Discussions

1. Consideration of a motion declaring Gardner's dog vicious.

Matt Weber reviewed the police officer report with the committee.

Carolyn Gardner talked about her dog Adeline, a Belgian Malinois, and that she believed her dog was not vicious.

The committee discussed that with a lack of evidence of whether the dog caused a bite because of no picture they could not deem the dog vicious.

Lenz motioned the animal was not vicious, Payne seconded. All voted in favor of the dog not being vicious.

Mulfinger reminded the committee that the vicious dog process is being evaluated a change would be brought to council soon.
