Planning & Zoning Commission Regular Meeting

Wednesday, March 08, 2023 at 6:30 PM

Manor City Hall, Council Chambers, 105 E. Eggleston St.

AGENDA

CALL TO ORDER AND ANNOUNCE A QUORUM IS PRESENT

PUBLIC COMMENTS

Non-Agenda Item Public Comments (white card): Comments will be taken from the audience on non-agenda related topics for a length of time, not to exceed three (3) minutes per person.

*Agenda Item Public Comments (yellow card): Comments will be taken from the audience on non-agenda and agenda items combined for a length of time, not to exceed five (5) minutes total per person on all items, except for Public Hearings. Comments on Public Hearing items must be made when the item comes before the Board/Commission/Committee and, not to exceed two (2) minutes per person. **No Action or Discussion May be Taken by the Board/Commission/Committee during Public Comments on Non-Agenda Items.***

To address the Board/Commission/Committee, please complete the white or yellow card and present it to the city staff designee prior to the meeting.

PUBLIC HEARING

- 1. Conduct a public hearing Regarding the submission of a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).**

Applicant: Jackson Walker

Owner: Krantz Properties

- 2. Conduct a public hearing on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and sixty one (361) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.**

Applicant: Kimley Horn

Owner: SG Land Holdings, LLC

- 3. Conduct a public hearing on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.**

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

CONSENT AGENDA

All of the following items on the Consent Agenda are considered to be self-explanatory by the Planning and Zoning Commission and will be enacted with one motion. There will be no separate discussion of these items unless requested by the Chairperson or a Commission Member; in which event, the item will be removed from the consent agenda and considered separately.

- 4. Consideration, discussion, and possible action to approve the minutes of February 8, 2023, P&Z Commission Regular Meeting.**

REGULAR AGENDA

- 5. Consideration, discussion, and possible action on a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).**

Applicant: Jackson Walker

Owner: Krantz Properties

- 6. Consideration, discussion, and possible action on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and sixty one (361) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.**

Applicant: Kimley Horn

Owner: SG Land Holdings, LLC

- 7. Consideration, discussion, and possible action on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.**

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

- 8. Consideration, discussion, and possible action on a Final Plat for the Monarch Ranch Subdivision Phase 1, one hundred and forty one (141) lots on 44.680 acres, more or less, and being located near Gregg Lane and FM 973, Manor, TX.**

Applicant: Jamison Civil Engineering

Owner: Monarch Ranch at Manor, LLC

9. Consideration, discussion, and possible action on a Final Plat for the Shadowview Commercial Subdivision Section 3, three (3) lots on 16.725 acres, more or less, and being located near Gregg Manor Road and Hill Lane, Manor, TX.

Applicant: Kimley-Horn & Associates

Owner: Cottonwood Holdings, LTD

10. Consideration, discussion, and possible action on a Final Plat for the Palomino Subdivision, one hundred sixteen (116) residential lots on 42.933 acres, more or less, and being located near FM 973 and Johnson Road, Manor, TX.

Applicant: BGE, Inc.

Owner: Continental Homes of Texas, LP

11. Consideration, discussion, and possible action on Setback Waivers for Lots 1, 2, 3, and 4, Block 2, Town of Manor, locally know as 301, 303, 305, 307 W. Lane Ave, to reduce the front setback to 20', rear setback to 10, and side setback to 5'.

Applicant: Brenda Perez

Owner: Brenda Perez

ADJOURNMENT

In addition to any executive session already listed above, the Planning & Zoning Commission reserves the right to adjourn into executive session at any time during the course of this meeting to discuss any of the matters listed above, as authorized by Texas Government Code Section §551.071 (Consultation with Attorney), §551.072 (Deliberations regarding Real Property), §551.073 (Deliberations regarding Gifts and Donations), §551.074 (Personnel Matters), §551.076 (Deliberations regarding Security Devices) and §551.087 (Deliberations regarding Economic Development Negotiations).

CONFLICT OF INTEREST

In accordance with Section 12.04 (Conflict of Interest) of the City Charter, "No elected or appointed officer or employee of the city shall participate in the deliberation or decision on any issue, subject or matter before the council or any board or commission, if the officer or employee has a personal financial or property interest, direct or indirect, in the issue, subject or matter that is different from that of the public at large. An interest arising from job duties, compensation or benefits payable by the city shall not constitute a personal financial interest."

Further, in accordance with Chapter 171, Texas Local Government Code (Chapter 171), no Planning & Zoning Commission member and no City officer may vote or participate in discussion of a matter involving a business entity or real property in which the Planning & Zoning Commission member or City officer has a substantial interest (as defined by Chapter 171) and action on the matter will have a special economic effect on the business entity or real property that is distinguishable from the effect on the general public. An affidavit disclosing the conflict of interest must be filled out and filed with the City Secretary before the matter is discussed.

POSTING CERTIFICATION

I, the undersigned authority do hereby certify that this Notice of Meeting was posted on the bulletin board, at the City Hall of the City of Manor, Texas, a place convenient and readily accessible to the general public at all times and said Notice was posted on the following date and time: Friday, March 3, 2023, by 5:00 PM and remained so posted continuously for at least 72 hours preceding the scheduled time of said meeting.

/s/ Lluvia T. Almaraz, TRMC
City Secretary for the City of Manor, Texas

NOTICE OF ASSISTANCE AT PUBLIC MEETINGS:

The City of Manor is committed to compliance with the Americans with Disabilities Act. Manor City Hall and the Council Chambers are wheelchair accessible and accessible parking spaces are available. Requests for accommodations or interpretive services must be made 72 hours prior to this meeting. Please contact the City Secretary at 512.215.8285 or e-mail lalmaraz@manortx.gov

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Conduct a public hearing Regarding the submission of a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).

Applicant: Jackson Walker

Owner: Krantz Properties

BACKGROUND/SUMMARY:

This property is currently in our ETJ but has filed an annexation petition. They are requesting MF-2 Multi-family 25 zoning upon annexation. The property is majority impacted by a floodplain so on the Future Land Use Map it is designated as open space but is the adjacent area is Commercial Corridor. The frontage on US 290 for this property is also limited by the creek and bridge, reducing the accessible frontage to approximately 75 feet.

LEGAL REVIEW: *Not Applicable*

FISCAL IMPACT: *NO*

PRESENTATION: *NO*

ATTACHMENTS: *YES*

Re: 14807 East Hwy 290 Manor, Texas – Annexation and Zoning Application for APPROXIMATELY 22.78 acres being out of an a portion of the A.C. CALDWELL SURVEY NO. 52, Abstract No. 154, in Travis County, Texas, and being the same property called 22.65 acres as described in a Deed recorded in Volume 10302, Page 548, Real Property Records of Travis County, Texas. (*the “Property”*)

Dear Mr. Dunlop:

We are submitting zoning and annexation applications for the Property. We are requesting MF-2 zoning and intend to develop the Property as a residential multi-family housing project.

The Property is currently in the City’s ETJ. The Property is identified as parks/open space on the FLUM and is along the commercial corridor as identified in the City of Manor draft Comprehensive Plan. Adjacent property uses are commercial corridor to the west and south, parks/open space to the east, and neighborhood to the north on the opposite side of Hwy. 290. Residential multi-family is the highest and best use of the Property based on the configuration of the Property and environmental conditions on the site.

The following documents are included with the application for voluntary annexation:

1. Signed and notarized Annexation Request and Petition;
2. Metes and bounds description of the property;
3. Property survey;
4. General Warranty Deed; and,
5. Signed Agreement Regarding Post-Annexation Provision of Services.

The following documents are included with the zoning application:

1. General Warranty Deed;
2. Tax Map showing property owners within 300 feet;
3. Mailing labels of property owners within 300 feet;
4. Metes and bounds description of the property; and
5. Property survey.

The annexation and zoning of this property will promote a safe, orderly, healthy, and vibrant development, as well as providing enhanced housing for the local community and the region.

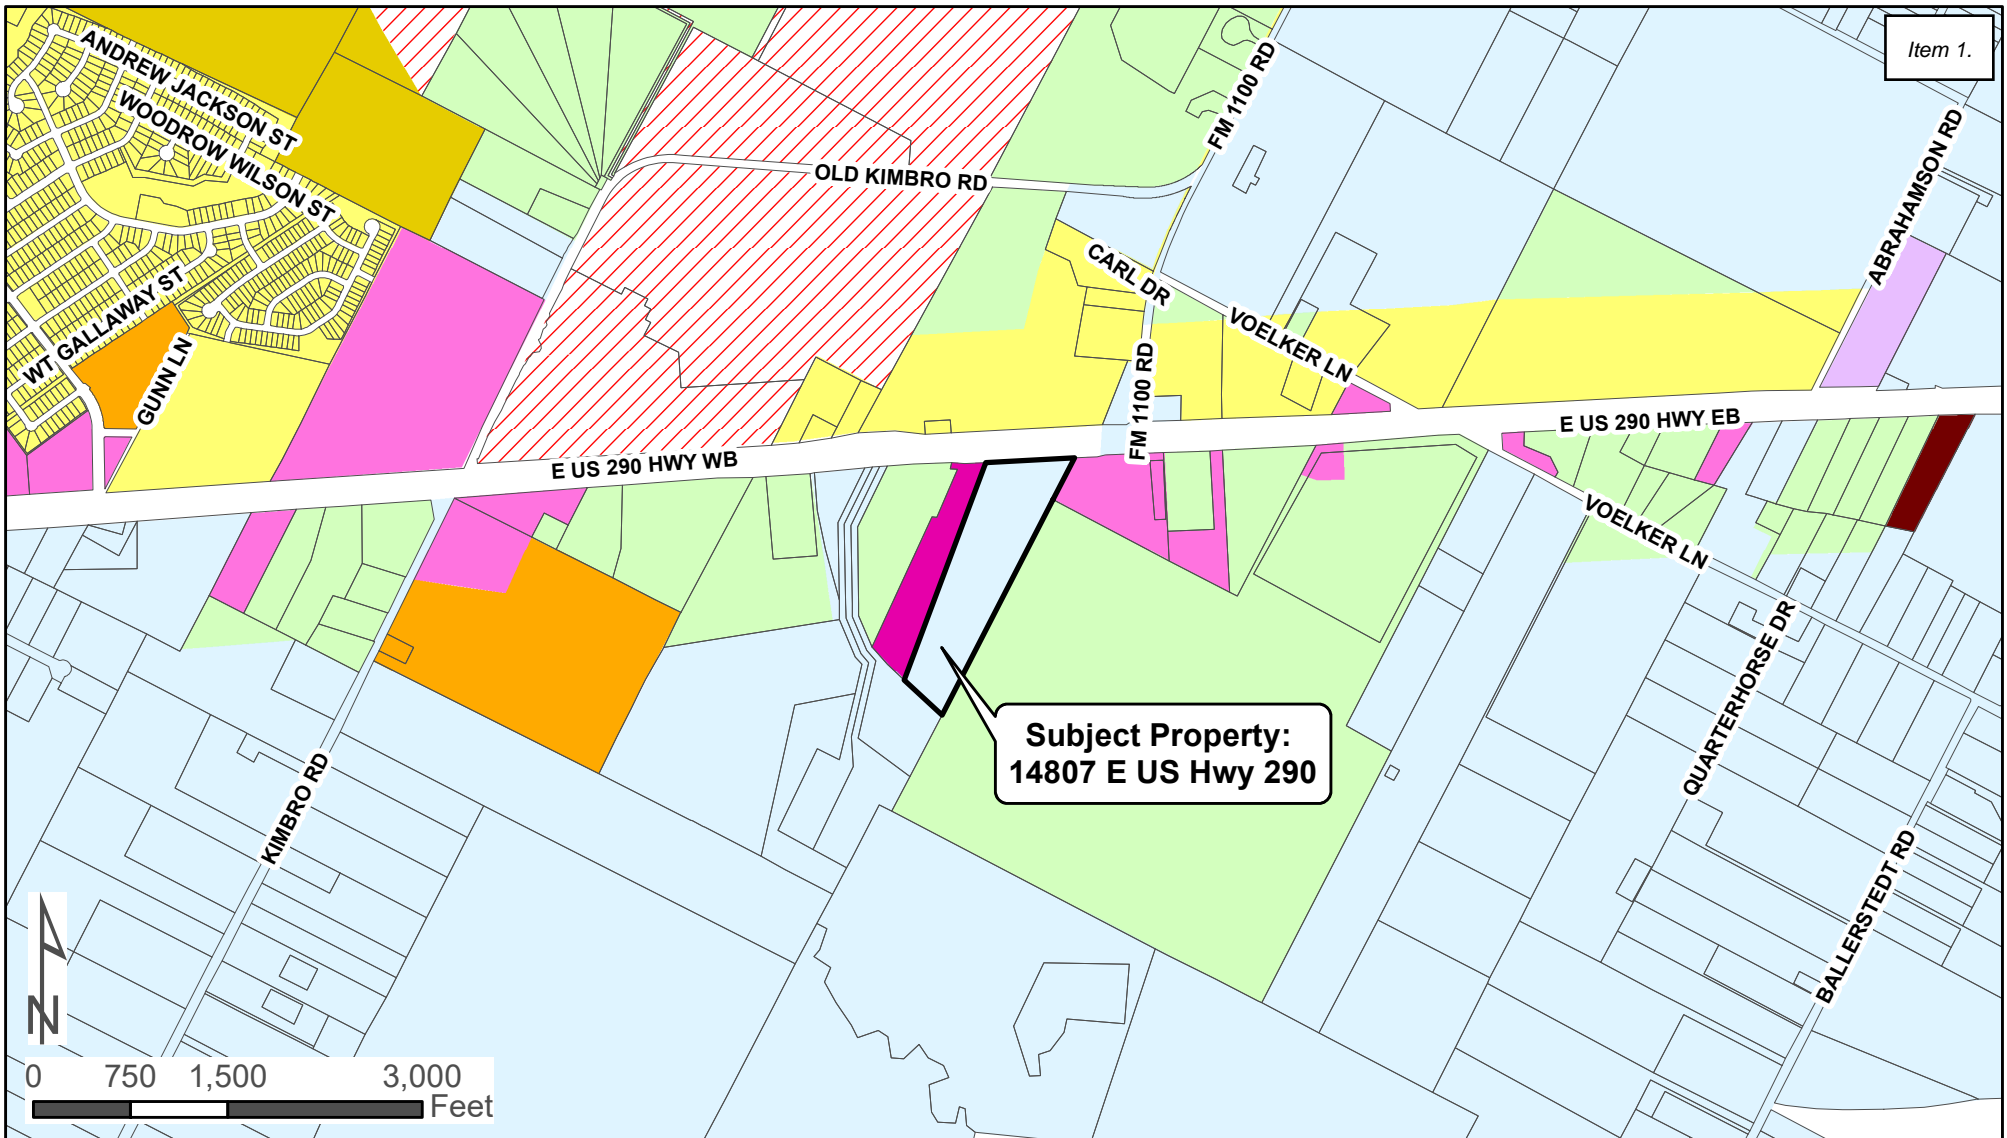

Please contact me if you have any questions.

Sincerely,

Pamela Madere

Map 3.1.Future Land Use Map

COMMERCIAL CORRIDOR

Commercial Corridors consist of nonresidential land uses that meet the needs of both local and regional residents. This includes big box stores and multi-tenant commercial or retail uses.

They are typically located along high volume roadways or at high volume intersections and generate large amounts of sales tax revenue.

Commercial corridors often consist of traditional and suburban commercial development with large surface parking lots that front a major roadway or highway.

While it is recognized these corridors rely upon automobile accessibility and exposure, development should seek opportunities to leverage different forms with elements of mixed-use within the non-residential use framework. This introduces walkability for people once they arrive, reducing the number of trips and increasing the area's appeal as a destination.

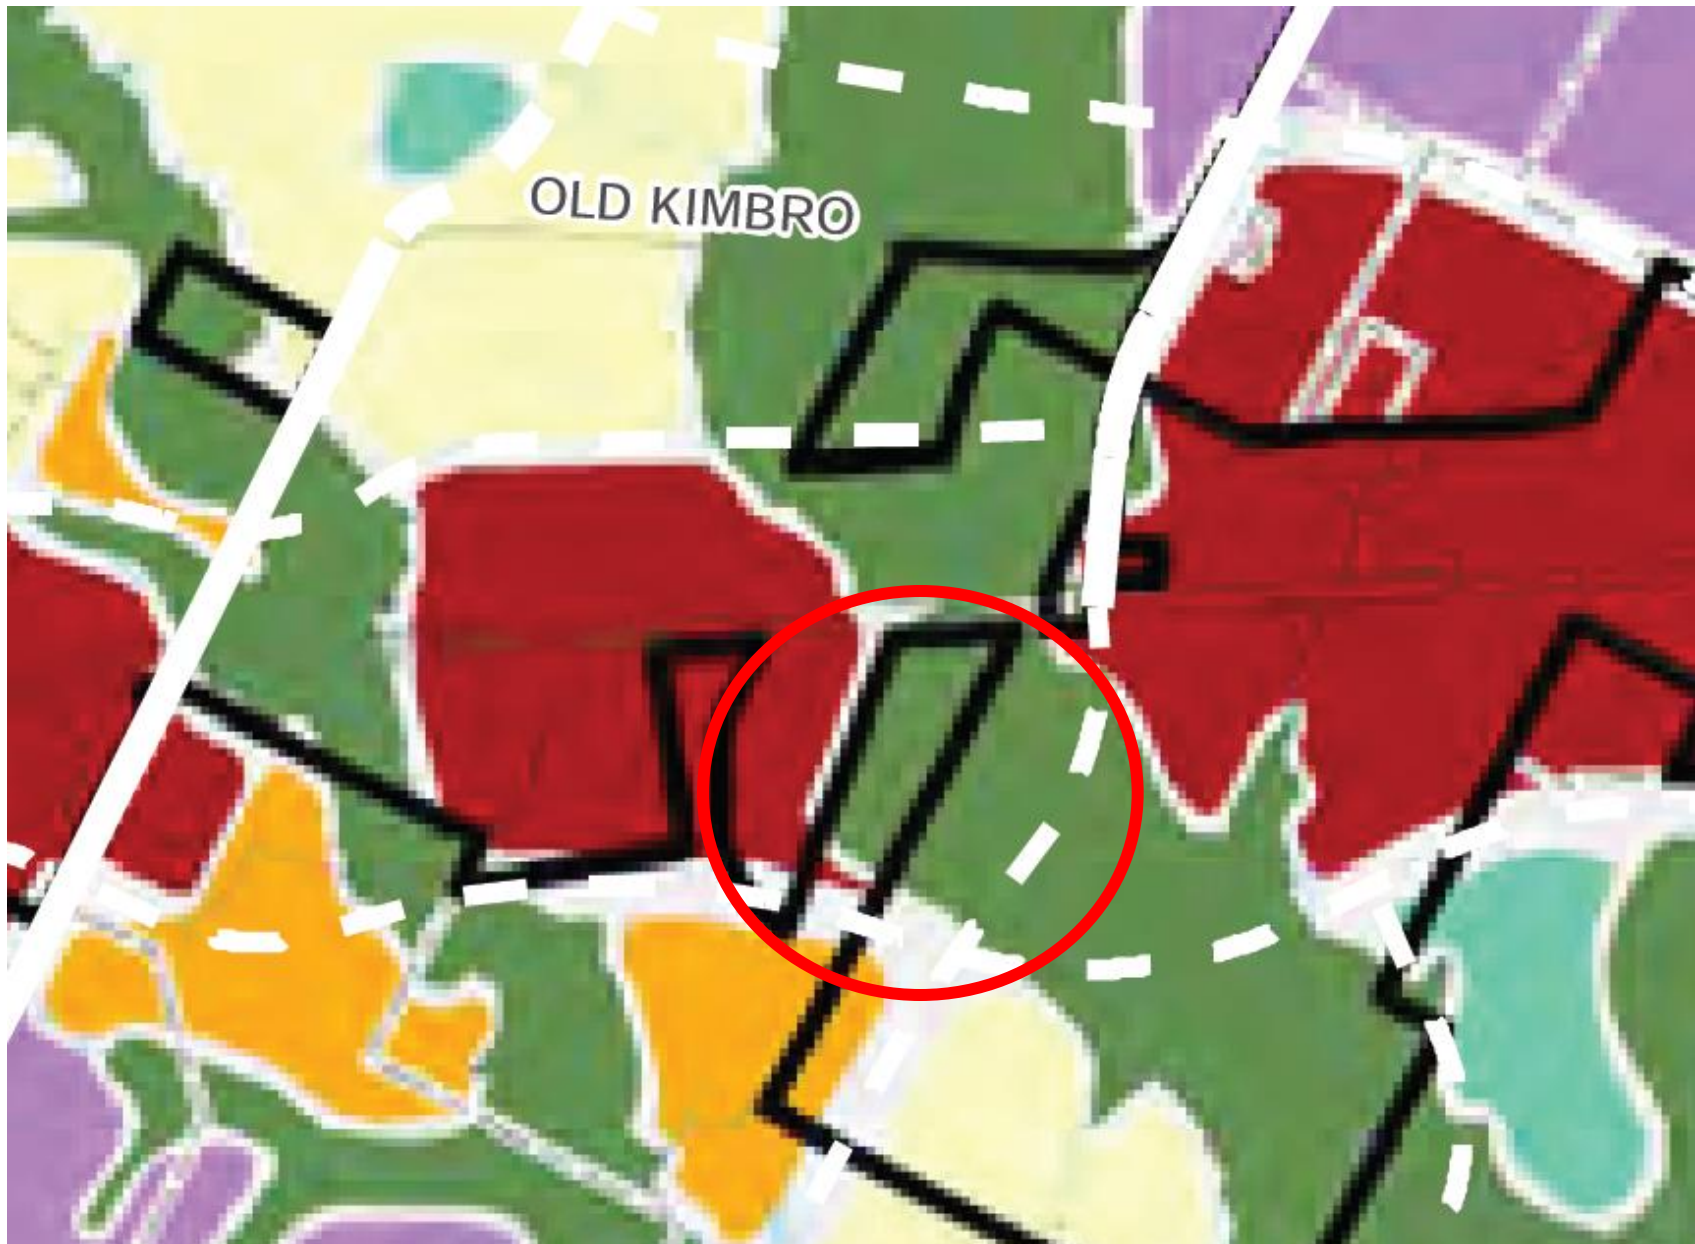

This district is especially appropriate for several needs that residents of Manor currently look elsewhere to provide, including:

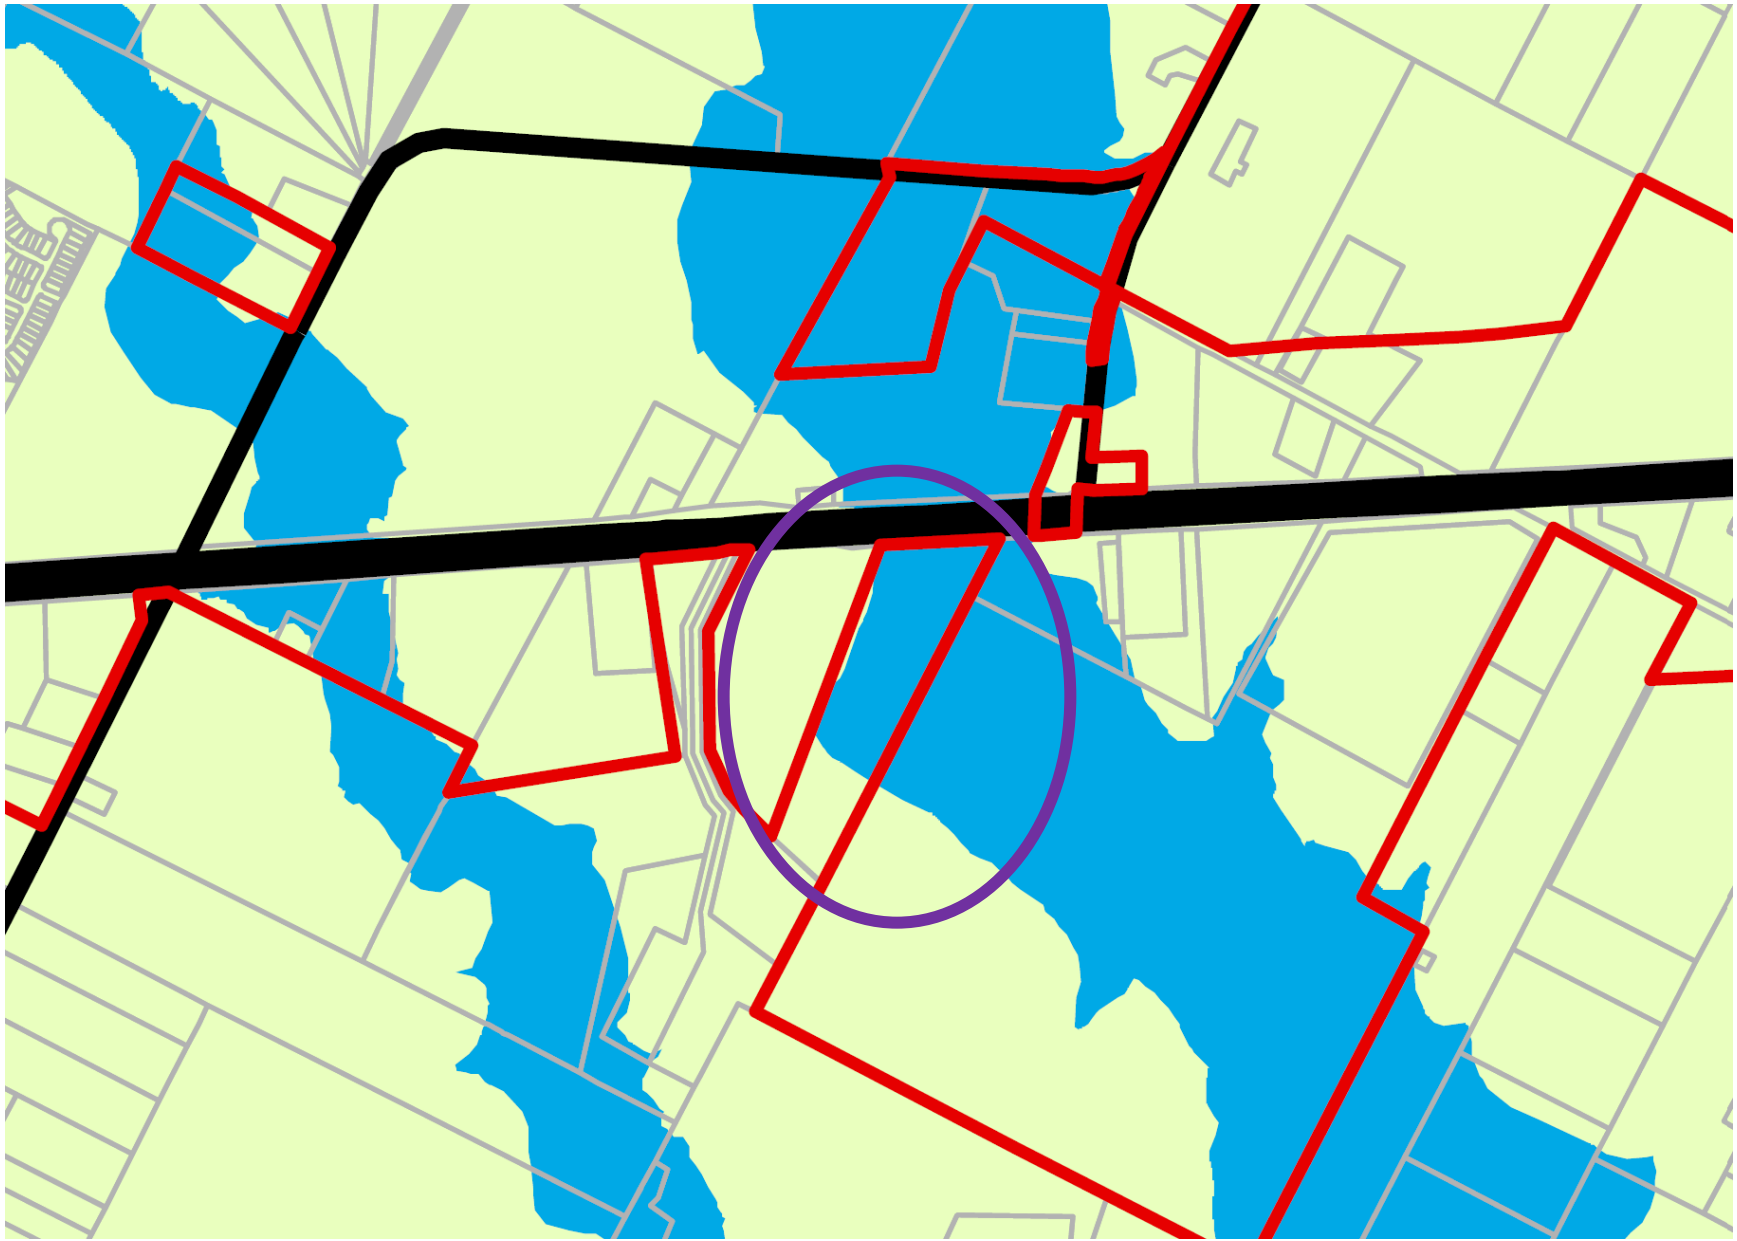

- Healthcare services, including hospitals.
- Retail and entertainment.
- Specialized facilities that support workforce and skills development, such as information technology, skilled trades and advanced manufacturing.

Figure 3.6. Commercial Corridor Land Use Mix Dashboard

DEVELOPMENT TYPE	APPROPRIATENESS	CONDITIONS
Single-Family Detached (SFD)	●○○○○	Not considered appropriate, as the Commercial Corridors are generally oriented towards uses that rely on access and visibility to major roadways and highways and residential is not encouraged along the major roadways and highways for environmental justice and quality of life reasons. The activity and traffic generated by Commercial Corridor uses is not compatible with residential housing.
SFD + ADU	●○○○○	
SFA, Duplex	●○○○○	
SFA, Townhomes and Detached Missing Middle	●○○○○	
Apartment House (3-4 units)	●○○○○	
Small Multifamily (8-12 units)	●○○○○	
Large Multifamily (12+ units)	●○○○○	
Mixed-Use Urban, Neighborhood Scale	●●●○○	May be nonresidential mixed-use, such as office over retail or some residential can be appropriate if deeper within a site and less proximate to the major roadways. Residential mixed-use can also be appropriate to support transition to adjacent, lower density or residential areas. To note, mixed-use buildings are typically considered the highest fiscally performing development type on a per-acre basis.
Mixed-Use Urban, Community Scale	●●●○○	
Shopping Center, Neighborhood Scale	●●●●●	Appropriate overall.
Shopping Center, Community Scale	●●●●●	
Light Industrial Flex Space	●●○○○	Not considered appropriate due to limited potential for sales tax revenue generation and lower dependence on direct exposure to major roadways; can be appropriate if deeper within a site and less proximate to the major roadways, but should not be predominant use.
Manufacturing	●○○○○	Not considered appropriate.
Civic	●●●●●	Considered supportive to the function of this future land use category; likely more functional facilities, such as utilities, rather than people-centered or community serving facilities.
Parks and Open Space	●●●●●	Generally considered appropriate or compatible within all Land Use Categories.

Notification for a Subdivision Rezoning Application

Project Name: 14807 E US 290 Rezoning A to MF-2
 Case Number: 2022-P-1499-ZO
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission and Manor City Council will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a rezoning application for 14807 E US 290, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing Regarding the submission of a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).

Applicant: Jackson Walker

Owner: Krantz Properties

The Planning and Zoning Commission will meet at 6:30PM on March 8, 2023 at 105 East Eggleston Street in the City Hall Council Chambers.

The Manor City Council will meet at 7:00PM on March 15, 2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Rezoning Application has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Conduct a public hearing on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and sixty one (361) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.

Applicant: Kimley Horn

Owner: SG Land Holdings, LLC

BACKGROUND/SUMMARY:

This plat has been approved by our engineers. It is part of Phase 3 of Shadowglen, which is the final phase. This phase has 6 sections, this is for sections 1 and 2 that are along Rector Loop. The two sections include 354 single family lots.

LEGAL REVIEW: *Not Applicable*

FISCAL IMPACT: *NO*

Jason.Reece@kimley-horn.com

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor, TX. 78653

Dear Jason Reece,

The first submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan (*Preliminary Plan*) submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(2)(iii), Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.
2. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(2)(vii), the locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.
3. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(iii), the locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights-of-way; and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat.
4. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vii), Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.
5. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(viii), Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:
 - a) 1:2 for Significant Trees eighteen (18) inches in caliper and larger, and
 - b) 1: 1 for Significant Trees between eight (8) and eighteen (18) in caliper.
 - c) Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval.
6. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.
7. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vi), the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided.
8. Some of the drawings appear to be cut off. Adding matchlines where applicable may help to clarify where each section is located.
9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2.

10. Clearly differentiate between existing and proposed waterline and wastewater lines.
11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.
12. The following comments pertain to the requested variances:
 - i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be 8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.
 - ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20%=60 ft, 20%=55 ft, 20%=50 ft and 25%=40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.
 - iii. Is taken from the DA and is fine.
 - iv. Is taken from the DA and is fine.
 - v. Is taken from the DA and is fine.
 - vi. Is taken from the DA and is fine.
 - vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?
 - viii. Clarify what was revoked.
 - ix. Would full construction plan sets be submitted for the pathways?
 - x. Is ok.
 - xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.
13. There appears to be now variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended.
14. It is highly unlikely that any waivers to deviate from the DA will be granted.
15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and 8.5 acre community park is required.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

11/14/2018 4:58:19 PM

**RE: Preliminary Plan for Shadowglen Phase 3 (Permit No. 2018-P-1154-PP)
Section 1 & 2
Manor, Texas 78653**

Dear Ms. Gray:

Please accept this Comment Response Letter for the above reference project. This submittal is in response to the comments provided by the City of Manor on November 14, 2018. The original comments have also been included below, for reference.

Comment 1. Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.

Response: A tree survey has been included with this submittal.

Comment 2. The locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.

Response: All existing utilities have been shown and labeled.

Comment 3. The locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights-of-way; and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat

Response: Proposed street names, easements, right-of-way and dimensions have been shown on the Preliminary Plan.

Comment 4. Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.

Response: All Significant Trees within the project limits to remain and/or removed have been shown with this submittal.

Comment 5. The Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:

- a) 1:2 for Significant Trees eighteen (18) inches in caliper and larger, and
- b) 1:1 for Significant Trees between eight (8) and eighteen (18) in caliper.
- c) Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval

Response: **The Development Agreement requires a minimum of 2 – 2” caliper trees to be planted for each residential lot.**

Comment 6. A Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.

Response: **TIA Scope has been approved and will be submitted as soon as it has been completed.**

Comment 7. Provide the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided

Response: **Lengths are depicted for each proposed property line for all lots except for future lots on Sheet 3 & 4. Area for every lot is provided in Sheet 5.**

Comment 8. Some of the drawings appear to be cut off. Adding match lines where applicable may help to clarify where each section is located

Response: **Match lines have been added. In addition, a Key Map is provided on each sheet where drawings are cut off.**

Comment 9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2.

Response: **The MUD that will serve the proposed project is Wilbarger Creek M.U.D. #1 and is noted in Note 3 on Sheet 2.**

Comment 10. Clearly differentiate between existing and proposed waterline and wastewater lines.

Response: **All proposed utilities are shown in bold and existing utilities are thin.**

Comment 11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.

Response: **The proposed wastewater connection tie-in location is shown on Sheet EX-L and the proposed water tie-in locations are shown on Sheet EX-J.**

Comment 12. The following comments pertain to the requested variances:

- i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be

8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.

Response: This information was shown on the Cover Sheet (Sheet #1) just under the Vicinity Map.

- ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20%=60 ft, 20%=55 ft, 20%=50 ft and 25%=40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.

Response: This information was shown on the Cover Sheet (Sheet #1) just under the Vicinity Map.

- iii. Is taken from the DA and is fine.

Response: Noted

- iv. Is taken from the DA and is fine.

Response: Noted

- v. Is taken from the DA and is fine.

Response: Noted

- vi. Is taken from the DA and is fine.

Response: Noted

- vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?

Response: The report and development plan were submitted with the initial submittal of the Preliminary Plan review.

- viii. Clarify what was revoked.

Response: This noted was copied from Phase 2 Preliminary Plan. This note has been removed.

- ix. Would full construction plan sets be submitted for the pathways?

Response: Yes, a full separate construction plan set will be submitted for the pathways.

- x. Is ok.

Response: Noted

- xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.

Response: This noted was copied from Phase 2 Preliminary Plan. There are no new variance being requested. The variance as discussed in the general notes refers to the existing approved PUD variances.

Comment 13. There appears to be now variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended

Response: No additional waivers to deviate from the Development Agreement are being requested at this time.

Comment 14. It is highly unlikely that any waivers to deviate from the DA will be granted.

Response: No additional waivers to deviate from the Development Agreement are being requested at this time.

Comment 15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and 8.5-acre community park is required.

Response: Lot 1 in Section 1 (7.7 acres) will be utilized for the amenity center and detention pond. The subsequent sections of Shadowglen Phase 3 will satisfy the remaining parkland requirements.

Please contact me at 512-551-1839 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor 78653

Dear Jason Reece,

The subsequent submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B. We can offer the following comments based upon our review (satisfied comments stricken, new or outstanding comments in bold):

Engineer Review

The following comments have been provided by Pauline Gray, P.E.. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(2)(iii), Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.~~
2. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(2)(vii), the locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.~~
3. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(iii), the locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights of way, and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat.~~
4. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(vii), Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.~~
5. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(viii), Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:~~
 - a) ~~1:2 for Significant Trees eighteen (18) inches in caliper and larger, and~~
 - b) ~~1: 1 for Significant Trees between eight (8) and eighteen (18) in caliper.~~
 - c) ~~Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval.~~

6. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. ~~A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.~~

~~7. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vi), the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided.~~

~~8. Some of the drawings appear to be cut off. Adding matchlines where applicable may help to clarify where each section is located.~~

9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2. (See upper left corner of sheet).

~~10. Clearly differentiate between existing and proposed waterline and wastewater lines.~~

~~11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.~~

12. The following comments pertain to the requested variances:

- i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be 8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.
- ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20% = 60 ft, 20% = 55 ft, 20% = 50 ft and 25% = 40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.
- iii. Is taken from the DA and is fine.
- iv. Is taken from the DA and is fine.
- v. Is taken from the DA and is fine.
- vi. Is taken from the DA and is fine.
- vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?
- viii. Clarify what was revoked.
- ix. Would full construction plan sets be submitted for the pathways?
- x. Is ok.
- xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.

~~13. There appears to be a new variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended.~~

~~14. It is highly unlikely that any waivers to deviate from the DA will be granted.~~

15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and an 8.5 acre community park is required. The 8.5 acres is shown on the park plan as a contiguous tract that is 100% non-floodplain and contains only approved "Parkland Infrastructure". Lot 1 in Section 1 is shown as open space on the park plan, which is separate from the required community park space, and the lot contains detention facilities which are not approved "Parkland Infrastructure" for a community park. Any lot proposed to meet the "Additional Land" requirement of the DA should be labeled as only "Additional Land" or "Upland Park" with separately defined acreage from any open space or drainage lots.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Should you have questions regarding specific comments, please contact the staff member referenced under the section in which the comment occurs. Should you have questions or require additional information regarding the plan review process itself, please feel free to contact me directly. I can be reached by telephone at (737) 247-7557, or by e-mail at pgray@gbateam.com.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Re: Traffic Impact Analysis for
Shadowglen Phase 3 Sections 1 and 2
July 2019 Submittal

Dear Mr. Rojas,

The traffic impact analysis submitted Kimley-Horn and received by our office on July 2, 2019, has been reviewed for compliance with the City of Manor Subdivision and Zoning Ordinances. The analysis report is in general conformance with the Ordinances with the following exceptions:

1. Greg Manor is spelled Gregg Manor. The spelling error should be corrected throughout the submittal.
2. The analysis is for existing conditions and the full build out year of 2023 without any phasing. Please identify when the infrastructure improvements will be built. We recommend revising the TIA document to reflect a phased construction of the site.
3. The third paragraph on Page iv states "... and agreed upon with the Travis County and City of Manor. Clarify what was agreed upon.
4. The proposed bridge is required in order for the development to be constructed and should not be counted as a traffic mitigation.
5. Proposed mitigations, phasing and funding of proposed mitigation improvements will need to be determined prior to TIA approval. A meeting will need to be set up with City of Manor, Travis County and TxDOT to discuss proposed mitigations.
6. The proposed mitigation costs for signal installations should be adjusted to a minimum of \$400,000.
7. The bridge to be constructed with Shadowglen Phase 3 is not a mitigation. Improvements internal to the site are not mitigation and should not be counted as mitigations.

8. Clarify if the TIA is for all of Shadowglen Phase 3.
9. The Concept Plan included with the submittal lists 1036 residential lots while the TIA lists 1040.
10. The traffic count data included in the report includes only the time period used in the analysis. All collected traffic count data must be provided as justification for using the selected periods.
11. The background development land use information for Lagos does not match what has been submitted with the TIA for Lagos.
12. Table 2 on Page 5 lists the project name as Ventura Parmer.
13. Clarification should be made as to why some of the trip distributions on the Exhibit page 4 show 0%.
14. In Table 7 there are intersections at build out that are have a LOS of A but a worse LOS with mitigations.
15. Mitigated Build Out Peak Hour delays and intersection levels of service are not sufficiently mitigated to the No Build Peak Hour delays and intersection levels of service. Revise mitigations accordingly to achieve adequate mitigation of delays and levels of service.
16. The report indicates that the level of service for several intersections in 2023 is expected to be level F. The adopted Austin Transportation Criteria Manual (TCM) considers an F level of service unacceptable. The report must include proposed improvements that will raise the level of service to an acceptable level.
17. In Table 9 there are proposed mitigation measures to add 200 or 250 feet of right turn lane but with difference unit costs for the same installation. This is true for the proposed traffic signal installations as well.
18. Grove is misspelled in Table 9.
19. Comments from Travis County and TxDOT have not been included with this review letter.
20. The report must be sealed by a licensed engineer (in the state of Texas) and include a certification statement that the report was generated in accordance with the City of Austin Transportation Criteria Manual.

Additional comments may be generated as requested information is provided. A comment response letter, indicating how each comment has been addressed, must be submitted with the resubmittal. Review of this submittal does not constitute a verification of all data, information, and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Sincerely,

Pauline M. Gray, P.E.

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor, TX. 78653

Dear Jason Reece,

The first submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan (*Preliminary Plan*) submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

THE FOLLOWING COMMENTS ARE FOR THE FIRST SUBMITTAL OF THE DETENTION WAIVER REQUEST:

- 1. The detention waiver request will need to be approved by TRAVIS COUNTY as well the City of Manor.**
2. Clarify why the Areas for the curve numbers are different for existing vs proposed in Table 3.
3. Clarify which section of the City of Austin Drainage Criteria Manual you are requesting the Waiver Request for.
4. Per the City of Austin Drainage Criteria Manual Section 1.2.2(D), stormwater runoff peak flow rates shall not be increased at any point of discharge from a site for the two (2), ten (10), 25 and 100-year storm frequency events.
5. The waiver request states that minor changes in velocity occur within Wilbarger Creek and that the changes are minor. The report states that increases in peak flows during the 2- and 25-year storm events are less than 0.02% of their existing peak flows and will have no adverse impact on Wilbarger Creek and no additional adverse flooding will take place as a result of the proposed development. Please provide calculations showing that the increased velocities will not affect erosion.
6. Provide calculations showing that the developed intensity curve numbers include streets, sidewalks and any other impervious cover items in their calculations. The residential curve numbers appear low.
- 7. PROVIDE DOCUMENTATION THAT THE WAIVER REQUEST HAS BEEN APPROVED BY TRAVIS COUNTY.**

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Traffic Impact Analysis for Shadowglen Phase 3 TIA

Please accept this *Comment Response Letter* in reply to Travis County Completion Check review, dated December 14, 2020 regarding the referenced project. Original comments have been included for reference, while Kimley-Horn responses are listed in **maroon**.

COMPLETION CHECK COMMENTS

1. Sight Distance Analysis: The TIA shall include horizontal and vertical sight distance analysis for both Stopping Sight Distance (SSD) and Intersection Sight Distance (ISD); however, only the horizontal intersection sight distance analysis was included in the report. Please include all exhibits as part of the update.

Response: Vertical sight distance figures have been included in this submittal in Appendix M along with the horizontal sight distance figures.

2. Section I.5.d requires a roadway sizing analysis for all connecting internal roadways. It appears the driveways/internal roadways weren't included in the report.

Response: A roadway sizing analysis has been included in the Phase 1 section of the report (Page 40-41) for the primary entrance roads to the Phase 1 development (2023) – called Driveway 1 and Driveway 2. The roadway sizing analysis for Driveway 3/Misty Grove Boulevard is included with the Phase 2 development (2025) of the report (Page 60).

The roadway classifications are noted on the overall site plan included as Figure 1, including notes for each classification used.

3. Section II.1 (a): Annual growth rate. Please provide printouts or screen shots of the TxDOT count maps in the appendix of the report.

Response: Growth rate calculations and the relevant TxDOT historical data has been included in Appendix C.

The growth rate table included shows an average growth rate of 9%; however, we are proposing a 3% growth rate as a more realistic growth rate to be sustainable over a 5-year development schedule. A 3% growth rate also aligns with the growth trends utilized in the background projects included in this TIA, as shown in the table below.

Project	Growth Rate
Wildhorse PUD	*
Lagos	1.00%
Equinox East	3.00%
Shadowglen PUD	2.00%
*Not included in report provided	

4. Please provide the electronic version of the NCHRP 457 spreadsheets. They appear to be missing.

Response: The Excel spreadsheets are included with this submittal.

Please contact me with questions or if additional information is required before January 4, 2021. I can be reached at 979 307 5030 or via email at allison.adams@kimley-horn.com.

Sincerely,

Allison Adams, P.E.

SUBJECT: Review Comments for Traffic Impact Analysis Report
Shadowglen – Phase 3 (Manor, TX) (1st Submittal)

As requested by the City of Manor, GBA's traffic and transportation engineers have completed a technical review of the above referenced Traffic Impact Analysis (TIA) report submitted by Kimley-Horn. This TIA report submittal was received by the City of Manor on January 8, 2021 and provided to GBA at that time. In addition, we have also reviewed your supplemental information provided in response to the Travis County Completion Check review, dated December 14, 2020.

We would offer the following comments and observations regarding both our independent review of the submitted TIA report, as well as the County's comments provided during their content review and Kimley-Horn's subsequent responses:

1. There are several minor mistakes within the report document's Table of Contents:
 - It appears that there is a gap in the report page numbering, with Pages 12-19 missing.
 - The "Trip Distribution and Assignment" description is actually provided on Page 10.
 - In the Listing of Tables, **Tables 9-10** (2023 AM/PM Queuing Summary) and **Tables 16-17** (2025 AM/PM Queuing Summary) have been omitted, and items from **Table 9** to **Table 21** have been mislabeled as a result.
2. We find the submitted TIA report to be in general compliance with the Scope & Study Area guidance provided by Travis County personnel, as depicted in **Appendix A**, but would offer these observations:
 - We generally concur with the "factoring" of the existing traffic counts, including Kimley-Horn's COVID adjustment process and the use of some historical traffic growth factors to adjust 2019 traffic counts to current conditions (see further discussion of utilized traffic growth factors provided below in comment #4).
 - Please provide additional description, clarification and illustrations of the data collected for the purposes of calibrating the existing Synchro operational analyses.
 - We noted that there was an increase of 6 dwelling units proposed within the development between the scoping stage and this report submittal, resulting in negligible increases in expected trip generation of 58 daily trips, 4 total AM trips, and 6 total PM trips.
 - In **Appendix B**, the **Exhibit B1** does not explicitly provide the trip generation estimates for each adjacent approved project individually as required, nor does **Exhibit B2** allow for any tracking of site-generated trips from these adjacent projects on an individual basis with the way that these trips have been aggregated and summarized.
 - While we did note that existing traffic signal timing sheets were included within the electronic submittal package, they were not included in the Appendix of the TIA as listed in Submittal Requirement #5.
3. Please clarify the background traffic development volumes used for the purposes of this TIA. Good description is provided for the adjacent approved developments on Page 3 for the 2023

scenario. However, different (i.e., higher) assumptions for the background traffic from the adjacent approved developments may have been appropriate for the 2025 scenario.

- Was additional traffic beyond Phase 1 of the Lagos development included in the 2025 scenario, as this development progresses toward completion in 2030? If not, why?
- The Equinox East development is expected to be completed by 2027. Should additional traffic (up to 75% if linear growth is assumed) from this development have been considered for the 2025 scenario?

4. We have independently reviewed the supplemental TxDOT historical data provided by Kimley-Horn and summarized in the attached **Appendix C**. We understand that a 3% annual growth rate appears consistent with the growth trends utilized in the several background projects included in this TIA report, and why it is therefore recommended for use by Kimley-Horn. The TIA report also says that this 3% growth rate has previously received concurrence from both City and County staff.

However, our independent review of the TxDOT data in **Appendix C** indicates that annual growth rates in the range of 6% to 12% have been demonstrated over the five-year period from 2015 to 2019 at several of the nearby count stations, most notably those on US-290, Lexington Street south of US-290, and at the two locations on FM 0973 to the north of US-290. Therefore, more substantial background traffic growth has recently been demonstrated and sustained in the vicinity of this project site, and a more aggressive background growth rate may be advisable. We would note that any substantial increase in the background traffic volumes under the 2023 and 2025 development thresholds could result in additional mitigation countermeasures being required at the study intersections.

5. When reviewing the provided Trip Generation estimates in **Table 4** and **Appendix D**, we confirmed that Kimley-Horn utilized the Average Rates from ITE for Land Use 210. In this case, we concur with the use of these Average Rates since doing so represents a “conservative” approach that actually generates additional daily, AM, and PM trips from the Shadowglen – Phase 3 development.
6. Please provide additional clarification and/or justification for the intermittent usage of both ICU and HCM – 6th Ed. overall intersection Levels of Service within **Table 6**. These appear to be used interchangeably at times, and in some cases the summarized LOS values do not correlate with the provided Synchro analysis for each respective intersection? We would suggest a thorough review to ensure the completeness and accuracy of this table.
7. Regarding the traffic signal warrants provided throughout the TIA report for both the 2023 and 2025 scenarios, please provide additional clarification for your recommendations about MUTCD Peak Hour Warrant 3. If the poor operations at several of the study intersections will not be improved using traffic signalization per Kimley-Horn’s recommendations, what additional geometric and/or traffic control mitigation countermeasures should be considered, if any?
8. We have reviewed the Sight Distance Analysis provided within this TIA, both the prior horizontal measurements and the supplemental vertical analysis now included in **Appendix M**. Although the Intersection Sight Distance (ISD) condition looking west from Drive 1 onto Rector Loop is marginally deficient (i.e., by about 35 feet from the 400 feet required), in general we concur that no detrimental sight conditions are expected for egress drivers at the site access street connections onto either Rector Loop (Drives 1 and 2) or Fuchs Grove Road (Drive 3).

9. The roadway sizing analyses completed for Drives 1 and 2 during Phase 1 of this development, as well as for Drive 3 during Phase 2, appear to be complete and accurate. As noted by Kimley-Horn, the proposed roadway classifications are included on **Figure 1** provided in the TIA report.
10. We have reviewed the Excel calculation spreadsheets provided by Kimley-Horn to perform evaluations for the mainline auxiliary turn lane warrants, as described by NCHRP 457. We have independently confirmed the results of these auxiliary turn lane warrant analyses, in particular those at the location of Drive 3 onto Fuchs Grove Road (see Pages 61-63 of the TIA report) that indicate both a southbound left-turn lane and a northbound right-turn lane are warranted. These recommended mainline turn lane improvements appear to have been properly accounted within the phased mitigation plans and “pro rata” cost estimates within the TIA, with the southbound left-turn lane being accommodated by the recommended roadway widening to provide a three-lane section with a two-way left-turn lane (TWLTL) on Fuchs Grove Road from Rector Loop to Gregg Lane and the northbound right-turn lane indicated as the last item in **Table 21** on Page 75.
11. In **Tables 11-12** and **Tables 18-19**, there are numerous instances where the lane group MOEs provided (i.e., v/c ratios and movement delays) do not directly correspond with the associated LOS colorations and are misrepresented. This is especially true for many of the shared mainline through/right-turn lane groups. It would be very helpful if the overall delay and LOS results for the signalized intersections was also depicted in these tables. For the AM conditions provided in **Table 11**, the comparative overall signalized data provided references the Existing PM Peak Hour results and should instead reference the Existing AM Peak Hour MOEs in our opinion.

Again, please provide additional clarification and/or justification for the intermittent usage of both ICU and HCM – 6th Ed. overall intersection Levels of Service within these tables. These appear to be used interchangeably at times, or in some cases the summarized LOS does not correlate with either LOS found in the provided Synchro analysis for each respective intersection? We would suggest a thorough review to ensure the completeness and accuracy of these MOE summary tables.
12. The adopted Austin Transportation Criteria Manual (TCM) considers an LOS “F” to be unacceptable. The TIA report must include proposed improvements that will raise the level of service to an acceptable level. Please confirm during your review of the reported MOEs in revised versions of **Tables 11-12** and **Tables 18-19** that these acceptable levels have been achieved at all study intersections.
13. **Tables 16-17** appear to be mislabeled, as they are supposed to be indicating the “2025” AM and PM Queue and Storage Length summaries.
14. Comments from Travis County and TxDOT have not been included within this review letter.
15. Additional comments may be generated as the requested information is provided. A comment response letter, indicating how each comment has been addressed, must be submitted with the resubmittal. Review of this submittal does not constitute a verification of all data, information, and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not the City Engineers review the application for Ordinance compliance.

16. The phased mitigation cost estimates and “pro rata” cost sharing summaries may need to be reviewed pending the identification of any additional mitigation countermeasures at the study intersections.

Please feel free to contact us if you should have any questions regarding these independent review comments or need additional information.

Sincerely,

GEORGE BUTLER ASSOCIATES, INC.

**RE: Preliminary Plan for Shadowglen Phase 3 (Permit No. 2018-P-1154-PP)
Section 1 & 2
Manor, Texas 78653**

Dear Pauline Gray:

Please accept this Comment Response Letter for the above reference project. This submittal is in response to the comments provided by the City of Manor on March 27th, 2019. The original comments have also been included below, for reference. A summary of changes made since the previous submittal has also been included with this submittal.

Comment 1. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required.

Response: **Noted. The TIA for this project has been submitted and is currently in the final stages of review/approval.**

Comment 2. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2. (See upper left corner of sheet).

Response: **Noted. The MUD number has been added to Sheet 2.**

Comment 3. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and an 8.5 acre community park is required. The 8.5 acres is shown on the park plan as a contiguous tract that is 100% non-floodplain and contains only approved "Parkland Infrastructure". Lot 1 in Section 1 is shown as open space on the park plan, which is separate from the required community park space, and the lot contains detention facilities which are not approved "Parkland Infrastructure" for a community park. Any lot proposed to meet the "Additional Land" requirement of the DA should be labeled as only "Additional Land" or "Upland Park" with separately defined acreage from any open space or drainage lots.

Response: **Noted.**

Please contact me at 512-551-1839 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

A handwritten signature in blue ink, appearing to read "Jason Reece".

 Physical Address: 700 Lavaca Street; Austin, TX 78701

**Re: Project: APP-Sub 450
 Shadowglen Ph 3 Sec 1 & 2**

Dear David Peyton,

Please accept this Comment Response Letter in reply to the Traffic Engineering Division review, dated March 10th, 2022, regarding the above-referenced project. Original comments have been included below for reference. All Kimley-Horn's responses are listed in **Blue**

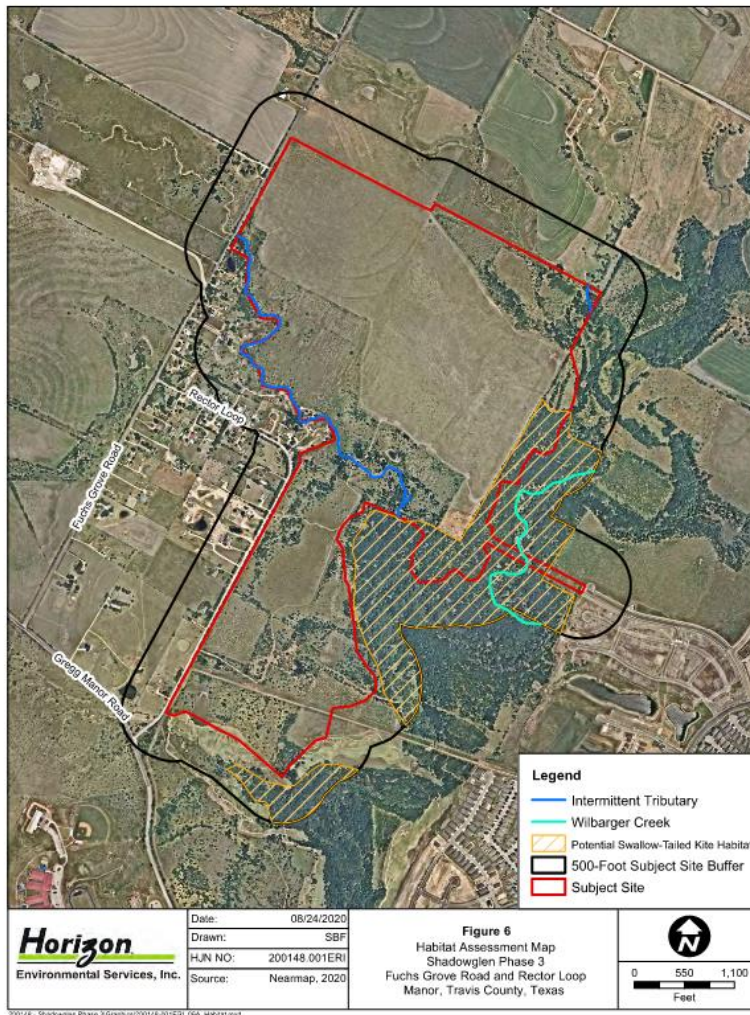

GENERAL

1. Add subdivision plat notes from 482.945.
Response: Acknowledged. Subdivision plat notes have been added to page 4 of the plat.
2. **Note:** If applicable, add a note when the preliminary plan associated with this project was approved.
Response: We are currently resubmitting for our preliminary plan for this project.

WATERWAY, CEF SETBACK AND TREE PRESERVATION

3. Provide a copy of the full environmental resource inventory more per the requirements found in 482.942.
Response: Acknowledged. A copy of the ERI has been attached with this submittal titled "Phase 3 ERI"
4. Any waterway and or critical environmental feature setback areas identified by the ERI must be shown as a protective, platted easement, and once the plat is approved by the County Executive, must be recorded by the owner in the Official Public Records of Travis County, Texas as stated in 482.914.
Response: Based on the ERI there are no CEFs or waterways within the property. See Figure 5 and 6 (sheet 17 and 18) of the ERI.

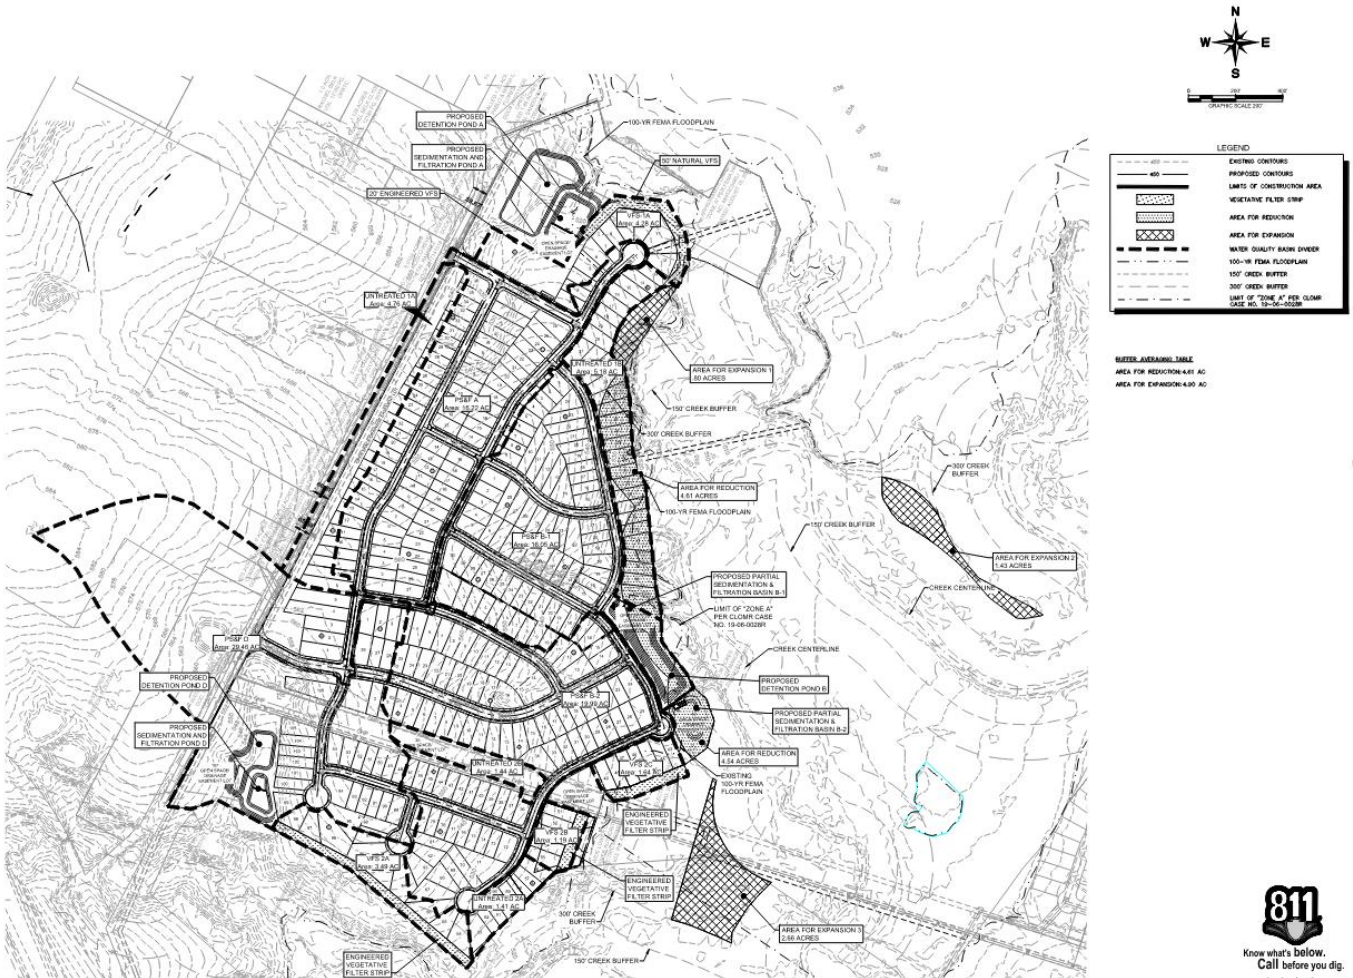

5. An exception request would need to be approved by the Division Director under 482.941.j.7. for the waterway buffer encroachments noted.

Please submit your request for approval.

Response: As discussed in our previous comment response a buffer averaging is proposed for the residential lots and Pond B located within the 300' setback per COA ECM 1.5.2.D. The 4.61ac area of reduction shown on Exhibit B will be averaged with three areas of expansion that account for a total of 4.9 acres. See exhibit G below and on sheet 12 of the prelim plan.

PERMANENT WATER QUALITY BMPs

6. Provide a general description of any future improvements (permanent water quality controls (PWQC) or storm water plan) that are planned for the site as described in Sec 482.931.b.

Response: The proposed improvements include storm network, a wet pond and 2 partial sedimentation/filtration ponds for water quality and detention as shown in the Preliminary Engineering report attached with this submittal.

7. NOTE

Clearly mark and label the location and dimensions of any easement for placement of a permanent water quality control.

A Protective Easement document has been must be submitted to postinspection@traviscountytx.gov for review and approval prior to notarizing it.

Once the easement document receives review approval, the document will be returned to be legally recorded with the County Clerk's Office. A digital recorded copy must be provided.

Response: Water Quality Easement Lots have been called out on plat and coordination has been started for easement documents. Recordation number will be provided when available.

8. Please add the following permanent water quality plat note:

As depicted on the plat, all water quality easement areas are subject to periodic inspection and monitoring by Travis County for the purpose of ensuring water quality compliance, as applicable, according to Sec. 16.014 of the Texas Water Code.

Response: Acknowledged. The note has been added to general notes as note #21.

****** PLEASE NOTE ******

1. *Additional ENV comments may be issued and based on the answers and information provided to items listed above.*
2. *Include a response to comments memo.*
3. *When resubmitting information on mypermitnow.org please include an email to david.peyton@traviscountytx.gov indicating that new information has been added to the application. **REEFERNCE YOUR APPLICATION #***

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

A handwritten signature in black ink that reads "Jacob Kondo". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Jacob Kondo, P.E.

PERMANENT WATER QUALITY BMPs

COMMENT NO.	SHEET NO.	COMMENTS
1.	-	<ul style="list-style-type: none"> - Clearly mark and label the location and dimensions of any easement for placement of a permanent water quality control. - A Protective Easement document must be submitted to postinspection@traviscountytexas.gov for review and approval prior to notarizing it. - Once the easement document receives review approval, the document will be returned to be legally recorded with the County Clerk's Office. A digital recorded copy must be provided.

NEW COMMENT 01/23/2023

Response acknowledged. Will await your resubmittal.

Response: Acknowledged.

Completeness Check Engineering Review Comments**REVIEWER: Teresa Calkins, P.E.**

Comment 10: A traffic impact analysis is required for this development. Coordinate with Travis County Traffic Division on the scope of the analysis. A phasing agreement will need to be prepared addressing the transportation improvements that will be required from the developer to mitigate the impacts of this development to the surrounding street network.

Response 10: TIA has been submitted and is in final review/approval stages.

Update comment 1/23/23: Pending. Provide a status of the review. Please be advised that the TIA review will need to be complete, and a Mitigation Agreement (if required) approved by Commissioners Court prior to approval of the Preliminary Plan. A Preliminary Plan may be determined to be complete for the purposes of beginning technical review when no more than five non-substantive TIA review comments are still outstanding.

Response: Acknowledged, the TIA review is complete.

Comment 11: Sheets 3 and 4 – Provide additional right-of-way on Rector Loop necessary to provide a total right-of-way width of 70 feet. Due to the amount of traffic generated by the development, Rector Loop will be classified as a collector. 5/23/19 – Show the additional right-of-way area on the preliminary plan and label area to be dedicated by future plats.

Response 11: ±4.1 feet of additional ROW to be dedicated per final plat has been added and called out on plan set.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 12: Sheets 3 and 4 – Label radii for all cul-de-sacs, knuckles and curb returns. Please recall that any cul-de-sac with a throat length of greater than 150 feet requires a 60 foot radius. 5/23/19 – Revise curb return and knuckle radii to meet requirements of the Transportation Criteria manual. Local with Local intersections require 15 foot radii and locals at collectors require 20 feet. Elbow radii are 40 feet to FOC with a 25 foot inside radius.

Response 12: Noted. Radii have been checked and adjusted as needed.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 13: Sheets 3 and 4 – Provide sight line easements at the following intersections: Street C at Street D; Street E at Street D; Street F at Street D; Street A at Street E; Street H at Street F; Street G at Street H and; Street J at Street I. Provide exhibits demonstrating the easements will provide minimum intersection sight distances complying with requirements of the City of Austin Transportation Criteria Manual. 5/23/19 – Per the Transportation Criteria Manual, the point of observation used to determine intersection sight distance is located 18 feet from the edge of the pavement of the intersected street; a few of the intersections provided in the exhibits do not meet this criteria. Revise the exhibits to demonstrate that the sight line easements provided at each intersection will protect the line of sight based on the observation point requirement. Also, please dimension the observation point for each intersection.

Response 13: Point of observation has been adjusted to 18 feet and dimensions have been added.

Update comment 1/23/23: Cleared for purpose of completeness check; however sight line easement exhibits require an engineers signature and seal; please provide an engineer's signature and seal on these documents. Include also sufficient data to allow confirmation of the location of the easement boundary. Provide updated information with submittal for formal review.

Response: Acknowledged. Engineer's seal and signature have been added to the exhibit.

Comment 14: Sheets 3 and 4 – Revise name of all "Open Space/Drainage" lots to "Open Space/Drainage Easement Lot". 5/23/19 – If drainage easements are to be provided separately in these areas, they need to be shown graphically and labeled on the preliminary plan with the lots designated as Open Space. Otherwise, revise lot designations as requested. In addition, Lot 35 on Sheet 4 requires a drainage easement for the proposed drainage channel and the Lot designation will need to be revised appropriately.

Response 14: Noted. Lot name will be changed and easement added. Lot 35 on sheet 4 is not intended to contain drainage channel and falls

within an electrical easement.

Update comment 1/23/23: Cleared for completeness check; however lot names and easement designations will be checked under technical review.

Response: Acknowledged.

Comment 15: Provide documentation demonstrating LCRA has no objection to the roadways and drainage improvements proposed within their electric easement. 5/23/19 – Pending LCRA concurrence.

Response 15: Noted. LCRA concurrence has been received and is included in submission.

Update comment 1/23/23: Cleared for completeness check

Response: Acknowledged.

Comment 16: Designate any existing easement crossing a proposed right-of-way as to be vacated on the plan. Rights-of-way must be clear of any encumbrances or entitlements in order to be accepted by Travis County for maintenance. 5/23/19 – Revise preliminary plan as requested.

Response 16: Vacation note has been added to the preliminary plan.

Update comment 1/23/23: Please confirm the location of the note; I did not find it on the Preliminary Plan.

Response: Acknowledged. The vacation note is shown below on the overall preliminary plan.

Comment 17:

Response 17: Noted. Curve number information will be added to the report and table in the plan set. Electronic copy of drainage models will be provided.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 18:

Sheet Ex B – The Proposed Condition Table indicates that stormwater runoff will be increased over existing conditions at Points of Analyses A, B and D. Revise proposed drainage improvements to ensure that runoff is not increased from the development at any analysis point and provide an updated drainage analysis. The summation of flows provided in the table proposed to demonstrate no increase in runoff is not appropriate. 5/23/19 – Revise improvements to reduce post development flows to pre-development levels as requested. If you increase flows across the boundaries as currently proposed, you will need to model the creek (HEC-RAS or equivalent) to demonstrate that there are no adverse impacts to the floodplain.

Response 18: Understood – the drainage areas have been adjusted to prevent an increase in runoff at each Point of Analysis.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 19:

Sheet EX D – Provide drainage analysis demonstrating the water surface for the 100 year storm event will be contained within the open space/drainage lot 123. 5/23/19 – Provide drainage analysis as requested. The applicant needs to demonstrate the lot size is adequate.

Response 19: Pond D analysis table has been added to sheet EX B with other pond analysis. Maximum pond water surface elevation for the 100-year storm event is below top of bank and falls within the current lot line layout.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 20:

5/23/19 - NOTICE: Chapter 482 of the Travis County code has been

revised to require that floodplain boundaries and base flood elevations be based on the NOAA Atlas 14 rainfall intensity data. All residential and commercial development applications submitted after May 1, 2019 must comply with the new requirements. Although this subdivision construction permit application was submitted prior to May 1st, review staff recommends the applicant voluntarily revise this preliminary plans to comply with the new requirements, noting that future plats will be required to comply with the new code.

Response 20: Storm calculations have been updated with the current Atlas 14 rainfall data.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 21: 5/23/19 – EX A and EX B – The notes under the drainage tables indicate that a minimum time of concentration of 6 minutes has been used; however, the Drainage Criteria Manual specifies a minimum Tc of 5 minutes. Revise drainage calculations and tables accordingly using the appropriate minimum Tc. Response 21: The minimum Tc has been updated to 5 minutes for all calculations.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Subdivision Review

Reviewer: Sarah Sumner 512-854-7687

1. Please confirm you have 354 single family lots and no mention of any amenity. Dog park? Pickleball?
Response: Correct, there will be 354 and no amenity included in this phase. A clubhouse was proposed in phase I of this development.

2. Sheet 3, Block A and Block C are missing some lot numbers, Block F – lots 16 and 17 are hidden under a SDE label.
Response: Acknowledged. Lot numbers have been added.

3. Sheet 4, Block B missing several lot numbers
Response: Acknowledged. Lot numbers have been added.

4. Sheet 5 – empty columns??

Response: Acknowledged. Columns have been filled in.

5. All subdivision applications in Travis County must be forwarded to the Travis County Fire Marshal's office rather than to the local ESD for review. The Fire Marshal's office will determine if the local ESD has review authority of subdivisions and site plans and, if so, will forward the plans to the local ESD for review and comments. Please contact (512) 854-4621 or (fire.marsh@traviscountytx.gov) as soon as possible to prevent delay of approval. Written documentation that the Travis County Fire Marshal's office or local ESD has reviewed and approved of the subdivision is required prior to scheduling the application for approval.

Response: Acknowledged. Coordination with the fire marshal has been started to conform if the local ESD has review authority.

6. Please submit a variance request per section 482.202 (e) (4) and have supporting documentation from the local fire department.

Response: Acknowledged.

7. Please provide a current letter of availability by the utilities (electric, water and wastewater) to provide service.

Response: Acknowledged. Current letters of availability have been attached with this submittal.

8. Information: This subdivision is in the City of Manor municipal jurisdiction/ extra territorial jurisdiction. You will also need to submit an application and preliminary plan to the City of Manor and get approval before Travis County will approve this preliminary plan.

Response: Acknowledged. The preliminary plan submittal process has been started with the city of Manor.

9. Travis County regulates to the 500-year floodplain as a surrogate for the Atlas 14 100-year floodplain per Chapters 464 and 482 of the Travis County code as of May 1, 2019. Any final plats out of this preliminary plan will be held to the 500 year floodplain. We recommend compliance with this preliminary plan. All FFE must be 2 feet above the 500 year flood plain. Update note 11.

Response: Acknowledged. Note 11 has been updated to reflect compliance with Atlas 14.

10. Please remove the foc from the proposed streets and have the sidewalks in the ROW.

Response: Acknowledged. FOC has been removed and all sidewalks are within ROW.

11. Please show financial obligations of the phasing agreement have been met.

Response:

I. DEVELOPER'S OBLIGATIONS

A. The Developer agrees to pay the County \$704,561.06. for the impacts of Phase 3-1, as the term is defined below, on the Roadway Improvement Project ("Phase 3-1 Payment"). The Phase 3-1 Payment is due at the time this Agreement is executed and submitted to the County by the Developer. The Developer further agrees to pay the County \$991,216.94 for the impacts of Phase 3-2, as the term is defined below, on the Roadway Improvement Project ("Phase 2 Payment"). The Phase 3-2 Payment is due prior to approval of Subdivision Construction Plans for any section of Phase 3-2.

12. Please note the location of clustered mailboxes if applicable for Section 2.

Response: Acknowledged. Mailboxes for section 2 have been added near the South entrance

NOTICE REGARDING RENEWAL FEES: The Travis County Commissioners Court has adopted the following plat application renewal fee schedule. Ten percent (10%) of the original review fee will be assessed for an application renewal where there has been no application activity for 60 days. One hundred percent (100%) of the original review fee will be assessed for an application renewal where there has been no application activity for 180 days or more. For the purpose of the fee schedule, "application activity" means providing a written update and other requested information in response to a comments letter from the Travis County Transportation and Natural Resources Department ("TNR") Plat Application Intake Office and does not include e-mails, telephone calls, partial or incomplete submissions of information, or meetings with County officers or employees.

60 days from TNR requested information is 01-31-19.

180 days from TNR requested information is 05-23-19.

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Dear Jason Reece,

The submittal of the revised Shadowglen Phase 3 Section 1 & 2 Preliminary Plan Site Plans submitted by Kimley Horn and received by our office on 2/10/2023, has been reviewed for compliance with the City of Manor Zoning Ordinance 185. The Plans appear to be in general compliance with City Ordinance requirements and we therefore take no exception to their approval as presented.

Please submit a hard copy of the cover sheet to Scott Dunlop at the City of Manor for signatures. A copy of the signed cover sheet will be uploaded under project files on the my permit now website.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance. Please call if you have any questions or need additional information.

Sincerely,

A handwritten signature in blue ink that reads 'Pauline M. Gray'.

NEW COMMENT 01/23/2023

Response acknowledged. Will await your resubmittal.

Response: Acknowledged.

Completeness Check Engineering Review Comments**REVIEWER: Teresa Calkins, P.E.**

Comment 10: A traffic impact analysis is required for this development. Coordinate with Travis County Traffic Division on the scope of the analysis. A phasing agreement will need to be prepared addressing the transportation improvements that will be required from the developer to mitigate the impacts of this development to the surrounding street network.

Response 10: TIA has been submitted and is in final review/approval stages.

Update comment 1/23/23: Pending. Provide a status of the review. Please be advised that the TIA review will need to be complete, and a Mitigation Agreement (if required) approved by Commissioners Court prior to approval of the Preliminary Plan. A Preliminary Plan may be determined to be complete for the purposes of beginning technical review when no more than five non-substantive TIA review comments are still outstanding.

Response: Acknowledged, the TIA review is complete.

Comment 11: Sheets 3 and 4 – Provide additional right-of-way on Rector Loop necessary to provide a total right-of-way width of 70 feet. Due to the amount of traffic generated by the development, Rector Loop will be classified as a collector. 5/23/19 – Show the additional right-of-way area on the preliminary plan and label area to be dedicated by future plats.

Response 11: ±4.1 feet of additional ROW to be dedicated per final plat has been added and called out on plan set.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 12: Sheets 3 and 4 – Label radii for all cul-de-sacs, knuckles and curb returns. Please recall that any cul-de-sac with a throat length of greater than 150 feet requires a 60 foot radius. 5/23/19 – Revise curb return and knuckle radii to meet requirements of the Transportation Criteria manual. Local with Local intersections require 15 foot radii and locals at collectors require 20 feet. Elbow radii are 40 feet to FOC with a 25 foot inside radius.

Response 12: Noted. Radii have been checked and adjusted as needed.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 13: Sheets 3 and 4 – Provide sight line easements at the following intersections: Street C at Street D; Street E at Street D; Street F at Street D; Street A at Street E; Street H at Street F; Street G at Street H and; Street J at Street I. Provide exhibits demonstrating the easements will provide minimum intersection sight distances complying with requirements of the City of Austin Transportation Criteria Manual. 5/23/19 – Per the Transportation Criteria Manual, the point of observation used to determine intersection sight distance is located 18 feet from the edge of the pavement of the intersected street; a few of the intersections provided in the exhibits do not meet this criteria. Revise the exhibits to demonstrate that the sight line easements provided at each intersection will protect the line of sight based on the observation point requirement. Also, please dimension the observation point for each intersection.

Response 13: Point of observation has been adjusted to 18 feet and dimensions have been added.

Update comment 1/23/23: Cleared for purpose of completeness check; however sight line easement exhibits require an engineers signature and seal; please provide an engineer's signature and seal on these documents. Include also sufficient data to allow confirmation of the location of the easement boundary. Provide updated information with submittal for formal review.

Response: Acknowledged. Engineer's seal and signature have been added to the exhibit.

Comment 14: Sheets 3 and 4 – Revise name of all "Open Space/Drainage" lots to "Open Space/Drainage Easement Lot". 5/23/19 – If drainage easements are to be provided separately in these areas, they need to be shown graphically and labeled on the preliminary plan with the lots designated as Open Space. Otherwise, revise lot designations as requested. In addition, Lot 35 on Sheet 4 requires a drainage easement for the proposed drainage channel and the Lot designation will need to be revised appropriately.

Response 14: Noted. Lot name will be changed and easement added. Lot 35 on sheet 4 is not intended to contain drainage channel and falls

within an electrical easement.

Update comment 1/23/23: Cleared for completeness check; however lot names and easement designations will be checked under technical review.

Response: Acknowledged.

Comment 15: Provide documentation demonstrating LCRA has no objection to the roadways and drainage improvements proposed within their electric easement. 5/23/19 – Pending LCRA concurrence.

Response 15: Noted. LCRA concurrence has been received and is included in submission.

Update comment 1/23/23: Cleared for completeness check

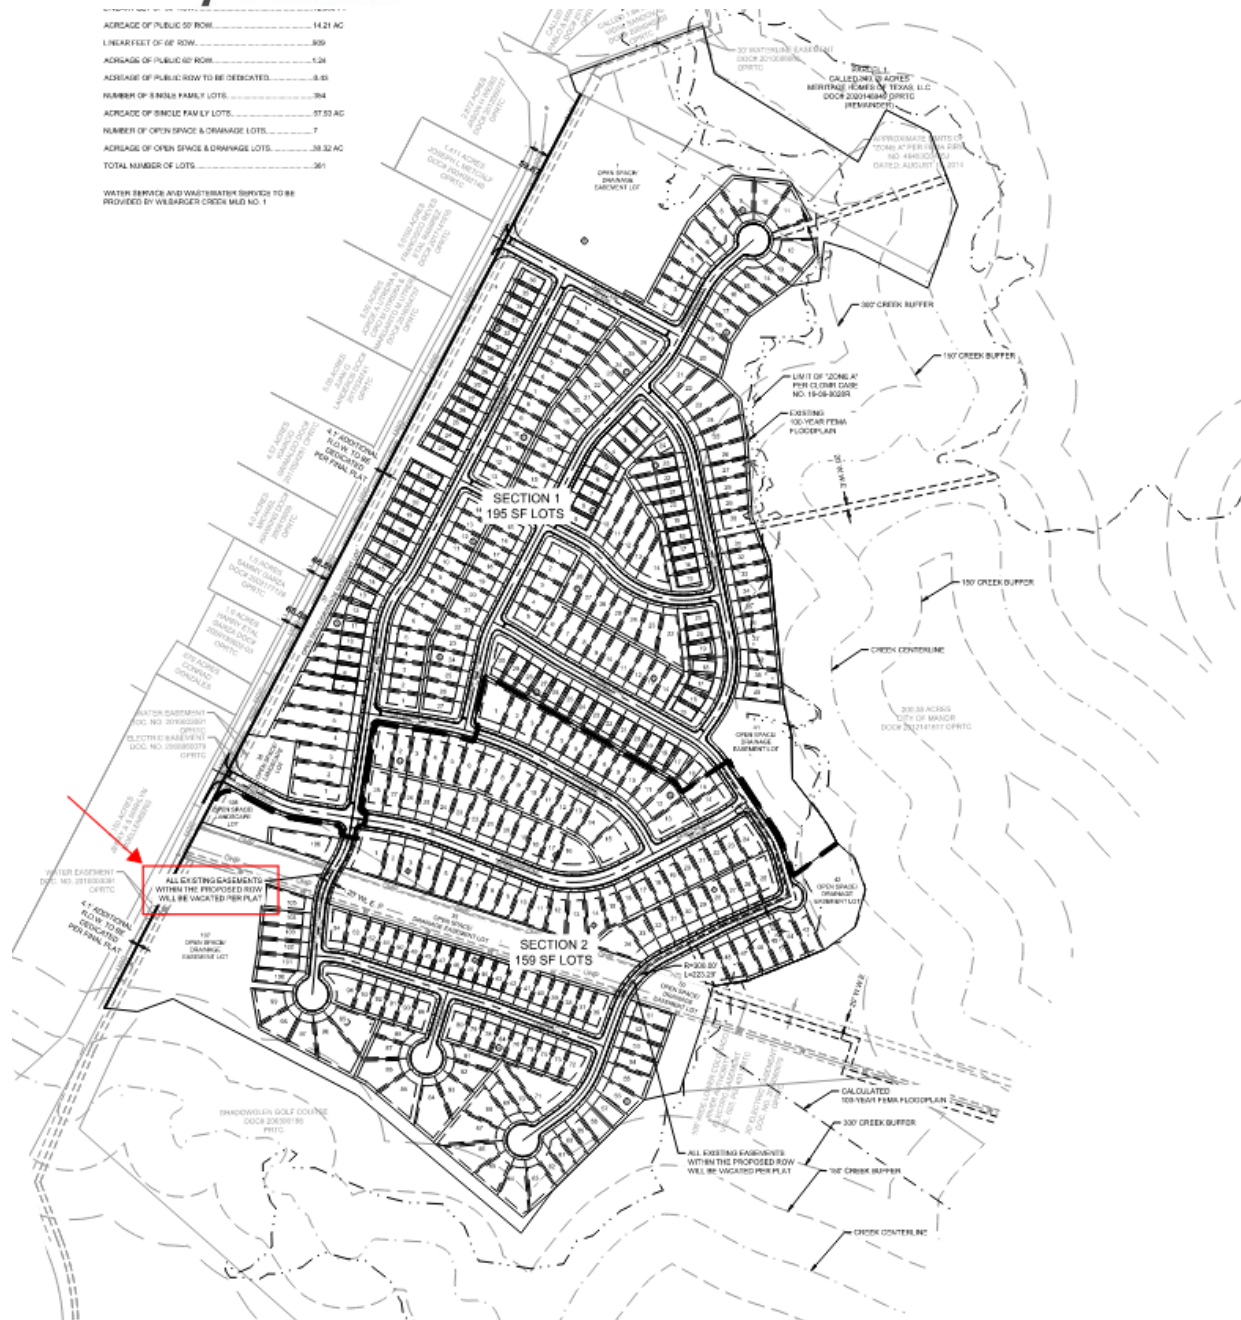

Response: Acknowledged.

Comment 16: Designate any existing easement crossing a proposed right-of-way as to be vacated on the plan. Rights-of-way must be clear of any encumbrances or entitlements in order to be accepted by Travis County for maintenance. 5/23/19 – Revise preliminary plan as requested.

Response 16: Vacation note has been added to the preliminary plan.

Update comment 1/23/23: Please confirm the location of the note; I did not find it on the Preliminary Plan.

Response: Acknowledged. The vacation note is shown below on the overall preliminary plan.

Comment 17: Update engineering report to include information supporting Curve Number (Cn) used for calculating the weighted curve numbers listed on Ex A sheet. Also include input data and routing diagrams from the drainage model used to calculate the existing and proposed runoff listed in tables on Ex A and Ex B sheets. 5/23/19 – Please update the engineering report and provide electronic copy of drainage models. Please clarify on plans and in the report the Cn value that was used for impervious cover to calculate your weighted Cn value.

Response 17: Noted. Curve number information will be added to the report and table in the plan set. Electronic copy of drainage models will be provided.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 18:

Sheet Ex B – The Proposed Condition Table indicates that stormwater runoff will be increased over existing conditions at Points of Analyses A, B and D. Revise proposed drainage improvements to ensure that runoff is not increased from the development at any analysis point and provide an updated drainage analysis. The summation of flows provided in the table proposed to demonstrate no increase in runoff is not appropriate. 5/23/19 – Revise improvements to reduce post development flows to pre-development levels as requested. If you increase flows across the boundaries as currently proposed, you will need to model the creek (HEC-RAS or equivalent) to demonstrate that there are no adverse impacts to the floodplain.

Response 18: Understood – the drainage areas have been adjusted to prevent an increase in runoff at each Point of Analysis.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 19:

Sheet EX D – Provide drainage analysis demonstrating the water surface for the 100 year storm event will be contained within the open space/drainage lot 123. 5/23/19 – Provide drainage analysis as requested. The applicant needs to demonstrate the lot size is adequate.

Response 19: Pond D analysis table has been added to sheet EX B with other pond analysis. Maximum pond water surface elevation for the 100-year storm event is below top of bank and falls within the current lot line layout.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 20:

5/23/19 - NOTICE: Chapter 482 of the Travis County code has been

revised to require that floodplain boundaries and base flood elevations be based on the NOAA Atlas 14 rainfall intensity data. All residential and commercial development applications submitted after May 1, 2019 must comply with the new requirements. Although this subdivision construction permit application was submitted prior to May 1st, review staff recommends the applicant voluntarily revise this preliminary plans to comply with the new requirements, noting that future plats will be required to comply with the new code.

Response 20: Storm calculations have been updated with the current Atlas 14 rainfall data.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 21: 5/23/19 – EX A and EX B – The notes under the drainage tables indicate that a minimum time of concentration of 6 minutes has been used; however, the Drainage Criteria Manual specifies a minimum Tc of 5 minutes. Revise drainage calculations and tables accordingly using the appropriate minimum Tc. Response 21: The minimum Tc has been updated to 5 minutes for all calculations.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Subdivision Review

Reviewer: Sarah Sumner 512-854-7687

1. Please confirm you have 354 single family lots and no mention of any amenity. Dog park? Pickleball?
Response: Correct, there will be 354 and no amenity included in this phase. A clubhouse was proposed in phase I of this development.

2. Sheet 3, Block A and Block C are missing some lot numbers, Block F – lots 16 and 17 are hidden under a SDE label.
Response: Acknowledged. Lot numbers have been added.

3. Sheet 4, Block B missing several lot numbers
Response: Acknowledged. Lot numbers have been added.

4. Sheet 5 – empty columns??

Response: Acknowledged. Columns have been filled in.

5. All subdivision applications in Travis County must be forwarded to the Travis County Fire Marshal's office rather than to the local ESD for review. The Fire Marshal's office will determine if the local ESD has review authority of subdivisions and site plans and, if so, will forward the plans to the local ESD for review and comments. Please contact (512) 854-4621 or (fire.marshall@traviscountytexas.gov) as soon as possible to prevent delay of approval. Written documentation that the Travis County Fire Marshal's office or local ESD has reviewed and approved of the subdivision is required prior to scheduling the application for approval.

Response: Acknowledged. Coordination with the fire marshal has been started to conform if the local ESD has review authority.

6. Please submit a variance request per section 482.202 (e) (4) and have supporting documentation from the local fire department.

Response: Acknowledged.

7. Please provide a current letter of availability by the utilities (electric, water and wastewater) to provide service.

Response: Acknowledged. Current letters of availability have been attached with this submittal.

8. Information: This subdivision is in the City of Manor municipal jurisdiction/ extra territorial jurisdiction. You will also need to submit an application and preliminary plan to the City of Manor and get approval before Travis County will approve this preliminary plan.

Response: Acknowledged. The preliminary plan submittal process has been started with the city of Manor.

9. Travis County regulates to the 500-year floodplain as a surrogate for the Atlas 14 100-year floodplain per Chapters 464 and 482 of the Travis County code as of May 1, 2019. Any final plats out of this preliminary plan will be held to the 500 year floodplain. We recommend compliance with this preliminary plan. All FFE must be 2 feet above the 500 year flood plain. Update note 11.

Response: Acknowledged. Note 11 has been updated to reflect compliance with Atlas 14.

10. Please remove the foc from the proposed streets and have the sidewalks in the ROW.

Response: Acknowledged. FOC has been removed and all sidewalks are within ROW.

11. Please show financial obligations of the phasing agreement have been met.

Response:

I. DEVELOPER'S OBLIGATIONS

A. The Developer agrees to pay the County \$704,561.06. for the impacts of Phase 3-1, as the term is defined below, on the Roadway Improvement Project ("Phase 3-1 Payment"). The Phase 3-1 Payment is due at the time this Agreement is executed and submitted to the County by the Developer. The Developer further agrees to pay the County \$991,216.94 for the impacts of Phase 3-2, as the term is defined below, on the Roadway Improvement Project ("Phase 2 Payment"). The Phase 3-2 Payment is due prior to approval of Subdivision Construction Plans for any section of Phase 3-2.

12. Please note the location of clustered mailboxes if applicable for Section 2.

Response: Acknowledged. Mailboxes for section 2 have been added near the South entrance

NOTICE REGARDING RENEWAL FEES: The Travis County Commissioners Court has adopted the following plat application renewal fee schedule. Ten percent (10%) of the original review fee will be assessed for an application renewal where there has been no application activity for 60 days. One hundred percent (100%) of the original review fee will be assessed for an application renewal where there has been no application activity for 180 days or more. For the purpose of the fee schedule, "application activity" means providing a written update and other requested information in response to a comments letter from the Travis County Transportation and Natural Resources Department ("TNR") Plat Application Intake Office and does not include e-mails, telephone calls, partial or incomplete submissions of information, or meetings with County officers or employees.

60 days from TNR requested information is 01-31-19.

180 days from TNR requested information is 05-23-19.

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Jacob Kondo, P.E.
Project Manager

City of Manor Development Services

Notification for a Subdivision Preliminary Plat

Project Name: Shadowglen Phase 3 Sections 1 and 2 Preliminary Plat
 Case Number: 2018-P-1154-PP
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a Subdivision Preliminary Plat for the Shadowglen Subdivision located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and six (306) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

The Planning and Zoning Commission will meet at 6:30PM on 3/08/2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Subdivision Preliminary Plat has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Conduct a public hearing on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

BACKGROUND/SUMMARY:

This plat has been approved by our engineers. It includes 385 single family lots and 15 open space and/or drainage lots.

LEGAL REVIEW: *Not Applicable*

FISCAL IMPACT: *NO*

PRESENTATION: *NO*

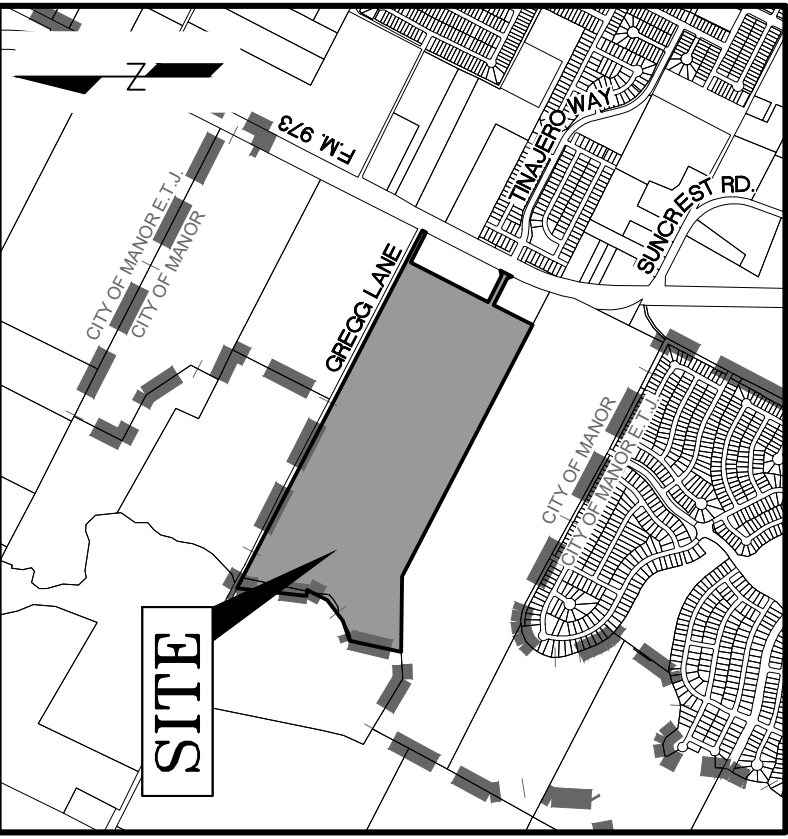

ATTACHMENTS: *YES*

- Preliminary Plat Map
- Engineering Letter
- Conformance Letter
- Public Notice
- Mailing Labels

STAFF RECOMMENDATION:

It is the City Staff's recommendation that the Planning and Zoning Commission conduct a public hearing on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

PLANNING & ZONING COMMISSION: **Recommend Approval** **Disapproval** **None**

Permit Number 2022-P-1439-PP
Job Address: Monarch Ranch Preliminary Plat, Manor, TX. 78653

Dear Stephen Jamison,

The first submittal of the Monarch Ranch Preliminary Plat (*Preliminary Plan*) submitted by Jamison Civil Engineering LLC and received on November 03, 2022, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (737) 247-7552 or by email at tshows@gbateam.com.

1. The preliminary plat cannot be approved until the concept plan has been approved.
2. The preliminary plat cannot be approved until the TIA is approved.
3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.
4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.
5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.
6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.
7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.
8. Label the existing pond on page 3 under the existing conditions exhibit.
9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.

10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm
11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.
12. Provide location, dimensions, and labels for all open spaces, landscape, and drainage.
13. Provide dimensions for the detention pond.
14. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single-family land use.
15. Remove the professional engineer and surveyor certifications. They are not required for preliminary plat

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Re: Monarch Ranch Preliminary Plan – 2022-P-1439-PP

Please find enclosed an update for the above-mentioned project. In addition to the plan changes, we are providing a response to each of the review comments - **IN BLUE**.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (512) 259-3882 or by email at tshows@gbateam.com.

1. The preliminary plat cannot be approved until the concept plan has been approved.

COMMENT NOTED

2. The preliminary plat cannot be approved until the TIA is approved.

COMMENT NOTED

3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.

THE PRELIMINARY PLAT AND EXHIBITS HAVE BEEN COMBINED INTO ONE PDF.

4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.

CITY ACKNOWLEDGEMENT HAS BEEN UPDATED AS REQUESTED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.

TRAVIS COUNTY CLERK SIGNATURE BLOCK HAS BEEN REMOVED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.

A TREE TABLE HAS BEEN ADDED TO THE EXISTING CONDITIONS EXHIBIT. PLEASE NOTE THAT ALL TREES ON THE SITE ARE LOCATED ADJACENT TO WILBARGER CREEK AND THIS PLAN DOES NOT PROPOSED THE REMOVAL OF ANY TREES. PLEASE SEE THE REVISED EXISTING CONDITIONS EXHIBIT.

7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.

DIMENSIONS HAVE BEEN ADDED TO THE PRELIMINARY PLAN TO SHOW THE DISTANCE BETWEEN THE EDGE OF OUR PROPERTY AND THOSE ACROSS GREGG LANE AND FM 973. THESE DIMENSIONS DO NOT HAVE A UNIFORM DISTANCE. PLEASE SEE THE REVISED PRELIMINARY PLAN.

8. Label the existing pond on page 3 under the existing conditions exhibit.

THE EXISTING STOCK POND HAS NOW BEEN LABELED. PLEASE SEE THE REVISED EXISTING CONDITION EXHIBIT SHEET 3.

9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.

THE CENTERLINES FOR WILBARGER CREEK AND THE DRY CREEK BED RUNNING THROUGH THE SITE HAVE NOW BEEN DELINEATED AND LABELED. PLEASE SEE THE REVISED EXISTING CONDITIONS EXHIBIT SHEETS.

10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm

ALL DRAINAGE APPURTENANCES HAVE BEEN DELINEATED ON THE PROPOSED IMPROVEMENTS EXHIBIT. PLEASE SEE THE REVISED PROPOSED IMPROVEMENT EXHIBIT. A DETAIL FOR THE CONCRETE HEADWALLS ENTERING INTO THE DETENTION POND HAS BEEN ADDED TO THE PROPOSED IMPROVEMENTS EXHIBIT SHEET 2. PLEASE SEE THE REVISED PROPOSED IMPROVEMENTS EXHIBITS.

11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.

PLEASE NOTE, THERE IS ONLY ONE DETENTION POND PROPOSED WITH THIS SUBDIVISION. THE AREA WHERE THE PROPOSED CULVERTS CROSS TINAJERO WAY IS A TRANSITION FROM AN EXISTING ONSITE DRY CREEK BED TO A PROPOSED 15' WIDE FLAT BOTTOM CHANNEL. THIS CHANNEL WILL BYPASS THE DETENTION POND AND RELEASE WHERE THE EXISTING ONSITE DRY CREEK BED LEAVES THE SITE.

12. Provide location, dimensions, and labels for all open spaces, landscape, and drainage.

PLEASE SEE THE REVISED PRELIMINARY PLAN FOR THE LABELED AND DIMENSIONED OPEN SPACE, LANDSCAPE AND DRAINAGE LOTS.

13. Provide dimensions for the detention pond.

DIMENSIONS HAVE BEEN ADDED TO THE DETENTION POND. PLEASE SEE THE REVISED PROPOSED IMPROVEMENTS EXHIBIT SHEET 2.

14. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single-family land use.

THE RETAIL / COMMERCIAL LAND USE WASTEWATER CALCULATIONS ARE FOR THE FUTURE CONNECTION OF THE TWO LOTS ADJACENT TO FM 973 (NOT INCLUDED AS PART OF THIS TRACT). THE PROPOSED WASTEWATER UTILITIES INCLUDED IN THIS PROJECT ARE EXTENDED TO THESE TWO LOTS, THUS HAVE BEEN DESIGNED TO ACCEPT THE WASTEWATER FROM THESE LOTS.

15. Remove the professional engineer and surveyor certifications. They are not required for preliminary plat.

THE PROFESSIONAL ENGINEER AND SURVEYOR CERTIFICATIONS HAVE BEEN REMOVED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

PLEASE LET ME KNOW IF YOU HAVE ANY QUESTIONS OR NEED ANY ADDITIONAL INFORMATION.

SINCERELY,

Job Address: Monarch Ranch Preliminary Plat, Manor 78653

Dear Stephen Jamison,

The subsequent submittal of the Monarch Ranch Preliminary Plat submitted by Jamison Civil Engineering LLC and received on November 03, 2022, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B. We can offer the following comments based upon our review (satisfied comments stricken, new or outstanding comments in bold):

Engineer Review

The following comments have been provided by Tyler Shows. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (737) 247-7552 or by email at tshows@gbateam.com.

- ~~1. Reminder – Preliminary plat cannot be approved until the concept plan has been approved. Waiting on approval~~
- ~~2. Reminder - Preliminary plat cannot be approved until the TIA is approved. Waiting on approval.~~
- ~~3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.~~
- ~~4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.~~
- ~~5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.~~
- ~~6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.~~
- ~~7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.~~
- ~~8. Label the existing pond on page 3 under the existing conditions exhibit.~~

9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.
10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm drain. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.
11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.
12. Provide proposed grading in the area where the transition is from the culvert under Tinajero Way going to the detention pond. This will verify no ponding will occur in front of the North side culvert under Tinajero way.
13. Provide dimensions for all Open Space/ Landscape/ Drainage.
14. Provide dimensions for the detention pond.
15. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single family land use.
16. Update the sheet index to correctly show all the pages and update the sheet numbers on the bottom right to correspond with the correct pages.
17. Based on the City's updated thoroughfare plan, what is shown as Pink Zinnia Trail should be changed to an unloaded collector and become Silent Falls Way.
18. On Sheet 7 of 16 the Lot Area for Lot 1 Block G appears to be incorrect. Please verify the area of this lot.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Should you have questions regarding specific comments, please contact the staff member referenced under the section in which the comment occurs. Should you have questions or require additional information regarding the plan review process itself, please feel free to contact me directly. I can be reached by telephone at (737) 247-7557, or by e-mail at pgray@gbateam.com.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Re: Monarch Ranch Preliminary Plan – 2022-P-1439-PP

Please find enclosed an update for the above-mentioned project. In addition to the plan changes, we are providing a response to each of the review comments - **IN BLUE**.

Engineer Review

The following comments have been provided by Tyler Shows. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (512) 259-3882 or by email at tshows@gbateam.com.

1. Reminder - Preliminary plat cannot be approved until the concept plan has been approved. Waiting on approval

COMMENT NOTED.

2. Reminder - Preliminary plat cannot be approved until the TIA is approved. Waiting on approval.

COMMENT NOTED.

11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.

THERE IS ONE DETENTION POND. PIPING INFORMATION ON THE STORM DRAINS HAVE BEEN ADDED. CONCRETE RIP RAP DETAILS HAVE BEEN PROVIDED AND CALLED OUT ON THE PLANS.

PLEASE NOTE – PER THE DRAINAGE REPORT MODELS / HEC-HMS IN THE PREVIOUS ENGINEER’S REPORT - THE AREA FLOWING THROUGH THE CULVERT UNDER TINAJERO WAY IS A BYPASS AREA AND DOES NOT GO INTO THE DETENTION POND.

12. Provide proposed grading in the area where the transition is from the culvert under Tinajero Way going to the detention pond. This will verify no ponding will occur in front of the North side culvert under Tinajero way.

PLEASE SEE THE INSET ON SHEET 14 ON THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

13. Provide dimensions for all Open Space/ Landscape/ Drainage.

DIMENSIONS HAVE BEEN ADDED IN THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

16. Update the sheet index to correctly show all the pages and update the sheet numbers on the bottom right to correspond with the correct pages.

THE SHEET INDEX AND SHEET NUMBERS HAVE BEEN UPDATED TO THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

PLEASE LET ME KNOW IF YOU HAVE ANY QUESTIONS OR NEED ANY ADDITIONAL INFORMATION.

SINCERELY,

Job Address: Monarch Ranch Preliminary Plat, Manor 78653

Dear Stephen Jamison,

We have conducted a review of the preliminary plat for the above-referenced project, submitted by Stephen Jamison and received by our office on November 03, 2022, for conformance with the City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B. The Plans appear to be in general compliance with City Ordinance requirements and we therefore take no exception to their approval as presented. **This approval is contingent upon approval of the TIA by Travis County.**

Please submit a hard copy of the cover sheet to Scott Dunlop at the City of Manor for signatures. A copy of the signed cover sheet will be uploaded under project files on the my permit now website.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance. Please call if you have any questions or need additional information.

Sincerely,

Pauline Gray, P.E.

2/20/2023

City of Manor Development Services

Notification for a Subdivision Preliminary Plat

Project Name: Monarch Ranch Preliminary Plat
 Case Number: 2022-P-1439-PP
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision located near the intersection of Gregg Ln and FM-973, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, three hundred and ninety-eight (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

The Planning and Zoning Commission will meet at 6:30PM on 3/08/2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Subdivision Preliminary Plat has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

Re: 14807 East Hwy 290 Manor, Texas – Annexation and Zoning Application for APPROXIMATELY 22.78 acres being out of an a portion of the A.C. CALDWELL SURVEY NO. 52, Abstract No. 154, in Travis County, Texas, and being the same property called 22.65 acres as described in a Deed recorded in Volume 10302, Page 548, Real Property Records of Travis County, Texas. (*the “Property”*)

Dear Mr. Dunlop:

We are submitting zoning and annexation applications for the Property. We are requesting MF-2 zoning and intend to develop the Property as a residential multi-family housing project.

The Property is currently in the City’s ETJ. The Property is identified as parks/open space on the FLUM and is along the commercial corridor as identified in the City of Manor draft Comprehensive Plan. Adjacent property uses are commercial corridor to the west and south, parks/open space to the east, and neighborhood to the north on the opposite side of Hwy. 290. Residential multi-family is the highest and best use of the Property based on the configuration of the Property and environmental conditions on the site.

The following documents are included with the application for voluntary annexation:

1. Signed and notarized Annexation Request and Petition;
2. Metes and bounds description of the property;
3. Property survey;
4. General Warranty Deed; and,
5. Signed Agreement Regarding Post-Annexation Provision of Services.

The following documents are included with the zoning application:

1. General Warranty Deed;
2. Tax Map showing property owners within 300 feet;
3. Mailing labels of property owners within 300 feet;
4. Metes and bounds description of the property; and
5. Property survey.

The annexation and zoning of this property will promote a safe, orderly, healthy, and vibrant development, as well as providing enhanced housing for the local community and the region.

Please contact me if you have any questions.

Sincerely,

Pamela Madere

City of Manor Development Services

Notification for a Subdivision Rezoning Application

Project Name: 14807 E US 290 Rezoning A to MF-2
 Case Number: 2022-P-1499-ZO
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission and Manor City Council will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a rezoning application for 14807 E US 290, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing Regarding the submission of a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).

Applicant: Jackson Walker

Owner: Krantz Properties

The Planning and Zoning Commission will meet at 6:30PM on March 8, 2023 at 105 East Eggleston Street in the City Hall Council Chambers.

The Manor City Council will meet at 7:00PM on March 15, 2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Rezoning Application has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).

Applicant: Jackson Walker

Owner: Krantz Properties

BACKGROUND/SUMMARY:

This property is currently in our ETJ but has filed an annexation petition. They are requesting MF-2 Multi-family 25 zoning upon annexation. The property is majority impacted by a floodplain so on the Future Land Use Map it is designated as open space but is the adjacent area is Commercial Corridor. The frontage on US 290 for this property is also limited by the creek and bridge, reducing the accessible frontage to approximately 75 feet.

STAFF RECOMMENDATION:

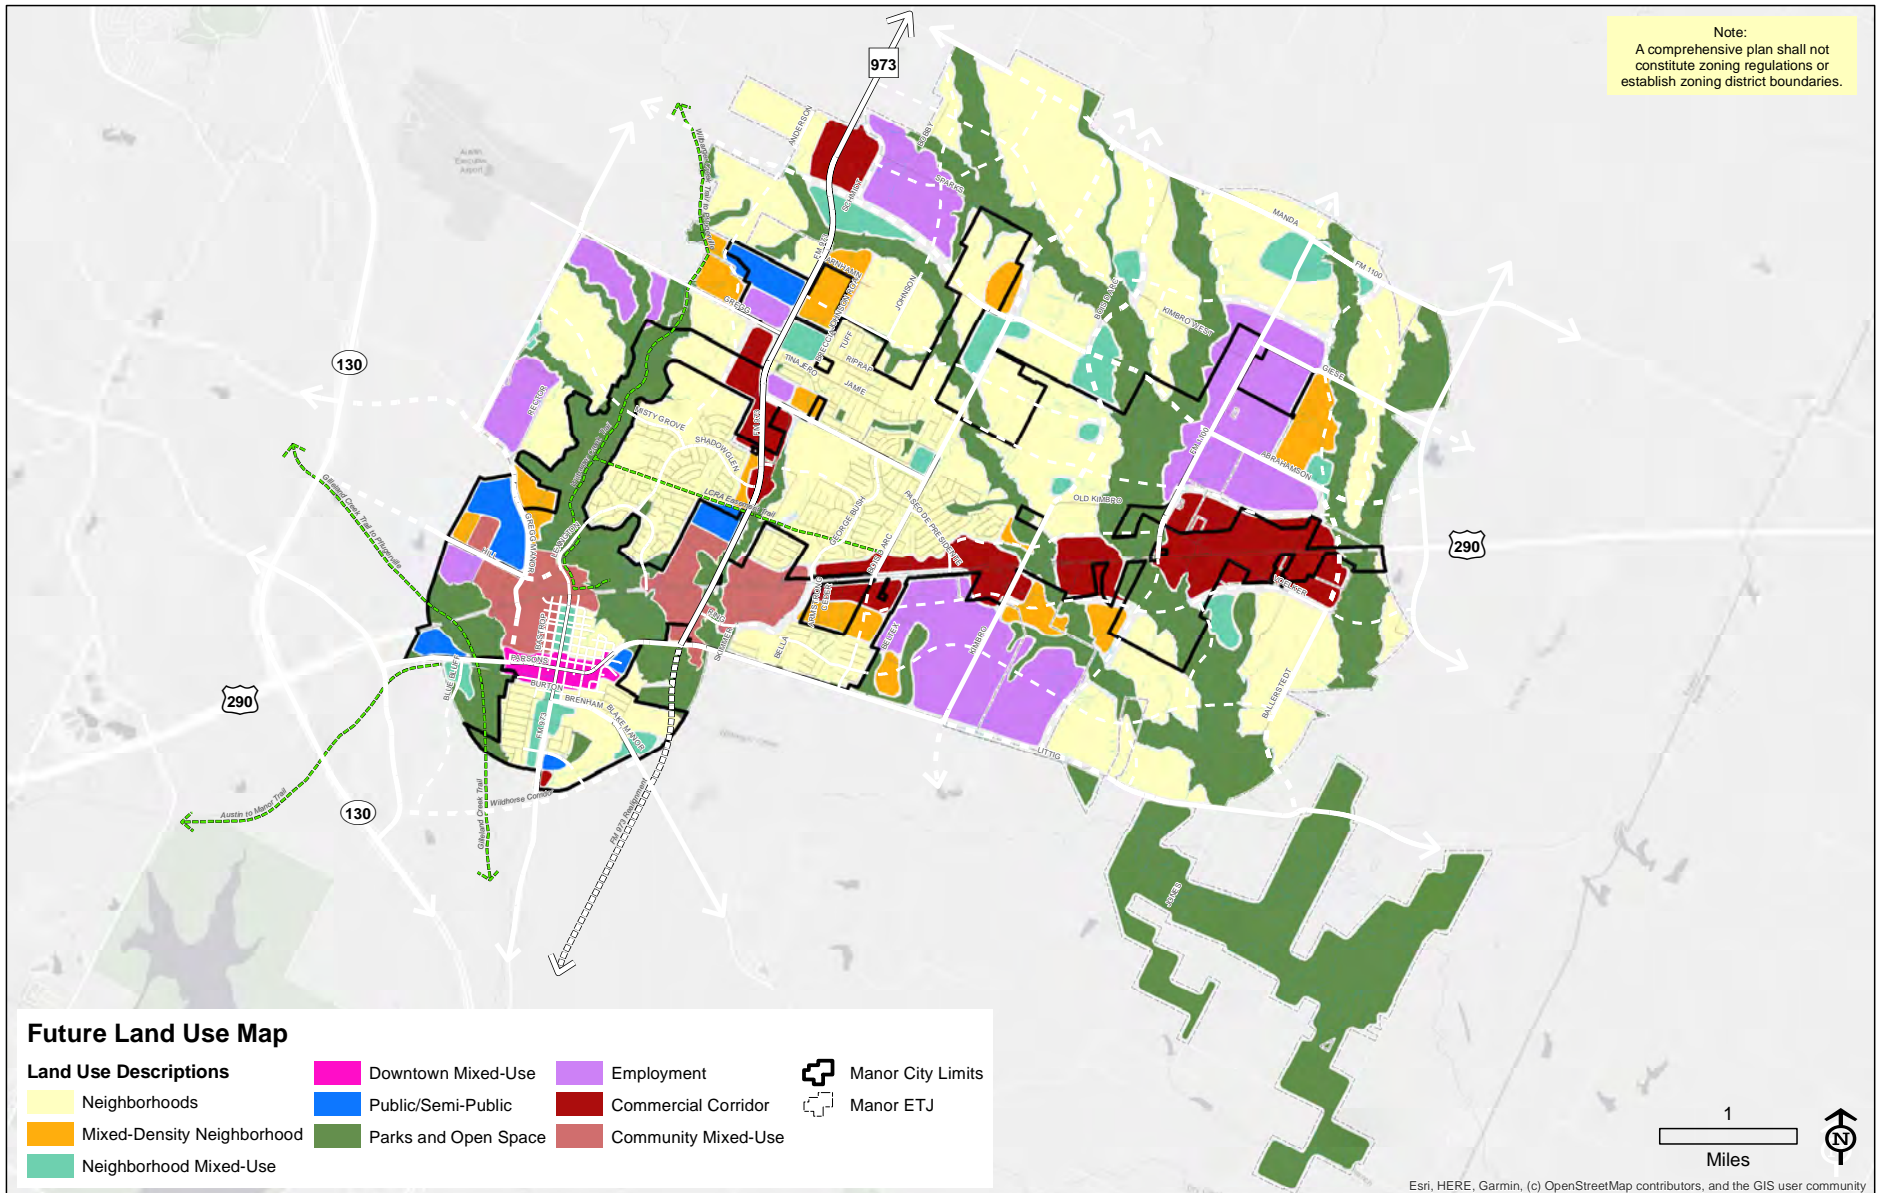

It is the City Staff's recommendation that the Planning and Zoning Commission postpone a Rezoning Application for one (1) lot on 22.78 acres, more or less, out of the AC Caldwell Survey 52, Abstract 154 and being located at 14807 E US 290, Manor, TX from Agricultural (A) to Multi-Family 25 (MF-2).

PLANNING & ZONING COMMISSION:

Recommend Approval

Disapproval

None

Map 3.1.Future Land Use Map

COMMERCIAL CORRIDOR

Commercial Corridors consist of nonresidential land uses that meet the needs of both local and regional residents. This includes big box stores and multi-tenant commercial or retail uses.

They are typically located along high volume roadways or at high volume intersections and generate large amounts of sales tax revenue.

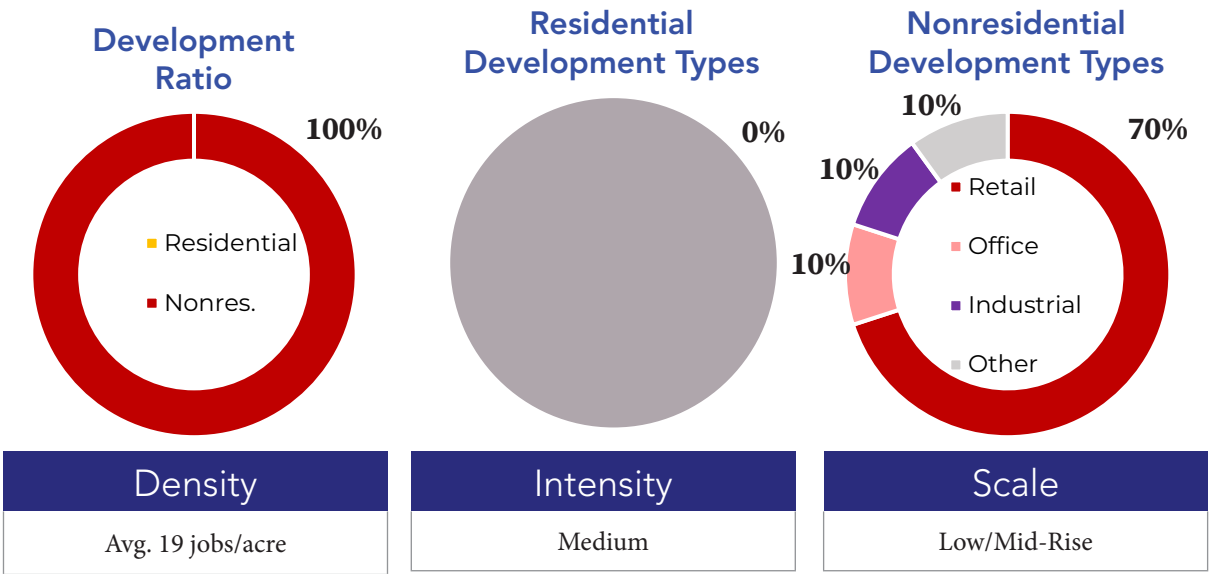

Commercial corridors often consist of traditional and suburban commercial development with large surface parking lots that front a major roadway or highway.

While it is recognized these corridors rely upon automobile accessibility and exposure, development should seek opportunities to leverage different forms with elements of mixed-use within the non-residential use framework. This introduces walkability for people once they arrive, reducing the number of trips and increasing the area’s appeal as a destination.

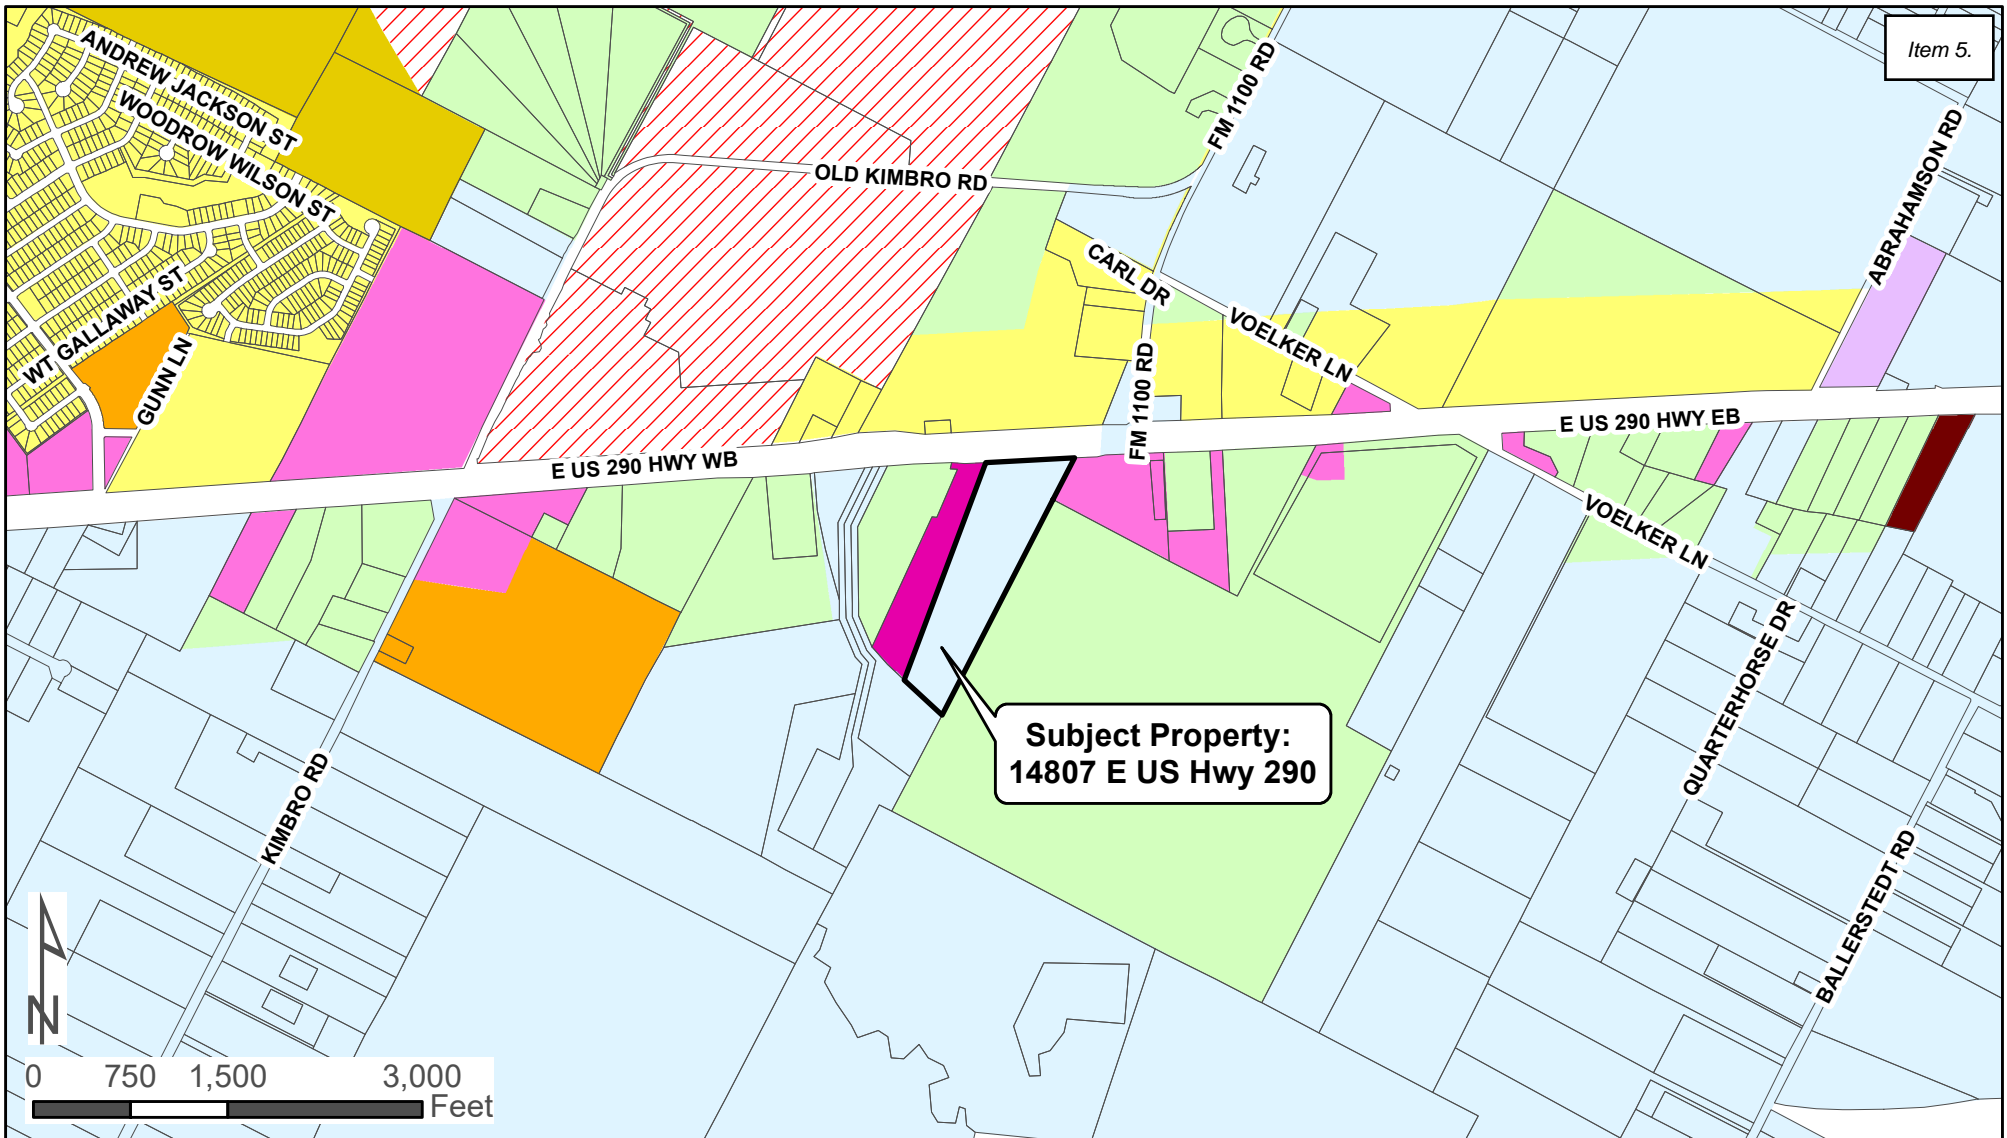

This district is especially appropriate for several needs that residents of Manor currently look elsewhere to provide, including:

- Healthcare services, including hospitals.
- Retail and entertainment.
- Specialized facilities that support workforce and skills development, such as information technology, skilled trades and advanced manufacturing.

Figure 3.6. Commercial Corridor Land Use Mix Dashboard

DEVELOPMENT TYPE	APPROPRIATENESS	CONDITIONS
Single-Family Detached (SFD)	●○○○○	Not considered appropriate, as the Commercial Corridors are generally oriented towards uses that rely on access and visibility to major roadways and highways and residential is not encouraged along the major roadways and highways for environmental justice and quality of life reasons. The activity and traffic generated by Commercial Corridor uses is not compatible with residential housing.
SFD + ADU	●○○○○	
SFA, Duplex	●○○○○	
SFA, Townhomes and Detached Missing Middle	●○○○○	
Apartment House (3-4 units)	●○○○○	
Small Multifamily (8-12 units)	●○○○○	
Large Multifamily (12+ units)	●○○○○	
Mixed-Use Urban, Neighborhood Scale	●●●○○	May be nonresidential mixed-use, such as office over retail or some residential can be appropriate if deeper within a site and less proximate to the major roadways. Residential mixed-use can also be appropriate to support transition to adjacent, lower density or residential areas. To note, mixed-use buildings are typically considered the highest fiscally performing development type on a per-acre basis.
Mixed-Use Urban, Community Scale	●●●○○	
Shopping Center, Neighborhood Scale	●●●●●	Appropriate overall.
Shopping Center, Community Scale	●●●●●	
Light Industrial Flex Space	●●○○○	Not considered appropriate due to limited potential for sales tax revenue generation and lower dependence on direct exposure to major roadways; can be appropriate if deeper within a site and less proximate to the major roadways, but should not be predominant use.
Manufacturing	●○○○○	Not considered appropriate.
Civic	●●●●●	Considered supportive to the function of this future land use category; likely more functional facilities, such as utilities, rather than people-centered or community serving facilities.
Parks and Open Space	●●●●●	Generally considered appropriate or compatible within all Land Use Categories.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and sixty one (361) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.

Applicant: Kimley Horn

Owner: SG Land Holdings, LLC

BACKGROUND/SUMMARY:

This plat has been approved by our engineers. It is part of Phase 3 of Shadowglen, which is the final phase. This phase has 6 sections, this is for sections 1 and 2 that are along Rector Loop. The two sections include 354 single family lots.

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor, TX. 78653

Dear Jason Reece,

The first submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan (*Preliminary Plan*) submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(2)(iii), Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.
2. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(2)(vii), the locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.
3. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(iii), the locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights-of-way; and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat.
4. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vii), Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.
5. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(viii), Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:
 - a) 1:2 for Significant Trees eighteen (18) inches in caliper and larger, and
 - b) 1: 1 for Significant Trees between eight (8) and eighteen (18) in caliper.
 - c) Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval.
6. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.
7. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vi), the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided.
8. Some of the drawings appear to be cut off. Adding matchlines where applicable may help to clarify where each section is located.
9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2.

10. Clearly differentiate between existing and proposed waterline and wastewater lines.
11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.
12. The following comments pertain to the requested variances:
 - i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be 8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.
 - ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20%=60 ft, 20%=55 ft, 20%=50 ft and 25%=40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.
 - iii. Is taken from the DA and is fine.
 - iv. Is taken from the DA and is fine.
 - v. Is taken from the DA and is fine.
 - vi. Is taken from the DA and is fine.
 - vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?
 - viii. Clarify what was revoked.
 - ix. Would full construction plan sets be submitted for the pathways?
 - x. Is ok.
 - xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.
13. There appears to be now variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended.
14. It is highly unlikely that any waivers to deviate from the DA will be granted.
15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and 8.5 acre community park is required.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

11/14/2018 4:58:19 PM

**RE: Preliminary Plan for Shadowglen Phase 3 (Permit No. 2018-P-1154-PP)
Section 1 & 2
Manor, Texas 78653**

Dear Ms. Gray:

Please accept this Comment Response Letter for the above reference project. This submittal is in response to the comments provided by the City of Manor on November 14, 2018. The original comments have also been included below, for reference.

Comment 1. Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.

Response: A tree survey has been included with this submittal.

Comment 2. The locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.

Response: All existing utilities have been shown and labeled.

Comment 3. The locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights-of-way; and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat

Response: Proposed street names, easements, right-of-way and dimensions have been shown on the Preliminary Plan.

Comment 4. Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.

Response: All Significant Trees within the project limits to remain and/or removed have been shown with this submittal.

Comment 5. The Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:

- a) 1:2 for Significant Trees eighteen (18) inches in caliper and larger, and
- b) 1:1 for Significant Trees between eight (8) and eighteen (18) in caliper.
- c) Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval

Response: **The Development Agreement requires a minimum of 2 – 2” caliper trees to be planted for each residential lot.**

Comment 6. A Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.

Response: **TIA Scope has been approved and will be submitted as soon as it has been completed.**

Comment 7. Provide the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided

Response: **Lengths are depicted for each proposed property line for all lots except for future lots on Sheet 3 & 4. Area for every lot is provided in Sheet 5.**

Comment 8. Some of the drawings appear to be cut off. Adding match lines where applicable may help to clarify where each section is located

Response: **Match lines have been added. In addition, a Key Map is provided on each sheet where drawings are cut off.**

Comment 9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2.

Response: **The MUD that will serve the proposed project is Wilbarger Creek M.U.D. #1 and is noted in Note 3 on Sheet 2.**

Comment 10. Clearly differentiate between existing and proposed waterline and wastewater lines.

Response: **All proposed utilities are shown in bold and existing utilities are thin.**

Comment 11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.

Response: **The proposed wastewater connection tie-in location is shown on Sheet EX-L and the proposed water tie-in locations are shown on Sheet EX-J.**

Comment 12. The following comments pertain to the requested variances:

- i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be

8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.

Response: This information was shown on the Cover Sheet (Sheet #1) just under the Vicinity Map.

- ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20%=60 ft, 20%=55 ft, 20%=50 ft and 25%=40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.

Response: This information was shown on the Cover Sheet (Sheet #1) just under the Vicinity Map.

- iii. Is taken from the DA and is fine.

Response: Noted

- iv. Is taken from the DA and is fine.

Response: Noted

- v. Is taken from the DA and is fine.

Response: Noted

- vi. Is taken from the DA and is fine.

Response: Noted

- vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?

Response: The report and development plan were submitted with the initial submittal of the Preliminary Plan review.

- viii. Clarify what was revoked.

Response: This noted was copied from Phase 2 Preliminary Plan. This note has been removed.

- ix. Would full construction plan sets be submitted for the pathways?

Response: Yes, a full separate construction plan set will be submitted for the pathways.

- x. Is ok.

Response: Noted

- xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.

Response: This noted was copied from Phase 2 Preliminary Plan. There are no new variance being requested. The variance as discussed in the general notes refers to the existing approved PUD variances.

Comment 13. There appears to be now variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended

Response: No additional waivers to deviate from the Development Agreement are being requested at this time.

Comment 14. It is highly unlikely that any waivers to deviate from the DA will be granted.

Response: No additional waivers to deviate from the Development Agreement are being requested at this time.

Comment 15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and 8.5-acre community park is required.

Response: Lot 1 in Section 1 (7.7 acres) will be utilized for the amenity center and detention pond. The subsequent sections of Shadowglen Phase 3 will satisfy the remaining parkland requirements.

Please contact me at 512-551-1839 if additional information is required.

Sincerely,

Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor 78653

Dear Jason Reece,

The subsequent submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B. We can offer the following comments based upon our review (satisfied comments stricken, new or outstanding comments in bold):

Engineer Review

The following comments have been provided by Pauline Gray, P.E.. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(2)(iii), Significant Trees, within the boundaries of the subdivision and of 8-inch caliper and larger, shall be shown accurately to the nearest one (1) foot, Critical Root Zones of these trees shall also be shown on the preliminary plat.~~
2. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(2)(vii), the locations, sizes and descriptions of all existing utilities, including but not limited to wastewater lines, lift stations, wastewater and storm sewer manholes, waterlines, water storage tanks, and wells within the subdivision, and/or adjacent thereto should be shown on the preliminary plat.~~
3. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(iii), the locations, dimensions, names and descriptions of all proposed streets, alleys, parks, nature preserves, open spaces, blocks, lots, reservations, easements, and rights of way, and areas within the subdivision, indicating the connection to or continuation of other improvements in adjacent subdivisions be shown on the preliminary plat.~~
4. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(vii), Significant Trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles on the preliminary plat.~~
5. ~~Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance-263B Section 22(c)(3)(viii), Replacement Trees shall be shown on the Preliminary Plat based on a replacement ratio (inches removed to inches planted) of:~~
 - a) ~~1:2 for Significant Trees eighteen (18) inches in caliper and larger, and~~
 - b) ~~1: 1 for Significant Trees between eight (8) and eighteen (18) in caliper.~~
 - c) ~~Replacement Trees shall not be required for the removal of trees smaller than eight (8) inches in caliper. The removal of Significant Trees larger than eighteen inches in caliper require Commission approval.~~

6. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required. ~~A scoping meeting must be conducted with City Staff prior to assembly of the TIA document.~~

~~7. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(3)(vi), the lengths of each proposed property line of all lots. The area of each non-rectangular lot shall be provided.~~

~~8. Some of the drawings appear to be cut off. Adding matchlines where applicable may help to clarify where each section is located.~~

9. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2. (See upper left corner of sheet).

~~10. Clearly differentiate between existing and proposed waterline and wastewater lines.~~

~~11. Clearly show where the proposed waterline and wastewater lines will tie in to the existing systems.~~

12. The following comments pertain to the requested variances:

- i. The lot sizes have been determined for the entire Shadowglen Development. Per the Development Agreement (DA), 25% can be 5,000 sf, 20% can be 5,500 sf, 20% can be 6,000 sf, 20% can be 6,500 sf, 7.5% can be 7,400 sf and 7.5% can be 8,000 sf. These are percentages for what has been already been constructed and approved. It should be shown how many of each lot type has already been constructed and approved and how many are proposed with this Phase.
- ii. There are set percentages for lot widths that need to be followed: 15% = 65 ft, 20% = 60 ft, 20% = 55 ft, 20% = 50 ft and 25% = 40 ft. You can deviate from those percentages +/- 5%. It would be helpful to have a table of where the development currently is and what it will be at with the proposed lots.
- iii. Is taken from the DA and is fine.
- iv. Is taken from the DA and is fine.
- v. Is taken from the DA and is fine.
- vi. Is taken from the DA and is fine.
- vii. This needs to be clarified as to what the development plan and report are. Would this show the lot sizes and widths for Shadowglen overall?
- viii. Clarify what was revoked.
- ix. Would full construction plan sets be submitted for the pathways?
- x. Is ok.
- xi. Please provide documentation as to when the variance request was granted along with a copy of the approved request.

~~13. There appears to be a new variance process in the DA so the only way to have any new variances approved would be through an amendment to the DA. There are already agreed to variances in the DA, so if additional ones are requested the DA would need to be amended.~~

~~14. It is highly unlikely that any waivers to deviate from the DA will be granted.~~

15. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and an 8.5 acre community park is required. The 8.5 acres is shown on the park plan as a contiguous tract that is 100% non-floodplain and contains only approved "Parkland Infrastructure". Lot 1 in Section 1 is shown as open space on the park plan, which is separate from the required community park space, and the lot contains detention facilities which are not approved "Parkland Infrastructure" for a community park. Any lot proposed to meet the "Additional Land" requirement of the DA should be labeled as only "Additional Land" or "Upland Park" with separately defined acreage from any open space or drainage lots.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Should you have questions regarding specific comments, please contact the staff member referenced under the section in which the comment occurs. Should you have questions or require additional information regarding the plan review process itself, please feel free to contact me directly. I can be reached by telephone at (737) 247-7557, or by e-mail at pgray@gbateam.com.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Re: Traffic Impact Analysis for
Shadowglen Phase 3 Sections 1 and 2
July 2019 Submittal

Dear Mr. Rojas,

The traffic impact analysis submitted Kimley-Horn and received by our office on July 2, 2019, has been reviewed for compliance with the City of Manor Subdivision and Zoning Ordinances. The analysis report is in general conformance with the Ordinances with the following exceptions:

1. Greg Manor is spelled Gregg Manor. The spelling error should be corrected throughout the submittal.
2. The analysis is for existing conditions and the full build out year of 2023 without any phasing. Please identify when the infrastructure improvements will be built. We recommend revising the TIA document to reflect a phased construction of the site.
3. The third paragraph on Page iv states "... and agreed upon with the Travis County and City of Manor. Clarify what was agreed upon.
4. The proposed bridge is required in order for the development to be constructed and should not be counted as a traffic mitigation.
5. Proposed mitigations, phasing and funding of proposed mitigation improvements will need to be determined prior to TIA approval. A meeting will need to be set up with City of Manor, Travis County and TxDOT to discuss proposed mitigations.
6. The proposed mitigation costs for signal installations should be adjusted to a minimum of \$400,000.
7. The bridge to be constructed with Shadowglen Phase 3 is not a mitigation. Improvements internal to the site are not mitigation and should not be counted as mitigations.

8. Clarify if the TIA is for all of Shadowglen Phase 3.
9. The Concept Plan included with the submittal lists 1036 residential lots while the TIA lists 1040.
10. The traffic count data included in the report includes only the time period used in the analysis. All collected traffic count data must be provided as justification for using the selected periods.
11. The background development land use information for Lagos does not match what has been submitted with the TIA for Lagos.
12. Table 2 on Page 5 lists the project name as Ventura Parmer.
13. Clarification should be made as to why some of the trip distributions on the Exhibit page 4 show 0%.
14. In Table 7 there are intersections at build out that are have a LOS of A but a worse LOS with mitigations.
15. Mitigated Build Out Peak Hour delays and intersection levels of service are not sufficiently mitigated to the No Build Peak Hour delays and intersection levels of service. Revise mitigations accordingly to achieve adequate mitigation of delays and levels of service.
16. The report indicates that the level of service for several intersections in 2023 is expected to be level F. The adopted Austin Transportation Criteria Manual (TCM) considers an F level of service unacceptable. The report must include proposed improvements that will raise the level of service to an acceptable level.
17. In Table 9 there are proposed mitigation measures to add 200 or 250 feet of right turn lane but with difference unit costs for the same installation. This is true for the proposed traffic signal installations as well.
18. Grove is misspelled in Table 9.
19. Comments from Travis County and TxDOT have not been included with this review letter.
20. The report must be sealed by a licensed engineer (in the state of Texas) and include a certification statement that the report was generated in accordance with the City of Austin Transportation Criteria Manual.

Additional comments may be generated as requested information is provided. A comment response letter, indicating how each comment has been addressed, must be submitted with the resubmittal. Review of this submittal does not constitute a verification of all data, information, and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Sincerely,

Pauline M. Gray, P.E.

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor, TX. 78653

Dear Jason Reece,

The first submittal of the Shadowglen Phase 3 Section 1 & 2 Preliminary Plan (*Preliminary Plan*) submitted by Kimley Horn and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

THE FOLLOWING COMMENTS ARE FOR THE FIRST SUBMITTAL OF THE DETENTION WAIVER REQUEST:

1. The detention waiver request will need to be approved by TRAVIS COUNTY as well the City of Manor.

2. Clarify why the Areas for the curve numbers are different for existing vs proposed in Table 3.
3. Clarify which section of the City of Austin Drainage Criteria Manual you are requesting the Waiver Request for.
4. Per the City of Austin Drainage Criteria Manual Section 1.2.2(D), stormwater runoff peak flow rates shall not be increased at any point of discharge from a site for the two (2), ten (10), 25 and 100-year storm frequency events.
5. The waiver request states that minor changes in velocity occur within Wilbarger Creek and that the changes are minor. The report states that increases in peak flows during the 2- and 25-year storm events are less than 0.02% of their existing peak flows and will have no adverse impact on Wilbarger Creek and no additional adverse flooding will take place as a result of the proposed development. Please provide calculations showing that the increased velocities will not affect erosion.
6. Provide calculations showing that the developed intensity curve numbers include streets, sidewalks and any other impervious cover items in their calculations. The residential curve numbers appear low.

7. PROVIDE DOCUMENTATION THAT THE WAIVER REQUEST HAS BEEN APPROVED BY TRAVIS COUNTY.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Traffic Impact Analysis for Shadowglen Phase 3 TIA

Please accept this *Comment Response Letter* in reply to Travis County Completion Check review, dated December 14, 2020 regarding the referenced project. Original comments have been included for reference, while Kimley-Horn responses are listed in **maroon**.

COMPLETION CHECK COMMENTS

1. Sight Distance Analysis: The TIA shall include horizontal and vertical sight distance analysis for both Stopping Sight Distance (SSD) and Intersection Sight Distance (ISD); however, only the horizontal intersection sight distance analysis was included in the report. Please include all exhibits as part of the update.

Response: Vertical sight distance figures have been included in this submittal in Appendix M along with the horizontal sight distance figures.

2. Section I.5.d requires a roadway sizing analysis for all connecting internal roadways. It appears the driveways/internal roadways weren't included in the report.

Response: A roadway sizing analysis has been included in the Phase 1 section of the report (Page 40-41) for the primary entrance roads to the Phase 1 development (2023) – called Driveway 1 and Driveway 2. The roadway sizing analysis for Driveway 3/Misty Grove Boulevard is included with the Phase 2 development (2025) of the report (Page 60).

The roadway classifications are noted on the overall site plan included as Figure 1, including notes for each classification used.

3. Section II.1 (a): Annual growth rate. Please provide printouts or screen shots of the TxDOT count maps in the appendix of the report.

Response: Growth rate calculations and the relevant TxDOT historical data has been included in Appendix C.

The growth rate table included shows an average growth rate of 9%; however, we are proposing a 3% growth rate as a more realistic growth rate to be sustainable over a 5-year development schedule. A 3% growth rate also aligns with the growth trends utilized in the background projects included in this TIA, as shown in the table below.

Project	Growth Rate
Wildhorse PUD	*
Lagos	1.00%
Equinox East	3.00%
Shadowglen PUD	2.00%
*Not included in report provided	

4. Please provide the electronic version of the NCHRP 457 spreadsheets. They appear to be missing.

Response: The Excel spreadsheets are included with this submittal.

Please contact me with questions or if additional information is required before January 4, 2021. I can be reached at 979 307 5030 or via email at allison.adams@kimley-horn.com.

Sincerely,

Allison Adams, P.E.

SUBJECT: Review Comments for Traffic Impact Analysis Report
Shadowglen – Phase 3 (Manor, TX) (1st Submittal)

As requested by the City of Manor, GBA's traffic and transportation engineers have completed a technical review of the above referenced Traffic Impact Analysis (TIA) report submitted by Kimley-Horn. This TIA report submittal was received by the City of Manor on January 8, 2021 and provided to GBA at that time. In addition, we have also reviewed your supplemental information provided in response to the Travis County Completion Check review, dated December 14, 2020.

We would offer the following comments and observations regarding both our independent review of the submitted TIA report, as well as the County's comments provided during their content review and Kimley-Horn's subsequent responses:

1. There are several minor mistakes within the report document's Table of Contents:
 - It appears that there is a gap in the report page numbering, with Pages 12-19 missing.
 - The "Trip Distribution and Assignment" description is actually provided on Page 10.
 - In the Listing of Tables, **Tables 9-10** (2023 AM/PM Queuing Summary) and **Tables 16-17** (2025 AM/PM Queuing Summary) have been omitted, and items from **Table 9** to **Table 21** have been mislabeled as a result.
2. We find the submitted TIA report to be in general compliance with the Scope & Study Area guidance provided by Travis County personnel, as depicted in **Appendix A**, but would offer these observations:
 - We generally concur with the "factoring" of the existing traffic counts, including Kimley-Horn's COVID adjustment process and the use of some historical traffic growth factors to adjust 2019 traffic counts to current conditions (see further discussion of utilized traffic growth factors provided below in comment #4).
 - Please provide additional description, clarification and illustrations of the data collected for the purposes of calibrating the existing Synchro operational analyses.
 - We noted that there was an increase of 6 dwelling units proposed within the development between the scoping stage and this report submittal, resulting in negligible increases in expected trip generation of 58 daily trips, 4 total AM trips, and 6 total PM trips.
 - In **Appendix B**, the **Exhibit B1** does not explicitly provide the trip generation estimates for each adjacent approved project individually as required, nor does **Exhibit B2** allow for any tracking of site-generated trips from these adjacent projects on an individual basis with the way that these trips have been aggregated and summarized.
 - While we did note that existing traffic signal timing sheets were included within the electronic submittal package, they were not included in the Appendix of the TIA as listed in Submittal Requirement #5.
3. Please clarify the background traffic development volumes used for the purposes of this TIA. Good description is provided for the adjacent approved developments on Page 3 for the 2023

scenario. However, different (i.e., higher) assumptions for the background traffic from the adjacent approved developments may have been appropriate for the 2025 scenario.

- Was additional traffic beyond Phase 1 of the Lagos development included in the 2025 scenario, as this development progresses toward completion in 2030? If not, why?
- The Equinox East development is expected to be completed by 2027. Should additional traffic (up to 75% if linear growth is assumed) from this development have been considered for the 2025 scenario?

4. We have independently reviewed the supplemental TxDOT historical data provided by Kimley-Horn and summarized in the attached **Appendix C**. We understand that a 3% annual growth rate appears consistent with the growth trends utilized in the several background projects included in this TIA report, and why it is therefore recommended for use by Kimley-Horn. The TIA report also says that this 3% growth rate has previously received concurrence from both City and County staff.

However, our independent review of the TxDOT data in **Appendix C** indicates that annual growth rates in the range of 6% to 12% have been demonstrated over the five-year period from 2015 to 2019 at several of the nearby count stations, most notably those on US-290, Lexington Street south of US-290, and at the two locations on FM 0973 to the north of US-290. Therefore, more substantial background traffic growth has recently been demonstrated and sustained in the vicinity of this project site, and a more aggressive background growth rate may be advisable. We would note that any substantial increase in the background traffic volumes under the 2023 and 2025 development thresholds could result in additional mitigation countermeasures being required at the study intersections.

5. When reviewing the provided Trip Generation estimates in **Table 4** and **Appendix D**, we confirmed that Kimley-Horn utilized the Average Rates from ITE for Land Use 210. In this case, we concur with the use of these Average Rates since doing so represents a “conservative” approach that actually generates additional daily, AM, and PM trips from the Shadowglen – Phase 3 development.
6. Please provide additional clarification and/or justification for the intermittent usage of both ICU and HCM – 6th Ed. overall intersection Levels of Service within **Table 6**. These appear to be used interchangeably at times, and in some cases the summarized LOS values do not correlate with the provided Synchro analysis for each respective intersection? We would suggest a thorough review to ensure the completeness and accuracy of this table.
7. Regarding the traffic signal warrants provided throughout the TIA report for both the 2023 and 2025 scenarios, please provide additional clarification for your recommendations about MUTCD Peak Hour Warrant 3. If the poor operations at several of the study intersections will not be improved using traffic signalization per Kimley-Horn’s recommendations, what additional geometric and/or traffic control mitigation countermeasures should be considered, if any?
8. We have reviewed the Sight Distance Analysis provided within this TIA, both the prior horizontal measurements and the supplemental vertical analysis now included in **Appendix M**. Although the Intersection Sight Distance (ISD) condition looking west from Drive 1 onto Rector Loop is marginally deficient (i.e., by about 35 feet from the 400 feet required), in general we concur that no detrimental sight conditions are expected for egress drivers at the site access street connections onto either Rector Loop (Drives 1 and 2) or Fuchs Grove Road (Drive 3).

9. The roadway sizing analyses completed for Drives 1 and 2 during Phase 1 of this development, as well as for Drive 3 during Phase 2, appear to be complete and accurate. As noted by Kimley-Horn, the proposed roadway classifications are included on **Figure 1** provided in the TIA report.
10. We have reviewed the Excel calculation spreadsheets provided by Kimley-Horn to perform evaluations for the mainline auxiliary turn lane warrants, as described by NCHRP 457. We have independently confirmed the results of these auxiliary turn lane warrant analyses, in particular those at the location of Drive 3 onto Fuchs Grove Road (see Pages 61-63 of the TIA report) that indicate both a southbound left-turn lane and a northbound right-turn lane are warranted. These recommended mainline turn lane improvements appear to have been properly accounted within the phased mitigation plans and “pro rata” cost estimates within the TIA, with the southbound left-turn lane being accommodated by the recommended roadway widening to provide a three-lane section with a two-way left-turn lane (TWLTL) on Fuchs Grove Road from Rector Loop to Gregg Lane and the northbound right-turn lane indicated as the last item in **Table 21** on Page 75.
11. In **Tables 11-12** and **Tables 18-19**, there are numerous instances where the lane group MOEs provided (i.e., v/c ratios and movement delays) do not directly correspond with the associated LOS colorations and are misrepresented. This is especially true for many of the shared mainline through/right-turn lane groups. It would be very helpful if the overall delay and LOS results for the signalized intersections was also depicted in these tables. For the AM conditions provided in **Table 11**, the comparative overall signalized data provided references the Existing PM Peak Hour results and should instead reference the Existing AM Peak Hour MOEs in our opinion.

Again, please provide additional clarification and/or justification for the intermittent usage of both ICU and HCM – 6th Ed. overall intersection Levels of Service within these tables. These appear to be used interchangeably at times, or in some cases the summarized LOS does not correlate with either LOS found in the provided Synchro analysis for each respective intersection? We would suggest a thorough review to ensure the completeness and accuracy of these MOE summary tables.
12. The adopted Austin Transportation Criteria Manual (TCM) considers an LOS “F” to be unacceptable. The TIA report must include proposed improvements that will raise the level of service to an acceptable level. Please confirm during your review of the reported MOEs in revised versions of **Tables 11-12** and **Tables 18-19** that these acceptable levels have been achieved at all study intersections.
13. **Tables 16-17** appear to be mislabeled, as they are supposed to be indicating the “2025” AM and PM Queue and Storage Length summaries.
14. Comments from Travis County and TxDOT have not been included within this review letter.
15. Additional comments may be generated as the requested information is provided. A comment response letter, indicating how each comment has been addressed, must be submitted with the resubmittal. Review of this submittal does not constitute a verification of all data, information, and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not the City Engineers review the application for Ordinance compliance.

16. The phased mitigation cost estimates and “pro rata” cost sharing summaries may need to be reviewed pending the identification of any additional mitigation countermeasures at the study intersections.

Please feel free to contact us if you should have any questions regarding these independent review comments or need additional information.

Sincerely,

GEORGE BUTLER ASSOCIATES, INC.

**RE: Preliminary Plan for Shadowglen Phase 3 (Permit No. 2018-P-1154-PP)
Section 1 & 2
Manor, Texas 78653**

Dear Pauline Gray:

Please accept this Comment Response Letter for the above reference project. This submittal is in response to the comments provided by the City of Manor on March 27th, 2019. The original comments have also been included below, for reference. A summary of changes made since the previous submittal has also been included with this submittal.

Comment 1. Per City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B Section 22(c)(4)(iv), Traffic Impact Analysis (TIA), consistent with the City of Austin Transportation Criteria Manual is required.

Response: **Noted. The TIA for this project has been submitted and is currently in the final stages of review/approval.**

Comment 2. The MUD number that will serve the proposed project is not listed on under the General Information on Sheet 2. (See upper left corner of sheet).

Response: **Noted. The MUD number has been added to Sheet 2.**

Comment 3. Parkland is required to be dedicated with Phase 3 of Shadowglen and should be consistent with Exhibit I of the DA. For Phase 3, 6.4 acres of greenbelt trails/linear parks and an 8.5 acre community park is required. The 8.5 acres is shown on the park plan as a contiguous tract that is 100% non-floodplain and contains only approved "Parkland Infrastructure". Lot 1 in Section 1 is shown as open space on the park plan, which is separate from the required community park space, and the lot contains detention facilities which are not approved "Parkland Infrastructure" for a community park. Any lot proposed to meet the "Additional Land" requirement of the DA should be labeled as only "Additional Land" or "Upland Park" with separately defined acreage from any open space or drainage lots.

Response: **Noted.**

Please contact me at 512-551-1839 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Re: Project: APP-Sub 450
Shadowglen Ph 3 Sec 1 & 2

Dear David Peyton,

Please accept this Comment Response Letter in reply to the Traffic Engineering Division review, dated March 10th, 2022, regarding the above-referenced project. Original comments have been included below for reference. All Kimley-Horn's responses are listed in **Blue**

GENERAL

1. Add subdivision plat notes from 482.945.
Response: Acknowledged. Subdivision plat notes have been added to page 4 of the plat.
2. **Note:** If applicable, add a note when the preliminary plan associated with this project was approved.
Response: We are currently resubmitting for our preliminary plan for this project.

WATERWAY, CEF SETBACK AND TREE PRESERVATION

3. Provide a copy of the full environmental resource inventory more per the requirements found in 482.942.
Response: Acknowledged. A copy of the ERI has been attached with this submittal titled "Phase 3 ERI"
4. Any waterway and or critical environmental feature setback areas identified by the ERI must be shown as a protective, platted easement, and once the plat is approved by the County Executive, must be recorded by the owner in the Official Public Records of Travis County, Texas as stated in 482.914.
Response: Based on the ERI there are no CEFs or waterways within the property. See Figure 5 and 6 (sheet 17 and 18) of the ERI.

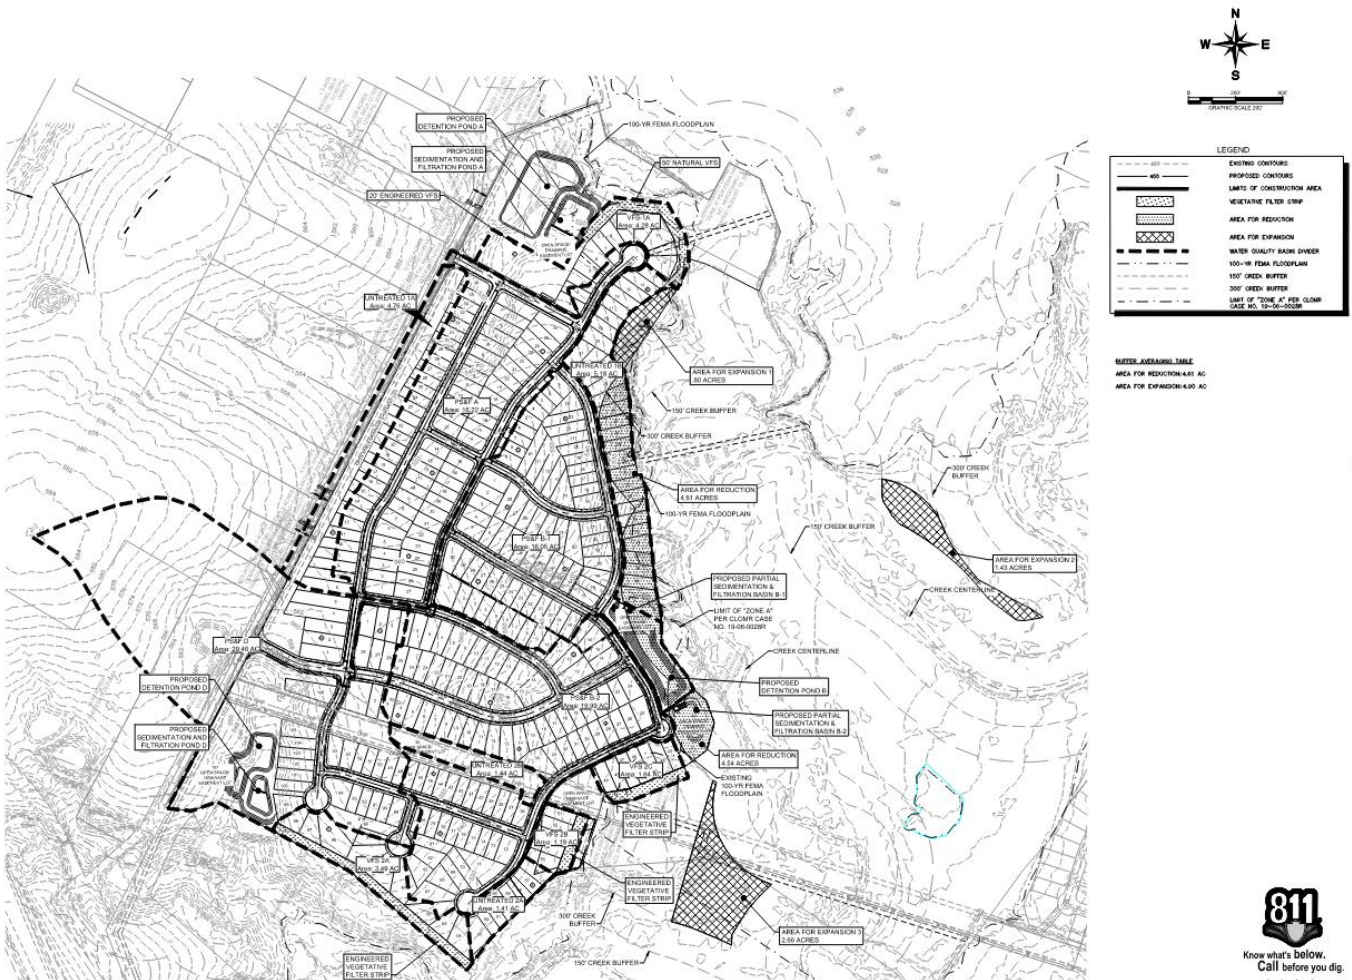

- An exception request would need to be approved by the Division Director under 482.941.j.7. for the waterway buffer encroachments noted.

Please submit your request for approval.

Response: As discussed in our previous comment response a buffer averaging is proposed for the residential lots and Pond B located within the 300' setback per COA ECM 1.5.2.D. The 4.61ac area of reduction shown on Exhibit B will be averaged with three areas of expansion that account for a total of 4.9 acres. See exhibit G below and on sheet 12 of the prelim plan.

PERMANENT WATER QUALITY BMPs

6. Provide a general description of any future improvements (permanent water quality controls (PWQC) or storm water plan) that are planned for the site as described in Sec 482.931.b.

Response: The proposed improvements include storm network, a wet pond and 2 partial sedimentation/filtration ponds for water quality and detention as shown in the Preliminary Engineering report attached with this submittal.

7. NOTE

Clearly mark and label the location and dimensions of any easement for placement of a permanent water quality control.

A Protective Easement document has been must be submitted to postinspection@traviscountytx.gov for review and approval prior to notarizing it.

Once the easement document receives review approval, the document will be returned to be legally recorded with the County Clerk's Office. A digital recorded copy must be provided.

Response: Water Quality Easement Lots have been called out on plat and coordination has been started for easement documents. Recordation number will be provided when available.

8. Please add the following permanent water quality plat note:

As depicted on the plat, all water quality easement areas are subject to periodic inspection and monitoring by Travis County for the purpose of ensuring water quality compliance, as applicable, according to Sec. 16.014 of the Texas Water Code.

Response: Acknowledged. The note has been added to general notes as note #21.

****** PLEASE NOTE ******

1. *Additional ENV comments may be issued and based on the answers and information provided to items listed above.*
2. *Include a response to comments memo.*
3. *When resubmitting information on mypermitnow.org please include an email to david.peyton@traviscountytx.gov indicating that new information has been added to the application. **REEFERNCE YOUR APPLICATION #***

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

NEW COMMENT 01/23/2023

Response acknowledged. Will await your resubmittal.

Response: Acknowledged.

Completeness Check Engineering Review Comments**REVIEWER: Teresa Calkins, P.E.**

Comment 10: A traffic impact analysis is required for this development. Coordinate with Travis County Traffic Division on the scope of the analysis. A phasing agreement will need to be prepared addressing the transportation improvements that will be required from the developer to mitigate the impacts of this development to the surrounding street network.

Response 10: TIA has been submitted and is in final review/approval stages.

Update comment 1/23/23: Pending. Provide a status of the review. Please be advised that the TIA review will need to be complete, and a Mitigation Agreement (if required) approved by Commissioners Court prior to approval of the Preliminary Plan. A Preliminary Plan may be determined to be complete for the purposes of beginning technical review when no more than five non-substantive TIA review comments are still outstanding.

Response: Acknowledged, the TIA review is complete.

Comment 11: Sheets 3 and 4 – Provide additional right-of-way on Rector Loop necessary to provide a total right-of-way width of 70 feet. Due to the amount of traffic generated by the development, Rector Loop will be classified as a collector. 5/23/19 – Show the additional right-of-way area on the preliminary plan and label area to be dedicated by future plats.

Response 11: ±4.1 feet of additional ROW to be dedicated per final plat has been added and called out on plan set.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 12: Sheets 3 and 4 – Label radii for all cul-de-sacs, knuckles and curb returns. Please recall that any cul-de-sac with a throat length of greater than 150 feet requires a 60 foot radius. 5/23/19 – Revise curb return and knuckle radii to meet requirements of the Transportation Criteria manual. Local with Local intersections require 15 foot radii and locals at collectors require 20 feet. Elbow radii are 40 feet to FOC with a 25 foot inside radius.

Response 12: Noted. Radii have been checked and adjusted as needed.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 13: Sheets 3 and 4 – Provide sight line easements at the following intersections: Street C at Street D; Street E at Street D; Street F at Street D; Street A at Street E; Street H at Street F; Street G at Street H and; Street J at Street I. Provide exhibits demonstrating the easements will provide minimum intersection sight distances complying with requirements of the City of Austin Transportation Criteria Manual. 5/23/19 – Per the Transportation Criteria Manual, the point of observation used to determine intersection sight distance is located 18 feet from the edge of the pavement of the intersected street; a few of the intersections provided in the exhibits do not meet this criteria. Revise the exhibits to demonstrate that the sight line easements provided at each intersection will protect the line of sight based on the observation point requirement. Also, please dimension the observation point for each intersection.

Response 13: Point of observation has been adjusted to 18 feet and dimensions have been added.

Update comment 1/23/23: Cleared for purpose of completeness check; however sight line easement exhibits require an engineers signature and seal; please provide an engineer's signature and seal on these documents. Include also sufficient data to allow confirmation of the location of the easement boundary. Provide updated information with submittal for formal review.

Response: Acknowledged. Engineer's seal and signature have been added to the exhibit.

Comment 14: Sheets 3 and 4 – Revise name of all "Open Space/Drainage" lots to "Open Space/Drainage Easement Lot". 5/23/19 – If drainage easements are to be provided separately in these areas, they need to be shown graphically and labeled on the preliminary plan with the lots designated as Open Space. Otherwise, revise lot designations as requested. In addition, Lot 35 on Sheet 4 requires a drainage easement for the proposed drainage channel and the Lot designation will need to be revised appropriately.

Response 14: Noted. Lot name will be changed and easement added. Lot 35 on sheet 4 is not intended to contain drainage channel and falls

within an electrical easement.

Update comment 1/23/23: Cleared for completeness check; however lot names and easement designations will be checked under technical review.

Response: Acknowledged.

Comment 15: Provide documentation demonstrating LCRA has no objection to the roadways and drainage improvements proposed within their electric easement. 5/23/19 – Pending LCRA concurrence.

Response 15: Noted. LCRA concurrence has been received and is included in submission.

Update comment 1/23/23: Cleared for completeness check

Response: Acknowledged.

Comment 16: Designate any existing easement crossing a proposed right-of-way as to be vacated on the plan. Rights-of-way must be clear of any encumbrances or entitlements in order to be accepted by Travis County for maintenance. 5/23/19 – Revise preliminary plan as requested.

Response 16: Vacation note has been added to the preliminary plan.

Update comment 1/23/23: Please confirm the location of the note; I did not find it on the Preliminary Plan.

Response: Acknowledged. The vacation note is shown below on the overall preliminary plan.

Comment 17: Update engineering report to include information supporting Curve Number (Cn) used for calculating the weighted curve numbers listed on Ex A sheet. Also include input data and routing diagrams from the drainage model used to calculate the existing and proposed runoff listed in tables on Ex A and Ex B sheets. 5/23/19 – Please update the engineering report and provide electronic copy of drainage models. Please clarify on plans and in the report the Cn value that was used for impervious cover to calculate your weighted Cn value.

Response 17: Noted. Curve number information will be added to the report and table in the plan set. Electronic copy of drainage models will be provided.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 18:

Sheet Ex B – The Proposed Condition Table indicates that stormwater runoff will be increased over existing conditions at Points of Analyses A, B and D. Revise proposed drainage improvements to ensure that runoff is not increased from the development at any analysis point and provide an updated drainage analysis. The summation of flows provided in the table proposed to demonstrate no increase in runoff is not appropriate. 5/23/19 – Revise improvements to reduce post development flows to pre-development levels as requested. If you increase flows across the boundaries as currently proposed, you will need to model the creek (HEC-RAS or equivalent) to demonstrate that there are no adverse impacts to the floodplain.

Response 18: Understood – the drainage areas have been adjusted to prevent an increase in runoff at each Point of Analysis.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 19:

Sheet EX D – Provide drainage analysis demonstrating the water surface for the 100 year storm event will be contained within the open space/drainage lot 123. 5/23/19 – Provide drainage analysis as requested. The applicant needs to demonstrate the lot size is adequate.

Response 19: Pond D analysis table has been added to sheet EX B with other pond analysis. Maximum pond water surface elevation for the 100-year storm event is below top of bank and falls within the current lot line layout.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 20:

5/23/19 - NOTICE: Chapter 482 of the Travis County code has been

revised to require that floodplain boundaries and base flood elevations be based on the NOAA Atlas 14 rainfall intensity data. All residential and commercial development applications submitted after May 1, 2019 must comply with the new requirements. Although this subdivision construction permit application was submitted prior to May 1st, review staff recommends the applicant voluntarily revise this preliminary plans to comply with the new requirements, noting that future plats will be required to comply with the new code.

Response 20: Storm calculations have been updated with the current Atlas 14 rainfall data.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 21: 5/23/19 – EX A and EX B – The notes under the drainage tables indicate that a minimum time of concentration of 6 minutes has been used; however, the Drainage Criteria Manual specifies a minimum Tc of 5 minutes. Revise drainage calculations and tables accordingly using the appropriate minimum Tc. Response 21: The minimum Tc has been updated to 5 minutes for all calculations.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Subdivision Review

Reviewer: Sarah Sumner 512-854-7687

1. Please confirm you have 354 single family lots and no mention of any amenity. Dog park? Pickleball?
Response: Correct, there will be 354 and no amenity included in this phase. A clubhouse was proposed in phase I of this development.

2. Sheet 3, Block A and Block C are missing some lot numbers, Block F – lots 16 and 17 are hidden under a SDE label.
Response: Acknowledged. Lot numbers have been added.

3. Sheet 4, Block B missing several lot numbers
Response: Acknowledged. Lot numbers have been added.

4. Sheet 5 – empty columns??

Response: Acknowledged. Columns have been filled in.

5. All subdivision applications in Travis County must be forwarded to the Travis County Fire Marshal's office rather than to the local ESD for review. The Fire Marshal's office will determine if the local ESD has review authority of subdivisions and site plans and, if so, will forward the plans to the local ESD for review and comments. Please contact (512) 854-4621 or (fire.marshall@traviscountytexas.gov) as soon as possible to prevent delay of approval. Written documentation that the Travis County Fire Marshal's office or local ESD has reviewed and approved of the subdivision is required prior to scheduling the application for approval.

Response: Acknowledged. Coordination with the fire marshal has been started to conform if the local ESD has review authority.

6. Please submit a variance request per section 482.202 (e) (4) and have supporting documentation from the local fire department.

Response: Acknowledged.

7. Please provide a current letter of availability by the utilities (electric, water and wastewater) to provide service.

Response: Acknowledged. Current letters of availability have been attached with this submittal.

8. Information: This subdivision is in the City of Manor municipal jurisdiction/ extra territorial jurisdiction. You will also need to submit an application and preliminary plan to the City of Manor and get approval before Travis County will approve this preliminary plan.

Response: Acknowledged. The preliminary plan submittal process has been started with the city of Manor.

9. Travis County regulates to the 500-year floodplain as a surrogate for the Atlas 14 100-year floodplain per Chapters 464 and 482 of the Travis County code as of May 1, 2019. Any final plats out of this preliminary plan will be held to the 500 year floodplain. We recommend compliance with this preliminary plan. All FFE must be 2 feet above the 500 year flood plain. Update note 11.

Response: Acknowledged. Note 11 has been updated to reflect compliance with Atlas 14.

10. Please remove the foc from the proposed streets and have the sidewalks in the ROW.

Response: Acknowledged. FOC has been removed and all sidewalks are within ROW.

11. Please show financial obligations of the phasing agreement have been met.

Response:

I. DEVELOPER'S OBLIGATIONS

A. The Developer agrees to pay the County \$704,561.06. for the impacts of Phase 3-1, as the term is defined below, on the Roadway Improvement Project ("Phase 3-1 Payment"). The Phase 3-1 Payment is due at the time this Agreement is executed and submitted to the County by the Developer. The Developer further agrees to pay the County \$991,216.94 for the impacts of Phase 3-2, as the term is defined below, on the Roadway Improvement Project ("Phase 2 Payment"). The Phase 3-2 Payment is due prior to approval of Subdivision Construction Plans for any section of Phase 3-2.

12. Please note the location of clustered mailboxes if applicable for Section 2.

Response: Acknowledged. Mailboxes for section 2 have been added near the South entrance

NOTICE REGARDING RENEWAL FEES: The Travis County Commissioners Court has adopted the following plat application renewal fee schedule. Ten percent (10%) of the original review fee will be assessed for an application renewal where there has been no application activity for 60 days. One hundred percent (100%) of the original review fee will be assessed for an application renewal where there has been no application activity for 180 days or more. For the purpose of the fee schedule, "application activity" means providing a written update and other requested information in response to a comments letter from the Travis County Transportation and Natural Resources Department ("TNR") Plat Application Intake Office and does not include e-mails, telephone calls, partial or incomplete submissions of information, or meetings with County officers or employees.

60 days from TNR requested information is 01-31-19.

180 days from TNR requested information is 05-23-19.

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

Permit Number 2018-P-1154-PP
Job Address: Shadowglen Phase 3 Section 1 & 2 Preliminary Plan, Manor 78653

Dear Jason Reece,

The submittal of the revised Shadowglen Phase 3 Section 1 & 2 Preliminary Plan Site Plans submitted by Kimley Horn and received by our office on 2/10/2023, has been reviewed for compliance with the City of Manor Zoning Ordinance 185. The Plans appear to be in general compliance with City Ordinance requirements and we therefore take no exception to their approval as presented.

Please submit a hard copy of the cover sheet to Scott Dunlop at the City of Manor for signatures. A copy of the signed cover sheet will be uploaded under project files on the my permit now website.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance. Please call if you have any questions or need additional information.

Sincerely,

A handwritten signature in blue ink that reads 'Pauline M. Gray'.

NEW COMMENT 01/23/2023

Response acknowledged. Will await your resubmittal.

Response: Acknowledged.

Completeness Check Engineering Review Comments**REVIEWER: Teresa Calkins, P.E.**

Comment 10: A traffic impact analysis is required for this development. Coordinate with Travis County Traffic Division on the scope of the analysis. A phasing agreement will need to be prepared addressing the transportation improvements that will be required from the developer to mitigate the impacts of this development to the surrounding street network.

Response 10: TIA has been submitted and is in final review/approval stages.

Update comment 1/23/23: Pending. Provide a status of the review. Please be advised that the TIA review will need to be complete, and a Mitigation Agreement (if required) approved by Commissioners Court prior to approval of the Preliminary Plan. A Preliminary Plan may be determined to be complete for the purposes of beginning technical review when no more than five non-substantive TIA review comments are still outstanding.

Response: Acknowledged, the TIA review is complete.

Comment 11: Sheets 3 and 4 – Provide additional right-of-way on Rector Loop necessary to provide a total right-of-way width of 70 feet. Due to the amount of traffic generated by the development, Rector Loop will be classified as a collector. 5/23/19 – Show the additional right-of-way area on the preliminary plan and label area to be dedicated by future plats.

Response 11: ±4.1 feet of additional ROW to be dedicated per final plat has been added and called out on plan set.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 12: Sheets 3 and 4 – Label radii for all cul-de-sacs, knuckles and curb returns. Please recall that any cul-de-sac with a throat length of greater than 150 feet requires a 60 foot radius. 5/23/19 – Revise curb return and knuckle radii to meet requirements of the Transportation Criteria manual. Local with Local intersections require 15 foot radii and locals at collectors require 20 feet. Elbow radii are 40 feet to FOC with a 25 foot inside radius.

Response 12: Noted. Radii have been checked and adjusted as needed.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 13: Sheets 3 and 4 – Provide sight line easements at the following intersections: Street C at Street D; Street E at Street D; Street F at Street D; Street A at Street E; Street H at Street F; Street G at Street H and; Street J at Street I. Provide exhibits demonstrating the easements will provide minimum intersection sight distances complying with requirements of the City of Austin Transportation Criteria Manual. 5/23/19 – Per the Transportation Criteria Manual, the point of observation used to determine intersection sight distance is located 18 feet from the edge of the pavement of the intersected street; a few of the intersections provided in the exhibits do not meet this criteria. Revise the exhibits to demonstrate that the sight line easements provided at each intersection will protect the line of sight based on the observation point requirement. Also, please dimension the observation point for each intersection.

Response 13: Point of observation has been adjusted to 18 feet and dimensions have been added.

Update comment 1/23/23: Cleared for purpose of completeness check; however sight line easement exhibits require an engineers signature and seal; please provide an engineer's signature and seal on these documents. Include also sufficient data to allow confirmation of the location of the easement boundary. Provide updated information with submittal for formal review.

Response: Acknowledged. Engineer's seal and signature have been added to the exhibit.

Comment 14: Sheets 3 and 4 – Revise name of all "Open Space/Drainage" lots to "Open Space/Drainage Easement Lot". 5/23/19 – If drainage easements are to be provided separately in these areas, they need to be shown graphically and labeled on the preliminary plan with the lots designated as Open Space. Otherwise, revise lot designations as requested. In addition, Lot 35 on Sheet 4 requires a drainage easement for the proposed drainage channel and the Lot designation will need to be revised appropriately.

Response 14: Noted. Lot name will be changed and easement added. Lot 35 on sheet 4 is not intended to contain drainage channel and falls

within an electrical easement.

Update comment 1/23/23: Cleared for completeness check; however lot names and easement designations will be checked under technical review.

Response: Acknowledged.

Comment 15: Provide documentation demonstrating LCRA has no objection to the roadways and drainage improvements proposed within their electric easement. 5/23/19 – Pending LCRA concurrence.

Response 15: Noted. LCRA concurrence has been received and is included in submission.

Update comment 1/23/23: Cleared for completeness check

Response: Acknowledged.

Comment 16: Designate any existing easement crossing a proposed right-of-way as to be vacated on the plan. Rights-of-way must be clear of any encumbrances or entitlements in order to be accepted by Travis County for maintenance. 5/23/19 – Revise preliminary plan as requested.

Response 16: Vacation note has been added to the preliminary plan.

Update comment 1/23/23: Please confirm the location of the note; I did not find it on the Preliminary Plan.

Response: Acknowledged. The vacation note is shown below on the overall preliminary plan.

Comment 17: Update engineering report to include information supporting Curve Number (Cn) used for calculating the weighted curve numbers listed on Ex A sheet. Also include input data and routing diagrams from the drainage model used to calculate the existing and proposed runoff listed in tables on Ex A and Ex B sheets. 5/23/19 – Please update the engineering report and provide electronic copy of drainage models. Please clarify on plans and in the report the Cn value that was used for impervious cover to calculate your weighted Cn value.

Response 17: Noted. Curve number information will be added to the report and table in the plan set. Electronic copy of drainage models will be provided.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 18:

Sheet Ex B – The Proposed Condition Table indicates that stormwater runoff will be increased over existing conditions at Points of Analyses A, B and D. Revise proposed drainage improvements to ensure that runoff is not increased from the development at any analysis point and provide an updated drainage analysis. The summation of flows provided in the table proposed to demonstrate no increase in runoff is not appropriate. 5/23/19 – Revise improvements to reduce post development flows to pre-development levels as requested. If you increase flows across the boundaries as currently proposed, you will need to model the creek (HEC-RAS or equivalent) to demonstrate that there are no adverse impacts to the floodplain.

Response 18: Understood – the drainage areas have been adjusted to prevent an increase in runoff at each Point of Analysis.

Update comment 1/23/23: Cleared for completeness check.

Response: Acknowledged.

Comment 19:

Sheet EX D – Provide drainage analysis demonstrating the water surface for the 100 year storm event will be contained within the open space/drainage lot 123. 5/23/19 – Provide drainage analysis as requested. The applicant needs to demonstrate the lot size is adequate.

Response 19: Pond D analysis table has been added to sheet EX B with other pond analysis. Maximum pond water surface elevation for the 100-year storm event is below top of bank and falls within the current lot line layout.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files.

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 20:

5/23/19 - NOTICE: Chapter 482 of the Travis County code has been

revised to require that floodplain boundaries and base flood elevations be based on the NOAA Atlas 14 rainfall intensity data. All residential and commercial development applications submitted after May 1, 2019 must comply with the new requirements. Although this subdivision construction permit application was submitted prior to May 1st, review staff recommends the applicant voluntarily revise this preliminary plans to comply with the new requirements, noting that future plats will be required to comply with the new code.

Response 20: Storm calculations have been updated with the current Atlas 14 rainfall data.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Comment 21: 5/23/19 – EX A and EX B – The notes under the drainage tables indicate that a minimum time of concentration of 6 minutes has been used; however, the Drainage Criteria Manual specifies a minimum Tc of 5 minutes. Revise drainage calculations and tables accordingly using the appropriate minimum Tc. Response 21: The minimum Tc has been updated to 5 minutes for all calculations.

Update comment 1/23/23: Please provide an updated report and the electronic drainage files (see Comment 17).

Response: Acknowledged. Report and electronic drainage files have been attached with this submittal.

Subdivision Review

Reviewer: Sarah Sumner 512-854-7687

1. Please confirm you have 354 single family lots and no mention of any amenity. Dog park? Pickleball?
Response: Correct, there will be 354 and no amenity included in this phase. A clubhouse was proposed in phase I of this development.

2. Sheet 3, Block A and Block C are missing some lot numbers, Block F – lots 16 and 17 are hidden under a SDE label.
Response: Acknowledged. Lot numbers have been added.

3. Sheet 4, Block B missing several lot numbers
Response: Acknowledged. Lot numbers have been added.

4. Sheet 5 – empty columns??

Response: Acknowledged. Columns have been filled in.

5. All subdivision applications in Travis County must be forwarded to the Travis County Fire Marshal's office rather than to the local ESD for review. The Fire Marshal's office will determine if the local ESD has review authority of subdivisions and site plans and, if so, will forward the plans to the local ESD for review and comments. Please contact (512) 854-4621 or (fire.marshall@traviscountytexas.gov) as soon as possible to prevent delay of approval. Update note 11.

Response: Acknowledged. Note 11 has been updated to reflect compliance with Atlas 14.

10. Please remove the foc from the proposed streets and have the sidewalks in the ROW.

Response: Acknowledged. FOC has been removed and all sidewalks are within ROW.

11. Please show financial obligations of the phasing agreement have been met.

Response:

I. DEVELOPER'S OBLIGATIONS

A. The Developer agrees to pay the County \$704,561.06. for the impacts of Phase 3-1, as the term is defined below, on the Roadway Improvement Project ("Phase 3-1 Payment"). The Phase 3-1 Payment is due at the time this Agreement is executed and submitted to the County by the Developer. The Developer further agrees to pay the County \$991,216.94 for the impacts of Phase 3-2, as the term is defined below, on the Roadway Improvement Project ("Phase 2 Payment"). The Phase 3-2 Payment is due prior to approval of Subdivision Construction Plans for any section of Phase 3-2.

12. Please note the location of clustered mailboxes if applicable for Section 2.

Response: Acknowledged. Mailboxes for section 2 have been added near the South entrance

NOTICE REGARDING RENEWAL FEES: The Travis County Commissioners Court has adopted the following plat application renewal fee schedule. Ten percent (10%) of the original review fee will be assessed for an application renewal where there has been no application activity for 60 days. One hundred percent (100%) of the original review fee will be assessed for an application renewal where there has been no application activity for 180 days or more. For the purpose of the fee schedule, "application activity" means providing a written update and other requested information in response to a comments letter from the Travis County Transportation and Natural Resources Department ("TNR") Plat Application Intake Office and does not include e-mails, telephone calls, partial or incomplete submissions of information, or meetings with County officers or employees.

60 days from TNR requested information is 01-31-19.

180 days from TNR requested information is 05-23-19.

End of Report

Please contact me at (512) 418-1771 if additional information is required.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Jacob Kondo, P.E.
Project Manager

City of Manor Development Services

Notification for a Subdivision Preliminary Plat

Project Name: Shadowglen Phase 3 Sections 1 and 2 Preliminary Plat
 Case Number: 2018-P-1154-PP
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a Subdivision Preliminary Plat for the Shadowglen Subdivision located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing on a Subdivision Preliminary Plat for the Shadowglen Subdivision, three hundred and six (306) lots on 103.728 acres, more or less, and being located near the intersection of Gregg Manor Rd and Rector Loop, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

The Planning and Zoning Commission will meet at 6:30PM on 3/08/2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Subdivision Preliminary Plat has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

BACKGROUND/SUMMARY:

This plat has been approved by our engineers. It includes 385 single family lots and 15 open space and/or drainage lots.

LEGAL REVIEW: *Not Applicable*

FISCAL IMPACT: *NO*

PRESENTATION: *NO*

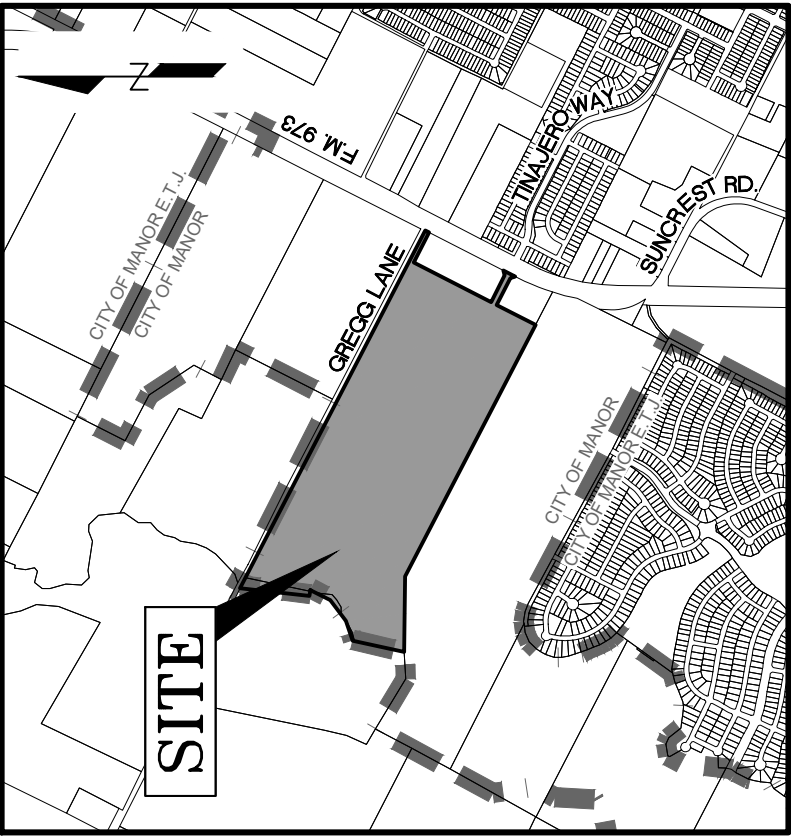

ATTACHMENTS: *YES*

- Preliminary Plat Map
- Engineering Letter
- Conformance Letter
- Public Notice
- Mailing Labels

STAFF RECOMMENDATION:

It is the City Staff's recommendation that the Planning and Zoning Commission approve a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, four hundred (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

PLANNING & ZONING COMMISSION: **Recommend Approval** **Disapproval** **None**

Permit Number 2022-P-1439-PP
Job Address: Monarch Ranch Preliminary Plat, Manor, TX. 78653

Dear Stephen Jamison,

The first submittal of the Monarch Ranch Preliminary Plat (*Preliminary Plan*) submitted by Jamison Civil Engineering LLC and received on November 03, 2022, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (737) 247-7552 or by email at tshows@gbateam.com.

1. The preliminary plat cannot be approved until the concept plan has been approved.
2. The preliminary plat cannot be approved until the TIA is approved.
3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.
4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.
5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.
6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.
7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.
8. Label the existing pond on page 3 under the existing conditions exhibit.
9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.

10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm
11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.
12. Provide location, dimensions, and labels for all open spaces, landscape, and drainage.
13. Provide dimensions for the detention pond.
14. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single-family land use.
15. Remove the professional engineer and surveyor certifications. They are not required for preliminary plat

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Pauline Gray, P.E.

Re: Monarch Ranch Preliminary Plan – 2022-P-1439-PP

Please find enclosed an update for the above-mentioned project. In addition to the plan changes, we are providing a response to each of the review comments - **IN BLUE**.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (512) 259-3882 or by email at tshows@gbateam.com.

1. The preliminary plat cannot be approved until the concept plan has been approved.

COMMENT NOTED

2. The preliminary plat cannot be approved until the TIA is approved.

COMMENT NOTED

3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.

THE PRELIMINARY PLAT AND EXHIBITS HAVE BEEN COMBINED INTO ONE PDF.

4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.

CITY ACKNOWLEDGEMENT HAS BEEN UPDATED AS REQUESTED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.

TRAVIS COUNTY CLERK SIGNATURE BLOCK HAS BEEN REMOVED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.

A TREE TABLE HAS BEEN ADDED TO THE EXISTING CONDITIONS EXHIBIT. PLEASE NOTE THAT ALL TREES ON THE SITE ARE LOCATED ADJACENT TO WILBARGER CREEK AND THIS PLAN DOES NOT PROPOSED THE REMOVAL OF ANY TREES. PLEASE SEE THE REVISED EXISTING CONDITIONS EXHIBIT.

7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.

DIMENSIONS HAVE BEEN ADDED TO THE PRELIMINARY PLAN TO SHOW THE DISTANCE BETWEEN THE EDGE OF OUR PROPERTY AND THOSE ACROSS GREGG LANE AND FM 973. THESE DIMENSIONS DO NOT HAVE A UNIFORM DISTANCE. PLEASE SEE THE REVISED PRELIMINARY PLAN.

8. Label the existing pond on page 3 under the existing conditions exhibit.

THE EXISTING STOCK POND HAS NOW BEEN LABELED. PLEASE SEE THE REVISED EXISTING CONDITION EXHIBIT SHEET 3.

9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.

THE CENTERLINES FOR WILBARGER CREEK AND THE DRY CREEK BED RUNNING THROUGH THE SITE HAVE NOW BEEN DELINEATED AND LABELED. PLEASE SEE THE REVISED EXISTING CONDITIONS EXHIBIT SHEETS.

10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm

ALL DRAINAGE APPURTENANCES HAVE BEEN DELINEATED ON THE PROPOSED IMPROVEMENTS EXHIBIT. PLEASE SEE THE REVISED PROPOSED IMPROVEMENT EXHIBIT. A DETAIL FOR THE CONCRETE HEADWALLS ENTERING INTO THE DETENTION POND HAS BEEN ADDED TO THE PROPOSED IMPROVEMENTS EXHIBIT SHEET 2. PLEASE SEE THE REVISED PROPOSED IMPROVEMENTS EXHIBITS.

11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.

PLEASE NOTE, THERE IS ONLY ONE DETENTION POND PROPOSED WITH THIS SUBDIVISION. THE AREA WHERE THE PROPOSED CULVERTS CROSS TINAJERO WAY IS A TRANSITION FROM AN EXISTING ONSITE DRY CREEK BED TO A PROPOSED 15' WIDE FLAT BOTTOM CHANNEL. THIS CHANNEL WILL BYPASS THE DETENTION POND AND RELEASE WHERE THE EXISTING ONSITE DRY CREEK BED LEAVES THE SITE.

12. Provide location, dimensions, and labels for all open spaces, landscape, and drainage.

PLEASE SEE THE REVISED PRELIMINARY PLAN FOR THE LABELED AND DIMENSIONED OPEN SPACE, LANDSCAPE AND DRAINAGE LOTS.

13. Provide dimensions for the detention pond.

DIMENSIONS HAVE BEEN ADDED TO THE DETENTION POND. PLEASE SEE THE REVISED PROPOSED IMPROVEMENTS EXHIBIT SHEET 2.

14. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single-family land use.

THE RETAIL / COMMERCIAL LAND USE WASTEWATER CALCULATIONS ARE FOR THE FUTURE CONNECTION OF THE TWO LOTS ADJACENT TO FM 973 (NOT INCLUDED AS PART OF THIS TRACT). THE PROPOSED WASTEWATER UTILITIES INCLUDED IN THIS PROJECT ARE EXTENDED TO THESE TWO LOTS, THUS HAVE BEEN DESIGNED TO ACCEPT THE WASTEWATER FROM THESE LOTS.

15. Remove the professional engineer and surveyor certifications. They are not required for preliminary plat.

THE PROFESSIONAL ENGINEER AND SURVEYOR CERTIFICATIONS HAVE BEEN REMOVED. PLEASE SEE THE REVISED PRELIMINARY PLAN.

PLEASE LET ME KNOW IF YOU HAVE ANY QUESTIONS OR NEED ANY ADDITIONAL INFORMATION.

SINCERELY,

Permit Number 2022-P-1439-PP
Job Address: Monarch Ranch Preliminary Plat, Manor 78653

Dear Stephen Jamison,

The subsequent submittal of the Monarch Ranch Preliminary Plat submitted by Jamison Civil Engineering LLC and received on November 03, 2022, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B. We can offer the following comments based upon our review (satisfied comments stricken, new or outstanding comments in bold):

Engineer Review

The following comments have been provided by Tyler Shows. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (737) 247-7552 or by email at tshows@gbateam.com.

- ~~1. Reminder – Preliminary plat cannot be approved until the concept plan has been approved. Waiting on approval~~
- ~~2. Reminder - Preliminary plat cannot be approved until the TIA is approved. Waiting on approval.~~
- ~~3. Combine monarch preliminary plat, improvements exhibit, and existing conditions exhibit into one PDF.~~
- ~~4. Update the City of Manor Acknowledgement, the current city Major is Dr. Christopher Harvey, Julie Leonard is the Chairperson, and Rebecca Guerrero is the Clerk of Travis County.~~
- ~~5. Remove the State of Texas County of Travis signatures, City of Manor Acknowledgement are the only signatures required.~~
- ~~6. Provide a significant tree table, labeling the trees to remain during construction showing the Critical Root Zones as solid circles, and Significant Trees designated to be removed showing the Critical Root Zones as dashed circles.~~
- ~~7. Provide R.O.W. width for F.M. 973 and Gregg Lane. The city of Manor is transitioning away from variable width R.O.W.~~
- ~~8. Label the existing pond on page 3 under the existing conditions exhibit.~~

9. Provide labels and centerlines for the creeks and dry creek beds. The property has creek runoff going into the property from Wilbarger Creek. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.
10. The location, size, and description of any proposed drainage appurtenances, including storm sewers, detention ponds, and other drainage structures proposed to be constructed on and off the site and designed by the requirements of this Ordinance. This is referring to the detention pond under the improvement exhibits. Provide details on the headwalls going into the detention pond from the storm drain. As per City of Manor Code of Ordinances Ch.10 Exhibit A. Article II. Section 22.
11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.
12. Provide proposed grading in the area where the transition is from the culvert under Tinajero Way going to the detention pond. This will verify no ponding will occur in front of the North side culvert under Tinajero way.
13. Provide dimensions for all Open Space/ Landscape/ Drainage.
14. Provide dimensions for the detention pond.
15. Provide water and wastewater calculation on what is being proposed (Improvement exhibit Pg 1.). Show where the retail/commercial land use is on the plans, plans only have single family land use.
16. Update the sheet index to correctly show all the pages and update the sheet numbers on the bottom right to correspond with the correct pages.
17. Based on the City's updated thoroughfare plan, what is shown as Pink Zinnia Trail should be changed to an unloaded collector and become Silent Falls Way.
18. On Sheet 7 of 16 the Lot Area for Lot 1 Block G appears to be incorrect. Please verify the area of this lot.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Should you have questions regarding specific comments, please contact the staff member referenced under the section in which the comment occurs. Should you have questions or require additional information regarding the plan review process itself, please feel free to contact me directly. I can be reached by telephone at (737) 247-7557, or by e-mail at pgray@gbateam.com.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

Re: Monarch Ranch Preliminary Plan – 2022-P-1439-PP

Please find enclosed an update for the above-mentioned project. In addition to the plan changes, we are providing a response to each of the review comments - **IN BLUE**.

Engineer Review

The following comments have been provided by Tyler Shows. Should you have any questions or require additional information regarding any of these comments, please contact Tyler Shows by telephone at (512) 259-3882 or by email at tshows@gbateam.com.

1. Reminder - Preliminary plat cannot be approved until the concept plan has been approved. Waiting on approval

COMMENT NOTED.

2. Reminder - Preliminary plat cannot be approved until the TIA is approved. Waiting on approval.

COMMENT NOTED.

11. Clarify the connection between the detention ponds (Is there two detention ponds or are they together?). Provide piping information on the storm drains and headwall details for the pipes under Tinajero Way connecting the detention ponds and label accordingly.

THERE IS ONE DETENTION POND. PIPING INFORMATION ON THE STORM DRAINS HAVE BEEN ADDED. CONCRETE RIP RAP DETAILS HAVE BEEN PROVIDED AND CALLED OUT ON THE PLANS.

PLEASE NOTE – PER THE DRAINAGE REPORT MODELS / HEC-HMS IN THE PREVIOUS ENGINEER’S REPORT - THE AREA FLOWING THROUGH THE CULVERT UNDER TINAJERO WAY IS A BYPASS AREA AND DOES NOT GO INTO THE DETENTION POND.

12. Provide proposed grading in the area where the transition is from the culvert under Tinajero Way going to the detention pond. This will verify no ponding will occur in front of the North side culvert under Tinajero way.

PLEASE SEE THE INSET ON SHEET 14 ON THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

13. Provide dimensions for all Open Space/ Landscape/ Drainage.

DIMENSIONS HAVE BEEN ADDED IN THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

16. Update the sheet index to correctly show all the pages and update the sheet numbers on the bottom right to correspond with the correct pages.

THE SHEET INDEX AND SHEET NUMBERS HAVE BEEN UPDATED TO THE REVISED PRELIM PLAN INCLUDED WITH THIS UPDATE.

PLEASE LET ME KNOW IF YOU HAVE ANY QUESTIONS OR NEED ANY ADDITIONAL INFORMATION.

SINCERELY,

**Stephen R. Jamison P.E.

Dear Stephen Jamison,

We have conducted a review of the preliminary plat for the above-referenced project, submitted by Stephen Jamison and received by our office on November 03, 2022, for conformance with the City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A Subdivision Ordinance 263B. The Plans appear to be in general compliance with City Ordinance requirements and we therefore take no exception to their approval as presented. **This approval is contingent upon approval of the TIA by Travis County.**

Please submit a hard copy of the cover sheet to Scott Dunlop at the City of Manor for signatures. A copy of the signed cover sheet will be uploaded under project files on the my permit now website.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance. Please call if you have any questions or need additional information.

Sincerely,

City of Manor Development Services

Notification for a Subdivision Preliminary Plat

Project Name: Monarch Ranch Preliminary Plat
 Case Number: 2022-P-1439-PP
 Case Manager: Michael Burrell
 Contact: mburrell@manortx.gov – 512-215-8158

The City of Manor Planning and Zoning Commission will be conducting a Regularly Scheduled meeting for the purpose of considering and acting upon on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision located near the intersection of Gregg Ln and FM-973, Manor, TX. The request will be posted on the agenda as follows:

Public Hearing: Conduct a public hearing on a Subdivision Preliminary Plat for the Monarch Ranch Subdivision, three hundred and ninety-eight (400) lots on 123.5 acres, more or less, and being located near the intersection of Gregg Ln and FM-973, Manor, TX.

Applicant: Jamison Civil Engineering LLC

Owner: Monarch Ranch at Manor, LLC

The Planning and Zoning Commission will meet at 6:30PM on 3/08/2023 at 105 East Eggleston Street in the City Hall Council Chambers.

You are being notified because you own property within 300 feet of the property for which this Subdivision Preliminary Plat has been filed. Comments may be addressed to the email address or phone number above. Any communications received will be made available to the Commissioners during the discussion of this item.

Job Address: Monarch Ranch Final Plat Phase 1, Manor, TX. 78653

Dear ,

The first submittal of the Monarch Ranch Final Plat Phase 1 (*Final Plat*) submitted by Jamison Civil Engineering LLC and received on February 10, 2023, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. The final plat cannot be approved until the construction plans have been approved.

~~2. The P&Z Chairperson is Julie Leonard.~~

~~3. The Mayor is Dr. Christopher Harvey.~~

~~4. The Travis County Clerk is Rebecca Guerrero.~~

~~5. The proposed project will be located within the City Limits of Manor. The plat is not required to go before Commissioner's Court.~~

~~6. Any references to Travis County subdivision regulations should be removed. Attached to these review comments will be typical final plat notes for the City of Manor.~~

~~7. Where new streets are being created and named, the applicant must have documentation from Travis County 911 Addressing demonstrating that the street names proposed on the Final Plat are not duplicated within the County. (Chapter 10. Exhibit A. Article II. Section 24. (1) General Information (xi))~~

~~8. The use, property dimensions, names and boundary lines of all special reservations to be dedicated for public use, including sites for schools, churches parks, open spaces, nature preserves; common ownership or subsequent development. (Chapter 10. Exhibit A. Article II. Section 24. (4) Improvements (v)). Missing city of Manor ETJ lines.~~

9. Copies of the deed restrictions or covenants, if such documents are to be used. These shall be filed for record in conjunction with the filing of the Final Plat. Chapter 10. Exhibit A. Article II.

Section 24. (d) Procedure (2)(iv))

~~10. Performance and maintenance guarantees as required by the City. Chapter 10. Exhibit A. Article II. Section 24. (d) Procedure (2)(vi)) should be provided prior to plat recordation.~~

~~11. True bearings and distances to the nearest established street lines, official monuments or existing subdivision corner shall be accurately described on the plat and be rotated to the state plane coordinate system. Using said system, X and Y coordinates shall be identified for four (4) property corners.~~

~~12. The following note should be added to the plat:~~

~~This subdivision is located within the City of Manor Corporate City Limits as of this Date. _____ Day of _____.~~

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Re: Monarch Ranch Final Plat Phase 1 – 2022-P-1441-FP #U1

Please find enclosed an update for the above-mentioned project. In addition to the plan changes, we are providing a response to each of the review comments - **IN BLUE**.

1. The final plat cannot be approved until the construction plans have been approved.

COMMENT NOTED.

2. The P&Z Chairperson is Julie Leonard.

NAME HAS BEEN UPDATED IN THE REVISED PLAT INCLUDED WITH THIS UPDATE.

3. The Mayor is Dr. Christopher Harvey.

NAME HAS BEEN UPDATED IN THE REVISED PLAT INCLUDED WITH THIS UPDATE.

4. The Travis County Clerk is Rebecca Guerrero.

NAME HAS BEEN UPDATED IN THE REVISED PLAT INCLUDED WITH THIS UPDATE.

5. The proposed project will be located within the City Limits of Manor. The plat is not required to go before Commissioner's Court.

THE COMMISSIONER'S COURT NOTES BLOCK HAS BEEN REMOVED IN THE REVISED PLAT INCLUDED WITH THIS UPDATE.

6. Any references to Travis County subdivision regulations should be removed. Attached to these review comments will be typical final plat notes for the City of Manor.

GENERAL PLAT NOTES HAVE BEEN ADDED AND UPDATED IN THE REVISED PLAT.

7. Where new streets are being created and named, the applicant must have documentation from Travis County 911 Addressing demonstrating that the street names proposed on the Final Plat are not duplicated within the County.

PLEASE SEE THE EMAIL INCLUDED WITH THIS UPDATE SHOWING THAT WE RECEIVED APPROVAL ON OUR STREET NAME RESERVATION REQUEST FROM TRAVIS COUNTY.

8. The use, property dimensions, names and boundary lines of all special reservations to be dedicated for public use, including sites for schools, churches parks, open spaces, nature preserves; common ownership or subsequent development. (Chapter 10. Exhibit A. Article II. Section 24. (4) Improvements (v)). Missing city of Manor ETJ lines.

THE PROPERTY LIES STRICTLY WITHIN THE CITY LIMITS OF MANOR. NO ETJ LIMITS TO BE DEPICTED ON THIS FINAL PLAT.

9. Copies of the deed restrictions or covenants, if such documents are to be used. These shall be filed for record in conjunction with the filing of the Final Plat. Chapter 10. Exhibit A. Article II. Section 24. (d) Procedure (2)(iv))

DEED RESTRICTIONS OR COVENANTS WILL BE RECORDED PRIOR TO FINAL PLAT APPROVAL.

10. Performance and maintenance guarantees as required by the City. Chapter 10. Exhibit A. Article II. Section 24(d) Procedure (2)(vi)) should be provided prior to plat recordation.

THESE GUARANTEES WILL BE PROVIDED PRIOR TO FINAL PLAT RECORDATION.

11. True bearings and distances to the nearest established street lines, official monuments or existing subdivision corner shall be accurately described on the plat and be rotated to the state plane coordinate system. Using said system, X and Y coordinates shall be identified for four (4) property corners.

FOUR PROPERTY CORNERS ALONG FM-973 ARE IDENTIFIED WITH COORDINATES LABELED.

12. The following note should be added to the plat:
This subdivision is located within the City of Manor Corporate City Limits as of this Date.
_____ Day of _____.

NOTE HAS BEEN ADDED. PLEASE SEE NOTE # 14 IN THE "GENERAL PLAT NOTES" SECTION ON SHEET 3 IN THE REVISED PLAT INCLUDED WITH THIS UPDATE.

PLEASE LET ME KNOW IF YOU HAVE ANY QUESTIONS OR NEED ANY ADDITIONAL INFORMATION.

The purpose of this letter is to provide satisfactory answers to the comments/questions issued in a comment letter dated **November 14, 2022**, for the first submittal of the Shadowview Commercial Section 3 - Final Plat (Final Plat) reviewed for compliance with the City of Manor Subdivision Ordinance 263B. The answers are listed below in bold and are preceded by the comments/questions listed in the original letter.

ENGINEER REVIEW:

Comment 1: The Travis County Clerk is Rebecca Guerrero.

Response 1: Travis County Clerk, Rebecca Guerrero, signature block has been added to the second page.

Comment 2: Verify the street name for Manor Downs on the west of Gregg Manor.

Response 2: The street name, Manor Downs Road, has been updated to Hill Lane.

Comment 3: Please provide the identification and location of proposed uses and reservations for all lots within the subdivision.

Response 3: Identification and location of proposed uses are provided on the Plat.

Comment 4: The owner's names and property lines of property within 300' of the subdivision boundary should be shown on the plat.

Response 4: All owner's names/property lines within 300' are provided on the Plat.

Comment 5: True bearings and distances to the nearest established street lines, official monuments, or existing subdivision corner which shall be accurately described on the plat and rotated to the state plane coordinate system. Using said system, X and Y coordinates shall be identified for four property corners.

Response 5: True bearings and distances have been added to four property corners.

Comment 6: The location of building setback lines should be provided on the plat.

Response 6: 25' (feet) Building set back lines have been added to plat.

Comment 7: The proposed location of sidewalks for each street should be shown as a dotted line inside the proposed right-of-way lines.

Response 7: The location of sidewalks has been added to the plat represented by dotted lines.

Comment 8: Copies of any deed restrictions should be provided if applicable.

Response 8: No deed restrictions apply to this project.

Comment 9: The following note should be added to the plat:

THIS SUBDIVISION IS LOCATED WITHIN THE CITY OF MANOR CORPORATE CITY LIMITS AS OF THIS DATE:

____ DAY OF _____, 20____.

Response 9: The above note has been added to the Final Plat.

End of Report

John Kim
BGE, Inc

jkim@bgeinc.com

Permit Number 2022-P-1400-FP
Job Address: Palomino Final Plat, Manor, TX. 78653

Dear John Kim,

The first submittal of the Palomino Final Plat (*Final Plat*) submitted by BGE, Inc and received on December 02, 2022, have been reviewed for compliance with the City of Manor Subdivision Ordinance 263B.

Engineer Review

The review of the submittal package has resulted in the following comments. Should you have any questions or require additional information regarding any of these comments, please contact Pauline Gray, P.E. by telephone at (737) 247-7557 or by email at pgray@gbateam.com.

1. The owner's names and property lines of property located within three hundred (300) feet of the subdivision boundary should be shown on the final plat.
2. The location of the City Limit lines and/or outer border of the City's extraterritorial jurisdiction as depicted on the City's most recent base map should be shown on the plat if either such line traverses the subdivision or is contiguous to the subdivision boundary.
3. If a subdivision is located in an area served by any utility other than the City, the developer shall furnish a letter from such utility certifying their approval of the location of the utility easements shown on the plat and indicating the utility's interest to serve the property.
4. If the construction of all improvements needed to serve the subdivision is not completed prior to the filing of the plat for recordation then the developer must provide financial assurance for the completion of the remainder of those improvements in accordance with City Ordinances.
5. A copy of the deed restrictions or covenants, if such documents are to be used. These shall be filed for record in conjunction with the filing of the Final Plat.
6. Performance and maintenance guarantees as required by the City should be provided are required in order for the plat to be recorded unless financial assurance is provided by the developer.
7. Parkland dedication is required with this development. The proposed parkland shown on the plans will need to be dedicated to the City via a warranty deed.
8. Any parkland that includes detention will need to be maintained by the HOA. This is will need to be done through a license agreement.

Please revise the project plans to address the comments noted above. Following revision, please upload one full set of the revised drawings in PDF format. Please include a comment response narrative indicating how comments have been addressed with your plan resubmittal. To access your project online, please go to www.mygovernmentonline.org and use the online portal to upload your drawings in PDF format.

Additional comments may be generated as requested information is provided. Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete, or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy, and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance.

Thank you,

**Re Palomino Final Plat
Permit Number 2022-P-1400-FP
Comments Dated February 18, 2022**

Engineer Review

1. The owner's names and property lines of property located within three hundred (300) feet of the subdivision boundary should be shown on the final plat.

Response: Adjacent owner names have been added to the plat.

2. The location of the City Limit lines and/or outer border of the City's extraterritorial jurisdiction as depicted on the City's most recent base map should be shown on the plat if either such line traverses the subdivision or is contiguous to the subdivision boundary.

Response: Jurisdictional limit boundaries have been added to the plat.

3. If a subdivision is located in an area served by any utility other than the City, the developer shall furnish a letter from such utility certifying their approval of the location of the utility easements shown on the plat and indicating the utility's interest to serve the property.

Response: A wastewater easement is being dedicated within the boundary of the site along Johnson Road because the wastewater line was installed outside of the recorded easement. We do not have any non-city utility easements being dedicated on this plat.

4. If the construction of all improvements needed to serve the subdivision is not completed prior to the filing of the plat for recordation then the developer must provide financial assurance for the completion of the remainder of those improvements in accordance with City Ordinances.

Response: Acknowledged.

5. A copy of the deed restrictions or covenants, if such documents are to be used. These shall be filed for record in conjunction with the filing of the Final Plat.

Response: Acknowledged.

6. Performance and maintenance guarantees as required by the City should be provided are required in order for the plat to be recorded unless financial assurance is provided by the developer.

Response: Acknowledged. This will be provided prior to recordation.

7. Parkland dedication is required with this development. The proposed parkland shown on the plans will need to be dedicated to the City via a warranty deed.

Response: Acknowledged. This will be provided prior to recordation.

8. Any parkland that includes detention will need to be maintained by the HOA. This is will need to be done through a license agreement.

Response: Acknowledged. This will be provided prior to recordation. Note 11 has been added to state that the HOA will be responsible for maintenance of the parkland lots.

If you have any questions, please feel free to contact me.

**Re Palomino Final Plat
Permit Number 2022-P-1400-FP
Comments Dated May 2, 2022**

Engineer Review

1. If a subdivision is located in an area served by any utility other than the City, the developer shall furnish a letter from such utility certifying their approval of the location of the utility easements shown on the plat and indicating the utility's interest to serve the property. **Documentation should be provided from Manville stating they will provide water to the proposed project.**

Response: A will serve letter from Manville WSC has been provided in this submittal.

2. A copy of the deed restrictions or covenants, if such documents are to be used. These shall be filed for record in conjunction with the filing of the Final Plat. **A copy is required prior to approval of the final plat.**

Response: Per our correspondence with Pauline Gray on 7/8/2022, the community will not have a CCR or deed restrictions. As such, this comment will not apply to this development.

3. Parkland dedication is required with this development. The proposed parkland shown on the plans will need to be dedicated to the City via a warranty deed. **A copy will need to be provided for review.**

Response: A copy of the warranty deed has been provided to the city for review.

4. Any parkland that includes detention will need to be maintained by the HOA. This is will need to be done through a license agreement. **A copy should be provided for review.**

Response: A copy of the license agreement is currently under review with the city's attorney.

If you have any questions, please feel free to contact me.

Thanks,

Permit Number 2022-P-1400-FP
Job Address: Palomino Final Plat, Manor 78653

Dear John Kim,

We have conducted a review of the final plat for the above-referenced project, submitted by John Kim and received by our office on December 02, 2022, for conformance with City of Manor Code of Ordinances Chapter 10, Section 10.02 Exhibit A, Article II, Section 24. The Plat appears to be in general compliance with City Ordinance requirements and we, therefore, take no exception to their approval as presented. Please submit TWO (2) mylar copies of the final plat along with a current tax certificate and a check made out to Travis County for the filing fees to the City of Manor for signatures. One mylar is for City records and the other is for Travis County.

Review of this submittal does not constitute verification that all data, information and calculations supplied by the applicant are accurate, complete or adequate for the intended purpose. The engineer of record is solely responsible for the completeness, accuracy and adequacy of his/her submittal, whether or not City Engineers review the application for Ordinance compliance. Please call if you have any questions or need additional information.

Sincerely,

A handwritten signature in blue ink that reads 'Pauline M. Gray'.

AGENDA ITEM SUMMARY FORM

PROPOSED MEETING DATE: March 8, 2023

PREPARED BY: Scott Dunlop, Director

DEPARTMENT: Development Services

AGENDA ITEM DESCRIPTION:

Consideration, discussion, and possible action on Setback Waivers for Lots 1, 2, 3, and 4, Block 2, Town of Manor, locally know as 301, 303, 305, 307 W. Lane Ave, to reduce the front setback to 20', rear setback to 10, and side setback to 5'.

Applicant: Brenda Perez

Owner: Brenda Perez

BACKGROUND/SUMMARY:

These four lots are all adjacent to one another, under common ownership, and zoned SF-1 Single Family Suburban. They are standard lot sizes for lots in the older part of the city which is 50'x115'. Since those lot dimensions are below the minimum for SF-1 (70'x125') our code permits owners to request setback waivers to provided enough developable area to meet the minimum living unit size (1,500 sf) plus the 2-car enclosed garage and 100 sf patio while be at or under the 40% impervious cover limit.

- Setback Waivers

STAFF RECOMMENDATION:

It is the City Staff's recommendation that the Planning and Zoning Commission approve Setback Waivers for Lots 1, 2, 3, and 4, Block 2, Town of Manor, locally know as 301, 303, 305, 307 W. Lane Ave, to reduce the front setback to 20', rear setback to 10, and side setback to 5'.

PLANNING & ZONING COMMISSION:

Recommend Approval

Disapproval

None

SETBACK WAIVER REQUEST

On approval by the Planning Commission, lots platted prior to 1980 having approximately 5,750 square feet of lot area may request approval of reduced setbacks from one or more of the setback requirements for the zoning district. The Commission shall consider the adjoining lot uses to determine whether reduction of the setback requirements is appropriate. Upon approval of building plans, the setbacks may be not less than 5 foot side yard, 10 foot rear yard and 15 foot street side yard setback and 20 foot front yard setback. Lots owned by the same person may be combined into one building site.

City of Manor Code of Ordinance, Chapter 14, Exhibit A, Article II, Section 20(j)(2)
