# ESTUARY TRANSIT DISTRICT REGULAR MEETING VIA ZOOM

Friday, September 17, 2021

#### **CALL TO ORDER**

The meeting was called to order by Leslie Strauss, Chairman at 9:34 a.m.

#### ROLL CALL

A quorum was established with the following board members present: Noel Bishop, Charlie Norz, Leslie Strauss, Susan Tyler, Peter Bierrie, Angus MacDonald, Karl Kilduff, Tim Griswold, and Joan Gay (arrived at 9:40 a.m.)

Also in attendance: Joe Comerford, Christina Denison and Lisa Gibson.

<u>VISITORS' COMMENTS</u> – None.

#### SECRETARY'S REPORT

Peter Bierrie made a motion to accept the minutes of 8/16/2021, 8/30/2021 and 9/10/2021 ETC Committee meetings. Noel Bishop seconded the motion. The motion passed unanimously.

Susan Tyler made a motion to accept the minutes of 8/20/21 Regular Board meeting. Angus McDonald seconded the motion. The motion passed unanimously.

Angus McDonald made a motion to accept the minutes of 9/14/21 Personnel Committee meeting. Joan Gay seconded the motion. The motion passed unanimously.

**CORRESPONDENCE** – None.

#### **COMMITTEE REPORTS**

#### ETC

Susan Tyler discussed the following:

- Legal review of the proposed Board policies where questions arose regarding the roll of an Executive Committee. These questions will be taken back to the Joint Committee and then reported back on later.
- Workload plan for the next several months to address issues going forward.
- The Middletown Economic Development Committee of the city council met and Joe Somalis, MAT Chairman, presented the merger to the committee which voted unanimously to support it.
- Middlefield and Durham will not be calling a town meeting for the purposes of discussing the merger and /or voting to join Estuary until a letter from DOT has been received and accepted by both Boards.
- Intra-district Memorandum stated the intention to get votes by the Middletown members in October. That is unlikely to occur as Middlefield and Durham have yet to call a town meeting.

- The Committee passed a recommendation to the ETD Board, as Estuary will be the expanded district, to authorize the Joint Committee to sign any contract related to the merger that has been funded fully that is \$150k or less. Current by-laws for both Boards require anything over \$50k be approved by the full board. This recommendation would ask for the ability of that committee to approve anything up to \$150k.
- Total of 16 studies with a cost of around \$1.6 million regarding the merger of which 12 have been funded, must be competitively bid
- 7 less than \$50k, 4 between \$50k and \$150k, 1 over \$150k
- This reason for this suggestion is that it will provide some increased flexibility to not have to
  wait for a full board meeting and all to be conducted under the auspices of Estuary because
  Estuary will be the expanded district and the money for the studies was provided to Estuary.
  This all came about prior to our decision to move to a monthly meeting cycle.

Board discussion of the ETC recommendation did not reach a unanimous decision. Susan Tyler suggested a list of studies and procurements be sent out to the Board again and that the ETC bring the recommendation back for a formal vote at the October 15, 2021 meeting.

Following Executive Session, it has been agreed that each member of the 9Town Transit Board will brief their local elected officials on the status of negotiations regarding the future expansion of Estuary and that they will receive authorization from those local elected officials to accept a letter from DOT as submitted with the intention of having a motion to give Leslie Strauss authorization to sign at the October 15, 2021 Board Meeting. Susan Tyler will prepare a uniform statement and summary for the Board members to present to their local elected officials.

#### Personnel Committee

Noel Bishop reported:

- A motion was made in the Personnel Committee by Joe Comerford to recommend to the ETD Board of Directors to not implement a covid vaccine requirement yet but to develop a policy to incentivize for covid vaccine participation.
- The Personnel Committee will develop possible incentive policy recommendation with the attorney and health director and bring to the Board at the October Board meeting.

#### **EXECUTIVE DIRECTOR'S REPORT**

Joe Comerford reported:

- The District has been awarded \$1.8 million in Capital Grant however waiting on the addition of Procurement Specialist to prepare the necessary RFP's to get procurements out.
- Received the Fiscal Year 21-22 Transit Operating Documents from the DOT which provides ETD
  operating funds, and it had a 3% overall increase across board which will result in a small
  increase this year.
- Completed Park Connect Service that had an overall rough summer due to weather however weekend ridership was strong. Ridership results showed the need for Sunday service route 641 and Holiday service on those routes which will help get them funded on a permanent basis.
- Trolley service did well on the weekends.
- Met with DOT and will meet with DEEP/DOT to plan for next year's services based on the results from this year.

Peter Bierrie made a motion to accept the Executive Director's Report as presented. Angus McDonald seconded the motion. The motion passed unanimously.

#### **EXECUTIVE SESSION**

Peter Bierrie made a motion to go into Executive Session at 10:10 a.m. for the purpose of discussing contract negotiations with DOT and attorney client privileged communications. Joan Gay seconded the motion. The motion passed unanimously.

Joe Comerford, Christina Denison and Lisa Gibson were invited into the Executive Session

Regular session resumed at: 10:45 a.m.

No action taken.

#### **NEW BUSINESS**

Authorize Acceptance of DOT Letter - item tabled

#### **Advertising Contract**

Joe Comerford stated that the original term for the current advertising contract for advertising on the back of the buses is over, and ETD is due to exercise an option year from 9/2021 through 8/2022. They pay ETD 52% of net revenue from the advertising sales which results in about \$30k per year in revenue. As a long-term strategy, it makes sense to have sources of income from other places as the towns like to hear that ETD is creative in finding other sources of income. ETD has a policy that restricts some advertising content.

Leslie Strauss made a motion to allow Joe Comerford to accept a one-year option to renew the advertising contract. Noel Bishop seconded the motion. The motion passed with Leslie Strauss opposing.

OLD BUSINESS - None.

#### **CHAIR COMMENTS**

Leslie Strauss announced the receipt of a letter of resignation from Lyme Representative, Susan Tyler effective October 29, 2021. The letter stated that "she has tremendously enjoyed participating in this organization and she knows it will continue to provide valuable service to the residents of the Lower Connecticut River Valley." Leslie Strauss accepted the letter with tremendous regret on behalf of 9Town Transit. Susan Tyler will leave vacant the following rolls: ETD Board Member, Treasurer, Finance Committee Chair, ETC Chair and Personnel Committee member.

Leslie Strauss stated that she was very sad regarding the resignation of Susan Tyler from ETD Board of Directors.

**BOARD MEMBER COMMENTS - None.**

125 E

2800 Berlin Turnpike, P.O. Box 317546 Newington, Connecticut 06131-7546 860-594-3002

Office of the Commissioner

October 7, 2021

Leslie Strauss, Chair Estuary Transit District 17 Industrial Park Road Suite 6 Centerbrook, CT 06409

Joseph Samolis, Chair Middletown Transit District 340 Main Street Middletown, CT 06457

Dear Chairpersons Samolis and Strauss,

Subject: Merger – Estuary Transit District / Middletown Transit District

The Connecticut Department of Transportation (Department) is in receipt of a copy of the Memorandum of Agreement by and between the Estuary Transit District (ETD) and the Middletown Transit District (aka Middletown Area Transit, hereafter referred to as MAT) dated July 23, 2021, (MOA) relative to the proposed merger between the entities. The merger reflects the recommendations of the 2020 Lower Connecticut River Valley Transit Study (Study). The Department supports the proposed merger as outlined in the MOA and anticipates that the merger will enhance efficiencies and service to the region's communities.

The purpose of this letter is to define the Department's proposed obligations relative to activities prior to the effective date of the merger and to the expanded entity. The Department's proposed obligations are contingent on the merger taking place. This letter is not intended to constitute a legally binding offer or agreement by the Department. The Department's obligations relative to the expanded entity are conditioned on the Amended Master Agreement (as hereinafter defined) being executed by all required governmental authorities. Additionally, all funding commitments outlined below are subject to the annual appropriation of funds by the State and, if applicable, the annual appropriation of Federal funds. The Department shall make the final determination as to the amount of funding to be provided under any agreements with ETD or MAT. However, the Department does not anticipate that the merger will negatively impact the current funding provided collectively to MAT and ETD which, together with the costs associated with the three (3) positions outlined on this page in item 4 below prior to the effective date of the amended Master Agreement, will serve as the baseline for future funding commitments to the expanded

Section VII, Item 1.

entity. Upon completion of the commitments related to the acquisition and construction facilities the Department's fiscal responsibilities for the merger itself shall be considered largely completed.

As outlined in the MOA, after the merger, the expanded entity will be known as Estuary Transit District (ETD). Since the Department already has an existing Master Agreement with ETD, that Master Agreement (11.06-01 (20)) either will need to be amended or superseded with a new agreement (the "Amended Master Agreement") to reflect any new terms and conditions. It is anticipated that the Amended Master Agreement will be executed after the ETD Board of Directors votes to accept the former MAT member municipalities as ETD members. Until the Amended Master Agreement is executed, the existing Master Agreements with ETD and MAT remain in effect and as the operative documents between the Department, ETD and MAT, respectively.

Prior to the effective date of the Amended Master Agreement, the Department agrees that:

- 1. It will complete a Facility Master Plan as recommended by the Study with ETD and MAT by July 1, 2022. Elements of the plan shall include the following:
  - a. Expansion of the facility at 91 North Main Street in Middletown to increase functionality for operations management and vehicle servicing;
  - b. Construction of a new shared vehicle maintenance facility in Middletown to provide in-house vehicle maintenance functions for the expanded ETD;
  - c. Construction of a new satellite facility for dispatch and staging of vehicles.
- 2. It will prepare a timeline for property acquisition and capital programming in the State Transportation Improvement Program in coordination with ETD and MAT.
- 3. A satellite operating facility for the dispatch and staging of vehicles is a vital part of the post-merger service. The Department will evaluate the site in Westbrook, CT identified in the Study as the potential site (Westbrook Site), including the programming of capital funding sources by November 30, 2021 for the acquisition of the property. In the event it is determined that the Westbrook site is not available or does not meet the necessary requirements, the Department agrees to perform another site selection for an alternative site in the greater Old Saybrook/Westbrook area. It will be completed within twelve months of such determination, with acquisition activities to commence upon selection.
- 4. In order to support the completion of the merger, the Department will provide funding for the new HR/Payroll Manager, Grants and Procurement Specialist and Lead Supervisor positions identified in the Study after this letter is signed by the Department and accepted by ETD and MAT. It is agreed that the position of Lead Supervisor can be filled concurrent with the relocation of ETD administration and management staff to Middletown. After the merger, positions will be restructured as described in the study and referenced in article 6 of the post-merger section below. ETD's and MAT's separate operations will continue to be funded pursuant to their existing agreements until the earlier of the date the merger is completed or the date each respective existing Master Agreement expires.

After the effective date of the Amended Master Agreement, the Department agrees that:

1. The expanded ETD shall be eligible for any financial or other benefit that would have been provided both to MAT and ETD had each remained separate.

Section VII, Item 1.

- 2. There is no anticipated diminution of state or federal funding for the expanded ETI compared to the funding received by MAT and ETD prior to the merger, subject to the availability of state and federal appropriations.
- 3. The Department will consider any and all former outstanding financial obligations of MAT to be satisfied.
- 4. Any cost savings achieved through service changes or efficiencies in the operations of the expanded ETD following the date the Merger Agreement is executed shall remain with the expanded ETD so that such funds shall be used to enhance service.
- 5. It is not expected that local match contributions will need to change as a direct result of the expanded ETD itself. However, the cost-of-service enhancements, etc. may result in increased operating budget and may require a proportional increase in local match contributions.
- 6. The Department recognizes that initiatives need to be undertaken to support the success of the merger and is committed to moving the following forward, as funding allows:
  - a. allowing for the creation of new positions based on cost neutral staffing redistribution and other staffing recommendations identified in the study. The redistribution reduces the number of duplicate positions i.e., one (1) Executive Director as opposed to two (2), one (1) Financial Director as opposed to two (2), etc. while planning for the optimal number of positions required to support merged operations and expanded maintenance facilities. It also makes ETD and MAT personnel policies consistent; and
  - b. funding the maintenance of new and/or renovated facilities; and
  - c. preparing for additional Special Studies recommended in the Study and any Appendices thereto, or as otherwise may be recommended, from time to time, either before, during or after the MAT member municipalities join ETD; and
  - d. programming future funding to implement further capital projects for the expanded ETD.
- 7. If the Westbrook Site meets the necessary requirements, facilitate the commencement of the site acquisition.
- 8. The Department shall provide capital funding for land acquisition, site preparation, design, and construction of new facilities, capital funding for design and construction of renovated facilities, and increased operating funds as necessary to maintain new/renovated facilities.
- 9. The Department shall work with the expanded ETD to adopt a timeline for property acquisition and capital programming in the State Transportation Improvement Program.
- 10. The Department shall participate in any environmental remediation costs if remediation is required at sites formerly utilized for transit operations or sites to be acquired for new transit facilities (ie: the Westbrook Site). Since the Department will now own these site(s), neither the Districts nor their local government members are expected to pay for remediation costs, if any, at existing or newly acquired facility site(s).

# Estuary Transit District Board Operations Policies DRAFT September 22, 2021

### **Attendance Policy**

Directors are expected to attend all meetings of the full Board and committees to which they have been appointed. If a Director fails to attend two or more consecutive regular board meetings, the Transit District shall notify that Director's Mayor/First Selectman in writing with a copy to the Director concerning their continued absences.

# **Committees Policy**

Standing committees of the Board of Directors include:

- 1. Finance Committee: Chaired by the Treasurer and other Directors appointed by the Board Chair. The Finance Committee reviews the proposed annual operating and capital budgets for the Transit District and submits a recommendation to the full Board of Directors to adopt the annual budgets. The Committee monitors budget adherence during the fiscal year, oversees preparation of financial statements by Transit District staff, receives the external auditors' annual report, and performs such other responsibilities as are normally considered parts of the financial operation of the Transit District. The Director of Finance and other staff may be called upon as resources for the Finance Committee.
- 2. Legislative Committee: Consists of Directors appointed by the Board Chair. The Legislative Committee develops and maintains relationships with Federal, State, and local officials to inform them of the Transit District's activities and issues, enlists support for Transit District concerns, and ensures that the interests of the Transit District are communicated effectively to elected officials and agency personnel. In addition, the Legislative Committee stays abreast of pending legislation at the Federal, State, and local levels that may affect public transit generally and Estuary Transit District in particular, and reports on pending legislation to the full Board of Directors at their regular or special meetings as appropriate.
- 3. Human Resources Committee: Consists of Directors appointed by the Board Chair. The Human Resources Committee addresses labor issues, wages and benefits for Transit District employees, retirement and incentive programs, updating of employee job descriptions and employee compensation, and oversees the employee Problem Resolution Policy and other personnel policies. The committee chair reports on human resources issues and recommendations to the full Board of Directors at their regular or

special meetings as appropriate. The HR/Payroll Manager and other staff may be called upon as resources for the Human Resources Committee.

- 4. Nominating Committee: Consists of Directors appointed by the Board Chair. The Nominating Committee prepares the slate of officers (Chair, Vice Chair, Secretary, and Treasurer) for recommendation to the full Board of Directors at the annual meeting. The Nominating Committee shall consider proposed candidates' expertise and willingness to serve in preparing the slate. The Nominating Committee will also act in the event an Officer position becomes vacant prior to the next election of Officers.
- 5. Transit Advisory Committee: Consists of Directors, cognizant Transit District staff, and representatives of the transit riding public appointed by the Board Chair. The Transit Advisory Committee receives and transmits to the full Board comments and input from transit users and the general public concerning the quality, safety, accessibility, convenience of Transit District services and public outreach efforts (including connectivity with other transit operations in Connecticut). The Transit Advisory Committee will review and comment on proposed service changes (including new services and the modification of existing services) to the full Board of Directors at their regular or special meetings as appropriate.
- 6. Marketing Committee: Consists of Directors appointed by the Board Chair. The Marketing Committee develops, reviews, and recommends to the full Board of Directors at their regular or special meetings as appropriate programs, materials, and other communications media (including website, publications, news releases, etc.) with the objective of increasing public understanding of Transit District services, enhancing the Transit District's public image, and encouraging residents in the Transit District service area to use transit.

As provided in the By-Laws, the Board of Directors may establish special and ad hoc committees in addition to the standing committees as deemed necessary.

All Board members are expected to serve on one or more standing committees. However, as per the By-Laws, a majority of Board members shall not be appointed to a given committee at any one time.

Committee members are appointed by the Board Chair who will submit appointments to the full Board of Directors for approval.

The Board Chair may replace a Director who fails to attend two or more consecutive committee meetings.

The Board Chair may not appoint himself/herself to the Nominating Committee, but may appoint himself/herself to other committees. If not appointed to a committee, the Board Chair

serves as non-voting ex officio on that committee, but his/her attendance does not count towards a quorum for committee meetings.

The Board Chair may appoint an alternate or alternates to committees for the purpose of attending meetings and filling in for absent members. However, alternates do not count towards a quorum at committee meetings and do not vote as committee members, unless filling in for an absent member.

Committees may invite Transit District staff or others from outside the Transit District to participate in meetings as appropriate.

#### **Meetings Policy**

The schedule of regular Board of Directors meetings will be announced each year as of January 1, including the dates, times, and location of the meetings. The announcement will be posted on the ETD website, and a copy will be filed with the Clerk of each member municipality. The agenda for each meeting will be posted on the ETD website and furnished to each Director via email at least 48 hours in advance. Changes to the announced schedule of meetings shall require at least 30 days' notice to be posted on the ETD website and filed with the Clerk of each member municipality.

Committee meetings will be held at the call of the Committee Chair. Notice of the date, time, location, and agenda for committee meetings will be posted on the ETD website and furnished to each Committee member via email at least 24 hours in advance of the meeting.

Roberts Rules of Order will govern the parliamentary procedures at Board of Directors and Committee meetings.

Directors who expect to be absent from a Board or committee meeting should notify the Chair or Committee Chair in advance if possible.

Directors may attend regular Board meetings electronically, but must notify the Chair or Executive Director in advance so appropriate arrangements can be made. This same policy shall apply to members who need to attend a committee meeting electronically.

The Meetings Policy outlined above is intended to conform to State Freedom of Information statutes and requirements.

# **Conflict of Interest Policy**

Directors, the Executive Director, and other key management staff who participate in decision-making for the Transit District have a duty to be free from the influence of personal considerations when conducting Transit District business. Such individuals' positions must never be used directly or indirectly for private gain or personal interest, or to cause the Transit District to violate applicable Federal or State laws and regulations. Such individuals shall, in all instances, avoid any action or participation that represents, or could be reasonably construed as representing, a conflict of interest.

For the purpose of this policy, "decision-making" shall include, but is not necessarily limited to, purchases and procurements, awarding of contracts, selection of contractors and agents, and other transactions that financially benefit an entity outside the Transit District.

Directors, the Executive Director, and other key management staff who participate in decision-making for the Transit District shall annually complete a Conflict of Interest Statement (see below) disclosing all potential conflicts involving sources of income or business connections (both for themselves personally and immediate family members) outside the Transit District. The Statement shall also formally commit signatories to disclose to the Board of Directors any potential conflicts of interest that may arise in the course of their service to the Transit District and to abstain from participating in any decision-making that would represent, or could reasonably be construed as representing, a conflict of interest.

Signatories must promptly inform the Board in writing of any material change in the information provided in their Conflict of Interest Statement.

The Secretary will ensure that Conflict of Interest Statements have been completed by all required individuals and will ensure that the statements are maintained in a secure location.

## **Indemnification Policy**

ETD will indemnify any Officer or Director who is or was a party, or is threatened to be made a party, to any proceeding by reason of the fact that such person is or was a Director or Officer of ETD, against expenses (including attorneys' fees), liability, judgments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such proceeding if such person (a) conducted himself/herself in good faith, (b) reasonably believed, in the case of conduct in his or her official capacity with ETD that his or her conduct was in the best interest of ETD, and, in all other cases, that his or her conduct was at least not opposed to the best interest of ETD, and (c) with respect to any criminal proceeding, had no reasonable cause to believe that his or her conduct was unlawful.

However, no person shall be entitled to indemnification under this policy either (a) in connection with a proceeding brought by or in the right of ETD in which the Officer or Director was adjudged liable to ETD, (b) in connection with any other proceeding charging improper personal benefit to the director or officer, whether or not involving action in his or her official capacity, in which he or she is ultimately adjudged liable on the basis that he or she improperly received personal benefit, or (c) in connection with any other proceeding charging actions judged unlawful or in violation of Federal, State, local, or Board standards.

Indemnification under this policy in connection with a proceeding brought by or in the right of ETD, shall be limited to reasonable expenses incurred in connection with the proceeding. The termination of any action, suit, or proceeding by judgment, order, settlement, or conviction, or upon a plea of nolo contendere or its equivalent shall not of itself create a presumption that the person did not act in good faith or otherwise failed to meet the standard of conduct set forth in this policy.

Any indemnification under this policy shall be made by ETD only as authorized in each specific case upon a determination that indemnification of the Officer or Director is permissible under the circumstances because such person met the applicable standard of conduct. Such determination shall be made (a) by a majority vote of a quorum of disinterested Directors who at the time of the vote are not, were not, and are not threatened to be made parties to the proceeding, or (b) If such quorum cannot be obtained, by the vote of a majority of the members of a committee of the Board designated by the Board, which committee shall consist of two or more Directors who are not parties to the proceeding (Directors who are parties to the proceeding may participate in the designation of Directors to serve on such committee), or (c) If such a quorum of the Board cannot be obtained or such a committee cannot be established, or even if a quorum is obtained or such a committee is so designated, but such quorum or committee so directs, then by independent legal counsel selected by the Board in accordance with the above procedures.

Authorization of indemnification and evaluation as to the reasonableness of expenses shall be made in the same manner as the determination that indemnification is permissible, except that, if the determination that indemnification is permissible is made by independent legal

counsel, authorization of indemnification and evaluation of legal expenses shall be made by the body that selected such counsel.

For purposes of this policy, the terms "Officer" or "Director" shall include any person who served as an Officer or Director of ETD as provided in the By-Laws of the Transit District. The terms shall also include the estate or personal representative of an Officer or Director, unless the context otherwise requires.

For purposes of this policy, the term "proceeding" shall mean any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, whether formal or informal, any appeal in such an action, suit, or proceeding, and any inquiry or investigation that could lead to such an action, suit, or proceeding.

For purposes of this policy, the term "party" includes any individual who is, was, or is threatened to be made a named defendant or respondent in a proceeding.

For purposes of this policy, the term "liability" shall mean any obligation to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to an employment benefit plan), or reasonable expense incurred with respect to a proceeding.

For purposes of this policy, the phrase "official capacity" shall mean while serving or engaging in activities as an Officer or Director of ETE and acting on behalf of ETD in such capacity.

This policy shall also apply to include the Executive Director and other employees of the Transit District.

The Executive Director shall ensure that insurance coverages are procured and maintained on behalf of the Transit District consistent with this policy. The Board of Directors will annually approve the amounts and purchase of such coverages, and the Executive Director will report annually to the Executive Committee of the Board of Directors listing all such coverages that are in place.

#### **Expense Reimbursement Policy**

Officers and Directors receive no compensation from the Transit District for their time spent performing their duties and responsibilities as Officers and Directors.

Officers and Directors do not receive reimbursement for personal vehicle mileage, home office equipment and supplies (including, but not limited to, telephone, computer, wi-fi, printer, etc.), or other incidental expenses incurred in their preparation for and attendance at Board and committee meetings and other in-state meetings and events in connection with their service. Officers and Directors who use their personal vehicle for travel related to Transit District

business are responsible for any liability arising from such use and to maintain insurance as required by State statute.

Officers and Directors may receive reimbursement for out-of-state travel on Transit District business (for example, to attend a regional transit association meeting or observe new technology in use at another transit system), subject to the following conditions:

- A. Travel must be approved in advance by the Board of Directors, including the purpose of the travel and an itemized estimated cost (including if applicable, but not limited to, airfare, mileage, parking, taxi, hotel, meals, registration, and incidentals).
- B. Personal vehicle mileage will be reimbursed at the rate currently approved by the Internal Revenue Service.
- C. Air travel (economy class only) will be approved only for travel over 200 one-way miles that is not reasonably and more economically made via train, bus, or automobile.
- D. Upon completion of travel, the individual(s) will submit an itemized expense report along with receipts to the Director of Finance to review. Expenses within the estimated cost previously approved by the Board of Directors will be reimbursed to the traveler. Expenses which exceed the approved estimated cost must be submitted to and approved by the Board of Directors before reimbursement is made.

Exceptions to this policy may be approved on a case-by-case basis by the Board of Directors – for example, reimbursing the cost of registration to attend a statewide transit association meeting.

#### **Definition of "Major Service Change" Policy**

ETD is committed to fully comply with Title VI of the Civil Rights Act and implementing guidelines and requirements issued by the Federal Transit Administration. In compliance with FTA Circular 4702.1B, ETD has adopted a Title VI Program which, among other provisions, addresses the requirement to analyze disparate impacts on minority communities and disproportionate burdens on low-income communities resulting from "major service changes," and to analyze options to mitigate such impacts.

The ETD Board of Directors has adopted the following definition of "major services changes" for the purpose of Title VI compliance:

- 1. Discontinuation of existing fixed-route service to any part of the ETD service area, including elimination of an existing route or route segment and/or replacement of fixed-route service with demand-response service.
- 2. Replacement of public demand-response service in an area with a fixed-route.

- 3. Discontinuing service on weekend days and/or holidays, even if such discontinuation does not exceed the 10% threshold in Item #7 below.
- 4. Implementation of a new route.
- Systemwide service reduction or increase involving 10% or more of total route miles or service hours.
- 6. Reducing the span of service on any route (i.e., eliminating first and/or last trips).
- 7. Reducing the revenue miles and/or hours of service on any route by 15% or more.

## **Investment Policy**

### **Purpose**

The purpose of this policy is to set forth the investment objectives and guidelines for the management of funds of the Estuary Transit District. This policy is intended to:

- 1. Safeguard funds of the Transit District;
- 2. Ensure that operating and capital funds are available when needed;
- 3. Ensure compliance with applicable Connecticut statutes and generally accepted accounting and investment standards; and
- 4. Provide a reasonable return on investments in light of statutory restrictions.

#### Scope

In accordance with accounting standards, financial reporting guidelines, and Connecticut statutes, this investment policy applies to all cash and investments of the Transit District. The Treasurer shall have the care and custody, and be responsible for, the funds and securities of the Transit District, subject to the direction of the Board of Directors. This includes, but is not necessarily limited to, operating and capital funds received from the Connecticut Department of Transportation, contributions from member municipalities, passenger fare revenue, auxiliary transportation revenue, and grants from other agencies. In the event any future revenues have statutory requirements that conflict with this policy, such statutory requirements shall prevail.

#### **Relevant Statutory Provisions**

Investments of the Transit District shall confirm at all times with the requirements of Connecticut General Statutes sections 7-400, 4-402, 36a-332, and 36a-336. These statutes are herein incorporated by reference.

#### **Investment Objectives**

The primary objectives of the Transit District investment policy shall be, in priority order, as follows:

- 1. <u>Safety of Principal</u>. The foremost objective of this investment policy is to ensure the safety of principal funds entrusted to the Transit District. Investment transactions shall be undertaken in a manner that gives the highest priority to the preservation of capital in the overall portfolio. This is achieved by the following:
  - a. Minimizing custodial credit risk. Investments and deposits shall only be made with authorized investment institutions and dealers so as to minimize the risk of loss due to failure of such depositories, security issues, or backers.
  - b. Diversifying the Investment Portfolio. Investments and deposits shall be made so as to minimize the risk of loss from any one institution or type of security issuer.
  - c. Minimizing rate risk. Investments shall be made so as to minimize the risk that the market value of securities in the portfolio will fall due to change in market interest rates. This is accomplished by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations and investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the Transit District's cash requirements.
- Liquidity. The Transit District's investment portfolio shall remain sufficiently liquid to
  enable the Transit District to meet all operating requirements that might be reasonably
  anticipated.
- 3. <u>Yield/Return on Investments</u>. The Transit District's investment portfolio shall be designed with the objective of attaining a reasonable rate of return, taking into account the applicable risk constraints and liquidity needs. It is understood that return on investment is of secondary importance when compared to the safety and liquidity objectives described above.

#### Management of Investments; Role of the Treasurer

The Treasurer shall have the care and custody, and be responsible for, the funds and securities of the Transit District, subject to the direction of the Board of Directors. Along with the Executive Director, the Treasurer shall receive all funds and sign, make, and endorse in the name of the Transit District, all drafts, warrants, and orders for the payment of money, and pay

out and dispose of same and receive receipt therefore, under the direction of the Chair and the Board of Directors. The Treasurer shall make a full and complete financial report whenever requested by the Board of Directors.

Pursuant to the By-Laws of the Estuary Transit District, the Treasurer is responsible for overseeing the management of Transit District investments and accounts by staff. The Treasurer shall be responsible for overseeing the transfer of appropriate funds to effect investment transactions and for the investment of operating funds and bond proceeds consistent with this policy and as directed by the Board of Directors. The Treasurer shall also be responsible for designating depositories as authorized by the above-referenced Connecticut General Statutes.

#### Standards of Prudence

Investment decisions on behalf of the Transit District shall apply the "Prudent Person" standard. The Prudent Person standard states: "Investments shall be made with judgement and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived from the investment."

### **Ethics and Conflict of Interest**

The Transit District Treasurer, and all other officers and employees involved in the handling and management of funds and investments, shall strictly adhere to the Transit District's Conflict of Interest Policy.

### Authorized Investment Institutions and Dealers

Only institutions and dealers listed in the above-referenced Connecticut General Statutes shall be utilized by the Transit District as depositories for its funds.

All brokers, dealers, and other financial institutions approved by the Transit District shall be provided with current copies of the current policy and shall acknowledge in writing their receipt of same.

#### Competitive Selection of Investment Instruments

The Transit District shall obtain bids or proposals from at least two (2) brokers or financial institutions on all purchases of investment instruments. Overnight sweep investment instruments shall not be subject to this section.

# **Policy Adoption and Review**

This investment policy shall be adopted by resolution of the Transit District's Board of Directors. The investment policy shall be reviewed periodically or as needed, and any revisions or updates shall be adopted by the Board. Conformance of investments to this policy shall be included in the annual fiscal audit for Estuary Transit District.

# <u>Qualified Public Depository for Transit District Cash Assets</u>

All deposits will be made to qualified public depositories, consistent with the above-referenced Connecticut General Statutes.
