Old Business

OB-1   Investigation Summary Report

OB-2   Permit Tech Certification Discussion
            OBOA Permit Tech Working Group attending to discuss revisions to Permit Tech certification
            requirements, next steps.
            Committee Recommendation:

New Business

NB-1   Plumbing Inspector Trainee within health department/district
            Under the prior certification of plumbing inspectors under DIC, trainee certification did not exist,
            and was therefore not available as a pathway for health department and health district
            personnel. Since the certifications have been consolidated under the BBS certification program,
            are health departments and districts now able to sponsor and supervise plumbing inspector
            trainees?
            Committee Recommendation:
