**BRIEFLY STATE THE REASONS WHY YOU FEEL YOUR APPOINTMENT TO THIS COMMISSION/BOARD WILL BENEFIT THE SCHOOLS IN THE CITY OF LAKE WORTH BEACH. (150 WORDS OR LESS)**

I have a Master's in Secondary Science Education - Chemistry, and was a high school chemistry teacher for 10 years. I now work for a nonprofit and create resources for K-college chemistry classrooms, and I work closely with practicing teachers in every level of schools. Education is a passion of mine, and I believe all students have the ability to learn. Science, specifically, is overlooked in the younger years, and I have many innovative ways to help support teachers of younger students that makes teaching science fun and less daunting than they would think. Literacy is an important skill, and science has many cool real-life applications, so I am a firm believer in teaching them together. I also have a 2.5 year old who will make his way into the Palm Beach Public Schools in a few years, so that's another reason I'm passionate about supporting local schools!

**WHAT EXPERIENCE DO YOU HAVE WITH SCHOOLS, ORGANIZATIONS, CIVIC GROUPS, OR CLUBS THAT WOULD BE BENEFICIAL TO THIS COMMISSION/BOARD? HOW CAN WE BE MORE RESPONSIVE TO TRADITIONALLY UNDERSERVED COMMUNITIES? (150 WORDS OR LESS)**

It's so important to make learning for kids fun, so they want to continue to do it when they get home. When kids take their learning home to their families, they aren't just solidifying their education, but they are sharing it with their families. Just like everyone's dream job -- you don't feel like it's work because you love what you do so much -- school should be the same. Yes, testing is part of it, but rather than drill and practice to get kids ready, there should be an element of fun and a feeling of support in the environment. Many studies have been done that show relaxation increases learning. And students should be tested in similar conditions to the environment where they learn. Sharing these studies with the community may help change how we approach teaching and learning, and may make education more accessible and exciting to students.

**THIS BOARD WILL MEET MONTHLY AND WILL REQUIRE THAT YOU ATTEND A SCHOOL ADVISORY COUNCIL MEETING EACH MONTH AS WELL. ADDITIONAL TIME REQUIREMENTS MAY ARISE. ARE YOU WILLING AND ABLE TO ATTEND MEETINGS ON A REGULAR BASIS? IF NOT, WHAT ARE YOUR LIMITATIONS? (150 WORDS OR LESS)**

Absolutely. I recognize that this is a commitment I am signing up for, and I will show and up do the work that is asked of me. My husband and I support each other with our passions, and so we are well versed in alternating childcare duties so the other one can pursue activities that make them happy. My job is flexible (I work from home, even outside of COVID restrictions), and I understand this is a priority.

## BRIEFLY STATE THE REASONS WHY YOU FEEL YOUR APPOINTMENT TO THIS COMMISSION/BOARD WILL BENEFIT THE SCHOOLS IN THE CITY OF LAKE WORTH BEACH. (150 WORDS OR LESS)

I feel like I can bring a perspective of both a teacher and a resident of LWB to this Board position. Although I work at Bak MSOA now, I taught at Lantana Elementary and Palm Springs Middle School before going to Bak MSOA 4 years ago. Before that, I taught in San Francisco, CA, and Buffalo, NY. I only taught at Title I schools before Bak MSOA. I am familiar with the unique struggles Title I schools (students, staff, and facilities) undergo and would like to be part of making our Lake Worth Beach Schools the best place to learn and work. Having good schools is imperative to improving the image of the City as well as attracting homebuyers and thus, taxpayers to our City.

**WHAT EXPERIENCE DO YOU HAVE WITH SCHOOLS, ORGANIZATIONS, CIVIC GROUPS, OR CLUBS THAT WOULD BE BENEFICIAL TO THIS COMMISSION/BOARD? HOW CAN WE BE MORE RESPONSIVE TO TRADITIONALLY UNDERSERVED COMMUNITIES? (150 WORDS OR LESS)**

Besides my experience in education, I have served on the Board of the College Park Neighborhood Association for the past 5 years. I am familiar with Roberts Rules of Order and am comfortable attending and leading meetings and discussions. Being part of this board would allow me to be directly involved in making a change in the city I love. This Board will give us the opportunity to really listen to what the schools are struggling with and be able to reach out to community partners and City residents to help meet the needs of the students in the schools - whether that be through supply drives, mentorships, fundraisers, or organizing volunteers. Schools should be the heartbeat of the community and we have the opportunity to devote time and resources to the LWB schools. I want to be a part of this effort.

I am available to meet monthly, attend SAC meetings that meet in the evenings, and have the time to commit to actually making a positive change in the relationship between the city and the schools.

**BRIEFLY STATE THE REASONS WHY YOU FEEL YOUR APPOINTMENT TO THIS COMMISSION/BOARD WILL BENEFIT THE SCHOOLS IN THE CITY OF LAKE WORTH BEACH. (150 WORDS OR LESS)**

Part of my contribution to this board will include helping our city craft (and foster already existing) K-12 experiences that improve the retention and graduation rates of our young people who choose to attend college. Additional contributions include assisting with the creation of success strategies for 1. students choosing to enter the work place after high school 2. assisting with parent involvement in their children's educational success 3. listening to the ideas of other commission members in an effort to create fruitful education strategies.

**WHAT EXPERIENCE DO YOU HAVE WITH SCHOOLS, ORGANIZATIONS, CIVIC GROUPS, OR CLUBS THAT WOULD BE BENEFICIAL TO THIS COMMISSION/BOARD? HOW CAN WE BE MORE RESPONSIVE TO TRADITIONALLY UNDERSERVED COMMUNITIES? (150 WORDS OR LESS)**

I have over two decades experience in higher education and consistently see growing numbers of first year students underprepared for college level work. To address this, I have created multiple classroom and administrative strategies to help these students succeed at the college level. I would like to work with and listen to others on this committee to create activities that will provide K-12 students the same success.

Regarding the second question: combining listening to multiple perspectives/experiences of underserved communities with the skill sets of different City of Lake Worth Beach citizens will help us better serve the educational needs of underserved communities.

**BRIEFLY STATE THE REASONS WHY YOU FEEL YOUR APPOINTMENT TO THIS COMMISSION/BOARD WILL BENEFIT THE SCHOOLS IN THE CITY OF LAKE WORTH BEACH. (150 WORDS OR LESS)**

My 2 kids are just leaving the PBC Schools and I see some of the issues we had follow some of the challenges the district has faced. My kids are the 3rd generation born in PBC at Good Sam on my wife's side and I am the third generation to own a home in Palm Beach. We have long family ties to the county and believe strongly in education and education funding. I have employed many graduates of the PBC school system and see some of the struggles they have after high school, especially if they are not college bound.

Lake Worth is a unique town in fact that it has committed itself to the arts and has really benefited from this commitment. Yet its schools do not seem to take advantage or reflect that commitment. The arts are a vital part of a child's education and visiting Lake Worth on a weekend is a treat for any child. However, the children of Lake Worth are not brought into this as a community. Organizations like the Armory and the Benzaiten Glass can do cooperative programs with schools after hours and on weekends.

I interview students for Cornell University and I hear about the College Counseling in LW. It is NOT working. It is demoralizing. Advisors and Counselors need help and people in the community can help with this as they do in many other schools. Mentors, learning what colleges want, letting kids know that trades are as much careers as lawyers and they should have pride in their choices. This is not happening.

**WHAT EXPERIENCE DO YOU HAVE WITH SCHOOLS, ORGANIZATIONS, CIVIC GROUPS, OR CLUBS THAT WOULD BE BENEFICIAL TO THIS COMMISSION/BOARD? HOW CAN WE BE MORE RESPONSIVE TO TRADITIONALLY UNDERSERVED COMMUNITIES? (150 WORDS OR LESS)**

I am no on my 5th term on the Cornell University Trustee Council, that is 24 years. I was the youngest person ever appointed to the Council. Two years ago I assisted the Middle School of the Arts Foundation by heading up a committee to rethink its mission and how it should fund raise. The Foundation has implemented the new mission and it has helped get the teachers to buy in and help the Foundation raise money. I was a government major in college. In 1995 I started a business and today my company works in 50+ countries dealing with the United Nations and USAID.
