Call to Order

Consent Agenda

Personnel Certification Applications

[P-1](#)

Herriott, Chad - BO, BI, EPE, ESI
Certification ID: 5914
Current certifications: RBO, held ESI through 6/30/22
Staff Notes: Has completed all exams for requested certifications, 4 years experience in Union County building department, 1.5 years BO, PE, BI experience in Georgia, additional information submitted, applicant attending meeting virtually to discuss qualifications. Recommend approval of all certifications.
Committee Recommendation:

[P-2](#)

Cloud, Chalsie - BO, BI - additional information
Certification ID: 9172
Current Certifications: None
Staff Notes: Application reviewed at August meeting, additional information requested. Additional information submitted. Does not appear to meet requirements for certifications requested.
Committee recommendation:

[P-3](#)

Friedman, James - BI, MI
Certification ID: 8493
Current certifications: PI, PPE, RBI, RMI
Staff notes: Registered PE (expired) all experience is plumbing, HVAC. Recommend approval for MI, discuss BI.
Committee recommendation:

[P-4](#)

Jones, Craig - ESI
Certification ID: 9198
Current Certifications: None
Staff Notes: Review experience.
ESIAC Recommendations: Not recommended for approval
Committee Recommendation:

- [P-5](#) Langwasser, Thomas - BI, MI, PI, ESI
Certification ID:
Current Certifications: None, OCILB HVAC license
Staff Notes: Recommend approval for PI, MI. Recommend request for additional information on ESI, BI
Committee Recommendation:
- [P-6](#) McDowell, Lionel - BI additional information
Certification ID: 9170
Current certifications: None. An RBI is indicated on the form, but that ID number belongs to a different individual, whose interim RBI expired in 2010.
Staff notes: Application reviewed at August meeting, additional information requested. Applicant has submitted additional information, review of court docket indicates one felony, two cases resolved to misdemeanors. Review experience submitted on additional information.
Committee recommendation:
- [P-7](#) Roncone, Edoardo - BI Trainee, RIUI Trainee
Certification ID: 8859
Current Certifications: ESI, EPE, RBO, RBI
Staff notes: Recommend approval of BI Trainee, RIUI interim. No sponsor and supervisor forms submitted with trainee application, approval pending receipt.
Committee recommendation:
- [P-8](#) Smith, Aaron - ESI
Certification ID: 9185
Current Certifications: None
Staff Notes: Unusual experience
ESIAC Recommendations: Not recommended for approval
Committee Recommendation:
- [P-9](#) Buddner, Kevin - EPE
Certification ID: 8435
Current Certifications: ESI
Staff Notes: Recommend approval pending receipt of forms and fees.
Committee Recommendation:
- [P-10](#) Clouse, Matthew - BO, BI
Certification ID:
Current Certifications: None
Staff Notes: Application reflects mostly residential work. Recommend request for additional information on commercial structural work, commercial general contracting experience, and suggest RBO, RBI.
Committee Recommendation.

[P-11](#)

Hungate, Joseph - ESI

Certification ID:

Current Certifications: None

Staff Notes: Received after ESIAC submission. Journeyman records included. Recommend approval.

Committee Recommendation:

[P-12](#)

Taylor, John - ESI

Certification ID:

Current Certifications: None

Staff notes: Received after ESIAC submission. Note felony conviction. Appears to meet requirements, recommend approval.

Committee recommendation:

Building Department Certification Applications

[D-1](#)

Village of Sycamore - new commercial subdepartment of Wyandot County

All paperwork submitted.

Exceptions: Plumbing, Med Gas to be inspected by Richland County Health District

Old Business

OB-1

Department and Personnel Certification Rules, Code of Professional Conduct and Duties

New Business

Adjourn

**CERTIFICATION COMMITTEE MEETING
CONSENT AGENDA**

Certification Applications

- C-1 Driggs, David - BO
Certification ID: 387
Current certifications: BI, MI, PI, PPE, Med Gas, RBO, RBI, RPI
- C-2 Gorman, Phillip - BI
Certification ID: 9144
Current certifications: RBI
- C-3 Inghram, Thomas - RBI T, BI T
Certification ID: 1953
Current certifications: none, previously certified as RBI trainee 2016-2020
- C-4 Koppenhofer, Sean - BI
Certification ID: 9190
Current certifications: none
- C-5 Mancini, Darren - RBO
Certification ID: 9199
Current certifications: None
- C-6 Murray Jr., Theotis - BI
Certification ID: 4757
Current Certifications: PI, RBO, RBI, RMI
- C-7 O'Brien, Eric - RBO
Certification ID: 9194
Current Certifications: None
- C-8 Ransom II, Robert - PI Trainee
Certification ID: 8918
Current certifications: BI, RBI
- C-9 Scarpucci, Dennis - ESI, RBI
Certification ID: 9195
Current Certifications: None
- C-10 Schall, Travis - PI
Certification ID: 9189
Current Certifications: None

- [C-11](#) Solenberger, Christina - RPE, RBI
Certification ID:
Current Certifications: None
- [C-12](#) Wakefield, Alexandria - FPI
Certification ID: 6376
Current Certifications: ESI, BI, MI, RBO, RPE, RBI
- [C-13](#) Wiler, Timothy
Certification ID:
Current Certifications: None, OCILB Electrical Contractor License.
- [C-14](#) Kniess, Phill - BO
Certification ID: 783
Current Certifications: BI, ESI, RBO
Upon receipt of forms and fees.
- [C-15](#) Pruden, Jason - PI, PPE
Certification ID:
Current Certifications: None
- [C-16](#) Wing, Chad - PI
Certification ID:
Current Certifications: None

Consent-Certificates Issued Administratively

File Attachments for Item:

P-1 Herriott, Chad - BO, BI, EPE, ESI

Certification ID: 5914

Current certifications: RBO, held ESI through 6/30/22

Staff Notes: Has completed all exams for requested certifications, 4 years experience in Union County building department, 1.5 years BO, PE, BI experience in Georgia, additional information submitted, applicant attending meeting virtually to discuss qualifications. Recommend approval of all certifications.

Committee Recommendation:

9/13/23

To whom it may concern:

My name is Chad Herriott and I currently have an application into the Ohio BBS for a Building Inspector certification and a Building Official certification. For nearly 4 years, I worked for the Union County Building Department as an ESI and an RBO.

Unlike the State of Ohio, the State of Georgia does not have a state-wide certification requirement for building department personnel. The state of Georgia leaves the requirements for personnel up to each individual jurisdiction or contracting business. The state of Georgia also eliminates Chapter 1 of the I-codes and instructs each jurisdiction to write their own "Chapter 1" with limited guidance as provided by the Georgia Department of Community Affairs and Title 8 of the Georgia State Code. The following is a description of the positions I have held in the state of Georgia, all followed by the requirements set forth to perform the duties of those positions at the end.

In February of 2022, my family and I moved to Georgia where I spent 11 months employed by the City of Newnan, Georgia. During my time here, I worked as a Plans Examiner- the Ohio equivalent to a Master Plans Examiner. I reviewed all commercial and residential Building, Mechanical, Electrical and Plumbing plan submittals for compliance with the 2018 I-Codes with Georgia Amendments. I also calculated permit fees for each project based upon combined project valuation and fixture/device counts.

I assisted the Fire Marshal in Fire and Life Safety Plans Examinations in accordance with the 2018 International Fire Code, 2019 NFPA 13 Fire Sprinkler Code, 2019 NFPA 72 Fire Alarm Code and 2018 NFPA 101 Life Safety Code all with Georgia Amendments in addition to the 2016 NFPA 13D One and Two-Family Dwelling Fire Sprinkler

Installation Code, 2016 NFPA 13R Low-Rise Residential Fire Sprinkler Installation Code, 2016 NFPA 14 Standpipe and Hose System Installation Code, 2016 NFPA 20 Fire Pump Installation and the 2019 NFPA 24 Private Fire Service Main Installation Code all without amendments. As a courtesy to the building owner, The Fire Marshal and myself also collectively reviewed plans for compliance with the 2010 ADA Standards although neither were directly responsible to enforce those standards.

I also performed the duties of a Deputy Building Official which assisted the Building Official and acted as the Building Official in his absence. I spent several days acting as the Building Official due to extended absences of the Building Official. While this wasn't my exact vision when I took the position for the City of Newnan, my efforts were realized throughout the city, as I was asked by the City Manager if I had an interest in replacing the Building Official after he retired in 2024. Shortly after this conversation with the City Manager, I instructed an ICC-approved continuing education class for the Georgia Association of Building Inspectors and was approached by a representative of Charles Abbott Associates who offered me a position as a Chief Building Official for their company.

In November of 2022 I completed the three ICC exams required to earn an ICC Building Official certification and soon after accepted the position with Charles Abbott Associates as a Chief Building Official. During my time with CAA, I have been assigned to the cities of Forest Park and Riverdale, Georgia as their Chief Building Official, Building/MEP Inspector, and Building/MEP Plans examiner. I was also assigned as the Deputy Building Official and assistant Plans Examiner for the cities of Fairburn, Palmetto and South Fulton, Georgia. During my time with each jurisdiction, I have assisted in updating each city's Code of Ordinances (Georgia's equivalent to the OBC and RCO's Chapter 1) as well as assisting with budget preparation and adjustments. I also work directly with the public regarding questions about inspections and plans

examinations and guide the permit technicians at each location to allow them to perform at their peak. The departments I have been involved with are now viewed as “assets” rather than “liabilities” as I have implemented a helpful atmosphere. The public avoids the departments less than they did before my arrival which has been proven by the drop in code enforcement violations issued for work performed without permits and the increase in permit applications. For example, the City of Forest Park issued 469 permits in all of 2022. As of 9/13/23, the city has issued 584 permits in 2023, many of which were the smaller projects that most tried to perform under the radar prior to my arrival. It proves my philosophy that people will do what they’re supposed to do if they see a value in it.

To perform the Plans Examination and Deputy Building Official duties for the City of Newnan, I had to obtain an ICC Building Inspector Certification, an ICC Building Plans Examiner Certification as well as an ICC Residential Building Plans Examiner Certification within 6 months of hire. This in addition to 10 years of residential and commercial construction experience (in any trade.) I obtained the three required certifications within 6 months as well as four additional certifications within 8 months of hire.

To perform the Building Official duties for Charles Abbott Associates, I had to obtain an ICC Building Official certification in addition to 15 years of previous residential and commercial construction experience (in any trade.) A combination residential inspector and combination commercial inspector certification was required within 6 months (although I already had those at the time of hire.)

During my time here, I learned that numerous jurisdictions in Georgia employ building department personnel who are not fully qualified to perform certain duties due to their lack of certification and experience. The lack of consistency throughout the state of Georgia makes it unnecessarily difficult to perform Building Department Duties. With the OBC and RCO's Chapter 1 in the back of my mind, when a procedural conflict arises, I often reference these chapters to provide good examples of how to combat the conflicts. I have a new appreciation of the Ohio BBS's efforts in combating this issue by adopting an administrative chapter of the code as well as experience requirements for building department personnel that provides consistency throughout the state.

In closing, I hope that my experience in Georgia aligns with the requirements set forth by the Ohio BBS and humbly ask for your consideration in approving my application.

Best Regards,
Chad Herriott

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

List Each Construction Project AND Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From_ To _ (MM/YY)

To whom it may concern:

My name is Fred Slota and I retired as the CBO of the Union County Ohio Building Department in July of 2022. During my time with Union County, I had the pleasure of working with Chad Herriott.

Chad started at Union County in May of 2018 as an ESI and then became an RBO shortly after. His knowledge of the electrical code was astounding but became as no surprise as we watched him evolve into a fantastic building inspector with great knowledge of the RCO. In addition to performing residential building, mechanical and electrical inspections, Chad also performed commercial electrical inspections as well as residential plan reviews for our department. In his free time, he would study the RCO and OBC. He is an extremely fast learner, but what impressed me the most was his understanding of the code. Chad is not only great at passing exams, but he is also able to apply that knowledge in the field (which is rare.)

One thing I always admired about Chad was his ability to work with the public. He had the patience to explain his position and help the public better understand the code. Often titled as "A walking code book", he never backed down from a challenge but was always very well respected when situations were resolved. Chad truly cares about the safety and general welfare of the public.

After moving from Ohio to Georgia in February of 2022, Chad earned a total of 17 additional ICC certifications, first working as a Deputy Building Official, Senior Inspector and Plans Examiner before becoming a Certified Building Official. Those additional certifications were all earned in less than 6 months (June 2022-November 2022) which is a pretty amazing feat.

It is my opinion that Chad should absolutely be granted a Building Official certification and a Building Inspector certification through the Board of Building Standards. I have no doubt that he will serve a local jurisdiction well and within the guidelines of the BBS.

Best Regards,
Fred Slota

P-2 Cloud, Chalsie - BO, BI - additional information

Certification ID: 9172

Current Certifications: None

Staff Notes: Application reviewed at August meeting, additional information requested. Additional information submitted. Does not appear to meet requirements for certifications requested.

Committee recommendation:

August 14, 2023

Chalsie Cloud

Dear Ms. Cloud,

At its meeting on August 10, 2023, the Certification Committee of the Board of Building Standards reviewed your application for certification as an interim Building Official. The committee requested that you provide additional information of your work experience.

Pursuant to section (E)(2)(a) of rule 4107:1-3-01 of the Administrative Code, an applicant for a building official certification shall meet one of the following requirements:

- i. At least five years of experience in non-residential building design and construction for buildings or structures within the scope of groups regulated by the rules of the board while registered in Ohio as an architect professional engineer;
- ii. At least ten years of experience as a general contractor or superintendent of building construction for buildings or structures dealing with all phases and trades of construction including the responsibility for obtaining approvals and inspections within the scope of groups regulated by the rules of the board;
- iii. At least five years of experience employed full-time as a residential building official in a certified residential building department; or
- iv. In evaluating the experience requirements above, the board may accept applicable experience as specified in paragraph (E)(1) of this rule

Specially, the committee is requesting additional information on work history in the construction industry.

The committee will review any additional information that you submit at its next meeting scheduled for September 21, 2023. Please return your additional information by September 8, 2023. If you have any questions, please feel free to contact this office at 614-644-2613.

Sincerely,
BOARD OF BUILDING STANDARDS

Chalsie Cloud

MS.
Dear ~~Mr.~~ Cloud,

At its meeting on August 10, 2023, the Certification Committee of the Board of Building Standards reviewed your application for certification as an interim Building Inspector. The committee requested that you provide additional information of commercial structural work experience.

Pursuant to section (E)(7)(a) of rule 4101:7-3-01 of the Administrative Code, an applicant for a building inspector certification shall meet one of the following requirements:

- i. At least five years of experience as a construction contractor or supervisor for non-residential buildings or structures within the scope of groups regulated by the rules of the board;
- ii. At least five years of experience as a skilled tradesperson for structural carpentry, masonry, steel erection, or concrete construction work subject to inspection under a model building code of a national model code organization or a code adopted for non-residential buildings or structures within the scope of groups regulated by the rules of the board;
- iii. At least five years of experience as a full-time non-residential building official, residential building official, residential plans examiner, residential building inspector, or residential mechanical inspector in a certified residential building department.
- iv. In evaluating the experience requirements above, the board may accept applicable experience as specified in paragraph (E)(1) of this rule; or
- v. Successful completion of a trainee program pursuant to section (F)(5).

Specifically, the committee requests additional information detailing your five years structural commercial construction experience.

The committee will review any additional information that you submit at its next meeting scheduled for September 21, 2023, please return your additional information no later than September 8, 2023. If you have any questions, please feel free to contact this office at 614-644-2613.

Sincerely,
BOARD OF BUILDING STANDARDS

November 11, 2019

Chalsie Cloud,

On behalf of the Billups Builder and Associate team, I want to thank you for a job well done as our project coordinator. Your professionalism and knowledge have proved and demonstrated your commitment to us. You kept us aligned with our goals and completion dates. Even with the pandemic on the rise, your quick thinking and skillful input made our construction team catch the potential error that would have been very costly. As you know, in this business we must always check and re-check our decisions. As we move forward in the restoration part of our business, we decided to position you as the Project Manager, which assures us the continued quality workmanship that we provide. You will now be working directly with contractors and assisting them when needed.

Again, thank you for your dedicated service to our team.

“Teamwork makes the dream work”.

Sincerely,

Renee Roberson

April 7, 2016

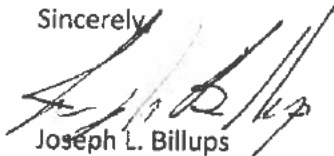

Ms. Chalsie Cloud:

I want to express my sincere gratitude for your diligent work while working here at Billups Builders and Associates. We sincerely appreciate your commitment, knowledge, and skills-set in our company as you are aware, the Project Coordinator is a very important role and your responsibilities have shown to be one that is a viable position. As we've engaged in various projects, your knowledge has helped in preventing loss and time as you engaged in the construction of some of our programs/projects.

As we move forward, we hope to continue our success and with your service with us I know we will be winners as we support our clients and maintain a good work relationship with our staff.

"Teamwork makes the dream work". Keep up the good work.

Sincerely,

Joseph L. Billups

Building Compliance Solutions

Brock Riley
3796 Saint Paul Road
Ashville, OH 43103

To whom it may concern,

I am writing to recommend Thomas Langwasser, owner of Mr. Air Heating and Cooling Inc (47118) be considered for the Mechanical/Commercial Building Inspector Certification through the State of Ohio.

My name is Brock Riley, owner of Building Compliance Solutions, LLC; a 3rd party inspection firm serving multiple jurisdictions throughout central Ohio. I have worked in the construction industry dealing with building, mechanical and electrical projects for over 25 years with the last 15 years focusing on inspection services. I have had the opportunity to work with several people during my career and strongly recommend Thomas as a knowledgeable and dependable contractor.

Over the past few years, Thomas and I have gotten to know each other through the construction industry. I have observed his ability to speak on topics pertaining to the Ohio Building Code and Mechanical codes of Ohio. Thomas has worked in the construction industry for 21 years and has been owner of Mr. Air Heating and Cooling for the last 10 years.

In addition to his technical skills, Thomas has excellent interpersonal skills and has demonstrated his ability to handle difficult and uncomfortable situations in a professional manner. Thomas is very well spoken and provides excellent explanations and alternatives when faced with challenges. He is very efficient and thorough in his work. His knowledge of the building code as well as the skills mentioned above, qualify him as a Building and Mechanical Inspector for the State of Ohio. I am confident he will be an asset to any state certified building department and provide excellent inspection services.

Please do not hesitate to contact me at (614)374-1104 or at BRileyBCS@yahoo.com if you have questions or need further information regarding Thomas's qualifications.

Sincerely yours in safety,

Brock Riley, BI, RBO, ESI
Building Compliance Solutions (4719)

File Attachments for Item:

P-6 McDowell, Lionel - BI additional information

Certification ID: 9170

Current certifications: None. An RBI is indicated on the form, but that ID number belongs to a different individual, whose interim RBI expired in 2010.

Staff notes: Application reviewed at August meeting, additional information requested. Applicant has submitted additional information, review of court docket indicates one felony, two cases resolved to misdemeanors. Review experience submitted on additional information.

Committee recommendation:

Department of Commerce
Board of Building Standards
6606 Tussing Road
Reynoldsburg, Ohio 43068-9009

August 24, 2023

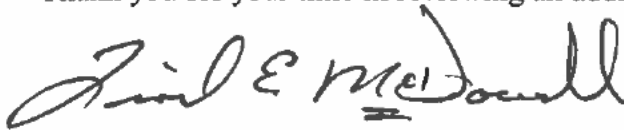

Board of Building Standards:

In response to the Letter I received, I will attempt to reply as directly as necessary with respect To the afore mentioned requests. In regards to RBI certification, I'm submitting Four Certificates of Completion, all received from HomeSpection Training Institute. Each sealed By the Ohio Department of Commerce, Division of Real Estate & Professional Licensing. HomeSpection Training Institute, as you know is backed by the State of Ohio's Board of Career Colleges and Schools.

Secondly to address Felony convictions, my record will show that there is one Felony Which I replied with a " Yes" on my Application. This Felony occurred in 2006 or 2007. The charge was for Vandalism. Initially the court's listed it as a misdemeanor, I delayed It, not wanting my Son to be involved with this as a witness, with that, it became a Felony.

Lastly, I'm including my experience to qualify as a Building Inspector. This to include Employment, as well as Business experience. Other Documentation Will be included to further enhance/ support my qualifications for the position of Residential Building Inspector, Non Residential Building Inspector.

Thank you for your time in reviewing all additional information

Lionel E. McDowell

 Project: Handyman for Multiple Small Projects

"Lionel is a godsend for me. He did a beautiful job on the work I needed, including jacking up the corner of a front porch that required considerable physical work as well as an understanding of what caused the problem, which he patiently explained to me. I have been looking for years for a reliable conscientious HONEST handyman to help me with the 4 rentals I own and take care of myself and now thanks to Service magic, I have found Lionel. His prices are very low for the quality of work he does and his depth of knowledge is outstanding. I highly recommend Lionel and Innovative Interiors"

Location: **250 E.271st.**
Euclid, OH 44123

This summary is not the entire report. The full report may include additional information of interest or concern to the client. It is strongly recommended that the client promptly read the complete report. For information regarding the negotiability of any item in this report under a real estate purchase contract, contact your real estate agent or an attorney.

1 - Roof

1. The Chimney has loose flashing and no mortar in sections. This will allow for water penetration. Recommend reputable contractor (see photo 1).
2. **SAFETY HAZARD.** The Chimney has mortar missing in areas. This will allow for hot ambers to hit the roof and possibly start a fire. Recommend reputable contractor (see photo 1).

2 - Exterior

1. As of today's Inspection the Exterior and all of it's components are working and in good condition.

3 - Grounds

1. Trees and Shrubs are against the House. Recommend cutting Trees and Shrubs 2 to 3 feet from House. (see photo 1).
2. Lattice underneath Decking is missing. This will allow for pest infestation. Recommend repairing Lattice. (see photo 2).

4 - HVAC

1. The AC Unit isn't level this will allow for damage to unit. Recommend reputable licensed HVAC contractor. (see photo 1).
2. As of today's Inspection the Heating Unit and all of it's components are working and in good condition.

5 - Plumbing

1. The Hot Water Tank is resting on the concrete floor. This will allow for water damage and or rust. Recommend reputable licensed Plumbing contractor. (see photo 1).

6 - Electrical

1. As of today's Inspection the Electrical and all of it's components are working and in good condition.

7 - Kitchen & Laundry

1. The Base cabinet in the Kitchen has a drawer front missing. Recommend installing drawer front to Base cabinet. (see photo 1).
2. The Dryer exhaust vent cover is clogged with debris. This will allow for improper exhaust flow. Recommend clearing exhaust vent cover. (see photo 1).

8 - Bathroom

1. The Ceiling exhaust vent cover is clogged with debris. This will allow for improper exhaust of moisture. Recommend clearing ceiling exhaust vent cover. (see photo 1).

9 - Interior Rooms

1. The Front Door Casing is not in place. Recommend reputable contractor. (see photo 1).

The report is provided as a courtesy for quicker access to DEFICIENCIES within the inspection report. This is not intended as a substitute for reading the inspection report. Items listed may be discussed further on the corresponding report page. There also may be findings other than what is listed on this page.

About This Inspection Report

READING THIS REPORT

Each page of this report addresses a specific area of this property, identified by title (i.e. Roof) and is divided into three sections. The top section of each page rates components of the property and provides a recommended action when necessary. See "Terminology" below. The middle section contains factual information about the property (i.e. age of home). The bottom section provides inspectors space to provide additional detail when needed.

Terminology

DEFINITIONS OF CONDITIONS

ACCEPTABLE

The item is performing its intended function as of the date of inspection in response to normal use.

NOT PRESENT

The item does not exist in the structure being inspected.

NOT INSPECTED or INACCESSIBLE

The item could not be inspected due to physical limitations.

DEFECTIVE

The item is either: significantly impeding habitability; unsafe or hazardous; does not operate properly or perform its intended function in response to normal use.

DEFINITIONS OF PERSPECTIVES

SAFETY HAZARD

Any item that is identified as a safety hazard is to be considered harmful or dangerous to its occupants due to its presence or absence in the structure. In our opinion these items should be evaluated by professionals in appropriate trades prior to closing.

MAJOR CONCERN

Any item identified as a major concern is either significantly affecting habitability and/or can be considered a possible expensive repair or replacement and should be evaluated by professionals in appropriate trades prior to closing.

MINOR CONCERN

Any item identified as a minor concern either does not significantly affect habitability and/or can be considered an inexpensive repair or replacement by professionals in appropriate trades prior to closing.

MAINTENANCE

Any item identified as maintenance is to be considered normal or routine in maintaining a home.

Location: **250 E.271st.**
Euclid, OH 44123

2. The Bedroom Door Casing is broken. Recommend reputable contractor.
(see photo 2).

10 - Garage

1. The rear wall to the Garage has a hole. This will allow for pest infestation.
Recommend. repairing section of wall. (see photo 1).

11 - Attic

1. The Attic has worn outdated insulation. This will all for poor weatherization.
Recommend installing sufficient R rated insulation. (see photo 1).

12 - Foundation

1. As of today's Inspection the Foundation and all of it's components are working
and in good condition.

To Whom This May Concern,

My name is Brian Clouse, Vice President at Clouse Construction Corp. and I am pleased to offer my recommendation of Matt Clouse of Clouse Builders. Matt has been a reputable contractor and custom home builder in the New Riegel area for many years. During my relationship with Matt over the years, I have experienced a highly motivated, hard-working individual who consistently arrives on time and shows great knowledge and dedication towards his professional duties in many areas of expertise including but not limited to supervision of projects, framing, finishes, HVAC, electric, plumbing, etc. I strongly believe that Matt will be a great addition to your company and will exceed expectations in his role.

Please do not hesitate to contact me if you should require any additional information.

Brian Clouse
Vice President

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

List Each Construction Project <u>AND</u> Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From_ To_ (MM/YY)

Board of Building Standards

Application for Interim Certification, Building Department Personnel

Taylor

John

Last Name

First Name

BBS Certification ID

SECTION 8: PERSONAL HISTORY

1. Have you ever been convicted of any felony, or any crime involving moral turpitude?

Yes No

If you answered "Yes" please explain below:

2. Have you served in the U.S. armed services? (If No, skip question 3)

Yes No

3. If YES, were you discharged under honorable conditions?

Yes No

If you answered "No" please explain below:

In January of 2014 I was charged for driving under the influence with passengers in the vehicle. This resulted in a charge of wanton endangerment in the state of Kentucky.

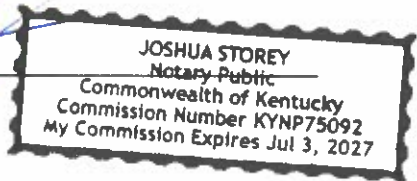

SECTION 9: CERTIFICATION

I certify the information contained in this application is true and complete, and I understand that providing false information may be grounds for not granting certification or for immediate termination of certification at any point in the future, if granted. I authorize the investigation of all statements contained herein and release all parties from all liability for any damage that may result from furnishing the same to Ohio Board of Building Standards. Falsification is a violation of section 2921.13 of the Ohio Revised Code and is punishable as a misdemeanor of the first degree.

Signature of Applicant: John Taylor

Subscribed and duly sworn before me according to law, by the above named applicant this day 14 of September in the year 2023 at Kenton 10:00am⁰⁵, County of Kenton and State of Kentucky.

ORDINANCE NO.: 757-23

**AN ORDINANCE REQUESTING CERTIFICATION TO ENFORCE THE
STATE OF OHIO BUILDING CODES WITHIN THE VILLAGE OF
SYCAMORE**

WHEREAS, the Village of Sycamore, Ohio desires to enforce the State of Ohio Building Codes for the purpose of providing uniform standards and requirements for the erection, construction, repair, alteration, and maintenance of buildings.

WHEREAS, the Village of Sycamore, Ohio seeks to obtain the authority to enforce the provisions of the State of Ohio Building Codes through certification by the Ohio Board of Building Standards pursuant to Section 3781 (E) of the Ohio Revised Code, therefore

BE IT ORDAINED by the Council of the Village of Sycamore, Ohio:

SECTION I: That Ohio Administrative Code 4101:1 – the Ohio Building Code, and Ohio Administrative Code 4101:2 – the Ohio Mechanical Code as promulgated by the Ohio Board of Building Standards, shall apply and be enforced within the Village of Sycamore, Ohio, except plumbing, which shall be enforced by the Wyandot County Health Department.

SECTION II: That this ordinance shall be in full force and effect from and after the earliest period permitted by law following promulgation of the Ohio Building Code and the Ohio Mechanical Code by the Board of Building Standards through the certification process, adoption, and effective date of certification issued by the Ohio Board of Building Standards.

ATTEST:
[Signature]
Chris D. Moler, Fiscal Officer

The foregoing is a true and correct extract from the minutes of the meeting on August 8, 2023 of the Council of the Village of Sycamore, Wyandot County, State of Ohio, showing the adoption of resolution above set forth

ORDINANCE 752-23

AN ORDINANCE AUTHORIZING THE VILLAGE OF SYCAMORE TO ENTER INTO A CONTRACTUAL AGREEMENT WITH WYANDOT COUNTY BOARD OF COMMISSIONERS ON BEHALF OF THE WYANDOT COUNTY BUILDING DEPARTMENT, AND THE VILLAGE OF SYCAMORE, OHIO.

CONTRACTUAL AGREEMENT TO PROVIDE BUILDING CODE ENFORCEMENT FOR NON-RESIDENTIAL PROJECTS IN THE VILLAGE OF SYCAMORE, OHIO.

This contractual agreement was made and entered into this 9 day of May 2023, by and between the Wyandot County Board of Commissioners on behalf of the Wyandot County Building Department, and the Village of Sycamore, Ohio.

Whereas, the citizens of Sycamore require the establishment of local enforcement of the building codes; and

Whereas, the State of Ohio requires the establishment of a building department prior to the exercise of enforcement authority; and

Whereas, the Wyandot County Building Department desires and is willing to administer and enforce the applicable provisions of the Ohio Building Code within the limits of the Village pursuant to its authority granted by the Ohio Board of Building Standards; and

Whereas, the Village has on the 9 day of May 2023, heretofore approved by majority vote authorization for the Village to enter into an agreement with the Wyandot County Building Department for enforcement of the provisions of the Ohio Building Code within the limits of the Village, whereby the Wyandot County Building Department is to exercise all enforcement authority necessary within the Village; and

Whereas, the Wyandot County Board of Commissioners has on the 9 day of May 2023, approved by majority vote authorization for the Wyandot County Building Department to enter into said agreement with the Village, for the purpose aforesaid:

Now, therefore, it is hereby agreed by and between the parties as follows:

1. This agreement shall be void and have no force or effect in the event of refusal of the Ohio Board of Building Standards to certify the Village for building code enforcement.
2. The Village hereby grants the Wyandot County Building Department full authority to take all measures necessary to exercise enforcement authority on non-residential projects, to accept and approve plans and specifications and make necessary inspections within the Village in accordance with the provisions of the Ohio Building Code relating to non-residential projects, including particularly Chapter 4101:1-1-01 of the Ohio Administrative Code.
3. The Wyandot County Building Department accepts the authority and responsibility to implement the terms of this agreement and shall have full authority to take all measures necessary to administer and enforce the provisions of the Ohio Building Code and all related codes within the limits of the Village.

4. The effective date for which the Wyandot County Building Department shall begin to perform its said duties under the terms of this agreement shall be the 1st day of the month following acceptance, or the date of certification by the Ohio Board of Building Standards, if applicable. This agreement shall automatically renew on an annual basis on January 1st of each year. This agreement shall thereafter continue in full force and effect until either party gives written notice to the other of its

intention to terminate the agreement, which may be for any reason, except that this agreement shall not terminate until the Village can obtain building code enforcement services or 180 days, upon which shall be confirmed in writing by both parties as the effective date of termination, whichever time occurs first. The Wyandot County Building Department shall be entitled to receive and retain all monies payable under this agreement until the effective date of termination.

5. The Village hereby agrees to hold the Wyandot County Building Department harmless from claims or causes of action of any kind and nature arising from acts of the Wyandot County Building Department, its agents, employees, or representatives in the administration and enforcement of the Ohio Building Code within the limits of the Village, except where the acts of omission of the agents, employees or representatives are found to be manifestly outside the scope of employment or official responsibilities, or where the acts of omission are found to be in bad faith with malicious purpose, or are the result of fraudulent acts or misrepresentations of the agents, employees or representatives of the Wyandot County Building Department, or involving the operation of motor vehicles by employees or representatives for which the Village has insurance coverage.

6. This agreement shall be deemed to authorize the Wyandot County Building Department to administer and enforce for the Village any amendments or additions to the Ohio Building Code and related codes hereafter adopted by the Ohio Board of Building Standards pursuant to the authority granted said Board by Chapter 3781 of the Ohio Revised Code, at all times after said Board shall have adopted such amendments or additions. The Village agrees that the Wyandot County Building Department require Village business to be conducted at the Wyandot County Building Department office in Upper Sandusky, Ohio, or in a manner provided by the Wyandot County Building Department.

7. The Wyandot County Building Department shall retain all monies collected from all plan reviews, plan approvals issued, and inspections for projects within the Village in return for the Wyandot County Building Department performing building code enforcement for the Village.

8. The Wyandot County Building Department shall retain all monies collected from re-inspections, contractor registrations, OCILB education classes or code book sales. The Wyandot County Building Department shall include the Village into its contractor registration territory.

9. The Wyandot County Building Department will assume all labor costs associated with the employment of inspectors and the management of them (including, but not limited to; wages, healthcare, retirement, workers compensation, and Medicare).

10. This agreement can be modified upon agreement by both the Wyandot County Building Department and the Village. Any modifications shall be submitted in written form and signed by the assigned person from each.

ACCEPTANCE of this Contract/Agreement of Authorization is evidence of our intent to comply with Title VII of the 1964 Civil Rights Act and Section 504 of the Rehabilitation Act which prohibits discrimination because of race, color, national origin, religion, gender identity, or disability in any facet of our operation.

IN WITNESS WHEREOF, the parties have duly executed this Agreement effective May 9, 2023.

VILLAGE OF SYCAMORE BUILDING DEPARTMENT INSPECTION AND PLAN EXAMINATION PROCEDURES

Plans will be received at the Wyandot County Building Department, located at 109 S. Sandusky St, Upper Sandusky, OH 43351, during regular business hours. Plans can be dropped off, mailed, or submitted electronically. Plans will be examined in the order they are received by an Ohio Board of Building Standards certified plans examiner. The submitted plans will be examined for compliance with the building codes adopted by the Ohio Board of Building Standards. After examination, plans will either be approved by the Building Official and issued a Certificate of Plan Approval or found to be not in compliance with the building codes. If plans are not in compliance with the building codes, the Building Official will determine whether the items of non-compliance are to be communicated to the owner in the form of an adjudication order complying with Section 109 of the Ohio Building Code. The Building Official shall also determine if any approvals are possible, and issue the appropriate approval as described in Section 105 of the Ohio Building Code.

Inspections can be scheduled through the Wyandot County Building Department by phone, email, or in writing. Inspectors will also take inspection requests through the use of any other available technology. The Wyandot County Building Department will request a 24-hour notification for inspections. Once an inspection is complete, a written indication of the result of the inspection will be left at a pre-determined location or communicated through any other preferred media. When all inspections for a particular project have been completed and approved the results will be communicated to the Building Official. The Building Official will then issue a Certificate of Occupancy or Certificate of Completion, depending on the scope of the project.

Village of Sycamore Building Department Organizational Chart

TRANSITION PLAN VILLAGE OF SYCAMORE BUILDING DEPARTMENT

This transition plan, between the State of Ohio Building Department and the Wyandot County Building Department, is to provide for the smooth transition of non-residential building code enforcement in the Village of Sycamore.

The State of Ohio Building Department shall continue to exercise building code enforcement, including all requirements outlined in Chapter 1 of the Ohio Building Code, for all projects currently in progress, all projects receiving an approval prior to October 1, 2023, and all projects for which construction documents are submitted for review prior to October 1, 2023.

Wyandot County Building Department shall commence building code enforcement, including all requirements outlined in Chapter 1 of the Ohio Building Code, for all projects submitted on and after October 1, 2023.

After October 1, 2023, the State of Ohio Building Department will assist in directing all Village of Sycamore Building Department inquiries to the Wyandot County Building Department at:

109 S. Sandusky St.
Upper Sandusky, OH 43351

Re: **Letter of Completion Permit No. 2013 – 28 - 456300 - 0001**

Based upon a final inspection conducted by this office, and pursuant to the 2013 Residential Code of Ohio, (RCO) this office has determined that the referenced project has been completed in accordance with the approved construction drawings. Therefore, and in compliance with chapters 3781 and 3791 of the Ohio Revised Code, and for your records, this letter will serve as a Letter of Completion for the project, or portions thereof, known as:

Project Name & Location: **Residential Building Repairs (per NDS Specifications)
2048 Overland
Warren, OH**

This letter of completion shall act as evidence that the project name and location indicated above has been constructed with the approval of the Trumbull County Building Official in accordance with the provisions of the RCO. Furthermore, and to a larger extent, that this office has determined overall compliance with the RCO with sufficient assurance to determine that a condition deemed to endanger public safety or welfare does not exist. Please retain this letter of completion with your important papers to demonstrate that the structure, or portions indicated above have been legally constructed under the provisions of the RCO.

Description of Approval / Stipulations:

- *Letter of Completion pertains only to the project name and location indicated above.*
- *Includes approval of building alterations completed by DCD Construction Co. of Cortland, OH*
- *Includes approval of HVAC alterations completed by 24/7 Mechanical Company, LLC of Diamond OH*
- *Includes approval of electrical alterations completed by Cooper's Electric of Youngstown, OH*

A file copy will be permanently maintained at this department. If you have any questions regarding this matter please feel free to contact me directly at 330 – 675 – 2865.

Respectfully,

Attn: To Whom It May Concern:

Re: **Letter of Completion Permit No. 2012 - 28 - 031900 - 0001**

Based upon a final inspection conducted by this office, and pursuant to section 110.3 of the 2004 Residential Code of Ohio, (RCO) this office has determined that the referenced project has been completed in accordance with the approved construction drawings. Therefore, and in compliance with chapters 3781 and 3791 of the Ohio Revised Code, and for your records, this letter will serve as a Letter of Completion for the project, or portions thereof, known as:

Project Name & Location: **Residential Rehabilitation
Multiple Repairs to Exist Structure
2046 Ewalt Street
Warren, OH**

This letter of completion shall act as evidence that the project name and location indicated above has been constructed with the approval of the Trumbull County Building Official in accordance with the provisions of the RCO. Furthermore, and to a larger extent, that this office has determined overall compliance with the RCO with sufficient assurance to determine that a condition deemed to endanger public safety or welfare does not exist. Please retain this letter of completion with your important papers to demonstrate that the structure, or portions indicated above have been legally constructed under the provisions of the RCO.

Description of Approval / Stipulations:

- *Letter of Completion pertains only to the project name and location indicated above.*

A file copy will be permanently maintained at this department. If you have any questions regarding this matter please feel free to contact me directly at 330 - 675 - 2865.

Respectfully,

Michael Sliwinski, P.E.

Reynoldsburg, Ohio 43068-9009**

COMMITTEE MEMBERS,

Over the past 34 years, I have learned and fine-tuned valuable residential and commercial construction skills and techniques. Year after year, I was responsible for overseeing numerous projects completed successfully and with precision. The listing of jobs provided within this application are just a small portion of the jobs I have completed in total. I most recently was a Career Tech Instructor providing building and electrical trades instruction at the school I formerly attended. Students under my direction placed 4th in the Nation at SkillsUSA this year. Students utilized carpentry, masonry, plumbing, electrical, and team skills to build a structure to code. Guiding and teaching people the proper methods of construction is what I wish to continue doing.

I began my construction career by first obtaining a Diploma with Honors and Carpentry Certificate from Vanguard Vocational School in Fremont under the instruction of Daniel Wearshe. The decision to study and enter this trade field has rewarded me with numerous valuable job opportunities from residential and commercial construction to agricultural sciences and even time well spent as a public servant. I have worked in the field as a construction worker and spent a considerable amount of time in the office setting planning, estimating, obtaining permits, designing, and ultimately providing customer satisfaction in completed projects. I believe this extensive industry experience qualifies me for an interim Building Official license which will allow me to follow the path and testing requirements to obtain full certification within the two-year time frame allotted. Your time and consideration are greatly appreciated.

Respectfully,

A handwritten signature in blue ink, appearing to read "Eric M. O'Brien".

Work history description for Robert Ransom:

Work History:

- Have been employed by City of Bedford Building Department 08/2022-present
 - Residential building inspections to ensure they are in compliance with approved plans and building code.
 - Jobsite reviews for hazard assessments.
 - Residential rental property inspections for tenant safety.
 - Property maintenance inspections in accordance with City of Bedford Ordinances.
 - Multiple administrative duties assigned by the Building Commissioner.
 - **Shadow Plumbing Inspector for experience, to include both commercial and residential, to include sanitary sewer repair/replacement, storm drain repair/replacement, main stack replacement, new construction/remodel rough plumbing, final plumbing, HWT replacement.**
-
- Old World Cabinetry/Davis Custom Woodworks

Project: **One Queensridge Place**, Las Vegas, Nevada Nov 2006-Dec 2009 25 months

Work performed:

- The construction and installation of custom millwork and cabinetry for 17 floor multi family high end residences to include common areas and service corridors.
- Kitchen and bathroom cabinetry built and installed in accordance with building codes and compliant with builder specifications.
- Installations of built in entertainment centers, office units, wall/ceiling paneling and wainscotting, judges paneling, coffered ceilings, crown moldings, common area bar service, mail room, entrance work all in compliance with building codes and ADA regulations.
- **Shut off water supply and remove shut off valves to install cabinetry.**
- On site modifications as needed to allow appropriate clearances needed for openings, sprinklers, fire codes, and egress.
- Project manager over 2 Towers and 6 crews.
- Managed schedules, inspections, builder requirements, **plumbing changes**, electrical changes, final inspections.
- Jobsite safety and OSHA requirements.

- Servpro of Northern Summit County/Restoration Resources April 2015-May 2020

1546 Georgetown Road, Hudson, OH 44236

Office: 330-650-4486

Paul Konopka, Construction Manager: 330-696-0978

Over the period of my employment for Servpro of Northern Summit County, I worked on several commercial and residential projects in multiple municipalities. I performed hands on work to include:

- Structural steel and wood framing replacement
- Insulation/vapor barrier installation
- Fire blocking
- Drywall installation and finish
- Millwork and cabinetry installation
- Waterproofing
- Flooring
- Drop ceiling grid and tile installation.
- Plumbing repairs/parts replacement including copper sweat fittings, press fittings, pex, pvc piping with glue and banded fittings.
- Install HWT
- HVAC ductwork replacement
- Project manager overseeing onsite crews along with Electrical, Plumbing, HVAC contractors.
- Jobsite safety and OSHA requirements.

While at Servpro the following projects and specific work performed:

- **Snap On Tools Headquarters, Richfield, OH March 2018-July 2018: 4 months**
- Cut out deteriorated structural steel framing along 160 LF of wall at 2FT up with reciprocating saw.
- Removed compromised bottom plate C-channel.
- Installed new 16-gauge bottom plate C-channel.
- Cut (with metal cut off saw) new 16-gauge wall studs and installed using a 4 ft sister stud screwed in place using approved screws and pattern.
- Applied Zinc Oxide coating to all exposed framing areas to hinder any further deterioration in the area.
- Install R-19 rockwool insulation batts. Install 6Mil vapor barrier on both sides of the wall.
- Install 5/8" rated drywall, tape, and finish (level 5)
- Prime seal all drywall areas
- Installed 160 LF of Fiber-reinforced plastic wall paneling 4Ft up for the kitchen area.
- Finish painting exterior hallway of wall work.
- Install 600 sq ft LVT plank flooring in employee lounge area.
- Install 160 LF Tile Base in the kitchen area.

- Re-install sink units in the kitchen area using braided supply lines and ABS piping and glue set fittings for DWV. (4 total)

Along with hands on work, oversee other onsite workers, electrical and plumbing contractors, inspections.

-
-
- **Townplace Hotel by Marriot, Streetsboro, OH August 2016-February 2017 7 months**
- 3 floor water loss caused by sprinkler discharge, to include 18 rooms, hallways, stairwell, common areas on main floor to include weight room, guest cafeteria, employee kitchen prep area, laundry services, main lobby.
- Remove all water and soot damaged materials per IICRC requirements of Category 3 water loss.
- Remediate all areas to health and safety standards per IICRC requirements.
- Clean/seal all framing areas at source room due to smoke and soot damage.
- Replace areas of insulation as needed on all levels to include areas above dropped ceilings, and several rooms on the second floor.
- Installed 5/8" drywall on ceilings and walls in guest rooms.
- Installed two layers of 5/8" drywall with overlapping seams at all common areas for fire resistance.
- Tape and finish all drywall areas to level 3 and texture coat.
- Fire seal all penetrations with appropriate rated material.
- Prime seal and paint all drywall areas.
- Install new cabinetry at source unit and 2-units on second level.
- Install new ¼ turn compression fitting shut of valves at sinks and WC (6 total).
- Install new kitchenette faucets and braided supply lines (2 total).
- Install new DWV using 1 ½" PVC with slip joint connections and glue fitting traps.
- Reset WC using new braided supply lines and #3 wax ring, caulked at base and installed bolt caps.
- Install new glue down carpet tiles at main level work out room and hallway.
- Install new carpet bases at all hallways and rooms.
- Install new vinyl cove base at all kitchen and bath areas in 4 guest rooms.

Along with hands on work, oversee other onsite workers and electrical contractor.

- **77/30 Building, Canton, OH September 2017- April 2018 8 months**
- Remove multiple layers of plywood subfloor from 12,000 sq ft area on second floor of industrial building due to water leak in roof.
- Remove drywall 4ft up entire perimeter of space.
- Remove wet insulation from entire perimeter of wall space open.
- Assess the condition of framing and support of corrugated steel ceiling below.

- Add additional bracing and support of 16-gauge steel channel and corrugated steel panels to address any compromised areas.
- Installed new multi-layer subfloor to consist of ¾" T&G base layer over entire area. An additional layer of ½" with overlapping seams installed to make floor at proper level. Subflooring installed using 2" self-tapping metal screws.
- Installed layer of ½" finish grade plywood over entire 18,000 sq ft space to create appropriate substrate for flooring installation.
- Install new R-15 paper faced fiberglass insulation. Install 6MIL vapor barrier.
- Install new 5/8" fire rated drywall. Tape and finish level 5.
- Prime and paint all drywall areas.
- Install glue down LVT entire 18,000 sq ft area.
- Install vinyl cove base entire perimeter of space.

Along with hands on work, oversee other onsite workers, logistics, material upload to work area (boom lift through access panel in side of building to second floor workspace)

- **Arnold's Candies, Akron, OH December 2016- March 2017 4 months**
- Fire restoration- remove all damaged materials unable to be cleaned to health and safety standards.
- Clean and seal the ceiling grid. Install new ceiling tiles throughout the facility (approx. 3800 sq ft)
- Replace insulation above drop ceiling with R-30 unfaced fiberglass material.
- **Cut out heat damaged roof drain PVC and install 60 ft of new schedule 40 PVC with cement in place fittings and sloped accordingly and supported as needed with appropriate strapping. Terminated drain at storm drain connection above ground.**

Along with hands on work, oversee other onsite workers, electrical and HVAC contractors.

- **TCS Divisions, Cuyahoga Falls, OH April 2017- September 2017 6 months**
- Water loss caused by fire in office area of facility.
- Remove all damaged drywall, insulation, ceiling tiles and grid, HVAC ductwork and diffusers.
- Clean and seal all framing in the area of the fire due to smoke and soot damage.
- Install R-19 paper faced insulation at exterior wall areas. Approximately 100 sq ft.
- Install 5/8" drywall, tape, and finish level 5.
- Prime seal and paint walls.
- Install 800 sq ft of new drop ceiling grid using 18 gauge hanger ties
- Install new ceiling tiles.
- Install new HVAC diffusers and insulated flex ducting back to the drop point.
- Install new R-38 unfaced fiberglass insulation above drop ceiling.

Along with hands on work, oversee other onsite workers, electrical contractors.

Also have multiple residential remediation and mitigation projects in multiple municipalities for Servpro. Kitchen and Bathrooms primarily due to water loss or fire restoration. To include:

- Complete demo of cabinetry, walls, floors, insulation, plumbing systems, mechanical systems, etc.

Servpro Restoration April 2015-May 2020 work to include:

- Framing to include wood and steel
- Insulation installation, to include blown in, and vapor barriers
- Plumbing installation of supply lines and shut off valves, new fixtures, WCs, etc.
- Installation of laundry standpipe and traps.
- Installation of cabinetry and countertops.
- Installation of sinks, ice maker lines and shut offs, installation of appliances.
- Exhaust venting systems for bathrooms, kitchen hood vents, ductwork for heating and cooling.
- Drywall installation.
- Flooring installation
- Rough in plumbing for shower valves and sink supply lines using pex with press crimp fittings and sweat fittings to connect with existing copper lines.
- Bathtub and shower installation and surrounds.
- Project management over other onsite workers and electrical, plumbing, hvac contractors.

TPA Builders

September 2020-August 2022

4310 St Clair Ave

Cleveland, OH 44103

- **McKeever Residence (Cleveland Heights) Sept 2020- Feb 2021 5 months**
- Removed existing walls and to construct addition to expand living space and add a sun porch.
- **Removed existing plumbing and mechanical systems from the area.**
- Framed new exterior wall and roof line to accommodate sun porch.
- Reworked plumbing for main level laundry area to include sink and washer and dryer.
- Installed new dryer vent exhaust ducting using 4" ductwork approximately 4 ft and connected exterior vent hood.
- **Installed ½" pex line for sink and washer supply lines, supported and bracketed accordingly.**
- **Installed new 2" pvc stand pipe for washer connected to the main stack with cement fittings.**
- **Installed new 1 ½" pvc drain for sink and connected to main stack with cement fittings.**

- Installed new cabinetry and wainscoting in the area.
- Installed new porcelain floor tile in the area.
- Installed new sink and fixtures in the area.
- Installed appliances.
- **Ford Residence (Cleveland Heights) July 2021-November 2021 5 months**
- Demo existing kitchen to include all cabinetry, countertops, plumbing system, mechanical system, windows, insulation, etc.
- Reframe walls and floor according to approved plans.
- Rework plumbing for new kitchen layout. Installing new ½" pex lines for main sink and island sink. Install new 1 ½" pvc drains for main sink and island sink.
- Install new water supply line for ice maker connecting into copper line with sweat t-fitting and installing individual shut off valve.
- Install new sinks using braided supply lines and PVC for DWV with slip joint fittings and glue fitting traps.
- Frame new mud room addition to rear of the home, sheath, roof, install windows and door.
- Route new kitchen hood exhaust through framing of new mud room using 6" rigid exhaust piping strapped and supported appropriately for 12 feet. Installed exhaust vent hood on exterior of structure.
- Route gas line for new range location using ½" steel piping and above floor shut off valve.
- Install new dryer exhaust vent using 4" rigid piping strapped and supported appropriately in the crawl space under the new mud room. Installed exhaust vent hood on exterior of structure.
- Installed new subfloor in kitchen area and installed new ¾" oak hardwood flooring over vapor barrier.
- Installed new R-15 paperfaced insulation on walls and R-38 insulation on open roof ceiling.
- Installed new shake shingle siding on new mud room and existing structure fingering into existing.

- Construct new 820 sq ft deck per approved plans. To include footing layout, dig, and pour of concrete., framing, blocking, strapping., steps with pad footer.

-
- **Ehlers Residence (Shaker Heights) December 2021-May 2022 6 months**
- Demo existing kitchen to include all cabinetry, countertops, plumbing system, electrical system, mechanical system, flooring, insulation, windows, etc.
- Framing to include structural inset beam.
- Installed new R-15 insulation at wall bays.
- Installed new windows.
- Installed new hood exhaust vent piping using 8" rigid piping for approximately 3ft and installed exterior vent hood on structure.
- Installed new ½" pex supply lines and 1 ½" pvc drain for kitchen sink.
- Removed existing radiators for flooring installation.

- Installed new ¼ turn gas valve above floor level for range.
 - Install new sinks using braided supply lines and PVC for DWV with slip joint fittings and glue fitting trap.
 - Installed new ¾" oak hardwood flooring on vapor barrier.
 - Installed radiators using union fittings and pressurized appropriately.
 - Installed new shake shingle siding on exterior of structure fingering into existing.
-
- **Weiss Residence (Cleveland Heights) February 2021- July 2021 6 months**
 - Demo existing kitchen to include all cabinetry, countertops, insulation, plumbing system, mechanical system.
 - Framing to include structural inset beam and relocation of room entry door to bearing wall.
 - New R-15 insulation at all wall bays.
 - Install new hood exhaust system using 6" rigid piping strapped and supported properly for approximately 8 ft through exterior brick wall. Installed exterior vent hood and sealed appropriately.
 - Install new exterior entry door and storm door to back stairs.
 - Installed new 4 new windows.
 - Installed new ½" pex supply lines and 1 ½" drain for kitchen sink.
 - Installed new ¼" icemaker line and shut off valve for fridge.
 - Route gas line for new range location using ½" steel piping and above floor ¼ turn shut off valve.
 - Frame new back stairs and landing.
 - **Lyford Residence Oct 2020-Feb 2021 5 months**
 - Basement remodel to include demo of existing walls and flooring.
 - Frame new walls according to plans, maintaining appropriate clearances for furnace and HWT.
 - Install new vapor barrier along exterior walls and R-15 insulation.
 - Install new doors for access to appliances and egress and proper air flow for appliances.
 - Install new dryer exhaust vent system using 4" rigid piping strapped and supported appropriately. Install exterior vent hood on structure.
 - Install new ½" pex supply lines to laundry sink and install new faucet.
 - Install new floating counter at bathroom and install sink using braided supply lines to faucet and brass drain with slip joint fittings.
 - Install new handrail at basement stairs.
 - **Gartman Residence January 2022-August 2022 8 months**

- Bathroom remodel to include demo of existing walls, floors, fixtures, insulation, mechanical system, plumbing system.
- Install new plumbing to accommodate shower, WC, vanity sink. Tie in ½" pex to existing copper lines using press fittings for all supply lines. All appropriate drains and traps.
- Install new bathroom exhaust vent system using 4" insulated flex ducting strapped and supported 6 ft. Installed exterior soffit vent cap and sealed properly.
- Frame walls according to plan to accommodate a curbless shower.
- Install new R-15 insulation at wall bays and R-38 insulation at ceiling bays.
- Drywall, tape, finish to level 5.
- Prep and install ceramic tile flooring.
- Install cabinetry, doors, and trim.
- Install new fixtures for sink, shower, WC, grab bars, etc.

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (Do NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

List Each Construction Project <u>AND</u> Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From_ To_ (MM/YY)
<p><i>Example:</i> Children's Hospital, Toledo Structural steel work on addition</p>	<p>Homer Steel and Trade 125 Anytown Street My City, OH, 45454 (419)555-1212</p>	<p>July 2013-May 2014 (10 months)</p>
<p>BELL TIRE EL 23 000488</p>	<p>FINDLAY</p>	<p>7/13 - 9/23</p>

Sent: Tuesday, September 19, 2023 3:23 PM
To: Jones, Amy <Amy.Jones@com.ohio.gov>
Subject: Re: Plumbing inspector application

From the years of 2011 - 2015 I learned residential plumbing with Sam Wing Plumbing which involved replacing and/or installing new sinks, faucets, drain lines, toilets, whole house water lines and drains, and gas lines; clearing drain lines

From the years of 2017 - 2022 I worked with Calhoun Plumbing where we focused more on residential service plumber jobs but also have some whole house projects involving: installing a new bathroom in a house, rerouting main stack lines, running new gas lines for new grills or generators, testing and locating gas leaks in multi-family apartment buildings and houses, and I have been involved in jobs where plumbed houses from the ground up. Unfortunately I do not remember those addresses.

From there I worked at Capital City Mechanical for about 6 months mainly working in a group on some commercial jobs. One for American Nitrile and the other was helping TP Mechanical on an add on at Pickerington Ohio Health Medical Campus.

In this year of 2023 I moved to Indiana and worked for a company called Peterman Brothers where we only did residential service plumbing jobs which involved: repairing/replacing sinks, faucets, toilets, hose bibs, shower valves, garbage disposals, sump pumps, ejector pumps, water heaters (tanked & tankless), water softeners and conditioners, RO systems, and well pumps.

I hope this helps. Unfortunately I do not have documentation on specific jobs. I am willing to answer any questions you may have.

Sincerely,
Chad Wing

Subject: Re: Plumbing inspector application

Good afternoon,

What I have listed on there is unfortunately all the commercial work I have been apart of. Everything else has been residential and on the application it mentioned not to list one, two or three family jobs.

Sincerely,
Chad Wing
