DISCUSSION ITEMS

2. Discuss Adjustments to Request for the Ten Mile Trailhead Installation
Subcommittee reviewed Stephanie Inman's design for the Ten Mile Trailhead installation and discussed possible adjustments to request from Stephanie.
Adjustments included:
 - Addition of color in order to provide contrast, depth, and texture to the structure
 - More mass through design, whether that is multiple flower stalks or more flowers on one stalk
 - Bench lowered from 30" high to standard chair height at 17-18" high
 - Lighting included, whether canned lights at the bottom or internally lit LED lights along the leaves or stems in the top

- Address and eliminate engineering/stability concerns

A. Belnap will work with S. Inman through the Finance department to negotiate these adjustments. In the next meeting, A. Belnap will bring site photos for the Subcommittee to discuss the location for the installation.

3. Review Public Art Selection Process Outline

A. Belnap reviewed Public Art Selection Process document that details the step by step process for selection processes. J.
