US 278 Corridor Independent Review

Study Questions

- 1. Is widening US 278 to six lanes necessary?
- 2. What are the downstream traffic impacts of the SCDOT project?
- 3. Are SCDOT's future year forecasts reasonable?
- 4. Can other strategies address congestion without widening US 278 to six lanes (i.e., public transportation systems, adaptive traffic signals, and/or Intelligent Transportation Systems)
- 5. How will the SCDOT project impact non-motorized users?

Study Methods

Reviewed

 Previous Studies, US Census Journey to Work, Camber of Commerce visitor data, Historical SCDOT traffic count data.

Field studies

- Traffic counts, Travel patterns, Traffic queues, Travel time runs.
- VISSIM traffic model

Evaluated

 Road network, Bicycle/ pedestrian infrastructure, Transit systems, Adaptive traffic signals, Intelligent Transportation Systems (ITS)

Expanded traffic analysis to include Business US 278 to Indigo Run and the Cross Island Parkway to the Sea Pines Circle

VISSIM

- Microsimulation model
- Stochastic introduces randomness
- Multi-time period 3 hour runs

Analysis Scenarios

- 2023 No-Build (Existing Geometrics);
- 2023 SCDOT Preferred Alternative;
- 2023 Build (Gumtree Road and Sea Pines Improvements);
- 2023 Build (No Widening Stoney Community)
- 2025 to 2050 growth scenarios

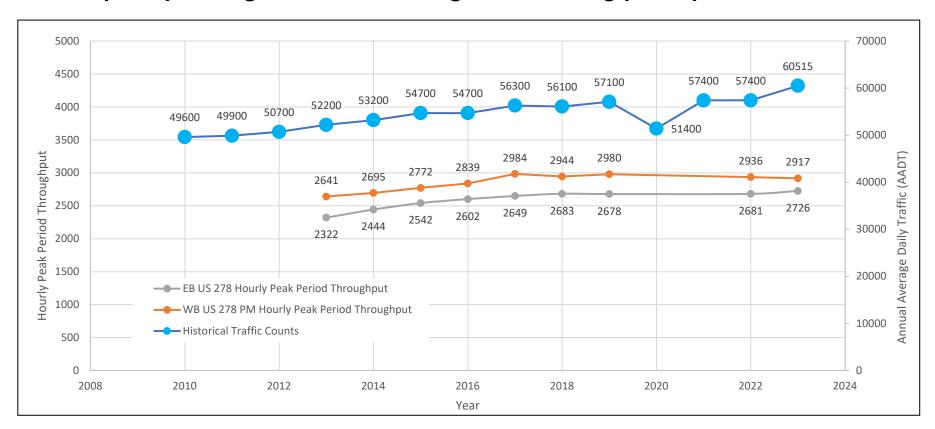

The SCDOT Project is Needed

The widening of US 278 to six-lanes is necessary to accommodate existing and future traffic accessing Hilton Head Island. US 278 is already operating at capacity during both the morning and evening peak periods.

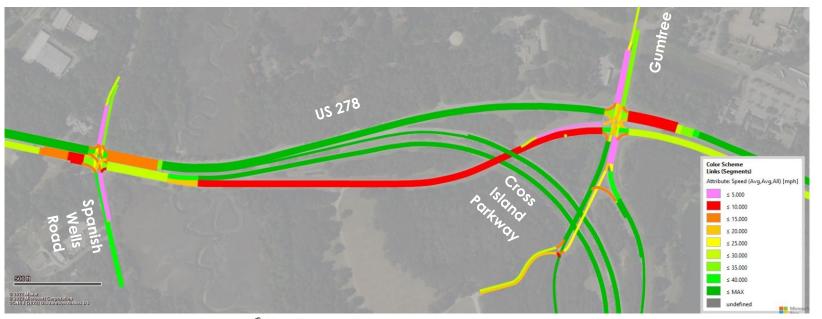

Morning Congestion

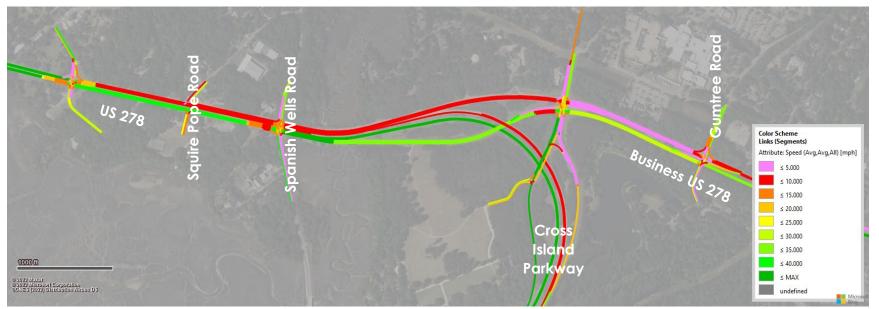

US 278 Corridor Independent Review

Evening Congestion

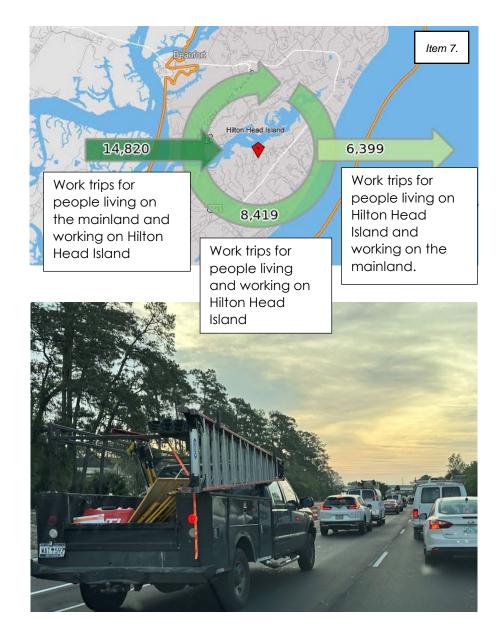

US 278 Corridor Independent Review

Who is impacted?

- 64% of Hilton Head workers commute from the mainland.
- 50% of the jobs on Hilton Head Island are related to job sectors in accommodation, food service, retail trade, construction, and health care
- The morning congestion largely impacts Hilton Head workers
- The evening congestion impacts Hilton Head workers and visitors as well.

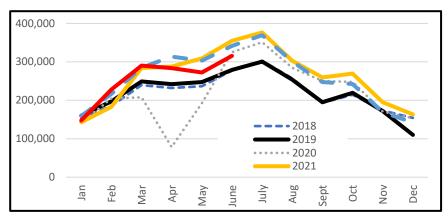

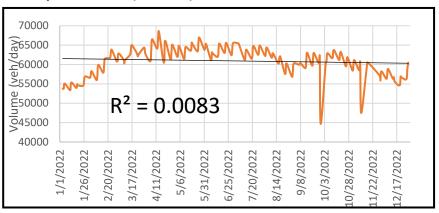

Traffic Variability

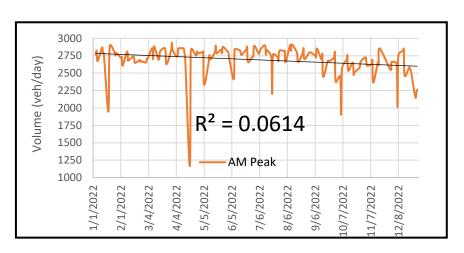

Visitors by Month

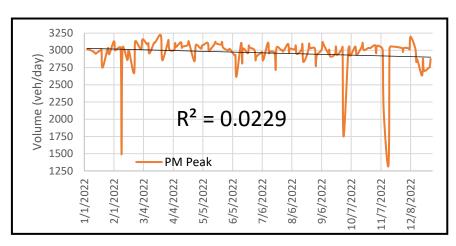

Daily Traffic (2022)

AM Peak Traffic (2022)

PM Peak Traffic (2022)

- 20,000,000 annual bridge crossings.
- 3,000,000 annual visitors, or 10-20% of bridge trips.

Gumtree Road: Supporting Project

Item 7.

Gumtree Road:
The intersection
of Gumtree
Road/Business
US 278 should be
restriped with 3
eastbound
through lanes as
a local project in
conjunction with
the proposed US
278 widening

- Sea Pine Circle is a gateway to slow down traffic
- Congestion decreases the attractiveness of Cross Island Parkway
- A traffic signal was utilized for VISSIM models to get traffic through the network

While the Sea Pines Circle operates at capacity and with significant congestion, the intersection also serves as a gateway, slowing and calming traffic accessing these areas. The local community should consider options to improve the capacity of the Sea Pines Circle intersection while, if possible, maintaining it as a gateway to slow traffic transitioning from the Cross Island Parkway to the local roadway network.

Benefits of the SCDOT Project (+)

VISSIM modeling confirms that the proposed SCDOT US 278 Corridor Improvements will increase roadway capacity, reducing congestion and improving travel time reliability during the morning and evening traffic peak periods

CBB agrees that SCDOT's future year forecasts are reasonable and consistent with historical growth trends and ongoing local development.

Future AM Peak Traffic

The proposed SCDOT improvements will have a long-term benefit for the Hilton Head Island community by increasing the traffic capacity of US 278 and improving traffic operations

Extending the Life of Improved US 278

There is a limit on how much future traffic growth can be accommodated by the proposed project. Slowing the future growth of traffic on US 278 will extend the road's long-term functionality. The Hilton Head community can proactively slow future traffic growth through Travel Demand Management (TDM) strategies. Hilton Head Island already has the foundational elements for these types of systems to build upon

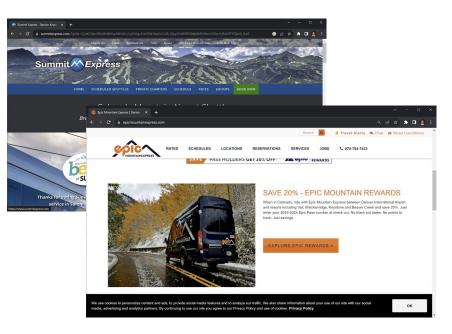

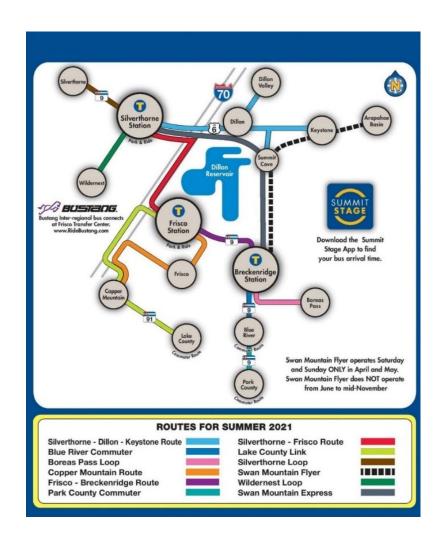

Summit County Colorado Case Study

Item 7.

- Local transit circulator supported by private shuttles from Denver.
- Ridership:
 - 432,000 annual trips in 1992
 - 1.7-1.9 million annual trips today

Challenges

- Limited funding
 - 50% FTA / 50% local funding
- Services are not coordinated
 - e.g., Palmetto Breeze and Sea Pines Trolley
- Limited service
 - Palmetto Breeze commuter, 2x/day
 - Sea Pines Trolley runs May to Dec
- Lack of park & ride lots
- Transfer hub at Maintenance Facility
- Lack of signage at some bus stops

Opportunities

- Established system
 - Palmetto Breeze ridership at 250,000 passengers per year
- Supporting bicycle/pedestrian infrastructure on Hilton Head Island
- Planned multi-use path on new bridge

Short Term TDM Recommendations

Item 7.

Recommendation	Results
A dedicated local sales tax for transit	Increased and stable funding
Establish strategic park-and-ride locations	"Park once" use transit to get around
Coordinate services between systems	Increases range of travel
Increase marketing for branding	Increase awareness and system use
Develop service to new markets (e.g., retirement communities)	Expanding service to retirement communities could encourage transit use
Work with partners, encourage ridership	Encourage employees or patrons to come by transit could increase ridership
Provide and promote service from local airports	Travelers could use transit instead of rental cars and taxi/rideshare services
Develop dial-a-ride service	More direct service
Explore a bus-on-shoulder program	Allow buses to "queue jump"

ITEM TITLE:

Recommend Approval of a Resolution to Enter into an Intergovernmental Support Agreement (IGSA) with the Department of Defense to support operations at the Marine Corps Recruit Depot Parris Island (MCRD Parris Island), the Marine Corps Air Station (MCAS) and the Naval Hospital by providing general governmental services. (Fiscal Impact: In each task order, the County would quote a fee that covers all time and material costs to perform the identified work)

MEETING NAME AND DATE:

Public Facilities and Safety Committee on September 25, 2023

PRESENTER INFORMATION:

Jared Fralix, ACA Infrastructure (10 minutes)

ITEM BACKGROUND:

The three military installations in the County not only play a big role in national security but also play a big role in our local economy. Entering into IGSA's with the Installations provides a meaningful way for the local jurisdictions to offer support to the installations and their overall mission. Currently MCRD Parris Island is Requesting we enter into an IGSA to provide swift action to control erosion along installation shore-lines.

PROJECT / ITEM NARRATIVE:

In order to achieve the overall mission of the three installations, many non-mission critical services are required to support the operations at each installation. The Department of Defense has established some parameters through the IGSA process for installations to coordinate with local jurisdictions for support. The installation would identify an area of need and define a specific project and scope. If the County currently provides the service, either directly or through contract, the County would provide a fee and schedule to offer the services. The installation would compare the offer rendered to their internal cost estimate and schedule. Should the proposal by the County prove beneficial from the installation's perspective, the County would execute the task order and perform the work pursuant to the IGSA.

FISCAL IMPACT:

In each task order issued pursuant to an IGSA, the County would quote a fee that covers all time and material costs to perform the identified work.

STAFF RECOMMENDATIONS TO COUNCIL:

Staff recommends approval of the Resolution to authorize the Interim County Administrator to enter into IGSA's to support operations at each of the three installations.

OPTIONS FOR COUNCIL MOTION:

Approve/ deny the Resolution to authorize the Administrator to enter into IGSA's with the U.S. Marine Corps and Department of the Navy for providing general governmental services to the three installations.

(Next Step: Pending approval to purchase, this item would move forward to County Council for approval on October 9, 2023)

WHEREAS, the MCRD Parris Island, MCAS, Beaufort, and Naval Hospital, Beaufort provide essential functions for the Marine Corp and Department of Defense in their overall mission of national security;

ATTEST:

INTERGOVERNMENTAL SERVICE AGREEMENT BETWEEN MARINE CORPS RECRUIT DEPOT PARRIS ISLAND, SOUTH CAROLINA AND BEAUFORT COUNTY, SOUTH CAROLINA, FOR SERVICES

M60169-A100-180807

This is an Intergovernmental Service Agreement (IGSA) between Marine Corps Recruit Depot Parris Island, South Carolina, hereafter referred to as "MCRD Parris Island" or "Installation," and Beaufort County, South Carolina, hereafter referred to as "County." MCRD Parris Island is located within Beaufort County, South Carolina. When referred to collectively, MCRD Parris Island and Beaufort County will be known as the Parties. The Parties undertake this Agreement in order to provide services to MCRD Parris Island.

This IGSA is entered into this _____ day of ________, 2023, pursuant to the statute on the "Installation- support services: intergovernmental support agreements," hereafter referred to as the IGSA statute, codified at 10 U.S.C. §2679. The IGSA statute authorizes the Secretary of the Navy to enter into an IGSA on a sole source basis with a state or local government to receive Installation support and services.

1. BACKGROUND:

- 1.1. In accordance with the authorities referenced in paragraphs 2.1-2.3, the Parties began discussions to consider County providing erosion control services to MCRD Parris Island in support of base operations. After conducting a cost-benefit analysis, it was concluded that entering into a partnership with County for certain erosion control measures was reasonable and in the best interests of the Parties, as it achieves cost savings for MCRD Parris Island and provides additional revenues to the county government and their work forces.
- 1.2 County certifies that it already provides such installation- support services for its own use as the term "installation support services" only includes services, supplies, resources, and support typically provided by County for its own needs and without regard to whether such services, supplies, resources, and support are provided to its residents generally, except that the term does not include security guard or firefighting services.
- 1.3 MCRD Parris Island and County certify that any contract for the provision of installation-support services awarded by the Federal Government or the State or local government pursuant to an IGSA was or shall be awarded on a competitive basis.
- 2. AUTHORITIES: The following authorities are referenced for the execution of this IGSA.
- 2.1. 10 U.S.C. §2679; formerly 10 U.S.C. §2336, "Installation-support Services: Intergovernmental Support Agreements"
 - 2.2. DoD Instruction 4000.19, "Support Agreements"
 - 2.3. Commanders Handbook, "Marine Corps Installation Partnership Program
 - 2.4. Utilizing Intergovernmental Service Agreements" dated 19 September 2017

- 3. PURPOSE: To provide a means by which MCRD Parris Island can employ the County to take swift action to control erosion along Installation shorelines by establishing a Partnership IGSA between the Parties delineating the roles and responsibilities of the Parties, identifying the supplies and services to be furnished by County, the prices to be paid by MCRD Parris Island, and the appropriate reimbursement and quality control procedures. This IGSA is intended to be employed upon signing to promptly control erosion along the Parris Island shore of the Broad River near the weapons housing area retention pond.
- 3.1 TASK ORDERS. A Task Order shall be issued for each project MCRD Parris Island requests the County to assist with pursuant to this Agreement which details the specific details for each task to be completed. The County shall prepare a Supply List and Cost estimate and a Fee Schedule, as identified in Appendixes A and B for each Task Order. The County shall only proceed with work on a Task upon the approval of the submitted estimates for the Task.

4. RESPONSIBILITIES OF THE PARTIES:

4.1. County shall:

- 4.1.1. Coordinate with the designated Point of Contact (POC) for all matters regarding the execution of services arising from this IGSA, and in accordance with Appendix (A) and Appendix (B).
- 4.1.2. Invoice MCRD Parris Island for services rendered in accordance with the requirements in paragraph 7 of this IGSA.
- 4.1.3. Be responsible for the results of any actions performed by any County employees, staff, or third-party contractors, to include damages caused by said personnel and any costs associated with obtaining access to the installation. Such costs will not impact those costs associated with Appendix (A).
- 4.1.4. Coordinate and cooperate with MCRD Parris Island in meeting access requirements and respecting access policy.

- 4.2.1. Designate the MCRD Parris Island Public Works Division to:
 - 4.2.1.1. Inspect all services and supplies as listed in Appendix (A).
- 4.2.1.2. Ensure County employees, staff, and any third-party contractors involved in fulfilling this agreement comply with Installation access policy and requirements at all times, especially if access is required in sensitive restricted areas.
- 4.2.2. Ensure County is reimbursed for supplies and labor rendered in accordance with the requirements in paragraph 7 of this IGSA by coordinating with the financial POCs described in paragraph 7.2.
- 4.2.3. Retain overall responsibility and decision-making authority for environmental compliance with applicable local, state, and federal requirements, including identifying applicable authorities and obtaining required permissions, unless otherwise agreed upon in this document or in separate signed agreement.

- 4.2.4. Designate the Environmental Division Director to serve as the Installation's liaison with County regarding all matters arising from this IGSA.
 - 4.3. Each and both parties shall:
 - 4.3.1. Cooperate and coordinate in a timely and professional manner to schedule a

meeting whenever requested by either Party to identify, present, and mutually resolve in good faith any issues or concerns that could potentially impede successful performance of the IGSA.

- 4.3.2. Ensure compliance with all applicable laws, regulations, policies, orders, and procedures.

ITEM BACKGROUND:

Beaufort/Port Royal Fire Department and Beaufort County Emergency Medical Services desire to conduct a feasibility study and conceptual design which may lead to construction documents, which may be used for the remodeling of the building and construction of new living quarters at 135 Ribaut Road, Beaufort SC 29902. Beaufort County EMS is collocated with other fire districts in the County, but to date, not with Beaufort/Port Royal.

This request is to authorize the Administrator to enter into an MOA with the City of Beaufort to take the first steps towards potentially making this plan a reality. Jonny,

As you are aware the Owner/Architect deleted the acoustical ceilings and added sheet rock ceilings. I believe that James believed there should be a credit from you for this change. Please advise: 1)what that credit is; or 2) if the change is a 0 cost change; or 3) what the additional cost is if it is an add. If it is a credit or add, you will need provide a breakdown of the costs for the acoustical ceiling and costs for the sheetrock ceiling.

Let me know if it is an add, credit, or no change Friday morning.

Thank you,

to me, John

I can't seem to get my guys to give a lot of quotes without an official change order but the below prices are rough estimates. Something we do need to discuss is the delay we are c facing without knowing where to go with the ceiling.

Roof (High Roof and Existing Low Roof)-\$40,000 Switching Out Lights(Will not take back)- \$10,000 HVAC (still hadn't received a price)-15,000 Credit for Celling- 2,500.

Thenks,

James Hudson Project Manager

Subject: HVAC Ductwork Repair

Fred,

Brantley Construction hereby submits an estimated cost of \$14,824.00 to replace damaged HVAC ductwork in the attic of the Sun City Fire Station. The ductwork was damaged by the Owner's IT contractor. The damage delayed the epoxy flooring installation and has now been rescheduled for August 21 or 60 calendar days. We request a time extension for the 60 days. We included field overhead only for the portion of time that the work was performed.

We appreciate the opportunity to provide these costs to you. Please contact me should you have any questions.

Sincerely,

Gary D. Brantley

Such abatement shall continue for the period commencing with such destruction or damage and ending with the substantial completion by Landlord of Landlord's repairs and/or rebuilding of the Premises, as described in this Lease.

VII. ASSIGNMENT AND SUBLETTING

The Tenant shall not, without the Landlord's prior written consent: (i) mortgage, pledge, encumber, or otherwise transfer (whether voluntarily, by operation of law, or otherwise) this lease or any interest hereunder; (ii) allow any lien to attach to Tenant's interest in the Premises or this Lease; (iii) permit the use or occupancy of the Premises or any part thereof by anyone for a purpose other than as set forth herein; (iv) assign or convey this Lease or any interest herein; or (v) sublet the Premises or any part thereof; and any attempt to consummate any of the foregoing without Landlord's consent shall be void. Any assignment or subletting of this Lease must be approved in writing by Landlord, which approval shall not be unreasonably withheld. Assignment of the Lease will not relieve the Tenant or the Guarantors of their respective obligations under this Lease and Guaranty Agreement unless otherwise agreed by Landlord in writing.

- **VIII. TERMINATION.** This Lease shall end on the Termination Date. This Lease may be terminated by Landlord prior to the Termination Date upon providing a thirty (30) day notice to Tenant and/or upon the occurrence of any default event as set forth in Section 8.
- 8.1 Surrender of Property. At the termination of this Lease, Tenant agrees to quit and deliver the Premises peaceably and quietly to Landlord, or its attorney, or other duly authorized agent, at the expiration or other termination of this Lease. The Tenant shall surrender the Premises in as good

state and condition as delivered to Tenant at the commencement of this Lease, reasonable use and wear thereof expected.

8.2 *Hold Over*. If, without objection by Landlord, Tenant holds possession of the Premises after expiration of the term of this Lease, Tenant shall become a Tenant from month to month upon the terms herein specified, but at a monthly rent amount equivalent to 150% of the gross rent being paid (starting sixty (60) calendar days after the expiration of the term of this Lease) at the end of the term of this Lease, and all fees, assessments, costs and other items must continue to be paid pursuant to all the provisions set forth herein. Such month to month rent and other amounts shall be payable in advance on or before the fifteenth (15th) calendar day of each month.

IX. DEFAULT

- 9.1 *Default by Tenant.* The occurrence of any of the following shall constitute an event of default:
 - (a) The rent of any other sum of money payable under this Lease, whether to Landlord or otherwise, is not paid within ten (10) days of the due date.
 - (b) Tenant's interest in the Lease of the Premises shall be subjected to any attachment, levy, or sale pursuant to any order or decree entered against Tenant in any legal proceeding and such order or decree shall not be vacated within thirty (30) days of entry thereof; unless with respect to any attachment, levy or sale, which cannot be vacated within thirty (30) days, Tenant in good faith shall have commenced and thereafter shall continue to diligently pursue the vacation of such order or decree by lawful means.
 - (c) Tenant breaches or fails to comply with any term, provision, condition, or covenant of this Lease, other than the payment of rent, or with any of the rules and regulations now or hereafter established from time to time by the Landlord to govern the operation of the building and such breach or failure to comply is not cured within ten (10) days after written notice of such breach or failure to comply is given to Tenant.
- 9.2 Remedies of Landlord. Upon the occurrence of an event of default by Tenant other than a failure of Tenant to timely pay a sum that is due and payable, Landlord shall notify Tenant in writing of the event of default, and Tenant shall, within twenty (20) days of receipt of such written notice cure such event of default. Where the Tenant fails to cure such event of default within twenty (20) days of receipt of the above-referenced written notice, Landlord shall have the option to do and perform any one or more of the following in addition to, and not in limitation of, any other remedy or right permitted by law or in equity or by this Lease. In electing to do any one or more of the following courses of conduct, the Landlord must reasonably undertake its best efforts to properly mitigate any damages caused or sustained by Landlord due to the occurrence of an event of default by the Tenant. The options and courses of conduct which may be undertaken by the Landlord in an event of default by the Tenant are as follows:
 - (a) Landlord, with or without terminating this Lease, may immediately or at any time thereafter re-enter the Premises and correct or repair any condition which shall constitute a failure on Tenant's part to keep, observe, perform, satisfy, or abide by any term, condition, covenant, agreement or obligation of this Lease or of the rules and regulations adopted by the Landlord or of any notice given Tenant by Landlord pursuant to the terms of this Lease, and Tenant shall fully reimburse and compensate Landlord on demand for all reasonable expenses.

- (b) Landlord, with or without terminating this Lease may immediately or at any time thereafter demand in writing that Tenant immediately vacate the Premises whereupon Tenant shall immediately vacate the Premises and, immediately remove therefrom all personal property belonging to Tenant, whereupon Landlord shall have the right to immediately re-enter and take possession of the Premises. Any such demand, re-entry and taking of possession of the Premises by Landlord shall not of itself constitute an acceptance by Landlord of a surrender of this Lease or of the Premises by Tenant and shall not of itself constitute a termination of this Lease by Landlord. In the event the Landlord re-enters and takes possession of the Premises as provided above and the Tenant has failed upon request by Landlord to immediately remove from the Premises all property belonging to or placed upon the Premises by the Tenant, the Landlord shall have the right to have such property of the Tenant removed from the Premises and reasonably be placed within a secure storage facility for a period of time not to exceed thirty (30) days, and all costs of handling, moving and storing such property of the Tenant shall be paid by the Tenant. Notwithstanding any of the foregoing, Landlord shall be required to comply with applicable South Carolina law regarding reentry and possession of the Premises.
- (c) Landlord may immediately or at any time thereafter terminate this Lease, and this Lease shall be deemed to have been terminated upon receipt by Tenant of written notice of such termination; upon such termination Landlord shall recover from Tenant all damages Landlord may suffer by reason of such termination including, without limitation, all arrearages in rentals, costs, charges, additional rentals, and reimbursements, the cost (including court costs and attorneys' fees) of recovering possession of the Premises, and, in addition thereto, Landlord at its election shall have and recover from Tenant either: (1) an amount equal to the excess, if any, of the total amount of all rents and other charges to be paid by Tenant for the remainder of the term of this Lease over the then reasonable rental value of the Premises for the remainder of the Term of this Lease, or (2) the rents and other charges which Landlord would be entitled to receive from Tenant if the Lease were not terminated. Such election shall be made by Landlord by serving written notice upon Tenant of its choice of the alternatives within thirty (30) days of the notice of termination. Notwithstanding anything hereunder to the contrary, Landlord must use its reasonable best efforts to re-let the Premises and abate Landlord's damages.
- 9.3 No Waiver. No course of dealing between Landlord and Tenant or any failure or delay on the part of Landlord in exercising any rights of Landlord under any provisions of this Lease shall operate as a waiver of any rights of Landlord, nor shall any waiver of a default on one occasion operate as a waiver of any subsequent default or any other default. No express waiver shall affect any condition, covenant, rule or regulation other than the one specified in such waiver and that one only for the time and in the manner specifically stated.
- 9.4 No Election of Remedies. The exercise by Landlord of any right or remedy shall not prevent the subsequent exercise by Landlord of other rights and remedies. All remedies provided for in this Lease are cumulative and may, at the election of Landlord, be exercised alternatively, successively, or in any other manner, and all remedies provided for in this Lease are in addition to any other rights provided for or allowed by law or in equity.
- 9.5 *Insolvency or Bankruptcy*. The appointment of a receiver to take possession of all or substantially all of the assets of Tenant, or an assignment by Tenant for the benefit of creditors, or any action taken or suffered by Tenant, or any action against Tenant, under any insolvency, bankruptcy, or reorganization, shall at Landlord's option constitute an event of default under this Lease. Upon the

1	andlord	Initiale	Tenant Initials

happening of any such event of default or at any time thereafter, this Lease shall terminate five (5) days after written notice of termination from Landlord to Tenant. In no event shall this Lease be assigned or assignable by operation of law or by voluntary or involuntary bankruptcy proceedings or otherwise and in no event shall this Lease or any rights or privileges hereunder be an asset of Tenant under any bankruptcy, insolvency, or reorganization proceedings.

- 9.6 Abandonment. Tenant shall not be considered to have abandoned or vacated the Premises as long as Tenant continues to pay rent and fulfill all other obligations of this Lease, regardless of whether Tenant is actually continuously occupying the space or not, unless Tenant gives notice of termination if and as allowed by this Lease. If Landlord's right of entry is exercised following abandonment of the Leased Premises by Tenant, then Landlord may consider any personal property belonging to Tenant and left on the Leased Premises to have been abandoned, in which case Landlord may dispose of all such personal property in any manner Landlord shall deem proper and is hereby relieved of all liability for doing so.
- X. SALE OF PREMISES. In the event the Landlord hereunder, or any successor owner of the Premises, shall sell or convey the Premises, all liabilities and obligations on the part of the Landlord, or such successor owner, under this Lease accruing thereafter shall remain for a minimum sixty (60) days or the Tenant may enter into a new Lease with the successor owner.
- XI. COMPLIANCE WITH LAWS. Tenant shall comply, at its own expense, with all statutes, regulations, rules, ordinances and orders of any governmental body, department, or agency thereof which apply to or result from Tenant's use of the Premises.

XII. INSURANCE LIABILITY AND INDEMNIFICATION

- 12.1 *Insurance Liability*. Landlord has obtained Premise Liability Insurance, which does not cover Tenant's possessions or Tenant's negligence. Tenant must obtain a Renter's Insurance Policy, in an amount of no less than \$1,000,000 in commercial general liability, or other appropriate policies to cover damage or loss resulting from Tenant's negligence. Tenant shall name Landlord as an additional party in any and all insurance policies, and shall provide Landlord with a copy of all policies.
 - 12.1.1 Tenant shall provide proof that payment for the insurance policy has been made initially and thereafter and that the policy has been renewed at least fifteen (15) calendar days prior to the anniversary of the initial year of this lease. Landlord may contact Tenant's insurer(s) or insurer(s)' agent(s) directly at any time regarding Tenant's coverage, coverage amounts, or other such relevant and reasonable issues related to this Lease.
- 12.2 *Indemnity*. Tenant hereby agrees to indemnify and hold harmless Landlord against and from any and all claims for property damage, or for personal injury, arising out of or in any way arising out of Tenant's use of the Leased Premises or from any activity, work, or thing done, permitted or suffered by Tenant in or about the Leased Premises.
- 12.3 *Liens*. If any mechanic's or other lien is filed against the Premises for work claimed to have been for or materials furnished thereto, such lien shall be discharged by Tenant within Ten (10) days thereafter, at Tenant's expense by full payment thereof by filing a bond required by law. Tenant's failure to do so shall constitute a material default hereunder.

- 2.2 Renewal. This Lease may be renewed upon the mutual consent of the Parties and agreed upon in writing. Landlord	Initials	Tenant Initials

3.4 *Triple Net Lease.* The Parties agree this is a "triple net lease" and, except as otherwise provided herein, Tenant is responsible for all costs related to the Premises, together with all Improvements constructed thereon, including, without limitation, any taxes or fees, insurance and maintenance. The Rent payable under this Lease shall be paid to Landlord without any claim on the part of Tenant for diminution, set-off or abatement and nothing shall suspend, abate or reduce any Rent to be paid hereunder.

IV. CONDITION, USE, MAINTENANCE AND REPAIRS OF PREMISES

- 4.1 Acceptance and Condition of the Premises. The Parties mutually agree that Tenant shall take possession of the Premises on the Commencement Date. Tenant stipulates that he or she has examined the Premises, including the grounds and all buildings and improvements, and that they are, at the time of this Agreement, in good order, repair, and in a safe, clean and tenantable condition. Landlord has made no representation in connection with the Premises and shall not be liable for any latent defects therein; provided, however, that if such latent defects render the Premises uninhabitable for the purposes of this Lease, Tenant may at its option, and upon written notice to Landlord, terminate this Lease.
- 4.2 *Use of Premises*. Tenant shall use the Premises for the sole purpose of operating <u>fixed-wing scenic air tours and flight training</u> ("Permitted Use"). Any change in the use of the Premises may only be undertaken with the written consent of the Landlord. Tenant shall not use the Premises for any illegal purpose, nor violate any statute, regulation, rule or order of any governmental body in its use thereof, nor create or allow to exist any nuisances, nor do any act in or about the Premises or bring anything upon the Premises which will increase the premium for insurance on the Premises.
- 4.3 Repairs of Premises. Tenant shall at its own expense keep the Premises in good repair. Tenant shall not perform any additional work upon the Premises without prior written consent of the Landlord. The Premises shall be maintained in a clean and orderly manner. In the event of any damage of the Premises which is the direct result of Tenant, Tenant shall, immediately upon receiving demand from Landlord, correct the damage.
- 4.4 Tenant Improvements, Alterations, and Restorations.
 - 4.4.1 *Initial Improvements*. Promptly after Landlord delivers the Premises to Tenant, Tenant shall proceed to prepare the Premises and perform such improvements that are required to utilize the Premises for the Permitted Use, which shall include approved signage and marketing (the "Tenant's Initial Improvements"). Prior to performing Tenant's Initial Improvements and promptly after the Lease is executed, Tenant shall send plans and specifications to Landlord for Landlord's approval, which approval shall not be unreasonably withheld and Tenant shall not commence any of Tenant's Initial Improvements until Landlord has approved the plans and specifications.
 - 4.4.2 Additional Improvements. Other than Tenant's Initial Improvements, Tenant shall not make or permit to be made any structural alterations, modifications, additions, decorations or improvements to the Premises, nor shall Tenant make or permit any other work whatsoever that would directly or indirectly involve the penetration or removal (whether permanent or temporary) of, or require access through, in, under, or above any floor, wall or ceiling, or surface or covering thereof in the Premises.

T	andlord]	Initiale	Tenant Initials	

- 4.4.3 Cost of Improvements. Tenant's Initial Improvements, or any additional improvements as approved by the Landlord, shall be made at Tenant's sole cost and expense, including the expense of complying with all present and future legal requirements, and any other work required to be performed in other areas within or outside the Premises.
- 4.4.4 *Compliance*. All such Tenant's Work shall be performed diligently and in a first class workmanlike manner and in accordance with plans and specifications approved by Landlord, and shall comply with all legal requirements. Any of Tenant's Initial Improvements or other alterations, including, without limitation, moveable partitions that are affixed to the Premise (but excluding moveable, free standing partitions) and all carpeting, shall at once become part of the Premises and the property of Landlord.
- 4.5 Right of Inspection. Landlord shall have the unfettered right at all reasonable times during the Initial Term or any Renewal Term to enter the Premises for any reason whatsoever. Landlord agrees, when able, to provide Tenant with reasonable notice of said entry upon the Premises. No notice will be required in emergency situations or for access or entry upon the Premises.

V. DESTRUCTION OR DAMAGE

- 5.1 If the Premises shall be damaged or destroyed during the term of this Lease by any casualty insured under Landlord's standard fire and casualty insurance, Landlord shall, except as otherwise provided in this Lease and subject to any delay or inability from causes beyond its control, repair and/or rebuild the same substantially to what had been the condition thereof immediately prior to such damage or destruction.
- 5.2 If the Premises shall be damaged or destroyed to the extent of fifty percent (50%) or more of the insurable value thereof, or if such casualty shall not have been insured against by Landlord's standard fire and casualty policies, then Landlord or Tenant may terminate this Lease or elect to repair such damage or rebuild the Premises. Within thirty (30) calendar days after any such casualty, Landlord shall notify Tenant whether Landlord intends to repair or rebuild the Premises, and Tenant shall notify Landlord whether Tenant intends to terminate this Lease. If Landlord elects to repair or rebuild the Premises, Landlord shall perform such repair or rebuilding as provided in this Agreement. If Landlord elects not to repair or rebuild, the Lease shall terminate without further notice and all further obligations of both parties hereunder shall cease (other than those which shall theretofore have accrued), effective as of the date on which Tenant ceases doing business on the Premises.
- 5.3 If Landlord elects to repair the Premises and Tenant does not elect to terminate the Lease, and if Landlord's repairs are not substantially completed within one hundred twenty (120) calendar days following the date of the casualty, then Tenant, upon not less than thirty (30) calendar days written notice to Landlord, may terminate this Lease if Landlord has not substantially completed such repairs within the time period (which shall not be less than 30 calendar days) set forth in such notice. Substantial completion, as used herein, shall mean that the Premises are restored to the condition that they may be occupied and utilized for their intended purpose, notwithstanding that there may be additional "punch list" or other non-essential items to be completed, which neither affect not impact Tenant's use and enjoyment of the Premises. Nevertheless, Landlord shall diligently pursue the completion of all remaining work in a timely manner.

Landlord	Initials	Tenant Initials

- During any period of reconstruction or repair of the Premises, provided Tenant has not elected to terminate this Lease, Tenant may at its sole option continue the operation of Tenant's business in the Premises to the extent reasonably practicable from the standpoint of good business practice. Tenant shall not interfere with the repair or restoration activities of Landlord or its contractors, and will adapt and modify its business activities as deemed necessary by Landlord to allow such repair or restoration activities to continue expeditiously.
- 5.5 During any period in which, by reason of any damage or destruction not resulting from the negligence of Tenant, Tenants employees, agents, or invitees, Tenant is unable to occupy all or a portion of the Premises, Tenant's rent shall be appropriately abated for that part of the Premises rendered unusable for the conduct of Tenants business. Such abatement shall continue for the period commencing with such destruction or damage and ending with the substantial completion by Landlord of Landlord's repairs and/or rebuilding of the Premises, as described in this Lease.

VI. ASSIGNMENT AND SUBLETTING

The Tenant shall not, without the Landlord's prior written consent: (i) mortgage, pledge, encumber, or otherwise transfer (whether voluntarily, by operation of law, or otherwise) this lease or any interest hereunder; (ii) allow any lien to attach to Tenant's interest in the Premises or this Lease; (iii) permit the use or occupancy of the Premises or any part thereof by anyone for a purpose other than as set forth herein; (iv) assign or convey this Lease or any interest herein; or (v) sublet the Premises or any part thereof; and any attempt to consummate any of the foregoing without Landlord's consent shall be void. Any assignment or subletting of this Lease must be approved in writing by Landlord, which approval shall not be unreasonably withheld. Assignment of the Lease will not relieve the Tenant or the Guarantors of their respective obligations under this Lease and Guaranty Agreement unless otherwise agreed by Landlord in writing.

- **VII. TERMINATION.** This Lease shall end on the Termination Date. This Lease may be terminated by Landlord prior to the Termination Date upon providing a thirty (30) day notice to Tenant and/or upon the occurrence of any default event as set forth in Section 8.
- 7.1 Surrender of Property. At the termination of this Lease, Tenant agrees to quit and deliver the Premises peaceably and quietly to Landlord, or its attorney, or other duly authorized agent, at the expiration or other termination of this Lease. The Tenant shall surrender the Premises in as good state and condition as delivered to Tenant at the commencement of this Lease, reasonable use and wear thereof expected.
- 7.2 *Hold Over*. If, without objection by Landlord, Tenant holds possession of the Premises after expiration of the term of this Lease, Tenant shall become a Tenant from month to month upon the terms herein specified, but at a monthly rent amount equivalent to 150% of the gross rent being paid (starting sixty (60) calendar days after the expiration of the term of this Lease) at the end of the term of this Lease, and all fees, assessments, costs and other items must continue to be paid pursuant to all the provisions set forth herein. Such month to month rent and other amounts shall be payable in advance on or before the fifteenth (15th) calendar day of each month.

VIII. DEFAULT

8.1 *Default by Tenant.* The occurrence of any of the following shall constitute an event of default:

- (a) The rent of any other sum of money payable under this Lease, whether to Landlord or otherwise, is not paid within ten (10) days of the due date.
- (b) Tenant's interest in the Lease of the Premises shall be subjected to any attachment, levy, or sale pursuant to any order or decree entered against Tenant in any legal proceeding and such order or decree shall not be vacated within thirty (30) days of entry thereof; unless with respect to any attachment, levy or sale, which cannot be vacated within thirty (30) days, Tenant in good faith shall have commenced and thereafter shall continue to diligently pursue the vacation of such order or decree by lawful means.
- (c) Tenant breaches or fails to comply with any term, provision, condition, or covenant of this Lease, other than the payment of rent, or with any of the rules and regulations now or hereafter established from time to time by the Landlord to govern the operation of the building and such breach or failure to comply is not cured within ten (10) days after written notice of such breach or failure to comply is given to Tenant.
- 8.2 Remedies of Landlord. Upon the occurrence of an event of default by Tenant other than a failure of Tenant to timely pay a sum that is due and payable, Landlord shall notify Tenant in writing of the event of default, and Tenant shall, within twenty (20) days of receipt of such written notice cure such event of default. Where the Tenant fails to cure such event of default within twenty (20) days of receipt of the above-referenced written notice, Landlord shall have the option to do and perform any one or more of the following in addition to, and not in limitation of, any other remedy or right permitted by law or in equity or by this Lease. In electing to do any one or more of the following courses of conduct, the Landlord must reasonably undertake its best efforts to properly mitigate any damages caused or sustained by Landlord due to the occurrence of an event of default by the Tenant. The options and courses of conduct which may be undertaken by the Landlord in an event of default by the Tenant are as follows:
 - (a) Landlord, with or without terminating this Lease, may immediately or at any time thereafter re-enter the Premises and correct or repair any condition which shall constitute a failure on Tenant's part to keep, observe, perform, satisfy, or abide by any term, condition, covenant, agreement or obligation of this Lease or of the rules and regulations adopted by the Landlord or of any notice given Tenant by Landlord pursuant to the terms of this Lease, and Tenant shall fully reimburse and compensate Landlord on demand for all reasonable expenses.
 - (b) Landlord, with or without terminating this Lease may immediately or at any time thereafter demand in writing that Tenant immediately vacate the Premises whereupon Tenant shall immediately vacate the Premises and, immediately remove therefrom all personal property belonging to Tenant, whereupon Landlord shall have the right to immediately re-enter and take possession of the Premises. Any such demand, re-entry and taking of possession of the Premises by Landlord shall not of itself constitute an acceptance by Landlord of a surrender of this Lease or of the Premises by Tenant and shall not of itself constitute a termination of this Lease by Landlord. In the event the Landlord re-enters and takes possession of the Premises as provided above and the Tenant has failed upon request by Landlord to immediately remove from the Premises all property belonging to or placed upon the Premises by the Tenant, the Landlord shall have the right to have such property of the Tenant removed from the Premises and reasonably be placed within a secure storage facility for a period of time not to exceed thirty (30) days, and all costs of handling, moving and storing such property of the Tenant shall

- be paid by the Tenant. Notwithstanding any of the foregoing, Landlord shall be required to comply with applicable South Carolina law regarding reentry and possession of the Premises.
- (c) Landlord may immediately or at any time thereafter terminate this Lease, and this Lease shall be deemed to have been terminated upon receipt by Tenant of written notice of such termination; upon such termination Landlord shall recover from Tenant all damages Landlord may suffer by reason of such termination including, without limitation, all arrearages in rentals, costs, charges, additional rentals, and reimbursements, the cost (including court costs and attorneys' fees) of recovering possession of the Premises, and, in addition thereto, Landlord at its election shall have and recover from Tenant either: (1) an amount equal to the excess, if any, of the total amount of all rents and other charges to be paid by Tenant for the remainder of the term of this Lease over the then reasonable rental value of the Premises for the remainder of the Term of this Lease, or (2) the rents and other charges which Landlord would be entitled to receive from Tenant if the Lease were not terminated. Such election shall be made by Landlord by serving written notice upon Tenant of its choice of the alternatives within thirty (30) days of the notice of termination. Notwithstanding anything hereunder to the contrary, Landlord must use its reasonable best efforts to re-let the Premises and abate Landlord's damages.
- 8.3 No Waiver. No course of dealing between Landlord and Tenant or any failure or delay on the part of Landlord in exercising any rights of Landlord under any provisions of this Lease shall operate as a waiver of any rights of Landlord, nor shall any waiver of a default on one occasion operate as a waiver of any subsequent default or any other default. No express waiver shall affect any condition, covenant, rule or regulation other than the one specified in such waiver and that one only for the time and in the manner specifically stated.
- 8.4 *No Election of Remedies*. The exercise by Landlord of any right or remedy shall not prevent the subsequent exercise by Landlord of other rights and remedies. All remedies provided for in this Lease are cumulative and may, at the election of Landlord, be exercised alternatively, successively, or in any other manner, and all remedies provided for in this Lease are in addition to any other rights provided for or allowed by law or in equity.
- 8.5 Insolvency or Bankruptcy. The appointment of a receiver to take possession of all or substantially all of the assets of Tenant, or an assignment by Tenant for the benefit of creditors, or any action taken or suffered by Tenant, or any action against Tenant, under any insolvency, bankruptcy, or reorganization, shall at Landlord's option constitute an event of default under this Lease. Upon the happening of any such event of default or at any time thereafter, this Lease shall terminate five (5) days after written notice of termination from Landlord to Tenant. In no event shall this Lease be assigned or assignable by operation of law or by voluntary or involuntary bankruptcy proceedings or otherwise and in no event shall this Lease or any rights or privileges hereunder be an asset of Tenant under any bankruptcy, insolvency, or reorganization proceedings.
- 8.6 Abandonment. Tenant shall not be considered to have abandoned or vacated the Premises as long as Tenant continues to pay rent and fulfill all other obligations of this Lease, regardless of whether Tenant is actually continuously occupying the space or not, unless Tenant gives notice of termination if and as allowed by this Lease. If Landlord's right of entry is exercised following abandonment of the Leased Premises by Tenant, then Landlord may consider any personal property belonging to Tenant and left on the Leased Premises to have been abandoned, in which case

Landlord may dispose of all such personal property in any manner Landlord shall deem proper and is hereby relieved of all liability for doing so.

- **IX. SALE OF PREMISES.** In the event the Landlord hereunder, or any successor owner of the Premises, shall sell or convey the Premises, all liabilities and obligations on the part of the Landlord, or such successor owner, under this Lease accruing thereafter shall remain for a minimum sixty (60) days or the Tenant may enter into a new Lease with the successor owner.
- X. COMPLIANCE WITH LAWS. Tenant shall comply, at its own expense, with all statutes, regulations, rules, ordinances and orders of any governmental body, department, or agency thereof which apply to or result from Tenant's use of the Premises.

XI. INSURANCE LIABILITY AND INDEMNIFICATION

- 11.1 *Insurance Liability*. Landlord has obtained Premise Liability Insurance, which does not cover Tenant's possessions or Tenant's negligence. Tenant must obtain a Renter's Insurance Policy, in an amount of no less than \$1,000,000 in commercial general liability, or other appropriate policies to cover damage or loss resulting from Tenant's negligence. Tenant shall name Landlord as an additional party in any and all insurance policies, and shall provide Landlord with a copy of all policies.
 - 11.1.1 Tenant shall provide proof that payment for the insurance policy has been made initially and thereafter and that the policy has been renewed at least fifteen (15) calendar days prior to the anniversary of the initial year of this lease. Landlord may contact Tenant's insurer(s) or insurer(s)' agent(s) directly at any time regarding Tenant's coverage, coverage amounts, or other such relevant and reasonable issues related to this Lease.
- 11.2 *Indemnity*. Tenant hereby agrees to indemnify and hold harmless Landlord against and from any and all claims for property damage, or for personal injury, arising out of or in any way arising out of Tenant's use of the Leased Premises or from any activity, work, or thing done, permitted or suffered by Tenant in or about the Leased Premises.
- 11.3 *Liens*. If any mechanic's or other lien is filed against the Premises for work claimed to have been for or materials furnished thereto, such lien shall be discharged by Tenant within Ten (10) days thereafter, at Tenant's expense by full payment thereof by filing a bond required by law. Tenant's failure to do so shall constitute a material default hereunder.
