## Discussions

1. Discussion on Fire Department Evaluation Proposal

Mulfinger let the committee know that he still wants to move forward with a fire department evaluation.

Fisk asked about the last consultant and why he was not hired.

Mulfinger looked into some of the work of the previous consultant and felt it was not conducive to local government.

Weber said the new consultant proposal looked good. Weber wanted to see an outside consultant come in, evaluate the current structure and see what can be improved.

Mulfinger let the committee know that he wants to get a clear picture of the future of the department. Mulfinger wants to see an evaluation take place that works off call numbers, response time, and comparable cities. Public safety is important to Oelwein and a clear picture of the future would be helpful.

Fisk motioned to recommend Chad McCluskey with True Image Solutions, LLC. Payne seconded. All voted in favor.
