THIS MEETING IS ACCESSIBLE TO PERSONS WITH DISABILITIES

CITY OF COACHELLA
CALIFORNIA

Proclamation

WHEREAS, Karina Rodriguez, a proud resident of Coachella, started her involvement with the City of Coachella in June 2013 as a Desert Recreation District liaison for the Parks and Recreation Commission and began serving as a Parks and Recreation Commissioner on June 21, 2016; and

WHEREAS, Karina has demonstrated her passion for planning, collaborating, and advocating for recreation programs and services that best represented the interests of the Eastern Coachella Valley; and

WHEREAS, throughout Karina's seven-year tenure as a Commissioner, she has responded effectively to the complex social and economic concerns of residents wanting access to parks and recreation programs with the updates to the Sport League Memorandum of Understanding, adoption of Community Field Use and Public Field Days, establishing the Parks and Recreation Foundation and establishing the Foundation Scholarship Program; and

WHEREAS, Karina is penchant to act collaboratively with other agencies to acquire funding, such as the Anderson Foundation, and further increase recreational programs in Coachella by partnering with school districts and Imagine Schools, in order to meet the challenges in a sustainable enterprise such as recreation; and

WHEREAS, Karina, enjoys her career as the Community Services Supervisor for the Desert Recreation District where she continues to champion for recreational equity for our community.

NOW THEREFORE, I, Steven A. Hernandez, Mayor of the City of Coachella, by the power vested in me, do hereby recognize

Karina Rodriguez

and urge all citizens of the City of Coachella to continue to support the Desert Recreation District.

IN WITNESS HEREOF, I have hereunto set my hand and caused the official seal of the City of Coachella, California to be affixed this 28th day of June 2023.

Steven A. Hernandez, Mayor
City of Coachella, California

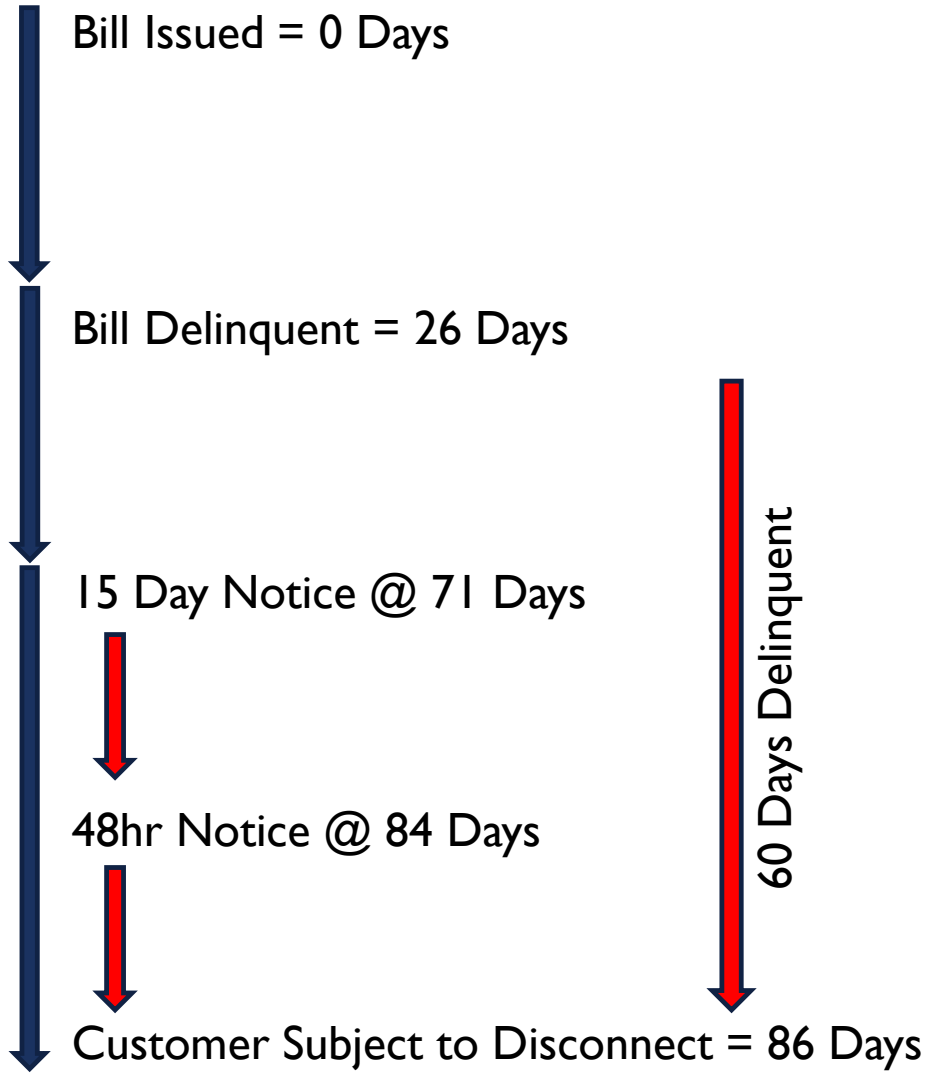
CITY OF COACHELLA – COACHELLA WATER AUTHORITY

DISCONTINUATION OF RESIDENTIAL WATER SERVICE UPDATE

JUNE 28, 2023

Background

- Prior to 2020 per our policy if a water bill was not paid within the due date (25 days from the day the bill is produced) the account was deemed delinquent and eligible for disconnection.
- In the fall of 2018, the Legislature adopted Senate Bill 998, the Water Shutoff Protection Act, increasing protections for residents facing termination of water service due to non-payment.
- All Urban and Community Water Systems had to implement these protections by 2020 before terminating service.
- The City adopted its Policy on Discontinuation of Residential Water Service in 2020, however, Governor Newsom issued Executive Order N-42-20 on April 2, 2020 due to the COVID-19 emergency, which temporarily prohibited the discontinuation of residential service for non-payment of a water bill
- The COVID-19 emergency moratorium on residential water shutoffs expired in January 2022. The provisions of the Wate Shutoff Protection Act remain in effect.



Policy

- **Billing Procedures.** All bills for water service are due and payable (25) days after mailing by the City. Any bills not paid within such period are considered delinquent.

- **Discontinuation of Water Service for Nonpayment.** If a bill is delinquent for at least sixty (60) days, the City may discontinue water service to the service address.

- **Written Notice to Customer.** The City will provide a mailed notice to the customer of record at least fifteen (15) days before discontinuation of water service.

- **Posting of Notice at Service Address.** If the City is unable to make contact with the customer or an adult person living at the service address in person or by telephone, the City will make a good faith effort to leave a notice of imminent discontinuation of residential service and a copy of this Policy in a conspicuous place at the service address. The notice and copy of this Policy will be left at the residence at least forty-eight (48) hours before discontinuation of service.

Proposed Next Steps

- Implement the Discontinuation of Water Service for Nonpayment on **July 17, 2023**.
  - *15 day notice is sent on June 29, 2023 (tomorrow)*
- On July 17, 2023 there will be approximately **570 accounts eligible for disconnection**. A total due balance of approximately $194,389.00
- Utilities staff can only absorb approximately **150 accounts per week**
- Staff will focus on the 150 accounts with the highest balances for disconnection on July 17, 2023, these accounts represent approximately $147,857.00 or **76%** of the total balance.
  - *48 hour notice is placed on doors July 14, 2023*
- Staff will repeat the process on July 24, 2023 and every week after that until we implement the policy on all eligible accounts. This may take approximately one month.

POLICY ON DISCONTINUATION OF RESIDENTIAL WATER SERVICE

Adopted by the City Council of the City of Coachella on June 24, 2020

1. **Application of Policy.** This Policy on Discontinuation of Residential Water Service (this "Policy") shall apply to all City accounts for residential water service, but shall not apply to any accounts for non-residential service. To the extent this Policy conflicts with any other rules, regulations, or policies of the City, this Policy shall control.

2. **Contact Information.** For questions or assistance regarding your water bill, the City's Customer Service staff can be reached at (760) 398-2702. Customers may also visit the City's Customer Service desk in person Monday through Thursday, from 7:00 a.m. to 6:00 p.m., except on City holidays.

3. **Billing Procedures.** Water service charges are payable to the City once every month or at such other frequency as determined by the City Council from time to time. All bills for water service are due and payable [ten (10) days] after mailing by the City. Any bills not paid within such period are considered delinquent.

4. **Discontinuation of Water Service for Nonpayment.** If a bill is delinquent for at least sixty (60) days, the City may discontinue water service to the service address.

4.1 Written Notice to Customer. The City will provide a mailed notice to the customer of record at least fifteen (15) days before discontinuation of water service. The notice will contain:

(a) the name and address of the customer;

(b) the amount of the delinquency;

(c) the date by which payment or payment arrangements must be made to avoid discontinuation of service;

(d) the procedure by which the customer may initiate a complaint or request an investigation or appeal concerning service or charges;

(e) a description of the procedure by which the customer may request an alternative payment arrangement, which may include an extension, amortization, alternative payment schedule, or payment reduction;

(f) the procedure for the customer to obtain information on financial assistance, if applicable; and

(g) the telephone number where the customer may request a payment arrangement or receive additional information from the City.

4.2 Written Notice to Occupants or Tenants.

(a) The City will also send a notice to the occupants living at the service address at least ten (10) days before discontinuation of water service under the following circumstances: (1) the City furnishes individually metered service to a single-

family dwelling, multi-unit residential structure, mobile home park, or farm labor camp and the owner, manager, or operator is the customer of record; or (2) the customer of record's mailing address is not the same as the service address. The notice will be addressed to "Occupant," will contain the information required in Section 4.1 above, and will inform the residential occupants that they have the right to become customers of the City without being required to pay the amount due on the delinquent account. Terms and conditions for occupants to become customers of the City are provided in Section 8 below.

(b) If the City furnishes water through a master meter in a multi-unit residential structure, mobile home park, or permanent residential structures in a labor camp and the owner, manager, or operator is the customer of record, the City will make a good faith effort to inform the occupants, by means of written notice posted on the door of each residential unit at least fifteen (15) days prior to termination, that the account is in arrears and the service will be terminated on a date specified in the notice. If it is not reasonable or practicable to post the notice on the door of each unit, the City will post two (2) copies of the notice in each accessible common area and at each point of access to the structure or structures. The notice will inform the residential occupants that they have the right to become customers of the City without being required to pay the amount due on the delinquent account. The notice will also specify what the occupants are required to do in order to prevent termination of, or to reestablish service; the estimated monthly cost of service; the title, address, and telephone number of a representative of the City who can assist the occupants in continuing service; and the address or telephone number of a qualified legal services project that has been recommended by the local county bar association. Terms and conditions for occupants to become customers of the City are provided in Section 8 below.

4.3 In-Person or Telephonic Notice. The City will also make a reasonable, good faith effort to contact the customer of record or adult person living at the premises of the customer in person or by telephone at least seven (7) days before discontinuation of service. The City will offer to provide in writing a copy of this Policy and to discuss options to avert discontinuation of water service for nonpayment, including the possibility of an extension or other payment arrangement.

4.4 Posting of Notice at Service Address. If the City is unable to make contact with the customer or an adult person living at the service address in person or by telephone, the City will make a good faith effort to leave a notice of imminent discontinuation of residential service and a copy of this Policy in a conspicuous place at the service address. The notice and copy of this Policy will be left at the residence at least forty-eight (48) hours before discontinuation of service. The notice will include:

(a) the name and address of the customer;

(b) the amount of the delinquency;

(c) the date by which payment or payment arrangements must be made to avoid discontinuation of service;

(d) the procedure for the customer to obtain information on financial assistance, if applicable; and

(e) the telephone number where the customer may request a payment arrangement or receive additional information from the City.

4.5 Circumstances Under Which Service Will Not Be Discontinued. The City will not discontinue residential water service for nonpayment under the following circumstances:

(a) During an investigation by the City of a customer dispute or complaint under Section 5.1 below;

(b) During the pendency of an appeal to the City Council under Section 5.3 below; or

(c) During the period of time in which a customer's payment is subject to a City-approved extension, amortization, alternative payment schedule, or reduction under Section 6 below, and the customer remains in compliance with the approved payment arrangement.

4.6 Circumstances Under Which Service Through a Master Meter Will Not Be Discontinued. If the City furnishes water through a master meter in a multi-unit residential structure, mobile home park, or permanent residential structures in a labor camp and the owner, manager, or operator of the dwelling, structure, or park is the customer of record, the City will not discontinue residential water service for nonpayment under the following circumstances:

(a) When the customer's indebtedness is owed to another public agency, or when the obligation represented by the delinquent account or indebtedness was incurred with any public agency other than the City's water utility;

(b) If a delinquent account relates to another property owned, managed, or operated by the customer;

(c) If a public health or building officer certifies that termination would result in a significant threat to the health or safety of the residential occupants or the public.

4.7 Special Medical and Financial Circumstances Under Which Services Will Not Be Discontinued.

(a) The City will not discontinue water service if all of the following conditions are met:

(i) The customer, or a tenant of the customer, submits to the City the certification of a licensed primary care provider that discontinuation of water service will be life threatening to, or pose a serious threat to the health and safety of, a resident of the premises where residential service is provided;

(ii) The customer demonstrates that he or she is financially unable to pay for residential service within the City's normal billing cycle. The customer is deemed financially unable to pay during the normal billing cycle if: (a) any member of the customer's household is a current recipient of CalWORKs, CalFresh, general assistance, Medi-Cal, Supplemental Security Income/State Supplementary Payment Program, or California Special Supplemental Nutrition Program for Women, Infants, and Children, or (b) the customer declares under penalty of perjury that the household's annual income is less than 200 percent of the federal poverty level; and

(iii) The customer is willing to enter into an alternative payment arrangement, including an extension, amortization, alternative payment schedule, or payment reduction with respect to the delinquent charges.

(b) For any customers who meet all of the above conditions, the City shall offer the customer one of the following options, to be selected by the City in its discretion: (1) an extension of the payment period; (2) amortization of the unpaid balance; (3) an alternative payment schedule; or (4) a reduced payment. The City's Finance Director will select the most appropriate payment arrangement, taking into consideration the information and documentation provided by the customer, as well as the City's payment needs.

(c) The customer is responsible for demonstrating that the conditions in subsection (a) have been met. Upon receipt of documentation from the customer, the City will review the documentation within seven (7) days and: (1) notify the customer of the alternative payment arrangement selected by the City and request the customer's signed assent to participate in that alternative arrangement; (2) request additional information from the customer; or (3) notify the customer that he or she does not meet the conditions in subsection (a).

(d) The City may discontinue water service if a customer who has been granted an alternative payment arrangement under this section fails to do any of the following for sixty (60) days or more: (a) to pay his or her unpaid charges by the extended payment date; (b) to pay any amortized amount due under the amortization schedule; (c) to pay any amount due under an alternative payment schedule; (d) to pay the reduced payment amount by its due date; or (e) to pay his or her current charges for water service. The City will post a final notice of intent to disconnect service in a prominent and conspicuous location at the service address at least five (5) business days before discontinuation of service. The final notice will not entitle the customer to any investigation or review by the City.

4.8 Time of Discontinuation of Service. The City will not discontinue water service due to nonpayment on a Saturday, Sunday, legal holiday, or at any time during which the City's office is not open to the public.

4.9 Restoration of Service. Customers whose water service has been discontinued may contact the City by telephone or in person regarding restoration of service. Restoration shall be subject to payment of: (a) any past-due amounts, including applicable interest or penalties; (b) any reconnection fees, subject to the limitations in Section 7.1, if applicable; (c) and a security deposit, if required by the City.

5. Procedures to Contest or Appeal a Bill.

5.1 Time to Initiate Complaint or Request an Investigation. A customer may initiate a complaint or request an investigation regarding the amount of a bill within five (5) days of receiving a disputed bill. For purposes of this Section 5.1 only, a bill shall be deemed received by a customer five (5) days after mailing.

5.2 Review by City. A timely complaint or request for investigation shall be reviewed by a manager of the City, who shall provide a written determination to the customer. The review will include consideration of whether the customer may receive an extension, amortization, alternative payment schedule, or payment reduction under Section 6. The City may, in its discretion, review untimely complaints or requests for investigation; however, such complaints or requests are not subject to appeal.

5.3 Appeal to City Council. Any customer whose timely complaint or request for an investigation pursuant to this Section 5 has resulted in an adverse determination may appeal the determination to the City Council by filing a written notice of appeal with the City Clerk within ten (10) business days of the City's mailing of its determination. Upon receiving the notice of appeal, the City Clerk will set the matter to be heard at an upcoming City Council meeting and mail the customer written notice of the time and place of the hearing at least ten (10) days before the meeting. The decision of the City Council shall be final.

6. Extensions and Other Alternative Payment Arrangements.

6.1 Time to Request an Extension or Other Alternative Payment Arrangement. If a customer is unable to pay a bill during the normal payment period, the customer may request an extension or other alternative payment arrangement described in this Section 6. If a customer submits his or her request within thirteen (13) days after mailing of a written notice of discontinuation of service by the City, the request will be reviewed by a manager of the City. City decisions regarding extensions and other alternative payment arrangements are final and are not subject to appeal to the City Council.

6.2 Extension. If approved by the City, a customer's payment of his or her unpaid balance may be temporarily extended for a period not to exceed six (6) months after the balance was originally due. The City's Finance Director shall determine, in his or her discretion, how long an extension shall be provided to the customer. The customer shall pay the full unpaid balance by the date set by the City and must remain current on all water service charges accruing during any subsequent billing periods. The extended payment date will be set forth in writing and provided to the customer.

6.3 Amortization. If approved by the City, a customer's payment of his or her unpaid balance may be amortized over a period not to exceed twelve (12) months, as determined by the City's Finance Director, in his or her discretion. If amortization is approved, the unpaid balance will be divided by the number of months in the amortization period, and that amount will be added to the customer's monthly bills for water service until fully paid. During the amortization period, the customer must remain current on all water service charges accruing during any subsequent billing periods. The amortization schedule and amounts due will be set forth in writing and provided to the customer.

6.4 Alternative Payment Schedule. If approved by the City, a customer may pay his or her unpaid balance pursuant to an alternative payment schedule that will not exceed twelve (12) months, as determined by the City's Finance Director, in his or her discretion. If approved, the alternative payment schedule may allow periodic lump-sum payments that do not coincide with the City's established payment date or may provide for payments made more or less frequently than the City's regular payment date. During the period of the alternative payment schedule, the customer must remain current on all water service charges accruing during any subsequent billing periods. The alternative payment schedule and amounts due will be set forth in writing and provided to the customer.

6.5 Payment Reduction. The City has partnered up with United Way of the Desert to provide assistance to customers who need help paying their water bill. To apply; call United Way of the Desert at (760) 323-2731 to make an appointment. For general information on the program visit https://www.coachella.org/Home/ShowDocument?id=3373

6.6 Failure To Comply. If a customer has been granted a payment arrangement under this Section 6 and fails to: (1) pay the unpaid charges by the extension date; (2) pay an amount due under an amortization schedule; (3) pay an amount due under an alternative payment schedule; or (4) pay a reduced payment amount by its due date, then the City may terminate water service. The City will post a final notice of intent to disconnect service in a prominent and conspicuous location at the service address at least five (5) business days before discontinuation of service. The final notice will not entitle the customer to any investigation or review by the City.

7. Specific Programs for Low-Income Customers.

7.1 Reconnection Fee Limits and Waiver of Interest. For residential customers who demonstrate to the City a household income below 200 percent of the federal poverty line, the City will:

(a) Limit any reconnection fees during normal operating hours to fifty dollars ($50), and during non-operational hours to one hundred fifty dollars ($150). The limits will only apply if the City's reconnection fees actually exceed these amounts. These limits are subject to an annual adjustment for changes in the Bureau of Labor Statistics' Consumer Price Index for All Urban Consumers (CPI-U) beginning January 1, 2021.

(b) Waive interest charges on delinquent bills once every 12 months. The City will apply the waiver to any interest charges that are unpaid at the time of the customer's request.

7.2 Qualifications. The City will deem a residential customer to have a household income below 200 percent of the federal poverty line if: (a) any member of the household is a current recipient of CalWORKs, CalFresh, general assistance, Medi-Cal, Supplemental Security Income/State Supplementary Payment Program, or California Special Supplemental Nutrition Program for Women, Infants, and Children, or (b) the customer declares under penalty of perjury that the household's annual income is less than 200 percent of the federal poverty level.

8. Procedures for Occupants or Tenants to Become Customers of the City.

8.1 Applicability. This Section 8 shall apply only when the property owner, landlord, manager, or operator of a residential service address is listed as the customer of record and has been issued a notice of intent to discontinue water service due to nonpayment.

8.2 Agreement to City Terms and Conditions of Service. The City will make service available to the actual residential occupants if each occupant agrees to the terms and conditions of service and meets the requirements of the City's rules and regulations. Notwithstanding, if one or more of the occupants are willing and able to assume responsibility for the subsequent charges to the account to the satisfaction of the City, or if there is a physical means, legally available to the City, of selectively

discontinuing service to those occupants who have not met the requirements of the City's rules and regulations, the City shall make service available to the occupants who have met those requirements.

8.3 Verification of Tenancy. To be eligible to become a customer without paying the amount due on the delinquent account, the occupant shall verify that the delinquent account customer of record is or was the landlord, manager, or agent of the dwelling. Verification may include, but is not limited to, a lease or rental agreement, rent receipts, a government document indicating that the occupant is renting the property, or information disclosed pursuant to Section 1962 of the Civil Code, at the discretion of the City.

8.4 Methods of Establishing Credit. If prior service for a period of time is a condition for establishing credit with the City, residence and proof of prompt payment of rent for that period of time is a satisfactory equivalent.

8.5 Deductions from Rental Payment. Pursuant to Government Code Section 60371(d), any occupant who becomes a customer of the City pursuant to this Section 8 and whose periodic payments, such as rental payments, include charges for residential water service, where those charges are not separately stated, may deduct from the periodic payment each payment period all reasonable charges paid to the City for those services during the preceding payment period.

9. **Third Party Notification Service for Seniors and Dependent Adults**. The City will make available, to residential customers who are 65 years or older, or who are dependent adults (as defined in Welfare and Institutions Code Section 15610(b)(1)), a third-party notification service whereby the City will attempt to notify a person designated by the customer to receive notification when the customer's account is past-due and subject to termination. The notification will include information on what is required to prevent termination of service. The City will mail the notification to the designated third party at least ten (10) days before termination of service. To participate, the customer must submit a request for third-party notification on a form provided by the City, and must include the written consent of the designated third party. The notification service does not obligate the third party to pay any overdue charges, nor shall it prevent or delay termination of service.

10. **Language for Certain Written Notices.** All written notices under Section 4 and Section 6.6 of this Policy shall be provided in English, Spanish, Chinese, Tagalog, Vietnamese, Korean, and any other language spoken by ten percent (10%) or more people within the City's service area.

11. **Other Remedies.** In addition to discontinuation of water service, the City may pursue any other remedies available in law or equity for nonpayment of water service charges, including, but not limited to: securing delinquent amounts by filing liens on real property, filing a claim or legal action, or referring the unpaid amount to collections. In the event a legal action is decided in favor of the City, the City shall be entitled to the payment of all costs and expenses, including attorneys' fees and accumulated interest.

12. **Discontinuation of Water Service for Other Customer Violations.** The City reserves the right to discontinue water service for any violations of City ordinances, rules, or regulations other than nonpayment.

13. **Fees and Charges Incurred.** Except as otherwise expressly stated in this Policy, any fees and charges incurred by a customer under any other rules, regulations, or policies of the City, including, but not limited to, delinquent charges, shall be due and payable as set forth therein.

14. **Decisions by City Staff.** Any decision which may be taken by the City's Finance Director under this Policy may be taken by his or her designee.

City Manager's Comments.

ADJOURNMENT:

There being no further business to come before the City Council and the Agencies, Mayor Hernandez adjourned the meeting at 8:15 p.m.

Respectfully submitted,

_____
Angela M. Zepeda
City Clerk

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: William Pattison, Interim Finance Director

SUBJECT: Investment Report – April 2023

STAFF RECOMMENDATION:

Staff recommends that the City Council receive and file the investment report for April of 2023.

EXECUTIVE SUMMARY:

On June 8, 2022, the City of Coachella along with its component units (Sanitary District, Educational & Governmental Access Cable Corporation, Fire Protection District and Water Authority) approved and adopted the current "Statement of Investment Policy".

Pursuant to Section 16 of that policy, the City Treasurer shall provide to the City Council a monthly investment report which provides a clear picture of the status of the current investment portfolio. This report shall include, at a minimum, the following information for each type of investment held in the City's investment portfolio: the issuer; amount of investment; current market value; yield on investment; income generated from investments; dollar amount invested on all securities, investments and moneys held by the local agency; and shall additionally include a description of any of the local agency's funds, investments, or programs; and a description of unusual investment activity or developments during the month for which the report is prepared. This information shall be provided for all City and component unit pooled investments, as well as for bond accounts, which are managed by outside Fiscal Agents.

The interest rates presented are the most current rates available as of the date of these reports. The market values presented for pooled City investments are based on closing prices for the related investments as of the date of these reports. This information was obtained from the Wall Street Journal or other reliable sources of market prices.

The Market values presented for investments managed by fiscal agents are based on amounts reported by the fiscal agent on their investment statements. The purchase date and type of investment are not included for funds held by fiscal agents.

Attached is the Treasurer's Report of Investments which includes an overview on investments which provides information on investment activity, withdrawals and deposits, interest earned, payment of interest and payment of principal as of the months ended April 30, 2023. In addition, this report includes detailed information and current activity on individual investments.

All City investments are in compliance with the guidelines established for Authorized Investments as specified in the Investment Policy, Section 8.

There was no unusual investment activity to report.

The City and Districts have sufficient moneys to meet their expenditure requirements for the next six months.

FISCAL IMPACT:

None, this report is receive and file only.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: William Pattison, Interim Finance Director

SUBJECT: Investment Report – March 2023

STAFF RECOMMENDATION:

Staff recommends that the City Council receive and file the investment report for March of 2023.

EXECUTIVE SUMMARY:

On June 8, 2022, the City of Coachella along with its component units (Sanitary District, Educational & Governmental Access Cable Corporation, Fire Protection District and Water Authority) approved and adopted the current "Statement of Investment Policy".

Pursuant to Section 16 of that policy, the City Treasurer shall provide to the City Council a monthly investment report which provides a clear picture of the status of the current investment portfolio. This report shall include, at a minimum, the following information for each type of investment held in the City's investment portfolio: the issuer; amount of investment; current market value; yield on investment; income generated from investments; dollar amount invested on all securities, investments and moneys held by the local agency; and shall additionally include a description of any of the local agency's funds, investments, or programs; and a description of unusual investment activity or developments during the month for which the report is prepared. This information shall be provided for all City and component unit pooled investments, as well as for bond accounts, which are managed by outside Fiscal Agents.

The interest rates presented are the most current rates available as of the date of these reports. The market values presented for pooled City investments are based on closing prices for the related investments as of the date of these reports. This information was obtained from the Wall Street Journal or other reliable sources of market prices.

The Market values presented for investments managed by fiscal agents are based on amounts reported by the fiscal agent on their investment statements. The purchase date and type of investment are not included for funds held by fiscal agents.

Attached is the Treasurer's Report of Investments which includes an overview on investments which provides information on investment activity, withdrawals and deposits, interest earned, payment of interest and payment of principal as of the months ended March 28, 2023. In addition, this report includes detailed information and current activity on individual investments.

All City investments are in compliance with the guidelines established for Authorized Investments as specified in the Investment Policy, Section 8.

There was no unusual investment activity to report.

The City and Districts have sufficient moneys to meet their expenditure requirements for the next six months.

FISCAL IMPACT:

None, this report is receive and file only.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Resolution No. 2023-41 Initiating Proceedings for the Levy and Collection of Assessments for Landscaping and Lighting District Maintenance District No. 1 through 40, Fiscal Year 2023/2024

Resolution No. 2023-42 Approving the Preliminary Engineer's Report for Levy of Annual Assessments for Fiscal 2023/2024 for the City of Coachella Landscaping and Lighting Maintenance District No. 1 through 40 and Setting a Time and Place for the Public Hearing

---

STAFF RECOMMENDATION:

Adopt Resolution No. 2023-41 initiating proceedings for the Levy and Collection of Assessments for Fiscal Year 2023/2024 for the City of Coachella Landscaping and Lighting Maintenance District Number 1 through 40.

Adopt Resolution No. 2023-42 approving the Preliminary Engineer's Report and Set a time and lace for the Public Hearing to Levy and Collect Assessments for Fiscal Year 2023/2024 for the City of Coachella Landscaping and Lighting Maintenance District Number 1 through 40.

EXECUTIVE SUMMARY:

As per Section 22624 of the Streets and Highway Code, adoption of the resolution Initiating Preparation of an Engineer's Report and Declaring Intention to Levy and Collect Assessments is required on an annual basis. This is the first step to assess the Annual Levy for the Landscape Districts Maintenance charges for Fiscal Year 2023/2024.

A Preliminary Engineer's Report has been prepared, a copy of which is being submitted to the City Council for review. A copy of the Preliminary Engineer's Report is also made available to the Public for review in the City's Public Works Department. It is proposed to schedule a public hearing during the regular City Council meeting of July 12, 2023, at 6:00 p.m. prior to confirmation of proposed assessments.

FISCAL IMPACT:

Approval of the assessments will have no adverse impact to the General Fund. The proposed assessments are essential to pay for the required maintenance and improvements of common areas within each District. The revenues and expenditures are accounted for within separate accounts within the 160 fund.

Attachment:
Resolution No. 2023-41 – Initiating Proceedings
Resolution No. 2023-42 – Approving Preliminary Engineer's Report and Setting Public Hearing
Preliminary Engineer's Report

RESOLUTION NO. 2023-41

A RESOLUTION OF THE CITY COUNCIL OF COACHELLA, CALIFORNIA, INITIATING PROCEEDINGS FOR THE LEVY AND COLLECTION OF ASSESSMENTS FOR LANDSCAPING AND LIGHTING DISTRICT MAINTENANCE DISTRICT NO. 1 THROUGH 40, FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

WHEREAS, the City Council of the City of Coachella ("City"), by previous Resolutions formed and levied annual assessments for the Landscaping and Lighting Maintenance District No. 1 through 40 ("Districts"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the California Streets and Highways Code (commencing with section 22500) ("Act"); and,

WHEREAS, the Act provides the City Council the authority to annually levy and collect assessment for the Districts on the Riverside County tax roll on behalf of the City of Coachella to pay the maintenance and services of the improvements and facilities related thereto; and,

WHEREAS, the City has retained Willdan Financial Services ("Willdan") as the Assessment Engineer of Work for the purpose of assisting with the Annual Levy of the Districts, to prepare and file an Engineer's Annual Levy Report ("Engineer's Report") with the City Clerk in accordance with the Act.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Coachella as follows:

SECTION 1. That the foregoing recitals are true and correct.

SECTION 2. The City Council hereby orders Willdan Financial Services to prepare and file with the City Clerk the Engineer's Report concerning the levy of assessments for the Districts for the fiscal year commencing July 1, 2023, and ending June 30, 2024, in accordance with Chapter 3, Section 22622 of the Act.

SECTION 3. The territory to be included within the District as described above incorporates approximately twenty-seven acres (27.56 acres) which are included and identified on the Riverside County Assessor's Parcel Number (APN) Map as Book 779, Pages 270 through 272 and Pages 300 and 301. By reference, these maps are made part of this resolution.

SECTION 4. The existing improvements within the Districts include: landscaping and park improvements, including but not limited to maintenance, ground cover, shrubs, trees, plants, drainage systems, irrigation systems, ornamental lighting systems, masonry walls or other fencing and associated appurtenances with said improvements. Lighting improvements may include, but are not limited to, electrical energy, lighting fixtures, poles, meters, conduits, electrical cable and associated appurtenances with said improvements. The Engineer's Report describes the improvements and any substantial changes in existing improvements.

SECTION 5. The City Council hereby determines that to provide the improvements generally described in Section 4 of this resolution and to be detailed in the Engineer's Report, it is necessary to levy and collect assessments against lots and parcels within the Districts for Fiscal Year 2023/2024 and said assessments shall be outlined and described in the Engineer's Report and imposed pursuant to the provisions of the Act and the California Constitution Article XIIID.

PASSED, APPROVED, and **ADOPTED** this 28th day of June 2023.

RESOLUTION NO. 2023-42

A RESOLUTION OF THE CITY COUNCIL OF COACHELLA, CALIFORNIA, APPROVING THE PRELIMINARY ENGINEER'S REPORT FOR LEVY OF ANNUAL ASSESSMENTS FOR FISCAL 2023/2024 FOR THE CITY OF COACHELLA LANDSCAPING AND LIGHTING MAINTENANCE DISTRICT NO. 1 THROUGH 40 AND SETTING A TIME AND PLACE FOR THE PUBLIC HEARING

WHEREAS, the City Council and the City of Coachella, California ("City Council") has previously determined that the public interest, convenience, and necessity, require the installation, construction, and maintenance, servicing and operation of public lighting and landscaping and appurtenant facilities as set forth in Section 22525 of the Streets and Highways Code, State of California, within the incorporated boundaries of the City of Coachella; and

WHEREAS, the City Council pursuant to provisions of the Landscaping and Lighting Act of 1972 being Part 2, Division 15 of the California Streets and Highways Code ("Act"), did by previous Resolution, initiate proceedings for the assessment districts within the City known as the Landscaping and Lighting Maintenance District No. 1 through 40 ("Districts"), to pay for the operation, maintenance, and servicing of local landscaping, street lighting, park and trail improvements, and appurtenant facilities related thereto; and

WHEREAS, the Assessment Engineer of Work has prepared and filed an Engineer's Report with the City Clerk in connection with the formation of the District, the establishment of the proposed maximum assessment connected therewith and the assessment for fiscal year 2023/2024 (beginning July 1, 2023 and ending June 30, 2024) with the City Clerk pursuant to Section 22623 of the Act, and said report has been presented to the City Council, and is incorporated herein by reference.

WHEREAS, the public interest and convenience require the installation, construction, maintenance, servicing and operation of lighting and landscaping and appurtenant facilities within the City of Coachella Landscaping and Lighting Maintenance District No. 1 through 40; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Coachella as follows:

SECTION 1. That the foregoing recitals are true and correct.

SECTION 2. The Engineer's Report as presented, consists of the following:

The Plans and Specifications which describe the boundaries of the Districts and the improvements associated therewith that provide special benefits to the parcels therein.

The Method of Apportionment that details the method of calculating proportional special benefit and the annual assessment obligation for each affected parcel.

The Estimate of Improvement Costs including the calculation of the assessments and the estimated annual funding (Budget) required for the annual maintenance, servicing, and operation of the landscaping and lighting improvements and specifically the costs associated with the improvements determined to be of special benefit to parcels within the Districts, establishing the proposed maximum assessment and the assessment for fiscal year 2023/2024.

The Assessment Range Formula (Annual Inflationary Adjustment) to be applied to the proposed Maximum Assessment Rate per Equivalent Benefit Unit.

A District Diagram outlining the boundaries of the Districts for fiscal year 2023/2024.

An Assessment Roll containing the proposed maximum assessment for fiscal year 2023/2024 for each Assessor Parcel Number within the Districts.

SECTION 3. The City Council hereby approves the Engineer's Report on a preliminary basis as submitted or amended by direction of this City Council, and orders said Report to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection, and by reference the Engineer's Report is made part of this resolution.

SECTION 4. The City Council hereby declares its intention to levy and collect special assessments within the boundaries of the City of Coachella Landscaping and Lighting Maintenance District No. 1 through 40 for fiscal year 2023/2024, pursuant to the Landscape and Lighting Act of 1972 to pay the costs of the improvements and maintenance described in Sections 5 and 6, below, that are within budget. The proposed assessments will not increase above the maximum levy allowed by Proposition 218.

SECTION 5. The City Council hereby finds that the territory within the Districts as identified in the Engineer's Report consists of and includes those lots, parcels and subdivisions of land that will receive special benefits from the improvements to be provided.

SECTION 6. The improvements and services for the District as identified in the Engineer's Report, include, but are not limited to, the maintenance, operation and servicing of various landscaping improvements established in connection with development of the properties within the District, and which shall be maintained for the special benefit of those properties. The maintenance and servicing of the improvements generally include, but are not limited to turf, ground cover, shrubs, and plants; vines, trees; irrigation and drainage systems; masonry walls, retaining walls, or other fencing; monuments; hardscapes; concrete, gravel, or decomposed granite trails, pathways and/or access roads; and other related appurtenant facilities within the District. The proposed local street lighting improvements include operation of lights only, not maintenance. The Engineer's Report prepared and filed with the City Clerk provides a more detailed description of the improvements and services to be provided and for which properties shall be assessed.

SECTION 7. The City Council hereby determines that to provide the improvements described in section 6 of this resolution, it is necessary to levy and collect assessments against lots and parcels within the District commencing in fiscal year 2023/2024. The Engineer's Report referred to in Section 2 of this resolution establishes the fiscal year 2023/2024 proposed maximum assessment for the District including the annual inflationary adjustment to the maximum assessment rates.

SECTION 8. The City Council hereby authorizes and directs the City Clerk shall give notice of public meeting and public hearing as follows:

a) The City Clerk shall cause this resolution of intention to be published as required by Section 22500, of the California Streets and Highways Code. The Desert Sun is hereby designated as the newspaper in which the City Clerk shall public this resolution of intention. Upon completion of giving notice, the City Clerk is further directed to file in her office a proof of publication setting forth compliance with the requirements for publishing.

SECTION 9. Notice is hereby given that on Wednesday, July 12, 2023 at 6:00 p.m. in the City Council Chambers of the City of Coachella, California, 1515 Sixth Street, in the City of Coachella, State of California, is hereby fixed as the time and place for a public hearing by this City Council regarding the levying and collection of the proposed assessments for Landscaping and Lighting Maintenance District No. 1 through 40 for fiscal year 2023/2024. Any interested person may file a written protest with the City Clerk prior to the conclusion of the hearing, which protest must state all ground of objections and describe the property within the Districts owned by the signer of the protest.

PASSED, APPROVED, and ADOPTED this 28th day of June 2023.

I. OVERVIEW

A. INTRODUCTION

The City of Coachella (the "City"), under the provisions of the Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act") and in compliance with the substantive and procedural requirements of the California Constitution Article XIIID (the "California Constitution"), annually levies and collects special assessments in order to provide and maintain the facilities, improvements and services for the districts designated as:

Coachella Landscaping and Lighting Maintenance Districts (the "Districts")

The City formed the following forty (40) Districts:

TABLE I – 2023/2024 DISTRICT DESCRIPTIONS

District Number	District Name	Number of Parcels	Formation Date
1	Lewis Homes - Tract Nos. 14664-1, 14664-2, 14664, & 17892	127	9/16/1980
2	Peacock Palms – Tract Nos. 14472 & 15976	130	6/16/1980
3	Buena Vista Homes – Tract Nos. 14675, 18317, & 28074	181	9/16/1980
4	Palm Desert Development – Tract Nos.18632-1, 18632-2 & 18632	66	6/2/1987
5[(1)]	Palmeras Mobile Home Park – Tract No. 26370	122	7/17/1991

37[(2)]	Volk – Tract No. 31550	80	11/22/2006
38	Rancho Cielo – Tract No. 31714	150	3/14/2006
39	Pulte Sevilla - Tract No. 38084	107	3/23/2022
40	Mariposa Pointe - Tract No. 32074, 32074-1 & 32074-2	165	4/27/2022

[(1)] District No. 5 dissolved March 2013 and District No. 26 dissolved June 2013.

[(2)] District No. 37 tract map not recorded, therefore not developed and no levy as of Fiscal Year 2023/2024.

The Engineer's Report (the "Report") has been prepared pursuant to Chapter 1, Article 4 and Chapter 3 of the 1972 Act, and presented to the City Council for their consideration and approval of the proposed improvements and services to be provided within the District and the levy and collection of annual assessments for fiscal year 2023/2024.

This Report describes the District, the improvements, and the proposed assessments to be levied against properties in connection with the benefits the properties will receive from the maintenance and servicing of the District improvements for fiscal year 2023/2024. The annual assessments to be levied on properties within the District provide a funding source for the continued operation and maintenance of local landscape improvements installed in connection with the development of properties within the District. Each fiscal year, the City establishes the District's assessments based on an estimate of the costs to maintain, operate and service the landscape improvements and based upon available revenues including fund balances, City contributions and assessment limits. The costs of the improvements and the proposed annual assessments budgeted and assessed against properties within the District may include: the estimated expenditures for regular annual maintenance and repairs; incidental expenditures related to the operation and administration of the District; deficits or surpluses from prior years; revenues from other sources; and the collection of adequate funds for operational reserves or periodic expenditures including installments collected for long-term improvement projects. Each parcel is assessed proportionately for only those

improvements, services, and expenses for which the parcel will receive special benefit.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (APN) by the Riverside County Assessor’s Office. The Riverside County Auditor-Controller uses Assessor’s Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for the special benefit assessments.

Following consideration of all public comments and written protests at a noticed public hearing, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments, the Council may order the levy and collection of assessments for fiscal year 2023/2024 pursuant to the 1972 Act. In such case, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll for each benefiting parcel in fiscal year 2023/2024.

B. COMPLIANCE WITH CURRENT LEGISLATION

On November 5, 1996, California voters approved Proposition 218 (The Right to Vote on Taxes Act) that established specific requirements for the ongoing imposition of taxes, assessments, and fees. The provisions of this proposition are now contained in the California Constitution as Articles XIIIC and XIIID. can be summarized in four general areas:

1. Strengthens the general and special tax provisions of Proposition 13 and Proposition 62.
2. Extends the initiative process to all local taxes, assessments, fees, and charges.
3. Adds substantive and procedural requirements to assessments.
4. Adds substantive and procedural requirements to property-related.

The District assessments were presented to the property owners and approved through a protest ballot proceeding in compliance with the provisions of Proposition 218.

C. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to the Districts, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.

- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County of Riverside (the “County”) for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "Maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. PLANS AND SPECIFICATIONS

A. DISTRICTS OVERVIEW

The territory within the Districts consists of all lots or parcels of land within the City of Coachella. The purpose of the Districts is to provide in part through annual assessments, funding for the ongoing operation, maintenance, and servicing of landscaping, streetlighting, traffic signal improvements and related facilities and services in various areas throughout the City. Improvements that can be provided within the Districts generally include but are not limited to:

- Landscape improvements within the street medians and parkway side-panels, including parkways, slopes and entryways; and various non-street landscape areas including greenbelts, slopes, local trails, and open space areas within various landscape zones. These landscaped improvements and areas may include but are not limited to various combinations of trees; turf; ground cover; shrubs, plantings and other amenities including retaining walls, monuments, fencing, sidewalks, stamped concrete or pavers; irrigation and drainage systems; and related appurtenances.

- Local Lighting facilities on the public streets within the City. These lighting improvements may include but are not limited to streetlights located on the City's arterial streets, traffic signals located throughout the City and local streetlights within or adjacent to the various developments and subdivisions.

B. DESCRIPTION OF DISTRICTS

The Districts therein provide the continued maintenance, servicing, administration, and operation of various landscape improvements and associated appurtenant landscape structures located within the public rights-of-way and dedicated landscape easements associated with the various tracts and on individual parcels located within the Districts. Each tract or parcel is identified within a designated District with differing costs and benefits to the parcels within that District. The spreading of the improvement costs is based upon the total cost of the improvements within each District and is proportionately spread among all benefiting properties within the District based on either land use and acreage or number of parcels.

As of fiscal year, 2023/2024 the following are descriptions of the Districts therein:

District No. 1	**Lewis Homes** - District No. 1 includes all parcels within tract numbers 14664-1, 14664-2, 14664, and 17892. The District is generally located north of Avenue 51 and west of Suncrest Street.
District No. 2	**Peacock Palms** - District No. 2 includes all parcels within tract numbers 14472 and 15976. The District is generally located at the northeast corner of Avenue 50 and Frederick Street.
District No. 3	**Buena Vista Homes** - District No. 3 includes all parcels within tract numbers 14675, 18317, and 28074. The District is generally located at the southwest corner of Avenue 49 and Frederick Street.
District No. 4	**Palm Desert Development** - District No. 4 includes all parcels within tract numbers 18632-1, 18632-2, and 18632. The District is generally located north of Westerfield Way, east and west of Kenmore Street, Coronado Street and Balboa Street.
District No. 6	**Fiesta Homes** - District No. 6 includes all parcels within tract numbers 23911-1, 23911-2, and 23911. The District is generally located at the southeast corner of Avenue 49 and Van Buren Street.

District No. 7	**La Paz Homes I** - District No. 7 includes all parcels within tract numbers 26467-1, 26467-2, 26467-3, 16467-4, 26467, 26639-1, and 26639. The District is generally located south of Avenue 53 and east and west of Calle La Paz and Calle Bonita.
District No. 8	**La Ponderosa Homes** - District No. 8 includes all parcels within tract numbers 24299-1 and 24299. The District is generally located north of Avenue 52 and east and west of La Ponderosa Drive and La Hernandez Street.
District No. 9	**Coachella Valley Housing Coalition** - District No. 9 includes all parcels within tract numbers 23408-1, 23408-2, and 23408. The District is generally located north of Calle Zamora, south of Calle Verde and east of Calle Techa.
District No. 10	**Plaza Del Sol** - District No. 10 includes all parcels within tract number 26592, generally located east of Tyler Street and north and south of Calle Bougainvillea.
District No. 11	**Loma Vista Homes I** - District No. 11 includes all parcels within tract numbers 22110-1 and 22110-2, generally located north of Avenue 51, east of Frederick Street and east and west of Avenida Adobe.
District No. 12	**La Paz Homes II** - District No. 12 includes all parcels within tract numbers 28374-1, 28374-2, 28374-3, and 28375, generally located east of Frederick Street, north and south of Guitron Street.
District No. 13	**Baron-Ziraick Investments** - District No. 13 includes all parcels within tract numbers 28443-1, 28443-2, and 28443, generally located southeast corner of Avenue 50 and Frederick Street.
District No. 14	**Pueblo De La Paz** - District No. 14 includes all parcels within tract numbers 20971-1, 20972-2, 20971-3, 20971-4, and 20971, generally located southeast corner of Avenue 49 and Frederick Street.
District No. 15	**Cachanillas** - District No. 15 includes all parcels within tract number 30020, generally located south of Avenue 53, east of Calle Empalme and west of Calle Avilla.

District No. 16	**Tierra Del Sol** - District No. 16 includes all parcels within tract numbers 30582, 30684-1, 30684-2, 30684-3, and 30684, generally located south of Avenue 48, north of Avenue 49, east of Jackson Street, and west of Calhoun Street.
District No. 17	**Rancho Las Flores** - District No. 17includes all parcels within tract number 30498-1, generally located north of Avenue 49 and west of Frederick Street.
District No. 18	**Bella Canto** - District No. 18 includes all parcels within tract number 30728, generally located at the northeast corner of Avenue 50 and Calhoun Street.
District No. 19	**Paseo De Las Palmas** - District No. 19 includes all parcels within tract number 30354-1 and 30354, generally located north of Avenue 50 and west of Frederick Street.
District No. 20	**Posada Del Valle** - District No. 20 includes all parcels within tract numbers 30621-1 and 30621, generally located west of Van Buren Street and south of Avenue 49.
District No. 21	**Loma Vista II** - District No. 21 includes all parcels within tract number 22110, generally located northeast corner of Avenue 51 at Frederick Street.
District No. 22	**Rancho De La Fe** - District No. 22 includes all parcels within tract number 30889, generally located south of Avenue 53 at Shady Lane.
District No. 23	**La Colonia I** - District No. 23 includes all parcels within tract number 30871, generally located southwest corner of Avenue 50 and Calhoun Street.
District No. 24	**La Paloma Estates** - District No. 24 includes all parcels within tract numbers 30910, 30910-1, & 30910-2, generally located east of Calhoun Street, between Avenue 48 and Avenue 49.
District No. 25	**Las Plumas** - District No. 25 includes all parcels within tract number 31376, generally located west side of Calhoun Street between Avenue 49 and Avenue 50.
District No. 27	**Rancho Mariposa** - District No. 27 includes all parcels within tract number 30831, generally located northwest corner Avenue 50 and Frederick Street.

District No. 28	**La Morada** - District No. 28 includes all parcels within tract number 30830, generally located northwest corner of Avenue 50 and Van Buren Street.
District No. 29	**Somerset** - District No. 29 includes all parcels within tract numbers 31664-1, 31664-2, 31664-3, and 31664, generally located northwest corner Avenue 54 and Frederick Street.
District No. 30	**Navarra / Sundate I** - District No. 30 includes all parcels within tract number 31508, generally located southwest corner Avenue 52 and Frederick Street.
District No. 31	**Los Jardines** - District No. 31 includes all parcels within tract numbers 31533, 31533-1, generally located northwest corner Avenue 53 and Tyler Street.
District No. 32	**Aventine** - District No. 32 includes all parcels within tract numbers 31551-1 and 31551, generally located northwest corner of Avenue 51 and Van Buren Street.
District No. 33	**Vista Escondida** - District No. 33 includes all parcels within tract number 32264, generally located on the north side of Avenue 53 and east of Shady Lane.
District No. 34	**Tierra Bonita** - District No. 34 includes all parcels within tract number 31158, generally located on the northeast side of Avenue 53 and Frederick Street.
District No. 35	**Bellisima** - District No. 35 includes all parcels within tract number 30978, generally located on the southeast corner of Avenue 53 and Frederick Street.
District No. 36	**Valencia** - District No. 36 includes all parcels within tract number 31698, generally located on the southeast corner of Avenue 50 and Van Buren Street.
District No. 37	**Volk** - District No. 37 includes all parcels within tract number 31550. The District is generally located on the east side of Van Buren and north of Avenue 54.
District No. 38	**Rancho Cielo** - District No. 38 includes all parcels within tract number 31714. The District is generally located on the south of Avenue 52 and west of Grapefruit Boulevard.
District No. 39	**Pulte Sevilla** – District No. 39 includes all parcels within tract number 38084. The District is generally located east of Van Buren Street and north of Avenue 51,

District No. 40	**Mariposa Pointe** – District No. 40 includes all parcels within tract 32074, 32074-1 and 32074-2. The District is generally located east of Calhoun Street, and generally south of Avenue 50.

C. DESCRIPTION OF DISTRICT IMPROVEMENTS

As authorized by the 1972 Act, the improvements provided by the Districts incorporate various landscaping or lighting improvements that are maintained and serviced for the benefit of real property within the Districts. The maintenance of the landscape improvements may also incorporate various appurtenances that may include but is not limited to entry monuments; various types of fencing; retaining walls; ornamental lighting or other ornamental fixtures; signage; and irrigation, drainage, and electrical equipment. In most cases, the various improvements associated with each District were either installed in direct connection with the development of properties within the Districts or were installed for the benefit of those properties as a result of property development or potential development of those properties and were considered necessary for the development of those properties to their full and best use. The work to be performed within each respective description may include, but is not limited to (as applicable), the personnel, materials, equipment, electricity, water, contract services, repair and rehabilitation of the improvements and incidental expenses required to operate the Districts and provide the improvements and services for each District. Improvements per district are as follows:

District No. 1 – Lewis Homes
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 2 – Peacock Palms
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 3 – Buena Vista Homes
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping

improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 4 – Palm Desert Development
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 6 – Fiesta Homes
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 7 – La Paz Homes I
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 8 – La Ponderosa Homes
*Landscaping Excluded
The District includes all parcels within tract numbers 24299-1 and 24299, generally located north of Avenue 52 and east and west of La Ponderosa Drive and La Hernandez Street. The improvements include only street lighting within the tracts.

District No. 9 – Coachella Valley Housing Coalition
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and

all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 10 – Plaza Del Sol
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 11 – Loma Vista Homes I
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 12 – La Paz Homes II
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 13 – Baron-Ziraick Investments
The improvements include street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 14 – Pueblo De La Paz
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the

system operational. The pump is complete with force main, electric supply and other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 15 – Cachanillas
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 16 – Tierra Del Sol
The improvements include 8 storm drainage detention basins, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The pump is complete with force main, electric supply and other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 17 – Rancho Las Flores
The improvements include one storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The pump is complete with force main, electric supply and other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 18 – Bella Canto
The improvements include two storm drainage detention basins, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and

necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 19 – Paseo De Las Palmas
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 20 – Posada Del Valle
The improvements include two storm drainage detention basins, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 21 – Loma Vista II
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 22 – Rancho De La Fe
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and

necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 23 – La Colonia I
The improvements consist of two storm drainage retention basins, one open space lot, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 24 – La Paloma Estates
The improvements consist of four storm drainage retention basins, one open space lot, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 25 – Las Plumas
The improvements include two storm drainage detention basins, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 27 – Rancho Mariposa
The improvements include two storm drainage detention basins, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic

sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 28 – La Morada

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 29 – Somerset

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District No. 30 – Navarra / Sundate I

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 31 – Los Jardines
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 32 – Aventine
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 33 – Vista Escondida
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 34 – Tierra Bonita
The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the

system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 35 – Bellisima

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 36 – Valencia

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 37 – Volk (Tract Map Not Recorded, Not Developed)

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 38 – Rancho Cielo

The improvements include storm drainage detention basin, street lighting for the tracts, and parkway landscaping between the sidewalk and block wall adjacent to the tracts. The landscaping improvements could consist of an automatic sprinkler system, hardscape, plant material located in the areas described. The sprinkler system is complete with electric supply, water supply, automatic clock, piping, various types of heads and all other items incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf. The storm drain system is complete with catch basins, manholes, drywells, pipes drainage structures and all other incidental and necessary to make the system operational. The landscaping consists of materials such as trees, shrubs, ground cover, and turf.

District 39 - Sevilla

Landscape improvements generally include, but is not limited to approximately: eighty-six thousand, eight hundred and thirty-six (86,836) square feet of ground covering and shrubs including ninety-three (93) irrigated drought-tolerant trees. Landscaping located on two (2) storm drainage detention basin lots, also on the north side of Avenue 51, including the entrance at Via Prado as well as the corners of Calle Perez and Calle Larriva. The street lighting improvements include providing energy to operate twenty-four (24) street lighting poles within Tract Map No. 38084.

District 40 - Mariposa Pointe

The District's landscape improvements generally include but not limited to approximately: eighty four thousand seven hundred and five (84,705) square feet of ground covering and shrubs including one hundred nineteen (119) irrigated drought-tolerant 24" box trees and landscaping located on Avenue 50 and Calhoun Street, two (2) storm drainage detention basin lots, a pedestrian trail, and landscape improvements at the entryways on Avenue 50 and Calhoun Street. The street lighting improvements include but is not limited to approximately:

D. DESCRIPTION OF CAPITAL IMPROVEMENT PROJECTS

Capital Improvement Projects FY 2023/2024		
District	**Cost**	**Description**
10	$25,000	Retention basin and landscape and lighting improvements
13	110,000	Retention basin and landscape and lighting improvements
14	30,000	Retention basin and landscape and lighting improvements
16	1,000,000	Decorative entrance lighting improvements and lanscape improvements
33	750,000	Retention basin and landscape and park improvements
Total	**$1,915,000**	

III. METHOD OF APPORTIONMENT

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, including the acquisition, construction, installation and servicing of landscape improvements and related facilities. The 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value:

Section 22573 defines the net amount to be assessed as follows:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The formula used for calculating assessments reflect the composition of parcels within the Districts and the improvements and activities to be provided and have been designed to fairly apportion the cost of providing those improvements based on a determination of the proportional special benefits to each parcel, consistent with the requirements of the 1972 Act and the provisions of Proposition 218 and Article XIII D of the California Constitution.

A. CALIFORNIA CONSTITUTION

The costs to operate and maintain the Districts improvements are identified and allocated to properties on the special benefits conferred. The improvements provided and for which properties within the Districts are to be assessed are identified as local improvements and related amenities that were installed in connection with the development of the properties and/or would otherwise be required for the development of properties within the Districts and consistent with the provisions of the 1972 Act. The assessments and method of apportionment described herein are based on the premise that these improvements would otherwise not have been installed and maintained by the County. The improvements were installed as part of the development or planned development of the parcels within the Districts and the level of maintenance required for the improvements is greater than what the County would otherwise install, maintain, and fund elsewhere in the County.

Article XIII D Section 2(d) defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service."

Article XIII D Section 2(i) defines special benefit as follows:

"Special benefit" means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIII D Section 4(a) defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

B. BENEFIT ANALYSIS

The improvements provided within the Districts, for which properties will be assessed have been identified as necessary, desired and/or required for the orderly development of the properties within the Districts to their full potential, consistent with the development plans.

SPECIAL BENEFITS

The ongoing maintenance of landscaped areas within the Districts will provide aesthetic benefits to the properties and are intended to provide a more pleasant environment to walk, drive, live, and work. The primary function of these improvements and related amenities is to serve as an aesthetically pleasing enhancement and open space area for the benefit of the immediate surrounding properties and development for which the improvements were constructed and installed, and/or were facilitated by the development or potential development of properties within the Districts. These improvements are an integral part of the physical environment associated with the parcels in the Districts and while these improvements may in part be visible to properties outside the Districts and/or occasionally accessed by the general public, if these improvements are not properly maintained, it is the parcels within the District that would be aesthetically burdened and/or impacted directly by potential environmental issues such as dust, debris, pests, water runoff, erosion, and fire hazards. Thus, the maintenance of these improvements provides advantages to the assessed properties that affect the assessed parcels in a way that is particular and distinct from their effect on other parcels and that real property in general and the public at large do not share.

Collectively these improvements, related amenities, and services which will be funded by the special benefit assessments, enhance the overall use, presentation, enjoyment, recreational access, and marketability of the properties, and ensure the long-term cost-efficiency of services that are obtained through the County provided maintenance (economy of scale).

GENERAL BENEFIT

In reviewing the location and extent of the specific landscaped areas and improvements to be funded by the Districts assessments and the proximity and relationship to properties to be assessed, it is evident these improvements have been installed as part of the development of properties within the Districts or are improvements that would otherwise be shared by and/or required for development of those properties. Although the improvements are largely located on the north side of Avenue 51, including the entrance at Via Prado as well as the corners of Calle Perez and Calle Larriva of the development and may be visible and/or accessible to the general public, it is evident that the ongoing maintenance of these improvements are only necessary for the appearance and advantage of the properties within the Districts. It is also evident that these improvements were not required nor necessarily desired by any properties or developments outside of the Districts boundaries.

Ongoing maintenance of improvements are additionally located on the south side of Avenue 50, east side of Calhoun Street and Calle Frontera as well as the corner of Avenida San Domingo and Calle Xavier. It is evident that the ongoing maintenance of these improvements are only necessary for the appearance and advantage of the properties within the Districts. It is also evident that these improvements were not required nor necessarily desired by any properties or developments outside of the Districts boundaries.

In the absence of a special funding, these types of improvements would not have been installed by the developer per the City's conditions and the City's maintenance of these improvements would for the most part, be limited to weed abatement (fuel modification areas), rodent control, and erosion control services only. This basic or baseline level of service would typically provide for periodic servicing of the open space areas on an as-needed basis. This baseline level of service, would only provide a level of service that was necessary to ensure public safety, essential property protection and potential property damage. However, this baseline level of service results in a far less visually pleasing environment than is created with the enhanced levels of services associated with the regular landscape maintenance that can be provided through the Districts assessments.

In addition to this baseline level of service, it is recognized that there are indirect or incidental benefits to properties within the Districts as well as the general public that are associated with regular landscape maintenance services, including minimization of dust and debris, and decreased potential water runoff from the open space areas.

It is also recognized that with the regular maintenance of the improvements, the effort and cost to monitor and address these more indirect issues are reduced to isolated areas and/or less frequent servicing, and these activities generally represent less than two percent (2%) of the overall maintenance costs. Therefore, conservatively, we estimate that the costs associated with these indirect and

incidental benefits (General Benefit) do not exceed five percent (5%) of the combined annual expenses for General Maintenance identified in the annual maintenance budget contained in "Part IV –Districts Budget" of this Report.

C. ASSESSMENT METHODOLOGY

To assess benefits equitably it is necessary to calculate each property's relative share of the special benefits conferred by the funded improvements and service. The Equivalent Benefit Unit (EBU) method of assessment apportionment is utilized for the Districts and establishes a basic unit (base value) of benefit and then calculates the benefit derived by each assessed parcel as a multiple (or a fraction) of that basic unit. The EBU method of apportioning special benefits is typically seen as the most appropriate and equitable assessment methodology for assessment districts, as the benefit to each parcel from the improvements are apportioned as a function of comparable property characteristics which may include but is not limited to land use and property size.

Pursuant to the 1972 Act, the costs of the Districts may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated benefits to be received by each parcel from the improvements. The benefit formula used for the Districts should reflect the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on special benefit to each parcel.

EBU APPLICATION

Single Family Residential — This land use is defined as a fully subdivided residential home site with or without a structure and the improvements and services associated with the parcel has been accepted or will be accepted by the City for maintenance in the fiscal year. This land use is assessed 1.0 EBU per lot or parcel.

Planned -Residential Development — This land use is defined as any property that specific number of proposed single-family residential lots has been approved for development (not fully subdivided). This land use type shall be assigned 1.0 EBU per lot at build-out.

Vacant — is defined as property that has been identified as parcels with no development but have development potential. Although it is recognized that the improvements provided within the Districts were primarily constructed and installed as the result of property development, it is also recognized that the majority of these improvements were constructed in part to support the overall development of properties within the District and/or Development to their full and best use, including vacant undeveloped properties.

ASSESSMENT CALCULATIONS

The benefit formula applied to parcels within each District is based on the preceding Equivalent Benefit Unit (EBU) discussion. Each parcel's EBU correlates the parcel's special benefit received as compared to all other parcels benefiting from the improvements. The following formula is used to calculate each parcel's EBU (proportional benefit).

Parcel Type EBU x Units = Parcel EBU

For each District, the total number of Equivalent Benefit Units (EBU's) for the fiscal year equals the sum of all individual EBU's applied to parcels in that District. An assessment amount per EBU (Rate) for the improvements is established by taking the total cost of the improvements (amount budgeted) and dividing that amount by the total number of EBU's of all parcels to be assessed. This Rate is then applied back to each parcel's individual EBU to determine the parcel's proportionate benefit and assessment obligation for the improvements.

Total Balance to Levy (for the District)/ Total EBU (to be assessed) = Levy per EBU

Levy per EBU x Parcel EBU = Parcel Levy Amount

D. ASSESSMENT RANGE FORMULA

Any new or increased assessment requires certain noticing and meeting requirements by law. Prior to the passage of Proposition 218 (California Constitution Articles XIIIC and XIIID), legislative changes in the Brown Act defined a "new or increased assessment" to exclude certain conditions. These conditions included "any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed." This definition and conditions were later confirmed through Senate Bill 919 (the Proposition 218 implementing legislation).

The purpose of establishing an assessment range formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which could add to the Districts costs and assessments. As part of the Districts formation, balloting of property owners is required pursuant to the Article XIIID Section 4. The property owner ballots include an Assessment to be approved, as well as the approval of an assessment range formula.

District No.'s 1 through 4, and 6 through 11, and 38 – Assessment rates do not increase and will remain the same from FY 2021/2022.

District No.'s 12 through 16, 17 through 29, 33, 34, and 36 – The maximum assessment rate may increase by the percentage increase of the Consumer Price Index ("CPI") or three percent (3%). The CPI used shall be as determined by the Bureau of Labor Statistics for a similar period of time.

Each Fiscal Year, the Engineer shall compute the percentage difference between the CPI. By approval of the City Council, the assessment rate that may be levied for each EBU may be increased in each year in accordance with the U.S. Bureau of Labor Statistics Data, All Urban Consumers, Riverside-San Bernardino-Ontario CPI index. Such assessment adjustments shall not be considered an increased in assessment. A proposed assessment that exceeds the adjusted assessment rate will require property owner balloting approval before the increase may be imposed. For Fiscal Year 2023/2024, the change in the Annual CPI for the All Urban Consumers, Riverside-San Bernardino-Ontario CPI index is 7.33% therefore the assessment rate will be adjusted by 7.33%.

District No.'s 39 and 40 – Commencing in Fiscal Year 2023/2024 the maximum assessment rate may increase by the greater of three percent (3%) or the annual precent increase of the Consumer Price Index ("CPI") determined by the Bureau of Labor Statistics.

If the proposed assessment (levy per unit or rate) for the current fiscal year is less than or equal to, the prior year's maximum assessment rate plus the adjustments described in the following, then the proposed assessment is not considered an

increased assessment. The purpose of establishing an assessment range formula is to provide for reasonable inflationary adjustment to the assessment amounts without requiring costly noticing, balloting and mailing procedures, which would be added to the Districts costs and assessments.

The Maximum Assessment is adjusted annually and is calculated independent of the annual budget and proposed annual assessment. Any proposed annual assessment (rate per EBU less than or equal to this Maximum Assessment) is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment will increase each year, the actual assessment may remain unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

IV. DISTRICT BUDGETS

The 1972 Act provides that the estimated costs of the improvements shall include the total cost of the improvements, including incidental expenses.

The 1972 Act also provides that the amount of any surplus, deficit, or contribution be included in the estimated cost of improvements. The net amount to be assessed on the lots or parcels within the Districts are the total cost of maintenance, and servicing with adjustments either positive or negative for reserves, surpluses, deficits, and/or contributions.

TABLE II – 2023/2024 DISTRICT BUDGETS

Levy Components	District Budget Fiscal Year 2023/2024					District Budget Fiscal Year 2023/2024

APPENDIX A – DISTRICT ASSESSMENT DIAGRAMS

The boundary maps/diagrams for the Districts by this reference are incorporated and made a part of this Report. The boundary maps/diagrams are on file in the office of the City Clerk where it is available for public inspection. The following map pages are for general location only and are not to be considered the official boundary maps.

APPENDIX B – 2023/2024 PRELIMINARY ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the Districts, shall be the parcel as shown on the County Assessor Parcel Maps and/or the Riverside County Secured Tax Roll for the year in which this Report is prepared.

Non-assessable lots or parcels may include government owned land; public utility owned property, land principally encumbered with public right-of-way's or easements and dedicated common areas. These parcels will not be assessed.

A listing of parcels within the Districts, along with the proposed assessment amounts, have been submitted to the City Clerk, and by reference, are made part of this Report.

Upon approval of the Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll in Fiscal Year 2023/2024. If the parcels or assessment numbers within the Districts and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and levy amount approved in this Report by the City Council.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Approve Lease Agreement with LGBT Community Center of the Desert, for property located at 1515 Sixth Street, Coachella.

STAFF RECOMMENDATION:

Approve Lease Agreement with LGBT Community Center of the Desert, for property located at 1515 Sixth Street, Coachella.

EXECUTIVE SUMMARY:

The LGBT Community Center of the Desert (The Center) has been a tenant at City Hall since June 2020. The term of the original lease was June 2020 – June 2023. The Center is interested in entering into a second lease for an additional three years. Several existing tenants at the City Hall non-profit hub have already renewed their original lease. The renewal rental rate for all lessees has been $0.45 per square foot.

LGBT Community Center of the Desert is requesting to continue to lease 953 square feet of office space at the City Hall property. The available office space will accommodate the needs of LGBT Community Center and allow their organization to continue to service the eastern Coachella Valley.

- New Term = July 1, 2023 – June 30, 2026
    - Original Lease was also three years; July 1, 2020 – June 30, 2023.
- Utilities = to be paid by Lessee for said property; with the exception of the following: alarm, water, sewer, trash and electric.
- Maintenance/Janitorial = to be completed by Lessee for said property.
- Insurance = to be provided be Lessee for said property.

FISCAL IMPACT:

The recommended action would have a positive fiscal impact to the FY 2023/2024 budget, in the amount of $5,146.20.

Attachments: Proposed Lease

LEASE AGREEMENT

BETWEEN CITY OF COACHELLA AND

LGBT COMMUNITY CENTER OF THE DESERT

THIS LEASE AGREEMENT (the "Lease") is made as of June 14, 2023 by and between CITY OF COACHELLA, a California municipal corporation (the "Lessor"), and LGBT COMMUNITY CENTER OF THE DESERT, a non-profit organization (the "Lessee"), with reference to the following facts:

RECITALS

A. The Lessor owns a civic building located at City Hall 1515 Sixth Street, Coachella, CA 92236, which is described in Exhibit A and totals 9,589 square feet (the "Building").

B. Lessee desires to lease 1,941 square feet of the Building (the "Premises") from the Lessor, described in more detail in Exhibit "A" for purposes of providing programs and services to the LGBTQ community of the Eastern Coachella Valley. Of the 1,941 square feet 953 square feet is office space exclusively for use by the Lessee; and

C. Lessor will retain usage and access to one lobby space and six offices located at the northeast wing of the Administration Division – approximately 953 square feet – as described on Exhibit C.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

1. Recitals. Lessor and Lessee acknowledge the Recitals set forth above which are incorporated herein by this reference together with the Exhibits attached hereto.

2. Leasehold. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, the Premises, for the term, at the rental and upon the conditions set forth herein. Lessee accepts the Premises, including the appurtenant improvements, structures, and facilities, if any, in "AS IS" condition.

3. Premises. The Premises described in Exhibit A amount to an area of approximately 1,941 square feet. Upon execution of this Lease, Lessor grants to Lessee the right to survey the Premises (the "Survey") and such Survey, if performed, shall replace Exhibit B as the description of the Premises.

4. Term of Lease. The original term of the Lease shall be for a three (3) year period commencing on July 1, 2023 and terminating on June 30, 2026 (the "Term"). Following expiration of the Term, unless and until Lessee or Lessor delivers a Notice

of Termination in accordance with Section 11, the term of this Lease shall automatically be extended by successive one (1) year periods beginning on July 1st of the subject year and expiring on June 30 of the following year (individually and collectively, the "Extended Term").

5. Rent.

Term Minimum Annual Rent. During the Term of this Lease, Lessee shall pay to Lessor monthly rent in the sum of Four Hundred Twenty Eight Dollars and Eighty-Five Cents ($428.85). Lessee shall pay Lessor all sums due for monthly rent without deduction, set off, prior notice, or demand, in advance of the 27th day of each month and continuing through the term of this Lease.

5.1 Extended Term Minimum Annual Rent. In the event that the Extended Term should become effective, on July 1, 2026 and on July 1 of each successive year during the Extended Term the monthly rent shall Four Hundred Twenty Eight Dollars and Eighty-Five Cents ($428.85) unless renegotiated between the Lessor and Lessee.

5.2 Where to Pay Rent. All rent shall be paid to Lessor at the address specified below in Section 19.

6. Utilities, Maintenance and Insurance.

a) Utilities. Lessee shall make all arrangements for and shall pay for all utilities with the exception of: electricity, trash, water, sewer and alarm system for the Premises.

b) Maintenance. Lessee shall provide all maintenance and repairs, at Lessee's sole cost and expense, to keep the Premises in good order and condition, including any improvements approved by the Lessor to be constructed and/or installed by the Lessee during the term of this Lease. Lessee agrees to maintain the leased premises in the same condition as when received, wear and tear in the usual and ordinary operation by Lessee; provided Lessor agrees to repair and maintain all exterior walls, the roof and other structural portions of the building, except for damages caused by Lessee, its officers, agents and patrons of Lessee. Lessor further agrees to: maintain and keep in good working condition the heating and cooling system including normal servicing and preventative maintenance.

c) Insurance. All insurance carried by Lessee shall be primary to and not contributory with any similar insurance carried by Lessor, whose insurance shall be

considered excess insurance only. Lessee shall carry and maintain, during the entire term thereof, at Lessee's sole cost and expense, the following types of insurance in the amounts specified and in the form provided for in this section:

i. General Liability Insurance. Broad-form comprehensive general liability insurance with limits of not less than One Million Dollars ($1,000,000) per person and One Million Dollars ($1,000,000) each occurrence, insuring against any and all liability of Lessee with respect to the Premises or arising out of the maintenance, use or occupancy thereof, and property damage liability insurance with a limit of not less than One Million Dollars ($1,000,000) each accident, or One Million Dollars ($1,000,000) combined single limit.

ii. Property Insurance. Lessee shall obtain and maintain in force a policy or policies of insurance in the name of Lessee, with any loss payable to Lessee, and any lender of Lessor insuring against loss or damage to the improvements on the Premises, including, without limitation, any improvements installed or constructed by Lessee. The amount of such insurance shall be equal to the full insurable replacement cost of such improvements, as the same shall exist from time to time, or the amount required by any lender of Lessor, but in no event more than the commercially reasonable and available insurance value thereof. If the coverage is available and commercially appropriate, such policy or policies shall insure against all risks of direct loss or physical damage (except the perils of flood and earthquake unless required by a lender of Lessor). If such insurance coverage has a deductible clause, the deductible amount shall not exceed 'the amount permitted by a lender of Lessor. In the event any casualty results in damage to the improvements on the Premises which are the property of Lessor (and not constructed or installed by Lessee in accordance with the provisions hereof), Lessee shall either (i) use the proceeds of insurance to cause the restoration of such property of Lessor or (ii) pay or cause payment to Lessor or any lender of Lessor in an amount of the proportionate share of insurance proceeds attributable to damage to such property of Lessor.

iii. Delivery of Certificate of Insurance. Lessee shall deliver to Lessor certificates of insurance evidencing the insurance procured by Lessee, which certificates shall name Lessor as an additional insured together with any lender of Lessor. The Certificates of Insurance shall be delivered by Lessee to Lessor at the time of the execution of the Lease and shall be monitored regularly.

iv. Notice of Cancellation. All insurance policies shall contain a provision that such policies shall not be canceled or terminated without thirty (30) days' prior notice from the insurance company to Lessor. Lessee agrees that on or before thirty (30) days prior to expiration of any insurance policy, Lessee will deliver to Lessor written notification in the form of a receipt or other similar document from the applicable insurance company that said policy or policies have been renewed, or deliver certificates of coverage from another good and solvent insurance company for such coverage.

7. Use. Lessee shall use and occupy the Premises for purposes of providing services and programs for the LGBTQ communities of the Eastern Coachella Valley and for all activities incidental or necessary to accomplish said purpose, and for no other purpose. Lessee shall not use the Premises for the purposes of storing, manufacturing or selling any inherently dangerous substance, chemical, thing, or device.

8. Janitorial Services. The Lessee agrees to provide at its sole cost and expense janitorial services for the leased Premises.

9. Hazardous Substances and Hazardous Materials.

a) Defined. For purposes of this Lease, the term "Hazardous Substances" shall be as defined in the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. §§ 9601 et seq., and any regulations promulgated pursuant thereto, and as used to define "Hazardous Wastes" in the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901 et seq., and any regulations promulgated thereto, or as may be identified or defined by any federal, state or local law or regulation.

b) Prohibition and Indemnity. Lessee shall not (either with or without negligence) cause or permit the use, storage, generation, escape, disposal or release of any Hazardous Substances or Hazardous Wastes in any manner not sanctioned by law. In all events, Lessee shall indemnify and hold Lessor harmless from any and all claims, damages, fines, judgments, penalties, costs, liabilities or losses (including, without limitation, any and all sums paid for settlement of claims, attorneys' fees, and consultants' and experts' fees) (collectively "Claims") from the presence or release of any Hazardous Substances or Hazardous Wastes on the Premises if caused by Lessee or persons acting under Lessee. The foregoing indemnity shall apply regardless of whether or not any such Claims are contributed to by the negligence or fault of the indemnified party, by the violation of any law, statute or regulation by the indemnified party, and even

if the indemnified party is strictly liable therefore. However, in the event of such contributory negligence or other fault of the indemnified party, then the indemnified party shall not be indemnified hereunder in the proportion that the indemnified party's negligence or other fault caused any such Claims. Lessee shall execute such affidavits, representations or other documents from time to time as Lessor may reasonably request concerning Lessee's best knowledge and belief as to the presence of Hazardous Substances or Hazardous Wastes on the Premises. This paragraph shall survive the termination of this Lease.

10. Improvements.

a) Consent of Lessor. Lessee shall not construct or make any installations, additions, improvements or alterations in or to the Premises, without the prior written consent of Lessor, which would not be unreasonably withheld.

b) Lessee to Pay Improvement Cost. All installations, additions, improvements, or alterations constructed or made to the Premises, with the consent of Lessor, shall be made at the sole cost and expense of Lessee.

c) Removal of Improvements. All installations, additions, improvements, or alterations constructed or made to the Premises by Lessee shall remain Lessee's personal property and, notwithstanding principles of law applicable to real property improvements, Lessee's installations, additions, improvements or alternations shall not be deemed improvements to Lessor's Premises and may be removed from the Premises by Lessee upon termination of this Lease in the sole discretion of Lessee. Further, upon termination of this Lease and following removal of Lessee's property, the Premises shall be restored to a condition reasonably satisfactory to Lessor, at Lessee's expense. Any of Lessee's property, as aforesaid, not removed from the Premises upon termination of this Lease shall become the property of Lessor.

d) Mechanic's Liens. Lessee agrees to pay promptly for all labor or materials furnished for any work of construction, improvements, alterations, additions, repairs or maintenance performed by Lessee in connection with the Premises, and to keep and to hold the Premises free, clear, and harmless of and from all liens that could arise by reason of any such work.

11. Termination. Within ninety (90) days prior to expiration of the Term, either Lessor or Lessee may terminate this Lease, without cause, by serving the other party with thirty (30) days' prior written notice of such termination (a "Notice of Termination"). Upon

termination of this Lease, Lessee shall return the Premises in good condition and repair to the reasonable satisfaction of Lessor.

12. Signs. Lessee shall not install any signs on the Premises without the prior written consent of Lessor, which would not be unreasonably withheld.

13. Assignment and Subleasing. Lessee shall not assign, or mortgage, this Lease in whole or in part, nor sublet all or any part of the Premises, without the prior written consent of Lessor in each instance, which consent may be granted or denied in Lessor's sole discretion. This prohibition against assigning or subletting shall be construed to include a prohibition against any assignment or subletting by operation of law. In the event that Lessor's written consent is granted, Lessee shall pay all expenses in connection with such assignment and Lessee shall remain primarily obligated to Lessor for performance of all provisions of this Lease.

14. Use of Premises by Lessor. The Premises will be used as administrative office space and programming for the Lessee; however, the Lessor still has access and use of one office, approximately 100 square feet identified in Exhibit C.

15. Entry and Inspection. Lessee shall permit Lessor or Lessor's agents to enter upon the Premises at reasonable times and upon reasonable notice, for the purpose of inspecting the same.

16. Indemnification. To the extent permitted by law, Lessor shall not be liable for any damage or injury to Lessee, or any other person, or to any property, occurring on the Premises or any part thereof in connection with this Lease, unless caused by the gross negligence or willful misconduct of Lessor. Lessee agrees to indemnify and hold Lessor harmless from any claims for damages which arise in connection with any such occurrence. Lessor agrees to indemnify and hold Lessee harmless from any claims for damages which arise from the gross negligence or willful misconduct of Lessor in connection with the Premises or this Lease. Said indemnifications shall include indemnity from any reasonable costs or fees which the indemnified party may incur in defending any such claim. The provisions of this Section shall survive termination of this Lease.

17. Lessor's Remedies on Default. If Lessee defaults in the payment of rent or defaults in the performance of any of the other covenants or conditions hereof, Lessor may give Lessee notice of such default and if Lessee does not cure any such default within thirty (30) days after the giving of such notice (or if the default is of a nature that it cannot be completely cured within such period, if Lessee does not commence such cure within

such thirty (30) days and thereafter proceed with reasonable diligence and in good faith to cure such default), then Lessor may terminate this Lease on not less than thirty (30) days' notice to Lessee. On the date specified in such notice, the term of this Lease shall terminate and Lessee shall then quit and surrender the Premises to Lessor, without extinguishing Lessee's liability. If this Lease shall have been so terminated by Lessor, Lessor may at any time thereafter resume possession of the Premises by any lawful means and remove Lessee or other occupants and their effects.

18. Waiver. No Failure to Lessor to enforce any term hereof shall be deemed to be a waiver.

19. Notices. Any notice, request, demand, or other communication which either party may or is required to give, shall be in writing and shall be delivered in person or sent to the address set forth herein below by registered or certified mail, return receipt requested with postage prepaid, by commercial overnight courier, with written verification of receipt, or by telecopy. A notice shall be deemed given: (a) when delivered by personal delivery (as evidenced by the receipt); (b) three (3) days after deposit in the mail if sent by registered or certified mail; (c) one (1) business day after having been sent by commercial overnight courier as evidenced by the written verification of receipt or (d) on the date of confirmation if telecopies. Either party may change its address for receiving notice by written notice given to the other in accordance with the provisions of this Notices section.

20. No Agency/Employment. In performing the terms of this Lease, the Lessor and Lessee each remain an autonomous and separate entity, solely responsible for its own actions and those of its officers, employees, agents and volunteers. No relationship of

employment, agency, partnership or joint venture is to be created by or implied from this Lease.

21. Time of Essence. Time is of the essence of this Lease.

22. Entire Agreement. This instrument constitutes the entire agreement between the parties and may be modified only by a writing signed by both parties.

23. Governing Law. This Lease shall be governed by and construed in accordance with the laws of the State of California.

IN WITNESS WHEREOF, the parties have executed this Lease as of the date first written above:

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Authorize execution of Amendment No. 1 between the City of Coachella and Conserve Landcare LLC for Project No. 032921, in the amount of $43,000.

STAFF RECOMMENDATION:

Authorize execution of Amendment No. 1 between the City of Coachella and Conserve Landcare LLC for Project 032921.

EXECUTIVE SUMMARY:

The City awarded a Request for Proposals (RFP) for Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-38 Project No. 032921, on May 26, 2021, to Conserve Landscape LLC. The awarded agreement was for a two-year term (June 1, 2021 – May 31, 2023).

The RFP allows the City to renew the awarded agreement for two additional one-year terms, which is subject to a compensation adjustment based on CPI (consumer price index). Conserve was not able to agree to a one-year term extension due to increases in minimum wage and other operational cost increases that would not be covered by the available CPI increase. Thus, staff has placed this contract out for formal bid.

Staff recommends award of the attached Amendment No. 1 to Conserve Landcare LLC that will 1) extend term 30 days and 2) increase compensation to account for the additional one month of service for $43,000.

FISCAL IMPACT:

The recommended action will not have a fiscal impact.

Attachment:
Amendment No. 1

Amendment No. 1 to the Maintenance Services Agreement Between the City of Coachella and Conserve Landcare LLC Project No. 032921

1. Parties And Date.

This Amendment No. 1 to the Maintenance Services Agreement ("Amendment No.1") is made and entered into this 28th day of June, 2023 by and between the City of Coachella ("City") and Conserve Landcare LLC, ("Contractor"). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties" in this Amendment No.1.

2. Recitals.

2.1 Agreement. City and Contractor entered into that certain Agreement for Landscape Maintenance Service for the Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-38 Project 032921 ("Agreement"), entered into on May 26, 2021.

2.2 Amendment. City and Contractor desire to amend the Agreement for the first time to amend the term of the Agreement as set forth in this Amendment No. 1.

3. Amendments.

3.1. Compensation. Section 3.1.3 and 3.3.1, of the Agreement are hereby deleted in their entirety and replaced with the following:

3.1.3 Term. The term of this Agreement shall be from June 1, 2021 to June 30, 2023 unless earlier terminated as provided herein. Contractor shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines.

3.3.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **One Million Two Hundred Twenty Nine Thousand Eight Hundred Eighteen Dollars and Zero Cents ($1,229,800.00) without written approval of City's City Council**. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2 Exhibit B & C. Exhibit B & C are hereby deleted and replaced with a revised Exhibit B& C attached hereto.

3.3 Continuing Effect of Agreement. Except as amended by this Amendment No.1, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment No.1, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No.1.

3.4 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No.1.

3.5 Counterparts. This Amendment No.1 may be executed in duplicate originals, each of which is deemed to be an original, but when taken together shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Amendment.No.1 as of the date first written above.

  - Total Annually Not To Exceed - $516,000 + 15% if approved ($77,400) = $593,400
  - Total Term Not to Exceed – $1,032,000 + 15% if approved ($154,800) = $1,186,800

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Award maintenance services agreement to Conserve Landcare LLC for Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-40 Project No. 042623, in the amount not to exceed $1,821,075.

STAFF RECOMMENDATION:

Award maintenance services agreement to Conserve Landcare LLC for Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-40 Project No. 042623, in the amount not to exceed $1,821,075.

EXECUTIVE SUMMARY:

The City published a Request for Proposals ("RFP") for Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-40. This RFP closed on May 30, 2023 and the City received five responses. As included in the RFP, the selection criteria used to identify the most qualified Proposer was based upon the highest scoring proposer; scoring was completed based upon a three-member staff selection panel. Each panelist member scored all proposals received per the evaluation criteria established in the RFP:

- Contractor Information (Including References) – 25 Points
- Proposed Project Work Schedules – 25 Points
- Proposed Facilities, Equipment, Materials, and Staffing Schedule – 25 Points
- Cost Proposal – 20 Points
- Completeness, Thoroughness, Clarity, and Neatness of Proposal – 5 Points

Based upon these selection criteria, the top ranked proposer selected was Conserve Landscape LLC. The scores and service amounts submitted by each proposer are reflected below:

Scores	1	2	3		Totals
Conserve Landcare	85	85	83		253
Excel Landscape	54	58	49		161
Mariposa Landscape	76	80	79		235
Priority Services	54	57	39		150
Vintage Landscape	71	78	66		215

Prices for Services	Annual – 1 year
Conserve Landcare	$ 728,430.00
Excel Landscape	$ 854,640.00
Mariposa Landscape	$ 685,452.00
Priority Services	$ 1,029,000.00
Vintage Landscape	$ 597,600.00

Staff recommends award of the RFP and corresponding landscape maintenance agreement in an amount not to exceed $1,821,075 (two-year term); the recommended award amount is the two-year contract amount of $1,456,860 plus a 25% contingency to allow for plant replacement and rehabilitation as needed throughout the agreement term. The agreement, as identified in the RFP, will have a two-year term. The term for the proposed agreement is from July 1, 2023 – June 30, 2025.

FISCAL IMPACT:

The recommended action will not have a negative impact on the budget. The award amount is allocated in the LLMD Budget.

Proposed Agreement

CITY OF COACHELLA
MAINTENANCE SERVICES AGREEMENT PROJECT NO. 042623

1. PARTIES AND DATE.

This Agreement is made and entered into this 28th day of June, 2023 by and between the City of Coachella, a municipal organization organized under the laws of the State of California with its principal place of business at 53-990 Enterprise Way, Coachella, California 92236, (hereinafter referred to as "City") and Conserve Landcare LLC, a corporation with its principal place of business at 72265 Manufacturing Road, Thousand Palms, CA 92276(hereinafter referred to as "Contractor"). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1 Contractor.

Contractor desires to perform and assume responsibility for the provision of certain maintenance services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing landscape maintenance services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City.

2.2 Project.

City desires to engage Contractor to render such services for the Landscape Maintenance Services for Landscape Lighting and Maintenance Districts 1-40 Project No. 042623 ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 Incorporation of Documents. The "Contract Documents" include the following:

Notice Inviting Bids
Instructions to Bidders
Contractor's Bid Forms
Contractor's Certificate Regarding Workers' Compensation
Bid Bond
Designation of Subcontractors
Information Required of Bidders
Non-Collusion Affidavit form
Contract
Performance Bond
Payment (Labor and Materials) Bond
General Conditions
Special Provisions (or Special Conditions)
Technical Specifications
Greenbook Standard Specifications (Sections 1-9 Excluded)
Addenda
Plans and Contract Drawings
Approved and fully executed change orders
Any other documents contained in or incorporated into the Contract

The Contactor shall complete the Work in strict accordance with all of the Contract Documents.

All of the Contract Documents are intended to be complementary. Work required by one of the Contract Documents and not by others shall be done as if required by all. This Contract shall supersede any prior agreement of the parties.

3.1.2 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional landscape maintenance services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.3 Term. The term of this Agreement shall be from July 1, 2023 to June 30, 2025, unless earlier terminated as provided herein. Contractor shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement for two additional one-year term as stipulated in the RFP.

3.2 Responsibilities of Contractor.

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will

determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services expeditiously, within the term of this Agreement, and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor's conformance with the Schedule, City shall respond to Contractor's submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All work prepared by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates City Manager, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.5 Contractor's Representative. Contractor hereby designates Craig Blouin, or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner,

consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.7.1 Period of Performance and Liquidated Damages. Contractor shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Contractor shall perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be provided separately in writing to the Contractor. Contractor agrees that if the Services specified in Exhibit "A" & "B", attached hereto and incorporated herein by this reference, are not completed within the aforementioned Performance Time and/or pursuant to any such completion schedule or Project milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage. Pursuant to Government Code Section 53069.85, Contractor shall pay to the City as fixed and liquidated damages, and not as a penalty, the sum of **Two Hundred Dollars ($200.00) per day** for each and every calendar day of delay beyond the Performance Time or beyond any completion schedule or Project milestones established pursuant to this Agreement.

3.2.8 Laws and Regulations. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification

provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9 Insurance.

3.2.9.1 Time for Compliance. Contractor shall not commence Work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Contractor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this section.

3.2.9.2 Minimum Requirements. Contractor shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Contractor, its agents, representatives, employees or subcontractors. Contractor shall also require all of its subcontractors to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

(A) Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

(B) Minimum Limits of Insurance. Contractor shall maintain limits no less than: (1) *General Liability:* $1,000,000; per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability:* $1,000,000; per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability:* Workers' Compensation limits as required by the Labor Code of the State of California.Employer's Liability limits of $1,000,000; per accident for bodily injury or disease.

3.2.9.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Contractor shall provide endorsements on forms supplied or approved by the City to add the following provisions to the insurance policies:

(A) General Liability. The general liability policy shall be endorsed to state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to the Work or operations performed by or on behalf of the Contractor, including materials, parts or equipment

furnished in connection with such work; and (2) the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Contractor's scheduled underlying coverage. Any insurance or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way.

(B) Automobile Liability. The automobile liability policy shall be endorsed to state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insureds with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Contractor or for which the Contractor is responsible; and (2) the insurance coverage shall be primary insurance as respects the City, its directors, officials, officers, employees, agents, and volunteers, or if excess, shall stand in an unbroken chain of coverage excess of the Contractor's scheduled underlying coverage. Any insurance or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way.

(C) Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work performed by the Contractor.

(D) All Coverages. Each insurance policy required by this Agreement shall be endorsed to state that: (A) coverage shall not be suspended, voided, reduced or canceled except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the City; and (B) any failure to comply with reporting or other provisions of the policies, including breaches of warranties, shall not affect coverage provided to the City, its directors, officials, officers, employees, agents, and volunteers.

3.2.9.4 Separation of Insureds; No Special Limitations. All insurance required by this Section shall contain standard separation of insureds provisions. In addition, such insurance shall not contain any special limitations on the scope of protection afforded to the City, its directors, officials, officers, employees, agents, and volunteers.

3.2.9.5 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. Contractor shall guarantee that, at the option of the City, either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its directors, officials, officers, employees, agents, and volunteers; or (2) the Contractor shall procure a bond guaranteeing payment of losses and related investigation costs, claims and administrative and defense expenses.

3.2.9.6 Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating no less than A:VIII, licensed to do business in California, and satisfactory to the City.

3.2.9.7 Verification of Coverage. Contractor shall furnish City with original certificates of insurance and endorsements effecting coverage required by this Agreement on forms satisfactory to the City. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided by the City if requested. All certificates and endorsements must be received and approved by the City before work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.9.8 Reporting of Claims. Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.2.10 Safety. Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed. Safety precautions as applicable shall include, but shall not be limited to: (A) adequate life protection and life saving equipment and procedures; (B) instructions in accident prevention for all employees and subcontractors, such as safe walkways, scaffolds, fall protection ladders, bridges, gang planks, confined space procedures, trenching and shoring, equipment and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and (C) adequate facilities for the proper inspection and maintenance of all safety measures.

3.2.12 Bonds.

3.2.12.1 Performance Bond. If specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the total, not-to-exceed compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this Section are accepted by the City. To the extent, if any, that the total compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the total compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, shall be accepted. The surety must be a California-admitted surety with a current A.M. Best's rating no less than A:VIII and satisfactory to the City. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.3 Fees and Payments.

3.3.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **One Million Eight Hundred Twenty-One Thousand Seventy-Five Dollars and No Cents ($1,821,075.00)** without written approval of City's City Council. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 45 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 1600, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. City shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4 Accounting Records.

3.4.1 Maintenance and Inspection. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.5 General Provisions.

3.5.1 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those services which have been adequately rendered to City, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.5.2 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

CONTRACTOR:

Conserve Landcare
72265 Manufacturing Road
Thousand Palms, CA 92276
Attn: Fran Mullahy

CITY:

City of Coachella
53462 Enterprise Way
Coachella, CA 92236
Attn: Public Works Department

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.5.3 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.5.4 Attorney's Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorney's fees and all other costs of such action.

3.5.5 Indemnification. Contractor shall defend, indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage, or injury, in law or equity, to property or persons, including wrongful death, in any manner arising out of or incident to any alleged acts, omissions or willful misconduct of

Contractor, its officials, officers, employees, agents, consultants, and contractors arising out of or in connection with the performance of the Services, the Project or this Agreement, including without limitation the payment of all consequential damages and attorneys fees and other related costs and expenses. Contractor shall defend, at Contractor's own cost, expense and risk, any and all such aforesaid suits, actions or other legal proceedings of every kind that may be brought or instituted against City, its directors, officials, officers, employees, agents, or volunteers. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against City or its directors, officials, officers, employees, agents, or volunteers, in any such suit, action or other legal proceeding. Contractor shall reimburse City and its directors, officials, officers, employees, agents, and/or volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.5.6 Entire Agreement. This Agreement contains the entire Agreement of the parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both parties.

3.5.7 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County.

3.5.8 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.9 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with this Project.

3.5.10 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.5.11 Assignment or Transfer. Contractor shall not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

3.5.12 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference

only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.5.13 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.14 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.5.15 No Third Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.5.16 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.17 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.18 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.5.19 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to

undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5.20 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.21 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.6 Subcontracting.

3.6.1 Prior Approval Required. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

EXHIBIT "A"
SCOPE OF MAINTENANCE SERVICES

These Specific Terms and Conditions (hereinafter referred to as "specifications") establish the City of Coachella's standards for the maintenance of the landscaped areas listed in Contract Agreement Exhibit "A". Please note level of service required for this contract is Level of Service A as these areas are high visibility areas.

1. Scope of Work
    a. The intent of the Agreement is to secure a Contractor which shall provide Landscape Maintenance Services.
    b. Contractors shall furnish all labor, tools, materials and equipment, except where otherwise specified, to provide landscape maintenance services as set forth in this Agreement.
    c. All work shall be done in a thorough and workmanlike manner to the satisfaction of the Director of Public Works, or his/her authorized agent, and comply with all legal construction and landscape maintenance practices. The premises shall be maintained at the level of service provided for in these specifications ***at all times.***
    d. Contractors shall have the duty to provide landscape maintenance of City Landscape Lighting and Maintenance District 1-40 work sites according to each site schedule including, but not limited to, the following:
        i. Prune, shape and trim shrubs, vines and ground cover plants.
        ii. Control weeds.
        iii. Mow and edge turf grass and blow hardscape clean.
        iv. Maintain plant material in a healthy condition with horticultural acceptable growth and color.
        v. Maintain all parts of irrigation system.
        vi. Perform general area clean-up, including the removal of leaves, trash, dog feces and other debris ***at each site.***
        vii. Maintain all work sites in a safe, attractive and usable condition.
        viii. Empty trash cans and remove letter ***at each site.***
        ix. Contractors shall contact the assigned City Representative or designee on a daily basis to discuss the contractor work schedule for the day, existing problems, or other important information.
        x. Contractors shall perform a maintenance inspection, during daylight hours, of all areas.
        xi. Contractors shall attend a mandatory inspectors' meeting each week in order to receive important information and resolve any problems.
        xii. Contractor shall complete and submit a monthly Site Inspection form ***per each site***.
        xiii. Contractor shall examine each playground wood chip surface area and any litter/unwanted material removed. Wood chips are to be raked and care taken to ensure an even dispersion of the chip. Weeds shall be removed immediately.

xiv. Contractor shall recycle green waste generated from their contract performance and submit a monthly report identifying the weight and /or volume of green waste recycled.
xv. Contractors shall be available twenty-four (24) hours a day, seven (7) days a week to respond to all emergencies within two (2) hours of notification. (Emergencies that involve maintenance work included in these general conditions shall not be compensated).

Failure to provide the manpower, equipment, tools, materials, services, and special skills necessary to accomplish above Scope of Work to the standard established by these specifications may result in a **Performance Deficiency Deduction and/or a reduction in payment.**

CONTRACTOR'S LICENSE REQUIREMENTS

- City of Coachella Business license (current)
- C-27 Landscape Contractors License (current and active)
- State of California Pesticide License QAL for chemical applications category B (current and active)
- State of California Pest Control Business License (current)
- County of Riverside Pesticide Business License Registration (current)

MANDATORY INITIAL INSPECTION & ACCEPTANCE OF DESIGNATED LANDSCAPE AREAS

The Public Works Director (or Director's designee) and the Contractor shall conduct an inspection of the designated landscape areas covered under this Contract-Agreement as soon as practicable after its execution, and prior to commencement of Contractor's operations. The purpose is to allow the Contractor and the City representative to observe and note any deficiencies or potential problems with landscape area plant materials, decomposed granite/gravel areas, or designated hardscape surfaces and structures.

A. It is the Contractor's responsibility to identify unacceptable plant material before inception of the contract.
B. The Public Works Director or his designee and the Contractor will perform an operational irrigation inspection.

Any corrective items that are observed during the initial inspection, and acknowledged by both parties, may be resolved with the current Contractor or with the successful Contractor on a "one time only" extra work basis. After a specified time frame for corrections the landscape area plant materials, and designate hardscape surfaces and structures will be turned over to the Contractor for contract maintenance. Thereafter, failure to maintain designated landscape areas up to this established standard shall result in the City deducting payment of all or part of the Contractor's compensation, as

noted in pertinent sections of these General Terms & Conditions, as well as in the Special Terms & Conditions.

CONTRACTOR'S WORK SCHEDULES

It is the intent to schedule maintenance in a manner that keeps the designated landscape areas in a state of healthy, vigorous growth.

The Contractor shall submit a Maintenance Schedule provided to the City scheduling the Maintenance Operations, including but not limited to the tasks identified in the below chart. The suggested regularity with which these tasks are to be scheduled are as recommended below or as needed per the direction of the City Representative, whichever achieves the desired service level.

	Daily	Weekly	Bi Weekly	Monthly	Quarterly	Annually
Mowing and Edging		1x &/or 2x				
Litter Removal	X					
Weed Control			X			
Minor Tree Pruning				X		
Ground Cover Edge/Trim			X			
Shrub Trimming			X			
DG & Wood Chip Raking			X			
Parkway Area Main.			X			
Overseeding (triple blend)						2x
Fertilization Application					X	
Herbicide Application					X	
Irrigation Systems Maintenance/Scheduling		1x &/or 2x				
Pest Control				X		
Hardscape Surfaces		X				

The Contractor shall submit immediately upon issuance of notice to proceed a work schedule for each designated landscape area, which will include as minimum the following:

A. Crew Size to be determined for the life of the contract
B. Time and Date for each activity specifying when each work will be completed

At the Mandatory Initial Inspection meeting, the Contractor will present a temporary or base line schedule of work for the upcoming year. It is preferred that a computer-scheduling program compatible with City software be used to generate this schedule. At 30 days from start of contract, a permanent schedule will be given to the City, hereinafter referred to as the FREQUENCY SCHEDULE. Failure to provide this schedule to the City in the appropriate time shall result in termination of the contract; failure to adhere to the Frequency Schedule shall result in **PERFORMANCE DEFICIENCY DEDUCTIONS**.

Monthly Walk-Through and Reports

The Contractor, as part of this agreement, will submit a monthly report with invoice. Failure to submit reports and schedules in the time specified shall result in a **$200 Performance Deficiency Deduction** per occurrence, delay in payment, and/or termination of the contract. The Contractor may submit the monthly report and schedule using a computer based program or, the Contractor may submit the report and schedule in writing. It is preferred that a computer-scheduling program compatible with City software be used to generate this schedule. The following information must be included on the monthly schedule:

A. Schedule of maintenance: At the end of each month, the Contractor's representative and the City representative shall have a walk through of the LLMD Districts. The walk-through will focus on but not be limited to: work just completed, seasonal maintenance tasks, the Frequency Schedule and its pertinent tasks, as well as any Extra Work needed. This will generate a punch list from which the contractor will develop the next month's schedule.
    1. Contractor shall provide a schedule of maintenance at the start of each month identifying areas to be maintained and a time frame of when each function shall be performed. This schedule should include the Frequency Schedule as it pertains to the maintenance for that month.
    2. Monthly schedules shall be adjusted to compensate for all City-recognized holidays.
    3. Monthly schedules shall be adjusted as directed by the City representative.

B. The Public Works Department or city staff may request to be part of the Walk-Through or at any time the City deems it necessary.
    1. The City will assume that the Contractor will adhere to the schedule. The City must receive notification of changes at least 12 hours in advance of the scheduled time for performance of the work.
    2. Failure to notify the City of a schedule change and/or failure to perform an item of work on the scheduled day may result in a payment adjustment to reflect only the work actually accomplished.
    3. A monthly report, including an irrigation inspection report, based upon the schedule outlined in the Frequency Schedule and will be turned in at the

monthly walk through meeting. Failure to submit this report at the time of the monthly walk through meeting may result in a **$200 Performance Deficiency Deduction per occurrence.**

A. A monthly report, based upon the approved monthly schedule, and green waste recycling reports, will be turned in at the monthly walk through meeting. Failure to submit this report at the time of the monthly walk through meeting may result in a **$200 Performance Deficiency Deduction** per occurrence.

SAFETY

Contractor shall conduct all operations performed under this Agreement in a manner that complies with all applicable federal, state, and local safety laws, rules, orders, and regulations, including but not limited to those set forth in the contract's General Terms and Conditions, as well as those set forth in these specifications.

REPORTING DAMANGE/MALFUNCTION/VANDALISM

Any damage to, or malfunction of, any irrigation systems, any facility not specifically stated in this Agreement shall be promptly reported to the Director. Contractors shall be responsible for reporting any vandalism/theft of existing landscaped areas which are maintained under this contract and damaged or altered in any way as a result of theft and/or mysterious damages that do not result from the performance of the Contractors.

STORAGE FACILITIES

The City of Coachella shall not provide any storage facilities for the Contractors.

PLANT MAINTENANCE

A. All plant material shall be maintained as needed to prevent obstruction as well as possible safety concerns to vehicles, pedestrians and/or the general public. Shrubs shall be maintained to create adequate line-of-sight vision for vehicles where applicable. All vegetation shall be maintained in such a manner as to eliminate over growth beyond its designated parameter and/or encroachment onto sidewalks or curbs. Keep plants located adjacent to sidewalks at a maximum height of three (3) feet and pruned back one (1) foot from edge of sidewalk.

B. Dead material shall be pruned from plants as they occur. There shall be no dead blossoms, stalks, branches or foliage left on an otherwise healthy plant for more than one week, unless otherwise directed by the City and/or contract.

C. Plant material is to be pruned in a manner that is described as a two-step, naturalistic pruning procedure. The City may, at its own discretion, alter time lines or techniques, as the City deems necessary.
D. The Contractor shall be responsible for replacing dead plant material, at no cost to the City, that dies 30 days from commencement of the contract and throughout the term of this contract due to neglect, lack of maintenance or improper care.
E. It is the Contractor's responsibility to identify unacceptable plant material before inception of the contract. This will be accomplished during the mandatory acceptance walk through with the City representative(s) and the Contractor.

TREE MAINTENANCE

A. Trees shall be pruned as needed to remove broken or diseased branches, or for traffic and pedestrian safety. Sidewalk clearance will be eight feet and vehicular clearance fourteen feet from grade. Any broken, structurally unsound or detached limb is considered a hazard. Suckers will be removed as they appear.
B. The Contractor is only responsible for trees under fifteen feet in height for safety and sucker control only. Palm Trees under fifteen (15) feet in height are the responsibility of the contractor. All other tree pruning will be performed under a separate contract, including palm trees. Dead palm fronds and seedpods however, shall be removed from trees less than 15 feet as they appear.
C. In order to promote proper form, strength, health, and appearance consistent with their intended use, any tree pruning done at the request of the City shall be consistent with: the current and applicable International Society of Arboriculture (ISA) guidelines; American National Standards Institute (ANSI) standards, including but not limited to ANSI 300 (most current revision) and ANSI Z133 (most current revision); Chapters 12.24 (Street Trees) and 12.28 (Palm Trees) of Title 12 of the City of Coachella's Municipal Code.
D. NO TOPPING OF TREES WILL BE ALLOWED.
E. The Contractor shall be responsible for all tree staking. Ties will be monitored to prevent girdling. Remove ties and stakes as directed by the City. Broken stakes are to be removed and if appropriate, replaced. Contractor shall replace tree stakes within twenty-four (24) hours of receiving a corrective action notification from the City; failure to adhere to this specification shall result in a **$200 Performance Deficiency Deduction** per site for each day Deficiency remains uncorrected beyond deadline. Stakes should not remain on the trees longer than 6 months. If the tree cannot stand upright once stakes are removed, the City will then determine whether or not to replace the tree.

F. The Contractor shall remove their debris from pruning and tree maintenance the same working day as accumulated. See also **LITTER CONTROL/DEBRIS REMOVAL** Section below.

G. The Contractor shall be held responsible for any damages done to trees due to poor management procedures. The Contractor shall replace trees, at no cost to the City, that die 30 days after acceptance of the contract due to neglect, lack of maintenance, infestation or improper care. This does not include those trees identified on the mandatory walk with the City and the Contractor.

H. Any trees broken or damaged as a direct result of storm damage, wind, accident or vandalism shall be pruned and/or removed within 24 hours of notification and may be considered an Extra Work to the Contract. Any debris blocking roadways or parking areas shall be removed within one hour of notification to Contractor. Replacement of trees and plants caused by reasons not related to contractual maintenance shall be reimbursable as an Extra Work item.

I. An 18" radius tree well will be maintained around the trunks of trees growing in turf or ground cover areas. Shrubs and/or shrub canopies shall not be permitted to encroach within 12" of tree trunks or root crowns. No weed eater shall be used around trees.

SHRUB MAINTENANCE

A. Pruning

1. Shrubs shall be pruned as required for safety, removal of broken and diseased branches, general containment, and appearance.
2. All shrubbery shall be pruned, trimmed, thinned, and suckers removed to properly contain their size with respect to species, size of planters and the best health of the plant and/or as described in the Frequency Schedule; coordinate with City representative.
3. Pruning shall be done with sharp pruning tools and no weed eaters.
4. Prune shrubs to retain as much of the natural informal appearances as possible, consistent with intended use. Coordinate with City representative.
5. Shrubs used as formal hedges or screens shall be pruned as required to present a neat appearance.
6. All pruning cuts shall be one quarter (1/4) inch above a node (bud). No projections or stubs shall be allowed to remain.
7. Pruning shall be done to maintain a well-groomed, laced-out appearance, and encourage air movement through the shrub.
8. Care shall be taken to prevent soil build-up around the crown of shrubs.
9. Contractor shall remove all clippings the same day shrubbery is pruned and prior to vacating the work site.
10. Remove any spent blossoms or dead flower stalks as required to present a neat appearance.
11. Shrubs and mounding shall not exceed 2 feet in height within areas required

for vehicle sight distance depending upon roadway topography.

B. Shrubbery Replacement

The Contractor shall be responsible for the complete removal and replacement of shrubbery lost due to the contractor's faulty maintenance or negligence, as determined by the City representative.

C. Pruning Schedule

Shrubs shall be pruned and trimmed as needed or as requested by the City's representative. Shrubs shall be pruned and trimmed using sound horticultural techniques. Shrubs shall be maintained within the limits of confined areas (i.e., narrow medians, walkways, etc.) so as not to encroach on same. In addition, all shrubs shall be trimmed to maintain horizontal clearance along all walkways and trails to prevent encroachment onto private property and to remove dead, damaged or diseased plant material.

D. Fertilization

SEE **FERTILIZER APPLICATIONS** Section below.

E. Cultivation

Contractor shall cultivate around shrub and tree areas and tree wells sufficiently and often enough to control weed growth and maintain existing irrigation and drainage ditches.

F. Irrigation (Deep Soaking)

See **WATER MANAGEMENT** Section below.

TURF GRASS MAINTENANCE

A. General

1. Turf Grass Mowing:

   a. Contractor shall mow all turf grass with adequately sharpened reel or rotary type mowers as to provide a smooth and even cut without tearing of turf grass blades.

   b. The blade adjustment shall provide a uniform, level cut without ridges, depressions or scalping.

   c. All turf grasses to be cut at a two and one-half (2 1/2) inch height throughout the year.

   d. Turf grass mowing heights may be adjusted by the Public Works Director.

   e. All turf grass clippings shall be picked up and removed to a legal dumping site prior to vacating the work site after each mowing.

   f. Care shall be exercised to avoid depressions in the established grade from mowing when the soil is saturated.

a. Contractor shall submit, in writing, a mowing schedule within ten (10) days after the start of the maintenance. This mowing schedule shall be approved by the Public Works Director.

b. All areas shall be mowed once every week. Failure to adhere to this specification shall result in a **$200 Performance Deficiency Deduction** per acre, per occurrence.

c. Any alteration of the approved mowing schedule shall be submitted in writing to the Public Works Director for approval prior to implementation.

2. Turf Grass Edging and Trimming:

a. Turf grass edging and trimming shall be performed once every week. Failure to adhere to this specification shall result in a **$200 Performance Deficiency Deduction** per field/site, per occurrence.

b. Edging of turf grass shall be performed with a power edger containing a steel blade.

c. All turf adjacent to sidewalks, curbs, mowing strips, shrub beds, where no improved surface exists, shall be edged in a neat uniform line.

d. Trimming of turf grass shall be performed along walls, and around valve boxes, water meter boxes, backflow devices, trees shrubs, or any structures located within the turf grass area.

e. In areas where there is no mow curb, a six (6) inch barren strip shall be provided, and maintained, between turf grass and adjacent ground cover. Edging of turf grass and ground cover shall provide uniform delineation adjacent to this barren strip.

f. Trimming of plant material may be required around sprinklers to provide maximum irrigation coverage.

g. All clippings shall be removed from the work site the same day work is performed and prior to a Contractor vacating the work site.

h. After mowing and edging is completed, all adjacent walkways and gutters shall be swept clean.

i. See **FERTILIZER APPLICATIONS** Section below.

3. Overseeding:

a. Contractor shall be responsible for scalp and seed for winter, and seed for summer. Contractor shall comply with Section 5.05.010 of the City Coachella's Municipal Code. Contractor to provide seed.

GROUND COVER MAINTENANCE

A. General

1. Trim ground cover adjacent to walks, walls and/or fences as required for general containment to present a neat, clean appearance, with neat uniform lines.
2. Remove broad-leafed and grass weeds as required. Weeds shall be controlled and not allowed to reach two-inch (2") height. Remove weeds by chemical or mechanical means as approved by City representative. See also **WEED CONTROL**, **PEST CONTROL**, and **HERBICIDES** Sections below.
3. Prevent soil compaction by cultivating regularly all ground cover areas.
4. Remove debris that accumulates on ground fixed lighting fixtures.
5. Any paper or litter that accumulates in ground cover areas shall be picked up on a daily basis. See also **LITTER CONTROL/DEBRIS REMOVAL** Section below.
6. Keep ground cover trimmed back from all drip line irrigations, controller units, valve boxes, quick couplers, or other appurtenances or fixtures. Do not allow ground cover to grow up the trunk of trees, into shrubs, on structures or walls unless directed by the City representative. Keep trimmed back approximately 4 inches from structure or walls and two (2) inches from sidewalks, curbs, mow curbs, and walkways. Coordinate trimming around base of shrubs/trees with City representative.
7. Trimming of ground cover may be required around sprinklers to provide maximum irrigation coverage.
8. Bare soil area shall be cultivated a minimum of once per month and/or mulched as directed by the City representative (mulch will be supplied or paid for by the City).
9. All clippings and trimmings shall be removed from the work site the same day work is performed and prior to the Contractor vacating the work site.
10. After edging or trimming, the Contractors shall sweep clean all adjacent sidewalks or gutters.
11. See **FERTILIZER APPLICATIONS** Section below.

WEED CONTROL

A. Planters, gravel areas, sidewalks, curb and gutters, expansion joints, fence lines, drainage areas, bare areas, and around plants and trees shall be kept free of grass and weeds. This will be done on an as-needed basis.

B. The Contractor shall perform weed removal and shall identify in their schedules approximate time frames for performing this function. Failure to adhere to this specification shall result in a **$200 Performance Deficiency Deduction** per site for each day Deficiency remains uncorrected. Acceptable methods of control are: Annual weeds, mechanical and/or chemical methods. Perennial weeds such as Bermuda grass, nutsedge (species), bindweed, Pennisetum grass shall be controlled with chemical means only.

C. After weeds have been sprayed and removed, the Contractor shall rake or sweep the area removing any debris generated as a result of the weed control process.
D. Chemical herbicide control is the responsibility of the Contractor. The Frequency Schedule outlines the minimum herbicide controls. If weed control has not been maintained as specified, the City may require additional herbicide applications at no additional cost to the City. Preventative weed control, such as pre-emergent herbicides and post-emergent herbicides is the responsibility of the Contractor. See also **PEST CONTROL** and **HERBICIDES** Sections below.

PEST CONTROL

General

The Contractor shall provide complete and continuous control and/or eradication of all plant pests at no extra cost, including: weeds; insects, mites, nematodes, and other invertebrates; gophers, squirrels, rats, mice, and other vertebrates; snails and slugs; pathogens and diseases.

Controls to include necessary use of integrated pest control systems involving the use of life history information and extensive monitoring. Control through prevention, cultural practices, pesticide applications, exclusion, natural enemies and host resistance.

The only exception to this is with regards to bees. The contractor will be responsible for reporting to the City any bee activity (swarms or hives) immediately.

All areas of the landscape shall be inspected for infestations of harmful pests. Leaves that may be blotched, blighted, deformed, mildewed, rusted, scorched, discolored, defoliated, or wilted should be noted. Identify the cause of injury and consult a Pest Control Advisor before application of chemical treatments.

At certain times of the year, and with certain environmental conditions, the presence of certain pests can be anticipated; start preventative cultural methods before a pest is visible. Inspect new growth for the presence of aphids, leaf hoppers, scale, mealy bugs, and mites. Look for ants on soil, along walks, and trunks of shrubs and trees. Control adult beetles before they lay eggs on bark in the spring. Ongoing inspections are necessary to determine if there is a summer brood. Snails shall be controlled before becoming epidemic. They can be anticipated as a menace from spring until the advent of high temperatures, wherever moist soil prevails.

Pruning may be an effective prevention of an epidemic of insects and diseases. Removing infected parts and disposing of them off site separates the pest or pathogen from the host. Examples are Pine tree tip month, Juniper twig girdler, Verticillium wilt, and some other fungal caused blights of foliage. Proper thinning of

tree foliage, to provide light and aeration for groundcover may aid in disease prevention. Use care when pruning not to spread disease by keeping all cutting edges sterile by dipping in an alcohol or bleach solution after each cut

Application of Pesticides

A. Notification: City shall be notified prior to the application of pesticides and other chemicals. **THERE SHALL BE NO APPLICATION OF A PESTICIDE WITHOUT WRITTEN PERMISSION FROM THE CITY.**

B. Timing: Pesticides shall be applied at times which limit the possibility of contamination from climatic or other factors and at the proper life cycle of the pests. Early morning application shall be used when possible to avoid contamination from drift. Applicator shall monitor forecast weather conditions to avoid making application prior to inclement weather to eliminate potential runoff of treated areas.

C. Irrigation: Irrigation water applied after treatment shall be reduced to eliminate runoff. When water is required to increase pesticide efficiency, it shall be applied only in quantities of which area is capable of receiving without excessive runoff. Coordinate with City representative.

D. Handling of Pesticides: The Contractor shall be responsible for the safe and proper application of all chemicals. Care shall be taken in transferring and mixing pesticides to prevent contaminating areas outside the target area. Application methods shall be used which ensure that materials are confined to the target area. Spray tanks containing leftover materials shall not be drained on the site to prevent any contamination. Disposal of pesticides and tank rinsing materials shall be within the guidelines established in the State of California Food and Agricultural Code or EPA regulations.

E. Equipment and Methods: Spray equipment shall be in good operating condition, quality, and design to efficiently apply materials to the target area. Drift will be minimizing by avoiding high pressure applications and using water soluble drift agents.

F. Selection of Materials: Pesticides shall be selected from those materials which characteristically shall be used when possible to limit windblown particles. The use of adjuvant will be to increase pesticide efficiency thereby reducing the total amount of technical material required to gain control.

G. Substitutions: Wherever a specific type of material is specified, no substitutions shall be allowed without the written consent of the City representative. Certification of Materials: All materials shall be delivered to the site in original unopened containers. Materials shall be subject to inspection by the City representative.

H. Licenses and Permits: The contractor shall obtain necessary permits and licenses to comply with the City, County, State or Federal laws for using pest control chemicals. All material use shall be in strict accordance and applied within the most current EPA regulations and the California Food and Agricultural Code.

1. The State of California Agricultural Code requires that ALL pesticides and/or chemicals may be used only after a written recommendation by a State of California Licensed Pest Control Advisor is obtained, with a copy forwarded to the City Public Works Department prior to chemical use. A recommendation consists of all the applicator should know for an accurate and safe usage. The recommendation must be time and site specific.

2. Application of all pesticides shall be made by or under the supervision of a person holding a valid license, permit, or certificate issued pursuant to Sections11701 and following, and Sections 14151 and following, of the California Food and Agriculture Code. Said person or company shall be registered to conduct a pest control business in the State of California and the County of Riverside during the entire term of this Agreement and any extension(s) thereof.

3. In case a Restricted Use Pesticide is recommended, the City must have a use permit issued by the County of Riverside Agricultural Commissioner.

I. Use Reports: Contractor shall complete and furnish a pesticide application log to be submitted to the City at the monthly walk through. The log shall have the following information included:
   1. The pest to be controlled
   2. Method of control
   3. Copies of the product labels
   4. MSDS Sheets
   5. A frequency schedule
   6. A copy of the PCA recommendation

J. Material Use Reports: Pesticide applications shall be recorded on the maintenance schedule and coordinated with the City's representative. Material use reports for all pesticides shall be filed with the City no later than the 10th of every month for the preceding month.

K. Plant Material Replacement: The Contractor will assume responsibility and liability of use of chemical controls, and shall be responsible for the replacement of any plants, turf, and trees killed or damaged by improper chemical applications.

Herbicides

Weeds must be removed upon appearance. Selective post emergence herbicides shall be used to kill weeds without permanent injury to other plants. Do not proceed with a treatment except as recommended by a Pest Control Advisor in writing with a copy forwarded to the City's representative prior to treatment.

A. All creeping grasses shall be kept out of shrubs and groundcovers.
B. The Contractor shall be especially careful if applying chemicals to control weeds because of possible damage to the lawn. Before such applications are made the turf should be well established and in a vigorous growth condition. All chemicals applied will be recorded and coordinated with the City's representative.
C. Broadleaf weeds in turf shall be removed selectively, without injury to the lawn grass other than slight, temporary discoloration.
D. Grass weeds in lawns shall be controlled with selective post-emergence herbicides. Pre-emergent herbicide application shall be required to control crabgrass in all turf area. Scheduling for pre-emergence herbicide controls of weedy grass seeds shall be set forth in the FREQUENCY SCHEDULE.
E. Weeds not killed with herbicides shall be removed manually. Turf and other desirable plants killed by weeds, chemicals, etc., shall be replaced at the Contractor's expense. All replacements must be made within 7 calendar days after receiving notice from the City.
F. See also **WEED CONTROL** and **PEST CONTROL** Sections above.

Insecticides/Fungicides

A. The Contractor shall be responsible for the application of the appropriate chemical.
B. The Contractor shall be responsible for the replacement of any plant, tree or turf area, at no cost to the City, if appropriate measures or actions were not taken to control and/or eradicate the problem.
C. The City shall notify the Contractor in writing if the City has knowledge of any insect, fungus or disease problems. Preventive fungicides shall be applied as necessary.
D. Insecticide and/or fungicide applications shall be recorded on the maintenance schedule and coordinated with the City's representative. See also **Application of Pesticides** above.

FERTILIZER APPLICATIONS

All landscape areas shall be fertilized at rates and intervals designated in the Frequency Schedule. This includes shrubs, ground covers, and turf. Equipment and labor to apply any fertilizer shall be included in the contract. The City is to supply the fertilizer materials. Compliance with fertilization specifications will be enforced by application inspections and periodic soil analysis. See also **LITTER CONTROL/DEBRIS REMOVAL** Section below.

A. **SHRUBS & GROUND COVERS**: Contractor shall use a balanced fertilizer in shrub and ground cover areas as requested in the Frequency Schedule or as directed by the City's Representative. The Contractor is to provide the equipment and labor to apply the fertilizer as part of this contract.

B. **TURF**: Apply fertilizers so as to provide sufficient nitrogen and other basic nutrients on a regular basis to keep turf in healthy looking condition or as directed by the City's representative. **Fertilizer will be applied as often as required to maintain deep green color at all times.** Type of turf and time of year will determine type of fertilizer used. The frequency of application will greatly depend on amount of leaching caused by excess use of water; this must be coordinated with City's representative. The type of fertilizer used and frequency applied will be recorded. Coordinate with City's representative.

LITTER CONTROL / DEBRIS REMOVAL

A. Daily services, seven days a week; all litter will be picked up by 10 a.m. everyday at all sites.
   a. This includes all debris discarded by the public during the use of the facility.
   b. Pick up all areas including areas around trash enclosures, benches, in medians/planter bed areas. Remove all trash, litter and empty all trash cans.
   c. Trash should be taken and deposited hauled away by Contractor or trash must be hauled off to an approved site. Trash in trash cans throughout parks must be emptied. If cans are overflowing, contractors shall empty debris into dumpsters (this includes debris on the ground and in the can). If trash and debris is dumped next to dumpster and enclosure, contractor shall try to put it into the dumpster, if there is no room, it shall be hauled off the site.

B. The Contractor shall provide a general clean-up operation throughout the contracted areas *on a daily basis* seven (7) days per week including holidays for the purpose of picking up papers, trash such as paper, cans, bottle, broken glass, dog droppings and any out-of-place or discarded items, hanging or broken tree branches, or other debris which may accumulate in the landscape areas, caused by winds or normal conditions. Failure to remove and dispose of debris deposited by winds or under normal conditions within twenty-four (24) hours shall result in a **$200 Performance Deficiency Deduction** per acre for each day Deficiency remains uncorrected beyond deadline.

C. The Contractor shall also regularly remove dried plant material, such as: fallen leaves, twigs, flowers, and seed pods, and; dried up and/or dead portions of trees, shrubs, vines, and ground cover at intervals set forth in the Frequency Schedule. Every effort shall be made to remove litter from all areas as early in the morning as possible, and no later than 10:00a.m.

D. Contractor shall remove all debris resulting from Contractor's maintenance operations and dispose of it off-site in a legal manner, at Contractor's sole

expense. Disposal of debris shall not be allowed in any City trashcan, bin or City facility (corporate yard or satellite yards) nor in any park refuse container unless other arrangements have been authorized by the City. Failure to remove and dispose of debris generated by Contractor's maintenance operations within twenty-four (24) hours shall result in a **$200 Performance Deficiency Deduction** per acre impacted for each day that Deficiency remains uncorrected beyond deadline.

1. No debris will be all allowed to remain at the end of the workday.
2. All surfaces will be raked or swept after litter and/or weeds are removed.
3. All grass clippings shall be picked up after each mowing or trimming operation. If mulching mowers are used, all visible clippings must be removed in accordance with this specification. Failure to remove and dispose of debris shall result in **$200.00 Performance Deficiency Deduction** per acre impacted for each day that Deficiency remains uncorrected beyond deadline.
4. All debris must be separated into green waste, recyclables, and other waste to minimize contamination and be disposed of in the appropriate locations. Failure to separate and dispose of debris appropriately shall result in **$200.00 Performance Deficiency Deduction** per occurrence. See also **GREEN WASTE** Section below.
5. All walkways will be kept clean/clear or debris and plant growth. Care shall be taken not to create unnecessary hazards to foot or wheelchair traffic during maintenance operations.
6. All shrub areas not interplanted with ground cover will be raked clean a minimum of once a week or as directed by City representative.

E. Contractor's operations shall comply with Chapter 13.16 (Stormwater Management) of the City's Municipal Code, including but not limited to Section 13.16.120 – *Compliance with General Permits*, and Section 13.16.130 – *Compliance with Best Management Practices* (BMP's)
   1. Blowing of grass cuttings, debris, plant litter, fertilizers or other chemical granules, pellets, or dusts into public streets, gutters, or storm drain inlets is a violation of City's NPDES Permit, and shall result in a **$200.00 Performance Deficiency Deduction** per site, per occurrence.
   2. Contractor shall be solely responsible for payment of any fines, or costs of any cleanup or enforcement action that may result from Contractor's failure to adhere to this specification.

F. The contractor shall provide National Pollutant Discharge Elimination System (NPDES) Permit training for Urban Runoff management to Contractor's employees and subcontractors if any. Failure to provide Urban Runoff management training is a violation of Order No. R7-2008-0001, NPDES No. CAS 617002 (Municipal Separate Storm Sewer System NPDES Permit), Section f.- *Public Education and Outreach viii, Permittees' Employees*, for each day of which such failure occurs, and shall in addition, be a breach of the contract with the City of Coachella (City). Contractor understands and agrees that NPDES Permit violations are grounds for enforcement action by the Environmental Protection Agency, the State/Regional Water Resources

Control Board and the City and may result in permit termination (stop work order), civil and criminal fines, and termination of contract. **By submitting a proposal, the Contractor certifies to the City that he has trained his employees and subcontractors, if any, for Urban Runoff Management,** and included sufficient sums in his base compensation proposal amount to cover such costs of said training.

SIDEWALK / HARDSCAPE AREA CLEANING

Contractor shall maintain and clean any accumulated sand, gravel, grass and plant clippings or debris on all sidewalk and hardscape areas within the Landscape Area boundaries. All surfaces will be raked or swept after litter and/or weeds are removed. All hardscape surfaces will be maintained clean and free of debris by power-washing when needed. This shall be performed on a continuous basis as needed. See Frequency Schedule.

RESURFACING AND RAKING OF DECOMPOSED GRANITE (DG)

A. All work associated with the maintenance and repair of decomposed granite and gravel surfaces including: trails and planter areas.
B. Rake, clean, repair or resurface DG/gravel surfaces using manual or machine assisted methods to achieve a smooth, level and uniform surface.
C. DG/gravel areas will be uniformly covered and smooth, free of ruts, ridges, plant growth, and potholes.

RESURFACING AND RAKING OF WOOD CHIPS

A. All work associated with the maintenance and repair of wood chip surfaces include playground areas.
B. Rake, clean, evenly disperse wood chips using manual methods to achieve a smooth, level and uniform surface.
C. All wood chip surfaces will be maintained free from weeds, debris or moisture.
D. In the event of flooding that displaces wood ships, the displaced chips shall be gathered, cleaned of any unwanted material and redistributed to the playground area.

DRAINAGE FACILITIES

The Contractor shall be responsible for continual inspection of surface drains, V-ditches, located within the landscaped areas. Surface drains shall be checked and maintained free of obstruction and debris at all times to assure proper drainage.

Remove any debris or vegetation that might accumulate at the inlet to prevent proper flow of water. See also **LITTER CONTROL/DEBRIS REMOVAL** Section above.

IRRIGATION MAINTENANCE

The controlling factor in the performance of water management within the City landscape maintenance area is the application of ater to landscape plants at a rate that closely matches the demands of plants with little or no runoff. Plan health, roadway safety and water conservation are the primary reasons for proper irrigation maintenance. Contractor shall maintain strict adherence to specification requirements. The format for inspection and repairs are as follows:

A. The entire irrigation system, including all components beginning at the meter shall be maintained in an operational state at all times. This coverage shall include, but not be limited to: all City-owned valves, backflow devices, piping, electrical wiring, heads, emitters, filters, and pumps.

B. All irrigation systems shall be tested based upon the following schedule: October 1 to March 31 – every two weeks, and weekly from April 1 to September 30. Contractor shall include irrigation testing in the monthly and yearly schedule. All irrigation checks will include irrigation controller operation.

C. All systems shall be kept in adjustment to ensure proper coverage, and prevention of excessive run-off or erosion. Adjustments shall include, but not be limited to: actual head adjustment, cleaning and flushing of lines, heads, tubing repairs, and filter screens as well as obstructions within these components. Costs for adjustments shall be included in the contractual costs for operation and maintenance of the irrigation system.

D. All damage resulting from the Contractor's maintenance operations including but not limited to: Contractor's failure to properly maintain the system, shall be repaired or replaced prior to the end of the work day or as directed by Public Works Director or his/her designee at the Contractor's expense.

E. Repairs to the irrigation system shall be divided into two categories:

i. diameter, all lateral lines regardless of size, risers, exposed electrical connections, washers, seals, adjusting pins, and repair or replacement of emitters or sprinkler heads of 1/2 " inlet size or less. The cost for minor repair labor and materials shall be included in the contractual costs for operation and maintenance of the irrigation system. In the case of minor repairs due to acts of vandalism or third parties, Contractor may charge for necessary materials at Contractor's cost plus 15%, per SPECIFIC TERMS & CONDITIONS – EXTRA WORK, Subsection 1.E; all labor for these repairs shall be included in the contractual costs for operation
and maintenance of the irrigation system.

ii. Major repairs shall include all mainline pipe regardless of size, controllers, backflow and pressure regulators, mainline control wires, valves, solenoids and diaphragms, all sprinkler heads of 3/4 " inlet size and bigger. The cost for labor and materials for major repairs shall be considered Extra Work above and beyond the contract.

F. Contractor shall make minor repairs to the irrigation system within twenty-four (24) hours of noticing, or receiving notification of, conditions in need of correction. When Contractor discovers, or is notified of major irrigation damage during normal business hours, the Contractor will submit an estimate form showing approximate material costs and not-to-

exceed costs for labor. This form shall be signed by the Public Works Director or his/her designee and shall serve as written approval. Repairs to damage discovered or reported outside of normal business hours/days, shall be repaired within eight (8) hours of discovery/notification, and a written estimate submitted at the start of the next business day. Failure to repair irrigation systems within time frames specified above shall result in a $200 Performance Deficiency Deduction per site for each day that Deficiency remains uncorrected beyond deadline.

G. Repairs or replacements to the irrigation system shall be made with like parts. No substitutions shall be allowed without written approval of the City.

H. The City will perform routine inspections of the irrigation system to ensure accuracy of the Contractor's inspection reports. If discrepancies are found, the City shall construe this as a performance deficiency and implement payment reduction as specified in the section pertaining to Performance Deficiencies Deductions from payment.

I. The City reserves the right to supply any and all parts for irrigation repairs.

J. The Contractor shall return irrigation parts that have been replaced due to damage or malfunction to the Public Works Director or his/her designee.

K. The Contractor is responsible for adjusting sprinkler heads and valve boxes to a level that will prevent damage by maintenance equipment or pedestrian traffic. Damage caused by improper height adjustment will be repaired by the Contractor at no cost to the City. The Contractor shall be responsible for all damage done to irrigation components as well as any plant material affected by Contractors personnel or equipment during maintenance operations.

L. The Contractor shall provide personnel fully trained in all phases of irrigation operation, adjustments and repairs for irrigation systems used in the City landscape maintenance area. The Contractor shall provide personnel capable of communicating with City representative at a proficient level of English.

M. All controller scheduling and operations are the responsibility of the Contractor, including but not limited to seasonal adjustment of run day and run time schedules.

WATER MANAGEMENT

All designated landscape areas shall at all times receive irrigation in amounts adequate to promote normal, healthy growth of plant material. Contractor shall be responsible for delivery of water by means of automatic or manually operated irrigation sprinkler systems, quick couplers, hose bibs, or water tank, as specified site and/or weather conditions require.

Water Management Requirements are as follows:

A. All systems shall be adjusted weekly and as needed to maintain healthy plant material and water conservation.

B. All program changes shall be recorded on the irrigation schedule.

C. Contractor shall submit a report of irrigation system maintenance and management monthly for each of the landscape areas under this contract. Said report shall be included with Contractor's monthly maintenance report.

D. Controller program is to be sufficient to maintain a healthy landscape without excessive water use.

E. Contractor shall manually operate automatic irrigation systems rendered inoperable for any reason in a manner that supports normal, healthy growth of plant material. Costs for

such extraordinary operation shall be included in the contractual costs for operation and maintenance of the irrigation system.

F. Controller programs shall incorporate the following conditions:

a. Meet City water management requirement per Municipal Code Chapter 13.

b. Avoid weekend water when possible and avoid watering between 8am-10pm where possible.

c. Maximize repeat operations (when and where possible).

d. Minimize station run times.

e. Reflect actual evapotranspiration (E.T.) requirements.

f. Reflect actual requirements of soil and plants.

g. Eliminate runoff onto streets, sidewalks, and other non-target areas.

h. Deep Soaking shall be defined as the application of sufficient quantities of water to maintain reasonable health vigor of plants. Quantities of water shall be sufficient to allow for deep water penetration and encouragement of deep rooting of the plants.

i. Provide sufficient time for soil to dry out between irrigations.

j. Maximize community use of City property.

GREEN WASTE

The Contractor shall compost all appropriate green waste removed from City landscape areas at an approved facility where green waste is converted to a usable soil amendment. If any compost is used in the execution of the landscape maintenance contract, it must be from a facility that receives and composts City of Coachella green waste. Said products shall be approved by the Public Works Director or his designee before use. The Contractor shall submit verification of recycling City of Coachella green waste as part of the Contractor's monthly report.

EXTRA WORK

During the course of the contract period, additional services, labor and materials, beyond those specified in the contract may be required and performed on a time and material or unit price basis. Such work will be billed according to the Extra Work pricing schedule provided as part of this contract. The Contractor may notify the City of the need for Extra Work and/or the City may request Extra Work. The City will issue a Work Request form upon which the Contractor will provide estimated labor, material and/or unit price costs. The Contractor must have a signed work order from the Public Works Director or his designee before beginning work.

The Contractor shall provide twenty-four- (24) hour emergency service, with prompt correction or mitigation of emergency damage when notified of an occurrence. An emergency that is causing a hazard to the public or property must be responded to within one (1) hour. Failure to do so may result in monetary deductions from the monthly billing. Response to emergency service shall be paid at a rate of $25.00 per hour. Work should be limited to the level required to mitigate an emergency and further repairs shall be completed during normal working hours. Extra work will be a separate item from normal

contractual duties. The Contractor is expected to complete the contractual duties as specified on schedule and extra work shall not interfere with or delay these duties.

1. In the event the Contractor is required by the City and agrees to perform extra work, the following procedure shall govern such work:
   A. Work will be executed under the direction of the Contractor's maintenance supervisor on a time and materials basis or an agreed lump sum price depending on the nature of the work.
   B. When required by the City Representative, a written estimate of cost will be submitted for approval and issuance of a purchase order prior to work being done. The Contractor shall maintain records sufficient to distinguish the direct cost of said extra work from cost of other operations. The Contractor shall furnish reports of extra work on forms furnished by the contractor, itemizing all costs for labor, materials, and equipment. The report shall include hours worked.
   C. City will issue work request for such extra work to be performed.
   E. Repairs due to vandalism
   F. Material cost shall be actual cost not to exceed 15% for the handling of materials purchased by the Contractor and used for the extra work.

Extra work must be approved by the City Representative in writing.

GUARANTEE AND / OR REPLACEMENT POLICY

All new plant material and irrigation installation shall be guaranteed for a period of one calendar year except due to "Acts of God, "i.e., damage or death of plant material due to wind or storm, or vandalism, theft, or other willful acts over which the maintenance contractor has no control. Existing plants shall be replaced by Contractor if they die due to Contractor's negligence.

EXHIBIT "B"
SCHEDULE OF MAINTENANCE SERVICES

	Daily	Weekly	biWeekly	Monthly	Quarterly	
Mowing and Edging		1x &/or 2x				
Litter Removal	X					
Weed Control			X			
Minor Tree Pruning				X		
Ground Cover Edge/Trim			X

PROPOSED FACILILTIES, EQUIPMENT, MATERIALS AND STAFFING SCHEDULES

Staffing:

Crew - Field Personnel:
Supervisor/Foreman – Maintenance (Full-Time)
Gardening crew (8)– Maintenance (Full-Time)
Irrigator (1) – Maintenance (Full-Time)
Mow crew Maintenance (Part time – equivalency of 1 full time)

Key Personnel:

Key Management Personnel:

Craig Blouin, Vice President; Craig was born and raised in Southern California. After completing his degree in Economics at USC, he spent 16 years at Cintas Corporation. Performing nearly every job in the organization, Craig spent his last five and half years at the company serving as the General Manager of the Inland Empire and Coachella Valley operation. Now serving as the Vice President and leader for Conserve LandCare, Craig's passion about the customer experience and ensuring his team members' job fulfillment further expands on Conserves success. Craig enjoys spending his free time with his family, dining out, and golfing.

Joe Stein, Branch Manager - Indio; Having an eye for detail is second nature for a professional photographer, Joe Stein. In a career shift that brought added value to the Conserve team and our clients. Joe entered landscape services and account management through Conserve's estimating department. His dedication to service, keen sense of aesthetics, and amiable personality are ideal and benefit to Conserve's customers.

Noah McCoy, Account Manager; Noah has been in the landscape industry for over two years overseeing horticultural operations, managing client relationships and maintaining compliance with industry standards. Noah's innate ability to coordinate all work performed for the customer relationship and proactively manage the customer expectatons. An excellent communicator, he excels at proactively identifying and diagnosing problems and providing solutions which makes him a value to the Conserve Team.

Heriberto Estrada, Field Supervisor/Foreman;
Communicate daily with City Representative daily priorities, service orders, hazardous
Organize crews (2 crews), schedule tasks to insure daily activities are completed on time and oversee weekly gardening schedule, Oversee mow crew activities, Oversee irrigator and irrigation repairs to make sure tasks are completed properly and in accordance with RFP scope of work.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Approve professional services agreement between City of Coachella and the Greater Coachella Valley Chamber of Commerce for fiscal year 2023-2024, in the amount of $76,000.

STAFF RECOMMENDATION:

Approve professional services agreement between City of Coachella and the Greater Coachella Valley Chamber of Commerce for fiscal year 2023-2024.

EXECUTIVE SUMMARY:

The City of Coachella has partnered with the Greater Coachella Valley Chamber of Commerce (Chamber), as a private business support organization within the City to provide professional services. The City renews the service agreement annually with the Chamber, which commemorates the services the Chamber will provide to the City each fiscal year. These services include supporting the City's economic development efforts by providing: business services, various community and city events, and further development of Coachella's tourism market.

The budget and the services identified in the attached professional services agreement total $76,000 which is the same total compensation identified in the 2022/2023 agreement. The services described in the proposed 2023/2024 Agreement include the following services and final costs to the City after any available revenues are deducted per service/event:

- Visitor Center ($41,000)
    - Staffed Mon-Thu, 9:30am – 4pm; Visitor Center is responsible for marketing the City of Coachella to guests and visitors at the center. Services include local directory, city and relocation information, and general business related guidance.
- Business Support Services ($6,000)
    - Support updates to Chamber materials and resources to include Spanish business resources and education.
    - Support Industry Roundtable meetings hosted at the Chamber for local industry and business development.
    - The introduction of business education conducted in Spanish.

- Shop Local Initiative ($8,000)
    - Chamber will create a branded Shop Local campaign that provides education and resources for local residents as well as local businesses; includes various campaign opportunities and strategies.
- State of the City/Business Awards ($12,000)
    - Chamber will organize and manage: Business Expo; ticket sales/sponsors, and business awards.
- Holiday Parade ($500)
    - Provide drivers for dignitary cars.
- Coachella Tacos Tequila and Chavelas Festival ($8,500)
    - Provide stipend and monetary prizes to participating businesses. Provide and staff ticketing for both presale and door entry tickets.

FISCAL IMPACT:

The recommended action will not have a fiscal impact as these funds were allocated in the adopted FY 2023/2024 budget.

Attachment: 2023/2024 Professional Services Agreement

City of Coachella
Professional Services Agreement
Fiscal Year 2023-2024 With
Greater Coachella Valley Chamber of Commerce

1. Parties

This agreement is made and entered into when executed herein by and between the City of Coachella ("City") and the Greater Coachella Valley Chamber of Commerce ("Chamber"). City and Chamber are sometimes individually referred to as "Party" and collectively as "Parties".

Section 2. Purpose

a. The purpose of this agreement is to enter into a partnership between the City of Coachella and the Greater Coachella Valley Chamber of Commerce for the purpose of undertaking the planning and implementation of economic development, marketing and business development services and providing assistance to retain business and generally strengthen and expand the business climate and economic opportunities in the City of Coachella.

b. The City will provide such assistance and guidance as may be required to support the objective set forth in this Agreement and will provide the funding and in-kind services for the services and activities set forth in this agreement.

c. The Chamber will provide professional and qualified staff and volunteers that will work to disseminate appropriate information to existing and prospective businesses and community members and operate within agreed upon hours.

Section 3. Scope of Work

The Chamber shall

a. Proactively represent the City of Coachella to potential business and industry which will add to the tax base of the City.

b. Encourage tourist interest in Coachella and promote tourism through the Visitor Center with destination visitors and local residents. The Chamber will provide visitor information services for the benefit of its residents as well as all business, retail, restaurant, hotel and other related establishments.

c. Establish, coordinate and operate various "Business Services and Events, Tourism and Cultural Activities" including business development, Tourism Events, and Cultural Celebrations as described in Exhibit "A", attached hereto and incorporated herein by this reference.

d. Provide quarterly reports to the City Council on economic development and Chamber activities

within the City. Specifically, these quarterly reports should be coordinated with the agreed consideration noted in Section 5 and submitted to the City Liaison by the end of September, December, March and June.

Section 4. Duration of Contract

The term of this agreement shall commence on July 1, 2023 and expire June 30,2024

Section 5. Consideration

As consideration for the services provided in Section 3, the City will compensate the Chamber the sum of $19,000 on a quarterly basis (disbursed in August 2023, November 2023, February 2024, May 2024), for a total amount of $76,000.

Section 6. Independent Contractor

The City and Chamber intend that an independent contractor relationship be created by this Agreement. The Chamber and anyone affiliated with the Chamber for the purpose of this agreement is not considered an employee of the City for any purpose, and neither the Chamber nor any of its employees shall be entitled to any of the benefits of the City provides to employees, including health insurance, sick time, annual leave, or workers compensation. The Chamber specifically represents and stipulates that it is engaged in the business of providing the services set forth in this agreement, whether or not for profit, and that the Chamber is fully registered and legally authorized to conduct such business and pays all necessary taxes and assessments levied against such business.

Section 7. Suspension, Termination and Close Out

If the Chamber fails to comply with the terms and conditions of this agreement, the City may pursue such remedies as are legally available, including but not limited to, the suspension or termination of this agreement with a 60-day notice.

Section 8. Changes, Amendments, and Modifications

The City may, from time to time, request changes and modifications to Section 3, Scope of Work, referring to any additional events and services, to be performed hereunder.

Section 9. Assignability

The Chamber shall not assign any interest in this agreement and shall not transfer any interests in the agreement without prior written consent of the City.

Section 10. Reports and Information

The Chamber shall at such time and in such form as the City may require, furnish the City periodic reports, including an accounting for the expenditures of the City funds, as it may request pertaining to the services rendered pursuant to this agreement, the costs and obligations incurred or to be incurred in connection therewith, or for any other matters covered by this agreement.

Section 11. Compliance and Local Laws

The Chamber shall comply with all applicable laws, ordinances, and codes of the state and local government and the Chamber shall hold and save the City harmless with respect to any damages arising from any tort done in performing and of the work embraced by this agreement.

Section 12. Liability and Indemnification

The Chamber agrees to hold the City harmless and shall indemnify and defend all claims. Demands, or suits of law or equity arising from negligent or intentional wrongful actions or omissions of the Chamber or the Chamber's officials or agents in providing services under this agreement except to the extent arising in whole or in part from the actions of the City or City's officials or agents.

This Agreement contains all terms and conditions agreed to by the City of Coachella and the Greater Coachella Valley Chamber of Commerce.

In Witness Whereof, the City of Coachella and the Greater Coachella Valley Chamber of Commerce have executed this Agreement as of the date and year last written below:

EXHIBIT "B"
Rates for Services

Visitor's Center

TOURISM & RESOURCES

Objectives

GCVCC will staff a full-service Visitor's Center for residents and non-residents looking to connect with City of Coachella businesses. The Visitor's Center is a resource hub for referrals to local businesses, community events, opportunities, City services, Consulate services, and Chamber resources.

Deliverables

- The Visitor's Center is accessible in person or by phone accommodating English and Spanish speaking population.
- The visitor's bureau will be staffed Monday- Thursday 9:30am – 4:00pm. Offices may be closed on the few occasions that the Chamber is hosting a special event and daily for lunch 12:30 pm to 1:30 pm.
- GCVCC will respond to visitor inquiries (phone calls, emails, and social media queries) within a reasonable amount of time, no later than 48 hours business hours after the initial inquiry.
- GCVCC will use the Visitor's Bureau to promote City news and to disseminate favorable information about the City promoting its qualities, advantages, and opportunities.
- GCVCC will maintain an inventory of brochures, maps, and handouts as resource guides to walk in traffic. Additionally, local businesses will be able to advertise their businesses by displaying information at the visitor's center.
- The Visitor's Center will connect local workforce and aspiring entrepreneurs with information on professional resources, education, and services.

Updates since previous year

- Newly hired GCVCC Staff will complete Team GPS training in effort to ensure that all staff is knowledgeable and trained as professional brand ambassadors
- Community Volunteers will be recruited & professionally trained to be knowledgeable ambassadors of Coachella resources. These volunteers may serve to represent the tourism office at its physical location.

Rate: $41,000

Business Services

ECONOMIC DEVELOPMENT & BUSINESS SUPPORT SERVICES

Objectives

The Chamber will host and produce resources to support entrepreneurial interests, professional development and development for business, workforce and industry. The Chamber will serve the local business community by producing resources, listening sessions, workshops, education, and networking/marketing opportunities. As the City's go-to resource for all thing business, the Chamber will act as an extension of the City's Economic Development team. And, will further plan, coordinate, and foster regular and ongoing business engagement with the local business community through site visits, "connection" calls, business surveying, resource guides, and strategic communications.

Deliverables

- The Chamber shall have an onsite business support center providing informational resources of particular interest to the business community, is open during the following hours of operation: Monday through Thursday, between 9:30 a.m. and 4:00 pm. Closed for lunch 12:30 pm to 1:30 pm. In addition, The Chamber will provide digital resources and make them available when applicable.
- The Chamber shall respond to all requests and/or referrals regarding new or existing business that require assistance. All queries will be responded to within 48 business hours.
- The Chamber shall make outreach to new businesses who have begun to do business in the City of Coachella (if/as the City provides a list of newly licensed businesses) monthly.
- The Chamber shall act as liaison of the city with other business groups (e.g. the Small Business Development Corporation, SCORE, the Coachella Valley Enterprise Zone, etc.)
- The Chamber will offer a business education series in person or via zoom in both English and Spanish. This includes introduction to doing business in Coachella.
- The Chamber shall provide assistance, direction, and resources to new and existing businesses as requested.
- The Chamber will organize monthly business walks in partnership with the City to facilitate on-going communication and relationship building among our business community. City walk data to be captured and shared with the City for trends, insights, and business feedback.
- The Chamber will host periodic surveys and outreach to niche industry offering data sharing insights to the City staff.
- Support updates to Chamber materials and resources to include Spanish business resources and education
- Support Industry Roundtable meetings hosted at the Chamber for local industry and business development. This includes the convening of CBO's for improved coordination and deployment of services through the City of Coachella.

Rate: $6,000

Special Events

ANNUAL STATE OF THE CITY EVENT

Objectives

The Greater Coachella Valley Chamber of Commerce has historically produced an Annual State of the City event with sponsorship from the City of Coachella. As the format, festivity and production of special events continues to evolve, the Chamber aims to offer the City of Coachella a basic event package with upgrade opportunities to enhance the event's design. Event planning

will include:

- Pre-arranged check in meetings
- Enhancement/Upgrade Options
- Potential rate adjustments due to inflation

Base Package Includes:

- Event Planning, Coordination, & Day of Event Production
- Vendor coordination & management
- Graphic Design & Invitation Design (does not include printed invitations)
- Standard marketing efforts through Chamber network
- Invitation & Registration Management
- Breakfast or Luncheon event
- Business Awards
- Basic Stage Design (podium, microphone, flag display, & foliage)

The base package does not include printed invitations. Standard marketing efforts through the Chambers network is limited to-blasts, calendar invitations, web listings, and social media sharing. The base package accounts for a morning or midday event featuring a breakfast or lunch component. It does not include dinner events or upgraded menus above market price banquet menus. Stage design is limited to a podium, microphone, flag display, and foliage. The base package may be further customized with additions or upgrades to the City's liking. Upgrades, additions, or enhancements beyond the base package are not included in the costs of the base package. Upgrades, additions, and/or enhancements will result in additional charges as accrued. Such upgrades, additions and/or enhancements may include (but are not limited to): AV enhancement, special arrangements for outdoor accommodations, upgraded dining, and paid advertising.

Rate: $12,000

TACOS, TEQUILA, & CHAVELA'S EVENT

Objectives

The Chamber will plan, coordinate, market and execute this special event designed to help entrepreneurs and small business operators connect with the local community. The event will provide participating restaurants/caterers with tools to help them market themselves and to connect local residents with these local businesses.

Deliverables:

- The Chamber will secure local food vendors' participation with a stipend of $500 - $750 for participants providing food samples.
- The Chamber will marketing and promote the event using its internal and digital marketing resources.
- The Chamber will provide up to $6,000 in total prizes to the top three winners
- The Chamber will provide ticketing and registration infrastructure
- The Chamber will plan, coordinate and oversee the day of execution of the event with the partnership and support of City staff. Specifically the Chamber will take primary responsibility for vendors, prize money, permits, insurance, ticketing, security, and facilitating county health permits. Chamber retains all revenue from ticket and any business sponsorships.

Rate: $8,500

ANNUAL HOLIDAY PARADE

Objectives

The Chamber will help support this City event by providing twelve (12) volunteer drivers and general promotion and marketing of the event.

Deliverables:

- The Chamber will help support this City event by providing twelve (12) volunteer drivers for the parade, to accommodate City Council and staff.

Rate: $500

Shop Local Initiative

Objectives

GCVCC will create a branded Shop Local campaign that provides education and resources for local residents as well as local businesses; includes strategic, paid advertising plans; and creates an opportunity for seasonal or annual campaigns.

Deliverables:

- The Chamber will work with City Economic Development Director on this project and present a plan within allocated budget.

Rate: $ 8000

RATES SUBTOTAL

- $41,000 Visitor's Center
- $14,000 Business Support
- $21,000 Special Events

Contract Total $76,000

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Maritza Martinez, Public Works Director

SUBJECT: Authorize execution of Amendment No. 2 between the City of Coachella and CV Pipeline for storm drain system maintenance services, for $225,000.

STAFF RECOMMENDATION:

Authorize execution of Amendment No. 2 between the City of Coachella and CV Pipeline for storm drain system maintenance services, for $225,000.

EXECUTIVE SUMMARY:

The City published a Request for Proposals (RFP) for Storm Drain Maintenance Services. City Council awarded this maintenance agreement to CV Pipeline in the amount of $424,431. The original term of this agreement was August 1, 2020 to June 30, 2023; as per the published request for proposals this agreement can be amended to include two (2) successive one (1) year extensions.

Staff is recommending award of the attached Amendment No. 2 to CV Pipeline extending the term of the contracted services through June 30, 2024 and increasing compensation to allow for the extended term by $225,000.

FISCAL IMPACT:

No fiscal impact would result from the recommended action. These funds are accounted for in the approved budget.

Attachment:
Amendment No. 2

Amendment No. 2 to the Maintenance Services Agreement Between the City of Coachella and CV Pipeline

1. Parties And Date.

This Amendment No. 2 to the Maintenance Services Agreement ("Amendment No.2") is made and entered into this 28th day of June, 2023 by and between the City of Coachella ("City") and CV Pipeline, ("Contractor"). City and Contractor are sometimes individually referred to as "Party" and collectively as "Parties" in this Amendment No.2.

2. Recitals.

2.1 Agreement. City and Contractor entered into that certain Agreement for Landscape Maintenance Service for Storm Drain System Maintenance within Specific LLMD Areas ("Agreement"), entered into on July 22, 2020.

2.2 Amendment. City and Contractor desire to amend the Agreement for the first time to amend the term of the Agreement as set forth in this Amendment No. 2.

3. Amendments.

3.1. Compensation. Section 3.3.1 Compensation, of the Agreement is hereby deleted in its entirety and replaced with the following:

> 3.3.1 Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall not exceed **Six Hundred Forty-Nine Thousand Four Hundred Thirty-One Dollars and No Cents ($649,431.00).** Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2 Continuing Effect of Agreement. Except as amended by this Amendment No.2, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment No.2, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment No.2.

3.3 Adequate Consideration. The Parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No.2.

3.4 Counterparts. This Amendment No.2 may be executed in duplicate originals, each of which is deemed to be an original, but when taken together shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Amendment.No.2 as of the date first written above.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Andrew Simmons, P.E., City Engineer

SUBJECT: Amendment No. 3 to the Professional Services Agreement with KOA Corporation, Inc. for an amount of $46,640 to provide PS&E and Right of Way Services for the improvements of Avenue 50 from Calhoun Street to Cesar Chavez Street – City Project ST-93.

STAFF RECOMMENDATION:

Authorize the City Manager to execute Amendment #3 to the Professional Services Agreement with KOA Corporation, Inc. for an amount of $46,640.00 to provide PS&E and Right of Way Services for the improvements of Avenue 50 from Calhoun Street to Cesar Chavez Street – City Project ST-93.

BACKGROUND:

The total cost to complete improvements for this project is an amount of $9,250,000, currently there is a reimbursement agreement between CVAG and The City of Coachella to provide funding with the regional share of 75%(CVAG) for an amount $6,937,500 of the total cost. The Project is among the Top 10 projects listed in the 2015 Transportation Project Prioritization Study (TPPS).

The City is the lead agency for this proposed work. The project will widen the existing street and construct concrete curb and gutter on within areas where none exists between Calhoun Street and Cesar Chavez Street. The finished project will complete the planned widening of Avenue 50 to two traffic lanes in each direction, and include pedestrian, bicycle and drainage facilities.

DISCUSSION/ANALYSIS:

On October 9, 2019 City Council authorized an agreement with KOA Corporation for professional design services. The consultant has completed the environmental document and finalized project scope, which includes right-of-way acquisition.

City Staff recommends authorizing the amendment and extending the term of contract by twelve months to complete the PS&E and right-of-way acquisition. The additional funding will split the plans into two phases to expedite construction while utility coordination and remaining design

modifications are completed. Additional funding will also provide additional landscaping modifications and property staking.

FISCAL IMPACT:

Funding for these services will be reimbursed at the rate previously specified of 75% CVAG ($34,980.00), and 25% City ($11,660.00) from Street DIF funds. No fiscal impact to FY 23/24 budget.

ATTACHMENTS:

1. Amendment No. 3 to the Professional Services Agreement
2. Amendment Proposal

THIRD AMENDMENT TO AGREEMENT BETWEEN THE CITY OF COACHELLA AND KOA CORPORATION Project ST-93

THIS THIRD AMENDMENT (''Amendment") is made and entered into as of June 28, 2023 by and between the City of Coachella (''City'') and KOA Corporation ("Consultant"). In consideration of the mutual covenants and conditions set forth herein, the parties agree as follows:

1. Recitals. This Amendment is made with the respect to the following facts and purposes:

   a. On or about October 9th, 2019 the City and Consultant entered into that certain agreement entitled "City of Coachella Professional Services Agreement" between the City and Consultant in the amount of $545,360 for project ST-93.

   b. On or about November 10th, 2021 the City and Consultant entered into that certain agreement entitled "First Amendment" between the City and Consultant in the amount of $71,680.

   c. On or about October 12, 2022 the City and Consultant entered into that certain agreement entitled "Second Amendment" between the City and Consultant in the amount of $46,640.

   d. The parties now desire to amend the Agreement as set forth in this Amendment.

2. Amendment. Section 3.1.2, Term, of the Agreement is hereby amended in its entirely to read as follows:

   3.1.2 Term. The term of this Agreement shall be from June 28, 2023 to June 28, 2024, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

   Section 3.3.1, Compensation, of the Agreement is hereby amended in its entirely to read as follows:

   "3.3.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement as set forth in Exhibit ''A'' at the rates set forth in Exhibit ''B'' attached hereto and incorporated herein by reference. The total compensation shall not exceed **Six Hundred Eighty Thousand Twenty-Four Dollars ($680,024.00)** without written approval of the City's representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement."

3. Continuing Effect of Agreement. Except as amended by this Amendment, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement as amended by this Amendment.

4. Adequate Consideration. The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment.

5. Counterparts. This Amendment may be executed in duplicate originals, each of which is deemed to be an original, but when taken together shall constitute but one and the same instrument.

IN WITNESS THEREOF, the parties have executed this Amendment as of the day and year first set forth above, which date shall be considered by the parties to be the effective date of this Amendment.

June 06, 2023

Mr. Andrew Simmons, P.E.
City Engineer
53990 Enterprise Way
Coachella, CA 92236

Subject: Revisions to Avenue 50 PS&E Phase 1 & Phase 2

Dear Mr. Simmons:

Thank you for requesting KOA Corporation (KOA) to provide this proposal for updating the design plans, specifications, and estimate for Avenue 50 to be split in Phase 1 (west half) and Phase 2 (east half).

PROJECT UNDERSTANDING

Plans were prepared for the improvement of Avenue 50 between Calhoun Street and Cesar Chavez Street that included undeveloped land, 6 residences, and commercial land. To reduce the cost of right of way acquisition, a concept was developed that would provide a narrower street section between Avenida De Oro and Kensington Street with modifications as follows:

- The City would like KOA to prepare plans splitting the Project in Phase 1 (w/o Calhoun to Pavon Palma excluding the DR Horton frontage) and Phase 2 (Pavon Palma east to Cezar Chavez/Harrison St.)
- Median and sidewalk redesign for turn lanes from Avenida De Oro east to Cezar Chavez/Harrison St. including Traffic Signal, Signing and Striping, Transitions and Plan and Profile sheets.
- David Voltz Design to revise Landscape plans for Phase 1 and Phase 2.

SCOPE OF SERVICES

The scope of services needed to modify the plans, specifications, and estimate include:

1. Modify the plans from Avenida De Oro east to Cesar Chavez Street to revise medians, plan profile, sidewalk, Traffic Signal, signing & Striping for the roadway section width to fit within the right of way. Modified plan sheets per original count may include:
   - Title Sheet (1)
   - Typical Section sheet (1)
   - Demolition sheets (2)
   - Plan and Profile sheets (3)
   - Median sheets (3)
   - Drainage sheet (1)
   - Intersection Detail sheets (4)
   - Traffic Signal sheet (1)
   - Signing and Striping sheet (1)
   - Lighting sheet (1)
   - Erosion control sheet (2)

5095 Murphy Canyon Road, Suite 330, San Diego, CA 92123
T: 619.683.2933 | F: 619.683.7982 | www.koacorp.com
MONTEREY PARK ORANGE ONTARIO SAN DIEGO

A LOCHNER COMPANY

2. Modify the quantities and cost estimate. It is anticipated that the cost estimate will change for 39 items to be split in 2 phases.
3. Modify the specifications to correspond to the plan changes.
4. Landscaping sheets will need to be modified to address the deletion of work from the plans, specs, and estimate, and for the narrowing of the roadway section east of Avenida De Oro and the splitting of the work in 2 phases.

FEE

KOA Corporation will perform the work specified in the scope above based on the following fee summary.

FEE FOR AVENUE 50 PLAN REVISION Phase 1 & Phase 2

TASK NUMBER	SR ENGR II	SR ENGR I	SR. ASSOC ENGR I	ASSOC ENGR II	SR ADMIN	TOTAL HOURS	SUBCONSULTANT COSTS	TOTAL COSTS
	$261.00	$218.00	$152.00	$140.00	$103.00			
1. Revisions for Phase 1 w/o Calhoun to Pavon Palma excluding DR Horton frontage	2	2	4	4	2	14		$2,332.00
2. Revisions for Phase 2 Pavon Palma east to Cezar Chavez/Harrison St.	4	4	4	4	2	18		$3,290.00
3. Revisions to Quantities and Estimate (39 items)	2	2	9	9		22		$3,586.00
4. Revisions to Specifications	4	8		6	2	20		$3,834.00
5. Revisions to Median, transitions, Plan & Profile, TS, Signing/Striping and sidewalk (10 sheets)	4	8	40	12	2	66		$10,754.00
6. Revisions to Landscaping Plans for Phase 1 & 2, and to match KOA Plans	4			4		8	$7,500.00	$9,104.00
QAQC	10							$2,610.00
TOTAL	30	24	57	39	8	148	$7,500.00	$35,510.00
					Sub + KOA Totals =		*$43,010.00*	

SCHEDULE

We anticipate these project changes will take two to three months to produce.

PROJECT ASSUMPTIONS

Our proposal was developed on the following understanding of the project.

- The City will conduct a single review at 90% and 100% plans and will provide comments following the review.

Please let me know if you have any questions or comments regarding our proposal and we can discuss it at your convenience. Thanks for this opportunity!

Sincerely,

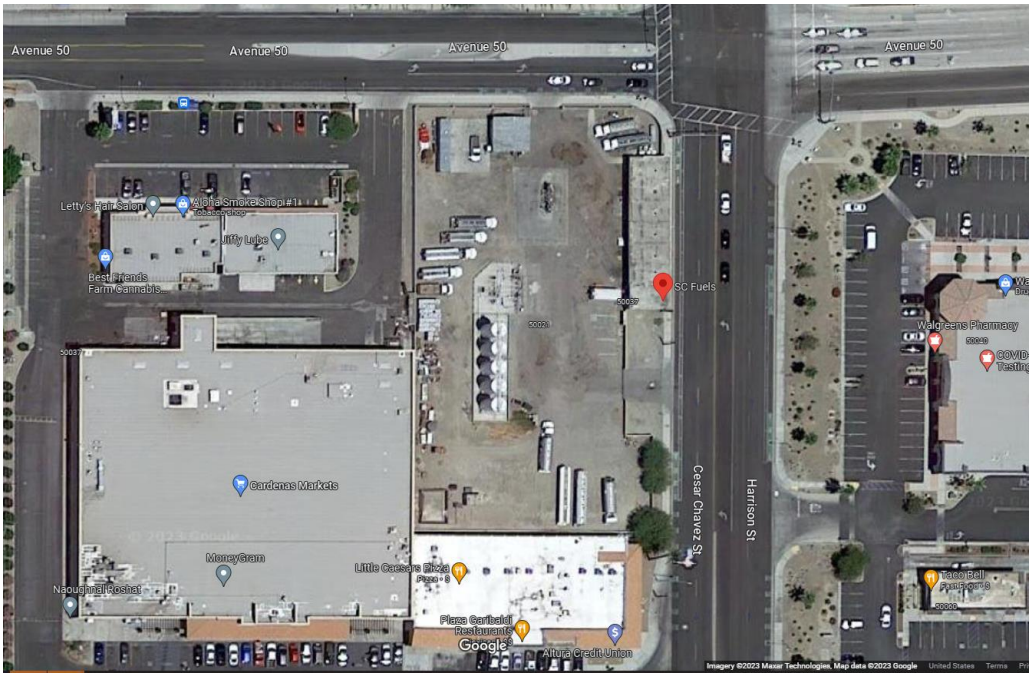
Subject: Avenue 50 Staking for SC Fuels property lines (Additional Work)

Dear Mr. Simmons:



Thank you for requesting KOA Corporation (KOA) to provide this proposal for staking out the property lines for SC Fuels. We have had our sub WestLand Group, Inc. (WLG) Land Surveying provide the proposal to complete this task.

PROJECT UNDERSTANDING

SC Fuels requested the City of Coachella to stake the property lines for the Avenue 50 widening project.

SCOPE OF SERVICES

The scope of services need to stake out the property lines for the SC Fuels is per Exhibit B prepared by WestLand Group, Inc. in their proposal.

FEE

KOA Corporation will have WLG perform the work specified in the scope above based on the following fee $3,630, as described below:

5095 Murphy Canyon Road, Suite 330, San Diego, CA 92123

WestLAND Group, Inc.

Assumptions and Exclusions:

- It is assumed that access to restricted work areas will be provided with minimal delay, and that total delays from train traffic or other cause will be less than 15% of an 8-hour shift (1 hour per day). Additional delays will result in extra charges to be billed based WLG 2021 Standard Fee schedule for a 2-man crew hourly rate.
- Additional Ground survey, sUAS and scanning services upon specific request will be provided at WLG 2023 Standard Fee schedule, 2-man survey crew rate.
- Fees for Title Reports and associated review costs have not been included.
- Excludes opening bolted or sealed Manholes.

Compensation and Conditions

The scope of services as outlined under Tasks above will be performed on a not to exceed basis. Task items above not required by the Client will not be billed on.

This proposal is for professional services only and does not include fees required by the City, utility agencies and other government agencies (filing, checking, recording, permits, inspections etc.)

No work will start on task items without authorization to proceed from the client. Additional work, as authorized, will be performed on a time and material basis per our standard Rate Schedule and or per a mutually agreed upon fee. Our service will be performed in accordance with our MS or a mutually agreed upon "Agreement between Owner and Survey/Engineering Consultant". We will be billing on a monthly basis with billing amounts based upon a percentage of task completion together with reimbursable expenses mentioned above. All fees and charges are due within 30 days from date of invoice. If the foregoing is acceptable, please sign one copy of this letter and return to our office. The signed letter and its attachment will then serve as our authorization to proceed. The second copy is for your records.

Thank you for allowing us the opportunity to be of service. Should you have questions or require additional information, please contact our office.

Sincerely, Accepted and agreed to by:

Scott A. Shelby, PLS Date Ali Shahzad, PE Date

SCHEDULE

We anticipate these project staking will take be completed in one week.

Please let me know if you have any questions or comments regarding our proposal and we can discuss it at your convenience. Thanks for this opportunity!

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Andrew Simmons, P.E., City Engineer

SUBJECT: Resolution No. 2023-24 a Resolution of the City of Coachella City Council Authorizing the Purchase of Real Property from Javier Botello and Virginia Botello for a Purchase Price of $391,603.00 Consisting of One Parcel Located at the Southeast Corner of Avenue 50 and Kenmore Street for the Avenue 50 Widening Project, City Project ST-93 (APN:768-163-001).

STAFF RECOMMENDATION:

Authorize Resolution No. 2023-24, a Resolution of the City of Coachella City Council Authorizing the Purchase of Real Property from Javier Botello and Virginia Botello for a Purchase Price of $391,603.00 Consisting of One Parcel Located at the Southeast Corner of Avenue 50 and Kenmore Street for the Avenue 50 Widening Project, City Project ST-93 (APN:768-163-001).

BACKGROUND:

On March 9, 2016 City Council authorized a reimbursement agreement by and between the City of Coachella and Coachella Valley Association of Governments (CVAG) for a total of $4,500,000 regional funds toward the design and construction of the Avenue 50 Widening Project. During the design and environmental phases of the project it was determined that the cost would exceed the initial budget estimate due to unforeseen drainage issues and complicated right-of-way acquisition procedures. On July 14, 2021, City Council authorized an amendment to the reimbursement agreement for the final plans, specifications and engineer's estimate (PS&E) documents, right-of-way acquisition and construction for a total funding amount of $9,250,000.

DISCUSSION/ANALYSIS:

The project will widen the existing street and construct concrete curb and gutter within areas where none exists between Calhoun Street and Cesar Chavez Street. The finished project will complete the planned widening of Avenue 50 to two traffic lanes in each direction, and include pedestrian, bicycle and drainage facilities. These improvements require the acquisition of several properties along Avenue 50. In September 2022, the subject property was presented with a fair market appraisal of $360,000. Seller prepared an independent 3rd party appraisal that resulted in an appraised cost of $386,000 and counter offered at that price. Because the independent 3rd party appraisal is within 8% of the City initiated appraisal value it is recommended that the City accept the Owner appraised value and authorize the City Manager to complete the purchase and

acquisition of the property at the fair market appraised value of $386,000 for a purchase price of $391,603.00 including all escrow fees.

FISCAL IMPACT:

The property purchase for the Avenue 50 widening project has been budgeted and is included in the reimbursement agreement with CVAG. The existing reimbursement agreement splits cost under a 75% regional share/25% local share. The local share is budgeted by Street and Transportation Development Impact Fees (Fund 127).

ATTACHMENTS:

1. Resolution No. 2023-24
2. City Residential Appraisal Letter
3. Owner Counter Appraisal Letter
4. Settlement Statement
5. Right of Way agreement

RESOLUTION NO. 2023-24

A RESOLUTION OF THE CITY OF COACHELLA CITY COUNCIL AUTHORIZING THE PURCHASE OF REAL PROPERTY FROM JAVIER BOTELLO AND VIRGINIA BOTELLO FOR A SALES PRICE OF $386,000 CONSISTING OF ONE PARCEL LOCATED AT THE SOUTHEAST CORNER OF AVENUE 50 AND KENMORE STREET FOR THE AVENUE 50 WIDEING PROJECT (APN:768-163-001)

WHEREAS, on March 9, 2016 City Council entered into a reimbursement agreement with Coachella Valley Association of Governments (CVAG) for the design and environmental phased of the Avenue 50 widening project, City project ST-93; and

WHEREAS, on July 14, 2021 City Council entered into amendment #1 of the reimbursement agreement with Coachella Valley Association of Governments (CVAG) for additional funds for the final plans, specifications, engineer's estimate (PS&E) documents, right-of-way acquisition and construction; and

WHEREAS, in October 2021 City council authorized City Staff to negotiate a purchase price for the real property as stated herein; and

WHEREAS, City staff has negotiated a purchase and sale agreement with Javier Botello and Virginia Botello; and

WHEREAS, on March 18, 2023 the current property owner submitted a counter appraisal selling price.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Coachella that the foregoing Recitals are true and correct and are hereby adopted by the City of Coachella. Based on those Recitals, the City Council hereby finds and declares as follows:

SECTION 1. The City Council hereby designates and authorizes Coachella City Manager Gabriel Martin as City staff to execute the purchase of one (1) parcel located at the southeast corner of Avenue 50 and Kenmore Street, as further described in "Exhibit A" attached and made a part herein, for a purchase price of $391,603.00 to the City of Coachella.

SECTION 2. The City staff is hereby authorized to execute any and all documents necessary to complete the land sales transaction to the city of Coachella for the stated sales price, and subject to escrow instructions to be prepared consistent with this authorization.

PASSED, APPROVED and **ADOPTED** this 28th day of June, 2023.

Dear Melissa,

At your request and authorization, I have prepared a summary appraisal report of the market value for the above referenced real property. I have provided the market value of the subject' leased fee estate on an "as is" basis as of the date of property inspection. Data, information, and calculations leading to the value conclusion are incorporated in the report following this letter. The report, in its entirety, including all assumptions and limiting conditions, is an integral part of, and inseparable from, this letter. Your attention is directed to the Addenda which contains the assumptions and limiting conditions.

The following appraisal sets forth the most pertinent data gathered, the techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed, and this report has been prepared, in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP) and the Code of Professional Ethics of the Appraisal Institute.

The appraisal has been completed subject to the Assumptions & Limiting Conditions contained within the report. Extraordinary Assumptions and Hypothetical Conditions, if any, may have an impact on the assignment results.

By virtue of my experience and based upon my investigation, it is my opinion that the market value of the subject property as of September 28, 2022, is:

$360,000

Please refer to the attached appraisal report, plus exhibits, for a summary of the supporting documentation of the value estimate contained herein.

Respectfully submitted,

Kent J. Carpenter, MAI
Certified General Real Estate Appraiser

Introduction

Executive Summary

Property Address:	50020 Kenmore Street, Coachella, CA 92236
APN(s):	768-163-001
Property Type:	Single-Family Residential
Report Format:	Narrative
Date of Appraisal Report:	October 28, 2022
Date of Value:	September 28, 2022
Date of Site Inspection:	September 28, 2022
Real Estate Interest Appraised:	Fee Simple
Function of the Appraisal:	Basis for property acquisition
Location:	The subject is located in an area west of Highway 111 that is characterized primarily by single family homes and neighborhood support amenities such as schools, parks and shopping.
Improvements Description:	Single-story 3BR 2BA home containing 1,288 square feet and built in 1965. The home has a 2-car garage and is of average quality and condition for the neighborhood.
Site Description:	The site is nearly rectangular in shape and contains 7,055 square feet. The property is a corner lot and has frontage on both Avenue 50 and Kenmore Street. Access to the property is from Kenmore Street.
Zoning:	R-S (Residential Single-Family)
Community Plan:	Suburban Neighborhood
Highest and Best Use "As Is":	Continued use of existing improvements
Highest and Best Use "As if Vacant":	Development of a single-family residence
Concluded Market Value:	$360,000
Extraordinary Assumptions and Hypothetical Conditions:	1. No interior inspection of the home was undertaken. The property was inspected from the property lines and relied on public information and photos for the interior description.

Purpose of Appraisal

The purpose of this appraisal is to estimate the fair market value and just compensation associated with the portion to be acquired of the subject parcel under the reporting requirements of the Uniform Standards of Professional Appraisal Practice (USPAP), as defined by the Appraisal Foundation.

Intended User

The intended user of this appraisal report is the client, Ms. Melissa Mann, Assistant Project Manager with Epic Land Solutions, Inc. There are no other intended users. Anyone else using or relying on this appraisal is considered an unintended user and no fiduciary obligation is owed by the appraiser to that party

Intended Use

The intended use of this appraisal report is for acquiring the property to facilitate the road widening of Avenue 50. The appraisal cannot be used for evaluation for collateral for a loan, collateral for bond funding, appealing taxes, submission to Superior Court for condemnation, etc.

Definition of Market Value

The following definitions and discussions are extracted from the State of California Code of Civil Procedure, Title 7, Eminent Domain Law, Chapter 9.

Fair Market Value - CCP Section 1263.320

1) (a) "The fair market value of the property taken is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no particular or urgent necessity for so doing, nor obliged to sell, and a buyer, being ready, willing and able to buy but under no particular necessity for so doing, each dealing with the other with full knowledge of all the uses and purpose for which the property is reasonably adaptable and available.
   (b) The fair market value of property taken for which there is no relevant market is its value on the date of valuation as determined by any method of valuation that is just and equitable."

Fair Market Value of Property Taken - CCP Section 1263.330

1) The fair market value of the property taken shall not include any increase or decrease in the value of the property that is attributable to any of the following:
   (a) The project for which the property is taken.
   (b) The eminent domain proceeding in which the property is taken.
   (c) Any preliminary actions of the plaintiff relating to the taking of the property.

Compensation for Injury to Remainder - CCP Section 1263.410

1) (a) "Where the property acquired is part of a larger parcel, in addition to the compensation awarded pursuant to Article 4 (discussed above), for the part taken, compensation shall be awarded for the injury, if any, to the remainder.
   (b) Compensation for injury to the remainder is the amount of the damage to the remainder reduced by the amount of benefit to the remainder. If the

amount of benefit to the remainder equals or exceeds the amount of the damage to the remainder, no compensation shall be awarded under this article. If the amount of the benefit to the remainder exceeds the amount of damage to the remainder, such excess shall be deducted from the compensation provided in Section 1263.510 (Compensation for Loss of Goodwill), if any, but shall not be deducted from the compensation required to be awarded for the property taken for from the other compensation required by this chapter."

Damages - CCP Section 1263.420

1) Damage to the remainder is the damage, if any, caused by either or both of the following:
   (a) "The severance of the remainder from the part taken.
   (b) The construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the damage is caused by a portion of the project located on the part taken."

Benefits - CCP Section 1263.430

1) Benefit to the remainder is the benefit, if any, caused by the construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the benefit is caused by a portion of the project located on the part taken.

Delay – CCP Section 1263.440

1) (a) The amount of any damage to the remainder and any benefit to the remainder shall reflect any delay in the time when the damage or benefit caused by the construction and use of the project in the manner proposed by the plaintiff will actually be realized.
   (b) The value of the remainder on the date of valuation, excluding prior changes in value as prescribed in Section 1263.330, shall serve as the base from which the amount of any damage and the amount of any benefit to the remainder shall be determined.

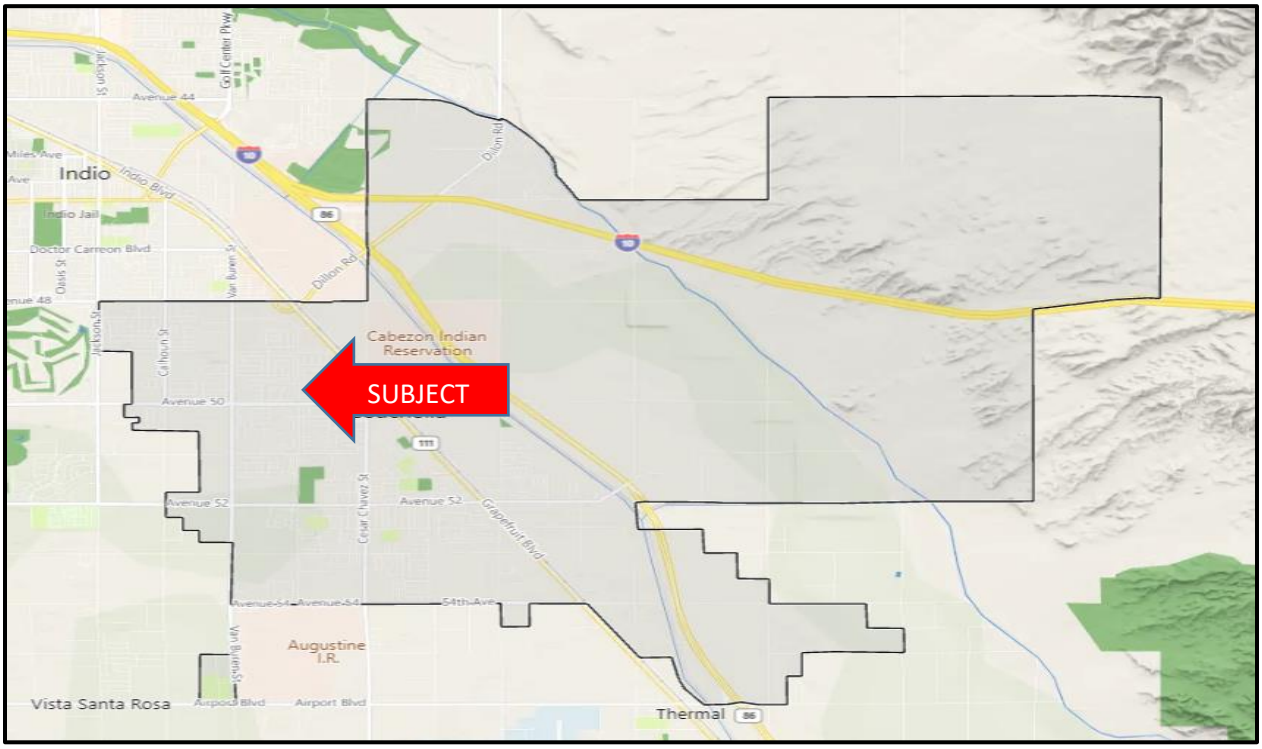
Project as Proposed – CCP Section 1263.450

Compensation for injury to the remainder shall be based on the project as proposed. Any features of the project which mitigate the damage or provide benefit to the remainder, including but not limited to easements, crossings, underpasses, access roads, fencing, drainage facilities, and cattle guards, shall be taken into account in determining the compensation for injury to the remainder.

Date of the Appraisal

The effective date of value is September 28, 2022, with the date of this appraisal report being October 28, 2022.

Owner of Record & Property History



According to submitted title report, the subject is currently owned by Javier & Virginia Botello. The property has not experienced an arms-length transactions within the past three years. However, the property was purchased by the current owner from Gregory Venable on January 17, 2019, at a price of $215,000.

Scope of Work

In order to complete this assignment, I identified all assignment conditions; determined an appropriate scope of work; collected general and specific data on the district, neighborhood, market area, subject property and comparable properties; analyzed the data gathered; applied the appropriate approaches to value; and reconciled all indications of value into a final value estimate. My investigation, value opinion and analyses comply with the Uniform Standards of Professional Appraisal Practice and is unbiased and impartial. No predetermined value or opinion formed the basis of any conclusions stated in this appraisal. The depth of the investigation and analysis is meant to be in keeping with the purpose and intended use of the appraisal.

Neighborhood Description

The subject is located within the western central portion of the city of Coachella as shown on the following map.

Coachella Valley

The Coachella Valley is an arid rift valley in the Colorado Desert of Southern California's Riverside County. The valley may also be referred to as Greater Palm Springs due to the prominence of the city of Palm Springs. The valley extends approximately 45 mi southeast from the San Gorgonio Pass to the northern shore of the Salton Sea and the neighboring Imperial Valley, and is approximately 15 mi wide along most of its length. It is bounded on the northeast by the San Bernardino and Little San Bernardino Mountains, and on the southwest by the San Jacinto and Santa Rosa Mountains.

The valley is notable as the location of several wintertime resort cities, especially Palm Springs, that have become popular destinations for snowbirds—people who live in cold climates and seek out warmer weather during winters. The valley is also known for a number of annual events, including the Coachella Valley Music and Arts Festival, the Stagecoach Country Music Festival, and the Riverside County Fair and National Date Festival, all held in Indio. Other events include the Palm Springs Modernism Week, Palm Springs International Film Festival, the ANA Inspiration and Desert Classic golf tournaments, and the Indian Wells Masters tennis tournament.

In addition to Palm Springs and the area's largest city Indio, the valley is home to the resort cities of Cathedral City, Indian Wells, La Quinta, Palm Desert, and Rancho Mirage. Because the valley is a major winter destination, its population fluctuates from almost 500,000 in April to around 200,000 in July and around 800,000 by January. It was estimated in 2013 that 3.5 million conventioneers and tourists visit the valley each year.

The Coachella Valley connects with the Greater Los Angeles area to the west via the San Gorgonio Pass, a major transportation corridor, traversed by Interstate 10 and by the Union Pacific Railroad. The Coachella Valley is sometimes called the Desert Empire[4] to differentiate it from the broader Inland Empire.

The area is surrounded on the southwest by the Santa Rosa Mountains, by the San Jacinto Mountains to the west, the Little San Bernardino Mountains to the east and San Gorgonio Mountain to the north. These mountains peak at around 11,000 feet and tend to average between 5,000 and 7,000 feet. Elevations on the Valley floor range from 1,600 feet above sea level at the north end of the Valley to 250 feet below sea level around Mecca. In the summer months daytime temperatures range from 104 °F to 112 °F and nighttime lows from 75 °F to 86 °F. During winter, the daytime temperatures range from 68 °F to 88 °F and corresponding nights range from 46 °F to 65 °F making it a popular winter resort destination. The surrounding mountains create Thermal Belts in the immediate foothills of the Coachella Valley, leading to higher night-time temperatures in the winter months, and lower daytime temps during the summer months. Due to its warm year-round climate the region's agricultural sector produces fruits such as mangoes, figs and dates.

The Valley is the northwestern extension of the Sonoran Desert to the southeast, and as such, is extremely arid. Most precipitation falls during the winter months from passing mid-latitude frontal systems from the north and west, nearly all of it as rain, but with snow atop the surrounding mountains. Rain also falls during the summer months as surges of moisture from both the Gulf of Mexico and the Gulf of California are drawn into the area by the desert monsoon. Occasionally, the remnants of a Pacific tropical cyclone can also affect the valley.

The irrigation of over 100,000 acres of the Valley since the early 20th century has allowed widespread agriculture. In its 2006 annual report, the Coachella Valley Water District listed the year's total crop value at over $576 million or almost $12,000 per acre. The Coachella Canal, a concrete-lined aqueduct built between 1938 and 1948 as a branch of the All-American Canal, brings water from the Colorado River to the Valley. The Colorado River Aqueduct, which provides drinking water to Los Angeles and San Diego, crosses the northeast end of the Valley along the base of the Little San Bernardino Mountains (the Joshua Tree National Park).

The San Andreas Fault traverses the Valley's east side. Because of this fault, the Valley has many hot springs. The Santa Rosa Mountains to the West are part of the Elsinore Fault Zone. The results of a prehistoric sturzstrom can be seen in Martinez Canyon. The Painted Canyons of Mecca feature smaller faults as well as Precambrian, Tertiary and Quaternary rock formations, unconformities, badlands and desert landforms. Fault lines cause hot water springs or geysers to rise from the ground. These natural water sources made habitation and development possible in the otherwise inhospitable desert environment of the Coachella Valley. Major earthquakes have affected the Coachella Valley.

The Coachella Valley contains nine cities and various unincorporated communities.

City	Population[34] (2020 census)
Cathedral City	51,493
Coachella	41,941
Desert Hot Springs	32,512
Indian Wells	4,757
Indio	89,137
La Quinta	37,558
Palm Desert	51,163
Palm Springs	44,575
Rancho Mirage	16,999
Cities Total	**370,135**

As of 2010 the valley produced agricultural products worth about $600 million.

The valley is the primary date-growing region in the United States, responsible for nearly 95 percent of the nation's crop and is celebrated each year in Indio during the Riverside County Fair and National Date Festival. The earliest attempt at growing dates came about in 1890 when the United States Department of Agriculture (USDA) imported date palm shoots from Iraq and Egypt. Sixty-eight shoots were distributed across the Southwest U.S. in Las Cruces, New Mexico, Yuma, Arizona, Phoenix, Arizona, and several California cites: Indio, Pomona near Los Angeles, Tulare and National City near San Diego. The imports were almost all male seedlings and produced poor fruit. The Coachella Valley showed promise, so USDA horticulturist Bernard Johnson planted a number of shoots that he brought back from Algeria in September 1903. On his own initiative, Johnson imported more shoots from Algeria in 1908 and again in 1912. The area's entire date industry can be traced back to those original USDA experiments near present-day Mecca. Date palms were grown from present-day Cathedral City to the Salton Sea, but most date groves were overtaken by development by the 1990s. Today, nearly all of the date groves are in the "East Valley" area south of Indio, near Coachella and east of La Quinta.

Other agricultural products cultivated in the Coachella Valley include fruits and vegetables, especially table grapes, citrus fruits such as lemons, limes, oranges and grapefruit; onions and leeks; and peppers. The valley floor served to grow bounties of alfalfa, artichokes, avocados, beans, beets, cabbage, carrots, corn, cotton, cucumbers, dandelions (salad greens), eggplant, figs, grains (i.e. barley, oats, rye and wheat; plus rice fields kept wet or moist in the Salton Sea area), hops, kohlrabi, lettuce, mangoes, nectarines and peaches, persimmons, plums and prunes, pomegranate, potatoes, radishes, spinach, strawberries, sugar cane, tomatoes, a variety of herbs and spices, and other vegetable crops. The Coachella grapefruit originated in the region. The city of Coachella is the primary shipping point for agricultural goods. Domesticated grasses, flowers and trees are widely grown for warm-weather or desert climates and sold for use in golf courses and landscape.

Only 10 percent of the Coachella Valley residents were born/raised in the area, according to the 2000 census, a much lower percentage than found in most parts of the U.S. Agriculture is a founding block of the majority of the "oldtimer" residents, whose parents and grandparents came to the area as farmers and laborers transformed the eastern parts of the valley from a hot sandy desert into a green fertile place with a year-round growing season. The Coachella Valley's agricultural development is due to irrigation: water was drawn from an underground aquifer created when the valley was under a fresh water lake in the last ice age (over 10,000 years ago); and from the All-American Canal, completed in the late 1940s, which brought large supplies of water from the Colorado River. Recent growth of fish

farming or "aquaculture" in Mecca near the Salton Sea brings new promise to the local economy, especially to efforts to restore the ailing ecology of the large saltwater lake.

City of Coachella

Coachella is in Riverside County, California; it is the easternmost city and namesake of the Coachella Valley, in Southern California's Colorado Desert. Coachella is one of California's fastest-growing cities; when it incorporated in 1946, it had 1,000 residents. By the 2020 census the population had grown to 41,941. The city is officially bilingual in English and Spanish, with 90% of residents speaking Spanish.

Downtown Coachella is under renovation as the area experiences an economic boom which has brought increasing numbers of people in the city – *Pueblo Viejo* (the old neighborhood) as locals of Hispanic origin sometimes call it. Despite its image for Mexican immigration, a large percentage are US citizens, born and raised in Coachella. A multi-generational Mexican American subculture has taken root in the town. Additionally, since 2000, thousands of single-family homes and multi-unit apartment complexes have been built at a fast pace, as the city's population soared, having more than doubled in just a decade.

Coachella expanded recreational and social activities for which residents once had to drive 10 or 20 miles west. The city has a recreation center, a Boys and Girls Club center, and a boxing club in Bagdouma Park. There are two dance clubs and the Corona Yacht Club located near Spotlight 29 casino; two new golf courses (Desert Lakes and the Vineyards) attract many retirees, RV owners, and local business people.

Coachella is served by the Coachella Valley Unified School District, based in Thermal, California. Its main high school is Coachella Valley High School (with 2900 students) followed by a new high school, Desert Mirage High School, about 5 miles to the south; its three middle schools are Cahuilla Desert Academy, Toro Canyon, and Bobby Duke. Elementary schools include Cesar Chavez, Coral Mountain Academy, Palm View, Peter Pendleton, Valle Del Sol, Valley View, Westside and in nearby Thermal, John Kelley.

Near Coachella, a new four-lane expressway, State Route 86, was built for international trucking from Mexicali, Mexico to Los Angeles or Arizona. Referred to as the "NAFTA highway" (in reference to the North American Free Trade Agreement took effect in 1994), it replaces an older and less safe two-lane road that was known for its many auto accidents.

According to the city's 2020 Comprehensive Annual Financial Report, the largest employers are:[17]

#	Employer	Employees
1	Coachella Valley Unified School District	530
2	Spotlight 29 Casino	496
3	Ernie Ball	380
4	Augustine Casino	314
5	Armtec Defense	236
6	Valley Pride	200
7	Coachella Valley Water District	194
8	Teserra Outdoors	156
9	Cardenas Market	118
10	Reyes Coca-Cola Bottling	103

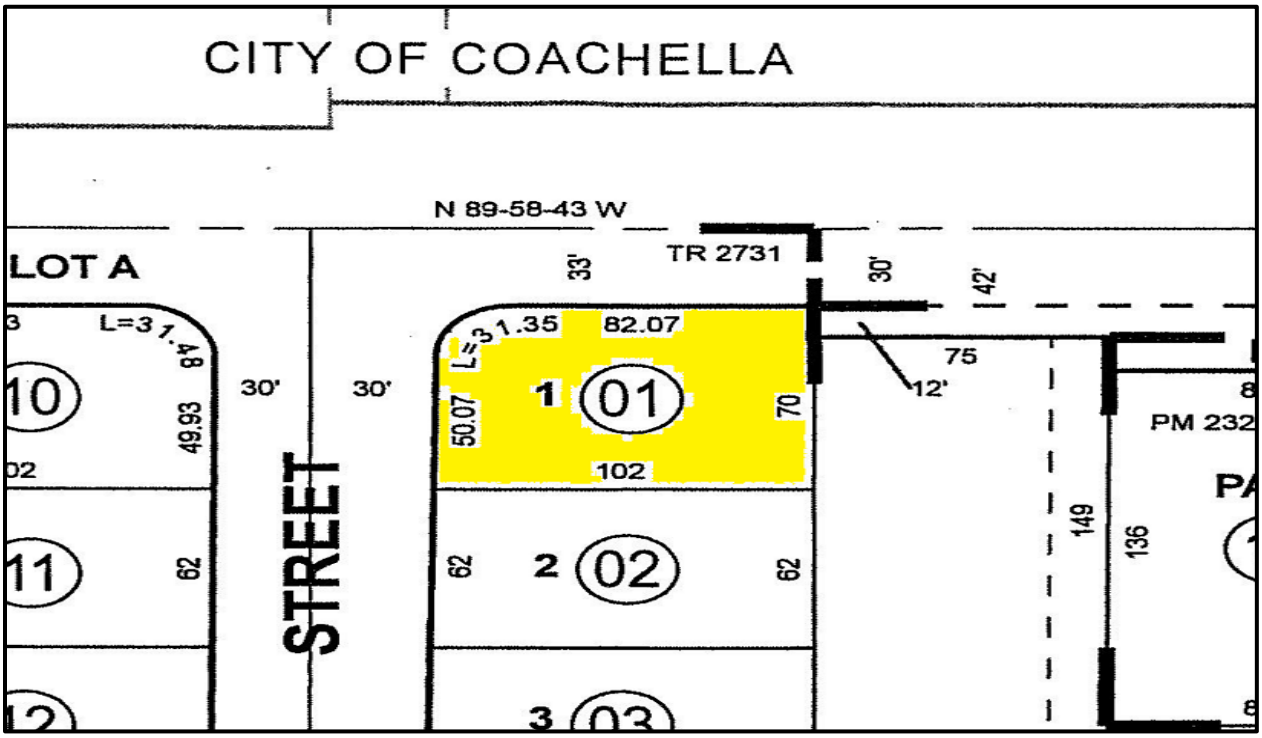
Site Description

General Site Information

Address:	50020 Kenmore Street, Coachella, CA 92236
Location:	Located in the West Coachella neighborhoods, west of Highway 111.
Legal Description	L THAT CERTAIN REAL PROPERTY SITUATED IN THE CITY OF COACHELLA, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, DESCRIBED AS FOLLOWS: LOT 1, AS SHOWN ON THAT CERTAIN MAP ENTITLED TRACT NO. 2731, WHICH MAP WAS FILED, IN THE CITY OF COACHELLA, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, AS PER MAP RECORDED IN BOOK 47 PAGES 69 OF MAPS, IN THE OFFICE OF THE COUNTY RECORDER OF RIVERSIDE COUNTY, CALIFORNIA.
Current Owner(s):	Javier Botello and Virginia Botello, husband and wife, as joint tenants
3 Year Sales History:	The property has not experienced an arms-length transactions within the past three years. However, the property was purchased by the current owner from Gregory Venable on January 17, 2019, at a price of $215,000.
Zoning:	R-S (Residential Single Family); Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.
Assessor Parcel No:	768-163-001
Assessed Value Land:	$25,764
Assessed Value Imp:	$195,807
Total Assessed Value:	$221,571
Assessment Year:	2021-22
Taxes:	$3,826



Physical Characteristics of the Site

Total Site Area:	7,055 square feet
Frontage:	Kenmore Street & Avenue 50
Shape:	Nearly rectangular
Topography:	Level at street grade
Access:	Kenmore Street
Easements:	Submitted title report shows the following notable exceptions: public utilities easement over the easterly 8 feet of the property, and the property lies within

	the boundaries of a project area within the redevelopment agency of the city of Coachella. The appraisal assumes that none of these exceptions would have a negative impact on the value and continued use of the property at its concluded highest and best use.
Encroachments:	None noted with appraisal assuming none exist.
Utilities to Site:	All utilities in adjoining road & connected
Sidewalk, Curbs and Gutters:	Installed along Avenue 50 and Kenmore Street
Flood Designation:	Zone X (Map 060249 – 06065C2270H) dated March 6, 2018, indicating an area determined to be outside of the 100-year and 500-year floodplains.
Environmental/Soils:	There was nothing discovered which would indicate there are environmental issues associated with the subject property. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous material may affect the value of the subject property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value.
Subsurface Conditions:	Unknown

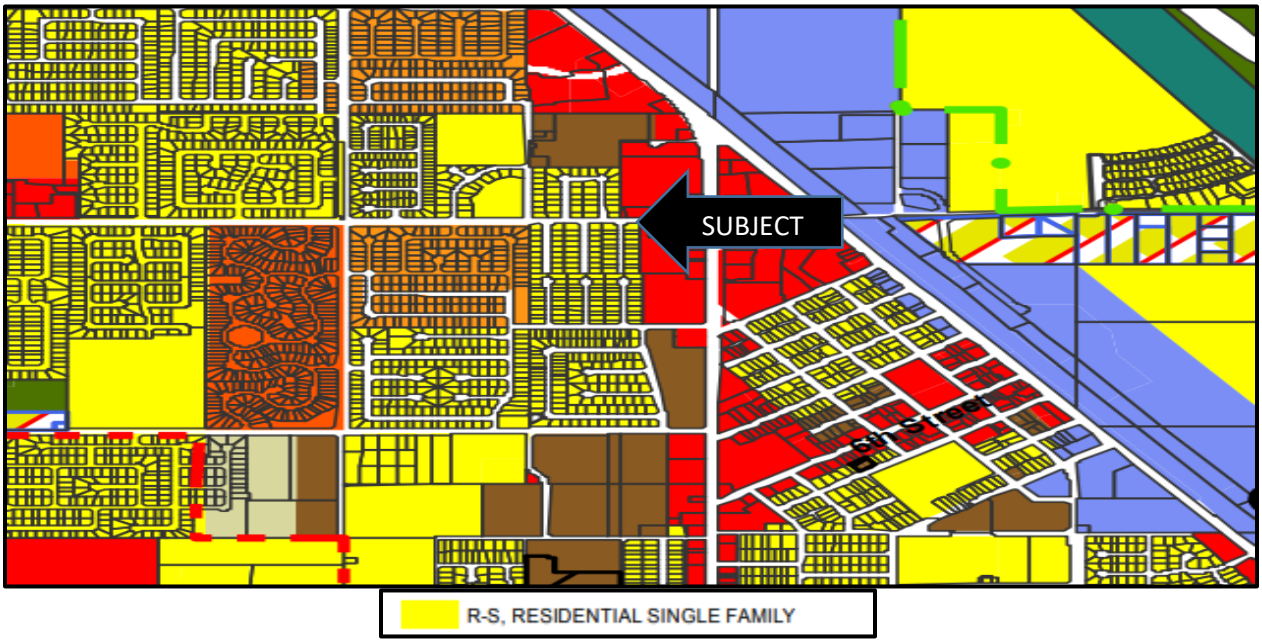
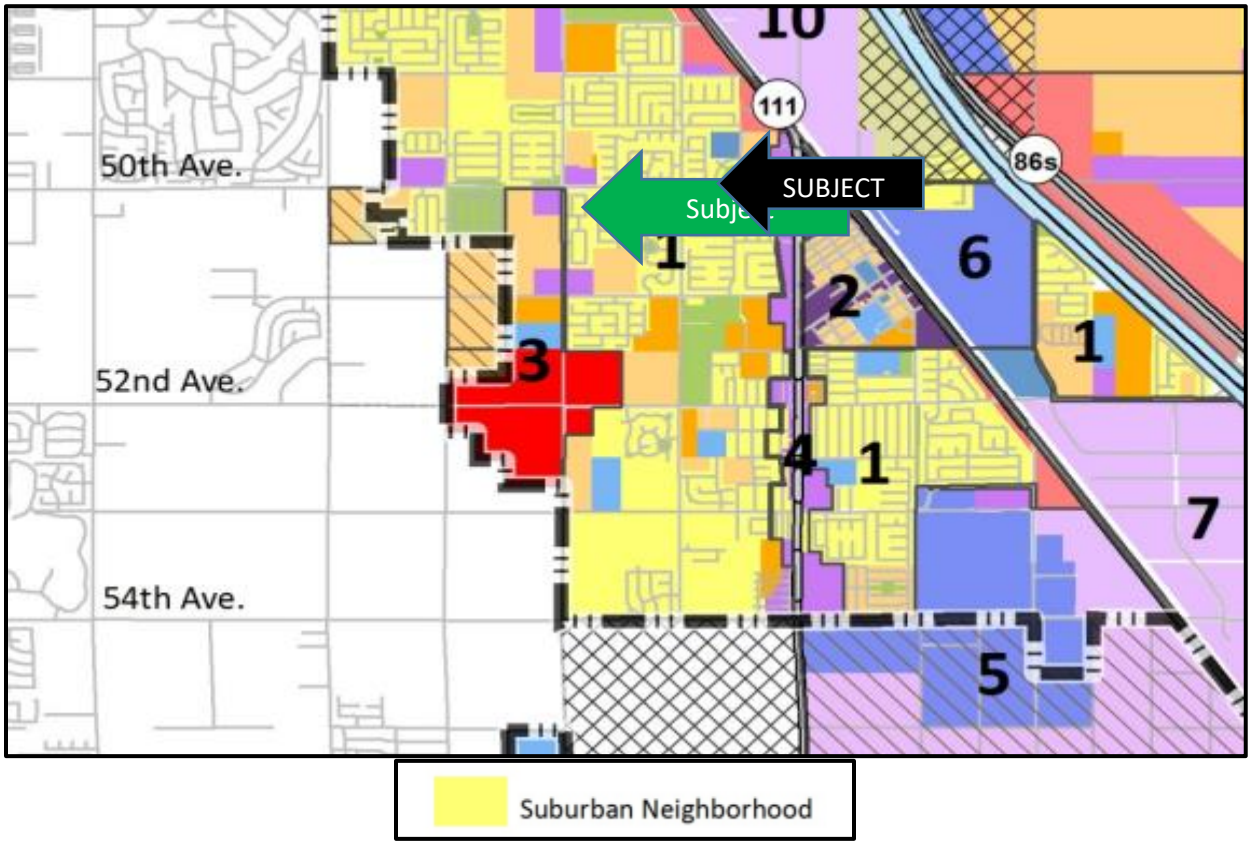
Improvements Description

According to public information and exterior inspection, the subject property was constructed in 1965, is of wood frame/stucco construction, and is described as follows:



- Attached garage with 2 parking spaces
- 3 bedrooms and 2 full bathrooms
- Central heating and air conditioning
- Below ground swimming pool and stamped concrete decks
- Vertical board/concrete block/wrought iron perimeter fencing
- Covered patio adjacent pool
- Composition shingle roof
- Newer Jen-Weld windows
- Upgraded floors throughout home
- Remodeled Master bathroom
- Newer exterior paint

General Plan Land Use & Zoning



The zoning characteristics for the subject property are summarized below:

Zoning Summary	
Current Zoning:	R-S (Residential Single-Family); This zone is intended to provide areas within the city where development is limited to low-density concentrations of single-family dwellings, and to stabilize and protect the residential character of such areas. It has the further purpose of the provision of community facilities needed to complement urban residential areas and for institutions which require a residential environment, to minimize traffic congestion, and to avoid an overload of utilities designed to service only low-density residential uses.
Permitted Uses:	Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.
Zoning Change:	Not likely
Development Standards	
Minimum Lot Size:	7,200 square feet
Minimum Width:	60 feet
Minimum Depth:	100 feet
Minimum Setbacks:	
Front:	15 feet
Rear:	20 feet
Side:	5-10 feet
Maximum Building Height:	30 feet
Maximum Density	1 dwelling unit per lot

Zoning Map

General Plan Map

Valuation Analysis

Highest and Best Use

The highest and best use of any property depends upon the physical and legal restrictions imposed by the size, shape, location and zoning of the site, and the size, siting, quality and condition of the improvements. An improved site like the subject property would be analyzed for its highest and best use on both an “as though vacant” and “as-improved” basis. Considerations under each of these analyses will include uses that are (1) physically possible, (2) legally permissible, (3) financially feasible, and (4) maximally productive.

As Though Vacant

Physically Possible - The subject property is of sufficient size to be a developable site. It is of typical size to other parcels in the immediate neighborhood and has good frontage and access from Kenmore Street. Additionally, it has frontage on Avenue 50 and has utilities immediately available and connected.

Legally Permissible - The subject is zoned R-S (Residential Single-Family). This zone is intended to provide areas within the city where development is limited to low-density concentrations of single-family dwellings, and to stabilize and protect the residential character of such areas. Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.

Financially Feasible – The surrounding uses, size and access to and from the property would render development of a variety of uses possible. However, based primarily on immediate land use patterns, the maximally productive use of the site would be for development of the property with a single-family residence.

Maximally Productive – Considering the legally permissible, physically possible and financially feasible uses in the current market, the highest and best use is for development of the property with a single-family residence.

As Improved

The subject property is improved with a single-story 3BR 2BA home containing 1,288 square feet and built in 1965. The home has a 2 car-garage and is of average quality and condition for the neighborhood. The property is consistent in quality, design and condition to the single-family homes in the area. Additionally, the property has been adequately maintained. At the present time, the improvements contribute value to the property above land value. As such, it is concluded that the highest and best use of the subject, as improved, is for continued use as a single-family residence.

Appraisal Procedures Followed, Methodologies

For the appraisal of the subject property, the sales comparison approach is the primary method of valuation.

The sales comparison approach derives a market value opinion by making a comparative analysis of recently sold properties having similar physical and economic characteristics to the property being appraised. Each sale property is compared to the subject property focusing on similarities and differences that influence value. This approach was applied in the valuation of the subject property.

The income capitalization approach is a method of valuation suited for investment properties because the foundation of the estimate is anticipated income, which is the primary reason investors buy this type of property. The price they are willing to pay is directly related to the income it is capable of producing and its prospect for change in value. As the subject' immediate market is for owner-user occupancy, the income approach will not be undertaken in valuing the subject property, as this approach would not be used in the marketing of the property. Current market participants are purchasing properties similar to the subject property based on a sales comparison approach only. The cost approach was not employed in the valuation of the subject property because the subject property contains very old improvements, has a significant amount of depreciation that is difficult to measure, and buyers are not purchasing properties like the subject based on a depreciated replacement cost analysis.

Sales Comparison Approach

Several sales have been selected to process the sales comparison approach to value. On a following page is a summary of the market data. After this is a discussion of each of the sales, comparing each to the subject property for each relevant element of comparison and from this analysis an appropriate value indication is concluded in the reconciliation section of the appraisal report.

The sale properties are all located within the subject's immediate market area and are considered good alternative to a purchase of the subject property. All sales occurred in 2021 or 2022 and are considered suitable alternative for a buyer interested in purchasing the subject property. The properties range in size from 1,100 to 1,755 square feet which brackets the size of the subject property. Overall, this is considered a very reasonable data set from which to estimate the market value of the subject property.

Market Data Map

Market Data Description

All of the comparables are located in the immediate vicinity of the subject property. A brief summary of the comparables is as follows:

Comp No. 1- This is the sale of a 3BR 2BA home that was built in 1976 and which has a 2-car carport. The floor plan has a bonus/family room with a wood burning fireplace, with most the windows having been replaced. The floor plan has a good size living room with slider leading to the backyard. The backyard has plenty of space on each side to pull in a recreational or utility vehicle. The home is equipped with both central air & wall units.

Comp No. 2 - This is the sale of a 3BR 1.52BA home that was built in 1960 and which has a 2-car carport. This home has a large living room kitchen and dining area and a bonus room which has just been remodeled with new flooring and a new window. Laminate flooring has been laid in the dining area and two of the bedrooms. The air conditioning unit is three years old, double pane windows are two years old and one of the water heaters is two years old. The size of the lot is 7,405 square feet.

Comp No. 3 – This is the sale of a 3BR 2BA house that contains 1,443 square feet and was built in 1960. The home is in the immediate vicinity of the subject property but is considered inferior in design appeal. The home sold on an as-is basis, with the home requiring some work to bring it up to the level of surrounding homes. The lot size of this property is 7,841 square feet.

Comp No. 4 - This is the sale of a 3 bedroom, 2 bath home that was built in 1986 and contains approximately 1,100 square feet of floor space. This property has a lot size of 6,098 square feet and is centrally located in the City of Coachella (same street as subject property) near the Cardenas Shopping center. The home offers 3 bedrooms and two bathrooms, has a relatively big backyard, and a built-in patio porch. Additionally, there is a privately gated large front yard.

Comp No. 5 - This is the sale of a 4 bedroom, 2 bath home that was built in 2004 and contains approximately 1,363 square feet of floor space. This property has a lot size of 6,534 square feet. The home is in the Immediate are of the subject property and offers laminate flooring, granite counters, white kitchen cabinets, stainless steel appliances, and shutters throughout. The bathroom has been upgraded with a tiled shower. The property has a good-sized back yard.

Adjustment Considerations

A summary of the adjustment analysis comparing the comparables to the subject is shown on the following page. Primary adjustments pertained to location, unit mix, age/condition, and quality/appeal. The adjustments were made on a subjective basis intended to recognize similarities and dissimilarities of the comparables compared to the subject.

Certification

The undersigned appraiser certifies that, to the best of his knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial and unbiased professional analyses, opinions, and conclusions.
- I have no present, prospective, direct or indirect interest in the property that is the subject of this report, nor personal interest or bias with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved in this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute, which include the Uniform Standards of Professional Appraisal Practice.
- Kent J. Carpenter, MAI has made a personal inspection of the property that is the subject of this report.
- No one provided significant real property appraisal assistance to the appraiser signing this certification.
- The appraiser signing this appraisal report has not provided an appraisal of the subject property in the three years immediately preceding acceptance of this assignment. There have been no other services, as an appraiser, or in any other capacity, in the previous three years.
- As of the date of this report, Kent Carpenter, MAI, has completed the continuing education program of the Appraisal Institute.
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

Very Truly Yours,

Kent J. Carpenter, MAI

Assumptions and Limiting Conditions

This report is made expressly subject to the standard assumptions and conditions which are a normal part of any real estate appraisal.

1. The term "Market Value", as used in this report is defined previously.
2. The date of value to which the conclusions and opinions expressed in this report apply, is as set forth previously in this letter. Further, the dollar amount of any value opinion rendered in this report is based upon the purchasing power of the American dollar existing on that date.
3. The appraiser assumes no responsibility for economic or physical factors which may affect the opinions in this report which occur after the date of this letter transmitting the report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. The appraiser reserves the right to make such adjustments to the analyses, opinions and conclusions set forth in this report as may be required by consideration of additional data or more reliable data that may become available.
6. No opinion as to title is rendered. Title is assumed to be marketable and free and clear of all liens, encumbrances, easements and restrictions except those specifically discussed in the report. The property is appraised assuming it to be under responsible ownership and competent management, and available for its highest and best use.
7. The appraiser assumes no responsibility for hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for arranging for engineering studies that may be required to discover them.
8. The property is appraised assuming it to be in full compliance with all applicable federal, state, and local environmental regulations and laws, unless otherwise stated.
9. The property is appraised assuming that all applicable zoning and use regulations and restrictions have been complied with, unless otherwise stated.
10. The property is appraised assuming that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based, unless otherwise stated.
11. No engineering survey has been made by the appraisers. Except as specifically stated, data relative to size and area was taken from sources considered reliable and no encroachment of real property improvements is considered to exist.
12. No opinion is expressed as to the value of subsurface oil, gas or mineral rights or whether the property is subject to surface entry for the exploration or removal of such materials except as expressly stated.
13. Maps, plats and exhibits included in this part are for illustration only as an aid in visualizing matters discussed within the report. They should not be considered as surveys or relied upon for any other purpose, nor should they be removed from, reproduced, or used apart from the report.

14. No opinion is intended to be expressed for matters which require legal expertise or specialized investigation or knowledge beyond that customarily employed by real estate appraisers
15. That possession of this report, or a copy of it, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
16. Unless specifically stated, this appraisal does not take into consideration the possibility of the existence of asbestos, PCB transformers or other toxic, hazardous, or contaminated substances and/or underground storage tank (hazardous material), or the cost of encapsulation or removing thereof. Should the client have concern over the existence of such substances on the property, we consider it imperative for you to retain the services of a qualified independent engineer or contractor to determine the existence and extent of any hazardous materials, as well as the cost associated with any required or desirable treatment or removal thereof.

COVID 19 - CORONAVIRUS ADDENDUM

File No. D23S02005LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50020 Kenmore St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Owner	Javier and Virginia Botello						

Covid 19 / Coronavirus Addendum

On March 11, 2020, over 22 months prior the valuation date the World Health Organization (WHO) officially declared that Covid-19 was a global pandemic. It is noted that the current economy has been thrown into a turbulent state due to concerns about the Covid-19 virus. Effects have included sudden declines in the stock market, cancellation of major events and closure of many businesses and major restriction of many jobs in order to limit social-physical contact. I have interviewed several local agents and they are reporting that they have had showings and open houses canceled and have had listing canceled. The current economic upheaval seems to be effecting both buyers and sellers. The evidence suggest agents are having some transactions canceled due to stock market and job uncertainty, and some difficulty showing properties due to the desire for social-physical isolation. These conditions are quite sudden in the past two weeks prior the valuation date. Whether the impact is very short-lived or more longer lasting is not possible to determine at this point. Because these effects are only just now taking place, the only market data available for use in this analysis took place before the Covid-19 phenomenon. Therefore, while the analysis and conditions are based on historical market data, it would be prudent to be aware of the current market uncertainty. It is highly probable there will be an impact upon the local Real Estate market due to the covid 19 -coronavirus. However there is no current data to determine what the effect will be. After much consideration I have begun adding this comment to the Market Conditions Comments in my reports: The impact to the market by both the covid 19 - coronavirus and the resulting decline in the stock market and increased unemployment are not yet known. Meaningful data is not yet available. It was therefore not possible to reflect these issues in this report.

The global outbreak of coronavirus" known as COVID-19 was officially declared a pandemic by the World Health Organization (WHO) 03/11/2020. The reader is cautioned, and reminded that the conclusions presented in this appraisal report apply only as of the effective date(s) indicated. The appraiser makes no representation as to the effect on the subject property of any unforeseen event, subsequent to the effective date of the appraisal.

As of the valuation date its been more than 2.5 years since the covid-19 virus began effecting the local economy. As of the valuation date the (CDC) Centers for Disease Control and Prevention have removed the mask requirements, the six foot social distancing requirements and almost all other covid-19 requirements. At the time of the valuation date there is no market data to suggest the covid-19 pandemic has any discernable effect upon the current market.

2021 California Code
Code of Civil Procedure - CCP
PART 3 - OF SPECIAL PROCEEDINGS OF A CIVIL NATURE
TITLE 7 - EMINENT DOMAIN LAW
CHAPTER 9 - Compensation
ARTICLE 4 - Measure of Compensation for Property Taken
Section 1263.320.

Universal Citation: CA Civ Pro Code § 1263.320 (2021)

1263.320.

(a) The fair market value of the property taken is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no particular or urgent necessity for so doing, nor obliged to sell, and a buyer, being ready, willing, and able to buy but under no particular necessity for so doing, each dealing with the other with full knowledge of all the uses and purposes for which the property is reasonably adaptable and available.

(b) The fair market value of property taken for which there is no relevant, comparable market is its value on the date of valuation as determined by any method of valuation that is just and equitable.

ARTICLE 4 - Measure of Compensation for Property Taken
Section 1263.330.

Universal Citation: CA Civ Pro Code § 1263.330 (2016)

1263.330. The fair market value of the property taken shall not include any increase or decrease in the value of the property that is attributable to any of the following:

(a) The project for which the property is taken.

(b) The eminent domain proceeding in which the property is taken.

(c) Any preliminary actions of the plaintiff relating to the taking of the property.

California Code, Code of Civil Procedure - CCP § 1263.410

(a) Where the property acquired is part of a larger parcel, in addition to the compensation awarded pursuant to Article 4 (commencing with Section 1263.310) for the part taken, compensation shall be awarded for the injury, if any, to the remainder.

(b) Compensation for injury to the remainder is the amount of the damage to the remainder reduced by the amount of the benefit to the remainder. If the amount of the benefit to the remainder equals or exceeds the amount of the damage to the remainder, no compensation shall be awarded under this article. If the amount of the benefit to the remainder exceeds the amount of damage to the remainder, such excess shall be deducted from the compensation provided in Section 1263.510, if any, but shall not be deducted from the compensation required to be awarded for the property taken or from the other compensation required by this chapter.

ARTICLE 5 - Compensation for Injury to Remainder
Section 1263.420.

Universal Citation: CA Civ Pro Code § 1263.420 (2021)

1263.420.

Damage to the remainder is the damage, if any, caused to the remainder by either or both of the following:

(a) The severance of the remainder from the part taken.

(b) The construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the damage is caused by a portion of the project located on the part taken.

California Code, Code of Civil Procedure - CCP § 1263.430

Benefit to the remainder is the benefit, if any, caused by the construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the benefit is caused by a portion of the project located on the part taken.

California Code, Code of Civil Procedure - CCP § 1263.440

(a) The amount of any damage to the remainder and any benefit to the remainder shall reflect any delay in the time when the damage or benefit caused by the construction and use of the project in the manner proposed by the plaintiff will actually be realized.

(b) The value of the remainder on the date of valuation, excluding prior changes in value as prescribed in Section 1263.330, shall serve as the base from which the amount of any damage and the amount of any benefit to the remainder shall be determined.

California Code, Code of Civil Procedure - CCP § 1263.450

Compensation for injury to the remainder shall be based on the project as proposed. Any features of the project which mitigate the damage or provide benefit to the remainder, including but not limited to easements, crossings, underpasses, access roads, fencing, drainage facilities, and cattle guards, shall be taken into account in determining the compensation for injury to the remainder.

Re: Property: 50020 Kenmore St
Coachella, CA 92236
Borrower: N/A - Eminent Domain Negotiation Use
File No.: D23S02005LC

In Accordance With Your Request, We Have Appraised The Above Referenced Property. The Report Of That Appraisal Is Attached.

The Purpose Of This Appraisal Is To determine fair market value of the property taken, see the 2021 California Code Eminent Domain Law Chapter 9, Artical 4, Measure of Compensation for Property Taken, to use in the settlement of a Eminent Domain Negotiation Between the owner Javier and Virginia Botello and the City of Coachella.

This Report Is Based On A Physical Analysis Of The Site And Improvements, A Locational Analysis Of The Neighborhood And City, And An Economic Analysis Of The Market For Properties Such As The Subject. The Appraisal Was Developed And The Report Was Prepared In Accordance With The Uniform Standards Of Professional Appraisal Practice.

The Value Conclusions Reported Are As Of The Effective Date Stated In The Body Of The Report And Contingent Upon The Certification And Limiting Conditions Attached.

It Has Been A Pleasure To Assist You. Please Do Not Hesitate To Contact Me Or Any Of My Staff If We Can Be Of Additional Service To You.

Sincerely,

Lester Caplan
CA Certified General Appraiser

USPAP ADDENDUM

File No. D23S02005LC

Item 20.

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50020 Kenmore St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender	Javier and Virginia Botello						

This report was prepared under the following USPAP reporting option:

☒ Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(a).

☐ Restricted Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(b).

Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is:

I Have Estimated Reasonable Exposure Time In Correlation To The Fair Market Value Definition As Provided In This Report To Be From 3 To 6 Months. This Was Estimated From Examination Of The Marketing Times Of The Comparables Utilized In This Appraisal. Also Statistical Analysis Of The General Market Area For The Neighborhood, Discussions With Local Real Estate Brokers And Current Economic Conditions. This Estimate Is Predicated Upon The Assumption That The Subject Property Offering Would Not Exceed A Listing Price 10% Above The Market Value Estimate Above This Appraisal. This Estimate Of Reasonable Exposure Time In Market Value Estimate Is Only For The Property Type That Is The Subject Of This Appraisal.

Additional Certifications

I certify that, to the best of my knowledge and belief:

☒ I have NOT performed services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

☐ I HAVE performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

- The Statements Of Fact Contained In This Report Are True And Correct.
- The Reported Analyses, Opinions, And Conclusions Are Limited Only By The Reported Assumptions And Limiting Conditions And Are My Personal, Impartial, And Unbiased Professional Analyses, Opinions, And Conclusions.
- Unless Otherwise Indicated, I Have No Present Or Prospective Interest In The Property That Is The Subject Of This Report And No Personal Interest With Respect To The Parties Involved.
- I Have No Bias With Respect To The Property That Is The Subject Of This Report Or The Parties Involved With This Assignment.
- My Engagement In This Assignment Was Not Contingent Upon Developing Or Reporting Predetermined Results.
- My Compensation For Completing This Assignment Is Not Contingent Upon The Development Or Reporting Of A Predetermined Value Or Direction In Value That Favors The Cause Of The Client, The Amount Of The Value Opinion, The Attainment Of A Stipulated Result, Or The Occurrence Of A Subsequent Event Directly Related To The Intended Use Of This Appraisal.
- My Analyses, Opinions, And Conclusions Were Developed, And This Report Has Been Prepared, In Conformity With The Uniform Standards Of Professional Appraisal Practice That Were In Effect At The Time This Report Was Prepared.
- Unless Otherwise Indicated, I Have Made A Personal Inspection Of The Property That Is The Subject Of This Report.
- Unless Otherwise Indicated, No One Provided Significant Real Property Appraisal Assistance To The Person(S) Signing This Certification (If There Are Exceptions, The Name Of Each Individual Providing Significant Real Property Appraisal Assistance Is Stated Elsewhere In This Report). Unless Otherwise Indicated In The Comments Below, I Have Performed No . --- - Unless Otherwise Indicated In The Comments Below, I Have Performed No Services, As An Appraiser Or In Any Other Capacity, Regarding The Property That Is Th

Additional Comments

Page 1 of the neighborhood section of the form has the question? property values, (_ increasing, _stable, _declining). I have consulted fannie mae and Fha and neither organization has a definition of a stable property value. Market values are always changing up or down. The rate of change and the direction up or down is always changing. Therefore a stable market of zero is not possible. From my experience and discussions with many realtors I am of the opinion that a market that is changing at a rate of 5% or more per year is a rising or declining market. At present the balance of market participants are in balance, supply and demand would be considered in balance with slightly below normal marketing times of around 30 days to 60 days on the market with a 5 to 7 month supply of houses for sale on the market. Currently the average marketing time is 67 days for the average sold sales and 68 days on the market for the listing on the market. There is a 4.48 month supply of homes on the market. So on my reports I mark the rising or declining box if the rate of change is 5% or greater and I note in my comments if the trend is appreciation or depreciation, increasing or decreasing property values. I also report the actual rate of change from the 1 year comp farm and the zillow rate of change for the subject's zip code. Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +7.5% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. This gives good support for my estimated market condition adjustments" applied on the market grid at 2% annual or .00167% per month from the pending date.

RESIDENTIAL APPRAISAL REPORT

File No.: D23S02005LC

Item 20.

SUBJECT

Property Address: 50020 Kenmore St | City: Coachella | State: CA | Zip Code: 92236
County: Riverside | Legal Description: Lot 1 MB 047/069 Tract 2731, APN: 768-163-001-6
Assessor's Parcel #: 768-163-001-6
Tax Year: 2022 | R.E. Taxes: $ 3,900 | Special Assessments: $ 0 | Borrower (if applicable): N/A - Eminent Domain Negotiation Use
Current Owner of Record: Javier and Virginia Botello | Occupant: [X] Owner [ ] Tenant [ ] Vacant | [ ] Manufactured Housing
Project Type: [ ] PUD [ ] Condominium [ ] Cooperative [X] Other (describe) Detached single family home | HOA: $ 0 [ ] per year [ ] per month
Market Area Name: Not in a named Development, MLS area 315 - Coachella | Map Reference: 5471-B5 | Census Tract: 0457.07

ASSIGNMENT

The purpose of this appraisal is to develop an opinion of: [ ] Market Value (as defined), or [X] other type of value (describe) fair market value/compensation. See attached definition.
This report reflects the following value (if not Current, see comments): [X] Current (the Inspection Date is the Effective Date) [ ] Retrospective [ ] Prospective
Approaches developed for this appraisal: [X] Sales Comparison Approach [X] Cost Approach [ ] Income Approach (See Reconciliation Comments and Scope of Work)
Property Rights Appraised: [X] Fee Simple [ ] Leasehold [ ] Leased Fee [ ] Other (describe)
Intended Use: The intended use of this appraisal is to assist the client, the owner Javier and Virginia Botello, determine the defined fair value/compensation to use in the settlement of a Eminent Domain Action between the owner, Javier and Virginia Botello and the City of Coachella.
Intended User(s) (by name or type): The client, the owner, Javier and Virginia Botello
Client: Javier and Virginia Botello | Address: 50020 Kenmore Street, Coachella, CA 92236
Appraiser: Lester Caplan | Address: 78206 Varner Road, Suite D-144, Palm Desert, CA 92211

MARKET AREA DESCRIPTION

Market Area Boundaries, Description, and Market Conditions (including support for the above characteristics and trends): See attached addendum. For comparable sales and immediate neighborhood market condition analysis the neighborhood is further restricted to non gated communities. The south neighborhood boundary is 52nd Avenue. The east neighborhood boundary is Highway (86). The north neighborhood boundary is Avenue 48. The west neighborhood boundary is Jackson Street.

Please see the market value trends on the form 1004MC and detailed analysis in the general text addendum. As shown by the market data and market analysis the appreciation rate in the neighborhood has started to decline from the top of the market which was about May and June 2022 when appreciation rates peeked at about 32.8% per year. The market is now stable with the current rate of appreciation at about 2%.

SITE DESCRIPTION

Dimensions: Irregular - see enlarged plat map | Site Area: 6,941 sf
Zoning Classification: R-S Residential Single Family Zone | Description: Single family residential, full R-S zoning code is in the workfile
Zoning Compliance: [X] Legal [ ] Legal nonconforming (grandfathered) [ ] Illegal [ ] No zoning
Are CC&Rs applicable? [ ] Yes [X] No [ ] Unknown | Have the documents been reviewed? [ ] Yes [ ] No | Ground Rent (if applicable) $ /
Highest & Best Use as improved: [X] Present use, or [ ] Other use (explain)
Actual Use as of Effective Date: Detached single family residential | Use as appraised in this report: detached single family residential
Summary of Highest & Best Use: Detached single family residential is the highest and best use. This is the current use and is the only legally permissible use.. The building style is detached single family ranch style 1 story home. The ownership rights are fee simple ownership. See the attached, detailed Highest & Best use analysis.

Utilities	Public	Other	Provider/Description
Electricity	[X]	[ ]	Public

Topography: Level pad, slightly above road grade
Size: Typical for the development
Shape: Irregular, almost rectangular
Drainage: Adequate
View: Other homes, no view amenity

Other site elements: [ ] Inside Lot [X] Corner Lot [ ] Cul de Sac [ ] Underground Utilities [ ] Other (describe)
FEMA Spec'l Flood Hazard Area [ ] Yes [X] No | FEMA Flood Zone X | FEMA Map # 06065C2270H | FEMA Map Date 03/06/2018
Site Comments: There are no apparent adverse easements or encroachments. It is assumed that the subject site has typical utility easements. The subject property has typical utilities as compared to other sites in the immediate neighborhood. However a title report was not provided for the appraisers review. Thus any easement or encroachment not noted on the plat map is unknown to the appraiser. Subject north side, sides a sidewalk, then a narrow greenbelt and then 50th Avenue beyond. This is an adverse location with traffic noise, 50th Avenue at the north side of the site is about 30 feet north of the home improvements. See birds-eye view photo and addendum for details.

Floors Tile/average | Walls Drywall/average | Bth Floor Tile/average | Bth Wnsc Tile/average | Kit.Cntr. Formica/average | Fireplace None

Finished area **above** grade contains: 6 Rooms | 3 Bedrooms | 2.0 Bath(s) | 1,294 Square Feet of Gross Living Area Above Grade

Additional features: See attached addendum. The interior has upgraded tile flooring in the entire home. recessed lighting, ceiling fans, remodeled bathroom vanities with granite countertops in the bathrooms; in-ground gunite pool, automatic sprinkler system front and rear yard, attached 2 car garage with automatic garage door opener.

Describe the condition of the property (including physical, functional and external obsolescence): C4; Subject is in average condition having been built in the year 1965, The home has not been recently remodeled. From old MLS it appears the home was remodeled with new flooring and paint and new bathrooms in 2009 and has been kept up with no major deferred maintenance. However the hom has wear & tear and the tile floors are outdated, the home has warn interior and exterior paint. Subject is maintained in average (C4) condition. See the attached quality & condition definitions addendum. Combined carbon monoxide detectors & smoke alarms have been installed. The water heater is double earthquake strapped. The utilities were on and all other appliances besides the oven were working and there was good water pressure with good hot water. Subject home is built with average (Q4) qua[illegible]nanship. See the addendum for some additional upgrades. The pool was green at the time of inspection. Per the owner the pool equipment is working properly but he recently stopped [illegible]en servicing the pool himself with cleaning and chemicals and has fallen behind in the regular cleaning and chemical maintenance of the pool.

Summary of Sales Comparison Approach: Sales 1, 4 & 5 are dated. Sales older than 6 months from the date of appraisal. Minimal rising price appreciation that shows up in the market grid since the market is flat with only 3% appreciation rate. The overall trend is rising but at a pace that is slow enough that if sales less than 3 months are used time adjustment is not needed. The proper notation on the neighborhood section of the report and in the market condition addendum is stable comparable sale prices since the rate of change is less than 5% per year. The current appreciation rate at 2% is quite lower than 12 months ago in February 2022 when they were appreciating at 36.8% annual appreciation rate. Also the sale price to listing ratio is at 100%. A few months ago they were around 103% to 104%. Also the inventory of homes on the market has increased and there is currently a 4.48 month supply of homes in the inventory. A few months ago there was less than 1/2 month supply of homes on the market. The appreciation rate of 2% equals a monthly rate of .02/12= .00167. The market condition adjustment for sales with a pending date more than 1 month prior the valuation date will be adjusted at 2% annual or .00167 or .167% per month from the pending date.

Subject site suffers external depreciation

The subject's north side wall of the site sides to a sidewalk and greenbelt and then 50th Avenue which is a busy street. There was minimal traffic noise from inside the subject home when the doors and windows were closed. There was loud traffic noise heard when in the back yard and north side yard. I reviewed the Coachella Valley Traffic Count Map at the north side of the site there was a daily traffic count of 6,537 cars going eastbound and 7,480 cars going westbound for a total daily traffic count of 14,017 cars. To estimate the loss in market value due to external depreciation from siding to 50th Avenue I did hybrid paired sales analysis. Using comp 1 which sides to 52nd Avenue which has similar traffic count as compared to 50th Avenue. I compared this sales to sales 2, 3, 4, & 5. From my analysis it appears the adverse traffic noise in the yard has minimal affect upon the market value or marketability. Comp 1 was only on the market for 41 days and sold for 100% of the asking price. This indicates that in the current market there is little resistance to market value or marketability to a location like the subject that sides to a busy street. Based upon this analysis I made a minimal adjustment of minus -$5,000 on the market grid and cost approach for external depreciation due to traffic noise from siding 50th Avenue.

Indicated Value by Sales Comparison Approach $ 386,000

Item 20.

COST APPROACH

COST APPROACH TO VALUE (if developed) ☐ The Cost Approach was not developed for this appraisal.

Provide adequate information for replication of the following cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value): The cost analysis below is also utilized to add support to the market grid condition adjustment and the living area square footage adjustment. Cost data used was from Marshall/Swift (MS) cost book. Sec. A, average quality (Q4) page Avg-19, section C for site data. The life expectancy was taken from the (MS) table on page E-7, depreciation was estimated using extended life theory & (MS) table on page E-19. Estimated land value was extracted. See addendum.

ESTIMATED ☐ REPRODUCTION OR ☒ REPLACEMENT COST NEW

Source of cost data: Marshall & Swift - Cost Handbook, 12/2022 Update

Quality rating from cost service: Average Effective date of cost data: Dec - 2022

Comments on Cost Approach (gross living area calculations, depreciation, etc.):

See attached addendum.

The estimated effective age is 35 years. The estimated life new of the improvements is 55 years.

Depreciation from the marshall & swift depreciation table is 45%.

The estimated remaining economic life is estimated to be 55 years - 45% = 30 years.

The depreciated cost of the improvements $124,618 or $96.30 per square foot

The depreciated cost of the 2 car garage is $15,137 or $7,569 per 1 car garage

External depreciation is estimated to be $5,000. This was estimated from 5 hybrid paired sales analysis utilizing sale 1 compared to sales 2, 3, 4, 5 & 6. This analysis is in my appraisal workfile and are not found in this report.

Estimated Remaining Economic Life (if required): 30 Years

OPINION OF SITE VALUE				=$ 238,000
DWELLING	1,294 Sq.Ft. @ $	175.10		=$ 226,579

Less Depreciation	Physical 136,894	Functional	External 5,000	=$(141,894)
Depreciated Cost of Improvements				=$ 162,315
"As-is" Value of Site Improvements				=$ 25,000
				=$
				=$
INDICATED VALUE BY COST APPROACH				**=$ 425,000**

INCOME APPROACH

INCOME APPROACH TO VALUE (if developed) ☒ The Income Approach was not developed for this appraisal.

Estimated Monthly Market Rent $ X Gross Rent Multiplier = $ **Indicated Value by Income Approach**

Summary of Income Approach (including support for market rent and GRM): The Income Approach Is Not Applicable Due To A Lack Of Comparable Sales That Were Rental Properties With Gross Rent Multipliers. The Lack Of Data Makes This Approach Too Inaccurate Use.

PUD

PROJECT INFORMATION FOR PUDs (if applicable) ☐ The Subject is part of a Planned Unit Development.

Legal Name of Project:

Describe common elements and recreational facilities: Subject is not a P.U.D. project, no owners association or H.O.A. dues.

RECONCILIATION

Indicated Value by: Sales Comparison Approach $ 386,000 **Cost Approach (if developed) $** 425,000 **Income Approach (if developed) $**

Final Reconciliation: Most weight was given the sales comparison approach to value. The cost approach to value supports the value estimate but is less reliable due to accrued depreciation and lack of land sales. The income approach to value is not applicable due to A lack of relevant market data to apply this approach to value.

This appraisal is made ☒ "as is", ☐ subject to completion per plans and specifications on the basis of a Hypothetical Condition that the improvements have been completed, ☐ subject to the following repairs or alterations on the basis of a Hypothetical Condition that the repairs or alterations have been completed, ☐ subject to the following required inspection based on the Extraordinary Assumption that the condition or deficiency does not require alteration or repair: There are no conditions to the value estimate, other than those stated in the certification, contingent and limiting conditions.

☐ This report is also subject to other Hypothetical Conditions and/or Extraordinary Assumptions as specified in the attached addenda.

Based on the degree of inspection of the subject property, as indicated below, defined Scope of Work, Statement of Assumptions and Limiting Conditions, and Appraiser's Certifications, my (our) Opinion of the Market Value (or other specified value type), as defined herein, of the real property that is the subject of this report is: $ 386,000 , as of: 03/06/2023 , which is the effective date of this appraisal. If indicated above, this Opinion of Value is subject to Hypothetical Conditions and/or Extraordinary Assumptions included in this report. See attached addenda.

Summary of Sales Comparison Approach

Comparable 6 is a active listing. The price reported is the listing price, Hence this comparable was adjusted for contract negotiation utilizing the sale price to listing price ratio reported in the neighborhood statistics. This is 100% so no adjustment was applied.

The estimated condition takes into account any renovation, remodeling or updating that the subject and comparable sales may have had. The definitions of the C1 thru C6 condition rating note that the condition rating takes into account the effect the condition of a property has upon effective age. For this reason I no longer make adjustments for age or effective age since due consideration for this is factored into the condition adjustment and making an age adjustment would be in effect making a double adjustment. For this reason sometimes on the market grid you may see homes with a large difference In age but no adjustment made since effective age was considered when I made the condition adjustment. My observation from the interior photos and examination of the MLS comments for Comps 1 & 5 indicate these sales had been well maintained but were not recently remodeled and are considered to be in similar (C4) condition as compared to the subject's (C4) condition. Comp 2, 3, 4 & 6 had recent remodeling completed and were in good (C3) condition and had less wear & tear and had some newer surface materials and are in superior (C3) condition. From hybrid paired sales analysis and depreciated cost analysis I estimate the condition adjustment to be minus -$10,000.

The market grid has a wider range of adjusted value indicators than preferred. The reason there is a wide range in adjusted value indicators for the comparable sales is there are a wide range of variables for this property type. The subject and comparables are older homes that are in different state of repair with much variation in effective age, living area, upgrade options and site amenities. Do to this variation there is a wide range of market reaction to these items of variation and the value placed upon these items by the buyers and sellers. However the differences between the subject and comparables are not always specifically delineated in the MLS which creates a wider than preferred range of adjusted values, since there are no specific items to make adjustment for on the market grid. This makes appraising this type of property more subjective than an appraisal of a simple smaller tract home.

Market Conditions Addendum to the Appraisal Report

File No. D23S02005LC

Item 20.

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address 50020 Kenmore St | City Coachella | State CA | ZIP Code 92236

Borrower N/A - Eminent Domain Negotiation Use

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

Seller-(developer, builder, etc.)paid financial assistance prevalent? ☒ Yes ☐ No				☒ Declining ☐ Stable ☐ Increasing

Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). The California Desert Association of REALTORS, Inc. MLS indicated 4 of 84 (4.8%) of the closed sales in the market area between 06/14/2021 and 06/14/2022 contained seller concessions. Concessions ranged between $4 and $4,000, and the median concession was $1,600. For 7-12 months prior, 2 of 35 transactions (5.7%) had concessions. For 4-6 months prior, no transactions had concessions reported. For the 3 months prior to the effective date, 2 of 25 transactions (8.0%) had concessions.

Are foreclosure sales (REO sales) a factor in the market? ☐ Yes ☒ No If yes, explain (including the trends in listings and sales of foreclosed properties).

There are few foreclosed, reo & short sale properties in the market place. These distressed properties are not pervasive so that it is almost always possible to make an appraisal without using some of these distressed properties in the appraisal process. Sometimes it is necessary to utilize a distressed property to bracket a property feature of the subject. But less weight is given these distressed properties. The non distressed properties when they sell, their sale price is most often higher than distressed properties in very similar condition in the same neighborhood. For this reason these sales are not considered market comparables when doing a estimate of market value and these sales are omitted from analysis.

Cite data sources for above information. The Market Conditions Addenda was completed with data from California Desert Association of REALTORS, Inc. MLS with an effective date of 06/14/2022.

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +7.5% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. Market condition adjustments" are applied on the market grid at 2% annual or .00167% per month from the pending date.

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project , complete the following: **Project Name:**

Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Total # of Comparable Sales (Settled)				☐ Increasing ☐ Stable ☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing ☐ Stable ☐ Declining
Total # of Active Comparable Listings				☐ Declining ☐ Stable ☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining ☐ Stable ☐ Increasing

Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project.

• **General Purpose Form: neighborhood market factors**

The neighborhood has close proximity to typical community services such as schools, shopping, medical facilities, police and fire protection. The neighborhood has typical land use of average (Q4) quality single family tract homes ranging to large simi-custom tract homes. Several golf courses are in close proximity. This adds marketability and appeal to the area and does not have any adverse affect upon value or marketability. The neighborhood is about 3 miles to the (10) freeway making this neighborhood accessible to employment centers. The subject's immediate neighborhood is known as Coachella is located on public streets. Subject's immediate neighborhood is in close proximity to Shopping and Dining at Harrison Street & 50th Avenue.

• **General Purpose Form: neighborhood market conditions**

Marketing conditions and demand appear to be in balance at this time. As of the valuation date there is a 5.8 month housing supply in the Coachella Valley. A housing supply of 5 to 8 months is considered to be a market in balance.

Page 1 of the neighborhood section of the form has the question? property values, (_ increasing, _stable, _declining). I have consulted fannie mae and Fha and neither organization has a definition of a stable property value. Market values are always changing up or down. The rate of change and the direction up or down is always changing. Therefore a stable market of zero is not possible. From my experience and discussions with many realtors I am of the opinion that a market that is changing at a rate of 5% or more per year is a rising or declining market. At present the balance of market participants are in balance, supply and demand would be considered in balance with slightly below normal marketing times of around 30 days to 60 days on the market with a 5 to 7 month supply of houses for sale on the market. Currently the average marketing time is 67 day for the average sold sales and 68 days on the market for the listing on the market. There is a 6.7 month supply of homes on the market. So on my reports I mark the rising or declining box if the rate of change is 5% or greater and I note in my comments if the trend is appreciation or depreciation, increasing or decreasing property values. I also report the actual rate of change from the 1 year comp farm and the zillow rate of change for the subject's zip code. Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +7.5% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. This gives good support for my estimated market condition adjustments" applied on the market grid at 2% annual or .00167% per month from the pending date.

The following is a brief history of the market; values were stable between late 2006 to late 2007 and then prices started to drop. Property values declined from late 2007 thru the middle of 2011. In most areas of the coachella valley property value started to stabilize with most neighborhoods having flat values. Then in the last quarter of 2011 thru 2019 most neighborhood began a gradual rise in property values. Then in early 2020 values began a rapid rise in values. .Appreciation rates peeked in May of 2022 and in the last 6 months the rate has been trending downward. Currently the rate of price appreciation is estimated to be 2.0% annually. Currently it appears that this trend is continuing into the 1st quarter of 2023. The market is healthy with slight price increase at about 2%. Most properties are at the listing price or slightly below. It is no longer a panic market with rapid rising values so now few buyers are making an offer over the asking price. Normal marketing times rang from 60 to 120 days. Currently the comparables in the report were selling in 67 to 68 days.

Presently marking "declining market" on page 1 of the appraisals is not appropriate. The reason for this is the market where the subject is located prices are rising at about 3%. Sales older than 1 months from the date of appraisal are showing rising price appreciation that shows up in the market grid. The overall trend is rising at a pace that is slow enough that if sales less than 1 months are used time adjustment is not needed. The proper notation on the neighborhood section of the report and in the market condition addendum is stable comparable sale prices since the rate of change is less than 5% per year. The current appreciation rate at 2% is quite lower than 12 months ago in December 2021 when they were appreciating at 32.8% annual appreciation rate. See the Coachella Valley MLS Housing report for February 2022. Also the sale price to listing ratio is at 100.0%. A few months ago they were around 103% to 104%. Also the inventory of homes on the market has increased and there is currently a 4.48 month supply of homes in the inventory. A few months ago there was less than 1/2 month supply of homes on the market.

To demonstrate this it is important to include analysis of pending sales and listings in the current valuation process. However analyzing pending sales and listings does not mean that they will necessarily be reported on in the appraisal report. The overall market is considered stable. This is demonstrated by a normal marketing times of less than six months and a normal gap between listing price and sale price of more than 95%. Loan discounts, interest buydowns or other concessions are not typical at this time. Cash or its equal or conventional financing are the typical purchase terms. There are some transactions where the seller is paying up to 3% of the buyers non recurring closing cost. However in the current soft market the seller is not able to raise the sale price to compensate. Hence these seller concessions don't typically need a market adjustment. There is fha and va financing available on the conforming, non jumbo priced properties.

The multiple listing service statistical report showed that the average single family home sold for 100.0% Of the listing price. Thus based upon this information and our discussion with local listing realtors any current listing utilized in this appraisal will have a minus 0% Adjustment made for contract negotiation. Then the adjustment as well as all adjustments will be rounded to the nearest $1,000. Analysis of the comparable sales we analyzed shows the median market exposure time for homes similar to the subject was 67 days. Analysis of the comparable current listings we analyzed shows the median marketing time for homes similar to the subject is 68 days.

• **General Purpose Form: site comments**

There are no apparent adverse easements or encroachments noted. It is assumed that the subject site has typical utility easements. However a title report was not provided for the appraisers review. Thus any easement or encroachment not apparent from review of the plat map included in this report was not analyzed. Any affect of a non-apparent easement was not analyzed. The subject site is irregular in shape and at the corner of Balboa Street and 50th Avenue. Subject site fronts on a low traffic residential,street. The subject does side to a similar property along its south boundary but sides to Avenue 50 along its north boundary. Avenue 50 is a busy street and the subject suffers external depreciation due to traffic noise. The subject site does not have a view amenity that adds value.

Subject site suffers external depreciation

The subject's north side wall of the site sides to a sidewalk and greenbelt and then 50th Avenue which is a busy street. There was minimal traffic noise from inside the subject home when the doors and windows were closed. There was loud traffic noise heard when in the back yard and north side yard. I reviewed the Coachella Valley Traffic Count Map at the north side of the site there was a daily traffic count of 6,537 cars going eastbound and 7,480 cars going westbound for a total daily traffic count of 14,017 cars. To estimate the loss in market value due to external depreciation from siding to 50th Avenue I did hybrid paired sales analysis. Using comp 1 which sides to 52nd Avenue which has similar traffic count as compared to 50th Avenue. I compared this sales to sales 2, 3, 4, & 5. From my analysis it appears the adverse traffic noise in the yard has minimal affect upon the market value or marketability. Comp 1 was only on the market for 41 days and sold for 100% of the asking price. This indicates that in the current market there is little resistance to market value or marketability to a location like the subject that sides to a busy street. Based upon this analysis I made a minimal adjustment of minus -$5,000 on the market grid and cost approach for external depreciation due to traffic noise from siding 50th Avenue.

• **General Purpose Form: site comments continued**

Subject does not have any surplus land or excess land. Surplus land is defined as "land not necessary to support the highest and best use of the existing improvement but, because of physical limitations, building placement, or neighborhood norms, cannot be sold off separately. Excess land is defined as "land not needed to serve and support the existing improvement that can be separated and have a highest and best use of its own. Subject has a larger than typical site. However much of the site is utilized with value added site amenities. but there is a large west side yard area not improved but nicely landscaped. For this reason the regression analysis indicated site adjustment was much lower than the estimated site value with little loss in value due to diminishing return.

General Purpose Form: additional features

Subject is built with average quality materials and workmanship (Q4). Subject home is upgraded with all tile floors; Formica countertops in the kitchen. granite countertops in the bathrooms and tile bathroom wainscot; LED recessed lighting; ceiling fans; rear covered concrete patio; in-ground gunite pool; covered front yard patio; automatic sprinkler system; attached 2 car wide garage and the garage has an automatic garage door opener.

Owner	Javier and Virginia Botello						

• **General Purpose Form: condition of improvements**
Subject is in average (C4) condition overall having been built in 1965. Subject was remodeled with new flooring and paint, bathroom cabinets & granite bathroom countertops in 2010. Newer duel pane windows were installed sometime between 2010 and 2019. Subject has been well maintained with good maintenance. I estimate the subject's effective age to be 35 years. Subject is maintained in average (C4) condition. Carbon monoxide detectors & smoke alarms have been installed. The water heater is double earthquake strapped. The utilities were on. There was good water pressure with good hot water.

• General Purpose Form: cost approach comments
See the attached building sketch that shows the gross living area.

The Cost approach estimated building cost were derived from the marshall and swift residential cost handbook. The information is found in section (a) main improvements and section (c) yard improvements. Local and current cost multipliers were utilized.

Land Value was estimated by an extraction method due to limited vacant land sales of tract home sites. The method i utilized to abstract land value is as follows: the subjects total depreciated cost of all improvements is divided by the square footage of the subject's gross living area to determine a typical depreciated cost per square foot of all improvements for properties with similar quality and effective age as the subject. Then the typical depreciated cost per square foot is multiplied by the comparable sales gross living area to estimate the approximate depreciated cost of the improvements for the comparable sale. Then this figure is subtracted from the sale price of the comparable sale to estimate the amount attributable to land value for this comparable sale. After all sales have had their land value abstracted then a reconciled estimate of land value is made. Typically i do not report the land value analysis in the appraisal report, but this data is in the workfile, a copy of the workfile can be made available to the noted intended user of this appraisal, but the cost of this service was not included in the fee quote for the appraisal. This is an additional service and will be charged at my hourly rate of $150 per hour. I only report the final estimated land value in the appraisal report.

Physical Depreciation: physical depreciation is estimated by the extended life theory method. Estimated life new from the marshall & swift typical building life table found on page e-7 is 55 years. This is based upon a depreciation study of similar quality improvements performed by marshall & swift. Marshall & swift also made a study of the typical depreciation of a home by percentage as related to its effective age. This is the marshall & swift depreciation table on page e-17. The U.S. Treasury Department I.R.S Accelerated Cost Recovery Method uses a 27.5 Year life expectancy for single family home depreciation. But this assumes straight line depreciation with no maintenance. The majority of homes have maintenance with replacement of some of the homes components such as flooring, paint, appliances etc. This maintenance increases the life expectancy. A study done by the American community survey (ACS) shows the median age home in California is between 48 to 57 years. This gives support to the marshall & swift life expectancy estimate of 55 years. A 55 year life expectancy is reasonable and supported by the market data.

Depreciation is calculated as follows: the effective age is estimated by the appraiser after inspecting the subject home and looking at what home components have been replaced and then looking at like properties that lack the need of any moderation or major repairs to determine the effective age of the subject. Then the appraiser goes to the marshall & swift depreciation table on page e-17 to determine the percentage of physical depreciation due to wear and tear.

The remaining economic life is calculated by subtracting the estimated percentage of physical depreciation from the life expectancy new of 55 years.

Physical Depreciation, Due to the actual year built being late 1967 with an actual age 56 years. The home was remodeled in 2010. I estimate the subject's effective age to be 35 years. This equals 45% physical depreciation due to normal wear & tear.

Functional Depreciation: none noted.

External Depreciation: is noted. Subject front a low traffic street but sides to 50th Avenue beyond. This is an adverse location, with traffic heard in the back yard. Minimal traffic noise was heard from within the home with the doors and windows closed. Subject's location siding to 50th Avenue is external depreciation. See this addendum site analysis for details on the external depreciation and information on how I estimate the $10,000 adjustment for location when comparing subject's adverse location as compared to an interior location with no traffic noise.

• **General Purpose Form: sales comparison comments**

Selection of comparable sales
As the appraiser of the subject property my comparable sales search begins with a public records search of all closed sales 1 year prior to the date of appraisal of all sales within the subject's immediate neighborhood which is about 1/2 mile surrounding the subject property. I do this to get a feel of the trends in the neighborhood and to see all transactions even those that are not market sales to see if there are any non market transaction that could have an impact upon the subject property such as a probate sale or foreclosure in close proximity. After this I performed a MLS search for comparable sales. Since this appraisal is an appraisal of a urban property I have utilized my normal search criteria due to the availability of many sales with a healthy amount of sales activity. I searched an area within a one mile radius of the subject property of all active, contingent sales, pending sales and closed sales going back 1 year from the date of appraisal. I searched for sales within 25% of the subjects living area and sales built within 20 years of the date of construction of the subject property. This provided me with enough sales to get a statistical analysis for the market conditions report included in the appraisal. Then from this pool of sales I selected those sales that were closest in proximity with the most current sale date that were most similar in property characteristics. Then I inspected the 8 comparables that in my opinion were most similar. After I have completed the inspection of the subject property and the comparable sales I go back to my office and begin the full verification process where I analyze all the public record and MLS data on the nine sales I inspected and I talk to the realtors on some or all of the sales I deem necessary. After this process I do further analysis and decide which are the best sales to put in the report. Giving consideration to which sales will best bracket all of the subjects characteristics so I can do more accurate hybrid paired sales data analysis.

How I estimate the proper adjustments utilizing hybrid paired sales analysis
The following market grid adjustments were determined from paired sales data analysis of the comparables as they were analyzed on the market grid. This is how all adjustments on the market grid are estimated. Paired sales data analysis is a process in which two or more market sales are compared to derive an indication of the size of the adjustment for a single characteristic. In this appraisal there were several property characteristics that needed adjustment. Therefore I undertook a series of paired sales data analysis to isolate the effect of each property characteristic.

This Is done utilizing my appraisal software and the market grid. First I enter all the data for the subject and sales on the market grid.then I enter approximate adjustments for all the differences in property characteristics. For example I might estimate site area square footage adjustment at $3 per square foot. Then after all estimated adjustments are entered I do a hybrid paired sales analysis for each item that has been bracketed. For site area square footage adjustment I would enter an adjustment of $2/sf and then record the indicated value range and the amount of variation between the high and low indicator of value. Then I repeat this process at $3/sf, $4/sf, etc. After each entry at the specific price per square foot adjustment I note the amount of deviation. As I approach the market derived adjustment the amount of deviation gets lower. As I get farther away from the market derived adjustment then the deviation starts getting larger. The lowest deviation is close to the paired sales indicated market adjustment for that property characteristic.

I do not include this analysis in my appraisal report. It would be very time consuming and would add dozens of market grid pages to the report that would be confusing to a reader of the report. If a client wishes to have this analysis added to the report this would be beyond the scope of the original fee quote for the appraisal and would require additional fees at $175 per hour.

For a complete understanding of paired sales data analysis please see the appraisal institute book, "the appraisal of real estate" pages 385-387 & pages 394-397.

How I estimate the proper adjustments utilizing regression analysis
When I gather market data and sales comparison data from the MLS I export raw data into a comma separated value file (csv). Then upload those files into the Microsoft Excel Program. Then I manipulate the data into columns for the dependent and independent variables that I want to estimate such as closed sale price as the dependent variable and gross living area as the independent variable. I then remove the outlier data and then perform regression analysis on a scatter chart.

How I estimate the proper adjustments utilizing depreciated cost analysis
I estimate the cost new of the living area, appliances, fireplace, pool or spa as necessary, the garage and any other needed items from the Marshall & Swift cost hand book. I then estimate life expectancy and estimate effective age. I then estimate the percentage of depreciation. Then I take each individual item that I would compare on the market grid, like living area, garage, pool and spa and I estimate the depreciated cost of the item.

Representative adjustments applied to this appraisal
Other small adjustments in this appraisal of $1,000 or less are representative adjustments. The representative adjustments are for items of variation between the subject and comparable sale that exist but a specific adjustment is not specifically supportable by the market data. This is based upon the appraisal theory of substitution. The theory is that if there were two identical properties next door to each other that were exactly the same for every feature except one small item like a built-in outdoor bbq kitchen area. It is reasonable to assume that the majority of home buyers would be willing to pay some amount more for the home with the built-in outdoor bbq area than the home with out it, even thou it is not directly provable by market data or statistics that such an item directly has an impact upon market value. It is this type of variable that would receive a representative adjustment on the market grid. The adjustment is in effect a qualitative adjustment and not a qualitative adjustment even thou a small dollar adjustment is made. The reason it is considered a qualitative adjustment is the adjustment is so small it has minimal impact upon the final value estimate. Theses adjustments are supported by sound reasoning and is creditable (worthy of belief)

Conclusion to how I estimate the proper adjustments
In conclusion for all the main items of adjustment that are large adjustments and could impact the final value estimate I utilize some or all of the above methods to estimate proper market adjustments for the market grid. For the smaller items that could be adjusted but there is a lack of market data to support such an adjustment I then utilize qualitative adjustment as explained in the representative adjustments comment above.

Explanation of specific adjustments made for this appraisal

The regression analysis of the site area adjustment for difference in site area square footage was $11.82 per square foot. Site size adjustments were adjusted at $11.82 per square foot for and difference greater than 500 square feet of effective site area after adjusting for site utility. I estimated land value for the site at $34.29 per square foot. Yet I only adjusted at $11.82 per square foot on the market grid for differences in site area greater than 500 square feet. This difference is due to a diminishing return. After a buildable site has been developed with a adequate size home and site improvements the additional land left over has a diminishing value since it has less and less value per foot as the additional land has less usefulness. Thus the additional land was only adjusted at $11.82 per square foot. This adjustment was well supported by the regression analysis.

Condition of the property was adjusted at $10,000 for any difference between category C3 to C4 condition. The estimated condition takes into account any renovation, remodeling or updating that the subject and comparable sales may have had. The definitions of the C1 thru C6 condition rating note that the condition rating takes into account the effect the condition of a property has upon effective age. For this reason I no longer make adjustments for age or effective age since due consideration for this is factored into the condition adjustment and making an age adjustment would be in effect making a double adjustment. For this reason sometimes on the market grid you may see homes with a large difference In age but no adjustment made since effective age was considered when I made the condition adjustment. My observation from the interior photos and examination of the MLS comments for Comps 1 & 5 indicate these sales had been well maintained but were not recently remodeled and are considered to be in similar (C4) condition as compared to the subject's (C4) condition. Comp 2, 3, 4 & 6 had recent remodeling completed and were in good (C3) condition and had less wear & tear and had some newer surface materials and are in superior (C3) condition. From hybrid paired sales analysis and depreciated cost analysis I estimate the condition adjustment to be minus -$10,000.

From the cost approach I estimated the depreciated cost of the improvements to be $96.30 per square foot. The depreciated cost per square foot of improvements tends to set the upper limit to the market grid square footage adjustment. The regression analysis of the square footage of living area adjustment was $60.65 per square foot. See the attached regression analysis for gross living area adjustment. Square footage was adjusted at $61 per square foot for any difference greater than 100 square feet. Then the adjustment, as well as all adjustments, was rounded to the nearest $1,000.

The estimated depreciated cost of the pool was $16,500. There were no similar comparable sales with a pool so I adjusted at $12,000 for the pool amenity which is about 27% below depreciated cost which would cover any loss in value to the pool for overimprovement for the neighborhood which might be likely given the lack of homes with a pool amenity in this price range of home.

The subject had average quality interior upgrades consisting of average quality tile floors in the entire home with formica countertop in the kitchen and remodeled granite countertops in the bathrooms; Most of the comps had similar quality flooring and countertops and needed no adjustments for differences in upgrades. Some of the comps had laminate flooring or tile with carpet and tile or granite countertops. However in this price range of older home there is minimal market value difference for these upgrades so no adjustments for upgrades was needed.

Comparable sales utilized were the most current sales with similar location, size and amenities available from the public records, via fares and dataquick. We also searched on-line mls and our own computerized appraisal plant. All comparables utilized were relied upon. But each was given its due weight in the analysis.

The closed comparable sales ranged in a price per square foot from a low of $295.03 Per square foot to a high of $349.09 Per square foot. The subjects appraised value estimate equates to a value per square foot of $298.30 square foot. This is within the range of the comparable sales. Since the net and gross adjustments of the comparable sales are low this indicates that the comparable sales are truly comparable to the subject and that the appraised value is reasonable and supported.

In this appraisal equal weight was given all sales since no sale among the 5 closed sales sale stood out as being a better indicator of value over the other sales. Comparable six is a current listing and was considered to set the upper range of value for this analysis.

The Sales comparison analysis had adjustments applied to the comparable sales which reflect the market reaction to the differences in the properties, not the cost of these differences.

General Purpose Form: Analysis of 3 year sale history and current agreement
According to the public records as shown by RealQuest and Realist. The subject property has been owned by the current owners for more than 3 years. The date that title to the subject property last transferred was 01/17/2019. The reported sale price was $215,000. This is recoded in document number 19-019443. This was a full value grant deed transfer. I reviewed the prior MLS and the subject was on the market for a total of 42 days before selling to the current owner and sold for just under 100% of the listing price. This was an arms-length market transfer. The sale price was at full listing price and sold in only 42 days. There was no market resistance to selling this home due to its location siding 50th Avenue at this price range.

Prior Listings in the prior year;
According to the MLS and the current owner, the subject property has been listed for sale within the year prior this appraisal. Subject was listed on 01/31/2023. This listing price was $409,000. Subject was on the market for 27 days before the listing was placed on hold on 02/27/2023 and the is still on hold. The MLS listing number was 219090194. No other listings in the year prior this valuation date.

None of the comparable sales had any information on any market transfers in the year prior to the sale reported in this appraisal.

Additional General notes:
note: whenever public record does not have recorded site size for comparable properties, appraiser utilizes online plat map measuring tool in order to determine site size. It is this number, when necessary, that is used in the sales comparison portion of the appraisal report.

note: Whenever appraiser is unable to gain access to comparable sales that are gated properties, appraiser utilizes knowledge of the market area, combined with, mls and public record data, mls photos and, whenever possible, knowledge gained by speaking with real estate agents associated with those particular properties. It is at this point that appraiser makes an extraordinary assumption that the data sources utilized lend support to valid conclusions drawn by appraiser, as incorporated into the appraisal report.

note: Whenever appraiser believes a comparable property's mls photograph more accurately depicts what the property looked like at the time of sale, appraiser uses in appraisal report that mls photograph in the appraisal report's comparable photo pages, as well as the appraiser's photograph of the comparable." Also if a comparable property was in a gated community and the appraiser was not granted access to the property then the appraiser will utilize an mls photo and a photo of the guard gate.

note: Whenever appraiser appraises a property for a purchase transaction, appraiser always requests a copy of the purchase agreement from the lender. However, if the lender does not supply a copy of the purchase agreement, and appraiser is able to obtain a copy from the listing agent associated with the pending sale transaction, appraiser will utilize that purchase agreement by way of making an extraordinary assumption that the purchase agreement provided by the listing agent is exactly the same as the purchase agreement the lender has. If it is discovered after the appraisal is completed that both the lender's and listing agent's purchase agreements differ from each other in any way, then the data reported on from the purchase contract in this appraisal report becomes null and void, and appraiser accepts no liability in any way or form with regard to the pending sale transaction, or the sale information discussed in this appraisal report.

note: Payment of appraisal fee to appraiser/appraisal company is not contingent upon anything other than the client receiving the completed appraisal report. Once appraisal report is received by the client, appraisal fee is due and payable and expected to be paid in a timely manner.

The fannie mae form 1004mc has on the form as the first point of analysis; *"total# of comparable sales (settled)"*. The fannie mae form 1004, top of page 2 has; *"the total comparable sales in the subject neighborhood within the past 12 month"*. These fannie mae forms are not allowed to be altered per fannie mae guidelines and software capabilities. However the appraiser Lester Caplan has disregarded from these form statement's the word "*comparable*" . These sales and listings are only neighborhood market data and each sale and listing in this group has not been analyzed to se if they are actually comparable to the subject property.

The reason for this is it is necessary to utilize a much larger pool of sales data to get accurate market statistics. Only using sales that would meet the actual criteria of being a comparable sale would generate a pool of data to small to utilize for market statistical analysis.

I Include in my appraisal the search criteria I utilized to search the entire neighborhood, not just the immediate neighborhood. This search generates the 1 year comp farm that I also include in my appraisal report. It is from this comp farm that I select sales which are truly comparable to the subject property. The use of the word "comparable" on the above mentioned fannie mae forms is misleading, because most of the listings and sales from the comp farm are unsuitable to be utilized as comparables for market value analysis of the subject. But they are suitable to develop market area statistics.

The Data, conclusions, and opinions collected and rendered in this appraisal report are the intellectual property of the appraiser and provided to the specified client and specified intended users of the report for the exclusive use relating directly to the use of the report as disclosed in this appraisal assignment. Any other use is forbidden.

The address reported on this appraisal form is according to us Postal Service records as required by uad format. The title company reports the city or county address and the title report may or may not match to USPS records.

env Report format:
If this report was delivered to the lender/client in env format as requested by the lender/client, the conversion from the original report into the env format does not always include every page or all of the information contained in the original report. As a result of this conversion process any resulting report(s) created from the env format most likely will not contain all the data or pages needed for the reader to understand and follow the flow of data and full reasoning of the appraiser as intended in the original copy of the full appraisal report. The appraiser has no control over the final results of the env format report. The appraiser takes no responsibility for data that may be in reports in the env format or files created from the env format. It is here recommended that the lender/client request and obtain a complete copy of the original report in pdf format and also the xml format from the appraiser. The appraiser will supply these to the lender/client free of charge.

reasonable exposure time in market value estimates; uspap standard 1 rule 1-2 (b):
I have estimated reasonable exposure time in correlation to the market value definition as provided in this report to be from 3 to 6 months. This was estimated from examination of the marketing times of the comparables utilized in this appraisal. Also statistical analysis of the general market area for the neighborhood, discussions with local real estate brokers and current economic conditions. This estimate is predicated upon the assumption that the subject property offering would not exceed a listing price 10% above the market value estimate above this appraisal. This estimate of reasonable exposure time in market value estimate is only for the property type that is the subject of this appraisal.

ASSUMPTIONS, LIMITING CONDITIONS & SCOPE OF WO

File No.: D23S02005LC

Item 20.

Property Address:	50020 Kenmore St	City:	Coachella	State: CA	Zip Code: 92236
Client:	Javier and Virginia Botello	Address:	50020 Kenmore Street, Coachella, CA 92236		
Appraiser:	Lester Caplan	Address:	78206 Varner Road, Suite D-144, Palm Desert, CA 92211		

See attached addenda.

Scope of the appraisal & scope of work

The scope of this assignment has included: (1) upon receiving the appraisal assignment, I send the client, owner or realtor involved in the transaction a pre-appraisal questionnaire to receive information on the subject property, then I begin researching property characteristics, zoning, site data etc. I do a preliminary estimate of the subject's highest and best use. Then I schedule the appraisal inspection. (2) I research and make an investigation of current market conditions relative to the property type being appraised as well as the market sector with which the subject property is identified. I then research current market sales data relevant to the subject appraisal; (3) I personally perform an inspection of the subject property, & several similar property sales within the prior year of the inspection date and I drive the surrounding neighborhood and make an exterior inspection of the sales selected if they are not in a gated community; (4) interviews with brokers, property owners, appraisers and managers, as well as relevant public agencies and governing bodies; (5) collection, verification and analysis of market data and any other pertinent information necessary to the valuation process, then I select the best comparable properties to analyze and put in the report which includes viewing interior photos from the MLS of all the comparables utilized in the final analysis. (6) compilation of the descriptions, reasoning, analysis and explanations, leading to final value conclusions, within this report.

Lester Caplan the appraiser's hereunder has personally inspected the property being appraised in this report. Mr. Caplan made an interior and exterior inspection of the subject and exterior inspection of comparable sales that are not in a gated community. Mr. Caplan collected and analyzed the appropriate and available data that has been utilized in this report. Mr. Caplan also verified all sales information relating to each of the comparable properties that have been identified and analyzed for comparison purposes under this report. Mr. Caplan made the analysis pertaining to the indicated adjustments that have been made with respect to each comparable sale that has been made under this report. The final estimate of value made in this report for the subject property was made solely by Mr. Caplan. Mr. Caplan completed the physical preparation of this report. No other professional assistance was provided to Mr. Caplan by another person.

The california office of real estate appraisers will verify Mr. Caplan's California State Certified General Appraisal license numbered AG001751, expiration date September 1, 2024. Call the Bureau of Real Estate Appraisers at (916) 552 9000.

- F.I.R.R.E.A./U.S.P.A.P. addendum: scope
The primary source of data searched is on-line MLS, on-line RealQuest and Realist property data reports, Riverside County parcel report. We also have plat maps and zoning maps on-line. We also research zillow market analysis of the subject property zip code and MLS market conditions data. A search is made to determine if the subject has been listed in the MLS in the year prior the date of appraisal.then a search is made for the most recent and current comparable sales and listings and pending sales in the subject neighborhood. Then the most similar 6 to 15 sales & listings are selected for a drive by inspection. Then the sales & listings are verified by a source familiar with the comparable sale (realtor/buyer/seller). Then the most similar 3 to 9 sales & listings are selected to report upon. A minimum of three closed sales within 1 year of the date of appraisal and at least 1 listing or pending sale are reported upon in the appraisal report. Then items of property characteristics which impact market value are identified and then appropriate adjustments are estimated from the market data. Then the comparables are adjusted to the subject and then a market value estimate is made. A cost approach is also estimated where applicable. If a cost approach is utilized i utilize the Marshall & Swift cost service to estimate improvement cost, and land value is estimated from either an extraction method or land sales. And then these value estimates are reconciled to a final market value estimate for the subject.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered “new” if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner’s site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of hig

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.

Item 20.

FIRREA / USPAP ADDENDUM

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50020 Kenmore St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Owner	Javier and Virginia Botello						

Purpose

The intended use of this appraisal is to assist the client, the owner of the subject property, Javier and Virginia Botello determine fair market value of the property taken. See the 2021 California Code Eminent Domain Law Chapter 9, Artical 4, Measure of Compensation for Property Taken, to use in the settlement of a Eminent Domain Negotiation Between the owner Javier and Virginia Botello and the City of Coachella.

Scope

The primary source of data searched is on-line MLS, on-line Realquest and Realist. A search is made to determine if the subject has been listed in the mls in the year prior the date of appraisal. Then a search is made for the most recent and current comparable sales in the subject neighborhood. Then the most similar 6 to 12 sales are selected for a drive by inspection. Then the sales are verified by a source familiar with the comparable sale (realtor/buyer/seller). Then the most similar 3 to 9 sales are selected to report upon. A minimum of three closed sales within 1 year of the date of appraisal are required. The sales are adjusted to the subject and then a market value estimate is made. A cost approach is also estimated and then these value estimates are reconciled to a final market value estimate for the subject.

Intended Use / Intended User

The report is to be utilized to assist the owner, Javier and Virginia Botello to negotiate, mediate or litigate, a Eminent Domain Action between the owner Javier and Virginia Botello and the City of Coachella. This is the only intended use. The intended user is the the property owner Javier and Virginia Botello. No other user is authorized and any other use or user is not warranted by the appraiser. This appraisal may not be utilized for a federal related loan transaction, since the appraiser was directly engaged by the property owner and not a lending institution.

History of Property

Current listing information: See addendum for subject's 3 year sale history and 1 year listing history

Prior sale: See addendum for subject's 3 year sale history and 1 year listing history

Exposure Time / Marketing Time

The exposure time /marketing time in relation to the market value definition is estimated at three to six months. With the property being offered at no more than 10% above its market value. See reconciliation comments addendum.

Personal (non-realty) Transfers

No personal property was given any consideration in this appraisal. No value was given the subject property for any personal property. The value contribution of any personal property included with the purchase of a comparable sale was deducted on the market grid for that sale.

Additional Comments

The full compensation for the appraisal is the amount agreed upon with the client $900, The invoice is attached. The full appraisal fee for this appraisal is $900. No other compensation for this appraisal has been made.

- Unless otherwise indicated in the comments below, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

This appraisal may not be utilized for a federal related loan transaction, since the appraiser was directly engaged by the property owners and not a lending institution. The appraisal **was not** prepared in accordance with the requirements of title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, (F.I.R.R.E.A..) as amended (12 u.s.c. 3331 et seq.), and any implementing regulations.

Certification Supplement

1. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or an approval of a loan.
2. My compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

SCOPE OF THE REPORT

File No. D23S02005LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50020 Kenmore St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Owner	Javier and Virginia Botello						

Scope Of The Report

Appraisal Scope:

The Scope Of This Assignment Has Included: (1) Upon Receiving The Appraisal Assignment, I Send The Owner Or Realtor Involved In The Transaction A Pre-Appraisal Questionnaire To Receive Information On The Subject Property, Then I Begin Researching Property Characteristics, Zoning, Site Data Etc. I Do A Preliminary Estimate Of The Subject's Highest And Best Use. Then I Schedule The Appraisal Inspection. (2) I Research And Make An Investigation Of Current Market Conditions Relative To The Property Type Being Appraised As Well As The Market Sector With Which The Subject Property Is Identified. I Then Research Current Market Sales Data Relevant To The Subject Appraisal; (3) I Personally Perform An Inspection Of The Subject Property, & Several Similar Property Sales Within The Prior Year Of The Inspection Date And I Drive The Surrounding Neighborhood; (4) Interviews With Brokers, Property Owners, Appraisers And Managers, As Well As Relevant Public Agencies And Governing Bodies; (5) Collection, Verification And Analysis Of Market Data And Any Other Pertinent Information Necessary To The Valuation Process, Then I Select The Best Comparable Properties To Analyze And Put In The Report Which Includes View Interior Photos From The Mls Of All The Comparables Utilized In The Final Analysis. (6) Compilation Of The Descriptions, Reasoning, Analysis And Explanations, Leading To Final Value Conclusions, Within This Report.

Lester Caplan The Appraiser's Hereunder Has Personally Inspected The Property Being Appraised In This Report. Mr. Caplan Made An Interior And Exterior Inspection Of The Subject And Comparable Sales. Mr. Caplan Collected And Analyzed The Appropriate And Available Data That Has Been Utilized In This Report. Mr. Caplan Also Verified All Sales Information Relating To Each Of The Comparable Properties That Have Been Identified And Analyzed For Comparison Purposes Under This Report. Mr. Caplan Made The Analysis Pertaining To The Indicated Adjustments That Have Been Made With Respect To Each Comparable Sale That Has Been Made Under This Report. The Final Estimate Of Value Made In This Report For The Subject Property Was Made Solely By Mr. Caplan. Mr. Caplan Completed The Physical Preparation Of This Report. No Other Professional Assistance Was Provided To Mr. Caplan By Another Person.

The California Office Of Real Estate Appraisers Will Verify Mr. Caplan´s California Certified General Appraisal License Numbered Ag001751, Expiration Date September 1, 2024. Call The Office Of Real Estate Appraisers At (916) 552 9000.

The appraiser Lester Caplan measured the subject property utilizing the Square Footage-Method for Calculating: ANSI® Z765-2021 (American National Standards Institute®) Measuring Standard for measuring, calculating, and reporting gross living area (GLA) and non-GLA areas of subject property for this appraisal. The measurements are in compliance with the Fannie Mae guidelines that are in effect on April 1, 2022, for loans sold to Fannie Mae

• **Firrea/uspap Addendum: Scope**
The Primary Source Of Data Searched Is On-line Mls, On-line Realquest And Realist Property Data Reports, Riverside County Parcel Report. We Also Have Plat Maps And Zoning Maps On-line. We Also Research Zillow Market Analysis Of The Subject Property Zip Code And Mls Market Conditions Data. A Search Is Made To Determine If The Subject Has Been Listed In The Mls In The Year Prior The Date Of Appraisal.then A Search Is Made For The Most Recent And Current Comparable Sales And Listings And Pending Sales In The Subject Neighborhood. Then The Most Similar 6 To 15 Sales & Listings Are Selected For A Drive By Inspection. Then The Sales & Listings Are Verified By A Source Familiar With The Comparable Sale (Realtor/buyer/seller). Then The Most Similar 3 To 9 Sales & Listings Are Selected To Report Upon. A Minimum Of Three Closed Sales Within 1 Year Of The Date Of Appraisal And At Least 1 Listing Or Pending Sale Are Reported Upon In The Appraisal Report. Then Items Of Property Characteristics Which Impact Market Value Are Identified And Then Appropriate Adjustments Are Estimated From The Market Data. Then The Comparables Are Adjusted To The Subject And Then A Market Value Estimate Is Made. A Cost Approach Is Also Estimated Where Applicable. If A Cost Approach Is Utilized I Utilize The Marshall & Swift Cost Service To Estimate Improvement Cost, And Land Value Is Estimated From Either An Abstraction Method Or Land Sales. And Then These Value Estimates Are Reconciled To A Final Market Value Estimate For The Subject.

Highest And Best Use Analysis

A Brief Description Of The Term Highest And Best Use, Would Be:

The Use, From Among Reasonable Probable And Legal Alternative Uses, Found To Be Physically Possible, Appropriately Supported, Financially Feasible And That Results In The Highest Present Land Value. (See *1)

Implied Within This Definition Is Recognition Of The Contribution Of That Specific Use To Community Environment As To Community Development Sales In Addition To Wealth Maximization. Also Implied Is That The Determination Of Highest And Best Use Results From The Appraiser's Judgment And Analytical Skill, I.e. That The Use Determined Represents An Opinion, Not A Fact.

The Highest And Best Use Section Of This Report Is The Pivotal Point In The Appraisal Process. All Previous Data Is Used To Test The Four Criteria, As Stated In The Definition: (1) Physically Possible, (2) Legally Permitted, (3) Economically Feasible And, (4) Maximally Productive.

In Analyzing The Highest And Best Use Of The Subject Property, The First Question Is: Is It Physically Possible To Develop The Subject Property? The Answer Would Be Yes Since The Subject Site Is Capable Of Supporting The Existing Improvements Which Have Functional, Useful Floor Plan And Site Plan.

The Answer To The Second Question Is Yes: Is It Legally Permissible For The Site To Be Utilized As A Single Family Residential Property. As Stated In The Site Section Of The Report The Subject Site Is Zoned R-S - single family residential Which Does Permit The Existing Single Family Residential Utilization Of The Land And Improvements And Is The Only Type Of Project That Could Legally Be Built.

The Third Question Asks: Is It Feasible To Develop The Site As Proposed? The Answer To This Question Would Also Be Yes. The Existing Improvements Do Not Contribute To An Overbuilt Market. The Current Zoning And Development Trends Of The Area Dictate That The Only Marketable Use For The Site Is That Of A Single Family Use And The Subject Site Could Be Developed For This Use And Still Sell At A Profit Which Is The Measure Of Feasibility. The Level Of Profit Would Be High Enough To Attract Investor-developers In The Current Economic Conditions As Evidenced By New Projects Under Development In Close Proximity To The Subject Community.

The Fourth And Final Question Asks: Is The Proposed Use Maximally Productive? Again The Answer Is Yes. After Analyzing The Subject Site And The Development Trends Of The Neighborhood There Is Only One Type Of Development That The Site Would Support. This Is The Development Of The Site As A Single Family Dwelling. Therefore, The Existing Development Of The Subject Site As A Single Family Dwelling Is The Maximally Productive Use That Would Supply The Greatest Return To The Land. The Existing Improvements Are Developed To The Maximum Density That The Site And Zoning Will Accommodate.

In Summary, The Existing Utilization Of Land And Improvements Meets All The Criteria Of All Four Tests. Therefore, It Is Our Opinion That The Highest And Best Use For The Subject Site Is The Present Utilization Of The Land And Improvements As A Single Family Dwelling.

*1) American Institute Of Real Estate Appraisers, The Appraisal Of Real Estate, Ninth Edition, Pg. 244.

ENVIRONMENTAL ADDENDUM

File No. D23S02005LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50020 Kenmore St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Owner	Javier and Virginia Botello						

Scope Of Environmental Investigation Addendum:

I Did Not Observe Any Adverse Environmental Conditions. No Adverse Environmental Conditions Were Disclosed To Me During The Course Of My Investigation. The Scope Of My Environmental Investigation Is As Follows: I Made A Visual Inspection Of The Site And Surrounding Area For Any Apparent Adverse Environmental Conditions And I Asked The Subject Property Owner/occupant If They Were Aware Of Any Adverse Environmental Conditions In The Neighborhood. I Also Asked The Realtors I Spoke With If They Were Aware Of Any Adverse Environmental Conditions. They All Replied No. The Appraiser Assumes No Responsibility For The Possible Presence Of Lead Paint, Asbestos, Urea Formaldehyde, Radon Or Other Toxic Or Hazardous Materials On Or About The Property. If The Presence Of Such Material Is Known To Me, All Comments Regarding Such Conditions Would Be Found Here. If The Subject Improvements Were Built Prior To 1980then It Is Possible That There Is Lead Based Paint Or Asbestos On Site. I Am Not A Professional Environmental Inspector. If Hazardous Materials Are On Site Then There Could Be Cost Associated With These Materials That Are Not Considered In This Value Estimate And The Value Could Be Lower Than Reported In This Appraisal. If The Reader Of The Report Has Any Concern At All With Environmental Conditions, Then It Is Recommended That They Order An Environmental Inspection By A Professional Environmental Inspector. This Type Of Inspection Is Outside Of The Scope Of My Professional Experience.

There Are Frequent Earthquakes In Southern California. We Have Made An Inspection Of The Subject Property And It Appears To Be Free Of Structural Damage Related To Recent Earthquakes And After Shocks. All Utilities Servicing The Property Appear To Be Functioning Properly. Although The Inspection Revealed No Apparent Indications Of Significant Damage To The Property . It Is Noted That The Appraiser Is Not An Expert Of Structural Integrity Or Utility Related Fields. Thus The Appraiser Does Not Warrant The Structural Integrity Or Utilities.

Appraiser Recommends Inspection By A Structural Or Civil Engineer If Concerned With Damages Potentially Undetected By Appraisers Very Limited Earthquake Inspection. I Have Not Searched The Public Records To See If The Subject Site Is Within An Earthquake Zone. If Subject Site Is Within An Earthquake Zone This Could Impact The Value Estimate. Reader Is Advised To Determine This Information For Them Self Since This Appraisal Makes No Warranty As To The Effect Upon Value Of An Earthquake Zone.

As Of The Date Of The Appraisal Inspection There Was No Apparent Flood Or Water Damage.

"HEALTH AND SAFETY FACTORS:
The subject property description in this report including any building plans, plat maps, and photo addenda is based on my physical inspection of the subject property, data available in public information sources, and statements of persons associated with the subject property. As a Real Estate Appraiser, I have no competence as a Soils Engineer, Civil Engineer, Building Trades Contractor, Building Inspector, or Environmental Hazards Inspector. I have no qualifications to certify any health and safety factors regarding the subject property including but not limited to soils stability, seismic risks, water supply, wastewater system, building and site elements structural integrity, utility systems, smoke, carbon-monoxide detectors or any alarm systems, or environmental hazards. Accordingly, users of this report cannot rely upon it for any certification of subject property health and safety factors. For such certification, the users of this report must engage the services of licensed professional health and safety inspectors."

The inspection performed is an appraisal inspection for an estimate of value. "USPAP Advisory Opinion 2, ASB Advice: Purpose of an Inspection" states

"The primary reason for inspecting the subject property is to gather information about the characteristics of the property that are relevant to its value." Italics added for emphasis.

Market Condition (Time) Adjustment Regression Analysis

The above daily appreciation rate is $17.46 per day. The average sale price of the above sales is $367,591. The monthly dollar amount of appreciation is $17.46 x 30 days = $523.80. The monthly percentage of appreciation equals $523.80 divided by $367,591 = .001425 The annual appreciation rate = .001425 x 12 = .0171 or 1.7% annual appreciation.

This chart shows the median days on market for sales and active listings during each month starting 03-07-2022 through 03-06-2023.

For each month from 03-07-2022 to 03-06-2023 this chart shows the median price per square foot for both sales and listings in the subject market.

This graph demonstrates the months of housing supply per month by taking the active number of listings during that month and dividing by the average number of sales per month over the 12 months trailing.

Coachella Valley Housing Statistics February 2023 - Page 1

The Desert Housing Report

February 2023

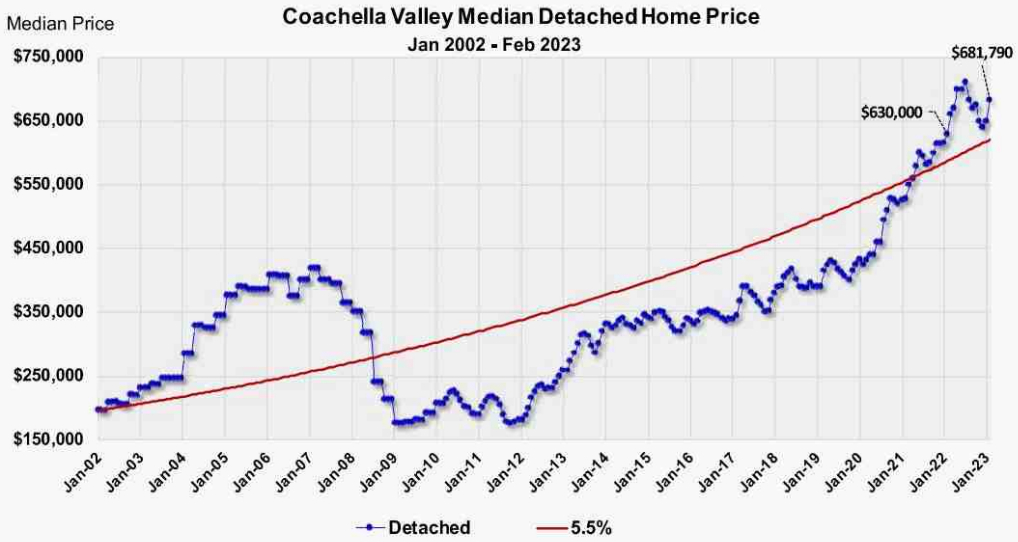
Summary

PRICES: The median price of a detached home in the Coachella Valley rose last month to $681,790, which is $31,790 higher than last month and up 8.2% year over year. This is the second monthly increase and was somewhat expected since prices typically begin their seasonal rise this month. The price is now only 4% below the peak price of $710,000 six months ago. The median price for attached homes was $434,000. This is 11.6% below the price peak in May and down 1% year over year. Three cities continue to have double digit price gains for their average size detached homes – Rancho Mirage, Cathedral City and Desert Hot Springs. Three other cities, however, are now down year over year – Palm Desert, Coachella and Bermuda Dunes.

SALES: The three-month average of sales rose in February from 413 units a month to 449. Most of this is seasonal but it is still positive to see it. Before the pandemic, February sales averaged 717 units per month, so sales are still running 37% below average. The largest percentage sales declines are in the city of Indio, down 58%, followed by Cathedral City at 57%. The cities of Coachella and Indian Wells continue to have the smallest percentage decline in sales.

INVENTORY & "MONTHS OF SALES" RATIOS: On March 1st, Valley inventory was 1,956 units, which is slightly below last month but 1,349 units more than last year. Some of the inventory gain over the last few months is seasonal but this year has been less than previous years. The Valley's "months of sales" ratio was 3.0 months, which is down slightly from last month. This fundamental ratio, which measures supply versus demand, is below its historic average for this time of year. This means that, while sales are down, there is still a balance between buyers and sellers. This should help keep price fluctuations within acceptable bounds.

DIM: The average selling time in the region continues to increase. At the end of February, the median number of "days in the market" throughout the Valley was 48 days, which is up eight days from last month and twenty-one days over last year. The city of Palm Springs has the lowest median selling time for detached homes at 35 days, followed by Cathedral City and Coachella at 38 days. In the attached market, Desert Hot Springs has the shortest median selling time at 24 days.



PRICE DISCOUNTS/PREMIUMS: Currently, only 12.8% of Valley sales occurred above list price compared to 44.4% a year ago. The percent is almost back to historic norms of around 10%. Every city but Coachella has an average selling discount for detached homes, which range from .1% for Coachella down to -4.3% for Indian Wells. Attached homes range from average discounts of -2% in Bermuda Dunes to -5.3% in Indio.

Coachella Valley Median Detached Price

The median price of a detached home in the Coachella Valley rose last month to $681,790, which is $31,790 higher than last month and up 8.2% year over year. This is the second monthly increase and was somewhat expected since prices typically begin their seasonal rise this month. The price is now only 4% below the peak price of $710,000 six months ago. We will continue to track its progress from here, since it is important to follow the data and not opinions during critical times like this.

Coachella Valley Housing Statistics February 2023 - Page 3

The Desert Housing Report
February 2023

Coachella Valley Median Attached Price
Jan 2002 - Feb 2023

Coachella Valley Median Attached Price

The median price in February for attached homes was $434,000. As the chart clearly shows the price is back to the long-term growth rate of 4.5%. The current price is 11.6% below its peak level in May and down 1% year over year. As the chart clearly shows, seasonally driven price increases normally begin by January or February. Unlike the detached market, this year was an exception. This could be because 75% of the buyers and sellers in this market are remote owners from outside the region.

Coachella Valley Housing Statistics February 2022 - Page 1

The Desert Housing Report

February 2022

Summary

PRICES: At the end of February the median price of a detached home throughout the Coachella Valley was $617,000, which is a year-over-year gain of 19.5%. The median price for attached homes was $439,250, which is a 12 month gain of 29%. The cities of Rancho Mirage, Indian Wells and Indio have year-over-year increases for their average detached home above 30%. Eight cities have price gains for attached homes over 30%, with La Quinta having a year over year increase of 51.4%! The high demand for attached homes is due to the lack of detached home supply in the lower price ranges.

SALES: Total sales in February averaged 852 units a month, which is 19% less than last February. While lower than last year, sales are still one hundred units higher than pre-pandemic levels. Sales of detached homes are down 17%, while those for attached homes are down 25% due to continued lack of supply. When we compare sales by city, we find the largest declines are in the four major resort cities of La Quinta, Palm Desert, Palm Springs in Rancho Mirage. Some of this is due to the large price increases in these cities, which naturally reduces the size of the overall buying pool. Cities classified as working cities – Cathedral City, Desert Hot Springs and Indio – generally have sales comparable to year ago levels.

INVENTORY & "MONTHS OF SALES" RATIOS: Inventory continues to hover near record lows and on March 1st was at 607 units. We find it rather disconcerting that the normal seasonal increase in inventory that usually occurs between September and March failed to materialize this year, just like it failed last year. On March 1st the "months of sales" for the Valley was the same as the last months at .6 months. A year ago, the ratio was one month. These historically low ratios continue indicate very low supply and moderate to strong demand, which are the two ingredients for much higher prices. As we've stated before, even though home prices have surged, this fundamental ratio strongly indicates that the upward price trend will continue.

DIM: At the end of February, the median number of "days in the market" throughout the Valley was 29 days, which is two days more than last month. With inventory remaining low and sales staying high, demand continue to keep selling times near record lows. Palm Springs has the lowest selling time for detached homes at just 21 days, followed by the city of Coachella at 22 days. In the attached market, Cathedral City has average selling times of just 8 days, followed by Palm Springs at 15 days.

PRICE DISCOUNTS: Palm Springs has the highest selling premium for detached homes at 3.4%, followed by Bermuda Dunes at 3% and the city of Coachella at 2.3%. In the attached market, Rancho Mirage has the highest selling premium at 2%.

February 2022

Coachella Valley Median Detached Home Price
February 2002 - February 2022

Coachella Valley Detached Median Price

The median price of a detached home throughout the Coachella Valley at the end of February was $617,000, which is a year-over-year gain of 19.5%. We continue to be in the seasonal period for price strength, and we expect this to continue. The forces that have driven prices higher – low inventory and rising sales – continue to dominate this housing market.

Coachella Valley Median Attached Price
February 2002 - February 2022

Coachella Valley Median Attached Price

The median price for attached homes in February was $439,250, which is a 12 month gain of 29%. As we've noted before, attached homes also have a seasonal pattern, which usually begins in November and carries through until May. Because of this, we expect the strong price gains, so visibly displayed in the graph, to continue for at least three or four more months.

RIGHT OF WAY AGREEMENT FOR CONVEYANCE OF REAL PROPERTY AND ESCROW INSTRUCTIONS

THIS AGREEMENT FOR CONVEYANCE OF REAL PROPERTY AND ESCROW INSTRUCTIONS, (the "**Agreement**"), is made and entered into as of MAY 8TH, 2023 by and between the **City of Coachella, a California charter City and municipal corporation**, ("**Buyer**"), and **Javier Botello and Virginia Botello, husband and wife, as joint tenants,** ("**Seller**"), with references to the following facts. Buyer and Seller are individually referred to as "Party," and collectively referred to as the "Parties".

RECITALS

A. Seller is the owner of certain real property located in the City of Coachella, (the "**City**"), the County of Riverside, (the "**County**"), State of California, (the "**State**"), which is identified by Assessor Parcel Number(s) **768-163-001**, (referred to as the "**Property**").

B. Buyer desires to acquire from Seller a portion of the Property, more particularly described and depicted on **Exhibits A and B** attached hereto, (collectively referred to as the "**Rights-of-Way**"), for various public purposes including street rights-of-way and public utilities.

C. Seller desires to convey to Buyer, and Buyer desires to acquire from Seller the Rights-of-Way in accordance with the terms and conditions contained in this Agreement.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements contained in this Agreement, and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged by Seller, Buyer and Seller hereby agree as follows:

AGREEMENT

1. PURCHASE AND SALE.

1.1 Agreement to Buy and Sell. Subject to the terms and conditions set forth herein, Seller hereby agrees to sell and convey to Buyer, and Buyer hereby agrees to acquire and purchase from Seller, the Rights-of-Way. As used herein the "Rights-of-Way" shall include the real property legally described on **Exhibit A** and depicted on **Exhibit B** and all of Seller's right, title and interest in and to any and all entitlements, tenements, hereditaments, easements, easement rights, rights to half-widths of all adjacent public streets and public rights of way, mineral rights, oil and gas rights, water, water rights, air

rights, development rights and privileges appurtenant thereto and all improvements located thereon.

1.2 Purchase Price. The purchase price, ("**Purchase Price**"), for the Rights-of-Way shall be **Three Hundred Eighty-Six Thousand Dollars and Zero Cents ($386,000.00)** payable as cash at closing, plus applicable escrow, associated fees, and other charges.

1.3 Full and Complete Settlement. Seller hereby acknowledges that the compensation paid to Seller through this Agreement constitutes the full and complete settlement of any and all claims against Buyer, by reason of Buyer's acquisition of the Rights-of-Way, specifically including, but not limited to, any and all rights or claims that Seller has, may have or may in the future have under Article 1, Section 19 of the California Constitution, the Eminent Domain Law, or any other law or regulation, except as provided herein Seller, on behalf of itself and its successors and assigns, hereby expressly and unconditionally waives and releases and discharges Buyer and any and all of Buyer's employees, agents, officers, servants, representatives, contractors, attorneys, partner agencies and assigns from liability in regard to any and all claims for damages, severance damages, interest, loss of goodwill, lost profits, lost rents, damages to or loss of improvements pertaining to the realty, machinery, fixtures, inventory, equipment and/or personal property, claims for inverse condemnation, pre-condemnation damages, any right to challenge Buyer's adoption of a resolution of necessity, any right to receive notices pursuant to Code of Civil Procedure section 1245.235, any right to enforce any obligation placed upon Buyer pursuant to the Eminent Domain Law, any other rights conferred upon Seller pursuant to the Eminent Domain Law, any claims for litigation expenses, attorney's fees, statutory interest and/or costs or any other compensation or benefits, other than for payment of the Purchase Price, it being understood that the Purchase Price constitutes complete and full settlement of all acquisition claims, liabilities, or benefits of any type or nature whatsoever, whether known or unknown as of the date of this Agreement, relating to or in connection with the Rights-of-Way or any other rights granted under this Agreement.

2. ESCROW AND CLOSING.

2.1 Opening of Escrow. Within fourteen (14) business days after execution of this Agreement by the last of Seller or Buyer, Buyer shall open an escrow, (the **"Escrow"**), with Commonwealth Land Title, at the address set forth in Section 7.12, (**"Escrow Holder"**), by depositing with Escrow Holder this Agreement fully executed, or executed counterparts hereof. The date this fully executed Agreement is signed and accepted by Escrow Holder on the last page hereof shall be deemed the **"Opening of Escrow"** and Escrow Holder shall advise Buyer and Seller of such date in writing. The escrow instructions shall incorporate this Agreement as part thereof and shall contain such other standard and usual provisions as may be required by Escrow Holder, provided, however, that no escrow instructions shall modify or amend any provision of this Agreement, unless expressly set forth in writing by mutual consent of Buyer and Seller. In the event there is a conflict between any such standard or usual provisions and the provisions of this Agreement, the provisions of this Agreement shall control.

2.2 Escrow Fees and Other Charges. At the Close of Escrow, Buyer agrees to pay all of Seller's and Buyer's escrow fees, charges and costs incurred in this transaction.

2.3 Closing Date; Conditions Precedent to Close of Escrow. Provided all of the conditions precedent set forth in this Section 2.3 have been satisfied (or are in a position to be satisfied concurrently with the Close of Escrow), the Close of Escrow shall occur WITHIN 60 DAYS (the **"Closing Date"**), unless otherwise extended by mutual agreement. As used in this Agreement, the **"Close of Escrow"** shall mean the date a Grant Deed as provided in Section 2.4.2(a) hereof (**"Grant Deed"**), is recorded in the Official Records of the County.

2.3.1 Conditions to Buyer's Obligations. The Close of Escrow and Buyer's obligation to purchase the Rights-of-Way are subject to the satisfaction of the following conditions or Buyer's written waiver of such conditions on or before the Closing Date. Buyer may waive in writing any or all of such conditions in its sole and absolute discretion.

(a) The Purchase Price shall have been determined in accordance with Section 1.2; and

(b) Seller shall have performed all obligations to be performed by Seller pursuant to this Agreement; and

(c) No event or circumstance shall have occurred which would make any of Seller's representations, warranties and covenants set forth herein untrue as of the Close of Escrow; and

(d) There shall have occurred no material adverse change in the physical condition of the Property (such as those caused by natural disasters) which would render the Rights-of-Way unsuitable for Buyer's intended use or which would materially increase the cost or cause a material delay in the schedule for Buyer's planned improvements of the Rights-of-Way; and

(e) The Title Company shall be committed to issue to Buyer, as of the Closing Date, the Title Policy (defined below) covering the Rights-of-Way, subject only to the Permitted Exceptions; and

(f) All monetary encumbrances, if any, shall have been reconveyed and title shall be conveyed free of all monetary encumbrances. Title to the Rights-of-Way shall be conveyed to Buyer free and clear of all recorded and unrecorded liens, encumbrances, assessments, easements, leases and taxes except for any non-delinquent taxes for the fiscal year in which this transaction closes which shall be cleared and paid in the manner required by Section 4986 of the Revenue and Taxation Code, if unpaid at the close of this transaction.

2.3.2 Conditions to Seller's Obligations. The Close of Escrow and Seller's obligation to sell and convey the Rights-of-Way are subject to the satisfaction of the

following conditions or Seller's written waiver of such conditions on or before the Closing Date. Seller may waive in writing any or all of such conditions as a condition to the Close of Escrow in its sole and absolute discretion.

(a) The Purchase Price shall have been determined in accordance with Section 1.2;

(b) Buyer shall have performed all obligations to be performed by Buyer pursuant to this Agreement; and

(c) No event or circumstance shall have occurred which would make any of Buyer's representations, warranties and covenants set forth herein untrue as of the Close of Escrow.

2.3.3 Waiver of a Condition Does Not Excuse Performance. If any condition precedent to the Close of Escrow is expressly waived, in writing, as a condition to the Close of Escrow by the Party for whose benefit such condition exists, then, to the extent such condition is capable of being satisfied following the Close of Escrow, such condition shall become a condition subsequent to the Close of Escrow and shall be satisfied by the party whose performance is required to satisfy such condition as soon as reasonably possible following the Close of Escrow.

2.4 Closing Documents. The parties shall deposit the following with Escrow Holder prior to the Close of Escrow:

2.4.1 Buyer's Deposits. Buyer shall deposit:

(a) The Purchase Price together with Buyer's escrow and other cash charges; and

(b) A Certificate of Acceptance for the Grant Deed as in a legally sufficient form typically used by Buyer.

2.4.2 Seller's Deposits. Seller shall deposit:

(a) The Grant Deed as in the form of **Exhibit C** attached hereto; and

(b) Subject to Section 2.5.1 below, an executed Affidavit of Non-foreign Status in the form of **Exhibit D** attached hereto and such other documentation necessary to exempt Seller from the withholding requirements of Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder; and

(c) Subject to Section 2.5.1 below, a Withholding Exemption Certificate Form 593 as contemplated by California Revenue and Taxation Code §18662 (the "**Withholding Affidavit**") duly executed by Seller.

2.4.3 Deposits of Additional Instruments. Seller and Buyer shall each deposit such other instruments as are reasonably required by Escrow Holder or otherwise required to proceed to the Close of Escrow and consummate the conveyance of the Rights-of-way from Seller to Buyer in accordance with the terms of this Agreement.

2.5 Closing.

2.5.1 Withholding. In the event that, pursuant to Section 2.4.2(b) above, Seller fails to deposit with Escrow Holder the executed Affidavit of Non-foreign Taxpayer Status which exempts Seller from the withholding requirements of Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, Seller hereby authorizes Escrow Holder to withhold ten percent (10%) of the Purchase Price of the Rights-of-Way less any applicable closing costs and to report and transmit the withheld amount to the Internal Revenue Service. Additionally, in the event that, pursuant to Section 2.4.2(c) above, Seller fails to deposit with Escrow Holder any applicable tax document which exempts Buyer from California withholding requirements, if any, Seller hereby authorizes Escrow Holder to withhold such additional percentage of the Purchase Price of the Rights-of-Way as is required by California law, and Escrow Holder shall report and transmit the withheld amount in the manner required by California law. By agreeing to act as Escrow Holder hereunder, Escrow Holder expressly agrees to undertake and be responsible for all withholding obligations imposed pursuant to Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder and under any similar provisions of California law, and shall defend, indemnify and hold Buyer harmless in connection with such obligations.

2.5.2 Necessary Actions of Escrow Holder. On the Close of Escrow, Escrow Holder shall: (i) record the Grant Deed as in the Office of the County Recorder of the County, (ii) pay any transfer taxes, (iii) instruct the County Recorder to return the Grant Deed as to Buyer, (iv) distribute to Seller the Purchase Price, and (v) deliver to Buyer the Title Policy covering the Rights-of-Way subject only to the Permitted Exceptions, the Affidavit of Non-foreign Status and the applicable California withholding exemption form, if any.

2.5.3 Taxes and Assessments. Real property taxes and assessments shall be prorated as of the Close of Escrow on the basis of the most recent tax information and such proration shall be final. Said prorations shall be based on a three hundred sixty-five (365) day year.

2.5.4 Title and Possession. Upon the Close of Escrow, title to and exclusive possession of the Property shall be conveyed to Buyer, subject only to the Permitted Exceptions.

3. ACTIONS PENDING CLOSING.

3.1. Title Review.

3.1.1 Title Report. Within three (5) business days after the Opening of Escrow, Commonwealth Land Title (the **"Title Company"**) will furnish Buyer and Seller with an updated Title Commitment on the Property together with legible copies of all documents referenced therein as exceptions to title and a plot plan for the Property showing all the locations of all easements referenced therein (collectively, the **"Title Commitment"**).

3.1.2 Title Notices. Buyer shall have ten (10) business days after its actual receipt of the Title Commitment to deliver to Escrow Holder written notice (the **"Preliminary Title Notice"**) of Buyer's approval, conditional approval or disapproval of the title matters disclosed in the Title Commitment. All matters not timely approved by Buyer will be deemed disapproved. All such exceptions disapproved by Buyer are referred to herein as **"Disapproved Exceptions"**. All monetary encumbrances are hereby deemed Disapproved Exceptions and shall be removed and satisfied at the Close of Escrow.

3.1.3 Permitted Exceptions. **"Permitted Exceptions"** shall mean all exceptions appearing on the Title Commitment which are: (i) standard printed exceptions in the Title Policy issued by Title Company; (ii) general and special real property taxes and assessments, a lien not yet due and payable; and (iii) any other liens, easements, encumbrances, covenants, conditions and restrictions of record approved, or expressly waived by Buyer pursuant to this Section 3.1.

3.2. Title Policy. Buyer's obligation to proceed to the Close of Escrow shall be conditioned upon the commitment by Title Company to issue an ALTA Standard Coverage Owner's Policy of Title Insurance (the **"Standard Coverage Policy"**), showing title to the Property vested in Buyer with liability equal to the Purchase Price, subject only to the Permitted Exceptions. At Buyer's option, Buyer may require an ALTA Extended Coverage Owner's Policy instead of the Standard Coverage Policy provided that Buyer pays any additional premium on account thereof. The form of title policy selected by Buyer shall be referred to herein as the **"Title Policy"**.

3.3. Right of Possession. It is agreed and confirmed by the parties hereto that notwithstanding other provisions in this contract, the right of possession and use of the subject property by the State (or other agency), including the right to remove and dispose of improvements, shall commence on the date the amount of funds as specified in Clause 1.2 herein are deposited into escrow controlling this transaction. The amount shown in Clause 1.2 herein includes, but is not limited to, full payment for such possession and use, including damages, if any, from said date.

3.4. Seller's Covenant Not to Further Encumber the Property. Seller shall not, directly or indirectly, alienate, encumber, transfer, option, lease, assign, sell, transfer or convey its interest or any portion of its interest in the Property, or any portion thereof, or enter into any agreement to do so, so long as this Agreement is in force. Seller shall timely discharge, prior to the Closing, any and all obligations relating to work performed on or conducted at or materials delivered to or for the Property from time to time by Seller, or at Seller's direction or on its behalf, in order to prevent the filing of any claim or mechanic's

lien with respect to such work or materials.

3.5. Loss or Damage to Improvements. Loss or damage to the Property, including any improvements existing thereon as of the date of this Agreement, by fire or other casualty, occurring prior to the recordation of the Grant Deed as shall be at the risk of Seller. In the event that loss or damage to the Property, or any such improvements thereon, by fire or other casualty, occurs prior to the recordation of the Grant Deed as Buyer may elect to require that the Seller pay to Buyer the proceeds of any insurance policy or policies which may become payable to Seller by reason thereof, or to permit such proceeds to be used for the restoration of the damage done, or to reduce the Purchase Price by an amount equal to the diminution in value of the Property by reason of such loss or damage or the amount of insurance payable to Seller, whichever is greater.

4. REPRESENTATIONS, WARRANTIES AND COVENANTS.

4.1. Seller's Representations, Warranties and Covenants. In addition to the representations, warranties and covenants of Seller contained in other sections of this Agreement, Seller hereby represents, warrants and covenants to Buyer as follows, all of which shall survive the Close of Escrow:

4.1.1 Seller's Authority. Seller is the sole owner in fee simple absolute of the Property and has the full right, capacity, power and authority to enter into and carry out the terms of this Agreement. Seller has not alienated, encumbered, transferred, leased, assigned or otherwise conveyed its interest in the Property or any portion thereof except as set forth in the Title Commitment, nor entered into any Agreement to do so, nor shall Seller do so during the term of this Agreement. The entering into and performance by Seller of the transactions contemplated by this Agreement will not violate or breach any other agreement, covenant or obligation binding on Seller, and there is no consent required from any third party before the Property may be conveyed to Buyer. This Agreement has been duly authorized and executed by Seller, and upon delivery to and execution by Buyer shall be a valid and binding agreement of Seller.

4.1.2 Hazardous Substances. To the best of Seller's knowledge the Property complies with all applicable laws and governmental regulations including, without limitation, all applicable federal, state, and local laws pertaining to air and water quality, hazardous waste, waste disposal, and other environmental matters, including, but not limited to, the Clean Water, Clean Air, Federal Water Pollution Control, Solid Waste Disposal, Resource Conservation Recovery and Comprehensive Environmental Response Compensation and Liability Acts, and the California Environment Quality Act, and the rules, regulations, and ordinances of the City, the California Department of Health Services, the Regional Water Quality Control Board, the State Water Resources Control Board, the Environmental Protection Agency, and all applicable federal, state, and local agencies and bureaus.

Seller agrees to indemnify, defend and hold Buyer harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive

damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the presence, release, use, generation, discharge, storage, or disposal of any Hazardous Material on, under, in or about, or the transportation of any such materials to or from the Property, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment, or license relating to the use, generation, release, discharge, storage, disposal, or transportation of Hazardous Materials on, under, in, or about, to or from the Property. This indemnity shall include, without limitation, any damage, liability, fine, penalty, punitive damage, cost, or expense arising from or out of any claim, action, suit or proceeding for personal injury (including sickness, disease, or death, tangible or intangible property damage, compensation for lost wages, business income, profits or other economic loss, damage to the natural resource or the environment, nuisance, pollution, contamination, leak, spill, release, or other adverse effect on the environment).

4.1.3 Mechanic's Liens. There are no mechanics', material men's or other claims or liens presently claimed or which will be claimed against the Property for work performed or commenced prior to the date of this Agreement or relating to the environmental condition of the Property. Seller agrees to hold Buyer harmless from all costs, expenses, liabilities, losses, charges and fees, including without limitation attorneys' fees, arising from or relating to any such lien or any similar lien claimed against the Property and arising from work performed or commenced prior to the Close of Escrow, unless performed by or at the request of Buyer.

4.1.4 Other Facts and Circumstances. There are no other facts or circumstances known to Seller that would preclude, prevent or impair the development of the Property.

4.1.5 No Untrue Statements or Omissions of Fact. Neither this Agreement, nor any of the exhibits hereto, nor any document, certificate, or statement referred to herein or furnished to Buyer in connection with the transaction contemplated herein (whether delivered prior to, simultaneously with, or subsequent to the execution of this Agreement) contains any untrue statement of material fact or, omits to state a material fact in any way concerning the Property, or otherwise affecting or concerning the transaction contemplated hereby.

Each of the representations and warranties made by Seller in this Agreement, or in any exhibit, or on any document or instrument delivered pursuant hereto shall be continuing representations and warranties which shall be true and correct in all material respects on the date hereof, and shall be deemed to be made again as of the Close of Escrow and shall then be true and correct in all material respects. The truth and accuracy of each of the representations and warranties, and the performance of all covenants of Seller contained in this Agreement, are conditions precedent to the Close of Escrow. Seller shall immediately notify Buyer of any fact or circumstance which becomes known to Seller which would make any of the foregoing representations or warranties untrue.

4.2. Buyer's Representations and Warranties. Buyer represents and warrants to Seller as follows, all of which shall survive the Close of Escrow:

4.2.1 Buyer's Authority. Buyer has the capacity and full power and authority to enter into and carry out the agreements contained in, and the transactions contemplated by, this Agreement, and that this Agreement has been duly authorized and executed by Buyer and, upon delivery to and execution by Seller, shall be a valid and binding Agreement of Buyer.

4.2.2 No Untrue Statements or Omissions of Fact. Neither this Agreement, nor any of the exhibits hereto, nor any document, certificate, or statement referred to herein or furnished to Seller in connection with the transaction contemplated herein (whether delivered prior to, simultaneously with, or subsequent to the execution of this Agreement) contains any untrue statement of material fact or, omits to state a material fact in any way concerning the Property, or otherwise affecting or concerning the transaction contemplated hereby.

Each of the representations and warranties made by Buyer in this Agreement, or in any exhibit or on any document or instrument delivered pursuant hereto, shall be continuing representations and warranties which shall be true and correct in all material respects on the date hereof, and shall be deemed to be made again as of the Close of Escrow, and shall then be true and correct in all material respects. The truth and accuracy of each of the representations and warranties, and the performance of all covenants of Buyer contained in this Agreement, are conditions precedent to the Close of Escrow. Buyer shall notify Seller immediately of any facts or circumstances which are contrary to the foregoing representations and warranties contained in this Section 4.2.

4.3. Mutual Indemnity. Seller and Buyer shall defend, indemnify and hold free and harmless the other from and against any losses, damages, costs and expenses (including attorneys' fees) resulting from any inaccuracy in or breach of any representation or warranty of the indemnifying party or any breach or default by such indemnifying party under any of such indemnifying party's covenants or agreements contained in this Agreement.

5. CONDEMNATION. Seller and Buyer acknowledge that this transaction is a negotiated settlement in lieu of condemnation, and Seller hereby agrees and consents to the dismissal or abandonment of any eminent domain action in the Superior Court of the State of California in and for the County of Riverside, wherein the herein described property is included and also waives any and all claims to any money on deposit in the action and further waives all attorneys' fees, costs, disbursements, and expenses incurred in connection therewith. If, prior to the close of the execution of this transaction, Seller (or Seller's Tenant) is served with a Summons and Complaint in Eminent Domain in which Seller (or Seller's Tenant) is a named defendant, upon the close of escrow, Seller agrees and consents to Buyer taking a default in the action. Moreover, the total compensation to be paid by Buyer to Seller is for all of Seller's interest in the Property and any rights which exist or may arise out of the acquisition of the Property for public purposes, including

without limitation, Seller's interest in the land and any improvements and fixtures and equipment located thereon, improvements pertaining to the realty (if any), severance damages, any alleged pre-condemnation damages, loss of business goodwill (if any), costs, interest, attorney's fees, and any claim whatsoever of Seller which might arise out of or relate in any respect to the acquisition of the Property by the Buyer. The compensation paid under this Agreement does not reflect any consideration of or allowance for any relocation assistance and payments or other benefits which Seller may be entitled to receive, if any. Relocation assistance, if any, will be handled via separate Agreement.

6. BROKERS. Seller and Buyer each represents and warrants to the other that they have not dealt with or been represented by any brokers or finders in connection with the purchase and sale of the Property and that no commissions or finder's fees are payable in connection with this transaction. Buyer and Seller each agree to indemnify and hold harmless the other against any loss, liability, damage, cost, claim or expense (including reasonable attorneys' fees) incurred by reason of breach of the foregoing representation by the indemnifying party. Notwithstanding anything to the contrary contained herein, the representations, warranties, indemnities and agreements contained in this Section 6 shall survive the Close of Escrow or earlier termination of this Agreement.

7. MAINTENANCE AND REPAIR. The Seller(s) and successors and assignees in interest shall maintain and repair the improvements including and without limitation all structures, sidewalks, parking areas, landscape, irrigation, lighting, signs, walls, and fences between the curb and property line, in a first class condition, free from waste and debris, and in accordance with all applicable law, rules, ordinances, and regulations of all federal, state, and local bodies and agencies having jurisdiction at the property owner's sole expense. This condition shall be included in the recorded covenant agreement for the property if required by the City.

8. GENERAL PROVISIONS.

8.1. Counterparts; Facsimile Signatures. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same instrument and any executed counterpart may be delivered by facsimile transmission with the same effect as if an originally executed counterpart had been delivered.

8.2. Further Assurances. Each of the parties agrees to execute and deliver such other instruments and perform such acts, in addition to the matters herein specified, as may be appropriate or necessary to effectuate the agreements of the parties, whether the same occurs before or after the Close of Escrow.

8.3. Entire Agreement. This Agreement, together with all exhibits hereto and documents referred to herein, if any, constitute the entire agreement among the parties hereto with respect to the subject matter hereof, and supersede all prior understandings or agreements. This Agreement may be modified only by a writing signed by both parties. All

exhibits to which reference is made in this Agreement are deemed incorporated into this Agreement whether or not actually attached.

8.4. Headings. Headings used in this Agreement are for convenience of reference only and are not intended to govern, limit, or aide in the construction of any term or provision hereof.

8.5. Choice of Law. This Agreement and each and every related document are to be governed by, and construed in accordance with, the laws of the State of California.

8.6. Severability. If any term, covenant, condition or provision of this Agreement, or the application thereof to any person or circumstance, shall to any extent be held by a court of competent jurisdiction or rendered by the adoption of a statute by the State of California or the United States invalid, void or unenforceable, the remainder of the terms, covenants, conditions or provisions of this Agreement, or the application thereof to any person or circumstance, shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby; provided that the invalidity or unenforceability of such provision does not materially adversely affect the benefits accruing to, or the obligations imposed upon, any party hereunder, and the parties agree to substitute for the invalid or unenforceable provision a valid and enforceable provision that most closely approximates the intent and economic effect of the invalid or unenforceable provision.

8.7. Waiver of Covenants, Conditions or Remedies. The waiver by one party of the performance of any covenant, condition or promise, or of the time for performing any act, under this Agreement shall not invalidate this Agreement nor shall it be considered a waiver by such party of any other covenant, condition or promise, or of the time for performing any other act required, under this Agreement. The exercise of any remedy provided in this Agreement shall not be a waiver of any other remedy provided by law, and the provisions of this Agreement for any remedy shall not exclude any other remedies unless they are expressly excluded.

8.8. Legal Advice. Each party has received independent legal advice from its attorneys with respect to the advisability of executing this Agreement and the meaning of the provisions hereof. The provisions of this Agreement shall be construed as to the fair meaning and not for or against any party based upon any attribution of such party as the sole source of the language in question.

8.9. Relationship of Parties. The parties agree that their relationship is that of Seller and Buyer, and that nothing contained herein shall constitute either party, the agent or legal representative of the other for any purpose whatsoever, nor shall this Agreement be deemed to create any form of business organization between the parties hereto, nor is either party granted the right or authority to assume or create any obligation or responsibility on behalf of the other party, nor shall either party be in any way liable for any debt of the other.

8.10. Attorneys' Fees. In the event that any party hereto institutes an action or proceeding for a declaration of the rights of the parties under this Agreement, for injunctive relief, for an alleged breach or default of, or any other action arising out of, this Agreement, or the transactions contemplated hereby, or in the event any party is in default of its obligations pursuant thereto, whether or not suit is filed or prosecuted to final judgment, the non-defaulting party or prevailing party shall be entitled to its actual attorneys' fees and to any court costs incurred, in addition to any other damages or relief awarded.

8.11. Assignment. Neither Seller nor Buyer shall assign its rights or delegate its obligations hereunder without the prior written consent of the other, which consent shall not be unreasonably withheld or delayed. Subject to the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the successors and permitted assigns of the parties to this Agreement.

8.12. Notices. No notice, request, demand, instruction, or other document to be given hereunder to any Party shall be effective for any purpose unless personally delivered to the person at the appropriate address set forth below (in which event such notice shall be deemed effective only upon such delivery), delivered by air courier next-day delivery (e.g. Federal Express), delivered by mail, sent by registered or certified mail, return receipt requested, or sent via telecopier, as follows:

If to Buyer, to:
Attn: City Engineer
City of Coachella
53-990 Enterprise Way
Coachella, CA 92236
Telephone No.: (760) 398-3502

If to Seller, to:
Javier and Virginia Botello
50020 Kenmore St.
Coachella, CA 92236

If to Escrow Holder, to:
Grace Kim
Commonwealth Land Title
4100 Newport Place Dr
Newport Beach CA 92660
Facsimile No.: (714)459-7217
Telephone No.: (949)724-3141

Notices delivered by air courier shall be deemed to have been given the next business day after deposit with the courier and notices mailed shall be deemed to have been given on the second day following deposit of same in any United States Post Office mailbox in the state to which the notice is addressed or on the third day following deposit in any such post office box other than in the state to which the notice is addressed, postage prepaid, addressed as set forth above. Notices sent via telecopy shall be deemed delivered the same business day transmitted. The addresses, addressees, and telecopy numbers for the purpose of this Paragraph, may be changed by giving written notice of such change in the manner herein provided for giving notice. Unless and until such written notice of change is

received, the last address, addressee, and telecopy number stated by written notice, or provided herein if no such written notice of change has been received, shall be deemed to continue in effect for all purposes hereunder. Delivery of a copy of a notice as set forth above is as an accommodation only and is not required to effectuate notice hereunder.

8.13. Survivability. All covenants of Buyer or Seller which are intended hereunder to be performed in whole or in part after Close of Escrow and all representations, warranties, and indemnities by either Party to the other, shall survive Close of Escrow and delivery of the Deed, and be binding upon and inure to the benefit of the respective Parties.

7.14. Release. The total compensation to be paid by Buyer for the Property is the Purchase Price, which consideration covers all land and improvements, attached or detached furniture, fixtures and equipment, loss of business goodwill, and is the full and complete acquisition cost of the Property. Buyer is in compliance with the California Relocation Assistance and Real Property Acquisition statutes and guidelines and the Uniform Relocation Assistance and Real Property Acquisition Policies for Federal and Federally Assisted Programs. Except for any breach of terms or conditions contained in this Agreement, Seller waives and forever releases Buyer, including its successors, officers, employees, attorneys, agents, representatives and anyone else acting on Buyer's behalf, of and from any and all claims, demands, actions or causes of action, obligations, liabilities, or claims for further compensation, known or unknown, based upon or relating to the facts or allegations and circumstances arising from Buyer's acquisition of the Property. By such release, Seller expressly waives its rights, if any, under California Civil Code Section 1542 which provides:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HIS SETTLEMENT WITH THE DEBTOR."

7.15 City Council Approval of Agreement. This Agreement is subject to the approval of the Buyer's City Council. If this Agreement remains unapproved by the Buyer's City Council then the parties will have no further obligation under this Agreement.

7.16 Recording. Neither party shall have the right to record this Agreement in the Recorder's Office for Riverside County.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date and year first above written.

THE TRANSACTION.

CERTIFICATION OF NON-FOREIGN STATUS BY TRANSFEROR

1. Section 1445 of the Internal Revenue Code provides that a transferee (Buyer) of a U. S. real property interest must withhold tax if the transferor (Seller) is a foreign person.

2. In order to inform each transferee that withholding of tax is not required upon disposition of a U. S. real property interest by JAVIER BOTELLO Virginia Botello (hereinafter referred to as "the Transferor"), the undersigned hereby certifies, and declares by means of this certification, the following on behalf of the Transferor:

A. The one item marked below is true and correct:

X (I) The Transferor is not a foreign individual, foreign corporation, foreign partnership, foreign trust, or foreign estate (as these terms are defined in the Internal Revenue Code and Income Tax Regulations).

_____ (II) The Transferor is a corporation incorporated under the laws of a foreign jurisdiction but has elected to be treated as a U. S. corporation under Section 897(i) of the Internal Revenue Code, AND HAS ATTACHED TO THIS CERTIFICATE A TRUE AND GENUINE COPY OF THE ACKNOWLEDGMENT OF SUCH ELECTION ISSUED BY THE IRS.

B. The Transferor's social security number is _____.

C. The Transferor's address is 50020 KENMORE ST CASTELLA CA 92236

3. The Transferor understands that this certificate may be disclosed to the Internal Revenue Service by the transferee and that any false statement contained in this certification may be punished by fine or imprisonment (or both).

4. The Transferor understands that each transferee is relying on this certificate in determining whether withholding is required and each transferee may face liabilities if any statement in this certificate is false.

5. The Transferor hereby indemnifies each transferee, and agrees to defend and hold each transferee harmless, from any liability, cost, damage, or expense which such transferee may incur as a result of:

A. the Transferor's failure to pay any U. S. Federal income tax which the Transferor is required to pay under applicable U. S. law, or

B. any false or misleading statement contained herein.

Under penalties of perjury, I declare that I have examined this certification and to the best of my knowledge and belief it is true, correct, and complete; I further declare that I have authority to sign this document on behalf of the Transferor.

EXHIBIT E

HAZARDOUS SUBSTANCE DEFINITION

The term "Hazardous Substance" as used in this Agreement shall mean any toxic or hazardous substance, material or waste or any pollutant or contaminant or infectious or radioactive material, including but not limited to those substances, materials or wastes regulated now or in the future under any of the statutes or regulations listed below and any and all of those substances included within the definitions of "hazardous substances", "hazardous materials", "hazardous waste", "hazardous chemical substance or mixture", "imminently hazardous chemical substance or mixture", "toxic substances", "hazardous air pollutant", "toxic pollutant" or "solid waste" in the statues or regulations listed below. Hazardous Substances shall also mean any and all other similar terms defined in other federal state and local laws, statutes, regulations, orders or rules and materials and wastes which are, or in the future become, regulated under applicable local, state or federal law for the protection of health or the environment or which are classified as hazardous or toxic substances, materials or waste, pollutants or contaminants, as defined, listed or regulated by any federal, state or local law, regulation or order or by common law decision, including, without limitation, (i) trichloroethylene, tetrachloroethylene, perchloroethylene and other chlorinated solvents, (ii) any petroleum products or fractions thereof, (iii) asbestos, (iv) polychlorinated biphenyls, (v) flammable explosives, (vi) urea formaldehyde, and (vii) radioactive materials and waste.

In addition, a Hazardous Substance shall include:

(1) A "Hazardous Substance", "Hazardous Material", "Hazardous Waste", or "Toxic Substance" under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. §§ 9601, et seq., the Hazardous Materials Transportation Act, 49 U.S.C. §§ 1801, et seq., or the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901, et seq.;

(2) "Oil" or a "Hazardous Substance" listed or identified pursuant to § 311 of the Federal Water Pollution Control Act, 33 U.S.C. § 1321, as well as any other hydrocarbonic substance or by-product;

(3) Listed by the State of California as a chemical known by the State to cause cancer or reproductive toxicity;

(4) A material which due to its characteristics or interaction with one or more other substances, chemical compounds, or mixtures, damages or threatens to damage, health, safety, or the environment, or is required by any law or public agency to be remediated, including remediation which such law or public agency requires in order for the property to be put to any lawful purpose;

(5) Any material the presence of which would require remediation, whether or not the presence of such material resulted from a leaking underground fuel tank;

(6) Pesticides regulated under the Federal Insecticide, Fungicide and Rodenticide Act, 7 U.S.C. §§ 136 et seq.;

(7) Asbestos, PCBs, and other substances regulated under the Toxic Substances Control Act, 15 U.S.C. §§ 2601 et seq.;

(8) Any radioactive material including, without limitation, any "source material", "special nuclear material", "by-product material", "low-level wastes", "high-level radioactive waste", "spent nuclear fuel" or "transuranic waste", and any other radioactive materials or radioactive wastes, however produced, regulated under the Atomic Energy Act, 42 U.S.C. §§ 2011 et seq., or the Nuclear Waste Policy Act, 42 U.S.C. §§ 10101 et seq.

(9) Industrial process and pollution control wastes, whether or not "hazardous" within the meaning of the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901 et seq.;

All other laws, ordinances, codes, statutes, regulations, administrative rules, policies and orders, promulgated pursuant to said foregoing statutes and regulations or any amendments or replacement thereof, provided such amendments or replacements shall in no way limit the original scope and/or definition of Hazardous Substance defined herein.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Andrew Simmons, P.E., City Engineer

SUBJECT: Resolution No. 2023-23 a Resolution of the City of Coachella City Council Authorizing the Purchase of Real Property from RMM Inv Capital for a Purchase Price of $378,041.00 Consisting of One Parcel Located at the Southwest Corner of Avenue 50 and Balboa Street for the Avenue 50 Widening Project, City Project ST-93 (APN:768-160-001).

STAFF RECOMMENDATION:

Authorize Resolution No. 2023-23, a Resolution of the City of Coachella City Council Authorizing the Purchase of Real Property from RMM Inv Capital for a Purchase Price of $378,041.00 Consisting of One Parcel Located at the Southwest Corner of Avenue 50 and Balboa Street for the Avenue 50 Widening Project, City Project ST-93 (APN:768-160-001).

BACKGROUND:

On March 9, 2016 City Council authorized a reimbursement agreement by and between the City of Coachella and Coachella Valley Association of Governments (CVAG) for a total of $4,500,000 regional funds toward the design and construction of the Avenue 50 Widening Project. During the design and environmental phases of the project it was determined that the cost would exceed the initial budget estimate due to unforeseen drainage issues and complicated right-of-way acquisition procedures. On July 14, 2021, City Council authorized an amendment to the reimbursement agreement for the final plans, specifications and engineer's estimate (PS&E) documents, right-of-way acquisition and construction for a total funding amount of $9,250,000.

DISCUSSION/ANALYSIS:

The project will widen the existing street and construct concrete curb and gutter within areas where none exists between Calhoun Street and Cesar Chavez Street. The finished project will complete the planned widening of Avenue 50 to two traffic lanes in each direction, and include pedestrian, bicycle and drainage facilities. These improvements require the acquisition of several properties along Avenue 50. In September 2022, the subject property was presented with a fair market appraisal of $350,000. Seller prepared an independent 3rd party appraisal that resulted in an appraised cost of $371,000 and counter offered at that price. Because the independent 3rd party appraisal is within 6% of the City initiated appraisal value it is recommended that the City accept the Owner appraised value and authorize the City Manager to complete the purchase and

acquisition of the property at the fair market appraised value purchase price of $378,041.00 including all escrow fees.

FISCAL IMPACT:

The property purchase for the Avenue 50 widening project has been budgeted and is included in the reimbursement agreement with CVAG. The existing reimbursement agreement splits cost under a 75% regional share/25% local share. The local share is budgeted by Street and Transportation Development Impact Fees (Fund 127).

ATTACHMENTS:

1. Resolution No. 2023-23
2. City Residential Appraisal Letter
3. Owner Counter Appraisal Letter
4. Settlement Statement
5. Right of Way agreement

RESOLUTION NO. 2023-23

A RESOLUTION OF THE CITY OF COACHELLA CITY COUNCIL AUTHORIZING THE PURCHASE OF REAL PROPERTY FROM RMM INV CAPITAL FOR A SALES PRICE OF $371,000 CONSISTING OF ONE PARCEL LOCATED AT THE SOUTHWEST CORNER OF AVENUE 50 AND BALBOA STREET FOR THE AVENUE 50 WIDEING PROJECT (APN:768-160-001)

WHEREAS, on March 9, 2016 City Council entered into a reimbursement agreement with Coachella Valley Association of Governments (CVAG) for the design and environmental phased of the Avenue 50 widening project, City project ST-93; and

WHEREAS, on July 14, 2021 City Council entered into amendment #1 of the reimbursement agreement with Coachella Valley Association of Governments (CVAG) for additional funds for the final plans, specifications, engineer's estimate (PS&E) documents, right-of-way acquisition and construction; and

WHEREAS, in October 2021 City council authorized City Staff to negotiate a purchase price for the real property as stated herein; and

WHEREAS, City staff has negotiated a purchase and sale agreement with RMM Inv Capital; and

WHEREAS, on March 15, 2023 the current property owner submitted a counter appraisal for the selling price

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Coachella that the foregoing Recitals are true and correct and are hereby adopted by the City of Coachella. Based on those Recitals, the City Council hereby finds and declares as follows:

SECTION 1. The City Council hereby designates and authorizes Coachella City Manager Gabriel Martin as City staff to execute the purchase of one (1) parcel located at the southwest corner of Avenue 50 and Balboa Street, as further described in "Exhibit A" attached and made a part herein, for a sales price of $371,000 to the City of Coachella.

SECTION 2. The City staff is hereby authorized to execute any and all documents necessary to complete the land sales transaction to the city of Coachella for the stated sales price, and subject to escrow instructions to be prepared consistent with this authorization.

PASSED, APPROVED and **ADOPTED** this 26th day of April, 2023.

Re: Single-Family Residential Property Appraisal
50021 Balboa Street
Coachella, CA 92236
APN: 768-160-001

Dear Melissa,

At your request and authorization, I have prepared a summary appraisal report of the market value for the above referenced real property. I have provided the market value of the subject' leased fee estate on an "as is" basis as of the date of property inspection. Data, information, and calculations leading to the value conclusion are incorporated in the report following this letter. The report, in its entirety, including all assumptions and limiting conditions, is an integral part of, and inseparable from, this letter. Your attention is directed to the Addenda which contains the assumptions and limiting conditions.

The following appraisal sets forth the most pertinent data gathered, the techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed, and this report has been prepared, in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP) and the Code of Professional Ethics of the Appraisal Institute.

The appraisal has been completed subject to the Assumptions & Limiting Conditions contained within the report. Extraordinary Assumptions and Hypothetical Conditions, if any, may have an impact on the assignment results.

By virtue of my experience and based upon my investigation, it is my opinion that the market value of the subject property as of September 28, 2022, is:

$350,000

Please refer to the attached appraisal report, plus exhibits, for a summary of the supporting documentation of the value estimate contained herein.

Respectfully submitted,

Kent J. Carpenter, MAI
Certified General Real Estate Appraiser
Senior Appraiser
Epic Land Solutions, Inc.
California License AG003087

Introduction

Executive Summary

Property Address:	50021 Balboa Street, Coachella, CA 92236
APN(s):	768-160-001
Property Type:	Single-Family Residential
Report Format:	Narrative
Date of Appraisal Report:	October 27, 2022
Date of Value:	September 28, 2022
Date of Site Inspection:	September 28, 2022
Real Estate Interest Appraised:	Fee Simple
Function of the Appraisal:	Basis for property acquisition
Location:	The subject is located in an area west of Highway 111 that is characterized primarily by single family homes and neighborhood support amenities such as schools, parks and shopping.
Improvements Description:	Single-story 3BR 2BA home containing 1,288 square feet and built in 1967. The home has a 1 car garage and is of average quality and condition for the neighborhood.
Site Description:	The site is rectangular in shape and contains 7,052 square feet. The property is a corner lot and has frontage on both Avenue 50 and Balboa Street. Access to the property is from Balboa Street.
Zoning:	R-S (Residential Single-Family)
Community Plan:	Suburban Neighborhood
Highest and Best Use "As Is":	Continued use of existing improvements
Highest and Best Use "As if Vacant":	Development of a single-family residence
Concluded Market Value:	$350,000
Extraordinary Assumptions and Hypothetical Conditions:	1. No interior inspection of the home was undertaken. The property was inspected from the property lines and relied on public information and photos for the interior description.

Purpose of Appraisal

The purpose of this appraisal is to estimate the fair market value and just compensation associated with the portion to be acquired of the subject parcel under the reporting requirements of the Uniform Standards of Professional Appraisal Practice (USPAP), as defined by the Appraisal Foundation.

Intended User

The intended user of this appraisal report is the client, Ms. Melissa Mann, Assistant Project Manager with Epic Land Solutions, Inc. There are no other intended users. Anyone else using or relying on this appraisal is considered an unintended user and no fiduciary obligation is owed by the appraiser to that party

Intended Use

The intended use of this appraisal report is for acquiring the property to facilitate the road widening of Avenue 50. The appraisal cannot be used for evaluation for collateral for a loan, collateral for bond funding, appealing taxes, submission to Superior Court for condemnation, etc.

Definition of Market Value

The following definitions and discussions are extracted from the State of California Code of Civil Procedure, Title 7, Eminent Domain Law, Chapter 9.

Fair Market Value - CCP Section 1263.320

1) (a) "The fair market value of the property taken is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no particular or urgent necessity for so doing, nor obliged to sell, and a buyer, being ready, willing and able to buy but under no particular necessity for so doing, each dealing with the other with full knowledge of all the uses and purpose for which the property is reasonably adaptable and available.
   (b) The fair market value of property taken for which there is no relevant market is its value on the date of valuation as determined by any method of valuation that is just and equitable."

Fair Market Value of Property Taken - CCP Section 1263.330

1) The fair market value of the property taken shall not include any increase or decrease in the value of the property that is attributable to any of the following:
   (a) The project for which the property is taken.
   (b) The eminent domain proceeding in which the property is taken.
   (c) Any preliminary actions of the plaintiff relating to the taking of the property.

Compensation for Injury to Remainder - CCP Section 1263.410

1) (a) "Where the property acquired is part of a larger parcel, in addition to the compensation awarded pursuant to Article 4 (discussed above), for the part taken, compensation shall be awarded for the injury, if any, to the remainder.
   (b) Compensation for injury to the remainder is the amount of the damage to the remainder reduced by the amount of benefit to the remainder. If the

amount of benefit to the remainder equals or exceeds the amount of the damage to the remainder, no compensation shall be awarded under this article. If the amount of the benefit to the remainder exceeds the amount of damage to the remainder, such excess shall be deducted from the compensation provided in Section 1263.510 (Compensation for Loss of Goodwill), if any, but shall not be deducted from the compensation required to be awarded for the property taken for from the other compensation required by this chapter."

Damages - CCP Section 1263.420

1) Damage to the remainder is the damage, if any, caused by either or both of the following:
   (a) "The severance of the remainder from the part taken.
   (b) The construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the damage is caused by a portion of the project located on the part taken."

Benefits - CCP Section 1263.430

1) Benefit to the remainder is the benefit, if any, caused by the construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the benefit is caused by a portion of the project located on the part taken.

Delay – CCP Section 1263.440

1) (a) The amount of any damage to the remainder and any benefit to the remainder shall reflect any delay in the time when the damage or benefit caused by the construction and use of the project in the manner proposed by the plaintiff will actually be realized.
   (b) The value of the remainder on the date of valuation, excluding prior changes in value as prescribed in Section 1263.330, shall serve as the base from which the amount of any damage and the amount of any benefit to the remainder shall be determined.

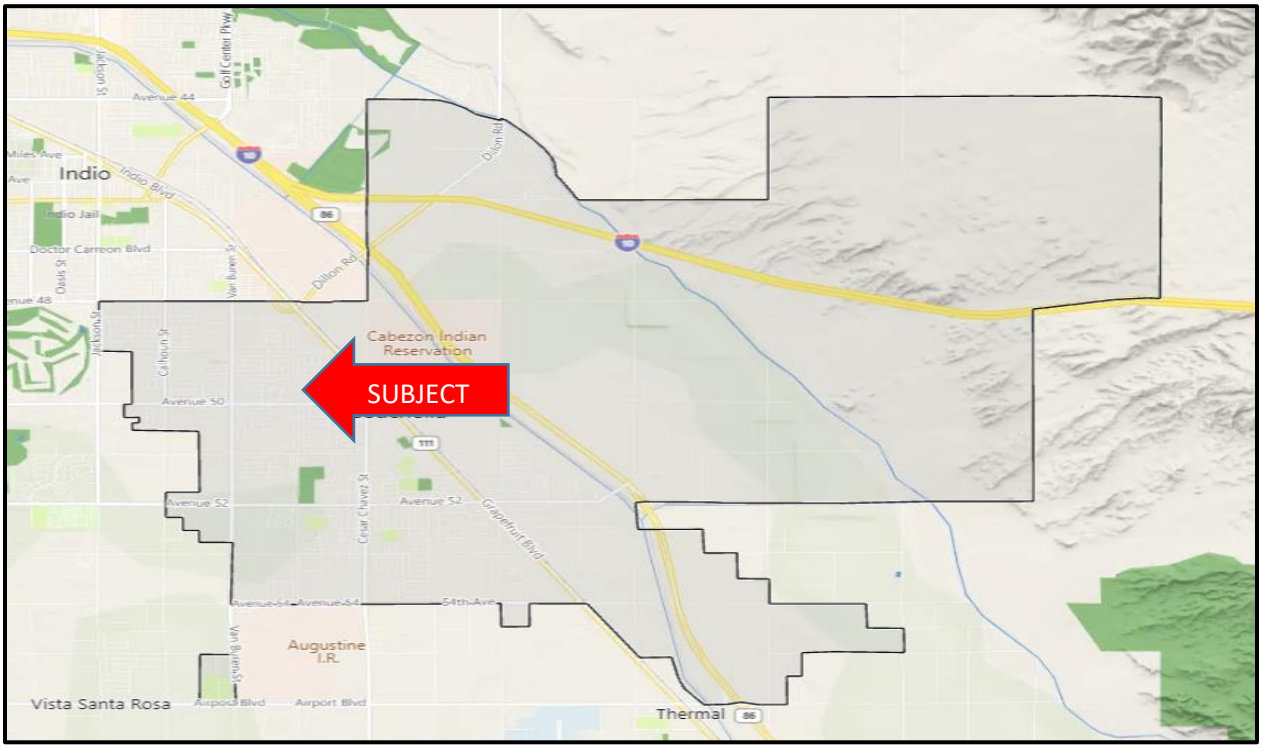
Project as Proposed – CCP Section 1263.450

Compensation for injury to the remainder shall be based on the project as proposed. Any features of the project which mitigate the damage or provide benefit to the remainder, including but not limited to easements, crossings, underpasses, access roads, fencing, drainage facilities, and cattle guards, shall be taken into account in determining the compensation for injury to the remainder.

Date of the Appraisal

The effective date of value is September 28, 2022, with the date of this appraisal report being October 27, 2022.

Owner of Record & Property History



According to submitted title report, the subject is currently owned by RMM Investment Capital, LLC. The property has not experienced an arms-length transactions within the past three years.

Scope of Work

In order to complete this assignment, I identified all assignment conditions; determined an appropriate scope of work; collected general and specific data on the district, neighborhood, market area, subject property and comparable properties; analyzed the data gathered; applied the appropriate approaches to value; and reconciled all indications of value into a final value estimate. My investigation, value opinion and analyses comply with the Uniform Standards of Professional Appraisal Practice and is unbiased and impartial. No predetermined value or opinion formed the basis of any conclusions stated in this appraisal. The depth of the investigation and analysis is meant to be in keeping with the purpose and intended use of the appraisal.

Neighborhood Description

The subject is located within the western central portion of the city of Coachella as shown on the following map.

Coachella Valley

The Coachella Valley is an arid rift valley in the Colorado Desert of Southern California's Riverside County. The valley may also be referred to as Greater Palm Springs due to the prominence of the city of Palm Springs. The valley extends approximately 45 mi southeast from the San Gorgonio Pass to the northern shore of the Salton Sea and the neighboring Imperial Valley, and is approximately 15 mi wide along most of its length. It is bounded on the northeast by the San Bernardino and Little San Bernardino Mountains, and on the southwest by the San Jacinto and Santa Rosa Mountains.

The valley is notable as the location of several wintertime resort cities, especially Palm Springs, that have become popular destinations for snowbirds—people who live in cold climates and seek out warmer weather during winters. The valley is also known for a number of annual events, including the Coachella Valley Music and Arts Festival, the Stagecoach Country Music Festival, and the Riverside County Fair and National Date Festival, all held in Indio. Other events include the Palm Springs Modernism Week, Palm Springs International Film Festival, the ANA Inspiration and Desert Classic golf tournaments, and the Indian Wells Masters tennis tournament.

In addition to Palm Springs and the area's largest city Indio, the valley is home to the resort cities of Cathedral City, Indian Wells, La Quinta, Palm Desert, and Rancho Mirage. Because the valley is a major winter destination, its population fluctuates from almost 500,000 in April to around 200,000 in July and around 800,000 by January. It was estimated in 2013 that 3.5 million conventioneers and tourists visit the valley each year.

The Coachella Valley connects with the Greater Los Angeles area to the west via the San Gorgonio Pass, a major transportation corridor, traversed by Interstate 10 and by the Union Pacific Railroad. The Coachella Valley is sometimes called the Desert Empire[4] to differentiate it from the broader Inland Empire.

The area is surrounded on the southwest by the Santa Rosa Mountains, by the San Jacinto Mountains to the west, the Little San Bernardino Mountains to the east and San Gorgonio Mountain to the north. These mountains peak at around 11,000 feet and tend to average between 5,000 and 7,000 feet. Elevations on the Valley floor range from 1,600 feet above sea level at the north end of the Valley to 250 feet below sea level around Mecca. In the summer months daytime temperatures range from 104 °F to 112 °F and nighttime lows from 75 °F to 86 °F. During winter, the daytime temperatures range from 68 °F to 88 °F and corresponding nights range from 46 °F to 65 °F making it a popular winter resort destination. The surrounding mountains create Thermal Belts in the immediate foothills of the Coachella Valley, leading to higher night-time temperatures in the winter months, and lower daytime temps during the summer months. Due to its warm year-round climate the region's agricultural sector produces fruits such as mangoes, figs and dates.

The Valley is the northwestern extension of the Sonoran Desert to the southeast, and as such, is extremely arid. Most precipitation falls during the winter months from passing mid-latitude frontal systems from the north and west, nearly all of it as rain, but with snow atop the surrounding mountains. Rain also falls during the summer months as surges of moisture from both the Gulf of Mexico and the Gulf of California are drawn into the area by the desert monsoon. Occasionally, the remnants of a Pacific tropical cyclone can also affect the valley.

The irrigation of over 100,000 acres of the Valley since the early 20th century has allowed widespread agriculture. In its 2006 annual report, the Coachella Valley Water District listed the year's total crop value at over $576 million or almost $12,000 per acre. The Coachella Canal, a concrete-lined aqueduct built between 1938 and 1948 as a branch of the All-American Canal, brings water from the Colorado River to the Valley. The Colorado River Aqueduct, which provides drinking water to Los Angeles and San Diego, crosses the northeast end of the Valley along the base of the Little San Bernardino Mountains (the Joshua Tree National Park).

The San Andreas Fault traverses the Valley's east side. Because of this fault, the Valley has many hot springs. The Santa Rosa Mountains to the West are part of the Elsinore Fault Zone. The results of a prehistoric sturzstrom can be seen in Martinez Canyon. The Painted Canyons of Mecca feature smaller faults as well as Precambrian, Tertiary and Quaternary rock formations, unconformities, badlands and desert landforms. Fault lines cause hot water springs or geysers to rise from the ground. These natural water sources made habitation and development possible in the otherwise inhospitable desert environment of the Coachella Valley. Major earthquakes have affected the Coachella Valley.

The Coachella Valley contains nine cities and various unincorporated communities.

City	Population[34] (2020 census)
Cathedral City	51,493
Coachella	41,941
Desert Hot Springs	32,512
Indian Wells	4,757
Indio	89,137
La Quinta	37,558
Palm Desert	51,163
Palm Springs	44,575
Rancho Mirage	16,999
Cities Total	**370,135**

As of 2010 the valley produced agricultural products worth about $600 million.

The valley is the primary date-growing region in the United States, responsible for nearly 95 percent of the nation's crop and is celebrated each year in Indio during the Riverside County Fair and National Date Festival. The earliest attempt at growing dates came about in 1890 when the United States Department of Agriculture (USDA) imported date palm shoots from Iraq and Egypt. Sixty-eight shoots were distributed across the Southwest U.S. in Las Cruces, New Mexico, Yuma, Arizona, Phoenix, Arizona, and several California cites: Indio, Pomona near Los Angeles, Tulare and National City near San Diego. The imports were almost all male seedlings and produced poor fruit. The Coachella Valley showed promise, so USDA horticulturist Bernard Johnson planted a number of shoots that he brought back from Algeria in September 1903. On his own initiative, Johnson imported more shoots from Algeria in 1908 and again in 1912. The area's entire date industry can be traced back to those original USDA experiments near present-day Mecca. Date palms were grown from present-day Cathedral City to the Salton Sea, but most date groves were overtaken by development by the 1990s. Today, nearly all of the date groves are in the "East Valley" area south of Indio, near Coachella and east of La Quinta.

Other agricultural products cultivated in the Coachella Valley include fruits and vegetables, especially table grapes, citrus fruits such as lemons, limes, oranges and grapefruit; onions and leeks; and peppers. The valley floor served to grow bounties of alfalfa, artichokes, avocados, beans, beets, cabbage, carrots, corn, cotton, cucumbers, dandelions (salad greens), eggplant, figs, grains (i.e. barley, oats, rye and wheat; plus rice fields kept wet or moist in the Salton Sea area), hops, kohlrabi, lettuce, mangoes, nectarines and peaches, persimmons, plums and prunes, pomegranate, potatoes, radishes, spinach, strawberries, sugar cane, tomatoes, a variety of herbs and spices, and other vegetable crops. The Coachella grapefruit originated in the region. The city of Coachella is the primary shipping point for agricultural goods. Domesticated grasses, flowers and trees are widely grown for warm-weather or desert climates and sold for use in golf courses and landscape.

Only 10 percent of the Coachella Valley residents were born/raised in the area, according to the 2000 census, a much lower percentage than found in most parts of the U.S. Agriculture is a founding block of the majority of the "oldtimer" residents, whose parents and grandparents came to the area as farmers and laborers transformed the eastern parts of the valley from a hot sandy desert into a green fertile place with a year-round growing season. The Coachella Valley's agricultural development is due to irrigation: water was drawn from an underground aquifer created when the valley was under a fresh water lake in the last ice age (over 10,000 years ago); and from the All-American Canal, completed in the late 1940s, which brought large supplies of water from the Colorado River. Recent growth of fish

farming or "aquaculture" in Mecca near the Salton Sea brings new promise to the local economy, especially to efforts to restore the ailing ecology of the large saltwater lake.

City of Coachella

Coachella is in Riverside County, California; it is the easternmost city and namesake of the Coachella Valley, in Southern California's Colorado Desert. Coachella is one of California's fastest-growing cities; when it incorporated in 1946, it had 1,000 residents. By the 2020 census the population had grown to 41,941. The city is officially bilingual in English and Spanish, with 90% of residents speaking Spanish.

Downtown Coachella is under renovation as the area experiences an economic boom which has brought increasing numbers of people in the city – *Pueblo Viejo* (the old neighborhood) as locals of Hispanic origin sometimes call it. Despite its image for Mexican immigration, a large percentage are US citizens, born and raised in Coachella. A multi-generational Mexican American subculture has taken root in the town. Additionally, since 2000, thousands of single-family homes and multi-unit apartment complexes have been built at a fast pace, as the city's population soared, having more than doubled in just a decade.

Coachella expanded recreational and social activities for which residents once had to drive 10 or 20 miles west. The city has a recreation center, a Boys and Girls Club center, and a boxing club in Bagdouma Park. There are two dance clubs and the Corona Yacht Club located near Spotlight 29 casino; two new golf courses (Desert Lakes and the Vineyards) attract many retirees, RV owners, and local business people.

Coachella is served by the Coachella Valley Unified School District, based in Thermal, California. Its main high school is Coachella Valley High School (with 2900 students) followed by a new high school, Desert Mirage High School, about 5 miles to the south; its three middle schools are Cahuilla Desert Academy, Toro Canyon, and Bobby Duke. Elementary schools include Cesar Chavez, Coral Mountain Academy, Palm View, Peter Pendleton, Valle Del Sol, Valley View, Westside and in nearby Thermal, John Kelley.

Near Coachella, a new four-lane expressway, State Route 86, was built for international trucking from Mexicali, Mexico to Los Angeles or Arizona. Referred to as the "NAFTA highway" (in reference to the North American Free Trade Agreement took effect in 1994), it replaces an older and less safe two-lane road that was known for its many auto accidents.

According to the city's 2020 Comprehensive Annual Financial Report, the largest employers are:[17]

#	Employer	Employees
1	Coachella Valley Unified School District	530
2	Spotlight 29 Casino	496
3	Ernie Ball	380
4	Augustine Casino	314
5	Armtec Defense	236
6	Valley Pride	200
7	Coachella Valley Water District	194
8	Teserra Outdoors	156
9	Cardenas Market	118
10	Reyes Coca-Cola Bottling	103

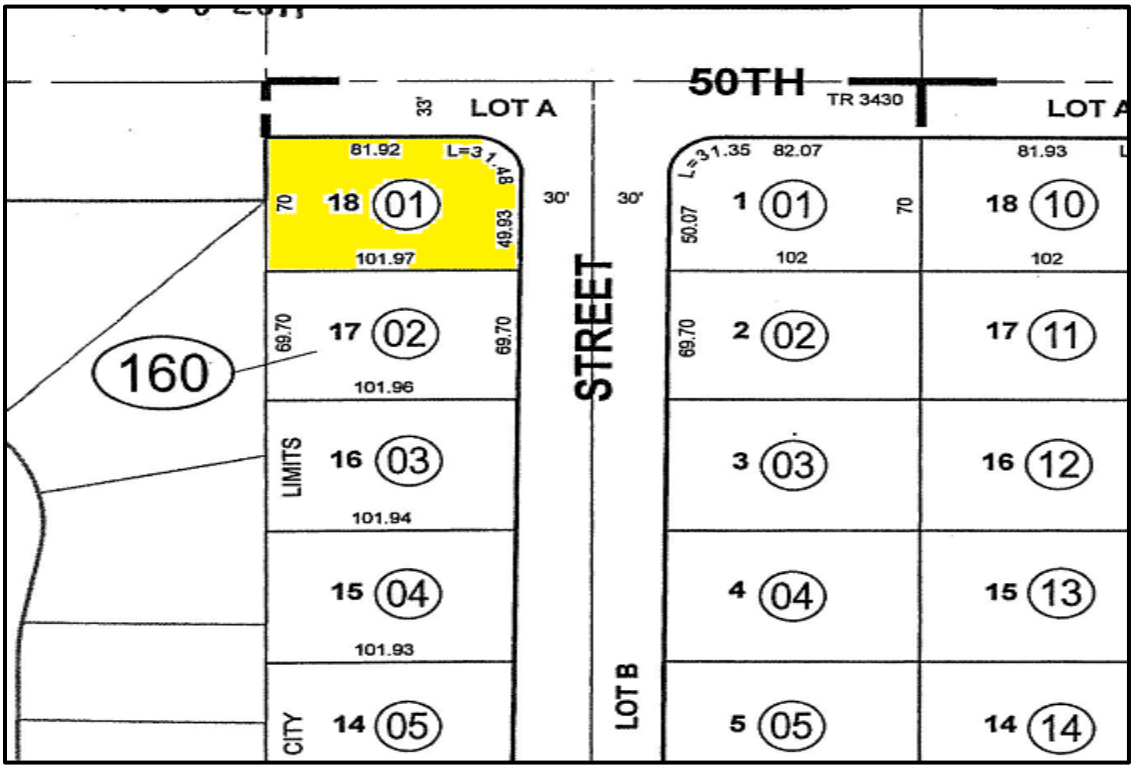
General Site Information

Address:	50021 Balboa Street, Coachella, CA 92236
Location:	Located in the West Coachella neighborhoods, west of Highway 111.
Legal Description	ALL THAT CERTAIN REAL PROPERTY SITUATED IN THE CITY OF COACHELLA, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, DESCRIBED AS FOLLOWS: LOT 18 OF TRACT NO. 3430, IN THE CITY OF COACHELLA, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA, IN BOOK 55, PAGES 67 AND 68 OF MAPS, IN THE OFFICE OF THE COUNTY RECORDER OF SAID COUNTY.
Current Owner(s):	RMM Investment Capital, LLC
3 Year Sales History:	There have been no arms-length transactions affecting the property during the past three years.
Zoning:	R-S (Residential Single Family); Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.
Assessor Parcel No:	768-160-001
Assessed Value Land:	$39,634
Assessed Value Imp:	$79,270
Total Assessed Value:	$118,904
Assessment Year:	2021-22
Taxes:	$2,607



Physical Characteristics of the Site

Total Site Area:	7,052 square feet (per engineer's plat)
Frontage:	Avenue 50 & Balboa Street
Shape:	Nearly rectangular
Topography:	Level at street grade
Access:	Balboa Street
Easements:	Submitted title report shows the following notable exceptions: public utilities easement over portion of land, property lies within the boundaries of a project area within the redevelopment agency, delinquent taxes in 2020-2021, pending court action in the past, and property was used as collateral on a 1, 450,000 deed of trust from Community Valley Bank in 2016. The appraisal assumes that none of these exceptions would have a negative impact on its

	value upon sale, and that the property would sell free and clear of any onerous liens and encumbrances.
Encroachments:	None noted with appraisal assuming none exist.
Utilities to Site:	All utilities in adjoining road & connected
Sidewalk, Curbs and Gutters:	Installed along Arizona Street
Flood Designation:	Zone X (Map 060249 – 06065C2270H) dated March 6, 2018, indicating an area determined to be outside of the 100-year and 500-year floodplains.
Environmental/Soils:	There was nothing discovered which would indicate there are environmental issues associated with the subject property. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous material may affect the value of the subject property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value.
Subsurface Conditions:	Unknown

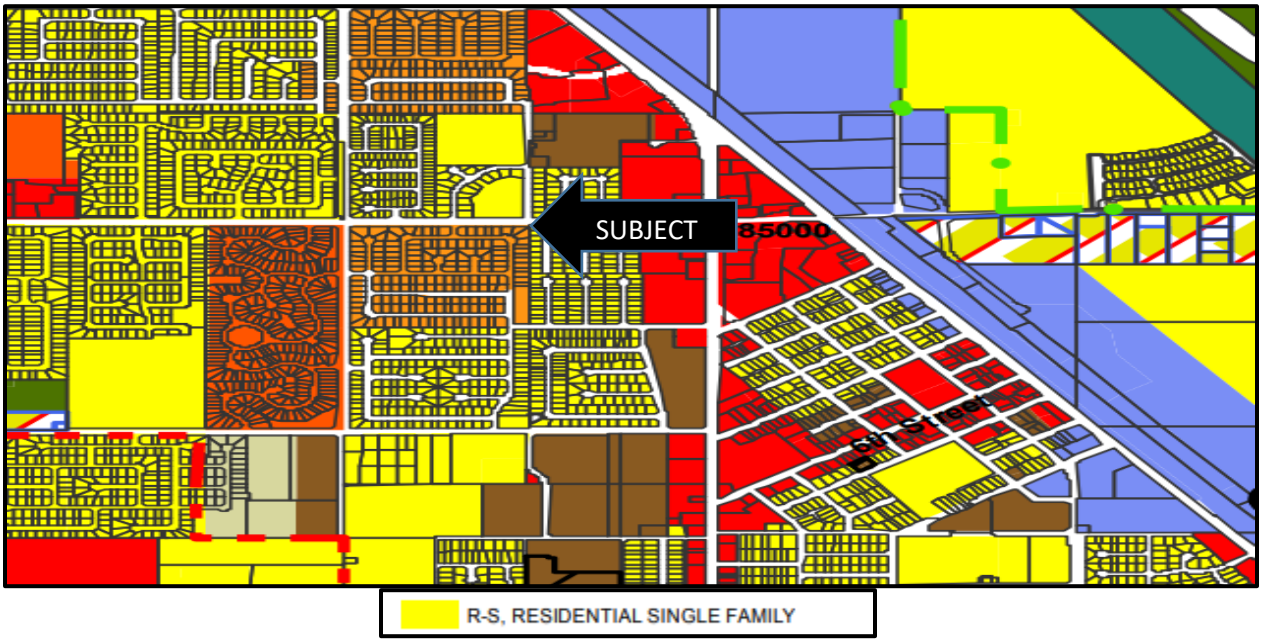
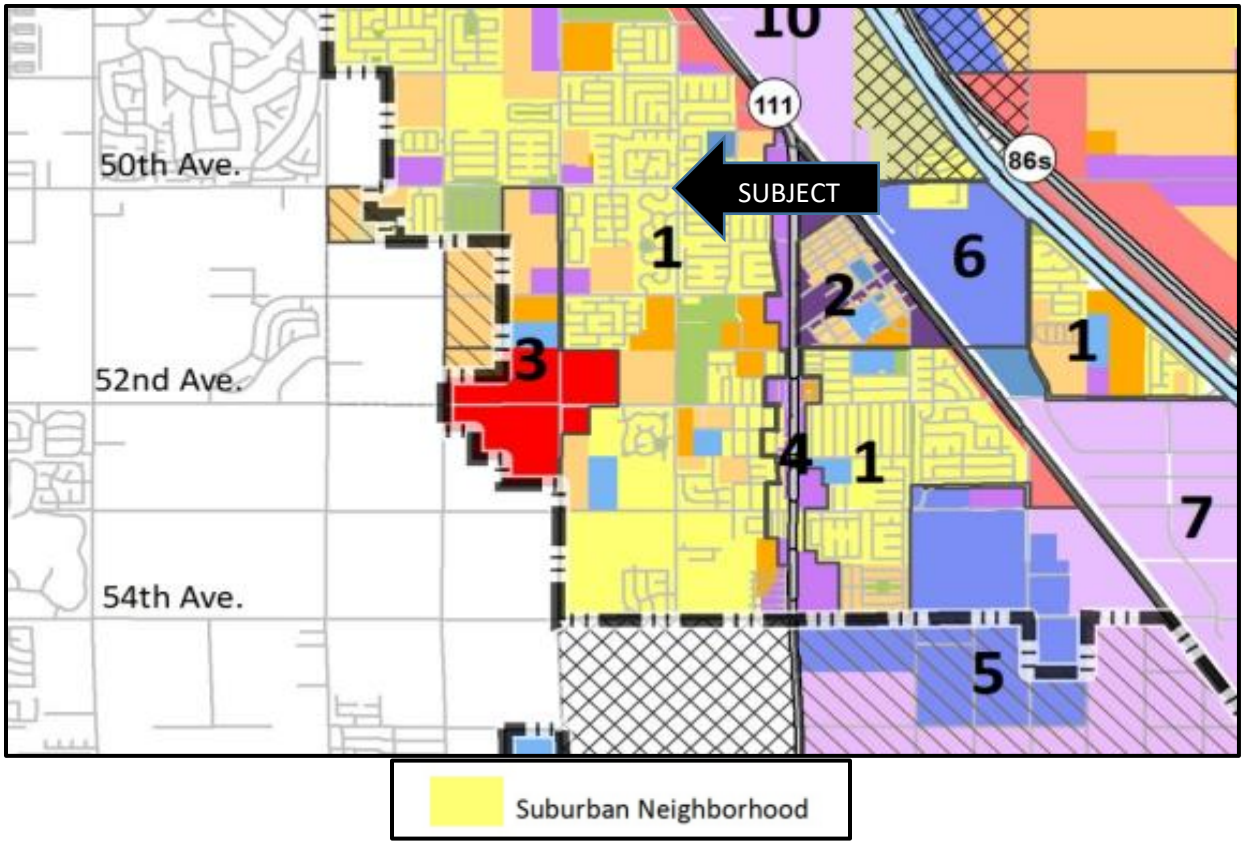
Improvements Description

According to public information, with the exterior description of the home confirmed by inspection, the subject property is described as follows:



- Remodeled in recent years (new fixtures/appliances in kitchen & bathroom)
- Attached garage with 2 parking spaces
- Laundry area inside homes
- 3 bedrooms and 2 full bathrooms
- Central heating and air conditioning
- Single story design
- Average level of landscaping (grass & mature tree)
- Vertical board perimeter fence
- Block enclosure wall at front entry
- Covered patio
- Wood frame and stucco construction
- Composition shingle roof
- Fixed vinyl windows

General Plan Land Use & Zoning



The zoning characteristics for the subject property are summarized below:

Zoning Summary	
Current Zoning:	R-S (Residential Single-Family); This zone is intended to provide areas within the city where development is limited to low-density concentrations of single-family dwellings, and to stabilize and protect the residential character of such areas. It has the further purpose of the provision of community facilities needed to complement urban residential areas and for institutions which require a residential environment, to minimize traffic congestion, and to avoid an overload of utilities designed to service only low-density residential uses.
Permitted Uses:	Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.
Zoning Change:	Not likely
Development Standards	
Minimum Lot Size:	7,200 square feet
Minimum Width:	60 feet
Minimum Depth:	100 feet
Minimum Setbacks:	
Front:	15 feet
Rear:	20 feet
Side:	5-10 feet
Maximum Building Height:	30 feet
Maximum Density	1 dwelling unit per lot

Zoning Map

General Plan Map

Valuation Analysis

Highest and Best Use

The highest and best use of any property depends upon the physical and legal restrictions imposed by the size, shape, location and zoning of the site, and the size, siting, quality and condition of the improvements. An improved site like the subject property would be analyzed for its highest and best use on both an “as though vacant” and “as-improved” basis. Considerations under each of these analyses will include uses that are (1) physically possible, (2) legally permissible, (3) financially feasible, and (4) maximally productive.

As Though Vacant

Physically Possible - The subject property is of sufficient size to be a developable site. It is of typical size to other parcels in the immediate neighborhood and has good frontage and access from Balboa Street. Additionally, it has frontage on Avenue 50 and has utilities immediately available and connected.

Legally Permissible - The subject is zoned R-S (Residential Single-Family). This zone is intended to provide areas within the city where development is limited to low-density concentrations of single-family dwellings, and to stabilize and protect the residential character of such areas. Uses allowed by right within this zone include single-family detached dwellings, family day care homes, public parks/playgrounds, temporary subdivision sales offices, and licensed day care centers for five or less children.

Financially Feasible – The surrounding uses, size and access to and from the property would render development of a variety of uses possible. However, based primarily on immediate land use patterns, the maximally productive use of the site would be for development of the property with a single-family residence.

Maximally Productive – Considering the legally permissible, physically possible and financially feasible uses in the current market, the highest and best use is for development of the property with a single-family residence.

As Improved

The subject property is improved with a single-story 3BR 2BA home containing 1,288 square feet and built in 1967. The home has a 1 car-garage and is of average quality and condition for the neighborhood. The property is consistent in quality, design and condition to the single-family homes in the area. Additionally, the property has been adequately maintained. At the present time, the improvements contribute value to the property above land value. As such, it is concluded that the highest and best use of the subject, as improved, is for continued use as a single-family residence.

Appraisal Procedures Followed, Methodologies

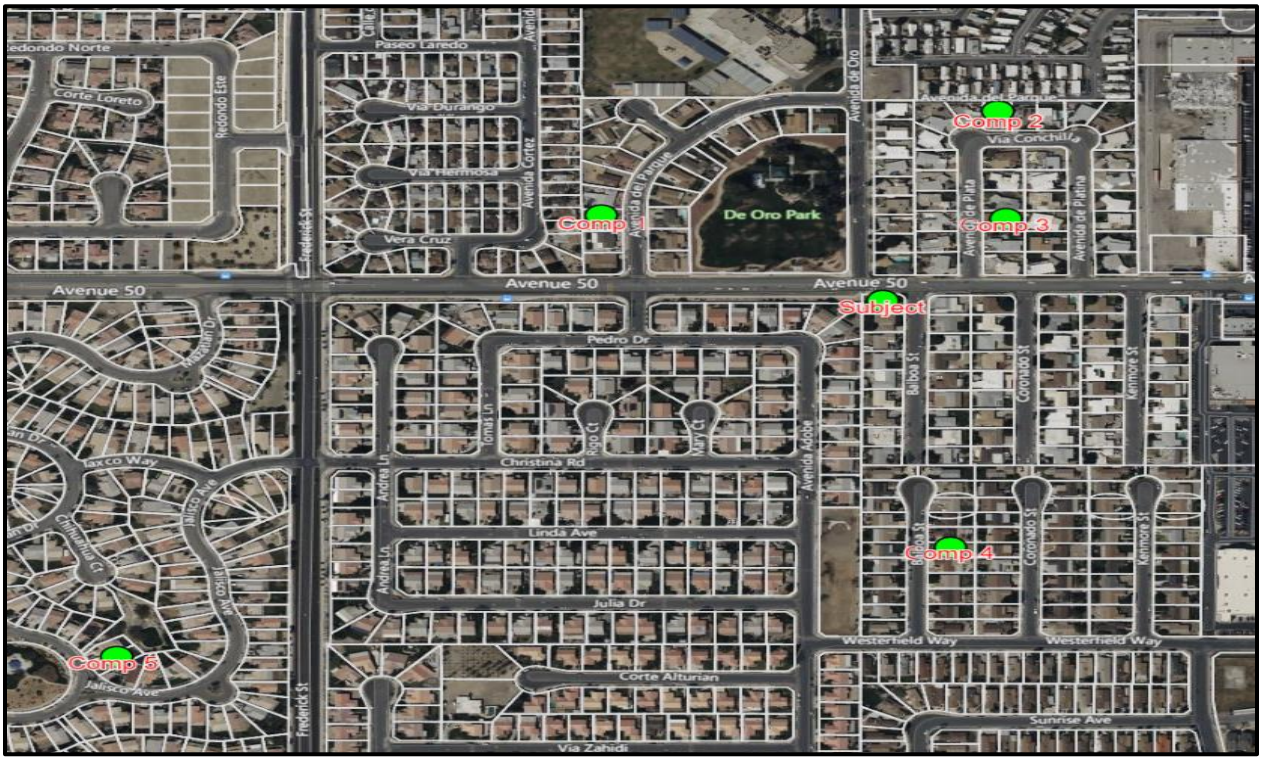
For the appraisal of the subject property, the sales comparison approach is the primary method of valuation.

The sales comparison approach derives a market value opinion by making a comparative analysis of recently sold properties having similar physical and economic characteristics to the property being appraised. Each sale property is compared to the subject property focusing on similarities and differences that influence value. This approach was applied in the valuation of the subject property.

The income capitalization approach is a method of valuation suited for investment properties because the foundation of the estimate is anticipated income, which is the primary reason investors buy this type of property. The price they are willing to pay is directly related to the income it is capable of producing and its prospect for change in value. As the subject' immediate market is for owner-user occupancy, the income approach will not be undertaken in valuing the subject property, as this approach would not be used in the marketing of the property. Current market participants are purchasing properties similar to the subject property based on a sales comparison approach only. The cost approach was not employed in the valuation of the subject property because the subject property contains very old improvements, has a significant amount of depreciation that is difficult to measure, and buyers are not purchasing properties like the subject based on a depreciated replacement cost analysis.

Sales Comparison Approach

Several sales have been selected to process the sales comparison approach to value. On a following page is a summary of the market data. After this is a discussion of each of the sales, comparing each to the subject property for each relevant element of comparison and from this analysis an appropriate value indication is concluded in the reconciliation section of the appraisal report.



The sale properties are all located within the subject's immediate market area and are considered good alternative to a purchase of the subject property. All sales occurred in 2021 and are considered suitable alternative for a buyer interested in purchasing the subject property. The properties range in size from 1,100 to 1,755 square feet which brackets the size of the subject property. Overall, this is considered a very reasonable data set from which to estimate the market value of the subject property.

Market Data Map

Market Data Description

All of the comparables are located in the immediate vicinity of the subject property. A brief summary of the comparables follows.

Comp No. 1- This is the sale of a 3BR 2BA home that was built in 1976 and which has a 2-car carport. The floor plan has a bonus/family room with a wood burning fireplace, with most the windows having been replaced. The floor plan has a good size living room with slider leading to the backyard. The backyard has plenty of space on each side to pull in a recreational or utility vehicle. The home is equipped with both central air & wall units.

Comp No. 2 - This is the sale of a 3BR 1.52BA home that was built in 1960 and which has a 2-car carport. This home has a large living room kitchen and dining area and a bonus room which has just been remodeled with new flooring and a new window. Laminate flooring has been laid in the dining area and two of the bedrooms. The air conditioning unit is three years old, double pane windows are two years old and one of the water heaters is two years old. The size of the lot is 7,405 square feet.

Comp No. 3 – This is the sale of a 3BR 2BA house that contains 1,443 square feet and was built in 1960. The home is in the immediate vicinity of the subject property but is considered inferior in design appeal. The home sold on an as-is basis, with the home requiring some work to bring it up to the level of surrounding homes. The lot size of this property is 7,841 square feet.

Comp No. 4 - This is the sale of a 3 bedroom, 2 bath home that was built in 1986 and contains approximately 1,100 square feet of floor space. This property has a lot size of 6,098 square feet and is centrally located in the City of Coachella (same street as subject property) near the Cardenas Shopping center. The home offers 3 bedrooms and two bathrooms, has a relatively big backyard, and a built-in patio porch. Additionally, there is a privately gated large front yard.

Comp No. 5 This is the sale of a 4 bedroom, 2 bath home that was built in 2004 and contains approximately 1,363 square feet of floor space. This property has a lot size of 6,534 square feet. The home is in the Immediate are of the subject property and offers laminate flooring, granite counters, white kitchen cabinets, stainless steel appliances, and shutters throughout. The bathroom has been upgraded with a tiled shower. The property has a good-sized back yard.

Adjustment Considerations

A summary of the adjustment analysis comparing the comparables to the subject is shown on the following page. Primary adjustments pertained to location, design/appeal, home size, lot size, age/condition, BR/BA count and parking. The adjustments were made on a subjective basis intended to recognize similarities and dissimilarities of the comparables compared to the subject.

Based on the above analysis, a value of $350,000 is concluded for the subject property.

Certification

The undersigned appraiser certifies that, to the best of his knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial and unbiased professional analyses, opinions, and conclusions.
- I have no present, prospective, direct or indirect interest in the property that is the subject of this report, nor personal interest or bias with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved in this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute, which include the Uniform Standards of Professional Appraisal Practice.
- Kent J. Carpenter, MAI has made a personal inspection of the property that is the subject of this report.
- No one provided significant real property appraisal assistance to the appraiser signing this certification.
- The appraiser signing this appraisal report has not provided an appraisal of the subject property in the three years immediately preceding acceptance of this assignment. There have been no other services, as an appraiser, or in any other capacity, in the previous three years.
- As of the date of this report, Kent Carpenter, MAI, has completed the continuing education program of the Appraisal Institute.
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

Very Truly Yours,

Kent J. Carpenter, MAI

Assumptions and Limiting Conditions

This report is made expressly subject to the standard assumptions and conditions which are a normal part of any real estate appraisal.

1. The term "Market Value", as used in this report is defined previously.
2. The date of value to which the conclusions and opinions expressed in this report apply, is as set forth previously in this letter. Further, the dollar amount of any value opinion rendered in this report is based upon the purchasing power of the American dollar existing on that date.
3. The appraiser assumes no responsibility for economic or physical factors which may affect the opinions in this report which occur after the date of this letter transmitting the report.
4. The information furnished by others is believed to be reliable. However, no warranty is given for its accuracy.
5. The appraiser reserves the right to make such adjustments to the analyses, opinions and conclusions set forth in this report as may be required by consideration of additional data or more reliable data that may become available.
6. No opinion as to title is rendered. Title is assumed to be marketable and free and clear of all liens, encumbrances, easements and restrictions except those specifically discussed in the report. The property is appraised assuming it to be under responsible ownership and competent management, and available for its highest and best use.
7. The appraiser assumes no responsibility for hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for arranging for engineering studies that may be required to discover them.
8. The property is appraised assuming it to be in full compliance with all applicable federal, state, and local environmental regulations and laws, unless otherwise stated.
9. The property is appraised assuming that all applicable zoning and use regulations and restrictions have been complied with, unless otherwise stated.
10. The property is appraised assuming that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based, unless otherwise stated.
11. No engineering survey has been made by the appraisers. Except as specifically stated, data relative to size and area was taken from sources considered reliable and no encroachment of real property improvements is considered to exist.
12. No opinion is expressed as to the value of subsurface oil, gas or mineral rights or whether the property is subject to surface entry for the exploration or removal of such materials except as expressly stated.
13. Maps, plats and exhibits included in this part are for illustration only as an aid in visualizing matters discussed within the report. They should not be considered as surveys or relied upon for any other purpose, nor should they be removed from, reproduced, or used apart from the report.

14. No opinion is intended to be expressed for matters which require legal expertise or specialized investigation or knowledge beyond that customarily employed by real estate appraisers
15. That possession of this report, or a copy of it, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
16. Unless specifically stated, this appraisal does not take into consideration the possibility of the existence of asbestos, PCB transformers or other toxic, hazardous, or contaminated substances and/or underground storage tank (hazardous material), or the cost of encapsulation or removing thereof. Should the client have concern over the existence of such substances on the property, we consider it imperative for you to retain the services of a qualified independent engineer or contractor to determine the existence and extent of any hazardous materials, as well as the cost associated with any required or desirable treatment or removal thereof.

Covid 19 / Coronavirus Addendum

On March 11, 2020, over 22 months prior the valuation date the World Health Organization (WHO) officially declared that Covid-19 was a global pandemic. It is noted that the current economy has been thrown into a turbulent state due to concerns about the Covid-19 virus. Effects have included sudden declines in the stock market, cancellation of major events and closure of many businesses and major restriction of many jobs in order to limit social-physical contact. I have interviewed several local agents and they are reporting that they have had showings and open houses canceled and have had listing canceled. The current economic upheaval seems to be effecting both buyers and sellers. The evidence suggest agents are having some transactions canceled due to stock market and job uncertainty, and some difficulty showing properties due to the desire for social-physical isolation. These conditions are quite sudden in the past two weeks prior the valuation date. Whether the impact is very short-lived or more longer lasting is not possible to determine at this point. Because these effects are only just now taking place, the only market data available for use in this analysis took place before the Covid-19 phenomenon. Therefore, while the analysis and conditions are based on historical market data, it would be prudent to be aware of the current market uncertainty. It is highly probable there will be an impact upon the local Real Estate market due to the covid 19 -coronavirus. However there is no current data to determine what the effect will be. After much consideration I have begun adding this comment to the Market Conditions Comments in my reports: The impact to the market by both the covid 19 - coronavirus and the resulting decline in the stock market and increased unemployment are not yet known. Meaningful data is not yet available. It was therefore not possible to reflect these issues in this report.

The global outbreak of coronavirus" known as COVID-19 was officially declared a pandemic by the World Health Organization (WHO) 03/11/2020. The reader is cautioned, and reminded that the conclusions presented in this appraisal report apply only as of the effective date(s) indicated. The appraiser makes no representation as to the effect on the subject property of any unforeseen event, subsequent to the effective date of the appraisal.

As of the valuation date its been more than 2.5 years since the covid-19 virus began effecting the local economy. As of the valuation date the (CDC) Centers for Disease Control and Prevention have removed the mask requirements, the six foot social distancing requirements and almost all other covid-19 requirements. At the time of the valuation date there is no market data to suggest the covid-19 pandemic has any discernable effect upon the current market.

2021 California Code
Code of Civil Procedure - CCP
PART 3 - OF SPECIAL PROCEEDINGS OF A CIVIL NATURE
TITLE 7 - EMINENT DOMAIN LAW
CHAPTER 9 - Compensation
ARTICLE 4 - Measure of Compensation for Property Taken
Section 1263.320.

Universal Citation: CA Civ Pro Code § 1263.320 (2021)

1263.320.

(a) The fair market value of the property taken is the highest price on the date of valuation that would be agreed to by a seller, being willing to sell but under no particular or urgent necessity for so doing, nor obliged to sell, and a buyer, being ready, willing, and able to buy but under no particular necessity for so doing, each dealing with the other with full knowledge of all the uses and purposes for which the property is reasonably adaptable and available.

(b) The fair market value of property taken for which there is no relevant, comparable market is its value on the date of valuation as determined by any method of valuation that is just and equitable.

ARTICLE 4 - Measure of Compensation for Property Taken
Section 1263.330.

Universal Citation: CA Civ Pro Code § 1263.330 (2016)

1263.330. The fair market value of the property taken shall not include any increase or decrease in the value of the property that is attributable to any of the following:

(a) The project for which the property is taken.

(b) The eminent domain proceeding in which the property is taken.

(c) Any preliminary actions of the plaintiff relating to the taking of the property.

California Code, Code of Civil Procedure - CCP § 1263.410

(a) Where the property acquired is part of a larger parcel, in addition to the compensation awarded pursuant to Article 4 (commencing with Section 1263.310) for the part taken, compensation shall be awarded for the injury, if any, to the remainder.

(b) Compensation for injury to the remainder is the amount of the damage to the remainder reduced by the amount of the benefit to the remainder. If the amount of the benefit to the remainder equals or exceeds the amount of the damage to the remainder, no compensation shall be awarded under this article. If the amount of the benefit to the remainder exceeds the amount of damage to the remainder, such excess shall be deducted from the compensation provided in Section 1263.510, if any, but shall not be deducted from the compensation required to be awarded for the property taken or from the other compensation required by this chapter.

ARTICLE 5 - Compensation for Injury to Remainder

Section 1263.420.

Universal Citation: CA Civ Pro Code § 1263.420 (2021)

1263.420.

Damage to the remainder is the damage, if any, caused to the remainder by either or both of the following:

(a) The severance of the remainder from the part taken.

(b) The construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the damage is caused by a portion of the project located on the part taken.

California Code, Code of Civil Procedure - CCP § 1263.430

Benefit to the remainder is the benefit, if any, caused by the construction and use of the project for which the property is taken in the manner proposed by the plaintiff whether or not the benefit is caused by a portion of the project located on the part taken.

California Code, Code of Civil Procedure - CCP § 1263.440

(a) The amount of any damage to the remainder and any benefit to the remainder shall reflect any delay in the time when the damage or benefit caused by the construction and use of the project in the manner proposed by the plaintiff will actually be realized.

(b) The value of the remainder on the date of valuation, excluding prior changes in value as prescribed in Section 1263.330, shall serve as the base from which the amount of any damage and the amount of any benefit to the remainder shall be determined.

California Code, Code of Civil Procedure - CCP § 1263.450

Compensation for injury to the remainder shall be based on the project as proposed. Any features of the project which mitigate the damage or provide benefit to the remainder, including but not limited to easements, crossings, underpasses, access roads, fencing, drainage facilities, and cattle guards, shall be taken into account in determining the compensation for injury to the remainder.

Re: Property: 50021 Balboa St
Coachella, CA 92236
Borrower: N/A - Eminent Domain Negotiation Use
File No.: D23S02004LC

In Accordance With Your Request, We Have Appraised The Above Referenced Property. The Report Of That Appraisal Is Attached.

The Purpose Of This Appraisal Is To determine fair market value of the property taken, see the 2021 California Code Eminent Domain Law Chapter 9, Artical 4, Measure of Compensation for Property Taken, to use in the settlement of a Eminent Domain Negotiation Between the owner RMM Investment Capital and the City of Coachella.

This Report Is Based On A Physical Analysis Of The Site And Improvements, A Locational Analysis Of The Neighborhood And City, And An Economic Analysis Of The Market For Properties Such As The Subject. The Appraisal Was Developed And The Report Was Prepared In Accordance With The Uniform Standards Of Professional Appraisal Practice.

The Value Conclusions Reported Are As Of The Effective Date Stated In The Body Of The Report And Contingent Upon The Certification And Limiting Conditions Attached.

It Has Been A Pleasure To Assist You. Please Do Not Hesitate To Contact Me Or Any Of My Staff If We Can Be Of Additional Service To You.

Sincerely,

Lester Caplan
CA Certified General Appraiser
AG001751, Expires 09/01/2024

USPAP ADDENDUM

File No. D23S02004LC

Item 22.

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender	RMM INV CAPITAL						

This report was prepared under the following USPAP reporting option:

☒ Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(a).

☐ Restricted Appraisal Report — This report was prepared in accordance with USPAP Standards Rule 2-2(b).

Reasonable Exposure Time

My opinion of a reasonable exposure time for the subject property at the market value stated in this report is:

I Have Estimated Reasonable Exposure Time In Correlation To The Fair Market Value Definition As Provided In This Report To Be From 3 To 6 Months. This Was Estimated From Examination Of The Marketing Times Of The Comparables Utilized In This Appraisal. Also Statistical Analysis Of The General Market Area For The Neighborhood, Discussions With Local Real Estate Brokers And Current Economic Conditions. This Estimate Is Predicated Upon The Assumption That The Subject Property Offering Would Not Exceed A Listing Price 10% Above The Market Value Estimate Above This Appraisal. This Estimate Of Reasonable Exposure Time In Market Value Estimate Is Only For The Property Type That Is The Subject Of This Appraisal.

Additional Certifications

I certify that, to the best of my knowledge and belief:

☒ I have NOT performed services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

☐ I HAVE performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

- The Statements Of Fact Contained In This Report Are True And Correct.
- The Reported Analyses, Opinions, And Conclusions Are Limited Only By The Reported Assumptions And Limiting Conditions And Are My Personal, Impartial, And Unbiased Professional Analyses, Opinions, And Conclusions.
- Unless Otherwise Indicated, I Have No Present Or Prospective Interest In The Property That Is The Subject Of This Report And No Personal Interest With Respect To The Parties Involved.
- I Have No Bias With Respect To The Property That Is The Subject Of This Report Or The Parties Involved With This Assignment.
- My Engagement In This Assignment Was Not Contingent Upon Developing Or Reporting Predetermined Results.
- My Compensation For Completing This Assignment Is Not Contingent Upon The Development Or Reporting Of A Predetermined Value Or Direction In Value That Favors The Cause Of The Client, The Amount Of The Value Opinion, The Attainment Of A Stipulated Result, Or The Occurrence Of A Subsequent Event Directly Related To The Intended Use Of This Appraisal.
- My Analyses, Opinions, And Conclusions Were Developed, And This Report Has Been Prepared, In Conformity With The Uniform Standards Of Professional Appraisal Practice That Were In Effect At The Time This Report Was Prepared.
- Unless Otherwise Indicated, I Have Made A Personal Inspection Of The Property That Is The Subject Of This Report.
- Unless Otherwise Indicated, No One Provided Significant Real Property Appraisal Assistance To The Person(S) Signing This Certification (If There Are Exceptions, The Name Of Each Individual Providing Significant Real Property Appraisal Assistance Is Stated Elsewhere In This Report). Unless Otherwise Indicated In The Comments Below, I Have Performed No . --- - Unless Otherwise Indicated In The Comments Below, I Have Performed No Services, As An Appraiser Or In Any Other Capacity, Regarding The Property That Is Th

Additional Comments

Page 1 of the neighborhood section of the form has the question? property values, (_ increasing, _stable, _declining). I have consulted fannie mae and Fha and neither organization has a definition of a stable property value. Market values are always changing up or down. The rate of change and the direction up or down is always changing. Therefore a stable market of zero is not possible. From my experience and discussions with many realtors I am of the opinion that a market that is changing at a rate of 5% or more per year is a rising or declining market. At present the balance of market participants are in balance, supply and demand would be considered in balance with slightly below normal marketing times of around 30 days to 60 days on the market with a 5 to 7 month supply of houses for sale on the market. Currently the average marketing time is 67 days for the average sold sales and 68 days on the market for the listing on the market. There is a 4.48 month supply of homes on the market. So on my reports I mark the rising or declining box if the rate of change is 5% or greater and I note in my comments if the trend is appreciation or depreciation, increasing or decreasing property values. I also report the actual rate of change from the 1 year comp farm and the zillow rate of change for the subject's zip code. Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +10.6% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. This gives good support for my estimated market condition adjustments" applied on the market grid at 2% annual or .00167% per month from the pending date.

Change in Land Use: ☒ Not Likely ☐ Likely * ☐ In Process * | * To:

Market Area Boundaries, Description, and Market Conditions (including support for the above characteristics and trends): See attached addendum. For comparable sales and immediate neighborhood market condition analysis the neighborhood is further restricted to non gated communities. The south neighborhood boundary is 52nd Avenue. The east neighborhood boundary is Highway (86). The north neighborhood boundary is Avenue 48. The west neighborhood boundary is Jackson Street.

Please see the market value trends on the form 1004MC and detailed analysis in the general text addendum. As shown by the market data and market analysis the appreciation rate in the neighborhood has started to decline from the top of the market which was about May and June 2022 when appreciation rates peeked at about 32.8% per year. The market is now stable with the current rate of appreciation at about 2%.

SITE DESCRIPTION

Dimensions: Irregular - see enlarged plat map | Site Area: 6,865 sf
Zoning Classification: R-S Residential Single Family Zone | Description: Single family residential, full R-S zoning code is in the workfile
Zoning Compliance: ☒ Legal ☐ Legal nonconforming (grandfathered) ☐ Illegal ☐ No zoning
Are CC&Rs applicable? ☐ Yes ☒ No ☐ Unknown | Have the documents been reviewed? ☐ Yes ☐ No | Ground Rent (if applicable) $ /
Highest & Best Use as improved: ☒ Present use, or ☐ Other use (explain)
Actual Use as of Effective Date: Detached single family residential | Use as appraised in this report: detached single family residential
Summary of Highest & Best Use: Detached single family residential is the highest and best use. This is the current use and is the only legally permissible use.. The building style is detached single family ranch style 1 story home. The ownership rights are fee simple ownership. See the attached, detailed Highest & Best use analysis.

Additional features: See attached addendum. The interior has upgraded tile flooring in the entire home. recessed lighting, ceiling fans, automatic sprinkler system front and rear yard, attached 2 car garage with automatic garage door opener.
Describe the condition of the property (including physical, functional and external obsolescence): C4; Subject is in average condition having been built in the year 1967, The home has not been recently remodeled. From old MLS it appears the home was remodeled with new flooring and paint in 2010 and has been kept up with no major deferred maintenance. However the home has wear & tear and the tile floors are outdated, the home has warn interior and exterior paint. Subject is maintained in average (C4) condition. See the attached quality & condition definitions addendum. Combined carbon monoxide detectors & smoke alarms have been installed. The water heater is double earthquake strapped. The utilities were on and all other appliances besides the oven were working and there was good water pressure with good hot water. Subject home is built with average (Q4) quality materials an[illegible] addendum for some additional upgrades.

Summary of Sales Comparison Approach

Sales 1, 4 & 5 are dated. Sales older than 6 months from the date of appraisal. Minimal rising price appreciation that shows up in the market grid since the market is flat with only 3% appreciation rate. The overall trend is rising but at a pace that is slow enough that if sales less than 3 months are used time adjustment is not needed. The proper notation on the neighborhood section of the report and in the market condition addendum is stable comparable sale prices since the rate of change is less than 5% per year. The current appreciation rate at 2% is quite lower than 12 months ago in February 2022 when they were appreciating at 36.8% annual appreciation rate. Also the sale price to listing ratio is at 100%. A few months ago they were around 103% to 104%. Also the inventory of homes on the market has increased and there is currently a 4.48 month supply of homes in the inventory. A few months ago there was less than 1/2 month supply of homes on the market. The appreciation rate of 2% equals a monthly rate of .02/12= .00167. The market condition adjustment for sales with a pending date more than 1 month prior the valuation date will be adjusted at 2% annual or .00167 or .167% per month from the pending date.

Subject site suffers external depreciation

The subject's north side wall of the site sides to a sidewalk and greenbelt and then 50th Avenue which is a busy street. There was minimal traffic noise from inside the subject home when the doors and windows were closed. There was loud traffic noise heard when in the back yard and north side yard. I reviewed the Coachella Valley Traffic Count Map at the north side of the site there was a daily traffic count of 6,537 cars going eastbound and 7,480 cars going westbound for a total daily traffic count of 14,017 cars. To estimate the loss in market value due to external depreciation from siding to 50th Avenue I did hybrid paired sales analysis. Using comp 1 which sides to 52nd Avenue which has similar traffic count as compared to 50th Avenue. I compared this sales to sales 2, 3, 4, & 5. From my analysis it appears the adverse traffic noise in the yard has minimal affect upon the market value or marketability. Comp 1 was only on the market for 41 days and sold for 100% of the asking price. This indicates that in the current market there is little resistance to market value or marketability to a location like the subject that sides to a busy street. Based upon this analysis I made a minimal adjustment of minus -$5,000 on the market grid and cost approach for external depreciation due to traffic noise from siding 50th Avenue.

Indicated Value by Sales Comparison Approach $ 371,000

Item 22.

COST APPROACH

COST APPROACH TO VALUE (if developed) ☐ The Cost Approach was not developed for this appraisal.

Provide adequate information for replication of the following cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value): The cost analysis below is also utilized to add support to the market grid condition adjustment and the living area square footage adjustment. Cost data used was from Marshall/Swift (MS) cost book. Sec. A, average quality (Q4) page Avg-19, section C for site data. The life expectancy was taken from the (MS) table on page E-7, depreciation was estimated using extended life theory & (MS) table on page E-19. Estimated land value was extracted. See addendum.

ESTIMATED ☐ REPRODUCTION OR ☒ REPLACEMENT COST NEW

Source of cost data: Marshall & Swift - Cost Handbook, 12/2022 Update

Quality rating from cost service: Average Effective date of cost data: Dec - 2022

Comments on Cost Approach (gross living area calculations, depreciation, etc.):

See attached addendum.

The estimated effective age is 35 years. The estimated life new of the improvements is 55 years.

Depreciation from the marshall & swift depreciation table is 45%.

The estimated remaining economic life is estimated to be 55 years - 45% = 30 years.

The depreciated cost of the improvements $124,618 or $96.30 per square foot

The depreciated cost of the 2 car garage is $15,137 or $7,569 per 1 car garage

External depreciation is estimated to be $5,000. This was estimated from 5 hybrid paired sales analysis utilizing sale 1 compared to sales 2,3,4, 5 & 6. This analysis is in my appraisal workfile and are not found in this report.

Estimated Remaining Economic Life (if required): 30 Years

INCOME APPROACH

INCOME APPROACH TO VALUE (if developed) ☒ The Income Approach was not developed for this appraisal.

Estimated Monthly Market Rent $ X Gross Rent Multiplier = $ **Indicated Value by Income Approach**

Summary of Income Approach (including support for market rent and GRM): The Income Approach Is Not Applicable Due To A Lack Of Comparable Sales That Were Rental Properties With Gross Rent Multipliers. The Lack Of Data Makes This Approach Too Inaccurate Use.

PUD

PROJECT INFORMATION FOR PUDs (if applicable) ☐ The Subject is part of a Planned Unit Development.

Legal Name of Project:

Describe common elements and recreational facilities: Subject is not a P.U.D. project, no owners association or H.O.A. dues.

RECONCILIATION

Indicated Value by: Sales Comparison Approach $ 371,000 **Cost Approach (if developed) $** 409,000 **Income Approach (if developed) $**

Final Reconciliation: Most weight was given the sales comparison approach to value. The cost approach to value supports the value estimate but is less reliable due to accrued depreciation and lack of land sales. The income approach to value is not applicable due to A lack of relevant market data to apply this approach to value.

This appraisal is made ☒ "as is", ☐ subject to completion per plans and specifications on the basis of a Hypothetical Condition that the improvements have been completed, ☐ subject to the following repairs or alterations on the basis of a Hypothetical Condition that the repairs or alterations have been completed, ☐ subject to the following required inspection based on the Extraordinary Assumption that the condition or deficiency does not require alteration or repair: There are no conditions to the value estimate, other than those stated in the certification, contingent and limiting conditions.

☐ This report is also subject to other Hypothetical Conditions and/or Extraordinary Assumptions as specified in the attached addenda.

Based on the degree of inspection of the subject property, as indicated below, defined Scope of Work, Statement of Assumptions and Limiting Conditions, and Appraiser's Certifications, my (our) Opinion of the Market Value (or other specified value type), as defined herein, of the real property that is the subject of this report is: $ 371,000 , as of: 03/03/2023 , which is the effective date of this appraisal. If indicated above, this Opinion of Value is subject to Hypothetical Conditions and/or Extraordinary Assumptions included in this report. See attached addenda.

Summary of Sales Comparison Approach

Comparable 6 is a active listing. The price reported is the listing price, Hence this comparable was adjusted for contract negotiation utilizing the sale price to listing price ratio reported in the neighborhood statistics. This is 100% so no adjustment was applied.

The estimated condition takes into account any renovation, remodeling or updating that the subject and comparable sales may have had. The definitions of the C1 thru C6 condition rating note that the condition rating takes into account the effect the condition of a property has upon effective age. For this reason I no longer make adjustments for age or effective age since due consideration for this is factored into the condition adjustment and making an age adjustment would be in effect making a double adjustment. For this reason sometimes on the market grid you may see homes with a large difference In age but no adjustment made since effective age was considered when I made the condition adjustment. My observation from the interior photos and examination of the MLS comments for Comps 1 & 5 indicate these sales had been well maintained but were not recently remodeled and are considered to be in similar (C4) condition as compared to the subject's (C4) condition. Comp 2, 3, 4 & 6 had recent remodeling completed and were in good (C3) condition and had less wear & tear and had some newer surface materials and are in superior (C3) condition. From hybrid paired sales analysis and depreciated cost analysis I estimate the condition adjustment to be minus -$10,000.

The market grid has a wider range of adjusted value indicators than preferred. The reason there is a wide range in adjusted value indicators for the comparable sales is there are a wide range of variables for this property type. The subject and comparables are older homes that are in different state of repair with much variation in effective age, living area, upgrade options and site amenities. Do to this variation there is a wide range of market reaction to these items of variation and the value placed upon these items by the buyers and sellers. However the differences between the subject and comparables are not always specifically delineated in the MLS which creates a wider than preferred range of adjusted values, since there are no specific items to make adjustment for on the market grid. This makes appraising this type of property more subjective than an appraisal of a simple smaller tract home.

Market Conditions Addendum to the Appraisal Report

File No. D23S02004LC

Item 22.

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address 50021 Balboa St | City Coachella | State CA | ZIP Code 92236

Borrower N/A - Eminent Domain Negotiation Use

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). The California Desert Association of REALTORS, Inc. MLS indicated 4 of 84 (4.8%) of the closed sales in the market area between 06/14/2021 and 06/14/2022 contained seller concessions. Concessions ranged between $4 and $4,000, and the median concession was $1,600. For 7-12 months prior, 2 of 35 transactions (5.7%) had concessions. For 4-6 months prior, no transactions had concessions reported. For the 3 months prior to the effective date, 2 of 25 transactions (8.0%) had concessions.

Are foreclosure sales (REO sales) a factor in the market? ☐ Yes ☒ No If yes, explain (including the trends in listings and sales of foreclosed properties).

There are few foreclosed, reo & short sale properties in the market place. These distressed properties are not pervasive so that it is almost always possible to make an appraisal without using some of these distressed properties in the appraisal process. Sometimes it is necessary to utilize a distressed property to bracket a property feature of the subject. But less weight is given these distressed properties. The non distressed properties when they sell, their sale price is most often higher than distressed properties in very similar condition in the same neighborhood. For this reason these sales are not considered market comparables when doing a estimate of market value and these sales are omitted from analysis.

Cite data sources for above information. The Market Conditions Addenda was completed with data from California Desert Association of REALTORS, Inc. MLS with an effective date of 06/14/2022.

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +10.6% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. Market condition adjustments" are applied on the market grid at 2% annual or .00167% per month from the pending date.

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project , complete the following: **Project Name:**

Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend
Total # of Comparable Sales (Settled)				☐ Increasing ☐ Stable ☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing ☐ Stable ☐ Declining
Total # of Active Comparable Listings				☐ Declining ☐ Stable ☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining ☐ Stable ☐ Increasing

Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project.

• **General Purpose Form: neighborhood market factors**

The neighborhood has close proximity to typical community services such as schools, shopping, medical facilities, police and fire protection. The neighborhood has typical land use of average (Q4) quality single family tract homes ranging to large simi-custom tract homes. Several golf courses are in close proximity. This adds marketability and appeal to the area and does not have any adverse affect upon value or marketability. The neighborhood is about 3 miles to the (10) freeway making this neighborhood accessible to employment centers. The subject's immediate neighborhood is known as Coachella is located on public streets. Subject's immediate neighborhood is in close proximity to Shopping and Dining at Harrison Street & 50th Avenue.

• **General Purpose Form: neighborhood market conditions**

Marketing conditions and demand appear to be in balance at this time. As of the valuation date there is a 5.8 month housing supply in the Coachella Valley. A housing supply of 5 to 8 months is considered to be a market in balance.

Page 1 of the neighborhood section of the form has the question? property values, (_ increasing, _stable, _declining). I have consulted fannie mae and Fha and neither organization has a definition of a stable property value. Market values are always changing up or down. The rate of change and the direction up or down is always changing. Therefore a stable market of zero is not possible. From my experience and discussions with many realtors I am of the opinion that a market that is changing at a rate of 5% or more per year is a rising or declining market. At present the balance of market participants are in balance, supply and demand would be considered in balance with slightly below normal marketing times of around 30 days to 60 days on the market with a 5 to 7 month supply of houses for sale on the market. Currently the average marketing time is 67 day for the average sold sales and 68 days on the market for the listing on the market. There is a 6.7 month supply of homes on the market. So on my reports I mark the rising or declining box if the rate of change is 5% or greater and I note in my comments if the trend is appreciation or depreciation, increasing or decreasing property values. I also report the actual rate of change from the 1 year comp farm and the zillow rate of change for the subject's zip code. Sales will have a plus +2% appreciation rate applied from with a pending date after 30 days from the valuation date. Time adjustments are calculated from the pending date. Zillow reported price increase of +10.6% over the prior year. The form 1004MC had a annual appreciation rate of +3.3%. The Coachella Valley housing statistics shows the median comparable price for homes in the city of Coachella depreciated -0.9% over the prior year. The statistical sample from the form 1004MC is a large enough sample to make accurate statistical analysis. The Zillow report & Coachella Valley housing statistics rate of appreciation is less accurate but supports the reconciled appreciation rate from the 1004MC form and regression analysis. I estimate the rate of appreciation as of the valuation date to be plus +2.0% per year. Sales will not have a market condition adjustment applied for any sale within 30 days prior the valuation date. The market condition adjustment made is calculated from the pending date. I also made a regression analysis of the market condition adjustment from the pending date of the neighborhood sales market analysis. The market condition adjustment regression analysis indicated plus +$17.46 per day adjustment from the pending date for the sales comps. Then I converted the daily depreciation rate to a monthly rate and then to an annual rate. The annual regression analysis appreciation rate is plus +1.7%. I am of the opinion that the regression analysis is a better model of the expectations of the market participants than the zillow or Coachella Valley statistics. The regression analysis and form 1004MC market condition indicators very closely models my estimated annual appreciation rate of plus 2.0%. This gives good support for my estimated market condition adjustments" applied on the market grid at 2% annual or .00167% per month from the pending date.

The following is a brief history of the market; values were stable between late 2006 to late 2007 and then prices started to drop. Property values declined from late 2007 thru the middle of 2011. In most areas of the coachella valley property value started to stabilize with most neighborhoods having flat values. Then in the last quarter of 2011 thru 2019 most neighborhood began a gradual rise in property values. Then in early 2020 values began a rapid rise in values. .Appreciation rates peeked in May of 2022 and in the last 6 months the rate has been trending downward. Currently the rate of price appreciation is estimated to be 2.0% annually. Currently it appears that this trend is continuing into the 1st quarter of 2023. The market is healthy with slight price increase at about 2%. Most properties are at the listing price or slightly below. It is no longer a panic market with rapid rising values so now few buyers are making an offer over the asking price. Normal marketing times rang from 60 to 120 days. Currently the comparables in the report were selling in 67 to 68 days.

Presently marking "declining market" on page 1 of the appraisals is not appropriate. The reason for this is the market where the subject is located prices are rising at about 3%. Sales older than 1 months from the date of appraisal are showing rising price appreciation that shows up in the market grid. The overall trend is rising at a pace that is slow enough that if sales less than 1 months are used time adjustment is not needed. The proper notation on the neighborhood section of the report and in the market condition addendum is stable comparable sale prices since the rate of change is less than 5% per year. The current appreciation rate at 2% is quite lower than 12 months ago in December 2021 when they were appreciating at 32.8% annual appreciation rate. See the Coachella Valley MLS Housing report for February 2022. Also the sale price to listing ratio is at 100.0%. A few months ago they were around 103% to 104%. Also the inventory of homes on the market has increased and there is currently a 4.48 month supply of homes in the inventory. A few months ago there was less than 1/2 month supply of homes on the market.

To demonstrate this it is important to include analysis of pending sales and listings in the current valuation process. However analyzing pending sales and listings does not mean that they will necessarily be reported on in the appraisal report. The overall market is considered stable. This is demonstrated by a normal marketing times of less than six months and a normal gap between listing price and sale price of more than 95%. Loan discounts, interest buydowns or other concessions are not typical at this time. Cash or its equal or conventional financing are the typical purchase terms. There are some transactions where the seller is paying up to 3% of the buyers non recurring closing cost. However in the current soft market the seller is not able to raise the sale price to compensate. Hence these seller concessions don't typically need a market adjustment. There is fha and va financing available on the conforming, non jumbo priced properties.

The multiple listing service statistical report showed that the average single family home sold for 100.0% Of the listing price. Thus based upon this information and our discussion with local listing realtors any current listing utilized in this appraisal will have a minus 0% Adjustment made for contract negotiation. Then the adjustment as well as all adjustments will be rounded to the nearest $1,000. Analysis of the comparable sales we analyzed shows the median market exposure time for homes similar to the subject was 67 days. Analysis of the comparable current listings we analyzed shows the median marketing time for homes similar to the subject is 68 days.

• **General Purpose Form: site comments**

There are no apparent adverse easements or encroachments noted. It is assumed that the subject site has typical utility easements. However a title report was not provided for the appraisers review. Thus any easement or encroachment not apparent from review of the plat map included in this report was not analyzed. Any affect of a non-apparent easement was not analyzed. The subject site is irregular in shape and at the corner of Balboa Street and 50th Avenue. Subject site fronts on a low traffic residential,street. The subject does side to a similar property along its south boundary but sides to Avenue 50 along its north boundary. Avenue 50 is a busy street and the subject suffers external depreciation due to traffic noise. The subject site does not have a view amenity that adds value.

Subject site suffers external depreciation

The subject's north side wall of the site sides to a sidewalk and greenbelt and then 50th Avenue which is a busy street. There was minimal traffic noise from inside the subject home when the doors and windows were closed. There was loud traffic noise heard when in the back yard and north side yard. I reviewed the Coachella Valley Traffic Count Map at the north side of the site there was a daily traffic count of 6,537 cars going eastbound and 7,480 cars going westbound for a total daily traffic count of 14,017 cars. To estimate the loss in market value due to external depreciation from siding to 50th Avenue I did hybrid paired sales analysis. Using comp 1 which sides to 52nd Avenue which has similar traffic count as compared to 50th Avenue. I compared this sales to sales 2, 3, 4, & 5. From my analysis it appears the adverse traffic noise in the yard has minimal affect upon the market value or marketability. Comp 1 was only on the market for 41 days and sold for 100% of the asking price. This indicates that in the current market there is little resistance to market value or marketability to a location like the subject that sides to a busy street. Based upon this analysis I made a minimal adjustment of minus -$5,000 on the market grid and cost approach for external depreciation due to traffic noise from siding 50th Avenue.

• **General Purpose Form: site comments continued**

Subject does not have any surplus land or excess land. Surplus land is defined as "land not necessary to support the highest and best use of the existing improvement but, because of physical limitations, building placement, or neighborhood norms, cannot be sold off separately. Excess land is defined as "land not needed to serve and support the existing improvement that can be separated and have a highest and best use of its own. Subject has a larger than typical site. However much of the site is utilized with value added site amenities. but there is a large west side yard area not improved but nicely landscaped. For this reason the regression analysis indicated site adjustment was much lower than the estimated site value with little loss in value due to diminishing return.

General Purpose Form: additional features

Subject is built with average quality materials and workmanship (Q4). Subject home is upgraded with all tile floors; Formica countertops in the kitchen. Corian countertops in the bathrooms and tile bathroom wainscot; LED recessed lighting; ceiling fans; rear covered concrete patio; private gated front courtyard patio; automatic sprinkler system; attached 2 car wide garage and the garage has an automatic garage door opener.

• **General Purpose Form: condition of improvements**

Supplemental Addendum

File No. D23S02004LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

Subject is in average (C4) condition overall having been built in 1967. Subject was remodeled with new flooring pain, kitchen cabinets & countertops in 2010. Subject has been well maintained with good maintenance. I estimate the subject's effective age to be 35 years. Subject is maintained in average (C4) condition. Carbon monoxide detectors & smoke alarms have been installed. The water heater is double earthquake strapped. The utilities were on. There was good water pressure with good hot water.

• General Purpose Form: cost approach comments
See the attached building sketch that shows the gross living area.

The Cost approach estimated building cost were derived from the marshall and swift residential cost handbook. The information is found in section (a) main improvements and section (c) yard improvements. Local and current cost multipliers were utilized.

Land Value was estimated by an extraction method due to limited vacant land sales of tract home sites. The method i utilized to abstract land value is as follows: the subjects total depreciated cost of all improvements is divided by the square footage of the subject's gross living area to determine a typical depreciated cost per square foot of all improvements for properties with similar quality and effective age as the subject. Then the typical depreciated cost per square foot is multiplied by the comparable sales gross living area to estimate the approximate depreciated cost of the improvements for the comparable sale. Then this figure is subtracted from the sale price of the comparable sale to estimate the amount attributable to land value for this comparable sale. After all sales have had their land value abstracted then a reconciled estimate of land value is made. Typically i do not report the land value analysis in the appraisal report, but this data is in the workfile, a copy of the workfile can be made available to the noted intended user of this appraisal, but the cost of this service was not included in the fee quote for the appraisal. This is an additional service and will be charged at my hourly rate of $150 per hour. I only report the final estimated land value in the appraisal report.

Physical Depreciation: physical depreciation is estimated by the extended life theory method. Estimated life new from the marshall & swift typical building life table found on page e-7 is 55 years. This is based upon a depreciation study of similar quality improvements performed by marshall & swift. Marshall & swift also made a study of the typical depreciation of a home by percentage as related to its effective age. This is the marshall & swift depreciation table on page e-17. The U.S. Treasury Department I.R.S Accelerated Cost Recovery Method uses a 27.5 Year life expectancy for single family home depreciation. But this assumes straight line depreciation with no maintenance. The majority of homes have maintenance with replacement of some of the homes components such as flooring, paint, appliances etc. This maintenance increases the life expectancy. A study done by the American community survey (ACS) shows the median age home in California is between 48 to 57 years. This gives support to the marshall & swift life expectancy estimate of 55 years. A 55 year life expectancy is reasonable and supported by the market data.

Depreciation is calculated as follows: the effective age is estimated by the appraiser after inspecting the subject home and looking at what home components have been replaced and then looking at like properties that lack the need of any moderation or major repairs to determine the effective age of the subject. Then the appraiser goes to the marshall & swift depreciation table on page e-17 to determine the percentage of physical depreciation due to wear and tear.

The remaining economic life is calculated by subtracting the estimated percentage of physical depreciation from the life expectancy new of 55 years.

Physical Depreciation, Due to the actual year built being late 1967 with an actual age 56 years. The home was remodeled in 2010. I estimate the subject's effective age to be 35 years. This equals 45% physical depreciation due to normal wear & tear.

Functional Depreciation: none noted.

External Depreciation: is noted. Subject front a low traffic street but sides to 50th Avenue beyond. This is an adverse location, with traffic heard in the back yard. Minimal traffic noise was heard from within the home with the doors and windows closed. Subject's location siding to 50th Avenue is external depreciation. See this addendum site analysis for details on the external depreciation and information on how I estimate the $10,000 adjustment for location when comparing subject's adverse location as compared to an interior location with no traffic noise.

Selection of comparable sales

As the appraiser of the subject property my comparable sales search begins with a public records search of all closed sales 1 year prior to the date of appraisal of all sales within the subject's immediate neighborhood which is about 1/2 mile surrounding the subject property. I do this to get a feel of the trends in the neighborhood and to see all transactions even those that are not market sales to see if there are any non market transaction that could have an impact upon the subject property such as a probate sale or foreclosure in close proximity. After this I performed a MLS search for comparable sales. Since this appraisal is an appraisal of a urban property I have utilized my normal search criteria due to the availability of many sales with a healthy amount of sales activity. I searched an area within a one mile radius of the subject property of all active, contingent sales, pending sales and closed sales going back 1 year from the date of appraisal. I searched for sales within 25% of the subjects living area and sales built within 20 years of the date of construction of the subject property. This provided me with enough sales to get a statistical analysis for the market conditions report included in the appraisal. Then from this pool of sales I selected those sales that were closest in proximity with the most current sale date that were most similar in property characteristics. Then I inspected the 8 comparables that in my opinion were most similar. After I have completed the inspection of the subject property and the comparable sales I go back to my office and begin the full verification process where I analyze all the public record and MLS data on the nine sales I inspected and I talk to the realtors on some or all of the sales I deem necessary. After this process I do further analysis and decide which are the best sales to put in the report. Giving consideration to which sales will best bracket all of the subjects characteristics so I can do more accurate hybrid paired sales data analysis.

How I estimate the proper adjustments utilizing hybrid paired sales analysis

The following market grid adjustments were determined from paired sales data analysis of the comparables as they were analyzed on the market grid. This is how all adjustments on the market grid are estimated. Paired sales data analysis is a process in which two or more market sales are compared to derive an indication of the size of the adjustment for a single characteristic. In this appraisal there were several property characteristics that needed adjustment. Therefore I undertook a series of paired sales data analysis to isolate the effect of each property characteristic.

This Is done utilizing my appraisal software and the market grid. First I enter all the data for the subject and sales on the market grid.then I enter approximate adjustments for all the differences in property characteristics. For example I might estimate site area square footage adjustment at $3 per square foot. Then after all estimated adjustments are entered I do a hybrid paired sales analysis for each item that has been bracketed. For site area square footage adjustment I would enter an adjustment of $2/sf and then record the indicated value range and the amount of variation between the high and low indicator of value. Then I repeat this process at $3/sf, $4/sf, etc. After each entry at the specific price per square foot adjustment I note the amount of deviation. As I approach the market derived adjustment the amount of deviation gets lower. As I get farther away from the market derived adjustment then the deviation starts getting larger. The lowest deviation is close to the paired sales indicated market adjustment for that property characteristic.

I do not include this analysis in my appraisal report. It would be very time consuming and would add dozens of market grid pages to the report that would be confusing to a reader of the report. If a client wishes to have this analysis added to the report this would be beyond the scope of the original fee quote for the appraisal and would require additional fees at $175 per hour.

For a complete understanding of paired sales data analysis please see the appraisal institute book, "the appraisal of real estate" pages 385-387 & pages 394-397.

How I estimate the proper adjustments utilizing regression analysis

When I gather market data and sales comparison data from the MLS I export raw data into a comma separated value file (csv). Then upload those files into the Microsoft Excel Program. Then I manipulate the data into columns for the dependent and independent variables that I want to estimate such as closed sale price as the dependent variable and gross living area as the independent variable. I then remove the outlier data and then perform regression analysis on a scatter chart.

How I estimate the proper adjustments utilizing depreciated cost analysis

I estimate the cost new of the living area, appliances, fireplace, pool or spa as necessary, the garage and any other needed items from the Marshall & Swift cost hand book. I then estimate life expectancy and estimate effective age. I then estimate the percentage of depreciation. Then I take each individual item that I would compare on the market grid, like living area, garage, pool and spa and I estimate the depreciated cost of the item.

Representative adjustments applied to this appraisal

Other small adjustments in this appraisal of $1,000 or less are representative adjustments. The representative adjustments are for items of variation between the subject and comparable sale that exist but a specific adjustment is not specifically supportable by the market data. This is based upon the appraisal theory of substitution. The theory is that if there were two identical properties next door to each other that were exactly the same for every feature except one small item like a built-in outdoor bbq kitchen area. It is reasonable to assume that the majority of home buyers would be willing to pay some amount more for the home with the built-in outdoor bbq area than the home with out it, even thou it is not directly provable by market data or statistics that such an item directly has an impact upon market value. It is this type of variable that would receive a representative adjustment on the market grid. The adjustment is in effect a qualitative adjustment and not a qualitative adjustment even thou a small dollar adjustment is made. The reason it is considered a qualitative adjustment is the adjustment is so small it has minimal impact upon the final value estimate. Theses adjustments are supported by sound reasoning and is creditable (worthy of belief)

Conclusion to how I estimate the proper adjustments

In conclusion for all the main items of adjustment that are large adjustments and could impact the final value estimate I utilize some or all of the above methods to estimate proper market adjustments for the market grid. For the smaller items that could be adjusted but there is a lack of market data to support such an adjustment I then utilize qualitative adjustment as explained in the representative adjustments comment above.

Explanation of specific adjustments made for this appraisal

Supplemental Addendum

File No. D23S02004LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

The regression analysis of the site area adjustment for difference in site area square footage was $11.82 per square foot. Site size adjustments were adjusted at $11.82 per square foot for and difference greater than 500 square feet of effective site area after adjusting for site utility. I estimated land value for the site at $34.67 per square foot. Yet I only adjusted at $1182 per square foot on the market grid for differences in site area greater than 500 square feet. This difference is due to a diminishing return. After a buildable site has been developed with a adequate size home and site improvements the additional land left over has a diminishing value since it has less and less value per foot as the additional land has less usefulness. Thus the additional land was only adjusted at $11,82 per square foot. This adjustment was well supported by the regression analysis.

Condition of the property was adjusted at $10,000 for any difference between category C3 to C4 condition. The estimated condition takes into account any renovation, remodeling or updating that the subject and comparable sales may have had. The definitions of the C1 thru C6 condition rating note that the condition rating takes into account the effect the condition of a property has upon effective age. For this reason I no longer make adjustments for age or effective age since due consideration for this is factored into the condition adjustment and making an age adjustment would be in effect making a double adjustment. For this reason sometimes on the market grid you may see homes with a large difference In age but no adjustment made since effective age was considered when I made the condition adjustment. My observation from the interior photos and examination of the MLS comments for Comps 1 & 5 indicate these sales had been well maintained but were not recently remodeled and are considered to be in similar (C4) condition as compared to the subject's (C4) condition. Comp 2, 3, 4 & 6 had recent remodeling completed and were in good (C3) condition and had less wear & tear and had some newer surface materials and are in superior (C3) condition. From hybrid paired sales analysis and depreciated cost analysis I estimate the condition adjustment to be minus -$10,000.

From the cost approach I estimated the depreciated cost of the improvements to be $96.30 per square foot. The depreciated cost per square foot of improvements tends to set the upper limit to the market grid square footage adjustment. The regression analysis of the square footage of living area adjustment was $60.65 per square foot. See the attached regression analysis for gross living area adjustment. Square footage was adjusted at $61 per square foot for any difference greater than 100 square feet. Then the adjustment, as well as all adjustments, was rounded to the nearest $1,000.

The subject had average quality interior upgrades consisting of average quality tile floors in the entire home with formica countertop; Most of the comps had similar quality flooring and countertops and needed no adjustments for differences in upgrades. Some of the comps had laminate flooring or tile with carpet and tile or granite countertops. However in this price range of older home there is minimal market value difference for these upgrades so no adjustments for upgrades was needed.

Comparable sales utilized were the most current sales with similar location, size and amenities available from the public records, via fares and dataquick. We also searched on-line mls and our own computerized appraisal plant. All comparables utilized were relied upon. But each was given its due weight in the analysis.

The closed comparable sales ranged in a price per square foot from a low of $295.03 Per square foot to a high of $349.09 Per square foot. The subjects appraised value estimate equates to a value per square foot of $286.71 square foot. This is slightly below the range of the comparable sales. The reason subject compares below the range of the comparable sales is the subject has larger than typical living area and has older effective age and condition than most of the comparables. Since the net and gross adjustments of the comparable sales are low this indicates that the comparable sales are truly comparable to the subject and that the appraised value is reasonable and supported.

In this appraisal most weight was given sales 3, 4 & 5 since these comparables are very similar, and required minimal adjustment within typical range of adjustments with net adjustment less than 15% and gross adjustment less than 25%. No sale among the remaining sales stood out as being a better indicator of value over the other sales. Comparable six is a current listing and was considered to set the upper range of value for this analysis.

The Sales comparison analysis had adjustments applied to the comparable sales which reflect the market reaction to the differences in the properties, not the cost of these differences.

General Purpose Form: Analysis of 3 year sale history and current agreement
According to the public records as shown by RealQuest and Realist. The subject property has been owned by the current owners for more than 3 years. The date that title to the subject property last transferred was 07/16/2010. The reported sale price was $50,000. This is recoded in document number 10-334851. This was a full value grant deed transfer. I reviewed the prior MLS and the subject was on the market for a total of 3 days before selling to the current owner. This was an REO bank owned sale and the new owner remodeled the home after purchase. The sale price was at full listing price and sold in only 4 days. There was no market resistance to selling this home due to its location siding 50th Avenue at this price range.

Prior Listings in the prior year;
According to the MLS and the current owner, the subject property has been listed for sale within the year prior this appraisal. Subject was listed on 06/27/2022. This listing price was $434,000. Subject was on the market for 46 days before the listing was placed on hold on 08/12/2022 and then the listing expired on 11/30/2022. The MLS listing number was 219081048. No other listings in the year prior this valuation date.

None of the comparable sales had any information on any market transfers in the year prior to the sale reported in this appraisal.

Additional General notes:
note: whenever public record does not have recorded site size for comparable properties, appraiser utilizes online plat map measuring tool in order to determine site size. It is this number, when necessary, that is used in the sales comparis raisal report.

File No. D23S02004LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

note: Whenever appraiser is unable to gain access to comparable sales that are gated properties, appraiser utilizes knowledge of the market area, combined with, mls and public record data, mls photos and, whenever possible, knowledge gained by speaking with real estate agents associated with those particular properties. It is at this point that appraiser makes an extraordinary assumption that the data sources utilized lend support to valid conclusions drawn by appraiser, as incorporated into the appraisal report.

note: Whenever appraiser believes a comparable property's mls photograph more accurately depicts what the property looked like at the time of sale, appraiser uses in appraisal report that mls photograph in the appraisal report's comparable photo pages, as well as the appraiser's photograph of the comparable." Also if a comparable property was in a gated community and the appraiser was not granted access to the property then the appraiser will utilize an mls photo and a photo of the guard gate.

note: Whenever appraiser appraises a property for a purchase transaction, appraiser always requests a copy of the purchase agreement from the lender. However, if the lender does not supply a copy of the purchase agreement, and appraiser is able to obtain a copy from the listing agent associated with the pending sale transaction, appraiser will utilize that purchase agreement by way of making an extraordinary assumption that the purchase agreement provided by the listing agent is exactly the same as the purchase agreement the lender has. If it is discovered after the appraisal is completed that both the lender's and listing agent's purchase agreements differ from each other in any way, then the data reported on from the purchase contract in this appraisal report becomes null and void, and appraiser accepts no liability in any way or form with regard to the pending sale transaction, or the sale information discussed in this appraisal report.

note: Payment of appraisal fee to appraiser/appraisal company is not contingent upon anything other than the client receiving the completed appraisal report. Once appraisal report is received by the client, appraisal fee is due and payable and expected to be paid in a timely manner.

The fannie mae form 1004mc has on the form as the first point of analysis; *"total# of comparable sales (settled)".* The fannie mae form 1004, top of page 2 has; *"the total comparable sales in the subject neighborhood within the past 12 month".* These fannie mae forms are not allowed to be altered per fannie mae guidelines and software capabilities. However the appraiser Lester Caplan has disregarded from these form statement's the word "*comparable*" . These sales and listings are only neighborhood market data and each sale and listing in this group has not been analyzed to se if they are actually comparable to the subject property.

The reason for this is it is necessary to utilize a much larger pool of sales data to get accurate market statistics. Only using sales that would meet the actual criteria of being a comparable sale would generate a pool of data to small to utilize for market statistical analysis.

I Include in my appraisal the search criteria I utilized to search the entire neighborhood, not just the immediate neighborhood. This search generates the 1 year comp farm that I also include in my appraisal report. It is from this comp farm that I select sales which are truly comparable to the subject property. The use of the word "comparable" on the above mentioned fannie mae forms is misleading, because most of the listings and sales from the comp farm are unsuitable to be utilized as comparables for market value analysis of the subject. But they are suitable to develop market area statistics.

The Data, conclusions, and opinions collected and rendered in this appraisal report are the intellectual property of the appraiser and provided to the specified client and specified intended users of the report for the exclusive use relating directly to the use of the report as disclosed in this appraisal assignment. Any other use is forbidden.

The address reported on this appraisal form is according to us Postal Service records as required by uad format. The title company reports the city or county address and the title report may or may not match to USPS records.

env Report format:
If this report was delivered to the lender/client in env format as requested by the lender/client, the conversion from the original report into the env format does not always include every page or all of the information contained in the original report. As a result of this conversion process any resulting report(s) created from the env format most likely will not contain all the data or pages needed for the reader to understand and follow the flow of data and full reasoning of the appraiser as intended in the original copy of the full appraisal report. The appraiser has no control over the final results of the env format report. The appraiser takes no responsibility for data that may be in reports in the env format or files created from the env format. It is here recommended that the lender/client request and obtain a complete copy of the original report in pdf format and also the xml format from the appraiser. The appraiser will supply these to the lender/client free of charge.

reasonable exposure time in market value estimates; uspap standard 1 rule 1-2 (b):
I have estimated reasonable exposure time in correlation to the market value definition as provided in this report to be from 3 to 6 months. This was estimated from examination of the marketing times of the comparables utilized in this appraisal. Also statistical analysis of the general market area for the neighborhood, discussions with local real estate brokers and current economic conditions. This estimate is predicated upon the assumption that the subject property offering would not exceed a listing price 10% above the market value estimate above this appraisal. This estimate of reasonable exposure time in market value estimate is only for the property type that is the subject of this appraisal.

ASSUMPTIONS, LIMITING CONDITIONS & SCOPE OF WO

File No.: D23S02004LC

Item 22.

Property Address:	50021 Balboa St	City:	Coachella	State: CA	Zip Code: 92236
Client:	RMM INV CAPITAL	Address:	50021 Balboa Street, Coachella, CA 92236		
Appraiser:	Lester Caplan	Address:	78206 Varner Road, Suite D-144, Palm Desert, CA 92211		

See attached addenda.

Scope of the appraisal & scope of work

The scope of this assignment has included: (1) upon receiving the appraisal assignment, I send the client, owner or realtor involved in the transaction a pre-appraisal questionnaire to receive information on the subject property, then I begin researching property characteristics, zoning, site data etc. I do a preliminary estimate of the subject's highest and best use. Then I schedule the appraisal inspection. (2) I research and make an investigation of current market conditions relative to the property type being appraised as well as the market sector with which the subject property is identified. I then research current market sales data relevant to the subject appraisal; (3) I personally perform an inspection of the subject property, & several similar property sales within the prior year of the inspection date and I drive the surrounding neighborhood and make an exterior inspection of the sales selected if they are not in a gated community; (4) interviews with brokers, property owners, appraisers and managers, as well as relevant public agencies and governing bodies; (5) collection, verification and analysis of market data and any other pertinent information necessary to the valuation process, then I select the best comparable properties to analyze and put in the report which includes viewing interior photos from the MLS of all the comparables utilized in the final analysis. (6) compilation of the descriptions, reasoning, analysis and explanations, leading to final value conclusions, within this report.

Lester Caplan the appraiser's hereunder has personally inspected the property being appraised in this report. Mr. Caplan made an interior and exterior inspection of the subject and exterior inspection of comparable sales that are not in a gated community. Mr. Caplan collected and analyzed the appropriate and available data that has been utilized in this report. Mr. Caplan also verified all sales information relating to each of the comparable properties that have been identified and analyzed for comparison purposes under this report. Mr. Caplan made the analysis pertaining to the indicated adjustments that have been made with respect to each comparable sale that has been made under this report. The final estimate of value made in this report for the subject property was made solely by Mr. Caplan. Mr. Caplan completed the physical preparation of this report. No other professional assistance was provided to Mr. Caplan by another person.

The california office of real estate appraisers will verify Mr. Caplan's California State Certified General Appraisal license numbered AG001751, expiration date September 1, 2024. Call the Bureau of Real Estate Appraisers at (916) 552 9000.

- F.I.R.R.E.A./U.S.P.A.P. addendum: scope
The primary source of data searched is on-line MLS, on-line RealQuest and Realist property data reports, Riverside County parcel report. We also have plat maps and zoning maps on-line. We also research zillow market analysis of the subject property zip code and MLS market conditions data. A search is made to determine if the subject has been listed in the MLS in the year prior the date of appraisal.then a search is made for the most recent and current comparable sales and listings and pending sales in the subject neighborhood. Then the most similar 6 to 15 sales & listings are selected for a drive by inspection. Then the sales & listings are verified by a source familiar with the comparable sale (realtor/buyer/seller). Then the most similar 3 to 9 sales & listings are selected to report upon. A minimum of three closed sales within 1 year of the date of appraisal and at least 1 listing or pending sale are reported upon in the appraisal report. Then items of property characteristics which impact market value are identified and then appropriate adjustments are estimated from the market data. Then the comparables are adjusted to the subject and then a market value estimate is made. A cost approach is also estimated where applicable. If a cost approach is utilized i utilize the Marshall & Swift cost service to estimate improvement cost, and land value is estimated from either an extraction method or land sales. And then these value estimates are reconciled to a final market value estimate for the subject.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered “new” if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner’s site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of hig

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.

FIRREA / USPAP ADDENDUM

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

Purpose

The intended use of this appraisal is to assist the client, RMM Investment Capital determine fair market value of the property taken see the 2021 California Code Eminent Domain Law Chapter 9, Artical 4, Measure of Compensation for Property Taken, to use in the settlement of a Eminent Domain Negotiation Between the owner RMM Investment Capital and the City of Coachella.

Scope

The primary source of data searched is on-line MLS, on-line Realquest and Realist. A search is made to determine if the subject has been listed in the mls in the year prior the date of appraisal. Then a search is made for the most recent and current comparable sales in the subject neighborhood. Then the most similar 6 to 12 sales are selected for a drive by inspection. Then the sales are verified by a source familiar with the comparable sale (realtor/buyer/seller). Then the most similar 3 to 9 sales are selected to report upon. A minimum of three closed sales within 1 year of the date of appraisal are required. The sales are adjusted to the subject and then a market value estimate is made. A cost approach is also estimated and then these value estimates are reconciled to a final market value estimate for the subject.

Intended Use / Intended User

The report is to be utilized to assist the owner RMM Investment Capital and Maritza Martinez, managing partner to negotiate, mediate or litigate, a Eminent Domain Action between the owner RMM Investment Capital and the City of Coachella. This is the only intended use. The intended user is the the property owner RMM Investment Capital. No other user is authorized and any other use or user is not warranted by the appraiser. This appraisal may not be utilized for a federal related loan transaction, since the appraiser was directly engaged by the property owner and not a lending institution.

History of Property

Current listing information: See addendum for subject's 3 year sale history and 1 year listing history

Prior sale: See addendum for subject's 3 year sale history and 1 year listing history

Exposure Time / Marketing Time

The exposure time /marketing time in relation to the market value definition is estimated at three to six months. With the property being offered at no more than 10% above its market value. See reconciliation comments addendum.

Personal (non-realty) Transfers

No personal property was given any consideration in this appraisal. No value was given the subject property for any personal property. The value contribution of any personal property included with the purchase of a comparable sale was deducted on the market grid for that sale.

Additional Comments

The full compensation for the appraisal is the amount agreed upon with the client $900, The invoice is attached. The full appraisal fee for this appraisal is $900. No other compensation for this appraisal has been made.

- Unless otherwise indicated in the comments below, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

This appraisal may not be utilized for a federal related loan transaction, since the appraiser was directly engaged by the property owners and not a lending institution. The appraisal **was not** prepared in accordance with the requirements of title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, (F.I.R.R.E.A..) as amended (12 u.s.c. 3331 et seq.), and any implementing regulations.

Certification Supplement

1. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or an approval of a loan.
2. My compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

SCOPE OF THE REPORT

File No. D23S02004LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

Scope Of The Report

Appraisal Scope:

The Scope Of This Assignment Has Included: (1) Upon Receiving The Appraisal Assignment, I Send The Owner Or Realtor Involved In The Transaction A Pre-Appraisal Questionnaire To Receive Information On The Subject Property, Then I Begin Researching Property Characteristics, Zoning, Site Data Etc. I Do A Preliminary Estimate Of The Subject's Highest And Best Use. Then I Schedule The Appraisal Inspection. (2) I Research And Make An Investigation Of Current Market Conditions Relative To The Property Type Being Appraised As Well As The Market Sector With Which The Subject Property Is Identified. I Then Research Current Market Sales Data Relevant To The Subject Appraisal; (3) I Personally Perform An Inspection Of The Subject Property, & Several Similar Property Sales Within The Prior Year Of The Inspection Date And I Drive The Surrounding Neighborhood; (4) Interviews With Brokers, Property Owners, Appraisers And Managers, As Well As Relevant Public Agencies And Governing Bodies; (5) Collection, Verification And Analysis Of Market Data And Any Other Pertinent Information Necessary To The Valuation Process, Then I Select The Best Comparable Properties To Analyze And Put In The Report Which Includes View Interior Photos From The Mls Of All The Comparables Utilized In The Final Analysis. (6) Compilation Of The Descriptions, Reasoning, Analysis And Explanations, Leading To Final Value Conclusions, Within This Report.

Lester Caplan The Appraiser's Hereunder Has Personally Inspected The Property Being Appraised In This Report. Mr. Caplan Made An Interior And Exterior Inspection Of The Subject And Comparable Sales. Mr. Caplan Collected And Analyzed The Appropriate And Available Data That Has Been Utilized In This Report. Mr. Caplan Also Verified All Sales Information Relating To Each Of The Comparable Properties That Have Been Identified And Analyzed For Comparison Purposes Under This Report. Mr. Caplan Made The Analysis Pertaining To The Indicated Adjustments That Have Been Made With Respect To Each Comparable Sale That Has Been Made Under This Report. The Final Estimate Of Value Made In This Report For The Subject Property Was Made Solely By Mr. Caplan. Mr. Caplan Completed The Physical Preparation Of This Report. No Other Professional Assistance Was Provided To Mr. Caplan By Another Person.

The California Office Of Real Estate Appraisers Will Verify Mr. Caplan´s California Certified General Appraisal License Numbered Ag001751, Expiration Date September 1, 2024. Call The Office Of Real Estate Appraisers At (916) 552 9000.

The appraiser Lester Caplan measured the subject property utilizing the Square Footage-Method for Calculating: ANSI® Z765-2021 (American National Standards Institute®) Measuring Standard for measuring, calculating, and reporting gross living area (GLA) and non-GLA areas of subject property for this appraisal. The measurements are in compliance with the Fannie Mae guidelines that are in effect on April 1, 2022, for loans sold to Fannie Mae

• **Firrea/uspap Addendum: Scope**
The Primary Source Of Data Searched Is On-line Mls, On-line Realquest And Realist Property Data Reports, Riverside County Parcel Report. We Also Have Plat Maps And Zoning Maps On-line. We Also Research Zillow Market Analysis Of The Subject Property Zip Code And Mls Market Conditions Data. A Search Is Made To Determine If The Subject Has Been Listed In The Mls In The Year Prior The Date Of Appraisal.then A Search Is Made For The Most Recent And Current Comparable Sales And Listings And Pending Sales In The Subject Neighborhood. Then The Most Similar 6 To 15 Sales & Listings Are Selected For A Drive By Inspection. Then The Sales & Listings Are Verified By A Source Familiar With The Comparable Sale (Realtor/buyer/seller). Then The Most Similar 3 To 9 Sales & Listings Are Selected To Report Upon. A Minimum Of Three Closed Sales Within 1 Year Of The Date Of Appraisal And At Least 1 Listing Or Pending Sale Are Reported Upon In The Appraisal Report. Then Items Of Property Characteristics Which Impact Market Value Are Identified And Then Appropriate Adjustments Are Estimated From The Market Data. Then The Comparables Are Adjusted To The Subject And Then A Market Value Estimate Is Made. A Cost Approach Is Also Estimated Where Applicable. If A Cost Approach Is Utilized I Utilize The Marshall & Swift Cost Service To Estimate Improvement Cost, And Land Value Is Estimated From Either An Abstraction Method Or Land Sales. And Then These Value Estimates Are Reconciled To A Final Market Value Estimate For The Subject.

Highest And Best Use Analysis

A Brief Description Of The Term Highest And Best Use, Would Be:

The Use, From Among Reasonable Probable And Legal Alternative Uses, Found To Be Physically Possible, Appropriately Supported, Financially Feasible And That Results In The Highest Present Land Value. (See *1)

Implied Within This Definition Is Recognition Of The Contribution Of That Specific Use To Community Environment As To Community Development Sales In Addition To Wealth Maximization. Also Implied Is That The Determination Of Highest And Best Use Results From The Appraiser's Judgment And Analytical Skill, I.e. That The Use Determined Represents An Opinion, Not A Fact.

The Highest And Best Use Section Of This Report Is The Pivotal Point In The Appraisal Process. All Previous Data Is Used To Test The Four Criteria, As Stated In The Definition: (1) Physically Possible, (2) Legally Permitted, (3) Economically Feasible And, (4) Maximally Productive.

In Analyzing The Highest And Best Use Of The Subject Property, The First Question Is: Is It Physically Possible To Develop The Subject Property? The Answer Would Be Yes Since The Subject Site Is Capable Of Supporting The Existing Improvements Which Have Functional, Useful Floor Plan And Site Plan.

The Answer To The Second Question Is Yes: Is It Legally Permissible For The Site To Be Utilized As A Single Family Residential Property. As Stated In The Site Section Of The Report The Subject Site Is Zoned R-S - single family residential Which Does Permit The Existing Single Family Residential Utilization Of The Land And Improvements And Is The Only Type Of Project That Could Legally Be Built.

The Third Question Asks: Is It Feasible To Develop The Site As Proposed? The Answer To This Question Would Also Be Yes. The Existing Improvements Do Not Contribute To An Overbuilt Market. The Current Zoning And Development Trends Of The Area Dictate That The Only Marketable Use For The Site Is That Of A Single Family Use And The Subject Site Could Be Developed For This Use And Still Sell At A Profit Which Is The Measure Of Feasibility. The Level Of Profit Would Be High Enough To Attract Investor-developers In The Current Economic Conditions As Evidenced By New Projects Under Development In Close Proximity To The Subject Community.

The Fourth And Final Question Asks: Is The Proposed Use Maximally Productive? Again The Answer Is Yes. After Analyzing The Subject Site And The Development Trends Of The Neighborhood There Is Only One Type Of Development That The Site Would Support. This Is The Development Of The Site As A Single Family Dwelling. Therefore, The Existing Development Of The Subject Site As A Single Family Dwelling Is The Maximally Productive Use That Would Supply The Greatest Return To The Land. The Existing Improvements Are Developed To The Maximum Density That The Site And Zoning Will Accommodate.

In Summary, The Existing Utilization Of Land And Improvements Meets All The Criteria Of All Four Tests. Therefore, It Is Our Opinion That The Highest And Best Use For The Subject Site Is The Present Utilization Of The Land And Improvements As A Single Family Dwelling.

*1) American Institute Of Real Estate Appraisers, The Appraisal Of Real Estate, Ninth Edition, Pg. 244.

ENVIRONMENTAL ADDENDUM

File No. D23S02004LC

Borrower	N/A - Eminent Domain Negotiation Use						
Property Address	50021 Balboa St						
City	Coachella	County	Riverside	State	CA	Zip Code	92236
Lender/Client	RMM INV CAPITAL						

Scope Of Environmental Investigation Addendum:

I Did Not Observe Any Adverse Environmental Conditions. No Adverse Environmental Conditions Were Disclosed To Me During The Course Of My Investigation. The Scope Of My Environmental Investigation Is As Follows: I Made A Visual Inspection Of The Site And Surrounding Area For Any Apparent Adverse Environmental Conditions And I Asked The Subject Property Owner/occupant If They Were Aware Of Any Adverse Environmental Conditions In The Neighborhood. I Also Asked The Realtors I Spoke With If They Were Aware Of Any Adverse Environmental Conditions. They All Replied No. The Appraiser Assumes No Responsibility For The Possible Presence Of Lead Paint, Asbestos, Urea Formaldehyde, Radon Or Other Toxic Or Hazardous Materials On Or About The Property. If The Presence Of Such Material Is Known To Me, All Comments Regarding Such Conditions Would Be Found Here. If The Subject Improvements Were Built Prior To 1980then It Is Possible That There Is Lead Based Paint Or Asbestos On Site. I Am Not A Professional Environmental Inspector. If Hazardous Materials Are On Site Then There Could Be Cost Associated With These Materials That Are Not Considered In This Value Estimate And The Value Could Be Lower Than Reported In This Appraisal. If The Reader Of The Report Has Any Concern At All With Environmental Conditions, Then It Is Recommended That They Order An Environmental Inspection By A Professional Environmental Inspector. This Type Of Inspection Is Outside Of The Scope Of My Professional Experience.

There Are Frequent Earthquakes In Southern California. We Have Made An Inspection Of The Subject Property And It Appears To Be Free Of Structural Damage Related To Recent Earthquakes And After Shocks. All Utilities Servicing The Property Appear To Be Functioning Properly. Although The Inspection Revealed No Apparent Indications Of Significant Damage To The Property . It Is Noted That The Appraiser Is Not An Expert Of Structural Integrity Or Utility Related Fields. Thus The Appraiser Does Not Warrant The Structural Integrity Or Utilities.

Appraiser Recommends Inspection By A Structural Or Civil Engineer If Concerned With Damages Potentially Undetected By Appraisers Very Limited Earthquake Inspection. I Have Not Searched The Public Records To See If The Subject Site Is Within An Earthquake Zone. If Subject Site Is Within An Earthquake Zone This Could Impact The Value Estimate. Reader Is Advised To Determine This Information For Them Self Since This Appraisal Makes No Warranty As To The Effect Upon Value Of An Earthquake Zone.

As Of The Date Of The Appraisal Inspection There Was No Apparent Flood Or Water Damage.

"HEALTH AND SAFETY FACTORS:
The subject property description in this report including any building plans, plat maps, and photo addenda is based on my physical inspection of the subject property, data available in public information sources, and statements of persons associated with the subject property. As a Real Estate Appraiser, I have no competence as a Soils Engineer, Civil Engineer, Building Trades Contractor, Building Inspector, or Environmental Hazards Inspector. I have no qualifications to certify any health and safety factors regarding the subject property including but not limited to soils stability, seismic risks, water supply, wastewater system, building and site elements structural integrity, utility systems, smoke, carbon-monoxide detectors or any alarm systems, or environmental hazards. Accordingly, users of this report cannot rely upon it for any certification of subject property health and safety factors. For such certification, the users of this report must engage the services of licensed professional health and safety inspectors."

The inspection performed is an appraisal inspection for an estimate of value. "USPAP Advisory Opinion 2, ASB Advice: Purpose of an Inspection" states

"The primary reason for inspecting the subject property is to gather information about the characteristics of the property that are relevant to its value." Italics added for emphasis.

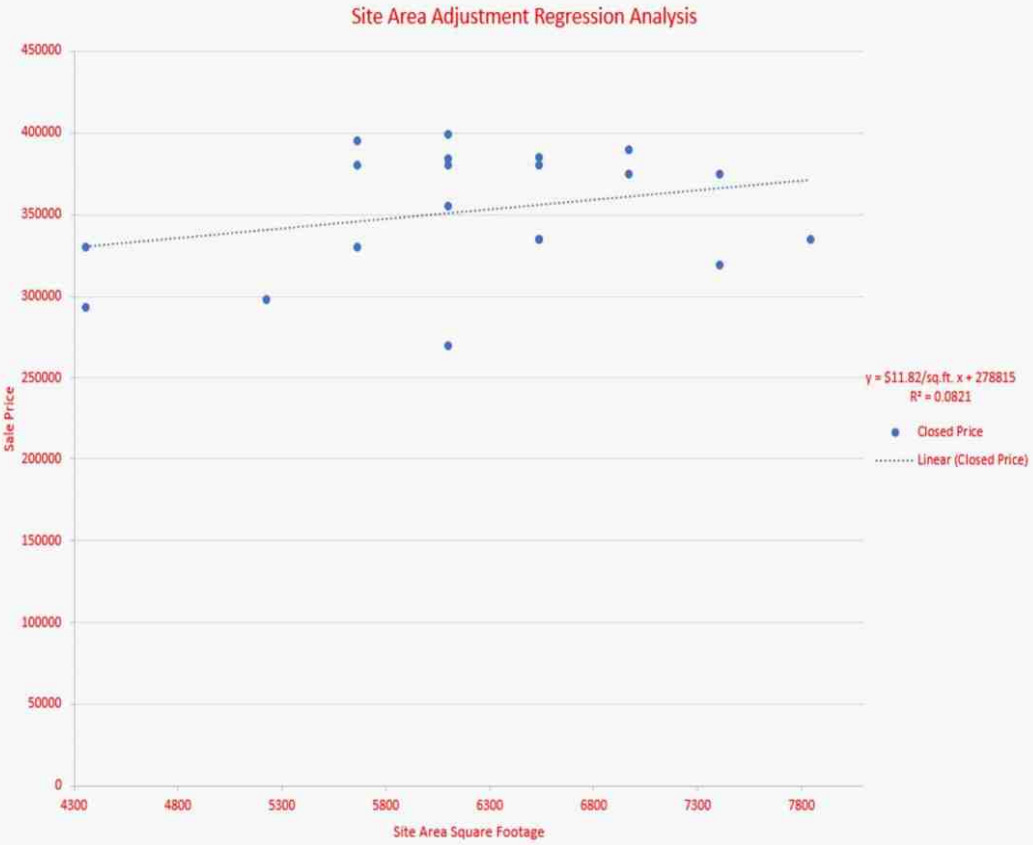
Market Condition (Time) Adjustment Regression Analysis



The above daily appreciation rate is $17.46 per day. The average sale price of the above sales is $367,591. The monthly dollar amount of appreciation is $17.46 x 30 days = $523.80. The monthly percentage of appreciation equals $523.80 divided by $367,591 = .001425 The annual appreciation rate = .001425 x 12 = .0171 or 1.7% annual appreciation.

This chart shows the median days on market for sales and active listings during each month starting 03-04-2022 through 03-03-2023.

For each month from 03-04-2022 to 03-03-2023 this chart shows the median price per square foot for both sales and listings in the subject market.

This graph demonstrates the months of housing supply per month by taking the active number of listings during that month and dividing by the average number of sales per month over the 12 months trailing.

Coachella Valley Housing Statistics February 2023 - Page 1

The Desert Housing Report

February 2023

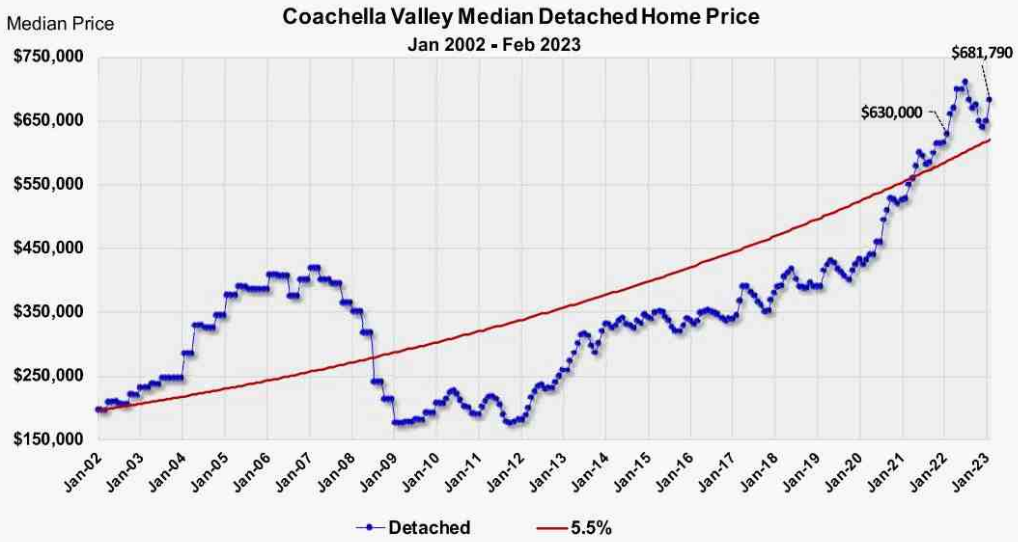
Summary

PRICES: The median price of a detached home in the Coachella Valley rose last month to $681,790, which is $31,790 higher than last month and up 8.2% year over year. This is the second monthly increase and was somewhat expected since prices typically begin their seasonal rise this month. The price is now only 4% below the peak price of $710,000 six months ago. The median price for attached homes was $434,000. This is 11.6% below the price peak in May and down 1% year over year. Three cities continue to have double digit price gains for their average size detached homes – Rancho Mirage, Cathedral City and Desert Hot Springs. Three other cities, however, are now down year over year – Palm Desert, Coachella and Bermuda Dunes.

SALES: The three-month average of sales rose in February from 413 units a month to 449. Most of this is seasonal but it is still positive to see it. Before the pandemic, February sales averaged 717 units per month, so sales are still running 37% below average. The largest percentage sales declines are in the city of Indio, down 58%, followed by Cathedral City at 57%. The cities of Coachella and Indian Wells continue to have the smallest percentage decline in sales.

INVENTORY & "MONTHS OF SALES" RATIOS: On March 1st, Valley inventory was 1,956 units, which is slightly below last month but 1,349 units more than last year. Some of the inventory gain over the last few months is seasonal but this year has been less than previous years. The Valley's "months of sales" ratio was 3.0 months, which is down slightly from last month. This fundamental ratio, which measures supply versus demand, is below its historic average for this time of year. This means that, while sales are down, there is still a balance between buyers and sellers. This should help keep price fluctuations within acceptable bounds.

DIM: The average selling time in the region continues to increase. At the end of February, the median number of "days in the market" throughout the Valley was 48 days, which is up eight days from last month and twenty-one days over last year. The city of Palm Springs has the lowest median selling time for detached homes at 35 days, followed by Cathedral City and Coachella at 38 days. In the attached market, Desert Hot Springs has the shortest median selling time at 24 days.



PRICE DISCOUNTS/PREMIUMS: Currently, only 12.8% of Valley sales occurred above list price compared to 44.4% a year ago. The percent is almost back to historic norms of around 10%. Every city but Coachella has an average selling discount for detached homes, which range from .1% for Coachella down to -4.3% for Indian Wells. Attached homes range from average discounts of -2% in Bermuda Dunes to -5.3% in Indio.

Coachella Valley Median Detached Price

The median price of a detached home in the Coachella Valley rose last month to $681,790, which is $31,790 higher than last month and up 8.2% year over year. This is the second monthly increase and was somewhat expected since prices typically begin their seasonal rise this month. The price is now only 4% below the peak price of $710,000 six months ago. We will continue to track its progress from here, since it is important to follow the data and not opinions during critical times like this.

Coachella Valley Housing Statistics February 2023 - Page 3

The Desert Housing Report
February 2023

Coachella Valley Median Attached Price
Jan 2002 - Feb 2023

Coachella Valley Median Attached Price

The median price in February for attached homes was $434,000. As the chart clearly shows the price is back to the long-term growth rate of 4.5%. The current price is 11.6% below its peak level in May and down 1% year over year. As the chart clearly shows, seasonally driven price increases normally begin by January or February. Unlike the detached market, this year was an exception. This could be because 75% of the buyers and sellers in this market are remote owners from outside the region.

12 Month Change in The Price of The Average Size Home

These two tables display the *price* and *price per square foot* of the average size home in each city. The latest price is then compared to the price a year ago and to the all-time lows that occurred in 2011 and 2012. Three cities continue to have double digit price gains for their average size detached homes – Rancho Mirage, Cathedral City and Desert Hot Springs. Three cities are now down year over year – Palm Desert, Coachella and Bermuda Dunes.

92236 Key Takeaways

Typical Home Values: $389,045

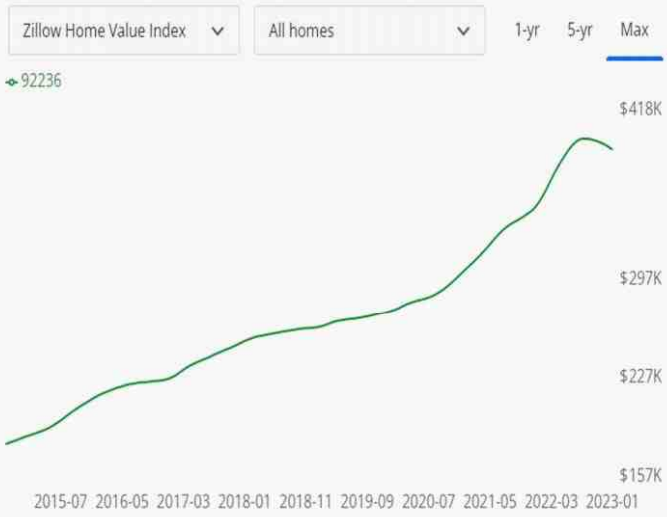
1-year Value Change: +10.6%

(Data through January 31, 2023)

Market Overview

2.5% 1-year Market Forecast (January 31, 2023)

-- Median sale to list ratio



-- Percent of sales over list price

-- Percent of sales under list price

-- Median days to pending

(Metric availability is based on market coverage and data)

How does this data help me?
Zillow's metrics aim to inform and support the decision-making process with relevant market data by measuring monthly market changes across various geographies and housing types.

Coachella Valley Housing Statistics February 2022 - Page 1

The Desert Housing Report

February 2022

Summary

PRICES: At the end of February the median price of a detached home throughout the Coachella Valley was $617,000, which is a year-over-year gain of 19.5%. The median price for attached homes was $439,250, which is a 12 month gain of 29%. The cities of Rancho Mirage, Indian Wells and Indio have year-over-year increases for their average detached home above 30%. Eight cities have price gains for attached homes over 30%, with La Quinta having a year over year increase of 51.4%! The high demand for attached homes is due to the lack of detached home supply in the lower price ranges.

SALES: Total sales in February averaged 852 units a month, which is 19% less than last February. While lower than last year, sales are still one hundred units higher than pre-pandemic levels. Sales of detached homes are down 17%, while those for attached homes are down 25% due to continued lack of supply. When we compare sales by city, we find the largest declines are in the four major resort cities of La Quinta, Palm Desert, Palm Springs in Rancho Mirage. Some of this is due to the large price increases in these cities, which naturally reduces the size of the overall buying pool. Cities classified as working cities – Cathedral City, Desert Hot Springs and Indio – generally have sales comparable to year ago levels.

INVENTORY & "MONTHS OF SALES" RATIOS: Inventory continues to hover near record lows and on March 1st was at 607 units. We find it rather disconcerting that the normal seasonal increase in inventory that usually occurs between September and March failed to materialize this year, just like it failed last year. On March 1st the "months of sales" for the Valley was the same as the last months at .6 months. A year ago, the ratio was one month. These historically low ratios continue indicate very low supply and moderate to strong demand, which are the two ingredients for much higher prices. As we've stated before, even though home prices have surged, this fundamental ratio strongly indicates that the upward price trend will continue.

DIM: At the end of February, the median number of "days in the market" throughout the Valley was 29 days, which is two days more than last month. With inventory remaining low and sales staying high, demand continue to keep selling times near record lows. Palm Springs has the lowest selling time for detached homes at just 21 days, followed by the city of Coachella at 22 days. In the attached market, Cathedral City has average selling times of just 8 days, followed by Palm Springs at 15 days.

PRICE DISCOUNTS: Palm Springs has the highest selling premium for detached homes at 3.4%, followed by Bermuda Dunes at 3% and the city of Coachella at 2.3%. In the attached market, Rancho Mirage has the highest selling premium at 2%.

The Desert Housing Report
February 2022

Coachella Valley Median Detached Home Price
February 2002 - February 2022

Coachella Valley Detached Median Price

The median price of a detached home throughout the Coachella Valley at the end of February was $617,000, which is a year-over-year gain of 19.5%. We continue to be in the seasonal period for price strength, and we expect this to continue. The forces that have driven prices higher – low inventory and rising sales – continue to dominate this housing market.

Coachella Valley Median Attached Price
February 2002 - February 2022

Coachella Valley Median Attached Price

The median price for attached homes in February was $439,250, which is a 12 month gain of 29%. As we've noted before, attached homes also have a seasonal pattern, which usually begins in November and carries through until May. Because of this, we expect the strong price gains, so visibly displayed in the graph, to continue for at least three or four more months.

RIGHT OF WAY AGREEMENT FOR CONVEYANCE OF REAL PROPERTY AND ESCROW INSTRUCTIONS

THIS AGREEMENT FOR CONVEYANCE OF REAL PROPERTY AND ESCROW INSTRUCTIONS, (the "**Agreement**"), is made and entered into as of MAY 9TH, 2023 by and between the **City of Coachella, a California charter City and municipal corporation**, ("**Buyer**"), and **RMM Investment Capital, LLC,** ("**Seller**"), with references to the following facts. Buyer and Seller are individually referred to as "Party," and collectively referred to as the "Parties".

RECITALS

A. Seller is the owner of certain real property located in the City of Coachella, (the "**City**"), the County of Riverside, (the "**County**"), State of California, (the "**State**"), which is identified by Assessor Parcel Number(s) **768-160-001**, (referred to as the "**Property**").

B. Buyer desires to acquire from Seller a portion of the Property, more particularly described and depicted on **Exhibits A and B** attached hereto, (collectively referred to as the "**Rights-of-Way**"), for various public purposes including street rights-of-way and public utilities.

C. Seller desires to convey to Buyer, and Buyer desires to acquire from Seller the Rights-of-Way in accordance with the terms and conditions contained in this Agreement.

NOW THEREFORE, for and in consideration of the mutual covenants and agreements contained in this Agreement, and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged by Seller, Buyer and Seller hereby agree as follows:

AGREEMENT

1. PURCHASE AND SALE.

1.1 Agreement to Buy and Sell. Subject to the terms and conditions set forth herein, Seller hereby agrees to sell and convey to Buyer, and Buyer hereby agrees to acquire and purchase from Seller, the Rights-of-Way. As used herein the "Rights-of-Way" shall include the real property legally described on **Exhibit A** and depicted on **Exhibit B** and all of Seller's right, title and interest in and to any and all entitlements, tenements, hereditaments, easements, easement rights, rights to half-widths of all adjacent public streets and public rights of way, mineral rights, oil and gas rights, water, water rights, air

rights, development rights and privileges appurtenant thereto and all improvements located thereon.

1.2 Purchase Price. The purchase price, ("**Purchase Price**"), for the Rights-of-Way shall be **Three Hundred Seventy-one Thousand Dollars and Zero Cents ($371,000.00)** payable as cash at closing, plus applicable escrow, associated fees, and other charges.

1.3 Full and Complete Settlement. Seller hereby acknowledges that the compensation paid to Seller through this Agreement constitutes the full and complete settlement of any and all claims against Buyer, by reason of Buyer's acquisition of the Rights-of-Way, specifically including, but not limited to, any and all rights or claims that Seller has, may have or may in the future have under Article 1, Section 19 of the California Constitution, the Eminent Domain Law, or any other law or regulation, except as provided herein Seller, on behalf of itself and its successors and assigns, hereby expressly and unconditionally waives and releases and discharges Buyer and any and all of Buyer's employees, agents, officers, servants, representatives, contractors, attorneys, partner agencies and assigns from liability in regard to any and all claims for damages, severance damages, interest, loss of goodwill, lost profits, lost rents, damages to or loss of improvements pertaining to the realty, machinery, fixtures, inventory, equipment and/or personal property, claims for inverse condemnation, pre-condemnation damages, any right to challenge Buyer's adoption of a resolution of necessity, any right to receive notices pursuant to Code of Civil Procedure section 1245.235, any right to enforce any obligation placed upon Buyer pursuant to the Eminent Domain Law, any other rights conferred upon Seller pursuant to the Eminent Domain Law, any claims for litigation expenses, attorney's fees, statutory interest and/or costs or any other compensation or benefits, other than for payment of the Purchase Price, it being understood that the Purchase Price constitutes complete and full settlement of all acquisition claims, liabilities, or benefits of any type or nature whatsoever, whether known or unknown as of the date of this Agreement, relating to or in connection with the Rights-of-Way or any other rights granted under this Agreement.

2. ESCROW AND CLOSING.

2.1 Opening of Escrow. Within fourteen (14) business days after execution of this Agreement by the last of Seller or Buyer, Buyer shall open an escrow, (the **"Escrow"**), with Commonwealth Land Title, at the address set forth in Section 7.12, (**"Escrow Holder"**), by depositing with Escrow Holder this Agreement fully executed, or executed counterparts hereof. The date this fully executed Agreement is signed and accepted by Escrow Holder on the last page hereof shall be deemed the **"Opening of Escrow"** and Escrow Holder shall advise Buyer and Seller of such date in writing. The escrow instructions shall incorporate this Agreement as part thereof and shall contain such other standard and usual provisions as may be required by Escrow Holder, provided, however, that no escrow instructions shall modify or amend any provision of this Agreement, unless expressly set forth in writing by mutual consent of Buyer and Seller. In the event there is a conflict between any such standard or usual provisions and the provisions of this Agreement, the provisions of this Agreement shall control.

2.2 Escrow Fees and Other Charges. At the Close of Escrow, Buyer agrees to pay all of Seller's and Buyer's escrow fees, charges and costs incurred in this transaction.

2.3 Closing Date; Conditions Precedent to Close of Escrow. Provided all of the conditions precedent set forth in this Section 2.3 have been satisfied (or are in a position to be satisfied concurrently with the Close of Escrow), the Close of Escrow shall occur WITHIN 60 DAYS (the **"Closing Date"**), unless otherwise extended by mutual agreement. As used in this Agreement, the **"Close of Escrow"** shall mean the date a Grant Deed as provided in Section 2.4.2(a) hereof (**"Grant Deed"**), is recorded in the Official Records of the County.

2.3.1 Conditions to Buyer's Obligations. The Close of Escrow and Buyer's obligation to purchase the Rights-of-Way are subject to the satisfaction of the following conditions or Buyer's written waiver of such conditions on or before the Closing Date. Buyer may waive in writing any or all of such conditions in its sole and absolute discretion.

(a) The Purchase Price shall have been determined in accordance with Section 1.2; and

(b) Seller shall have performed all obligations to be performed by Seller pursuant to this Agreement; and

(c) No event or circumstance shall have occurred which would make any of Seller's representations, warranties and covenants set forth herein untrue as of the Close of Escrow; and

(d) There shall have occurred no material adverse change in the physical condition of the Property (such as those caused by natural disasters) which would render the Rights-of-Way unsuitable for Buyer's intended use or which would materially increase the cost or cause a material delay in the schedule for Buyer's planned improvements of the Rights-of-Way; and

(e) The Title Company shall be committed to issue to Buyer, as of the Closing Date, the Title Policy (defined below) covering the Rights-of-Way, subject only to the Permitted Exceptions; and

(f) All monetary encumbrances, if any, shall have been reconveyed and title shall be conveyed free of all monetary encumbrances. Title to the Rights-of-Way shall be conveyed to Buyer free and clear of all recorded and unrecorded liens, encumbrances, assessments, easements, leases and taxes except for any non-delinquent taxes for the fiscal year in which this transaction closes which shall be cleared and paid in the manner required by Section 4986 of the Revenue and Taxation Code, if unpaid at the close of this transaction.

2.3.2 Conditions to Seller's Obligations. The Close of Escrow and Seller's obligation to sell and convey the Rights-of-Way are subject to the satisfaction of the

following conditions or Seller's written waiver of such conditions on or before the Closing Date. Seller may waive in writing any or all of such conditions as a condition to the Close of Escrow in its sole and absolute discretion.

(a) The Purchase Price shall have been determined in accordance with Section 1.2;

(b) Buyer shall have performed all obligations to be performed by Buyer pursuant to this Agreement; and

(c) No event or circumstance shall have occurred which would make any of Buyer's representations, warranties and covenants set forth herein untrue as of the Close of Escrow.

2.3.3 Waiver of a Condition Does Not Excuse Performance. If any condition precedent to the Close of Escrow is expressly waived, in writing, as a condition to the Close of Escrow by the Party for whose benefit such condition exists, then, to the extent such condition is capable of being satisfied following the Close of Escrow, such condition shall become a condition subsequent to the Close of Escrow and shall be satisfied by the party whose performance is required to satisfy such condition as soon as reasonably possible following the Close of Escrow.

2.4 Closing Documents. The parties shall deposit the following with Escrow Holder prior to the Close of Escrow:

2.4.1 Buyer's Deposits. Buyer shall deposit:

(a) The Purchase Price together with Buyer's escrow and other cash charges; and

(b) A Certificate of Acceptance for the Grant Deed as in a legally sufficient form typically used by Buyer.

2.4.2 Seller's Deposits. Seller shall deposit:

(a) The Grant Deed as in the form of **Exhibit C** attached hereto; and

(b) Subject to Section 2.5.1 below, an executed Affidavit of Non-foreign Status in the form of **Exhibit D** attached hereto and such other documentation necessary to exempt Seller from the withholding requirements of Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder; and

(c) Subject to Section 2.5.1 below, a Withholding Exemption Certificate Form 593 as contemplated by California Revenue and Taxation Code §18662 (the "**Withholding Affidavit**") duly executed by Seller.

2.4.3 Deposits of Additional Instruments. Seller and Buyer shall each deposit such other instruments as are reasonably required by Escrow Holder or otherwise required to proceed to the Close of Escrow and consummate the conveyance of the Rights-of-way from Seller to Buyer in accordance with the terms of this Agreement.

2.5 Closing.

2.5.1 Withholding. In the event that, pursuant to Section 2.4.2(b) above, Seller fails to deposit with Escrow Holder the executed Affidavit of Non-foreign Taxpayer Status which exempts Seller from the withholding requirements of Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, Seller hereby authorizes Escrow Holder to withhold ten percent (10%) of the Purchase Price of the Rights-of-Way less any applicable closing costs and to report and transmit the withheld amount to the Internal Revenue Service. Additionally, in the event that, pursuant to Section 2.4.2(c) above, Seller fails to deposit with Escrow Holder any applicable tax document which exempts Buyer from California withholding requirements, if any, Seller hereby authorizes Escrow Holder to withhold such additional percentage of the Purchase Price of the Rights-of-Way as is required by California law, and Escrow Holder shall report and transmit the withheld amount in the manner required by California law. By agreeing to act as Escrow Holder hereunder, Escrow Holder expressly agrees to undertake and be responsible for all withholding obligations imposed pursuant to Section 1445 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder and under any similar provisions of California law, and shall defend, indemnify and hold Buyer harmless in connection with such obligations.

2.5.2 Necessary Actions of Escrow Holder. On the Close of Escrow, Escrow Holder shall: (i) record the Grant Deed as in the Office of the County Recorder of the County, (ii) pay any transfer taxes, (iii) instruct the County Recorder to return the Grant Deed as to Buyer, (iv) distribute to Seller the Purchase Price, and (v) deliver to Buyer the Title Policy covering the Rights-of-Way subject only to the Permitted Exceptions, the Affidavit of Non-foreign Status and the applicable California withholding exemption form, if any.

2.5.3 Taxes and Assessments. Real property taxes and assessments shall be prorated as of the Close of Escrow on the basis of the most recent tax information and such proration shall be final. Said prorations shall be based on a three hundred sixty-five (365) day year.

2.5.4 Title and Possession. Upon the Close of Escrow, title to and exclusive possession of the Property shall be conveyed to Buyer, subject only to the Permitted Exceptions.

3. ACTIONS PENDING CLOSING.

3.1. Title Review.

3.1.1 Title Report. Within three (5) business days after the Opening of Escrow, Commonwealth Land Title (the **"Title Company"**) will furnish Buyer and Seller with an updated Title Commitment on the Property together with legible copies of all documents referenced therein as exceptions to title and a plot plan for the Property showing all the locations of all easements referenced therein (collectively, the **"Title Commitment"**).

3.1.2 Title Notices. Buyer shall have ten (10) business days after its actual receipt of the Title Commitment to deliver to Escrow Holder written notice (the **"Preliminary Title Notice"**) of Buyer's approval, conditional approval or disapproval of the title matters disclosed in the Title Commitment. All matters not timely approved by Buyer will be deemed disapproved. All such exceptions disapproved by Buyer are referred to herein as **"Disapproved Exceptions"**. All monetary encumbrances are hereby deemed Disapproved Exceptions and shall be removed and satisfied at the Close of Escrow.

3.1.3 Permitted Exceptions. **"Permitted Exceptions"** shall mean all exceptions appearing on the Title Commitment which are: (i) standard printed exceptions in the Title Policy issued by Title Company; (ii) general and special real property taxes and assessments, a lien not yet due and payable; and (iii) any other liens, easements, encumbrances, covenants, conditions and restrictions of record approved, or expressly waived by Buyer pursuant to this Section 3.1.

3.2. Title Policy. Buyer's obligation to proceed to the Close of Escrow shall be conditioned upon the commitment by Title Company to issue an ALTA Standard Coverage Owner's Policy of Title Insurance (the **"Standard Coverage Policy"**), showing title to the Property vested in Buyer with liability equal to the Purchase Price, subject only to the Permitted Exceptions. At Buyer's option, Buyer may require an ALTA Extended Coverage Owner's Policy instead of the Standard Coverage Policy provided that Buyer pays any additional premium on account thereof. The form of title policy selected by Buyer shall be referred to herein as the **"Title Policy"**.

3.3. Right of Possession. It is agreed and confirmed by the parties hereto that notwithstanding other provisions in this contract, the right of possession and use of the subject property by the State (or other agency), including the right to remove and dispose of improvements, shall commence on the date the amount of funds as specified in Clause 1.2 herein are deposited into escrow controlling this transaction. The amount shown in Clause 1.2 herein includes, but is not limited to, full payment for such possession and use, including damages, if any, from said date.

3.4. Seller's Covenant Not to Further Encumber the Property. Seller shall not, directly or indirectly, alienate, encumber, transfer, option, lease, assign, sell, transfer or convey its interest or any portion of its interest in the Property, or any portion thereof, or enter into any agreement to do so, so long as this Agreement is in force. Seller shall timely discharge, prior to the Closing, any and all obligations relating to work performed on or conducted at or materials delivered to or for the Property from time to time by Seller, or at Seller's direction or on its behalf, in order to prevent the filing of any claim or mechanic's

lien with respect to such work or materials.

3.5. Loss or Damage to Improvements. Loss or damage to the Property, including any improvements existing thereon as of the date of this Agreement, by fire or other casualty, occurring prior to the recordation of the Grant Deed as shall be at the risk of Seller. In the event that loss or damage to the Property, or any such improvements thereon, by fire or other casualty, occurs prior to the recordation of the Grant Deed as Buyer may elect to require that the Seller pay to Buyer the proceeds of any insurance policy or policies which may become payable to Seller by reason thereof, or to permit such proceeds to be used for the restoration of the damage done, or to reduce the Purchase Price by an amount equal to the diminution in value of the Property by reason of such loss or damage or the amount of insurance payable to Seller, whichever is greater.

4. REPRESENTATIONS, WARRANTIES AND COVENANTS.

4.1. Seller's Representations, Warranties and Covenants. In addition to the representations, warranties and covenants of Seller contained in other sections of this Agreement, Seller hereby represents, warrants and covenants to Buyer as follows, all of which shall survive the Close of Escrow:

4.1.1 Seller's Authority. Seller is the sole owner in fee simple absolute of the Property and has the full right, capacity, power and authority to enter into and carry out the terms of this Agreement. Seller has not alienated, encumbered, transferred, leased, assigned or otherwise conveyed its interest in the Property or any portion thereof except as set forth in the Title Commitment, nor entered into any Agreement to do so, nor shall Seller do so during the term of this Agreement. The entering into and performance by Seller of the transactions contemplated by this Agreement will not violate or breach any other agreement, covenant or obligation binding on Seller, and there is no consent required from any third party before the Property may be conveyed to Buyer. This Agreement has been duly authorized and executed by Seller, and upon delivery to and execution by Buyer shall be a valid and binding agreement of Seller.

4.1.2 Hazardous Substances. To the best of Seller's knowledge the Property complies with all applicable laws and governmental regulations including, without limitation, all applicable federal, state, and local laws pertaining to air and water quality, hazardous waste, waste disposal, and other environmental matters, including, but not limited to, the Clean Water, Clean Air, Federal Water Pollution Control, Solid Waste Disposal, Resource Conservation Recovery and Comprehensive Environmental Response Compensation and Liability Acts, and the California Environment Quality Act, and the rules, regulations, and ordinances of the City, the California Department of Health Services, the Regional Water Quality Control Board, the State Water Resources Control Board, the Environmental Protection Agency, and all applicable federal, state, and local agencies and bureaus.

Seller agrees to indemnify, defend and hold Buyer harmless from and against any claim, action, suit, proceeding, loss, cost, damage, liability, deficiency, fine, penalty, punitive

damage, or expense (including, without limitation, attorneys' fees), resulting from, arising out of, or based upon (i) the presence, release, use, generation, discharge, storage, or disposal of any Hazardous Material on, under, in or about, or the transportation of any such materials to or from the Property, or (ii) the violation, or alleged violation, of any statute, ordinance, order, rule, regulation, permit, judgment, or license relating to the use, generation, release, discharge, storage, disposal, or transportation of Hazardous Materials on, under, in, or about, to or from the Property. This indemnity shall include, without limitation, any damage, liability, fine, penalty, punitive damage, cost, or expense arising from or out of any claim, action, suit or proceeding for personal injury (including sickness, disease, or death, tangible or intangible property damage, compensation for lost wages, business income, profits or other economic loss, damage to the natural resource or the environment, nuisance, pollution, contamination, leak, spill, release, or other adverse effect on the environment).

4.1.3 Mechanic's Liens. There are no mechanics', material men's or other claims or liens presently claimed or which will be claimed against the Property for work performed or commenced prior to the date of this Agreement or relating to the environmental condition of the Property. Seller agrees to hold Buyer harmless from all costs, expenses, liabilities, losses, charges and fees, including without limitation attorneys' fees, arising from or relating to any such lien or any similar lien claimed against the Property and arising from work performed or commenced prior to the Close of Escrow, unless performed by or at the request of Buyer.

4.1.4 Other Facts and Circumstances. There are no other facts or circumstances known to Seller that would preclude, prevent or impair the development of the Property.

4.1.5 No Untrue Statements or Omissions of Fact. Neither this Agreement, nor any of the exhibits hereto, nor any document, certificate, or statement referred to herein or furnished to Buyer in connection with the transaction contemplated herein (whether delivered prior to, simultaneously with, or subsequent to the execution of this Agreement) contains any untrue statement of material fact or, omits to state a material fact in any way concerning the Property, or otherwise affecting or concerning the transaction contemplated hereby.

Each of the representations and warranties made by Seller in this Agreement, or in any exhibit, or on any document or instrument delivered pursuant hereto shall be continuing representations and warranties which shall be true and correct in all material respects on the date hereof, and shall be deemed to be made again as of the Close of Escrow and shall then be true and correct in all material respects. The truth and accuracy of each of the representations and warranties, and the performance of all covenants of Seller contained in this Agreement, are conditions precedent to the Close of Escrow. Seller shall immediately notify Buyer of any fact or circumstance which becomes known to Seller which would make any of the foregoing representations or warranties untrue.

4.2. Buyer's Representations and Warranties. Buyer represents and warrants to Seller as follows, all of which shall survive the Close of Escrow:

4.2.1 Buyer's Authority. Buyer has the capacity and full power and authority to enter into and carry out the agreements contained in, and the transactions contemplated by, this Agreement, and that this Agreement has been duly authorized and executed by Buyer and, upon delivery to and execution by Seller, shall be a valid and binding Agreement of Buyer.

4.2.2 No Untrue Statements or Omissions of Fact. Neither this Agreement, nor any of the exhibits hereto, nor any document, certificate, or statement referred to herein or furnished to Seller in connection with the transaction contemplated herein (whether delivered prior to, simultaneously with, or subsequent to the execution of this Agreement) contains any untrue statement of material fact or, omits to state a material fact in any way concerning the Property, or otherwise affecting or concerning the transaction contemplated hereby.

Each of the representations and warranties made by Buyer in this Agreement, or in any exhibit or on any document or instrument delivered pursuant hereto, shall be continuing representations and warranties which shall be true and correct in all material respects on the date hereof, and shall be deemed to be made again as of the Close of Escrow, and shall then be true and correct in all material respects. The truth and accuracy of each of the representations and warranties, and the performance of all covenants of Buyer contained in this Agreement, are conditions precedent to the Close of Escrow. Buyer shall notify Seller immediately of any facts or circumstances which are contrary to the foregoing representations and warranties contained in this Section 4.2.

4.3. Mutual Indemnity. Seller and Buyer shall defend, indemnify and hold free and harmless the other from and against any losses, damages, costs and expenses (including attorneys' fees) resulting from any inaccuracy in or breach of any representation or warranty of the indemnifying party or any breach or default by such indemnifying party under any of such indemnifying party's covenants or agreements contained in this Agreement.

5. CONDEMNATION. Seller and Buyer acknowledge that this transaction is a negotiated settlement in lieu of condemnation, and Seller hereby agrees and consents to the dismissal or abandonment of any eminent domain action in the Superior Court of the State of California in and for the County of Riverside, wherein the herein described property is included and also waives any and all claims to any money on deposit in the action and further waives all attorneys' fees, costs, disbursements, and expenses incurred in connection therewith. If, prior to the close of the execution of this transaction, Seller (or Seller's Tenant) is served with a Summons and Complaint in Eminent Domain in which Seller (or Seller's Tenant) is a named defendant, upon the close of escrow, Seller agrees and consents to Buyer taking a default in the action. Moreover, the total compensation to be paid by Buyer to Seller is for all of Seller's interest in the Property and any rights which exist or may arise out of the acquisition of the Property for public purposes, including

without limitation, Seller's interest in the land and any improvements and fixtures and equipment located thereon, improvements pertaining to the realty (if any), severance damages, any alleged pre-condemnation damages, loss of business goodwill (if any), costs, interest, attorney's fees, and any claim whatsoever of Seller which might arise out of or relate in any respect to the acquisition of the Property by the Buyer. The compensation paid under this Agreement does not reflect any consideration of or allowance for any relocation assistance and payments or other benefits which Seller may be entitled to receive, if any. Relocation assistance, if any, will be handled via separate Agreement.

6. BROKERS. Seller and Buyer each represents and warrants to the other that they have not dealt with or been represented by any brokers or finders in connection with the purchase and sale of the Property and that no commissions or finder's fees are payable in connection with this transaction. Buyer and Seller each agree to indemnify and hold harmless the other against any loss, liability, damage, cost, claim or expense (including reasonable attorneys' fees) incurred by reason of breach of the foregoing representation by the indemnifying party. Notwithstanding anything to the contrary contained herein, the representations, warranties, indemnities and agreements contained in this Section 6 shall survive the Close of Escrow or earlier termination of this Agreement.

7. MAINTENANCE AND REPAIR. The Seller(s) and successors and assignees in interest shall maintain and repair the improvements including and without limitation all structures, sidewalks, parking areas, landscape, irrigation, lighting, signs, walls, and fences between the curb and property line, in a first class condition, free from waste and debris, and in accordance with all applicable law, rules, ordinances, and regulations of all federal, state, and local bodies and agencies having jurisdiction at the property owner's sole expense. This condition shall be included in the recorded covenant agreement for the property if required by the City.

8. GENERAL PROVISIONS.

8.1. Counterparts; Facsimile Signatures. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same instrument and any executed counterpart may be delivered by facsimile transmission with the same effect as if an originally executed counterpart had been delivered.

8.2. Further Assurances. Each of the parties agrees to execute and deliver such other instruments and perform such acts, in addition to the matters herein specified, as may be appropriate or necessary to effectuate the agreements of the parties, whether the same occurs before or after the Close of Escrow.

8.3. Entire Agreement. This Agreement, together with all exhibits hereto and documents referred to herein, if any, constitute the entire agreement among the parties hereto with respect to the subject matter hereof, and supersede all prior understandings or agreements. This Agreement may be modified only by a writing signed by both parties. All

exhibits to which reference is made in this Agreement are deemed incorporated into this Agreement whether or not actually attached.

8.4. Headings. Headings used in this Agreement are for convenience of reference only and are not intended to govern, limit, or aide in the construction of any term or provision hereof.

8.5. Choice of Law. This Agreement and each and every related document are to be governed by, and construed in accordance with, the laws of the State of California.

8.6. Severability. If any term, covenant, condition or provision of this Agreement, or the application thereof to any person or circumstance, shall to any extent be held by a court of competent jurisdiction or rendered by the adoption of a statute by the State of California or the United States invalid, void or unenforceable, the remainder of the terms, covenants, conditions or provisions of this Agreement, or the application thereof to any person or circumstance, shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby; provided that the invalidity or unenforceability of such provision does not materially adversely affect the benefits accruing to, or the obligations imposed upon, any party hereunder, and the parties agree to substitute for the invalid or unenforceable provision a valid and enforceable provision that most closely approximates the intent and economic effect of the invalid or unenforceable provision.

8.7. Waiver of Covenants, Conditions or Remedies. The waiver by one party of the performance of any covenant, condition or promise, or of the time for performing any act, under this Agreement shall not invalidate this Agreement nor shall it be considered a waiver by such party of any other covenant, condition or promise, or of the time for performing any other act required, under this Agreement. The exercise of any remedy provided in this Agreement shall not be a waiver of any other remedy provided by law, and the provisions of this Agreement for any remedy shall not exclude any other remedies unless they are expressly excluded.

8.8. Legal Advice. Each party has received independent legal advice from its attorneys with respect to the advisability of executing this Agreement and the meaning of the provisions hereof. The provisions of this Agreement shall be construed as to the fair meaning and not for or against any party based upon any attribution of such party as the sole source of the language in question.

8.9. Relationship of Parties. The parties agree that their relationship is that of Seller and Buyer, and that nothing contained herein shall constitute either party, the agent or legal representative of the other for any purpose whatsoever, nor shall this Agreement be deemed to create any form of business organization between the parties hereto, nor is either party granted the right or authority to assume or create any obligation or responsibility on behalf of the other party, nor shall either party be in any way liable for any debt of the other.

8.10. Attorneys' Fees. In the event that any party hereto institutes an action or proceeding for a declaration of the rights of the parties under this Agreement, for injunctive relief, for an alleged breach or default of, or any other action arising out of, this Agreement, or the transactions contemplated hereby, or in the event any party is in default of its obligations pursuant thereto, whether or not suit is filed or prosecuted to final judgment, the non-defaulting party or prevailing party shall be entitled to its actual attorneys' fees and to any court costs incurred, in addition to any other damages or relief awarded.

8.11. Assignment. Neither Seller nor Buyer shall assign its rights or delegate its obligations hereunder without the prior written consent of the other, which consent shall not be unreasonably withheld or delayed. Subject to the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the successors and permitted assigns of the parties to this Agreement.

8.12. Notices. No notice, request, demand, instruction, or other document to be given hereunder to any Party shall be effective for any purpose unless personally delivered to the person at the appropriate address set forth below (in which event such notice shall be deemed effective only upon such delivery), delivered by air courier next-day delivery (e.g. Federal Express), delivered by mail, sent by registered or certified mail, return receipt requested, or sent via telecopier, as follows:

If to Buyer, to:
Attn: City Engineer
City of Coachella
53-990 Enterprise Way
Coachella, CA 92236
Telephone No.: (760) 398-3502

If to Seller, to:
RMM Investment Capital, LLC
PO BOX 3022
Indio, CA 92202

If to Escrow Holder, to:
Grace Kim
Commonwealth Land Title
4100 Newport Place Dr
Newport Beach CA 92660
Facsimile No.: (714)459-7217
Telephone No.: (949)724-3141

Notices delivered by air courier shall be deemed to have been given the next business day after deposit with the courier and notices mailed shall be deemed to have been given on the second day following deposit of same in any United States Post Office mailbox in the state to which the notice is addressed or on the third day following deposit in any such post office box other than in the state to which the notice is addressed, postage prepaid, addressed as set forth above. Notices sent via telecopy shall be deemed delivered the same business day transmitted. The addresses, addressees, and telecopy numbers for the purpose of this Paragraph, may be changed by giving written notice of such change in the manner herein provided for giving notice. Unless and until such written notice of change is

received, the last address, addressee, and telecopy number stated by written notice, or provided herein if no such written notice of change has been received, shall be deemed to continue in effect for all purposes hereunder. Delivery of a copy of a notice as set forth above is as an accommodation only and is not required to effectuate notice hereunder.

8.13. Survivability. All covenants of Buyer or Seller which are intended hereunder to be performed in whole or in part after Close of Escrow and all representations, warranties, and indemnities by either Party to the other, shall survive Close of Escrow and delivery of the Deed, and be binding upon and inure to the benefit of the respective Parties.

7.14. Release. The total compensation to be paid by Buyer for the Property is the Purchase Price, which consideration covers all land and improvements, attached or detached furniture, fixtures and equipment, loss of business goodwill, and is the full and complete acquisition cost of the Property. Buyer is in compliance with the California Relocation Assistance and Real Property Acquisition statutes and guidelines and the Uniform Relocation Assistance and Real Property Acquisition Policies for Federal and Federally Assisted Programs. Except for any breach of terms or conditions contained in this Agreement, Seller waives and forever releases Buyer, including its successors, officers, employees, attorneys, agents, representatives and anyone else acting on Buyer's behalf, of and from any and all claims, demands, actions or causes of action, obligations, liabilities, or claims for further compensation, known or unknown, based upon or relating to the facts or allegations and circumstances arising from Buyer's acquisition of the Property. By such release, Seller expressly waives its rights, if any, under California Civil Code Section 1542 which provides:

> "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HIS SETTLEMENT WITH THE DEBTOR."

7.15 City Council Approval of Agreement. This Agreement is subject to the approval of the Buyer's City Council. If this Agreement remains unapproved by the Buyer's City Council then the parties will have no further obligation under this Agreement.

7.16 Recording. Neither party shall have the right to record this Agreement in the Recorder's Office for Riverside County.

[SIGNATURES ON NEXT PAGE]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date and year first above written.

TRANSFEREE (BUYER)
MUST RETAIN FOR
SIX YEARS AFTER
THE TRANSACTION.

CERTIFICATION OF NON-FOREIGN STATUS BY TRANSFEROR

1. Section 1445 of the Internal Revenue Code provides that a transferee (Buyer) of a U. S. real property interest must withhold tax if the transferor (Seller) is a foreign person.

2. In order to inform each transferee that withholding of tax is not required upon disposition of a U. S. real property interest by RMM INVESTMENT CAPITAL LLC (hereinafter referred to as "the Transferor"), the undersigned hereby certifies, and declares by means of this certification, the following on behalf of the Transferor:

A. The one item marked below is true and correct:

X (I) The Transferor is not a foreign individual, foreign corporation, foreign partnership, foreign trust, or foreign estate (as these terms are defined in the Internal Revenue Code and Income Tax Regulations).

_____ (II) The Transferor is a corporation incorporated under the laws of a foreign jurisdiction but has elected to be treated as a U. S. corporation under Section 897(i) of the Internal Revenue Code, AND HAS ATTACHED TO THIS CERTIFICATE A TRUE AND GENUINE COPY OF THE ACKNOWLEDGMENT OF SUCH ELECTION ISSUED BY THE IRS.

B. The Transferor's social security number is _____.

C. The Transferor's address is 81110 DURANGO DR INDIO CA 92201

3. The Transferor understands that this certificate may be disclosed to the Internal Revenue Service by the transferee and that any false statement contained in this certification may be punished by fine or imprisonment (or both).

4. The Transferor understands that each transferee is relying on this certificate in determining whether withholding is required and each transferee may face liabilities if any statement in this certificate is false.

5. The Transferor hereby indemnifies each transferee, and agrees to defend and hold each transferee harmless, from any liability, cost, damage, or expense which such transferee may incur as a result of:

A. the Transferor's failure to pay any U. S. Federal income tax which the Transferor is required to pay under applicable U. S. law, or

B. any false or misleading statement contained herein.

Under penalties of perjury, I declare that I have examined this certification and to the best of my knowledge and belief it is true, correct, and complete; I further declare that I have authority to sign this document on behalf of the Transferor.

EXECUTED in RIVERSIDE County, State of CALIFORNIA

on MAY 9TH 2023.

Transferor: MARTZA MARTINEZ

Title: MANAGER

EXHIBIT E

HAZARDOUS SUBSTANCE DEFINITION

The term "Hazardous Substance" as used in this Agreement shall mean any toxic or hazardous substance, material or waste or any pollutant or contaminant or infectious or radioactive material, including but not limited to those substances, materials or wastes regulated now or in the future under any of the statutes or regulations listed below and any and all of those substances included within the definitions of "hazardous substances", "hazardous materials", "hazardous waste", "hazardous chemical substance or mixture", "imminently hazardous chemical substance or mixture", "toxic substances", "hazardous air pollutant", "toxic pollutant" or "solid waste" in the statues or regulations listed below. Hazardous Substances shall also mean any and all other similar terms defined in other federal state and local laws, statutes, regulations, orders or rules and materials and wastes which are, or in the future become, regulated under applicable local, state or federal law for the protection of health or the environment or which are classified as hazardous or toxic substances, materials or waste, pollutants or contaminants, as defined, listed or regulated by any federal, state or local law, regulation or order or by common law decision, including, without limitation, (i) trichloroethylene, tetrachloroethylene, perchloroethylene and other chlorinated solvents, (ii) any petroleum products or fractions thereof, (iii) asbestos, (iv) polychlorinated biphenyls, (v) flammable explosives, (vi) urea formaldehyde, and (vii) radioactive materials and waste.

In addition, a Hazardous Substance shall include:

(1) A "Hazardous Substance", "Hazardous Material", "Hazardous Waste", or "Toxic Substance" under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. §§ 9601, et seq., the Hazardous Materials Transportation Act, 49 U.S.C. §§ 1801, et seq., or the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901, et seq.;

(2) "Oil" or a "Hazardous Substance" listed or identified pursuant to § 311 of the Federal Water Pollution Control Act, 33 U.S.C. § 1321, as well as any other hydrocarbonic substance or by-product;

(3) Listed by the State of California as a chemical known by the State to cause cancer or reproductive toxicity;

(4) A material which due to its characteristics or interaction with one or more other substances, chemical compounds, or mixtures, damages or threatens to damage, health, safety, or the environment, or is required by any law or public agency to be remediated, including remediation which such law or public agency requires in order for the property to be put to any lawful purpose;

(5) Any material the presence of which would require remediation, whether or not the presence of such material resulted from a leaking underground fuel tank;

(6) Pesticides regulated under the Federal Insecticide, Fungicide and Rodenticide Act, 7 U.S.C. §§ 136 et seq.;

(7) Asbestos, PCBs, and other substances regulated under the Toxic Substances Control Act, 15 U.S.C. §§ 2601 et seq.;

(8) Any radioactive material including, without limitation, any "source material", "special nuclear material", "by-product material", "low-level wastes", "high-level radioactive waste", "spent nuclear fuel" or "transuranic waste", and any other radioactive materials or radioactive wastes, however produced, regulated under the Atomic Energy Act, 42 U.S.C. §§ 2011 et seq., or the Nuclear Waste Policy Act, 42 U.S.C. §§ 10101 et seq.

(9) Industrial process and pollution control wastes, whether or not "hazardous" within the meaning of the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901 et seq.;

All other laws, ordinances, codes, statutes, regulations, administrative rules, policies and orders, promulgated pursuant to said foregoing statutes and regulations or any amendments or replacement thereof, provided such amendments or replacements shall in no way limit the original scope and/or definition of Hazardous Substance defined herein.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Andrew Simmons, P.E. City Engineer

SUBJECT: Approving A Resolution of The City of Coachella City Council Summarily Vacating All Right of Way Interest of Said City for Street Easements Located on Assessor Parcel Number 778-081-003.

STAFF RECOMMENDATION:

Approve Resolution No. 2023-37, a Resolution of the City of Coachella, California, summarily vacating all right-of-way interest of said City for Street Easements.

BACKGROUND:

Chelsea Investment Corporation proposes to build an affordable housing complex known as Tripoli apartments with property frontage on Sixth Street, Tripoli Way, Bagdad Avenue and Cesar Chavez Street. A portion of this proposed development is encumbered by an easement as described and depicted in Exhibits A and B, attached to Resolution No. 2023-37. These easements were originally intended for public right-of-way use for a potential future alley. However, the easements have not been developed in accordance with its acquired purpose and no maintenance efforts or money has been expended in promoting the easement for its intended use. The easement has no public utilities and currently exists as an unimproved, unmaintained and inaccessible dirt area.

The development of the Tripoli apartment facility will vacate any public purpose of the easement. In order for Tripoli to install decorative wrought iron fencing along their frontage and provide a secure facility, it is recommended that the City approve the vacation of the easement area.

ANALYSIS:

In order for the City to officially vacate the 20 foot public right-of-way easement the City Council must first hold a public hearing for the street easement vacation to consider the evidence offered by any interested person. Followed by the adoption of an ordinance or resolution based upon the evidence that the said street easement is unnecessary for present or future Public Street purposes (Streets and Highways Code Section 8322).

The Streets and Highways Code requires public notice to be posted or published for at least two (2) successive weeks before passage of the ordinance or resolution, and notices of the street vacations shall be posted in a conspicuous place at least two (2) weeks before the date set for the

hearing.

The City Engineer and Staff have analyzed the proposed street easement vacation with respect to the City's present and future need for the 20 foot public right-of-way easements for public street purposes and public utility easement. Staff is in agreement that vacation of this street easement is in the interests of the City of Coachella and its citizens.

FISCAL IMPACT:

This summary vacation will have no fiscal impact to the City's General Fund.

1. Resolution 2023-37

RESOLUTION NO. 2023-37

A RESOLUTION OF THE CITY OF COACHELLA CITY COUNCIL SUMMARILY VACATING ALL RIGHT OF WAY INTEREST OF SAID CITY FOR STREET EASEMENTS LOCATED ON ASSESSOR PARCEL NUMBER 778-081-003

WHEREAS, the City council of the City of Coachella, California, is granted the authority to vacate any street right-of-way or utility easement or a part of any street right-of-way or utility easement within the limits of the City by section 8312 of the Streets and Highways Code; and,

WHEREAS, this proceeding is being conducted under part 3 of the Public Street, Highways and Service Easements Vacation Law of the Streets and Highways Code; and,

WHEREAS, it is the intention of the City Council of the City of Coachella to vacate the street easements within the City limits of the City of Coachella, California, as shown on Exhibits A and B, which describe and depict an unimproved roadway easement approximately 129 feet in length and 20 feet wide positioned East of Cesar Chavez Street, South of Sixth Street and North of Bagdad Avenue; and

WHEREAS, the City Council of the City of Coachella, finds that there are no in-place public utilities that would be affected by the vacation; and,

WHEREAS, the City Council of the City of Coachella finds that the easement has not been used nor maintained for its dedicated or acquired purpose for five (5) consecutive years immediately preceding the proposed vacation; and,

WHEREAS, the City Council of the City of Coachella, finds that no public money has been expended for maintenance on the street easement during such period.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Coachella does hereby signify and declare its intention to vacate the street and utility easements herein above referred to and more particularly described on Exhibits A and B attached; and,

BE IT FURTHER RESOLVED that the 28th day of June, 2023, at the hour of 6:00 p.m. of said date, in the City Council Chamber of Coachella, California, is hereby fixed as the time and place for hearing all persons interested in or objecting to the said proposed street easement vacation, said time being not less than fifteen (15) days from the date of the adoption of Resolution 2023-37; and,

BE IT FURTHER RESOLVED that the City Clerk of the City of Coachella, California, is hereby directed to cause this Resolution of Intention to be published in the manner prescribed by Section 8322 of the Streets and Highway Code.

PASSED, APPROVED and **ADOPTED** this 28th day of June 2023

8. **Does this organization have a non-profit status with the Internal Revenue Service (IRS)?**
   Yes ☑ **No** ☐ **(Attach documentation)**

9. **How long has this organization been in existence?**
   For 24 years

10. **Has the organization previously received funding from the City of Coachella?**
    ☑ **Yes** ☐ **No**
    If yes, please identify the program/service, total prior grant allocation, and the fiscal year in which the funds were received.

    TAMSF was approved for a Grant on April 27, 2022 to support (1) local student with a scholarship award of $1,000.

11. **Is this request for a** ☐ **New or** ☑ **Existing program/service within the City?**

12. **What is the anticipated time frame to provide the proposed program/service and the expenditure of the requested funds?**
    By July 31, 2023 the scholarship check will be mailed out to the students' institution.

13. **Describe briefly how the requested funds will be used.**
    The The foundation will award (2) scholarships of $500 each to outstanding City of Coachella residents. The students must demonstrate proof of enrollment to a local community college or university in the Coachella Valley.

14. **Will the program/service require additional funding sources? If so, identify all funding sources and provide the steps taken to acquire funding.**
    Yes, the foundation will host its annual Fashion Show event on September 7th. The event is the primary fundraiser to support scholarships. All funds from the event are received through in kind donations, raffles, silent auction and sponsorship sales.

15. **If the program/service is planned to continue beyond the period provided by this grant, what funding plans are there to sustain the program/service?**
    Scholarships are awarded every year during the Fall-semester. Therefore, the grant can still be disbursed for the following scholarship cycle.

16. **How will the proposed program/service serve City of Coachella residents? Will the proposed program/service also serve non-Coachella residents? Please describe.**
    Scholarships will be given to City of Coachella residents interested in supporting their community. Students must demonstrate extra curricular interests and how their community service relates to their education

17. **Describe the characteristics of the clients the proposed program/service anticipates to serve (i.e. age group, gender, income level, ethnicity, etc.)**
    TAMSF plans to serve all students that meet the application requirements regardless of their gender, age, ethnicity, income level, etc. For the City of Coachella Grant, TAMSF will award students from the city of Coachella only.

18. **Attach a proposed budget for requested funds.**

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Director, Exempt Organizations

Letter 947

THERESA A MIKE SCHOLARSHIP

ADDENDUM

Based on the information submitted with your application, we approved your request for reinstatement under Revenue Procedure 2014-11. Your effective date of exemption, as shown in the heading of this letter, is the postmark date of your application.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Celina Jimenez, Economic Development Director

SUBJECT: Authorize a Community Based Grant to the Theresa A. Mike Scholarship Foundation in the Amount of $1,000 to Fund Two Scholarships for Coachella Residents

---

STAFF RECOMMENDATION:

Staff recommends that the City Council consider awarding a Community Based Grant (CBG) to the Theresa A. Mike Scholarship Foundation in the amount of $1,000.00 to fund two scholarships to Coachella residents.

BACKGROUND:

The Community Based Grant Program was established in 2010 and allows the City of Coachella to offer financial assistance to local nonprofit organizations, schools, youth-serving organizations, and other community-based organizations that provide essential services, programs and activities to residents in Coachella. Applicant organizations are only eligible to submit one application for consideration each fiscal year and must be legally established with non-profit or tax-exempt status, be based in the Coachella Valley, or provide direct service to Coachella residents. Approval of grant funds does not constitute a precedent for grant allocations in subsequent years. All CBG grants are reimbursement grants to ensure that applicants are meeting their stated goals. The FY 22-23 budget includes an allocation of $15,000 for the Community Based Grant Program.

DISCUSSION/ANALYSIS:

The Theresa A. Mike Scholarship Foundation is a nonprofit organization that awards individual scholarships to full time, enrolled tribal members of any tribe across the United States, and/or full time non-native students from the Coachella Valley and the Morongo Basin. It was established in honor of Theresa Mike's legacy and dreams and honors commitment to developing a sense of cultural richness, history and future for the people of her tribe. Since it was created, the Foundation has awarded more than $800,000 to help deserving scholars fund their educational dreams.

ALTERNATIVES:

1. Authorize a Community Based Grant to the Theresa A. Mike Scholarship Foundation in the Amount of $1,000 to Fund Two Scholarships for Coachella Residents Do not award the Theresa A. Mike Scholarship Foundation a Community Based Grant.

2. Do Not Authorize a Community Based Grant to the Theresa A. Mike Scholarship Foundation

FISCAL IMPACT:

If the Council approves the staff recommendation, the Community Based Grant account will be reduced by $1,000.00.

8. **Does this organization have a non-profit status with the Internal Revenue Service (IRS)?**
   Yes ☑ No ☐ (Attach documentation)

9. **How long has this organization been in existence?**
   18 years

10. **Has the organization previously received funding from the City of Coachella?**
    ☑ Yes ☐ No
    If yes, please identify the program/service, total prior grant allocation, and the fiscal year in which the funds were received.
    $1,000 in 2021 for books for four Coachella elementary schools

11. **Is this request for a ☐ New or ☑ Existing program/service within the City?**

12. **What is the anticipated time frame to provide the proposed program/service and the expenditure of the requested funds?**
    Books are distributed to students in March during Dr. Seuss week and at the end of the school year

13. **Describe briefly how the requested funds will be used.**
    We will purchase age-appropriate books for the children; we will take them to the schools and our volunteers and the schools' librrians will help the students choose from two to four books as their own.

14. **Will the program/service require additional funding sources? If so, identify all funding sources and provide the steps taken to acquire funding.**
    Yes, the total funding required is approximately $46,000 for the 2300+ elementary scool children in Coachella. Funding comes from Anderson Children's Foundation and the Berger Foundation for books, as well as other small grants, including the city of Palm Desert.

15. **If the program/service is planned to continue beyond the period provided by this grant, what funding plans are there to sustain the program/service?**
    Other grant sources are continually being sought on a year-round basis. Our current donors typically increase their renewed support every year. We have a year-round grant writer.

16. **How will the proposed program/service serve City of Coachella residents? Will the proposed program/service also serve non-Coachella residents? Please describe.**
    The program is an early-literacy program with more than 447 retired seniors providing free tutoring to the most struggling students in 17 elementary schools in the Coachella Valley, including four schools in Coachella.

17. **Describe the characteristics of the clients the proposed program/service anticipates to serve (i.e. age group, gender, income level, ethnicity, etc.)**
    K-6th grade students in Coachella elementary schools. The students we tutor are the most struggling students in these schools, identified by the teachers in the classrooms where our volunteers go two to three times a week during school year. Books are given to all students

18. **Attach a proposed budget for requested funds.**

Dear Applicant:

We are pleased to inform you that upon review of your application for tax exempt status we have determined that you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code. Contributions to you are deductible under section 170 of the Code. You are also qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Code. Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

Tamera Ripperda

Director, Exempt Organizations

Letter 947

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Celina Jimenez, Economic Development Director

SUBJECT: Authorize a Community Based Grant to Read With Me Volunteer Programs in the Amount of $1,000 to Purchase 300 Books for Students Attending Schools in the City of Coachella

---

STAFF RECOMMENDATION:

Staff recommends that the City Council consider awarding a Community Based Grant (CBG) to Read With Me Volunteer Programs in the amount of $1,000.00 to purchase books for students attending schools in the City of Coachella.

BACKGROUND:

The Community Based Grant Program was established in 2010 and allows the City of Coachella to offer financial assistance to local nonprofit organizations, schools, youth-serving organizations, and other community-based organizations that provide essential services, programs and activities to residents in Coachella. Applicant organizations are only eligible to submit one application for consideration each fiscal year and must be legally established with non-profit or tax-exempt status, be based in the Coachella Valley, or provide direct service to Coachella residents. Approval of grant funds does not constitute a precedent for grant allocations in subsequent years. All CBG grants are reimbursement grants to ensure that applicants are meeting their stated goals. The FY 22-23 budget includes an allocation of $15,000 for the Community Based Grant Program.

DISCUSSION/ANALYSIS:

Read with Me Volunteer Programs is a 501(c)(3) nonprofit organization established in 2004 and brings volunteers from eleven sponsoring churches to fourteen different schools. The schools are all in areas of high need and high poverty. Read With Me Volunteer Programs is requesting grant funding support from the City of Coachella to offset the cost of purchasing books for students attending schools in the City of Coachella during Dr. Seuss week and at the end of the school year.

ALTERNATIVES:

1. Authorize a Community Based Grant to the Read With Me Volunteer Programs in the amount of $1,000.00.

2. Do Not Authorize a Community Based Grant to the Read With Me Volunteer Programs at this time

FISCAL IMPACT:

If the Council approves the staff recommendation, the Community Based Grant account will be reduced by $1,000.00.

ATTACHMENT:

Community-Based Grant Program Application

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Andrew Simmons, P.E., City Engineer

SUBJECT: Professional Service Agreement with Heptagon Seven to develop final Plans, Specifications and Engineer's Estimates for the Bagdouma Park Restroom Projects, City Projects P-30 and P-32.

STAFF RECOMMENDATION:

Authorize the City Manager to use on-call Professional Service Agreement with Heptagon Seven in an amount of $39,800 plus 20% contingency to develop final Plans, Specifications and Engineer's Estimates (PS&E) for the Bagdouma Park Restroom Projects, City Projects P-30 and P-32.

BACKGROUND:

The County of Riverside and City of Coachella executed a Cooperation Agreement, dated July 1, 2018 for the Community Development Block Grant, Home Investment Partnership Program and Emergency Solutions Grant, whereby the City elected to participate with the County and to assist and undertake essential community development and housing assistance activities pursuant to the Housing and Community Development Act of 1974.

On February 24, 2021 and November 10, 2021, City Council adopted Resolutions 2021-15 and 2021-69, respectively, approving a Supplemental Agreement with the County of Riverside for use of Community Development Block Grant (CDBG) funds for the Bagdouma Restroom Projects. To expedite the projects and maximize funding the City will design and construct the two projects simultaneously. The project will add a restroom and concession stand by the soccer fields located on the southeast corner of Avenue 51 and Frederick Street and replace an existing restroom next to the basketball courts located on the northeast corner of Avenue 52 and Frederick Street.

DISCUSSION/ANALYSIS:

Staff published a request for qualifications for on-call engineering services and received 21 responses. On January 25, 2023 the City Council authorized the City Manager to qualify and execute Professional Service Agreements for on-call engineering services with eight (8) firms, including Heptagon Seven. The qualified firms were evaluated and Heptagon Seven was selected based on experience, schedule and familiarity with the area. Heptagon Seven has previous experience working on the basketball courts and is familiar with area and City standards and specifications. This will provide an expedited timeline and a high-quality set of plans.

FISCAL IMPACT:

No fiscal impact to CIP FY 23/24 budget. Design services and contingencies in the amount of $47,760 are within appropriated budget and shall be funded by Fund 126 (Park DIF).

Subject: Proposal for Engineering and Landscaping Services for the Bagdouma Park Restroom Upgrades Project, Coachella CA

Dear Brianna:

Heptagon Seven Consulting is pleased to submit our proposal for engineering and landscape architecture services associated with the replacement of the sports court restroom and installation of a concession stand and restroom building at the soccer fields at the Bagdouma Park in the City of Coachella. Our proposal has been prepared in accordance with the RFP issued by the City for this project.

We understand that the City is using their On-Call Consultant roster for proposals on this project. In addition, the following is our understanding of what the City is proposing for the building installations along with insights on each location. This project will install three new prefabricated structures on the Bagdouma Park site, two (2) restrooms and one (1) concession stand and provide the necessary pedestrian/ADA and parking lot improvements to accommodate the proposed buildings. Per the RFP, the project budget of $1,329,000 and is funded through the Community Development Block Grant (CDGB). Due to the funding source, all applicable services noted herein will be paid at prevailing wage.

Sports Court Restroom Replacement

The City is in the process of completing a sports court renovation at the southern restroom location. For this location, there is an existing AT&T cell tower and building located adjacent to the existing restroom facility. This AT&T building will need to be protected in place during the construction operations for the restroom replacement. From our work on the sports court project, we know that the electrical service for the building is fed from the electrical panel located immediately east of the existing building, which will be replaced with a free-standing electrical meter pedestal.

With most prefabricated buildings, the structure will come out in units, complete with a floor. Therefore, the removal of the existing building will require the removal of the structure and foundation. In addition, the plans will note the replacement of the utility services under the new building footprint. Since the area around the existing restroom facility is decomposed granite (DG) covered, we are not anticipating any new landscaping for this location, only restoration of DG.

Soccer Field Concession Stand & Restroom Buildings

Per the RFP, the City would like to install one concession stand and one restroom facility at the west side of the soccer fields. As part of the scope of work for this location, Heptagon Seven would appropriately locate each of the buildings to provide maximum exposure and use for the patrons of the soccer facility while minimizing the overall impact to the site, thus managing the overall project costs.

Spotting of the buildings will require a review of existing electrical services and soccer field lighting location, accessibility to the pedestrian walkway, and accessibility to both sewer and water mains. The parking lot west of the fields sits approximately four to five feet above the play surface, so any building placement parallel with the parking lot would either encroach into the play green space or require modifications to the parking lot. A possible location for the two structures that may minimize the impacts to both the soccer field and parking lot would be closer to the electrical enclosure for the soccer field lighting.

At the soccer field location, Heptagon Seven will coordinate with IID to provide a new electrical service for both buildings. It is assumed that the concession stand and restroom buildings will be located next to each other, with the concession stand building housing the electrical panel and meter for both buildings. In addition, the plans will include the installation of the required water and sewer service connections.

Based on our current experience with prefabricated buildings, it is highly advisable for the City to select the preferred units and acquire those buildings prior to the bidding of the installation work, as the lead time for delivery can be up to 8 months following placement of the order.

The following is our proposed scope of services and associated fees:

SCOPE OF WORK:

TASK 1: PROJECT MANAGEMENT

Consultant will manage project management duties for the duration of the project in order to assure a cost-efficient, quality design process. Our staff will effectively coordinate and communicate the project with City Staff and necessary agency partners from inception to final approval. Project Management activities will begin at the project initiation and will not end until construction activities have concluded. Consultant utilizes a hands-on approach to our business and thus our principal will be actively involved for the duration of the project.

Agency Coordination. Consultant will coordinate with appropriate City Department and agencies through regular meetings and direct contact. Concerns and issues expressed by agency representatives will be documented in a database to ensure that expressed concerns are recorded, communicated all interested agency partners, and addressed. Consultant will specifically coordinate with IID early in the design process to ensure a timely delivery of all undergrounding plans.

Quality Control/Quality Assurance. All reports, plans, specifications and other deliverables are reviewed by a dedicated Quality Control Manager prior to submittal to the City. The review of the plans and specifications will also include a constructability review.

TASK 2: TOPOGRAPHIC BASE MAP

Consultant will provide a field topographic survey to collect existing features within proposed construction areas. The collected feature shall include but are not limited to surrounding street curb and gutter, building footprint, existing utility manholes, valves and above ground structures, irrigation values, top of curb, flow line of valley gutters, walls, all above ground features / structures and other hardscape features. The Consultant will deliver a topographic base file, land base file depicting center, section and right of way lines. Following the gathering and processing of the field topographic data, Consultant will prepare a base map containing information such as parcel lines and underlying easements, if readily available through recorded maps.

TASK 3: UTILITY RESEARCH AND COORDINATION

Consultant will review existing utility data available from the City from Record Plan drawings and through requested utility plat information for the park site.

Utility Outreach. Immediately following processing of a Task Order, Consultant will prepare Utility Information Request letters to be sent to various utility companies, along with the base plans, requesting the utility facility maps ("Atlas Maps" and Record drawings) within the project limits. Following receipt of all utility plats, Consultant will field verify, to the extent possible, the accuracy of the existing utility base information.

Utility Base File. Based on the City and utility company provided information, Consultant will prepare a utility base file noting the approximate location of each utility facility on and adjacent to the building sites.

Utility Service Coordination. Following the concurrence on the final project scope of work by the City, Consultant will initiate design coordination activities with those utilities who prepare their own design plans (Imperial Irrigation District (IID), Frontier Communications and Spectrum) for new the underground services. The initiation of the agency designed facilities will be necessary to assist in determining overall project costs as well as to obtain design information on a timely basis for construction activities. Consultant will coordinate with all utility relocation/undergrounding up through the completion of contract documents and plans.

TASK 4: PREFABRICATED BUILDING COORDINATION

Consultant shall coordinate with prefabricated building vendors to obtain proposed floorplans and pricing for each of the proposed building structures. In addition, the Consultant will work with each vendor on the possible building enhancements to meet the City's architectural standards. If the City elects to pre-purchase the prefabricated buildings due to the long lead time for delivery, Consultant will assist with the procurement process.

TASK 5: CONCEPTUAL SITE PLAN

Consultant will prepare a combination civil and landscape conceptual site plan. The conceptual plan will depict proposed building locations and other required ADA, parking lot and landscape improvements. Consultant will provide up to two revisions of the concept plan. Concept plans will be provided to the City via PDF, on an 11"x17" sheet format.

TASK 6: GEOTECHNICAL ANALYSIS

Consultant proposes to explore the subsurface conditions by drilling three (3) to five (5) hand auger borings to a depth of 6 to 10 feet below existing surface. Undisturbed and disturbed soil samples will be recovered for laboratory testing. Standard Penetration Tests (SPT) in accordance with ASTM procedure D1586 will also be conducted. A staff engineer or geologist will maintain a continuous log of the soils encountered and obtain samples for visual classifications and subsequent laboratory testing.

Laboratory Testing. In-situ samples will be recovered to perform the following:

- Moisture Content & Unit Weight
- Gradation
- Collapse Potential
- Corrosion Potential
- R-Value

The laboratory testing program may be modified based on subsurface conditions encountered.

To summarize the project finding, Consultant will prepare a geotechnical report that describes the work performed, the subsurface soils conditions encountered, and presents the findings of our work, along with professional opinions regarding project design.

The project specific report will address the following:

- feasibility of site for proposed construction;
- identification and mitigation of geologic and seismic hazards, including liquefaction study;
- recommendation for foundation design, including allowable bearing pressures, estimated total and differential settlement;
- recommendation for lateral pressures;
- recommendations for site preparation and engineered fill placement, including a description of the on-site soils and the suitability of these soils for use in compacted fills;
- recommendations for slab-on-grade, including damp proofing or waterproofing interior slabs;
- discussion of the sulfate content of the on-site soils and preliminary recommendations for concrete in contact with soil;
- recommendations for imported fill (if required) for use in backfills; and
- recommendations for preliminary pavement structural sections.

TASK 7: ARCHITECTURAL RENDERINGS

Consultant shall prepare 3D architectural renderings depicting the proposed site buildings and landspace. For each location, Consultant will prepare up to three (3) rendered views for a total of six (6) colored renderings for the full project. In addition, Consultant will provide two revisions to the renderings for the City's use on the approval of the project. Consultant will use an existing site picture for the background of the rendering.

TASK 8: FINAL IMPROVEMENT PLANS

Based on the City approved Concept Plan, Consultant will prepare precise grading plan for the proposed site improvements, which will include but not be limited to one removed and replaced restroom, one new restroom facility and one new concession stand facility, and sidewalk / ADA and parking lot improvements to accommodate the proposed buildings. The plan will also contain a private utility sheet depicting the private sewer and water connections from the buildings to the water and sewer main facilities. The plan set will consist of a title sheet, removals, grading, miscellaneous details, horizontal control plan, private utility plan and striping plan (as needed). All plans will be prepared utilizing AutoCAD software and at an appropriate scale in conformance with City Standards. Plans will be submitted for City Review via an electronic submittal (PDF file) on 24x36 plan sheets.

TASK 9: LANDSCAPE PLANS

Consultant will prepare final landscape showing new plant material, irrigation, construction details and general construction specifications for incorporation into the final bid set. The landscape plans will only include improvements around the proposed restroom and concession stand buildings at the soccer fields.

Irrigation Plans: includes diagrammatic layout at 1" = 20' of landscape irrigation piping, valves, control equipment, sprinkler heads, and related equipment for the irrigation of planted areas, specifically calling out pipe and equipment sizing and types, brand and model. This will also include necessary details for the installation of the system, and coordination with all consultants for conflicts.

Final Landscape Plans: prepare a final landscape plan, which will include plans at a scale of 1" = 20' indicating the location and arrangement of all plant materials.

TASK 10: COST ESTIMATE
Consultant will prepare an Engineers Estimate of Probable Construction Costs for the proposed improvements based upon the approved preliminary design plans utilizing the current edition of the Caltrans Contract Cost Data Book and recent bid information from area bids for unit costs. The construction cost estimate will be updated at each plan submittal stage including the concept plan.

TASK 11: SPECIFICATIONS
Using the City provided "Boilerplate" bid package and project specifications, Consultant shall prepare the technical specifications for each item of work in the Project not sufficiently covered by the Standard Specifications (Greenbook). The Consultant shall also prepare the bid schedule, update any utility relocation requirements for the project, review and modify the traffic control and staging for the project and determine the liquidated damages and working days for the proposed construction work.

TASK 12: BIDDING ASSISTANCE
Consultant will assist the City with the bidding and award process for this project. These services will be performed on a Time and Material (T&M) basis.

Activities associated with this task include but are not limited to:

- Bid Support. All key team members will be available to attend a pre-bid meeting.
- Respond to Inquiries. Consultant will respond to bidder inquiries by phone or email.
- Prepare Addenda. Consultant will prepare addenda as requested by the City.
- Review/Recommended Award. Consultant will assist in recommendation for award.

For this task, Consultant assumes 6 total hours, to be billed Time and Materials at a rate of $200 / hour.

TASK 13: POST DESIGN SERVICES
Consultant will assist project staff with construction support services. Upon request from City staff the following will be provided:

- RFI documentation and response to questions regarding construction documents;
- Periodic site visits during construction, as requested;
- Input from the consultant regarding change orders;
- Final project review to ensure plan conformance; and
- Prepare Record Drawings based on Contractor As-Built plans.

For this task, Consultant assumes 10 total hours, to be billed Time and Materials at a rate of $200 / hour.

PROJECT FEE

Task 1	Project Management	$2,800
Task 2	Topographic Base Map	$2,900
Task 3	Utility Research & Coordination	$1,900
Task 4	Prefabricated Building Coordination	$1,600
Task 5	Conceptual Site Plan	$2,400
Task 6	Geotechnical Report	$7,000
Task 7	Architectural Renderings	$2,800
Task 8	Final Plans	$10,500
Task 9	Landscape Plans	$2,100
Task 10	Cost Estimate	$1,200
Task 11	Specifications	$1,400
Task 12	Bidding Assistance (T&M)	$1,200
Task 13	Post Design Services (T&M)	$2,000
	TOTAL	**$39,800**

Thank you for the opportunity to provide you with a proposal on this work. Please review the scope of work and fee and let me know if you have any comments or questions.

Sincerely,

Brad Donais, PE
Principal
Heptagon Seven Consulting, Inc.

CITY OF COACHELLA
PROFESSIONAL SERVICES AGREEMENT

1. PARTIES AND DATE.

This Agreement is made and entered into this 25th day of January, 2023, by and between the City of Coachella, a municipal corporation organized under the laws of the State of California with its principal place of business at 53-990 Enterprise Way, Coachella, California 92236, County of Riverside, State of California ("City") and Heptagon Seven Consulting Inc, a corporation, with its principal place of business at 8413 E. Baseline Road, Suite 106, Mesa AZ 85209 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing engineering services to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the On-Call Engineering Services Project 082522 ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional engineering consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from January 1, 2023 to January 1, 2026, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Services.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation shall

not exceed **Two Hundred Thousand Dollars and No Cents ($200,000.00) annually** without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City, or included in Exhibit "C" of this Agreement.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner and in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference. Consultant represents that it has the professional and technical personnel required to perform the Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.3.3 Conformance to Applicable Requirements. All work prepared by

Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: Brad Donais.

3.3.5 City's Representative. The City hereby designates City Manager, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates Brad Donais, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibits "A" or "B" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed

a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33 U.S.C. § 1251, *et seq.*); the California Porter-Cologne Water Quality Control Act (Water Code § 13000 *et seq.*); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $1,000,000 per occurrence and no less than $2,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $1,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

(D) Professional Liability (Errors & Omissions): Professional Liability insurance or Errors & Omissions insurance appropriate to Consultant's profession with limits of not less than $1,000,000. Covered professional services shall specifically include all work to be performed under the Agreement and delete any exclusions that may potentially affect the work to be performed (for example, any exclusions relating to lead, asbestos, pollution, testing, underground storage tanks, laboratory analysis, soil work, etc.). If coverage is written on a claims-made basis, the retroactive date shall precede the effective date of the initial Agreement and continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least five (5) years from termination or expiration of this Agreement.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage

reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability. (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Contractual Liability Exclusion Deleted: This insurance shall include contractual liability applicable to this Agreement. The policy must "pay on behalf of" the insured and include a provision establishing the insurer's duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that

such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is $1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll

records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or

volunteers.

3.6.2 If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance as a "design professional" (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Heptagon Seven Consulting
8413 E. Baseline Road, Suite 106
Mesa, AZ 85209
ATTN: Brad Donais

City: City of Coachella
53462 Enterprise Way
Coachella, CA 92236
ATTN: Maritza Martinez

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or

another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant's proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney's fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary,

appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys' Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

3.8 Federal Provisions. With respect to any conflict between such Federal Requirements and the terms of this Agreement and/or the provisions of state law, the more stringent requirement shall control.

EXHIBIT "A"
SCOPE OF SERVICES

The City will authorize work based upon approved Task Orders. Project scheduling will be identified in the approved Task Order and be based on a task-to-task basis decided by the City and firm. All work shall be performed under the direction of a licensed professional registered with the State of California.

Consultant shall provide Task Order Proposals within seventy-two (72) hours of the received request and the response should include a scope of work and budget. Upon receipt of the Task Order Proposal, the City may request additional information; including project understanding, fee rates for the completion of the tasks, proposed methods, hours to be spent on tasks, and a schedule including the time needed to complete the tasks. Failure to submit the requested information by the prescribed time or inability to agree to the terms established by the City may result in reassignment of the Task Order.

Consultant shall have staff qualified to conduct all necessary engineering work and written documents, including graphics. Scope of Services include, but are not limited to the following tasks: preparation of plans, specifications, estimates (PS&E), reports, and design for various projects including grading, drainage, hydrology, water utilities, sewer utilities and storm drain facilities. The provided Statement of Qualifications by the Consultant in response to the RFP are incorporated herein.

EXHIBIT "B"
SCHEDULE OF SERVICES

January 1, 2023 – January 1, 2026

EXHIBIT "C"
COMPENSATION

Section D. Cost Proposal

For projects with a well-defined scope of work, Heptagon Seven prefers to provide Lump Sum amounts per work order tasks, providing back up of work hours per task. For those instances where the scope of work is not well-defined or as directed by City Staff, Heptagon Seven will provide services at the request of the Client on an hourly basis, based on the following breakdown. To the extent possible with each requested task where applicable, Consultant will provide an anticipated hourly estimate for each requested service prior to initiating said service.

• Project Manager	$200 / hour
• Project Engineer	$175 / hour
• Principal Landscape Architect	$150 / hour
• Project Manager (LA)	$110 / hour
• Graphic Specialist (LA)	$110 / hour
• CAD Designer (LA)	$95 / hour
• Principal Surveyor	$200 / hour
• Designer / Survey Analyst	$135 / hour
• 2 Man Survey Crew	$295 / hour (Prevailing Wage rate)
• Administrative Assistant	$90 / hour

Due to the possible length of this On Call Engineering, the Heptagon Seven Team's Hourly Rates are reviewed on an annual basis and adjusted for cost of living and employee wage increases. Therefore, we request the ability to revisit the above noted rates on a yearly basis. The final annual rates will be negotiated with the City and updated only upon City approval.

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: Lizzandro Diaz, Building Official

SUBJECT: Professional Service Agreement with Access Services Plus to provide the City with an American with Disabilities Act (ADA) Self-evaluation and Transition Plan.

STAFF RECOMMENDATION:

Authorize City Manager to execute a Professional Service Agreement with Access Services, Plus to prepare an ADA transition plan as required by the State of California. This plan is an essential document that outlines the strategies and steps the City will take to comply with the Americans with Disabilities Act.

BACKGROUND:

The Americans with Disabilities Act (ADA) is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public. The purpose of the law is to make sure that people with disabilities have the same rights and opportunities as everyone else. The ADA provides civil rights protections to individuals with disabilities similar to those provided to individuals on the basis of race, color, sex, national origin, age, and religion. It guarantees equal opportunity for individuals with disabilities in public accommodations, employment, transportation, state and local government services, and telecommunications.

DISCUSSION/ANALYSIS:

As California works towards enhancing accessibility for all, the City of Coachella recognizes the value and importance of developing an ADA Transition Plan. This plan is necessary to ensure that city facilities, parks, sidewalks, electronics, and communications are fully compliant with the ADA and meet the disability community's needs as much as possible.

The plan will be implemented by engaging the services of consultants specializing in ADA compliance. The consultants will conduct a comprehensive survey of facilities and outdoor areas within the city, as well as analyze existing plans, policies and practices. Once the survey is completed, they will develop tailored recommendations to make all city facilities, outdoor areas

pedestrian paths, and electronics fully accessible, utilizing best practices and state-of-the-art designs. The report will outline a comprehensive action plan for implementation, and will set out metrics for measuring success, ensuring compliance with the ADA. The project will be funded under the city budget to ensure that the costs of compliance are met responsibly and efficiently.

FISCAL IMPACT:

There will be a fiscal impact to the FY 22/23 of $45,000 coming from surplus funds from the Building Departments Professional/Contract Services account. The contract is in the amount not to exceed $45,000.

ATTACHMENTS:

CITY OF COACHELLA

PROFESSIONAL SERVICES AGREEMENT

CITY OF COACHELLA PROFESSIONAL SERVICES AGREEMENT

FOR ON-CALL SERVICES

1. PARTIES AND DATE.

This Agreement is made and entered into this June day of 29, 2023, by and between the City of Coachella, a municipal corporation organized under the laws of the State of California with its principal place of business at 1515 6th Street, Coachella, California 92236, County of Riverside, State of California ("City") and Access Services, Plus, a LIMITED LIABILITY COMPANY, with its principal place of business at 1548 Columbia St., Redlands, CA 92374 ("Consultant"). City and Consultant are sometimes individually referred to herein as "Party" and collectively as "Parties."

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing accessibility consulting services to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such professional services for the American with Disabilities Act compliance and transition project ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional accessibility consulting services necessary for the Project described in Exhibit "A" attached hereto and incorporated herein by reference (“Services”). The Services shall be more particularly described in the individual Task Order issued by the City or its designee. No Services shall be performed unless authorized by a fully executed Task Order in the form attached hereto as Exhibit “B”. All Services shall be subject to, and performed in accordance with, this Agreement, each Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from July 1, 2023 to December 1, 2023, unless earlier terminated as provided herein.

3.2 Compensation.

3.2.1 Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement. The total compensation for hereunder shall not exceed forty five thousand dollars ($45,000.00) without written approval of the City Council or City Manager, as applicable. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.2.2 Payment of Compensation. Consultant shall submit to City a monthly invoice which indicates work completed and hours of Services rendered by Consultant. The invoice shall describe the amount of Services provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the invoice. City shall, within 30 days of receiving such invoice, review the invoice and pay all non-disputed and approved charges. If the City disputes any of Consultant's fees, the City shall give written notice to Consultant within thirty (30) days of receipt of an invoice of any disputed fees set forth therein. Payment shall not constitute acceptance of any Services completed by Consultant. The making of final payment shall not constitute a waiver of any claims by the City for any reason whatsoever.

3.2.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City.

3.2.4 Extra Work. At any time during the term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from the City.

3.3 Responsibilities of Consultant.

3.3.1 Independent Contractor; Control and Payment of Subordinates. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Any personnel performing the Services on behalf of Consultant shall not be employees of City and shall at all times be under Consultant's exclusive direction and control. Neither City, or any of its officials, officers, directors, employees or agents shall have control over the conduct of Consultant or any of Consultants officers, employees or agents, except as set forth in this Agreement. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.3.2 Schedule of Services. Consultant shall perform the Services in a prompt and timely manner. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines set forth in each individual Task Order issued by the City. Consultant represents that it has the professional and technical personnel required to perform the

Services expeditiously. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the established schedules and deadlines.

3.3.3 Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

3.3.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. The key personnel for performance of this Agreement are as follows: Daniel F. Kaiser.

3.3.5 City's Representative. The City hereby designates Lizzandro Diaz, Building Official, or his/her designee, to act as its representative in all matters pertaining to the administration and performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for review and approval of all products submitted by Consultant but not the authority to enlarge the Scope of Services or change the total compensation due to Consultant under this Agreement. The City Manager shall be authorized to act on City's behalf and to execute all necessary documents which enlarge the Scope of Services or change the Consultant's total compensation subject to the provisions contained in this Agreement. Consultant shall not accept direction or orders from any person other than the City Manager, City's Representative or his/her designee.

3.3.6 Consultant's Representative. Consultant hereby designates Daniel F. Kaiser, or his/her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his/her best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.3.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.3.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant warrants that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Consultant represents that it, its employees and subconsultants have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its subconsultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any

employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.3.9 Period of Performance.

3.3.9.1 Consultant shall perform and complete all Services under this Agreement within the term set forth in Section 3.1.2 above ("Performance Time"). Consultant shall also perform the Services in strict accordance with any completion schedule or Project milestones described in Exhibit "A" attached hereto, or which may be separately agreed upon in writing by the City and Consultant ("Performance Milestones"). Consultant agrees that if the Services are not completed within the aforementioned Performance Time and/or pursuant to any such Performance Milestones developed pursuant to provisions of this Agreement, it is understood, acknowledged and agreed that the City will suffer damage.

3.3.9.2 Neither City nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing Party. For purposes of this Agreement, such circumstances include a Force Majeure Event. A Force Majeure Event shall mean an event that materially affects a Party's performance and is one or more of the following: (1) Acts of God or other natural disasters; (2) terrorism or other acts of a public enemy; (3) orders of governmental authorities (including, without limitation, unreasonable and unforeseeable delay in the issuance of permits or approvals by governmental authorities that are required for the services); (4) strikes and other organized labor action occurring at the site and the effects thereof on the services, only to the extent such strikes and other organized labor action are beyond the control of Consultant and its subcontractors, and to the extent the effects thereof cannot be avoided by use of replacement workers; and (5) pandemics, epidemics or quarantine restrictions. For purposes of this section, "orders of governmental authorities," includes ordinances, emergency proclamations and orders, rules to protect the public health, welfare and safety, and other actions of a public agency applicable to the services and Agreement.

3.3.9.3 Should a Force Majeure Event occur, the non-performing Party shall, within a reasonable time of being prevented from performing, give written notice to the other Party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement. Force Majeure Events and/or delays, regardless of the Party responsible for the delay, shall not entitle Consultant to any additional compensation. Notwithstanding the foregoing in this section, the City may still terminate this Agreement in accordance with the termination provisions of this Agreement.

3.3.10 Laws and Regulations; Employee/Labor Certification.

3.3.10.1 Compliance with Laws. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with the Services and this Agreement. All violations of such laws and regulations shall be grounds for the City to terminate the Agreement for cause.

3.3.10.2 Employment Eligibility; Consultant. Consultant certifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time and shall require all subconsultants and sub-subconsultants to comply with the same. Consultant certifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the term of the Agreement.

3.3.10.3 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.3.10.4 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.3.10.5 Water Quality Management and Compliance. Consultant shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Services including, without limitation, all applicable provisions of the City's ordinances regulating water quality and storm water; the Federal Water Pollution Control Act (33U.S.C. § 1251, et seq.); the California Porter-Cologne Water Quality Control Act (Water Code§ 13000 et seq.); and any and all regulations, policies, or permits issued pursuant to any such authority. Consultant must additionally comply with the lawful requirements of the City, and any other municipality, drainage district, or other local agency with jurisdiction over the location where the Services are to be conducted, regulating water quality and storm water discharges. City may seek damages from Consultant for delay in completing the Services caused by Consultant's failure to comply with the laws, regulations and policies described in this Section, or any other relevant water quality law, regulation, or policy.

3.3.10.6 Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the work and the conditions under which the work is to be performed.

3.3.11 Insurance.

3.3.11.1 Time for Compliance. Consultant shall not commence work under this Agreement until it has provided evidence satisfactory to the City that it has secured all insurance required under this section. In addition, Consultant shall not allow any subconsultant to commence work on any subcontract until it has provided evidence satisfactory to the City that the subconsultant has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.3.11.2 Types of Insurance Required. As a condition precedent to the effectiveness of this Agreement for work to be performed hereunder, and without limiting the indemnity provisions of the Agreement, the Consultant, in partial performance of its obligations under such Agreement, shall procure and maintain in full force and effect during the term of the Agreement the following policies of insurance. If the existing policies do not meet the insurance requirements set forth herein, Consultant agrees to amend, supplement or endorse the policies to do so.

(A) Commercial General Liability: Commercial General Liability Insurance which affords coverage at least as broad as Insurance Services Office "occurrence" form CG 00 01, or the exact equivalent, with limits of not less than $1,000,000 per occurrence and no less than $2,000,000 in the general aggregate. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions (1) limiting coverage for contractual liability; (2) excluding coverage for claims or suits by one insured against another (cross-liability); (3) products/completed operations liability; or (4) containing any other exclusion(s) contrary to the terms or purposes of this Agreement.

(B) Automobile Liability Insurance: Automobile Liability Insurance with coverage at least as broad as Insurance Services Office Form CA 00 01 covering "Any Auto" (Symbol 1), or the exact equivalent, covering bodily injury and property damage for all activities with limits of not less than $1,000,000 combined limit for each occurrence.

(C) Workers' Compensation: Workers' Compensation Insurance, as required by the State of California and Employer's Liability Insurance with a limit of not less than $1,000,000 per accident for bodily injury and disease.

3.3.11.3 Insurance Endorsements. Required insurance policies shall contain the following provisions, or Consultant shall provide endorsements on forms approved by the City to add the following provisions to the insurance policies:

(A) Commercial General Liability: (1) Additional Insured: The City, its officials, officers, employees, agents, and volunteers shall be additional insureds with regard to liability and defense of suits or claims arising out of the performance of the Agreement. Additional Insured Endorsements shall not (1) be restricted to "ongoing operations"; (2) exclude "contractual liability"; (3) restrict coverage to "sole" liability of Consultant; or (4) contain any other exclusions contrary to the terms or purposes of this Agreement. For all policies of Commercial General Liability insurance, Consultant shall provide endorsements in the form of ISO CG 20 10 10 01 and 20 37 10 01 (or endorsements providing the exact same coverage) to effectuate this requirement. (2) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(B) Automobile Liability. (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(C) Professional Liability (Errors & Omissions): (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium.

(2) Contractual Liability Exclusion Deleted: This insurance shall include contractual liability applicable to this Agreement. The policy must “pay on behalf of” the insured and include a provision establishing the insurer’s duty to defend.

(D) Workers' Compensation: (1) Cancellation: Required insurance policies shall not be canceled or the coverage reduced until a thirty (30) day written notice of cancellation has been served upon the City except ten (10) days shall be allowed for non-payment of premium. (2) Waiver of Subrogation: A waiver of subrogation stating that the insurer waives all rights of subrogation against the City, its officials, officers, employees, agents, and volunteers.

3.3.11.4 Primary and Non-Contributing Insurance. All policies of Commercial General Liability and Automobile Liability insurance shall be primary and any other insurance, deductible, or self-insurance maintained by the City, its officials, officers, employees, agents, or volunteers shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.3.11.5 Waiver of Subrogation. All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to waiver of subrogation in favor of the City, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

3.3.11.6 Deductibles and Self-Insured Retentions. Any deductible or self- insured retention must be approved in writing by the City and shall protect the City, its officials, officers, employees, agents, and volunteers in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.3.11.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates on forms approved by the City, together with all endorsements affecting each policy. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the City for approval. The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. At least fifteen (15 days) prior to the expiration of any such policy, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the City. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Consultant shall, within ten (10) days after receipt of written notice of such

cancellation or reduction of coverage, file with the City evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies.

3.3.11.8 Acceptability of Insurers. Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and authorized to transact business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

3.3.11.9 Enforcement of Agreement Provisions (non estoppel). Consultant acknowledges and agrees that actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligation on the City nor does it waive any rights hereunder.

3.3.11.10 Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this Section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance.

3.3.11.11 Additional Insurance Provisions

(A) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the City, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(B) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(C) The City may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(D) Neither the City nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

(E) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant’s indemnification obligations to the City and shall not preclude the City from taking such other actions available to the City under other provisions of the Agreement or law.

(F) Consultant shall report to the City, in addition to Consultant’s insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.3.11.12 Insurance for Subconsultants. Consultant shall include all subconsultants engaged in any work for Consultant relating to this Agreement as additional insureds under the Consultant's policies, or the Consultant shall be responsible for causing subconsultants to purchase the appropriate insurance in compliance with the terms of these Insurance Requirements, including adding the City, its officials, officers, employees, agents, and volunteers as additional insureds to the subconsultant's policies. All

policies of Commercial General Liability insurance provided by Consultant's subconsultants performing work relating to this Agreement shall be endorsed to name the City, its officials, officers, employees, agents and volunteers as additional insureds using endorsement form ISO CG 20 38 04 13 or an endorsement providing equivalent coverage. Consultant shall not allow any subconsultant to commence work on any subcontract relating to this Agreement until it has received satisfactory evidence of subconsultant's compliance with all insurance requirements under this Agreement, to the extent applicable. The Consultant shall provide satisfactory evidence of compliance with this section upon request of the City.

3.4 Labor Code Requirements.

3.4.1 Prevailing Wages. Consultant is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is

$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. City shall provide Consultant with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. It is the intent of the parties to effectuate the requirements of sections 1771, 1774, 1775, 1776, 1777.5, 1813, and 1815 of the Labor Code within this Agreement, and Consultant shall therefore comply with such Labor Code sections to the fullest extent required by law. Consultant shall defend, indemnify and hold the City, its officials, officers, employees, agents, and volunteers free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.4.2 Registration/DIR Compliance. If the Services are being performed on a public works project of over $25,000 when the project is for construction, alteration, demolition, installation, or repair work, or a public works project of over $15,000 when the project is for maintenance work, in addition to the foregoing, then pursuant to Labor Code sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations ("DIR"). Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants.

3.4.3 Compliance Monitoring. This Project may also be subject to compliance monitoring and enforcement by the DIR. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR. Any stop orders issued by the DIR against Consultant or any subconsultant that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the City. Consultant shall defend, indemnify and hold the City, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the DIR against Consultant or any subconsultant.

3.4.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.5 Termination of Agreement.

3.5.1.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The rights and remedies of the City provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this Agreement.

3.5.1.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.5.1.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.6 Indemnification.

3.6.1 To the fullest extent permitted by law, Consultant shall defend (with counsel of City’s choosing), indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant’s Services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney’s fees and other related costs and expenses except such loss or damage caused by the sole negligence or willful misconduct of the City. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement and shall not be restricted to insurance proceeds, if any, received by Consultant, the City, its officials, officers, employees, agents, or volunteers.

3.6.2 If Consultant’s obligation to defend, indemnify, and/or hold harmless arises out of Consultant’s performance as a “design professional” (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant’s indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a

final adjudication by a court of competent jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

3.7 General Provisions.

3.7.1 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.7.2 Independent Contractors and Subcontracting.

3.7.2.1 Use of Consultants. Consultant is aware of statutory and case law regarding classification of workers as independent contractors, including California Labor Code Section 2750.3 and Dynamex Operations West, Inc. v. Superior Court, 4 Cal. 5th 903 (2018). To ensure that Consultant is in compliance with the California Labor Code, Consultant shall only utilize its employees to provide the Services. Consultant may not provide the services through any independent contractor, subcontractor or subconsultant ("Subcontractor(s)") unless approved by the City as set forth in Section 3.7.2.2 below. Consultant represents and warrants that all personnel who perform the Services on Consultant's behalf are Consultant's employees, and that Consultant complies with all applicable laws, rules and regulations governing its employees, including, but not limited to, the California Labor Code, Unemployment Insurance Code and all applicable Industrial Welfare Commission Wage Orders.

3.7.2.2 Prior Approval Required. Consultant shall not use any Subcontractor to provide the Services, or any portion of the work required by this Agreement, without prior written approval of City. In the event that City authorizes Consultant to use a Subcontractor, Consultant shall enter into a written agreement with the Subcontractor, which must include all provisions of the Agreement, including a restriction on the Subcontractor's use of further independent contractors, subcontractors or subconsultants without the City's prior written consent.

3.7.3 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

Consultant: Access Services, Plus

1548 Columbia St., Redlands, California 92374

ATTN: Daniel F. Kaiser

City: City of Coachella 1515 6th Street, Coachella, CA 92236

ATTN: Lizzandro Diaz

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.7.4 Ownership of Materials and Confidentiality.

3.7.4.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of fifteen (15) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. Before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.7.4.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.7.4.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be

responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.7.4.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.7.4.5 Confidentiality. All ideas, memoranda, specifications, plans, procedures, drawings, descriptions, computer program data, input record data, written information, and other Documents & Data either created by or provided to Consultant in connection with the performance of this Agreement shall be held confidential by Consultant. Such materials shall not, without the prior written consent of City, be used by Consultant for any purposes other than the performance of the Services. Nor shall such materials be disclosed to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant which is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.7.4.6 Confidential Information. The City shall refrain from releasing Consultant’s proprietary information ("Proprietary Information") unless the City's legal counsel determines that the release of the Proprietary Information is required by the California Public Records Act or other applicable state or federal law, or order of a court of competent jurisdiction, in which case the City shall notify Consultant of its intention to release Proprietary Information. Consultant shall have five (5) working days after receipt of the release notice to give City written notice of Consultant's objection to the City's release of Proprietary Information. Consultant shall indemnify, defend and hold harmless the City, and its officers, directors, employees, and agents from and against all liability, loss, cost or expense (including attorney’s fees) arising out of a legal action brought to compel the release of Proprietary Information. City shall not release the Proprietary Information after receipt of an objection notice unless either: (1) Consultant fails to fully indemnify, defend (with City's choice of legal counsel), and hold City harmless from any legal action brought to compel such release; and/or (2) a final and non-appealable order by a court of competent jurisdiction requires that City release such information.

3.7.5 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.7.6 Entire Agreement. This Agreement contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements.

3.7.7 Attorneys’ Fees. If either party commences an action against the other party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing party in

such litigation shall be entitled to have and recover from the losing party reasonable attorneys' fees and all costs of such action.

3.7.8 Governing Law. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.7.9 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.7.10 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.7.11 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.7.12 Assignment or Transfer. Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the City, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Consultant shall not subcontract any portion of the Services required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

3.7.13 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

3.7.14 Amendment; Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.7.15 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily

given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.

3.7.16 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.7.17 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.7.18 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.7.19 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.7.20 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.7.21 Survival. All rights and obligations hereunder that by their nature are to continue after any expiration or termination of this Agreement, including, but not limited to, the indemnification obligations, shall survive any such expiration or termination.

3.7.22 Order of Precedence. The following order and succession of the referenced documents shall govern in the event of conflict between documents:

3.7.22.1 Amendment(s)

3.7.22.2 This Agreement

STAFF REPORT
5/24/2023

TO: Honorable Mayor and City Council Members

FROM: Gabriel Perez, Development Services Director

SUBJECT: Community Facilities District (CFD No. 2005-01) Annexation 35 – (Tripoli Apartments)

SPECIFICS: Ordinance No. 1203 on Behalf of CFD No. 2005-01 Authorizing the Levy of a Special Tax within Annexation Area No. 35 Annexed to Said District (2nd Reading)

STAFF RECOMMENDATION:

Staff recommends that the City Council open the public hearing and take the following actions:

1) Adopt Ordinance No. 1203 Authorizing the Levy of a Special Tax within Annexation Area No. 35 Annexed to CFD No. 2005-01.

BACKGROUND:

On September 14, 2005 the City Council adopted Resolution No. 2005-93 establishing the City of Coachella Community Facilities District No. 2005-01 (Law Enforcement, Fire and Paramedic Services) pursuant to the Mello-Roos Community Facilities Act of 1982, as amended. The District and several annexations of territory have been established in the City of Coachella over the past 17 years. The annexation areas consist of new residential subdivisions and multifamily residential development projects.

On April 19, 2023, the City Council adopted Resolution No. 2023-19 stating its intention to annex certain property (APN# 778-081-003 and -001), consisting of Tripoli Apartments ("Annexation Area No. 32") into the District pursuant to the Act. A copy of Resolution No. 2023-19 which includes a description and map of Annexation Area No. 35, and the rate and method of apportionment and manner of collection of the special tax are on file with the City Clerk.

DISCUSSION/ANALYSIS

Pursuant to the conditions of approval imposed on Architectural Review No. 22-04, which includes construction of a new 108-unit multifamily residential community on 2.8 acres located at the northeast corner of Cesar Chavez Street and Bagdad Avenue, the project site must be annexed into the City-wide Community Facilities District (CFD No. 2005-01). The City Council took the first

step in this process by adopting a resolution of intention on April 19, 2023 (Resolution No. 2023-19) describing the property in question for 108 units. The second phase of the development will be part of a separate CFD annexation area and special election.

The resolution of intention affirmed the Annexation 35 Map, and the rate and method of tax collection for the annexed property. The CFD is collected through the annual property tax assessment rolls and, for this project, may be subject to a subsequent Agreement for deferral of assessments. The City Council held a public hearing on May 24, 2023 and adopted the following resolutions and introduced Ordinance No. 1203:

Resolution 2023-34 of the City Council Determining the Validity of Prior Proceedings relating to Annexation of Property (Annexation 35) in the City of Coachella Community Facilities District No. 2005-01 (Law Enforcement, Fire and Paramedic Services).

Resolution 2023-35 of the City Council acting on Behalf of the City of Coachella Community Facilities District No. 2005-01 (Law Enforcement, Fire and Paramedic Services) Calling a Special Election within Annexation Area 35.

Resolution 2023-36 of the City Council acting on Behalf of the City of Coachella Community Facilities District No. 2005-01 (Law Enforcement, Fire and Paramedic Services) Canvassing the Results of the Election Held Within Annexation Area No. 35 Annexed to Said District.

Ordinance No. 1203 – Introduce an Ordinance of the City Council acting on Behalf of the City of Coachella Community Facilities District No. 2005-01 (Law Enforcement, Fire and Paramedic Services) Authorizing the Levy of a Special Tax Within Annexation Area No. 35 Annexed to Said District (First Reading).

The City Council will need to adopt Ordinance No. 1203 by second reading to levy the special tax for Annexation No. 35.

FISCAL IMPACT:

The attached resolutions and ordinance actions would pave the way to annex the Tripoli Apartments site (Annexation No. 35) into the City-wide CFD which would collect an annual assessment that pays for Law Enforcement, Fire and Paramedic Services. The current rate and apportionment method would collect $1,348.10 for every dwelling unit that is constructed within the developed multifamily residential project. Ultimately, these funds will be used to augment the operating costs for police, fire, and paramedic services in the City of Coachella.

ALTERNATIVES:

1. Adopt Ordinance 1203 for 2nd Reading.
2. Continue this item and provide staff with direction.
3. Take no action.

RECOMMENDED ALTERNATIVE(S):

Staff recommends alternative #1.

ORDINANCE NO. 1203

ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COACHELLA ACTING AS THE LEGISLATIVE BODY OF CITY OF COACHELLA COMMUNITY FACILITIES DISTRICT NO. 2005-1 (LAW ENFORCEMENT, FIRE AND PARAMEDIC SERVICES) AUTHORIZING THE LEVY OF A SPECIAL TAX WITHIN ANNEXATION AREA NO. 35 ANNEXED TO SAID DISTRICT

WHEREAS, on April 19, 2023, the City Council (the "Council") of the City of Coachella, California (the "City"), adopted Resolution No. 2023-19 stating its intention to annex certain properties, consisting of Tripoli Apartments ("Annexation Area No. 35"), into City of Coachella Community Facilities District No. 2005-1 (Law Enforcement, Fire and Paramedic Services) (the "District") pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, (the "Act"); and

WHEREAS, notice was published as required by law relative to the intention of the Council to annex Annexation Area No. 35 into the District; and

WHEREAS, on May 24, 2023 this Council held a noticed public hearing as required by law relative to the determination to proceed with the annexation of Annexation Area No. 35 into the District and the rate and method of apportionment and manner of collection of the special tax to be levied within Annexation Area No. 35 to finance certain public services; and

WHEREAS, at said hearing all persons desiring to be heard on all matters pertaining to the annexation of Annexation Area No. 35 were heard and a full and fair hearing was held; and

WHEREAS, the Council subsequent to said hearing adopted Resolution No. 2023-34 determining the validity of prior proceedings relative to the annexation of Annexation Area No. 35, annexed Annexation Area Nos. 35, into the District and authorized the levy of a special tax within Annexation Area No. 35; and

WHEREAS, the Council subsequent to said hearing adopted Resolution No. 2023-35 which called an election within Annexation Area No. 35, for May 24, 2023 on the proposition of levying a special tax; and

WHEREAS, on May 24, 2023 an election was held within Annexation Area No. 35, in which the eligible electors approved by more than two-thirds vote the proposition of levying a special tax;

NOW, THEREFORE, BE IT ORDAINED, BY THE CITY COUNCIL OF THE CITY OF COACHELLA AS FOLLOWS:

Section 1. A special tax is levied within the boundaries of Annexation Area No. 35 Exhibit "B", pursuant to the formula set forth in Exhibit "A" attached hereto and incorporated by reference in an amount necessary to finance a portion of the cost of providing law enforcement, fire and paramedic services that are in addition to those provided in the territory within Annexation Area No. 35 prior to the annexation of Annexation Area Nos. 35, respectively, into the District.

Section 2. This legislative body is hereby further authorized each year, by resolution adopted as provided in section 53340 of the Act, to determine the specific special tax rate and amount to be levied for the next fiscal year, except that the special tax rate to be levied shall not exceed the maximum rate set forth in Exhibit "A."

Section 3. All of the collections of the special tax shall be used as provided for in the Act and Resolution No. 2023-19 of the Council.

Section 4. The above authorized special tax shall be collected in the same manner as ordinary ad valorem taxes are collected and shall be subject to the same penalties and the same procedure and sale in cases of delinquency and provided for ad valorem taxes.

Section 5. The Mayor shall sign this ordinance and the City Clerk shall attest to such signature. The City Clerk is directed to cause the title and summary or text of the this ordinance, together with the vote thereon, to be published within fifteen (15) days after its passage at least once in a newspaper of general circulation published and circulated within the territorial jurisdiction of the City, and to post at the main office of the City a certified copy of the full text of the adopted ordinance along with the names of the Council Members voting for and against the ordinance.

Section 6. This ordinance relating to the levy of the special tax takes effect and shall be in force from and after 30 days from the date of final passage. A copy of this ordinance shall be transmitted to the Clerk of the Board of Supervisors of Riverside County, the Assessor and the Treasurer-Tax Collector of Riverside County.

(#) ASSESSMENT NUMBER

RATE AND METHOD OF APPORTIONMENT FOR CITY OF COACHELLA COMMUNITY FACILITIES DISTRICT NO. 2005-1 (LAW ENFORCEMENT, FIRE AND PARAMEDIC SERVICES)

A Special Tax as hereinafter defined shall be levied on all Assessor's Parcels in Community Facilities District No. 2005-1 of the City of Coachella (the "CFD") and collected each Fiscal Year commencing in Fiscal Year 2006-07, in an amount determined by the City Council of the City of Coachella, through the application of the Rate Method of Apportionment as described below. All of the real property in the CFD, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent and in the manner herein provided.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Act" means the Mello-Roos Community Facilities Act of 1982, as amended, being Chapter 2.5, Division 2 of Title 5 of the Government Code of the State of California.

"Assessor's Parcel" means a lot or parcel shown in an Assessor's Parcel Map with an assigned Assessor's parcel number.

"Assessor's Parcel Map" means an official map of the County Assessor of the County designating parcels by Assessor's parcel number.

"CFD Administration" means an official of the City, or designee thereof, responsible for providing for the levy and collection of the Special Taxes.

"CDF" means City of Coachella Community Facilities District No. 2005-1 (Law Enforcement, Fire and Paramedic Services).

"City" means the City of Coachella.

"City Council" means the City Council of the City.

"Commercial or Industrial Property" means for each Fiscal Year, property for which a building permit for new construction of a commercial or industrial use building has been issued.

"County" means the County of Riverside.

"Developed Multi-Family Residential Property" means for each Fiscal Year, all Taxable Property for which a building permit for new construction of a multi-family dwelling with four or more units was issued prior to June 30 of the prior Fiscal Year, exclusive of property for which the property owner pays Transient Occupancy Taxes or the property owner has entered into an agreement with the City pursuant to which such property owner pays Transient Occupancy Taxes.

"Developed Property" means for each Fiscal Year, all Developed Multi-Family Residential Property and Developed Single-Family Residential Property.

"Developed Single-Family Residential Property" means for each Fiscal Year, all Taxable Property for which a building permit new construction of a single-family dwelling unit was issued prior to June 30 of the prior Fiscal Year.

"Fiscal Year" means the period starting July 1 and ending on the following June 30.

"Resolution of Formation" means the resolution adopted by the City as authorized by Section 53325.1 of the California Government Code.

"Special Tax" means the special tax to be levied in each Fiscal Year on each Assessor's Parcel Taxable Property.

"State" means the State of California.

"Taxable Property" means all the Assessor's Parcels within the boundaries of the CFD which are not exempt from the Special Tax pursuant to law or Section E below.

"Transient Occupancy Taxes" means those transient occupancy taxes payable to the City pursuant to Ordinance.

"Undeveloped Property" means, for each Fiscal Year, all Assessor's Parcels not classified as Developed Property or Commercial or Industrial Property.

B. ASSIGNMENT TO LAND USE CLASSES

Each Fiscal Year, all Taxable Property within the CFD classified as Developed Single-Family Residential Property or Developed Multi-Family Residential Property shall be subject to Special Taxes in accordance with the rate and method of apportionment determined pursuant to Sections C and D below.

C. MAXIMUM SPECIAL TAX

1. Developed Single-Family Residential Property

a. Maximum Special Tax
The Maximum Special Tax for each Assessor's Parcel classified as Developed Single-Family Residential Property shall be $846.76 for Police Services and $511.34 for Fire/Paramedic Services.

b. Increase in the Maximum Special Tax
On each July 1, commencing on July 1, 2015, the Maximum Special Tax shall be increased by an amount equal to the percentage increase in the U.S. Department of Labor Statistics, Consumer Price Index, for Los Angeles-Riverside-Orange County, California, for the 12

month period ending the preceding December 31, of the amount in effect for the previous Fiscal Year.

2. Developed Multi-Family Residential Property

a. Maximum Special Tax
The Maximum Special Tax for each Assessor's Parcel classified as Developed Multi-Family Residential Property shall be $846.76 for Police Services and $511.34 for Fire/Paramedic Services multiplied by the number of separate dwelling units applicable to such Assessor's Parcel.

b. Increase in the Maximum Special Tax
On each July 1, commencing on July 1, 2015, the Maximum Special Tax shall be increased by an amount equal to the percentage increase in the U.S. Department of Labor Statistics, Consumer Price Index, for Los Angeles-Riverside-Orange County, California, for the 12 month period ending the preceding December 31, of the amount in effect for the previous Fiscal Year.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

Commencing with Fiscal Year 2005-06 and for each following Fiscal Year, the City Council shall levy the Special Tax at the Maximum Special Tax on all Developed Single-Family Residential Property and Developed Multi-Family Residential Property.

E. EXEMPTIONS: EXCLUSIONS

No Special Tax shall be levied on Undeveloped Property, Commercial or Industrial Property or for Developed Property developed as part of a development with less than 4 units. In the event that a Developed Multi-Family Residential Property that has been excluded from a levy of the Special Tax by reason of the payment by the property owner of Transient Occupancy Tax, and should that payment be terminated, such Assessor Parcel shall not longer be excluded from Developed Multi-Family Residential Property and will be subject to the Special Tax.

F. APPEALS AND INTERPRETATIONS

Any taxpayer may file a written appeal of the Special Tax on his/her property with the CFD Administrator, provided that the appellant is current in his/her payments of Special Taxes. During the pendency of an appeal, all Special Taxes previously levied must be paid on or before the payment date established when the levy was made. The appeal must specify the reasons why the appellant claims the calculation of the Special Tax is in error. The CFD Administrator shall review the appeal, meet with the appellant if the CFD Administrator deems necessary, and advise the appellant of its determination. If the CFD Administrator agrees with the appellant, the CFD Administrator shall eliminate or reduce the Special Tax on the appellant's property and/or provide a refund to the appellant. If the CFD Administrator disagrees with the appellant and the appellant is dissatisfied with the determination, the appellant then has 30 days in which to appeal to the Board by filing a written notice of appeal with the Board Secretary, provided that the appellant is

current in his/her payments of Special Taxes. The second appeal must specify the reasons for its disagreement with the CFD Administrator's determination.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that the CFD may directly bill the Special Tax, may collect Special Taxes at different time or in a different manner if necessary to meets its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF THE SPECIAL TAX

The Special Tax may not be prepaid.

I. TERM OF THE SPECIAL TAX

The Annual Maximum Special Tax shall be levied in perpetuity or unit Law Enforcement, Fire and Paramedic Services are no longer being provided by the City within the CFD, whichever is earlier.

Interim Finance Director: William B. Pattison

City Manager: Gabriel Martin

STAFF REPORT
6/28/2023

TO: Honorable Mayor and City Council Members

FROM: William Pattison, Interim Finance Director

SUBJECT: Annual Investment Policy Update:

SPECIFICS:
a) Resolution No. 2023-47, a Resolution of the City Council of the City of Coachella
b) Resolution No. WA-2023-03, a resolution of the Coachella Water Authority
c) Resolution No. SD-2023-03, a resolution of the Coachella Sanitary District
d) Resolution No. FD-2023-03, a resolution of the Coachella Fire Protection District

---

STAFF RECOMMENDATION:

1. Approve Resolution No. 2023-47, a Resolution of the City Council of the City of Coachella, California to Amend and Reestablish the Investment Policy Originally Adopted July 9, 2003 and Amended Annually by the City Council for fiscal year 2023- 2024.

2. Approve Resolution No. WA-2023- 03, a Resolution of the Board of Directors of the Coachella Water Authority, Coachella, California to Amend and Reestablish the Investment Policy Originally Adopted July 9, 2003 and Amended Annually by the Authority Board for fiscal year 2023-2024.

3. Approve Resolution No. SD-2023-03, a Resolution of the Board of Directors of the Coachella Sanitary District, Coachella, California to Amend and Reestablish the Investment Policy Originally Adopted July 9, 2003 and Amended Annually by the District Board for fiscal year 2023- 2024.

4. Approve Resolution No. FD-2023-03, a Resolution of the Board of Directors of the Coachella Fire Protection District, Coachella, California to Amend and Reestablish the Investment Policy Originally Adopted July 9, 2003 and Amended Annually by the District Board for fiscal year 2023- 2024.

BACKGROUND:

The California Government Code, City and Agency Resolutions, and their respective Investment Policies require that their respective Investment Policies be updated, reviewed and then filed with the legislative body on an annual basis. This is a request to reestablish the amended investment policy currently in effect as adopted on June 8, 2022. The City and its related agencies have been following the current investment policy as adopted July 9, 2003 and as amended on an annual basis.

Staff requested that PFM Asset Management review our existing investment policy and recommend changes to assure that the City's policy is comprehensive and remains compliant with all applicable California Government Code statutes regulating the investment of public funds. There were no recommended changes are outlined in the attached memo from PFM.

FISCAL IMPACT:

None, this report is receive and file only.

EXHIBITS:

1. Recommended Investment Policy for fiscal year 2023- 24
3. PFM Memo of Recommended Changes
4. Investment Policy Resolution City 2023- 47
5. Investment Policy Resolution Water WA -2023-03
6. Investment Policy Resolution Sanitary SD - 2023-03
7. Investment Policy Resolution Fire FA -2023-03

PFM Asset Management LLC

RE: 2023 Investment Policy Review

At your request, we reviewed the City of Coachella's (the "City") Investment Policy (the "Policy") as part of the City's annual review process. The Policy is consistent with the applicable California Government Code (the "Code") sections regulating the investment of public funds.

Although no Policy changes are required, we also wanted to bring to your attention two recent Code changes that were part of Senate Bill 1489, which took effect January 1, 2023. SB 1489 lengthened the reporting deadline for submitting quarterly reports in Code section 53646 (b)(1) to 45 days from 30 days. The change provides local agencies with more time to prepare the report, recognizing the time needed to collect data and finish the report. As the Policy's (Section 16.0 Reporting) current 30-day reporting deadline is more restrictive than the Code's new 45-day reporting deadline, it is the City's option on whether to keep its current reporting limit or use the Code's new, longer reporting deadline.

SB 1489 also clarified that an investment's remaining maturity is to be measured from the settlement date of the purchase to its final maturity (the Bill further specifies that the forward settlement date of an investment cannot exceed 45 days from the trade date). The Code had not previously indicated whether a security's remaining maturity at purchase was to be calculated from the trade or settlement date. By specifying that an investment's remaining maturity is calculated from the settlement date, the change offers local agencies more opportunities to consider new issue five-year securities. The remaining maturity on a five-year new issue security may exceed five years if calculated to the trade date but not if calculated to the settlement date. As neither trade nor settlement date are referenced in the Policy, no Policy changes are necessary.

Please let us know if you have any questions or if you would like to set up a time to discuss.

CITY OF COACHELLA
STATEMENT OF INVESTMENT POLICY
FOR FISCAL YEAR 2023-24
ADOPTED June 28, 2023

1.0 POLICY:

This statement is intended to provide guidelines for the prudent investment of the City of Coachella's (hereafter called "City") temporarily idle cash in all funds, and outline the policies for maximizing the efficiency of the City's cash management system.

It is the objective of this investment policy to provide guidelines for:

- Insuring the safety of funds invested;
- Meeting the City's daily cash flow demands;
- Maximizing investment interest income for the City;
- Conform with all laws and statutes governing the investment of public funds.

2.0 SCOPE:

The investment policy applies to the temporary idle cash of the City and its component units as accounted for in the Audited Comprehensive Financial Report. Policy statements outlined in this document focus on the City's pooled funds. This policy is applicable, but not limited to all funds listed below:

- General Fund
- Special Revenue Funds
- Capital Outlay Funds
- Debt Service Funds
- Enterprise Funds
- Fiduciary Funds
- Any new fund created by the City Council unless specifically exempted

Exceptions may exist with funds for retiree pension and medical benefits held in a trust and bond proceeds held by a trustee or fiscal agent and governed by the instructions in the bond document. In addition, if in the opinion of the City Treasurer or their Authorized Designee (Designee), matching the segregated investment portfolio of the bond reserve fund with the maturity schedule of an individual bond issue is prudent given current economic analysis, the investment policy authorizes extending beyond the five year maturity limitation with City Council authorization no less than three months prior to the investment as outlined in this document.

3.0 PRUDENCE:

The City Treasurer or Designee are authorized to make investment decisions on behalf of the City and considered as trustees and therefore fiduciaries subject to the prudent investors' standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, the City Treasurer or Designee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct and management of their own affairs.

Within the limitations of this section and considering individual investments as part to an overall strategy, the City Treasurer or Designee are authorized to acquire approved and suitable investments as described in paragraph 8.0 hereof.

The City Treasurer, Authorized Designee and other individuals assigned to manage the investment portfolio, acting within the intent and scope of the investment policy and other written procedures and exercising due diligence, shall be relieved of personal responsibility and liability for an individual security credit risk or market price changes, provided deviations from expectations are reported in a timely manner and appropriate action is taken to control adverse developments.

4.0 OBJECTIVES:

The three fundamental considerations, in order of priority, for managing the City's investments are safety, liquidity, and yield. At no time should safety or liquidity be compromised in exchange for higher yields.

Safety of Principal

The preservation of invested capital is the foremost objective of the City and of primary importance. The City shall only invest in financial instruments that are considered safe. The safety and risk associated with an investment refers to the potential loss of principal, accrued interest, or a combination of these amounts. Each investment decision shall seek to ensure that capital losses are avoided. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

Liquidity

The City's investment portfolio shall contain investments with a diversified mix of maturities in order to provide sufficient liquidity to meet projected operating cash requirements of the City.

Return on Investments

The City's investment portfolio shall be designed with the objective of obtaining a reasonable and competitive market rate of return taking into consideration risk constraints, prudent investment principles and the cash flow characteristics of the portfolio.

5.0 DELEGATION OF AUTHORITY:

The authority to invest or to reinvest funds or to sell or exchange securities so purchased of City Funds is vested in the City Council. Government Code Section ("GCS") 53607 authorizes the delegation of the above duties to the City Treasurer for a one-year period. Therefore, the authority to invest and reinvest City funds or to sell or exchange the securities so purchased with City funds is hereby delegated to the City Treasurer for a one year period unless sooner terminated by the City Council.

The City Treasurer or Designee shall prepare written procedures for the operation of the investment program consistent with this investment policy. The procedures shall also include reference to: safekeeping, wire transfer agreements, banking service contracts and collateral/depository agreements. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions. The written procedures may provide for the delegation of authority to an Authorized Designee, who upon assuming such position shall become responsible for investment transactions. No person may engage in an investment decision except as permitted by this policy and by the procedures approved by the City Treasurer or Designee.

The City may delegate investment authority to an investment advisor. The advisor will follow the Investment Policy and such other written instructions as are provided.

6.0 ETHICS AND CONFLICTS OF INTEREST:

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officials are required to annually file all applicable financial disclosures as required by the Fair Political Practices Commission (FPPC).

7.0 AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS:

For any investment not purchased directly from the issuer, the City shall transact business only with banks, savings and loans, and investment broker/dealers. The broker/dealers should be primary dealers regularly reporting to the New York Federal Reserve Bank. The City Treasurer or Designee shall select all security dealers and depositories subject to City Council approval and the execution of an appropriate written agreement. Investment transactions shall be conducted with several competing, reputable security broker/dealers. The selection process shall focus on financial viability, knowledge, experience and ethics in the fixed-income security industry. The City Treasurer or Designee will maintain a list and a written agreement with financial institutions authorized to provide investment services.

All financial institutions and broker/dealers who desire to become an authorized financial institution for investment transactions must supply the City Treasurer or Designee with the following: most recent audited financial statements, proof of Financial Industry Regulatory Authority (FINRA) certification, trading resolution, proof of state registration, completed broker/dealer questionnaire, certification of having read the City's investment policy and City of

Coachella depository contracts. The City Treasurer or Designee will conduct an annual review of the financial condition and registrations of qualified bidders.

The City Treasurer or Designee shall annually send a copy of the current investment policy to all broker/dealers approved to do business with the City. Confirmation of receipt of this policy shall be considered evidence that the dealer understands the City's investment policies and intends to sell the City only appropriate investments authorized by this investment policy. If the City has an investment advisor, the investment advisor may use its own list of authorized broker/dealers to conduct transactions on behalf of the City.

8.0 AUTHORIZED INVESTMENTS:

As provided in GCSs 16429.1, 53601, 53601.1, 53631, 53649 and 53684, the State of California limits the investment vehicles available to local agencies as summarized in the following paragraphs. Where this Policy specifies a percentage limitation for a particular security type or issuer, that percentage is applicable at the time the security is purchased. No more than 5% of the City's portfolio shall be invested in any one issuer regardless of sector except for the U.S. Treasury, Federal Agencies, supranational, and pools (including LAIF, County Pools, LGIPs, and money market funds). Credit criteria listed in this section refers to the credit rating at the time the security is purchased. If an investment's credit rating falls below the minimum rating required at the time of purchase, the City's investment advisor (if any) and Treasurer will review the rating agency action and decide whether to sell or hold the investment. The City may invest funds in the following instruments and subject to the limitations set forth in Section 11.0:

State Treasurer's Local Agency Investment Fund (LAIF): As authorized in GCS 16429.1 and by LAIF procedures, local government agencies are each authorized to invest a maximum of $75 million in this investment program administered by the California State Treasurer.

U.S. Treasury Bills and Notes: U.S. Treasury bills, notes, bonds or certificates of indebtedness, or those for which the full faith and credit of the United States are pledged for the payment of principal and interest.

Federal Agencies: Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

State of California Obligations: Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state rated in a rating category of "A" long-term or "A-1" short-term or its equivalent or higher by a nationally recognized statistical rating organization ("NRSRO").

Obligations of the Other 49 States: Registered treasury notes or bonds of any of the other 49 states in addition to California, including bonds payable solely out of the revenues from a revenue

producing property owned, controlled, or operated by a state or by a department, board, agency, or authority of any of the other 49 states, in addition to California, rated in a rating category of "A" long-term or "A-1" short-term or its equivalent or higher by a NRSRO.

Obligations of Local Agencies in California: Bonds, notes, warrants, or other evidences of indebtedness of a local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency rated in a rating category of "A" long term or "A-1" short-term or its equivalent or higher by a NRSRO.

County Pooled Investment Funds: As authorized by GCS 53684, the City may invest in pooled investments managed by the County of Riverside.

Bankers' Acceptances: Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers' acceptances. Purchases of bankers' acceptances may not exceed 180 days maturity or total more than 40% of the cost value of the City's investment portfolio. Eligible bankers' acceptances must be rated in the highest letter and number rating as provided for by a NRSRO.

Commercial Paper: Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a NRSRO. The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (1) or paragraph (2):

1) The entity meets the following criteria: Is organized and operating in the United States as a general corporation. Has total assets in excess of five hundred million dollars ($500,000,000). Has debt other than commercial paper, if any, that is rated in a rating category of "A" or higher, or the equivalent, by a NRSRO.

2) The entity meets the following criteria: Is organized within the United States as a special purpose corporation, trust, or limited liability company. Has program wide credit enhancements including, but not limited to, over collateralization, letters of credit, or surety bond. Has commercial paper that is rated "A-1" or higher, or the equivalent, by a NRSRO.

Purchases of eligible commercial paper may not exceed 25% of the market value of the City's portfolio or have a term to maturity which exceeds 270 days.

Negotiable Certificates of Deposit: Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), a state or federal credit union, or by a federally- or state-licensed branch of a foreign bank rated in a rating category of "A" long-term or "A-1" short-term or its equivalent or higher by a NRSRO. No more than 30% of the City's portfolio may be invested in negotiable CDs.

Non-Negotiable Certificates of Deposit: Non-negotiable certificates of deposit from eligible depositories are fixed-term investments. There are no portfolio limits on the amount or maturity

for this investment vehicle. Eligible depositories may be a state or national bank, savings association or federal association, a state or federal credit union, or a federally insured industrial loan company, which must have received an overall rating of not less than "satisfactory" in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California's communities. Deposits in excess of federal deposit limits must be collateralized per Section 9.0.

Medium Term Corporate Notes: Medium-term corporate notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of 5 years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Medium-term corporate notes shall be rated in a rating category of "A" or its equivalent or better by a NRSRO. No more than 30% of the City's portfolio may be invested in corporate notes.

Demand Deposits: The City Treasurer may establish accounts for deposits in a state or national bank, savings association or federal association, a state or federal credit union, or a federally insured industrial loan company in the State of California, which must have received an overall rating of not less than "satisfactory" in its most recent evaluation by the appropriate federal financial supervisory agency of its record of meeting the credit needs of California's communities. Deposits in excess of federal deposit limits must be collateralized per Section 9.0.

Money Market Funds: Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1, et seq.). To be eligible for investment pursuant to this subdivision these companies shall either: have an investment advisor registered or exempt from registration with the Securities and Exchange Commission with not less than 5 years experience managing money market mutual funds and with assets under management in excess of $500,000,000, or attain the highest ranking letter or numerical rating provided by not less than two
of the three largest NRSROs. No more than 20% of the City's portfolio may be invested in money market funds.

Local Government Investment Pools (LGIPs): Shares of beneficial interest issued by a joint powers authority organized pursuant to Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (q), inclusive. Each share shall represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section, the joint powers authority issuing the shares shall have retained an investment adviser that meets all of the following criteria:

1) The adviser is registered or exempt from registration with the Securities and Exchange Commission.

2) The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (q), inclusive.

3) The adviser has assets under management in excess of five hundred million dollars ($500,000,000).

Asset-Backed Security (ABS): Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-back certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond of a maximum of five years maturity. Eligible securities shall be rated in a rating category of "AA" or its equivalent or better by an NRSRO. No more than 20% of the City's portfolio may be invested in this type of security.

Supranational: United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development (IBRD), International Finance Corporation (IFC), or Inter-American Development Bank (IADB), with a maximum remaining maturity of five years or less, and eligible for purchase and sale within the United States. Investments under this subdivision shall be rated in a rating category of"AA" or its equivalent or better by a NRSRO. No more than 30% of the City's portfolio may be invested in this security type.

Any other permissible investments outlined within Section 53601 may be purchased from time to time.

Notwithstanding any other provision oflaw, moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of the City, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provision governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance. This includes investing bond proceeds in guaranteed investment contracts with United States financial institutions rated in a rating category of "AA," or equivalent, or better by A NRSRO.

9.0 PROHIBITED INVESTMENTS:

Any security type or structure not specifically approved by this policy is hereby specifically prohibited. Security types which are thereby prohibited include, but are not limited to, inverse floaters, derivatives, range notes, interest only strips that are derived from a pool of mortgages, or in any investment that could result in zero interest accrual if held to maturity, except as authorized by Government Code Section 53601.6

10.0 COLLATERALIZATION:

Collateral is required for investments in Non-Negotiable Certificates of Deposit and Demand Deposits. Investments in excess of federal deposit insurance limits must be collateralized at 105% to 150% depending on the specific security pledged as collateral in accordance with GCS 53630 et seq. The collateral pool is administered by the State, and is composed of a wide variety of government securities, including those indicated above, as well as promissory notes secured by first mortgages on improved residential property located in the state and letters of credit issued by the Federal Home Loan Bank of San Francisco.

11.0 SAFEKEEPING AND CUSTODY:

To protect against fraud or embezzlement or losses caused by collapse of an individual securities dealer, all deliverable securities owned by the City shall be held in safekeeping by a third party bank trust department, acting as agent for the City under the terms of a custody agreement or professional services agreement (PSA). All trades executed by a dealer will settle delivery vs. payment (DVP) through the City's safekeeping agent.

Securities held in custody for the City shall be verified on an annual basis by the City's independent auditor.

12.0 DIVERSIFICATION:

It is the City's policy to minimize portfolio risk by diversifying maturity, sector and class allocation. Default risk shall be minimized by investing in an assortment of permitted investments as outlined in Section 8.0. To minimize overall portfolio risk, the following not-to-exceed diversification goals shall guide the City's operating fund portfolio, based upon the portfolio structure at the time of purchase.

Investment Type	**Not-to Exceed Limit**	**Other Restrictions**
Local Agency Investments Fund (LAIF)	$75 million	Established by the State Treasurer
U.S. Treasury	No Limit	None
Federal Agency	No Limit	Maximum of 40% per issuer
State of California Obligations	No Limit	• No more than 5% per issuer • Rated in a rating category of "A" or its equivalent or higher by a NRSRO for maturities in excess of one year • Rated in a rating category "A-1" or its equivalent or higher by a NRSRO for maturities under one year
Obligation of the Other 49	No Limit	No more than 54% per issuer

Investment Type	Not-to Exceed Limit	Other Restrictions
States		• Rated in a rating category of "A" or its equivalent or higher by a NRSRO for maturities in excess of one year • Rated in a rating category of "A-l" or its equivalent or higher by a NRSRO for maturities under one year
Obligations of Local Agencies in California	No Limit	• No more 5% per issuer • Rated in a rating category of "A" or its equivalent or higher by a NRSRO for maturities in excess of one year • Rated I a rating category of "A-1" or its equivalent or higher by NRSRO for maturities under one year
County Pool	$10 million	None
Banker's Acceptances	40%	• No more than 5% per issuer regardless of security type • Maximum maturity of 180 days • Must be rated in highest category by a NRSRO
Commercial Paper	25%	• No more than 5% per issuer regardless of security type • Maximum maturity of 270 days • Must be rated in highest category by a NRSRO
Negotiable CDs	30%	• No more than 5% per issuer regardless of security type
Investment Type	**Not-to Exceed Limit**	**Other Restrictions**

		• Rated in a rating category of "A" or its equivalent or higher by a NRSRO for maturities in excess of one year • Rated in a rating category of "A-1" or its equivalent or higher by a NRSRO for maturities under one year.
Non-Negotiable CD's		• See Section 9.0 for collateral requirements
Medium Term Corporate Notes	30%	• No more than 5% per issuer regardless of security type • Maximum maturity of five years • Minimum credit rating of "A" or its equivalent by a NRSRO
Demand Deposits	No Limit	• See Section 9.0 for collateral requirements
Money Market Funds	20%	• See Section 8.0 for advisor requirements or the Fund must have the highest rating by two NRSRO
Local Government Investment Pools (LGIPs)	No Limit	• See Section 8.0 for advisor requirements
Asset-Backed Securities (ABS)	20%	• No more than 5% per issuer • Rated in a rating category of "AA" (Issue) or higher by a NRSRO
Supranational	30%	• Rated in a rating category of "AA" or its equivalent or higher by a NRSRO

13 .0 MAXIMUM MATURITIES:

The average dollar weighted maturity of a portfolio may not exceed 3 years. No investment shall be made in an investment authorized by this Policy (and that GCS 53601 does not specific a

maximum maturity) that has a term remaining to maturity in excess of 5 years from date of purchase. Maturities shall be staggered to minimize liquidity risk and to enhance the stability of incoming cash flows. At least 10% of the portfolio shall be invested in instruments, which can be liquidated on one day's notice.

Bond reserve funds may be invested in securities exceeding 5 years if the maturities of such investments are made to coincide as nearly as possible with the expected use of the funds.

14.0 INTERNAL CONTROL:

The City Treasurer or Designee shall establish sufficient internal controls to ensure compliance with all applicable federal, state and local regulations. These internal controls will be incorporated into an annual process of independent review by the City's external auditor. This will provide a review of the internal controls by assuring compliance with policies and procedures.

15.0 INTEREST EARNINGS:

All moneys earned and collected from investments authorized in this policy shall be allocated monthly to various fund accounts based on the cash balance in each fund as a percentage of the entire pooled portfolio. Interest earnings on bond proceeds, bond reserves or other restricted investments held by trustees shall be allocated directly to the appropriate fund and not be part of the pooled allocation.

16.0 PERFORMANCE STANDARDS:

The City's policy is to achieve a market rate of return on public funds while minimizing risks and preserving capital. In evaluating the performance of the City's portfolio in complying with this policy, the City shall establish an appropriate performance benchmark and compare the total return of its portfolio to the total return of the benchmark.

17.0 REPORTING:

The City Treasurer or Designee shall provide to the City Council a monthly investment report, which provides a clear picture of the status of the current investment portfolio. Based on GCS 53646, the report shall include, at a minimum, the following information for each type of investment held in the City's investment portfolio: the issuer, date of purchase, date of maturity, amount of investment, current market value, yield on investment, income generated from investments, dollar amount invested on all securities, investments and moneys held by the local agency, and shall additionally include a description of any of the local agency's funds, investments, or programs, and a description of unusual investment activity or developments during the month for which the report is prepared. Based on GCS 53607, the report shall also include a listing of investment transactions. With respect to all securities held by the local agency, and under management of any outside party that is not also a local agency or the State of California Local Agency Investment Fund, the report shall also include a current market value as of the date of the

report and shall include the source of this same valuation.

The report shall state compliance of the portfolio to the statement of investment policy, or manner in which the portfolio is not in compliance and include a statement denoting the ability of the City to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available.

The City Treasurer or Designee may supply to the City Council the most recent statement or statements received by the local agency from the Local Agency Investment Fund (LAIF), County Investment Pools, or Federal Deposit Insurance Corporation-insured accounts in a bank or savings and loan association.

The City Treasurer or Designee shall prepare and deliver such a report each month to the Mayor and each City Council member no later than 30 days after the close of the month for which each report is prepared.

In the event that an investment advisor is retained by the City, the investment advisor shall prepare and deliver a report for each month's investment activity as required herein to the City in such time as to allow compliance with the delivery times for each report required by this policy. The City Council may relieve the City Treasurer of his or her duties under this policy in the event of any failure to comply with the reporting requirements of this policy.

18.0 INVESTMENT POLICY ADOPTION:

The City's investment policy shall be adopted annually by the City Council. The policy shall be reviewed annually by the City Treasurer and/or Designee with any and all modifications made thereto approved by the City Council at a public meeting.

RESOLUTION NO. 2023-47

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COACHELLA, CALIFORNIA TO AMEND AND REESTABLISH THE INVESTMENT POLICY ORIGINALLY ADOPTED JULY 9, 2003 AND AMENDED BY THE CITY COUNCIL FOR FISCAL YEAR 2023-2024

WHEREAS, Government Code Section 53601 of the State of California authorizes the legal bodies of local agencies to invest surplus money which is not required for the immediate necessities of the local agencies in accordance with the rules set forth in the section; and

WHEREAS, Government Code Section 53607 authorizes the local legislative body to delegate to the Treasurer of the local agency, the authority to invest or reinvest funds of the local agency, or to sell or exchange securities so purchased; and

WHEREAS, said Section 53607 requires that once the Treasurer of the local agency is delegated that authority, he thereafter assumes full responsibility for such transactions until such time as the delegated authority is revoked; and

WHEREAS, said Section 53607 requires the Treasurer of the local Agency to make a monthly report of such transactions to the legislative body; and

WHEREAS, said Section 53607 requires an annual ratification of the delegation of authority of the legislative body to the Treasurer; and

WHEREAS, Government Code Section 53646 (2) requires that the Treasurer shall annually render to the City Council and any oversight committee a Statement of Investment Policy and any change in the policy, which the City Council shall consider at a public meeting; and

WHEREAS, it is in the best interest of the City of Coachella to have any surplus or idle City funds invested so as to provide additional income to the City of Coachella.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF COACHELLA HEREBY RESOLVES AS FOLLOWS:

SECTION 1 - That the City Treasurer, or their authorized designee(s), of the City of Coachella is hereby delegated the authority to invest or reinvest surplus funds of the City of Coachella, or to sell, or exchange securities so purchased.

SECTION 2 - The City Treasurer, or their authorized designee(s), will assume full responsibility for such transactions until such time as the aforementioned delegated authority is revoked, and that the City Treasurer will make a monthly report of such transactions to the City Council of the City of Coachella,

SECTION 3 - The City Treasurer shall render to the City Council a Statement of Investment Policy in the first quarter of each calendar year. Any changes to said policy shall be considered by the City Council at such a public regular meeting.

SECTION 4 - The Statement of Investment Policy, attached hereto and incorporated herewith, is adopted as the Statement of investment Policy of the City of Coachella for fiscal year 2023- 2024.

SECTION 5 - The City Treasurer shall comply with the Statement of investment Policy of the City of Coachella adopted by this Resolution.

SECTION 6 - The City Treasurer shall report to the City Council, the City Manager and the City' s Auditor as required by the Statement of investment Policy and all applicable laws.

PASSED, APPROVED and **ADOPTED,** this 28th day of June 2023.
