**Members Absent:** None

**Agenda additions, deletions, reordering:** None

**Public Attendance :** None

**Approval of minutes:** None

**Reports:** None

**New Business:**

- A. Dune Plant pruning and maintenance training presented by Palm Beach County Environmental Resource Management.  
The board meet with Environmental Resource Management staff member Kevin Lasagna who told the board the importance of the dune planting, invasive plant management and replanting. The Sea Oats where planted by volunteers to stabilize the dune. Since the original planting numerous non-native invasive species have invaded the dune such as; Sansiervia, Scaevola, and Brazilian pepper. The board was informed what plants could and should be removed and what plants must be retained. The tree Board will work to develop a management plan to restore and maintain the dune in a natural mostly undisturbed state.

**Meeting adjourned** 10:35 AM
