Draft Rental Ordinance

City Attorney Whitmore gave background information on why this committee was formed and the basis of the creation of the Rental Code Ordinance. Schafer added that when this topic was first broached several years ago life safety concerns were at the forefront. Clarification was asked on the registration fee and Jason Anderson clarified that there would be two different fees. One fee is strictly for the registration under this ordinance and the other fee would fall under an inspection fee if building/fire codes were not met. It was brought up that the city currently has a process for weed/snow removal and why rental cleanup can't follow the same process. Attorney Whitmore pointed out that weed/snow removal fall under state statute and cities are given authority to abate issues. There was no such authority given for rental properties by statute, therefore cities need to have an ordinance in place if they wish to have any regulatory power. The discussion moved to educating renters on the do's and don't of living in a building owned by someone else.

Meulebroeck brought up concerns with city employees entering properties and not alerting the property owner or turning a complaint about the outside of the house as grounds to enter the inside of the property. It was clarified that a good faith effort of notice would be given to property owners, which is why the registration program is important to know who owns the property, and that the property owner could be present during the inspection. Attorney Whitmore added that if an inspection takes place outside the home the city has no authority or right to enter the home. Fire Chief Brunsvold mentioned that he favored the ordinance and wished it was stricter than it currently is. The life/safety aspect of the ordinance was very important for the Fire Department to ensure that smoke alarms, extinguishers and other such items were included. Jessica Bently from SMSU gave examples of how notices and complaints were handled with dorm residents.

Some suggestions to be added to the registration included a self-inspection checklist for landlord and safety information from the Fire Department. Attorney Whitmore pointed out that the pool section of the ordinance would be removed as the city does not currently require a permit/license for residential pools. The last bit of discussion was on the registration fee and if it would be per unit or per building. Staff would review the fee structure and bring forth something at the next meeting.

Next Steps

The committee decided to meet once a month on the second Tuesday from Noon to 1:30 PM.

Adjourn

At 1:20 PM Co-Chair Decramer adjourned the meeting.

Respectfully Submitted,

ORDINANCE 2023- _____

Commented [WPJ1]: NOTE: According to staff, staff will recommend bed and breakfast code section be repealed at same time of enactment of this ordinance.

An Ordinance amending Chapter 18 of the Marshall Municipal Code to create Article18-VIII, a Rental Housing Code.

WHEREAS, the City of Marshall has determined that there is a need to update the City Code, Chapter 18 – Buildings and Building Regulations.

NOW THEREFORE, the Common Council of the City of Marshall does Ordain that Marshall City Code, Chapter 18 be amended to add Article 18-VIII, Residential Rental Code to read as follows:

Section 18-137. Findings and Purpose.

(a) Legislative finding. It is hereby found that there exist and may in the future exist, within the City, residential rental premises, rooming units, or parts thereof, and renter-occupied mobile homes which, by deficiencies in their structure, equipment, sanitation, maintenance, use or occupancy, affect or are likely to affect adversely the public health, including the physical, mental and social well-being of people, their safety, and general welfare. To correct and prevent the existence of such adverse conditions, to achieve and maintain such levels of residential environmental quality that will protect and promote public health, safety and general welfare, preserve property values and prevent blight, it is further found that the establishment and enforcement of minimum rental housing standards are required. It is further found that a municipal registration program is appropriate to effectively enforce residential rental unit maintenance standards and correct or prevent law violations, nuisances and other disturbances and disorders involving residential rental units within the City.

(b) Purpose. The purpose of this chapter is to establish a program for identifying rental housing units within the City of Marshall. This chapter is adopted to protect the public health, safety and general welfare of the citizens of the City of Marshall by:

- Promoting safety from fires and accidents;
- Providing a means for the fair administration and enforcement of this Code for all residential rental housing units;
- Providing minimum standards for basic equipment and facilities;
- Reducing environmental hazards to health; and
- Assisting in controlling criminal activities in rental housing.

Section 18-138. Scope.

This chapter applies to rental housing units described herein that are rented or leased in whole or in part, including apartment buildings, town homes, single family and multifamily housing, guest and caretaker houses, manufactured homes and condominiums. It also includes any accessory structures of the rental housing units, such as garages and storage buildings, and appurtenances such as sidewalks, driveways, and retaining walls, which are on the property of the rental housing unit. This chapter does not apply to on-campus college or university housing units; Minnesota Department of Health licensed rest homes; convalescent care facilities; licensed group homes; nursing homes; hotels; motels; or owner-occupied units.
