of a default on one occasion operate as a waiver of any subsequent default or any other default. No express waiver shall affect any condition, covenant, rule or regulation other than the one specified in such waiver and that one only for the time and in the manner specifically stated.

9.4 *No Election of Remedies.* The exercise by Landlord of any right or remedy shall not prevent the subsequent exercise by Landlord of other rights and remedies. All remedies provided for in this Lease are cumulative and may, at the election of Landlord, be exercised alternatively, successively, or in any other manner, and all remedies provided for in this Lease are in addition to any other rights provided for or allowed by law or in equity.

9.5 *Insolvency or Bankruptcy.* The appointment of a receiver to take possession of all or substantially all of the assets of Tenant, or an assignment by Tenant for the benefit of creditors, or any action taken or suffered by Tenant, or any action against Tenant, under any insolvency, bankruptcy, or reorganization, shall at Landlord's option constitute an event of default under this Lease. Upon the happening of any such event of default or at any time thereafter, this Lease shall terminate

five (5) days after written notice of termination from Landlord to Tenant. In no event shall this Lease be assigned or assignable by operation of law or by voluntary or involuntary bankruptcy proceedings or otherwise and in no event shall this Lease or any rights or privileges hereunder be an asset of Tenant under any bankruptcy, insolvency, or reorganization proceedings.

9.6 *Abandonment.* Tenant shall not be considered to have abandoned or vacated the Premises as long as Tenant continues to pay rent and fulfill all other obligations of this Lease, regardless of whether Tenant is actually continuously occupying the space or not, unless Tenant gives notice of termination if and as allowed by this Lease. If Landlord's right of entry is exercised following abandonment of the Leased Premises by Tenant, then Landlord may consider any personal property belonging to Tenant and left on the Leased Premises to have been abandoned, in which case Landlord may dispose of all such personal property in any manner Landlord shall deem proper and is hereby relieved of all liability for doing so.

X. SALE OF PREMISES. In the event the Landlord hereunder, or any successor owner of the Premises, shall sell or convey the Premises, all liabilities and obligations on the part of the Landlord, or such successor owner, under this Lease accruing thereafter shall remain for a minimum sixty (60) days or the Tenant may enter into a new Lease with the successor owner.

XI. COMPLIANCE WITH LAWS. Tenant shall comply, at its own expense, with all statutes, regulations, rules, ordinances and orders of any governmental body, department, or agency thereof which apply to or result from Tenant's use of the Premises.

XII. INSURANCE LIABILITY AND INDEMNIFICATION

12.1 *Insurance Liability.* Landlord has obtained Premise Liability Insurance, which does not cover Tenant's possessions or Tenant's negligence. Tenant must obtain a Renter's Insurance Policy, in an amount of no less than \$1,000,000 in commercial general liability, or other appropriate policies to cover damage or loss resulting from Tenant's negligence. Tenant shall name Landlord as an additional party in any and all insurance policies, and shall provide Landlord with a copy of all policies.

12.1.1 Tenant shall provide proof that payment for the insurance policy has been made initially and thereafter and that the policy has been renewed at least fifteen (15) calendar days prior to the anniversary of the initial year of this lease. Landlord may contact Tenant's insurer(s) or insurer(s)' agent(s) directly at any time regarding Tenant's coverage, coverage amounts, or other such relevant and reasonable issues related to this Lease.

12.2 *Indemnity.* Tenant hereby agrees to indemnify and hold harmless Landlord against and from any and all claims for property damage, or for personal injury, arising out of or in any way arising out of Tenant's use of the Leased Premises or from any activity, work, or thing done, permitted or suffered by Tenant in or about the Leased Premises.

12.3 *Liens.* If any mechanic's or other lien is filed against the Premises for work claimed to have been for or materials furnished thereto, such lien shall be discharged by Tenant within Ten (10) days thereafter, at Tenant's expense by full payment thereof by filing a bond required by law. Tenant's failure to do so shall constitute a material default hereunder.

- Property contains agricultural fields, forested wetlands, impoundments (water access), former rice fields, hardwood stands
- Property links conservation areas between ACE basin and Port Royal Sound watershed

Purchase and Cost Structure:

- Parent property totals 716 acres – a portion of the property was listed on real estate market as “Deveaux Hill” (231 acres). OSI will acquire 231 acres in fee title, purchase option on remaining tract (344 acres), purchase easement on adjacent homesite (approx. 160 acres).

Landcover:

- 232ac Fee:
 - 80ac non-forested upland ag/pasture; 60ac upland forest; 63ac Forested wetland, 25ac managed impoundment, 14ac Pond/emergent wetland.

Likelihood of development.

- The property has been annexed into the Town of Yemassee and its development is extremely likely due to the proximity to I-95, Highway 17 frontage.

Limitations on use

- Conservation Bank grant funds, if approved, it will require a grant agreement to be recorded which will protect the Property’s conservation values. The adjacent land to remain privately owned will be protected with a conservation easement – easement terms allow for 1 additional homesite and require 300 foot forested buffers from the Fee property (future park) and Cotton Hall road to protect the public benefit.

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) or the benefit of the portion of improved drainage on Grantor's land and elsewhere, the Parties do hereby agree as follows:

1. Grant of Easement. Grantor grants and conveys to Grantee, its successors and assigns, for the benefit and use of Grantee and its employees, agents, lessees, licensees and invitees, a non-exclusive, perpetual, transmissible, appendant easement in, over, and upon the Property which runs with the land and is further described as provided in this Agreement.
2. Stormwater Drainage Easement Area. The stormwater drainage easement area (hereinafter "the Easement") is 10 feet at a point where the northeast property line abuts Huspah Court North running in a northern direction to the northwestern property line at which point the easement width increases to 30 feet running along the northern property line in a southeastern direction to the marsh and is further described as provided in Exhibit A.

 - d. If the Grantor desires to salvage merchantable timber from the area to be cleared, he will do so prior to the time the contractor begins work. It is understood that the Grantee will provide notice to Grantor at least (10) days in advance of construction.
 - e. Grantor shall not disrupt the operations of the Grantee during its use of the Easement. Grantor shall not place or permit any structures, including but not limited to, buildings, fences, signs, bridges, or other obstructions that would prevent use of the Easement by the Grantee.
 - f. Grantee will not use or permit the use of the Easement, or any other rights arising pursuant this Agreement, in any manner that conflicts with this Agreement.
 - g. Grantor shall indemnify and hold harmless Grantee and its employees, agents, lessees and invitees from and against any claim, cost, loss or damage arising out of, or resulting from, use of the Easement by Grantor or their agents, lessees, licensees and invitees; provided however, Grantor will not have any obligation to indemnify Grantee to the extent the loss, cost, or damage arises out of, or results from the negligence or willful misconduct of Grantee.
