L. Mauldin stated that in an effort to respect the City Council's time, she believed it would be best to present to City Council at the end of the selection processes. All the present commissioners unanimously agreed with no additional comments.

Leslie inquired about how to make this a standard procedure. E. Kane stated that a simple decision is sufficient for this project, however the Commission can return to the subject and write out a formalized process for presenting to City Council if they wish. E. Kane will also check the Public Art Accession/Deaccession Policy to see if this step is outlined there.

The Public Art Subcommittee can discuss this further in their next meeting. L. Taylor suggested that the advertisement is sent to the Chamber of Commerce again.
