1. Mayor Rubin's No Anchor Site Determination Letter

#### February 4, 2021

#### DETERMINATION REGARDING CONDUCTING TOWN OF HIDEOUT PUBLIC MEETINGS WITHOUT AN ANCHOR LOCATION

The Mayor of the Town of Hideout hereby determines that conducting a meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location pursuant to Utah Code section 52-4-207(4) and Hideout Town Ordinance 2020-03. The facts upon which this determination is based include: The percent and number of positive COVID-19 cases in Utah has been over 16.5% of those tested since January 29, 2021. The seven-day average of cases has been over 1264 since February 3, 2021.

This meeting will not have a physical anchor location. All participants will connect remotely. All public meetings are available via YouTube Live Stream on the Hideout, Utah YouTube channel at: <a href="https://www.youtube.com/channel/UCKdWnJad-WwvcAK75QiRb1w/">https://www.youtube.com/channel/UCKdWnJad-WwvcAK75QiRb1w/</a>

Interested parties may join by dialing in as follows:

Meeting URL: <u>https://zoom.us/j/4356594739</u> To join by telephone dial: US: +1 408-638-0986 Meeting ID: 4356594739

Additionally, comments may be emailed to <u>hideoututah@hideoututah.gov</u>. Emailed comments received prior to the scheduled meeting will be read during the public comment portion and entered into public record.

This determination will expire in 30 days on March 6, 2021.

BY:

Phil Rubin, Mayor

ATTEST:

Alicia Fairbourne, Town Clerk

3. Review of Financials for Period Ended 12/31/2020

# Town of Hideout, UT Council Staff Report

**MEETING DATE**: 02/10/2021

SUBJECT: December 2020 Financial Statements RESPONSIBLE: Wesley Bingham, Finance/Treasurer DEPARTMENT: Administration STRATEGIC RELEVANCE: Fiscal Responsibility

#### **SUMMARY**

Staff is providing council with a financial update through December 2020.

#### RECOMMENDATION

Discuss the financial results of the first six months of the fiscal year.

#### BACKGROUND

The Mayor and Town Administrator have asked that staff provide a financial statement update on a reoccurring basis. Staff provided a financial statement update through August 31<sup>st</sup>, 2020 at a prior council meeting.

#### DISCUSSION

It is the responsibility of council to ensure that the city meets its financial obligations and conducts proper oversite of the city's finances. This is an update from staff on the current financial statement activity in the current year.

#### **FISCAL IMPACT**

No change in budgeted expenditures.

#### CONCLUSION

Consider future amendments to the financial statements in the coming months. At this point in the fiscal year they appear to be minor changes.

#### **CONTRACT ACCOUNTABILITY**

Department: Administration

# Staff Member: Wesley Bingham, Finance/Treasurer

# Staff Review for Town Council

То:	Mayor Phil Rubin Hideout Town Council
From:	Thomas Eddington Jr., AICP, ASLA Town Planner
Re:	Shoreline Phase 1 Initial Assessment of Outstanding Development Issues
Date:	February 2, 2021

#### Outstanding Issues to be addressed by the Developer:

- Steep slope instability along SR 248 (area between Shoreline Court and SR 248)
  - o Raveling, rocks slipping down, along the back side of the existing townhouses
  - Possible solution: small rock retaining wall at the base to protect rocks from sluffing off into the road
- Steep slope instability along the east side of Shoreline Court (within the middle loop section of Shoreline Court)
  - o Raveling, rocks slipping down, along the back side of the existing townhouses
  - Possible solution: extend the small rock retaining wall (that begins near the intersection of Shoreline Drive and continues south along Shoreline Court) at the base to protect rocks from sluffing off into the road
- A fence is necessary along the upper portion of the steep slope along Shoreline Drive (north of the intersection with Shoreline Court)
  - The developer has completed some/all of this (per site visit on 29 December 2020)

Attached is a report from IGES wherein they discuss the rock face in Shoreline Phase 1. Behind that report is a letter from AGEC, the Town's Geotechnical Review Engineer which gives their commentary on the concerns regarding the rock face and gives recommendations regarding maintenance and mitigation options. The contents of these reports should provide sufficient background information to understand the situation and possible mitigation options.

IGES Project No. 00733-020

# RE: Bedrock Cut Slope Assessment Shoreline Phase I – Hideout Canyon, Utah

Mike and Glen,

IGES has been asked to provide an additional assessment of the final bedrock cut slopes located in Shoreline Phase I; IGES visited the site on December 15, 2020 to observe the current conditions. IGES had previously visited the site during the excavation of these slopes in July and September of 2017 and subsequently wrote a letter dated September 28, 2017. IGES also briefly discussed the bedrock cut slopes in the Geotechnical Investigation Report for The Shoreline – Phase I, dated February 23, 2018. IGES has been involved with GCD and Hideout City since the inception of the Hideout Development and has observed the slopes in question on several other occasions as well.

#### Previous Observations and Reporting

IGES observed the ongoing bedrock cut on July 19 and September 7, 2017. The cut was approximately half finished during the first visit and was nearly complete during the second visit. The cut was sloped back at approximately 3/4H to 1V or slightly flatter. The bedrock bedding was dipping obliquely to the face of the slope and was highly fractured and closely bedded. The fracture planes were dipping outward slightly toward the face. Photos taken during the initial site visit are provided in Figure 1.

Figure 1: Bedrock cut slope during the July 19, 2017 site visit.

The bedrock cut was stable at the 3/4H to 1V configuration. At the time there were no signs of large slabs that had broken loose and fallen down the slope or other instability issues. During our September 7, 2017 site visit the cut slope was similar in configuration; photos of the site visit are provided in Figure 2.

Figure 2: Bedrock cut slope during the September 7, 2017 site visit.

In our September 28, 2017 letter we provided the following conclusions and recommendations:

• The bedrock cut slopes are globally stable at the 3/4H to 1V configuration. However, due to the outward facing fracture planes there were some larger slab pieces that had slid down the slope at the time of our second visit as can be seen in Photo 2 of Figure 2. Depending on what development will be constructed below these slopes, additional scaling (removing of loose material) may need to be completed to remove any loose material. Seasonally there will also be some raveling that occurs, particularly during freeze-thaw periods and during heavy precipitation.

IGES also completed observations of the cut and fill slopes in the Summer of 2018 and the Spring of 2019. During those visits IGES provided verbal recommendations to GCD about laying back some of the cut slopes that were predominantly soil to 2H to 1V or flatter and constructing some rockeries along other areas where the slopes could not be flattened or needed additional support. In particular, IGES recommended adding rockeries along the base of the slopes at the top end of Shoreline Court and the corner area along Shoreline Court just above the intersection with Shoreline Drive. In these areas the bedrock was less competent or highly fractured so the slope was experiencing some heavy raveling toward the bottom. In the soil slope areas along upper Shoreline Court and Shoreline Drive above the mail boxes there was room to flatten the slopes to 2H:1V or use a combination of rockeries and flattening the slopes. GCD agreed and complied with all of these recommendations. Photos from the Spring of 2019 visit are provided in Figure 3.

Item # 4.

Figure 3. Photos taken Spring of 2019 site visit.

#### **Current Observations**

As mentioned previously, IGES completed a site visit on December 15, 2020 to see how the slopes are currently performing and assess GCD's compliance to our recommendations over the past years. The existing bedrock cut slopes were clean and stable with no obvious signs of talus movement or other erosional considerations. We understand there is some raveling occurring and cleanup required as predicted, but the natural bedrock is intact and stable. We were also impressed with the efforts that had been taken by GCD to flatten the soil slopes and add rockeries where they were needed and as previously recommended by IGES. The exposed bedrock cuts are inherently more stable and more aesthetically pleasing, but the rockeries seemed to be blended in well with the natural slopes. Photos of the observed slope conditions on December 15, 2020 are provided in Figures 4 and 5. Figure 4 shows the same areas depicted in Figure 3 after the mitigation efforts were completed by GCD.

Figure 4. Photos of mitigated areas take during December 15, 2020 Site visit.

#### Page | 4

Figure 5. Photos of the bedrock cuts taken during the December 15, 2020 site visit.

#### Conclusions and Recommendations

There are no current stability concerns or issues with the bedrock cut slopes in Phase I of the Shoreline Development. The bedrock cut slopes are stable and performing as good or better than expected. These bedrock cuts are a unique natural feature of the development that set it apart and give it the natural rustic look that was intended. With regards to scaling the bedrock slopes, flattening the soil slopes and constructing rockeries where needed, GCD has complied with all of the IGES recommendations that were conveyed both verbally and in writing over the years. Periodic clean-up of the debris will still be required as predicted. Raveling should slow down over time but will continue to occur throughout the life of the cuts.

Respectfully Submitted, IGES, Inc. Kent A. Hartley, P.E. Principal

Attention: Ryan Taylor EMAIL: rtaylor@to-engineers.com

Subject: Geotechnical Review Bedrock Cut Slope Assessment Shoreline Phase I Hideout, Utah Project No. 1210065

Mr. Taylor:

Applied Geotechnical Engineering Consultants, Inc. was requested to review and comment on a letter from IGES dated December 18, 2020 with Project No. 00733-020 regarding geotechnical concerns related to cut slopes constructed in the Shoreline Phase I development in Hideout, Utah.

#### **DISCUSSION OF SLOPE PROBLEMS**

The slope of primary concern is on the north and east sides of Shoreline Court just east of its intersection with Shoreline Drive. This is a large cut, which IGES indicates is cut at a slope of approximately <sup>3</sup>/<sub>4</sub> horizontal to 1 vertical. We observed the cut on December 30, 2020.

The cut is in the Nugget Sandstone deposited in the Triassic to Jurassic Periods. It is composed of thin to medium-bedded sandstone in this area. The bedrock dips at approximately 45 degrees to the northwest. The bedrock is highly fractured and weathered in the west portion of the excavation, where a two-tiered rockery has been constructed near the base of the cut slope.

T-O Engineers January 27, 2021 Page 2

The bedrock slope ravels as it is exposed to precipitation and freeze-thaw cycles. This results in pieces of the bedrock filling the ditch at the base of the slope and some rocks and debris reported to roll out into the road. We would expect this to continue as long as the slope is exposed to frost action and precipitation. This effect appears to be more active in the bedrock exposed in the west part of the cut with the rockery at the base of the slope.

The weathering process will result in the need to clear the raveling deposits at the base of the slope to maintain drainage along the road and clear rocks from the road. The rocks could represent a hazard to the public. Similar problems can be expected for other slopes in the development where slopes exceed the angle of repose of the weathered material, approximately  $1\frac{1}{2}$  horizontal to 1 vertical, though erosion can occur on flatter slopes not protected from erosion.

The slopes appear to be globally stable as indicated by IGES, though no formal stability analysis has been performed that we are aware of. The slope can be expected to continue to weather and flatten over time until it reaches a stable configuration of near the  $1\frac{1}{2}$  horizontal to 1 vertical slope unless the weathering is mitigated. This should be a slow process and thus should not pose a significant hazard to buildings constructed near the top of the slope at least for the near future.

#### **MITIGATION OPTIONS**

The hazard associated with raveling of the slope could be reduced by deepening the ditch along the side of the road so rocks do not roll out into the road. This will require maintenance to remove the material from the ditch, particularly during and after snow melt. A barrier could be placed or constructed along the side of the road to stop rocks from reaching the road. Again, the need for maintenance should be expected as the accumulation of weathered rock will need to be removed from behind the barrier.

Some of the methods to reduce or mitigate the weathering of the slope could be considered to lessen the maintenance needed. This could be placement of wire netting over the face of the slope, which is anchored into the bedrock. This will require some maintenance as weathered rock accumulates at the base of the netting.

The bedrock could be covered so it is not exposed to weathering. Placement of shotcrete tied into the slope could be considered. The slope could be covered with retaining systems such as rockeries at the lower construction cost range but with some maintenance depending on how the rockeries are constructed to placement of retaining walls. These could be extended part way up the cut as with the rockeries constructed at the base of the west side of the cut, with the added maintenance associated with removing the accumulated weathered material at the top of the rockeries or extended high enough that a flattened slope is created to mitigate the slope raveling. This flattened slope may be on the order of 2 horizontal to 1 vertical along with erosion control treatment of the slope. The steepness and height of the

T-O Engineers January 27, 2021 Page 3

south portion of the cut with the limited space at the top of the slope due to yards and buildings may result in the need to extend the slope retainment up most of the height of the cut.

The costs of these options are relatively low for the ditch and barrier options compared to the net installation, shotcrete, partial slope covering to full slope covering options. Contractors could be consulted to provide an estimate of construction costs for each option. Generally, the maintenance costs are highest for the low construction cost options and reduce with the higher construction cost options.

#### LIMITATIONS

This letter has been prepared in accordance with generally accepted geotechnical engineering practices in the area for the use of the client. The review is based on the information provided.

If you have questions or if we can be of further service, please call.

Sincerely,

APPLIED GEOTECHNICAL ENGINEERING CONSULTANTS, INC.

Douglas R. Hawkes, P.E., P.G.

1	Minutes
2	Town of Hideout
3	Town Council - Special Meeting
	September 08, 2020
4	September 08, 2020
5 6	
7	The Town Council of Hideout, Wasatch County, Utah met in Special Meeting on September 08, 2020 at 5:00 PM
8	via electronic virtual meeting via Zoom conference call due to the ongoing COVID-19 pandemic.
9	
10	Regular Meeting
11	
12	I. Statement by Mayor Regarding No Anchor Location Due to Substantial Risk to Health and
13	Safety
13	Salety
14	1. No Anchor Site Determination Letter
15	Mayor Phil Rubin read the no anchor site determination letter in its entirety.
16	
17	II. <u>Call to Order</u>
18	The meeting was called to order at 5:12 pm.
19	
20	III. <u>Roll Call</u>
21	Present: Mayor Phil Rubin
21	Council Member Chris Baier
22 23	Council Member Jerry Dwinell
23 24	Council Member Carol Haselton
25	Excused: Council Member Bob Nadelberg
26	
27	Staff Present: Town Administrator Jan McCosh
28	Town Attorney Polly McLean (excused at approximately 6:25 pm)
29	Town Planner Thomas Eddington
30	Town Clerk Alicia Fairbourne
31	
32	Others Present: Summit County Council Member Kim Carson, Park City Mayor Andy Beerman,
33	Gwen Wetzel, Ken Block, Karen Scheible, Margaret Plane, Tom Daley, Linda George, Rich
34	Wyman, Steven Spaulding, Kim Carson, Ralph Severini, Alexander Cramer, David Everitt, Nate
35	Brockbank, Esteban Nunez, Cheryl Soshnik, Josh Mann, Nann Worel, Max Doilney, Claire Olio,
36	Thea Leonard, Margaret Plane, Sheri Jacobs, Richard Shapiro, Bruce Baird, Jim Doilney, Blaine
37	Thomas, Becky Yih, Cara Goodman, David Bennett, Steve Joyce, Robert Mansfield, Linda Jager,
38	Jon Schumann, Alex Natt, Angela Moschetta, Tim Henney, Myles Rademan, Grant Petersen, John
39	Phillips, Laura Willis, Ron Winterton, Spencer Lace, Stephen Spaulding, Lynn Ware Peek, Mary
40	Christa Smith, Sean Keller, Bruce Erickson, Mark Boyle, Nann Worel, John Kenworthy, Julie
41	Joyce, Hans Fuegi, Meg Steele, Leia Larsen, Lynn Ross, Kim Carson, Sean Philipoom, Renat
42	Miller, Steven McKay, Roger Armstrong, Becca Gerber, Lindsay Payeur, Celia Peterson, A. Tate,
43	Aimee Fuhriman, Emma Prysunka and others who may not have signed into the electronic meeting
44	using their full name.

1 Mayor Rubin stated because a full quorum was not present, all presiding members of Council 2 would need to vote unanimously on action items in order for any act to be taken on that item. If 3 the vote was not unanimous, the item would be continued until the September 10, 2020 meeting.

#### 5 IV. Agenda Items

4

14

26

30

34

37

# Consideration and Possible Action to authorize the Mayor to enter into the Indemnification Agreement with N Brockbank Investments, LLC related to the annexation proposal which was the subject of the July 9, 2020 Resolution of Intent to Annex in a form approved by the Town Attorney.

- 10 Council Member Jerry Dwinell asked for clarification on which items required a positive vote in 11 order to move forward on the amended intent to annex. Town Attorney Polly McLean clarified 12 each agenda item was somewhat stand-alone, and each item was not predicate of a positive vote 13 of the preceding agenda item.
- Mayor Rubin presented the Indemnification Agreement. Ms. McLean reviewed the agreement and 15 stated it was created in order to cover the Town for indemnification costs to be indemnified for 16 any lawsuits and fees based on the resolution passed on July 9th, 2020 (clerk's note: Resolution 17 2020-05, a Resolution of Intent to Annex). Council Member Dwinell asked for clarification on the 18 final clause which stated Brockbank had no right to direct the Town's litigation strategy, outcome 19 of the litigation, or other strategic decisions. Attorney Rob Mansfield and Ms. McClean provided 20 clarification and stated under the rules of professional conduct, even though a party was paying 21 legal costs, that party would not have the right to direct how, or what, actions were taken. 22 Furthermore, it was limited to the Town being able to direct and guide the litigation. Ms. McLean 23 further clarified the developer (Nate Brockbank) would be allowed privileged information from 24 25 the attorneys, although he would not be allowed to direct the action.
- Council Member Chris Baier stated it was very important for a small town such as Hideout to have
   an indemnification agreement in place in order to protect the Town and those who wished to
   develop within the Town.
- Council Member Dwinell asked if the indemnification agreement would apply to any action taken in regard to the Town being named. Ms. McLean clarified it would only protect the Town in the event of any action taken from Resolution 2020-05.
- There being no further questions from Council, Mayor Rubin asked for a motion to authorize the Mayor to enter into the Indemnification Agreement as discussed.
- Motion: Council Member Dwinell moved to authorize the Mayor to enter into the
   Indemnification Agreement as discussed. Council Member Haselton made the second.
   Voting Yea: Council Members Baier, Dwinell and Haselton. Motion passed.
- 41

#### 2. Consideration and Possible Action to authorize the Mayor to rescind the July 14, 2020 Pre-Annexation, Development, and Reimbursement Agreement which was authorized by the Town Council on July 9, 2020, in a form approved by the Town Attorney.

Mayor Rubin presented the document to rescind the July 14, 2020 pre-annexation, development,
and reimbursement agreement. Council Member Dwinell inquired about the ongoing litigation and
expressed he thought the litigation was completed. Mr. Mansfield and Ms. McLean explained it
was still ongoing, however, the court entered an injunction prohibiting the Town to move forward
on the authorized annexation as presented on July 9<sup>th</sup>, 2020. It was further discussed why the preannexation agreement was not rescinded at the same time the resolution of intent was repealed,
which was to assure there would be indemnification and reimbursement of cost.

Council Member Baier inquired if, by authorizing the Mayor to rescind the agreement, it would settle the dispute between Summit County and the Town. Mr. Mansfield commented it would be a step in the right direction, however, it may not ultimately settle the dispute.

There being no further questions from Council, Mayor Rubin asked for authorization to rescind the July 14, 2020 pre-annexation development and reimbursement agreement.

Motion: Council Member Haselton moved to authorize the Mayor to rescind the July 14, 2020 pre-annexation development and reimbursement agreement, which was authorized by the Town Council on July 9, 2020. Council Member Baier made the second. Voting Yea: Council Members Baier, Dwinell, and Haselton. Motion passed.

- Consideration and Possible Action on a Resolution Indicating the Town of Hideout's Intent to Annex property in the vicinity of Richardson Flats across county lines which includes parcels SS-87-B-X, SS-125, SS-125-C, PP-28-A and portions of SS-86, SS-87 and SS-88 (as depicted and described in Richardson Flats Annexation Sht 1 and Sht 2). The legal description of the area is listed on the attached Resolution.
- Mayor Rubin presented a map of parcels which represented an amended area for potential 28 annexation. Bruce Baird, legal counsel for the project, reviewed the map and provided explanation. 29 The proposed map would reduce the number of acres from the original proposal by approximately 30 210 acres, which would leave a total of approximately 380 acres for annexation. Parcel SS-87-B-31 X was excluded, which was part of the Master Development Agreement (MDA) with Park City. 32 Schools and parks were omitted in parcel PP-28-A and conceptually moved to the Mayflower 33 Property, which would leave parcel PP-28-A open, aside from an area on the north side of SR-248. 34 Mr. Brockbank later noted he would like to continue to investigate the potential need for parks, 35 baseball diamonds, or soccer fields, et cetera in the area, and mentioned the 14-acre area on the 36 north side of SR-248 would be reserved for the possibility of 272 units of workforce housing. 37
- Mr. Brockbank discussed potential highway access from SR-248. He stated with this proposal,
   only two (one on the north side and one on the south side) access roads may be needed instead of
   the previously proposed three. He discussed how it could help Park City to make the parking lot
   more useable.
- 44 Council Member Baier asked Mr. Brockbank to describe potential traffic flow. Mr. Brockbank
  45 stated the traffic study would be updated, but theorized the majority of traffic would come from
  46 SR-248 into the commercial or subdivision area.

Council Member Dwinell discussed and clarified zoning regulations, to which Mr. Baird noted they would work with the Town's Planning Commission to refine those details.

Council Member Baier stated she did not feel comfortable voting on the item until she was able to do a more thorough examination of the material and the resolution was corrected. She also indicated Council Member Bob Nadelberg should be included in the discussion. Council Member Carol Haselton expressed her concern of the removal of the trails and open space which was her original interest in annexing the property. She felt all planning should be done regionally and it was inappropriate for the Town to move forward with annexation at this time. Mayor Rubin explained all the trails were not being omitted with the new proposal. Council Member Baier shared her thoughts on regional planning issues and felt the Town would need some land use authority in order to be represented in Wasatch County and/or Summit County's master planning.

Council Member Dwinell expressed his disappointment with the revised plan. He felt the annexation and development was needed for the Town but was concerned with the intention in which the annexation law was repealed. He invited Utah State Representative Tim Quinn (District 54) to speak to Council in order to provide Legislative insight on the intention of allowing a 60day window for the repeal to take effect. Mayor Rubin expressed he had invited Utah State Senator Ronald Winterton (District 26) to speak as well.

22 Senator Winterton spoke regarding the reason behind repealing the bill. He expressed the Utah 23 Association of Counties did not agree to the legislation and felt it was misspoken and 24 misrepresented. He spoke of the sponsor's reasoning behind excluding a repeal date, to which the 25 sponsor stated there was no knowledge of plans to move forward with any annexations. He pledged 26 to assist Hideout with regional planning in order to find a resolution between all entities involved.

Council Member Dwinell inquired about the potential for discussions of cross-county annexations in the next General Legislative Session, to which Senator Winterton confirmed there was an ad hoc committee tasked with these negotiations. Discussion regarding facilitating a meeting between the Town, the committee, and other legislatures continued.

Representative Tim Quinn spoke and reiterated Senator Winterton's statements on the repeal of the bill, stating the bill was initially misrepresented to the Legislature, and the repeal was not thoroughly examined when the repeal date was excluded.

Council Member Baier inquired if Representative Quinn and Senator Winterton were going to 37 support the Town in the efforts to provide services to its residents. Representative Quinn stated the 38 work was that of an inter-local agreement, and he hoped to help remedy issues prior to the Session 39 in order to enter into an inter-local agreement and address issues in a reasonable, civil and 40 respectful manner. Senator Winterton stated he was committed to helping the Town in its General 41 Plan. He stated it takes a lot of revenues to provide city services and having a Memorandum of 42 Understanding (MOU) with other entities would take some of the burden off the Town. He 43 reiterated he would help in any way he could. 44

Council Member Dwinell stated he felt the Town should wait on the annexation until after the General Session in order to have the intent of the Legislatures defined with a new bill.

1 There being no further questions from Council, Mayor Rubin asked for a motion to continue to a 2 date certain being the  $10^{\text{th}}$  of September, 2020.

## Motion: Council Member Baier moved to table the item until a date certain of September 10, 2020. Council Member Dwinell made the second. Voting Yea: Council Members Baier and Dwinell. Voting Nay: Council Member Haselton. Motion passed 2-1.

Consideration and Possible Action to authorize the Mayor to enter into a Pre-Annexation
Agreement with N Brockbank Investments, LLC related to a possible annexation of land
owned by N Brockbank Investments, LLC in the vicinity of Richardson Flat described in the
Resolution Indicating the Town of Hideout's Intent to Annex (Item #3 above) considered
September 8, 2020 in a form approved by the Town Attorney.

Mayor Rubin reviewed the agenda item and stated it could be voted on or continued to the meeting on September 10, 2020. Council Member Dwinell stated he did not feel comfortable voting on the item and would like to ask questions to Ms. McLean *(clerk's note: Ms. McLean was excused at approximately* 6:25 pm). Council Member Baier expressed she also had questions and would like representation from Ms. McLean prior to voting on the agenda item. Mayor Rubin stated the item would be tabled until September 10, 2020.

9

#### 11 I. <u>No Anchor Site Determination Letter</u>

Mayor Phil Rubin stated there was no anchor site due to the transmittal risk of COVID-19. Town
 Hall would not provide adequate room for safe spacing between attendees, and therefore, the
 meeting was held virtually via Zoom conferencing.

#### 15 II. Call to Order

16 Mayor Rubin called the meeting to order at 6:04 pm.

#### 17 III. Roll Call

18	Present:	Mayor Phil Rubin
19		Council Member Chris Baier
20		Council Member Jerry Dwinell
21		Council Member Carol Haselton
22		Council Member Bob Nadelberg
23	<b>Staff Present:</b>	Town Attorney Polly McLean
24		Town Administrator Jan McCosh
25		Town Clerk Alicia Fairbourne
26		Town Planner Thomas Eddington
27		

Others Present: Alexander Cramer (Park Record), Park City Mayor Andy Beerman, Becca 28 29 Gerber, Bret Rutter, Bruce Baird, Ceila Peterson, Colin Deford, Colleen Kelly, Dana Williams, David McFawn, Doug Dickens, Dubby Jenkins, Gwen Wetzel, Helen Strachan, Jami Brackin, 30 31 Jason Glidden, Jeff Bawol, Jenny Dierson, John Phillips, Julia Collins, Kent Culliard, Kim 32 Carson, Kurt Shadle, Linda Jager, Lindsay Payeur, Lynn Ross, Malena Stevens, Summit County Attorney Margaret Olsen, Mary Smith, Mitchell Manassa, Mitchell Walski, Paul Ziegler, Roberg 33 Hughes, Robert Mansfield, Roger Armstrong, Ron Winterton, Sally Elliot, Sarah Pearce, Sean 34 35 Philipoom, Steve Joyce, Teri Orr, Thea Leonard, Tim Henney, Todd Hollow, Tricia Lake, Zoi Walker, Nann Worel, Nate Brockbank, Blaine Thomas, Claire Olio, Max Doilney, Tom Daley 36 and others who may not have signed in electronically using their full name. 37

#### 1 IV. Agenda Items

#### 2 **1.** Approval of Bills to be Paid

- Mayor Rubin presented and reviewed the monthly bills to be paid. Council Member Jerry Dwinell inquired what services Cache Valley Electric was invoiced for. Mayor Rubin explained it was the cameras at the roundabout to capture wrong-way drivers and provide the ability to take action.
- Town Administrator Jan McCosh explained legal fees and engineering were billed for two months
   due to late invoicing. She also noted an annual building payment from the Utah Division of Finance
   for the bond on Town Hall.
- 9 Council Member Dwinell inquired if former Town Attorney Dan Dansie's invoice was the final 10 invoice. Mayor Rubin stated Mr. Dansie would continue to finalize some projects with the Town, 11 and would provide future invoices for those services. Mayor Rubin presented the pass-through 12 billing and explained Mr. Dansie would provide invoices for work done on the annexation.
- 13 There being no further questions, Mayor Rubin asked for a motion to pay the bills.
- 14Motion: Council Member Nadelberg moved to approve the bills to be paid. Council Member15Dwinell made the second. Voting Yea: Council Members Baier, Dwinell, Haselton and16Nadelberg. None opposed. Motion passed.

## Discussion and Possible Action of Entering into a Memorandum of Mutual Intent Between Hideout and Mustang Development.

Mayor Rubin presented a Memorandum of Understanding (MOU) between the Town and Mustang 19 Development and explained this was proposed between the Town's legal counsel and Mustang 20 21 Development's legal counsel. Council Member Chris Baier asked for some context behind the 22 MOU. Mayor Rubin stated an Impact Fee Agreement was recently signed between the Town and Mustang Development for the reimbursement for system investments in the Town. The intent was 23 to facilitate discussion between the Town and Mustang Development. The number of members for 24 25 representation was discussed. It was decided to amend the MOU to state each party would not be limited to a specific number of representatives. 26

Motion: Council Member Baier moved to authorize the Mayor to enter into a memorandum
 of mutual intent between Hideout and Mustang Development as amended. Council Member
 Haselton made the second. Voting Yea: Council Members Baier, Dwinell, Haselton and
 Nadelberg. None opposed. Motion passed.

## 3. Discussion and Appointment of a Mayor Pro Tempore for the dates between September 17 through October 4, 2020 and October 17 through November 1, 2020.

Mayor Rubin stated he would be traveling during the dates of September 17 through October 4, and October 17 - November 1, 2020. He noted he would be in areas where electronic service would not be available and needed to appoint a Mayor Pro Tempore during that time. It was discussed and decided Council Member Dwinell would act as Mayor Pro Tempore during September 17 through October 4, and Council Member Baier would act as Mayor Pro Tempore during October 17 through November 1.

4. Consideration and Possible Action on a Resolution Indicating the Town of Hideout's Intent 1 to Annex property in the vicinity of Richardson Flats across county lines which includes parcels SS-125, SS-125-C, PP-28-1, PP-28-2, SS-86, and portions of PP-28-A, (as depicted and described in Richardson Flats Annexation attachments). The legal description of the area is listed on the attached Resolution.

The agenda item had been continued from the September 8, 2020 meeting. Mayor Rubin reviewed 6 what was discussed in the prior meeting and which parcels would potentially be excluded from the 7 8 impending annexation. It was clarified the agenda item included all parcels with the option to omit some at Council's discretion. 9

- Attorney Rob Mansfield explained there were two litigation matters: 10
  - 1. Summit County had filed a lawsuit against the Town of Hideout and an injunction was issued with respect to the prior annexation efforts from the July 9, 2020 meeting.
- 13 2. Summit County had filed a lawsuit against developer Nate Brockbank and his entities directly in the Third District Court of Summit County, which prohibited Mr. Brockbank 14 and his entities from granting a consent for the property (parcel number PP-28-A), which 15 Summit County claimed was illegally subdivided from being annexed into the Town of 16 Hideout. 17
- 18 Mayor Rubin presented a concept map of the potential annexation area and proposed to include only parcels SS-86, PP-28-1, PP-28-2, SS-125 and SS-125-C, which was 350 acres of land. A 19 20 color-coded map was presented and Mayor Rubin explained what each section could be developed as, including a Town Center, community site or school, and parks and open space. Mr. Brockbank 21 stated although several parcels were excluded from the original annexation proposal, the intent 22 was to continue with the development of parks on those parcels even though they would not belong 23 24 to Hideout. Details of the map were discussed, including the addition of seventeen miles of trails, regional parks and open space, an equestrian center, roads, and commercial and residential 25 development. 26
- 27 Council Member Bob Nadelberg stated he would be in favor of moving forward with the revised annexation attempt within the 60-day window before the law was repealed. Mayor Rubin asked 28 Council for their thought regarding moving forward with the annexation attempt. Council Member 29 30 Dwinell expressed he had received follow up phone calls from other legislators who provided their opinion on why the 60-day window was given, which was to allow the annexation to continue. He 31 believed the annexation would be beneficial to the Town and to the greater community, however 32 he was unsure if the best action would be to continue with the annexation within the 60-day 33 window or wait until after the next legislative session. 34
- Bruce Baird, legal counsel for the developer, spoke. He explained to Council Member Dwinell the 35 legislators who spoke with him were sponsors of the bill, where the two legislators who spoke 36 37 during the previous meeting were not directly involved in the bill. He further explained with special legislative sessions, almost all the bills passed with 60 percent or more taking effect immediately. 38 He further discussed reasons why Council should pursue the annexation within the 60-day 39 40 window.
- 41

2

3

4

5

11

Council Member Carol Haselton expressed her concerns of pushing the annexation through within 1 the 60-day window. She felt more regional planning and working with all other entities involved 2 3 was needed. She expressed she did not feel like the Town would get what was needed in the long 4 run unless other communities were also involved. Council Member Baier agreed with Council Member Haselton's statement regarding regional planning. She stated Hideout has not ever been 5 6 invited to regional planning meetings that she had been aware of, and she felt if the annexation 7 were not pursued, the Town would not be addressed in future planning meetings with Park City or 8 Summit and Wasatch Counties. She also expressed she was disappointed with the smaller 9 annexation area, but was encouraged Mr. Brockbank would work with Park City to keep the other parcels as usable open space. She stated she was in favor of moving forward with the next steps of 10 the revised annexation plan. 11

- Mayor Rubin presented and described a timeline of events which would take place if the Council
   determined to move forward with the revised annexation plan, including various Planning
   Commission meetings, Town Council meetings, and a Town Council Public Hearing session.
- Mayor Rubin hoped if the proposed resolution of intent to annex passed, the meetings which were discussed on Tuesday would still take place. He later received a message from State Representative Tim Quinn stating if the Council were to move forward with passing the resolution, the regional planning meeting which he had been working to schedule would be cancelled.
- The Pre-Annexation Agreement was presented and the final language was clarified and discussed.
  It was agreed the specific parcels would be included in the language (SS-86, PP-28-1, PP-28-2, SS-125 and SS-125-C), the land would be renamed in order to decipher between the previous annexation attempt, and the termination date was adjusted to end in December of 2021.
- Mayor Rubin received a private message from Park City Mayor Andy Beerman, which stated if the pre-annexation agreement were passed, it would have a chilling impact on the regional conversations and might end up limiting conversations to courtrooms. Council discussed the pros and cons of passing the agreement and what impact it might have on the relationships between neighboring areas.
- 28 Mayor Rubin asked for a motion for consideration and possible action on the resolution.
- Motion: Council Member Nadelberg made the motion approving Resolution 2020-09, a resolution indicating the Town of Hideout's intent to annex property in the vicinity of Richardson Flats across county lines which includes parcels SS-86, PP-28-1, PP-28-2, SS-125 and SS-125-C. Council Member Baier made the second. Voting Yea: Council Members Baier, Dwinell and Nadelberg. Voting Nay: Council Member Haselton. Motion passed 3-1.
- 5. Consideration and Possible Action to authorize the Mayor to enter into a Pre-Annexation
  Agreement with N Brockbank Investments, LLC related to a possible annexation of land
  owned by N Brockbank Investments, LLC in the vicinity of Richardson Flat described in the
  Resolution Indicating the Town of Hideout's Intent to Annex (Item #4 above) considered
  September 10, 2020 in a form approved by the Town Attorney.
- Mayor Rubin presented the Pre-Annexation Agreement as revised by Ms. McLean and asked fora motion.

Motion: Council Member Nadelberg moved to authorize the Mayor to enter into a preannexation agreement with N Brockbank Investments, LLC related to a possible annexation of land owned, or has the right to purchase, by N Brockbank Investments, LLC in the vicinity of Richardson Flats describing Resolution 2020-09 indicating the Town's intent to annex, considered on September 10, 2020 in a form approved by the Town Attorney. Council Member Baier made the second. Voting Yea: Council Members Baier, Dwinell, and Nadelberg. Voting Nay: Council Member Haselton. Motion passed 3-1.

#### 8 V. <u>Public Input - Floor open for any attendee to speak on items not listed on the agenda</u>

- At 8:41 pm, Mayor Rubin opened the floor to public input. He reminded attendees that a future
  meeting would be held for public input regarding the annexation, and the public input portion was
  for items not listed on the agenda.
- Hideout resident Gwen Wetzel spoke and stated she appreciated the progress made on the pond.
  She inquired if the leftover asphalt from the chip seal would be removed. Mayor Rubin stated it would be spread.
- Dave McFawn spoke and asked how much tax revenue Hideout was short on. Mayor Rubin explained Hideout was not short on tax revenue, however, as the Town grows the need for other income sources would be necessary in order to continue to maintain the Town. He informed Mr. McFawn of budget hearings which were held on a continual basis, and the budget was a matter of public record.
- 20 There being no further comments, Mayor Rubin closed public input at 8:52 pm.

## VI. <u>Closed Executive Session - Discussion of pending or reasonably imminent litigation,</u> personnel matters, and/or sale or acquisition of real property as needed

- There being no further public business, Mayor Rubin asked for a motion to close the public portion
  of the meeting and move into Executive Session.
- Motion: Council Member Dwinell made the motion to enter into Executive Session to discuss pending or reasonably imminent litigation, personnel matters, and/or sale or acquisition or real property as needed. Council Member Baier made the second. Voting Yea: Council Members Baier, Dwinell, Haselton, and Nadelberg. None opposed.
- 29 Whereupon, the closed executive session convened at 8:53 pm.

31	Present:	Mayor Phil Rubin
32		Council Member Chris Baier

3. October 6, 2020 Town Council Meeting Minutes DRAFT

#### Minutes Town of Hideout Town Council - Work Session October 06, 2020

## The Town Council of Hideout, Wasatch County, Utah met in a Work Session on October 06, 2020 at 6:00 PM electronically via Zoom meeting due to the ongoing COVID-19 pandemic.

10 Work Session

1

2

3

8

9

#### 11 I. Call to Order

Mayor Rubin called the meeting to order at 6:03 pm and read the No Anchor Site Determination Letter in its entirety. All attendees were present electronically. Mayor Rubin noted the purpose for the work session was to review the recommendation from the Planning Commission regarding the potential annexation and add comments for the Annexation Master Development Agreement (AMDA) draft document. Mayor Rubin thanked the Planning commission members for their work on the recommendation, and noted there would be no input taken from the public at this session. He added public comment would be heard at the Public Hearing on October 12, 2020.

#### 19 II. <u>Roll Call</u>

20	Present:	Mayor Phil Rubin
21		Council Member Chris Baier
22		Council Member Jerry Dwinell
23		Council Member Carol Haselton
24		Council Member Bob Nadelberg
25		
26	Staff Present:	Town Attorney Polly McLean
27		Town Administrator Jan McCosh
28		Town Planner Thomas Eddington
29		Town Clerk Alicia Fairbourne
30		Public Works Director Kent Culliard

Others Present: Aika Suizu, Brad Cahoon, Chris Bender, Jack Walkenhorst, Jason Owen,
 Lindsay Payeur, Nann Worel, Sean Philipoom, Todd Hollow, Jeremy Fields, Dan Lane, Daniel
 Moore, Cheryl Soshnik, Tom Lewis, David Wozniak, Max Doilney, Nate Brockbank, Alexander
 Cramer, Bruce Maird, Eric Langvardt, Kurt Shadle, Max Doilney, Rich Brough, Tom Lewis, John
 Hammonds, Lerry Winkles, Kasem Farhat, Katherine Cox, Talia Zenta, Sally Elliott, Lynn Ross,
 Linda Smith, Park City Mayor Andy Beerman, Planning Commissioner Ralph Severini, and
 others who may not have signed in using full or proper names when logging in via Zoom.

38 III. <u>Agenda Items</u>

## 1. Discuss the provisions to include in a draft Annexation Master Development Agreement (AMDA), a final version of which will be considered at the same meeting as the consideration of the annexation for the land subject to Resolution 2020-09.

39 40

- 1 Mayor Rubin presented the map of the proposed annexation area which he discussed in detail. He 2 also presented the recommendation document provided by the Planning Commission which 3 reflected its core considerations to consider prior to entering into an agreement with the developer 4 regarding the potential annexation.
- 5 Mayor Rubin paused for several minutes to allow the Council Members time to read the 6 document, then proceeded to lead the discussion of each section. Council Member Jerry Dwinell 7 suggested the Town Council speak directly with representatives of the environmental agencies as 8 additional due diligence; Town Attorney Polly McLean suggested inviting these individuals to an 9 upcoming meeting.
- Council Member Chris Baier asked about the feasibility of engaging an environmental attorney
   from Denver Region 8 of the Environmental Protection Agency (EPA) to assist in the due
   diligence and requested the developer assist in covering this expense.
- Planning Commissioner Ralph Severini provided information on the EPA's 2018 Five-Year 13 Review report for the Richardson Flats Superfund site and shared information on contacts from 14 the EPA and the Utah Department of Environmental Quality (DEQ) who were invited to the 15 recent Planning Commission meeting. He noted there had been turnover at both agencies, and 16 neither of the contacts he had been in contact with had authored the last report. Planning 17 Commissioner Severini shared a summary of the comments provided to the Planning Commission 18 from the current DEQ Project Manager Mr. Doug Bacon. He noted the EPA site was separate 19 from the property being considered for annexation, the necessary environmental safety controls 20 were in place, and several ongoing remedial actions would need to be completed over the coming 21 years. 22
- Ms. McLean agreed to find an EPA attorney to review this matter. Council Member Baier agreed
  it would be wise.
- Council Member Baier asked the Developer Mr. Nate Brockbank about the proposed chairlift,
   including who would operate it. Mr. Brockbank stated he was committed to building this feature
   and noted it would be paid for and operated by the commercial and residential Homeowners
   Associations (HOAs). Council Member Dwinell asked for indemnification to the Town to be
   included in the agreement.
- Council Member Baier noted the proposed chairlift was an intriguing idea but asked it be
   considered in conjunction with the Town's overall parks and trails plan. Mr. Brockbank agreed
   to conduct a feasibility study before moving forward on this item.
- Council Member Baier asked about item #2 on the recommendation and how the roads would be paid for. Mayor Rubin stated there may be a bond or other offset of costs, but the roads would be public. Council Member Dwinell clarified the trails would also be public and asked for this to be added to the document. Mr. Bruce Baird, attorney for the developer, noted certain roads could be within gated communities and would therefore be private, although the trails would be public.
- Mayor Rubin addressed item #3 of the recommendation. Council Member Dwinell asked about proposed restrictions on "big box" retailers and if that could lead to limitations on the square footage of a grocery store. Mr. Brockbank stated he did not have specifics on a grocery store yet but agreed it might exceed 25,000 square feet. Mr. Baird suggested some language which would provide flexibility on commercial square footage guidelines to address changing market

- conditions. Planning Commissioner Severini provided background on how the Planning
   Commission derived its suggestions regarding the commercial square footage guidelines.
- Council Member Dwinell asked why drive-through restaurants were excluded. Planning 3 Commissioner Severini stated the intent was to limit traffic and create a more walkable, 4 5 community-focused Town Center. Mayor Rubin noted in addition to the priority for a walkable Town Center, the development would also include parking and public transportation to the 6 surrounding area, which could make the availability of some drive-through restaurants an 7 8 attractive feature. Mayor Rubin also noted the guidelines should accommodate a service station. Mayor Rubin requested the guidelines be flexible to address a variety of commercial uses. Council 9 Member Dwinell suggested the guidelines address where any drive-through operations may be 10 located, but not prohibit them. Council Member Baier asked about a service station and noted if 11 the future was less fuel dependent, a service station may not be required for the area. She 12 encouraged forward thinking. 13
- 14 There were no comments on item #4 regarding architectural design and themes.
- 15 Council Member Dwinell agreed with item #5 regarding the phased approach to the commercial 16 development and balancing it with residential development. Town Planner Thomas Eddington 17 noted the discussions regarding percentages of commercial development completion required 18 before residential which might be considered within the agreement.
- Council Member Haselton noted she had attended the Planning Commission meeting and shared
   some concerns regarding the proposed chairlift. She asked if it would be an unfair burden for
   those residents who might not utilize this feature to pay for it through their HOA fees. Council
   Member Dwinell agreed and suggested considering other options for funding and operating it.
- Mr. Baird suggested the proposed phasing schedule for commercial completion prior to
   residential might be too aggressive and shared his concerns about empty store fronts in coming
   years if there was not sufficient residential development to support the commercial development.
   He suggested alternative language regarding how phasing might be done.
- Council Member Dwinell stated he would like to further negotiate this detail with the developer.
   Council Member Carol Haselton stated the residential need already existed throughout Hideout
   and the surrounding communities.
- Mayor Rubin requested several core conditions to be included in the agreement: 1) completion of 30 31 a feasibility study to confirm the location was appropriate for fulfilling the contemplated needs; 2) utilities and public services must be addressed before entering into an agreement; 3) address 32 the impact on wildlife; 4) address pedestrian access across SR-248 into the development; and 5) 33 34 consider the broad range of desired commercial services to be prioritized in the development in order to reduce the need for residents to travel into Park City. Mayor Rubin also requested the 35 Town Council think about how to interact with the surrounding communities regarding public 36 37 transportation needs.
- Council Member Dwinell asked about the traffic study report and suggested a more desirable
   entrance from SR-248 which not rely on access via Brown's Canyon Road.

- Council Member Dwinell asked to incorporate dark sky ordinances to minimize light pollution.
   Council Member Baier stated the Town should implement a dark sky ordinance which would be applicable to the entire town, not just this proposed annexation.
- Council Member Bob Nadelberg asked if the chair lift was envisioned as a year-round amenity.
  Mr. Brockbank stated his vision was only for summer use although Mayor Rubin suggested it
  could be used for snowshoeing or fat-tire winter biking, but not downhill skiing or snowboarding.
  Council Member Dwinell agreed this should support hiking as well as biking. Mr. Eddington
  added there had been discussion of another chair lift that could connect Deer Springs and Deer
  Waters to the Town Center.
- 10 Council Member Nadelberg asked whether there could be access from US-40. Council Member 11 Dwinell noted that property was not part of Hideout or the proposed annexation, so it was not 12 being considered. Council Member Nadelberg stressed the importance of a safe pedestrian and 13 bike crossing from Brown's Canyon Road.
- Council Member Dwinell asked if the Developer had considered building an overpass/underpass
   in order to reduce cross-traffic. Mayor Rubin noted he was in discussions with the County and
   Utah Department of Transportation (UDOT) regarding options to improve access to the existing
   parking facility.
- 18 Mr. Brockbank stated his traffic study should be done shortly and he would have it circulated to19 the Council members.
- Mayor Rubin asked Planning Commissioner Severini to discuss the Planning Commission's proposals regarding the residential areas of the development. Planning Commissioner Severini noted the Planning Commission's desire to reduce density within the development through prioritization of single-family and twin- homes rather than multi-unit town homes/condominiums. He also noted the desire for a percentage of more affordable housing to be included in the plan. Mr. Eddington addressed the details and home-type mix of the proposed affordable housing.
- Council Member Dwinell stated he liked the twin-home idea and the reduced density proposals but wondered if these numbers worked for the developer. Mr. Brockbank stated the proposed plan had already cut out hundreds of acres and this could represent another big loss, especially when combined with the requests for additional infrastructure.
- Mr. Eric Langvardt with Langvardt Design Group, the planner working for Mr. Brockbank, spoke
   regarding the financial impacts of reduced density, affordable housing, and the Town Center
   amenities.
- Council Member Dwinell noted the current plan requested more commercial development than was originally proposed, and requested both walkable and drivable access. Mr. Langvardt noted the challenges for creating sufficient parking to accommodate an expanded commercial component particularly given the shortage of flat land in the area.
- Council Member Baier asked about the lot sizes in the plan. Mr. Langvardt noted smaller lots were approximately 55- by 110-square feet and larger lots were approximately 80- by 120-square feet (quarter acre) lots. He noted the concept centered on smaller lots, with minimal required homeowner landscape maintenance, in a village setting with shared open space. Council Member Baier shared her concerns with affordability of the homes and felt that clustered density was

acceptable given the topography of the land under consideration. She supported the proposed
 assisted living facility. She shared her concerns with the size of the school parcel which she noted
 was within the Park City School District and noted there had been no discussions to date with the
 School District. She felt the acreage was too small and should be doubled to 10 acres to better
 accommodate a school with playgrounds and ball fields. She also noted a school would attract
 more families with children to Hideout.

Mr. Langvardt noted the proposed development had attempted to incorporate many of the
Leadership in Energy and Environmental Design (LEED) standards for neighborhood
development which set suburban elementary school parcels at five acres. He noted a two-story
school design could fit within that acreage and would be less expensive to build than a singlestory school. He shared his experience in the design of the Silver Creek Village school in the
South Summit School district which was approved to be built on a five acre parcel, and added
such a design could be aesthetically pleasing for the Hideout proposal as well.

- Planning Commissioner Severini stated the intent in adding acreage to the proposed school parcel
   was meant to provide for future growth and flexibility. Mr. Langvardt noted the location of the
   school had been dictated by the available flat land and proximity to the trail system. Mr.
   Brockbank agreed to re-evaluate the school parcel to address these requests.
- Mr. Brockbank stressed the importance of building some number of condominiums within the
   Town Center to ensure a vibrant Town Center and agreed to revise the plan to find a balance to
   address the density concerns.
- Council Member Dwinell asked about parking at the Town Center, and whether it would be shared
   between residential and commercial users. Mr. Langvardt explained the underground parking
   would be for residents and on-street parking would be for commercial customers.
- Mr. Brockbank noted Richardson Flats Road had a 100-foot right-of-way with ample space for angled on-street parking. He suggested working with Mr. Eddington and Mr. Langvardt to provide revised design concepts to incorporate these proposals, particularly for the more affordable housing options and school parcel. Mr. Brockbank also agreed to conduct a feasibility study for the chair lift.
- Mayor Rubin summarized the discussion of priorities to be considered and items to be addressed
   in the AMDA:
- 31 balancing traffic in the commercial area
- 32 trail system connectivity
- public transit and the need for a regional planning and partnership
- 34 parking in the Town Center
- language on a phasing schedule to balance the commercial and residential development
   priorities.
- Mayor Rubin also noted the need to consider how other spaces throughout Hideout might be utilized in the event this project moved forward.

1 Council Member Dwinell asked whether any deed restrictions would have long-term negative 2 consequences. Mayor Rubin noted such restrictions or zoning considerations could be changed in 3 the future. Council Member Haselton requested that items including open space amenities, parks 4 and a community center/senior center be addressed as part of the Amended Master Development 5 Agreement (AMDA). She noted the senior center would also serve the broader region. Mayor 6 Rubin agreed on the importance of working with neighboring municipalities to address regional 7 priorities for a variety of facilities and services which could be part of this proposed development.

8 Ms. McLean asked about a consideration to limit the ability of the property owner to go into 9 Military Installation Development Authority (MIDA) and asked if language should be added to 10 the AMDA on this. Mayor Rubin suggested including language which would require Town 11 approval even if the law changes. Mr. Brockbank noted the developer was not in any discussions 12 with MIDA but agreed it would be worthwhile to include this language in the AMDA.

- Mayor Rubin asked whether, in addition to the upcoming Public Hearing, additional communication such as a letter or email to the residents of Hideout should be considered to provide an update on the project and solicit community feedback. Council Members Dwinell and Baier both noted much of the input received thus far had been from non-Hideout residents and noted such a communication could be helpful. Mayor Rubin stated most residents and landowners could be reached through email.
- Mayor Rubin thanked the Planning Commission its work on preparing the recommendation
   document. Planning Commissioner Severini summarized the Planning Commission's priorities
   for creating its recommendations.
- Mayor Rubin asked if Ms. McLean required anything further to proceed with the drafting of the
   AMDA. Ms. McLean responded she felt they had a great start with all the input from the Planning
   Commission and this discussion with the Town Council, Mr. Eddington and the Developer's
   team.

## IV. <u>Closed Executive Session - Discussion of pending or reasonably imminent litigation</u>, personnel matters, and/or sale or acquisition of real property as needed

There being no further public business, Mayor Rubin asked for a motion to close the public portion of the meeting and move into Executive Session.

Motion: Council Member Haselton made the motion to enter into executive session to discuss 30 pending or reasonably imminent litigation, personnel matters, and/or sale or acquisition of 31 real property needed. Council Member **Baier** made the second. 32 as Voting Aye: Council Members Baier, Dwinell, Haselton, and Nadelberg. None opposed. 33

34 Whereupon, the closed executive session convened at 8:44 pm.

36	Present:	Mayor Phil Rubin
37		Council Member Chris Baier
38		Council Member Jerry Dwinell
39		Council Member Carol Haselton
40		Council Member Bob Nadelberg
41		_

**Staff and Others Present:** 

Town Attorney Polly McLean Rob Mansfield

41	<ol> <li>December 10, 2020 Town Council Minutes DRAFT</li> </ol>						
41	5. Detender 10, 2020 Town Council Minutes DICAPT						

1 Corrections to the meeting minutes were discussed. Council Member Jerry Dwinell noted in the 2 September 10<sup>th</sup> minutes, item number 5, the motion regarding the authorization of the Mayor to enter 3 into a pre-annexation agreement with N Brockbank Investments, LLC was recorded incorrectly. It 4 was stated Council Member Carol Haselton's vote was recorded as against the Pre-Annexation 5 agreement. Council Member Haselton agreed it should have been a vote in favor. *(Clerk's note:* 6 *upon review of the audio, the votes were recorded correctly, and Council Member Haselton's vote* 7 *was "nay". Minutes remain unchanged.)* 

- 8 Mayor Rubin asked for a motion to approve the minutes with the corrections as discussed.
- 9 Motion: Council Member Severini moved to approve the minutes with the corrections as 10 discussed. Council Member Haselton made the second. Voting Yea: Council Members Baier, 11 Dwinell and Haselton. Council Member Severini voting Yea specifically to December 10, 2020 12 minutes only as he was not present for the previous meetings. Motion passed.

#### 13 IV. <u>Public Input - Floor open for any attendee to speak on items not listed on the agenda</u>

- Note: Due to time constraints for speaker Derrick Michaelis regarding the recycling and trash bins,
   the public input portion was moved to after the agenda items were discussed. At 7:12 pm, Mayor
   Rubin opened the floor for public input. There were no comments from the public.
- 17 V. Agenda Items

#### 18 **1.** Consideration to adopt an ordinance requiring the use of bins for recycling and trash

- Mayor Rubin introduced Derrick Michaelis from Recyclops and recapped previous discussions
   regarding the use of Recyclops' recycling bins in Hideout. He noted concerns the containers may
   not be a sufficient size to contain all the recycling material.
- Council Member Chris Baier stated the Town would like to encourage recycling, but did not want to put a burden on the supplier for the recycling bins. The bins had been delivered to residents and Council Member Baier was concerned who was absorbing the cost of the bins. Mr. Michaelis stated Recyclops had purchased the bins. He noted an economic analysis was performed and felt the return on investment was substantial enough to absorb the cost. Council Member Dwinell asked for clarification if the bins were of no cost to the consumer. Mr. Michaelis stated the initial setup fee for the use of bins was slightly higher than if bags were used.
- Council Member Baier was concerned about the size of the bins and what would happen in the event there was excess materials which could not fit inside the bin. Mr. Michaelis addressed Council Member Baier's concerns, noting the company had several thousand customers and, on average, the size of bin provided was typically sufficient. He stated the company was willing to pick up excess bagged recyclables, provided they were placed next to the bin. Customers also had the option to have recycling picked up on a weekly basis for an extra fee.
- Council Member Ralph Severini questioned if different sized bins were available for purchase by the residents. Mr. Michaelis stated it would not be cost effective for Recyclops to purchase two different sizes of bins. Discussion continued.
- There being no further questions for Mr. Michaelis, Mayor Rubin thanked him for his input and excused him for the remainder of the meeting. Mayor Rubin presented Ordinance 2021-01, an ordinance requiring the use of bins for garbage and recycling.

1 Council Member Baier expressed concern regarding the pick up of extra materials and inquired if a 2 provision could be included in the Ordinance to address her concern. Town Attorney Polly McLean 3 advised against adding language that might confuse residents and could potentially undermine the 4 purpose of the Ordinance. Discussion regarding how to address excess recyclable materials, and 5 language additions and clarifications ensued.

6 Mayor Rubin presented the updated Ordinance and asked for a motion.

# Motion: Council Member Nadelberg made the motion to adopt Ordinance 2021-01, an Ordinance Requiring the Use of Bins for Garbage and Recycling. Council Member Haselton made the second. Voting Yea: Council Members Dwinell, Haselton, Nadelberg and Severini. Voting Nay: Council Member Baier. Motion passed 4-1.

- Council Member Dwinell inquired if public input was required for the ordinance to be passed. Mayor
   Rubin opened the floor and gave time for public comment. There were no comments.
- 13 **2.** Discussion regarding possible Council and staff working meeting to discuss 2021 priorities
- Mayor Rubin stated each year Council and staff reviewed the Town's objectives for the upcoming
   year. He asked Council to compile a list of priorities and scheduled a Work Session for January 28,
   2021 to discuss them.
- **3.** Update regarding the quarterly meeting between the Town and Mustang Development
- Mayor Rubin stated two meetings with Mustang Development were held and asked Ms. McLean for
   an update. Ms. McLean stated Mustang Development had a check ready for the outstanding water
   fees for the golf course. She stated she had another meeting scheduled with Mustang's legal counsel
   to review other outstanding dues and fees.
- She reviewed discussions regarding the pond and provided Mustang with a solution from the Town Engineer on how he thought it could be fixed. They had not responded as of the date of the meeting. She believed by continuing to meet with them they could work through the issues and get them resolved. Council continued to discuss the next steps and possible ramifications if the issues were not resolved.
- 27 There being no further comments from Council, Mayor Rubin closed the public meeting at 7:26 pm.

## VI. <u>Closed Executive Session - Discussion of pending or reasonably imminent litigation</u>, personnel matters, and/or sale or acquisition of real property as needed

- At 7:26 pm, Mayor Rubin asked for a motion to close the public portion of the meeting in order to hold an executive session.
- Motion: Council Member Dwinell moved to close the public meeting and move into executive session to discuss pending or reasonably imminent litigation, personnel matters, and/or sale or
- 34 acquisition of real property as needed. Council Member Nadelberg made the second. Voting
- 35 Yea: Council Members Baier, Dwinell, Haselton, Nadelberg and Severini. None opposed.
- 36
- 37
