CERTIFICATION COMMITTEE MEETING AGENDA **(AMENDED JUNE 22, 2022)**

DATE: JUNE 23, 2022
TIME: 10:00 AM
LOCATION: TRAINING ROOM 3, 6606 TUSSING ROAD, REYNOLDSBURG, OHIO 43068
[VIDEOCONFERENCE](#)
DIAL-IN: [1 614-721-2972](tel:16147212972)
Conference ID: 511538247

Call to Order

Consent Agenda

Personnel Certification Applications

[P-1](#)

Abernethy, Iain - BI

Certification ID# 8834

Current Certification- none

Staff notes: Commercial Structural Glazier 10 years, 15 years draftsman. Additional information submitted for committee review: plans to attend committee hearing.

Committee recommendation:

[P-2](#)

Arnett, Brad - BI Additional Information

Certification ID# 5855

Current Certifications- ESI, RPE, RBI, RMI

Staff Notes: Additional information submitted on BI qualifications: recommend approval. Has passed exams.

Committee Recommendation:

[P-3](#)

Bailey, Alton - RBI, RMI, RIUI Additional Information

Certification ID: 8813

Current Certifications- none

Staff Notes: Review additional information submitted, recommend approval.

Committee Recommendation:

[P-4](#)

Bajaj, Rahul - NRIUI

Cert ID: 8850

Current Certifications: None

Staff Notes: Review experience: has passed all ICC certification tests. Recommend approval.

Committee Recommendation:

- [P-5](#) Baum, Travis - BI, ESI
Cert ID: 8843
Current Certifications: None
Staff Notes: Recommend approval for BI, recommend request for additional information on ESI
ESIAC Recommendation: Recommend request for additional information on electrical experience, and an indication on Section 6 of the application as to which qualification applicant meets.
Committee Recommendation:
- [P-6](#) Caruso, Allesio - BO
Cert ID: 221
Current Certifications: BI, RBO
Staff Notes: Recommend request for additional information on experience.
Committee Recommendation:
- [P-7](#) Climer Jr., Carl - ESI
Cert ID: 8868
Current Certifications: None
Staff Notes: Received after ESIAC meeting. Appears to meet certification requirements, recommend approval.
Committee Recommendation:
- [P-8](#) Crawn, Andrew - FPI, FPPE
Cert ID: 8863
Current Certifications: None, FSI, no date given
Staff Notes: Request additional information on date applicant obtained FSI: if +5 years, recommend approval
Committee Recommendation:
- [P-9](#) Delong, William - RBI Trainee
Certification ID: 8852
Current certifications: none
Staff notes: Experience is in property and zoning inspection, recommend approval.
Committee recommendations:
- [P-10](#) Dimit, Jason - FPI, FPPE
Cert ID: 8865
Current Certifications: None, FSI since 2021.
Staff Notes: Recommend request for additional information regarding experience or qualification for certification.
Committee Recommendation:
- [P-11](#) Henderson, Steven - FPI, FPPE
Cert ID: 8866
Current Certifications: None, did not include information on FSI certification
Staff Notes: Request additional information on FSI: if +5 years, recommend approval.
Committee Recommendation:

- [P-12](#) Hughes, Brandon BO
Certification ID: 4717
Current certifications: RBI, BI, MI
Staff notes: Review experience, recommend approval
Committee recommendation:
- [P-13](#) Jones, Andrew - ESI, FPI
Cert ID:
Current Certifications: None
Staff Notes: Appears to meet requirements for ESI, recommend approval. Review experience for FPI
ESIAC Recommendation: Recommend approval.
Committee Recommendation:
- [P-14](#) Joyce, Brian - RBI Trainee
Certification ID: 8807
Current Certifications- none
Staff Notes: Previously before committee in May for RBI, committee requested additional information on experience. Has submitted Trainee application instead. Recommend approval.
Committee Recommendations:
- [P-15](#) Lewis, Justin - BO, ESI, RBO
Certification ID: 8854
Current certifications: none
Staff notes: Electrical Contractor: Recommend approval for ESI, RBO: request additional information on experience for BO
ESIAC Recommendation: Recommend approval.
Committee recommendation:
- [P-16](#) McClurg, Sierra - PI
Cert ID: 8858
Current Certifications: None
Staff Notes: Review experience, does not appear to reflect required 7 years installation. Has passed exams and achieved journeyman status. Recommend request for additional information, or PI Trainee.
Committee Recommendation:
- [P-17](#) Mines, Parrish - RBO, RPE
Cert ID: 5993
Current Certifications: RBI, RMI
Staff notes: Recommend approval for RBO: not eligible for RPE, since prior RPE interim expired 12/31/21 - 1 year waiting period to reapply
Committee Recommendation:

[P-18](#)

Mueller, Scott - BI, ESI

Cert ID: 8870

Current Certifications: None

Staff Notes: Received after ESIAC meeting. Review experience for BI, unclear whether 5 years commercial construction represented. Recommend request for additional information on electrical installation experience and response to Section 6 indication how applicant meets qualifications for ESI.

Committee Recommendation:

[P-19](#)

Palmer, Kimberly - RBI Trainee Alternative Trainee Plan

Cert ID: 8762

Current Certifications: None

Staff Notes: RBI Trainee granted Feb 2022, has submitted alternative trainee plan for committee review and approval. Recommend approval.

Committee Recommendation:

[P-20](#)

Smith Sr., Eddie - BI additional information

Certification ID: 8820

Current Certifications: FPI, FPPE

Staff Notes: Additional statement on structural experience for BI submitted for review.

Committee Recommendations:

[P-21](#)

Welsh, Stephen - BI, RBI

Cert ID: 1613

Current Certifications: FPI since 2008

Staff Notes: Review experience for BI: consider equivalence (E)(1)(a)(iv). Recommend approval for RBI

Committee Recommendation:

[P-22](#)

Young, Trenden - ESI

Cert ID:

Current Certifications: None

Staff Notes: Received after ESIAC meeting: recommend request for additional information on electrical experience.

Committee Recommendation:

[P-23](#)

Felty, Mark - ESI

Certification ID:

Current certifications- none

Staff Notes: Recommend approval upon receipt of application and fees

ESIAC Recommendation: Recommend approval

Committee Recommendation:

Building Department Certification Applications

Old Business

[OB-1](#) Investigation Summary Report

OB-2 Permit Tech Certification Discussion
OBOA Permit Tech Working Group attending to discuss revisions to Permit Tech certification requirements, next steps.
Committee Recommendation:

New Business

NB-1 Plumbing Inspector Trainee within health department/district
Under the prior certification of plumbing inspectors under DIC, trainee certification did not exist, and was therefore not available as a pathway for health department and health district personnel. Since the certifications have been consolidated under the BBS certification program, are health departments and districts now able to sponsor and supervise plumbing inspector trainees?
Committee Recommendation:

[NB-2](#) Complaint Summary Report

Adjourn

**CERTIFICATION COMMITTEE MEETING
CONSENT AGENDA**

Certification Applications

- [C-1](#) Ashley, Alan - BPE
Certification ID: 5783
Current certifications: BI, RBO

- [C-2](#) Bibighaus, Richard - FPI, FPPE
Cert ID: 8862
Current Certifications: None, has been FSI since 2016

- [C-3](#) Cushman, Jeanne - RBI
Cert ID: 1961
Current Certifications: None

- [C-4](#) Froelich, Michael - FPI
Certification ID: 8849
Current certifications: none: FSI since 1995

- [C-5](#) Hall Jr., Everett - FPI, FPPE
Cert ID: 8860
Current Certifications: None, FSI since 2014

- [C-6](#) Harden, Alfred - FPI
Certification ID: 4697
Current certifications: none, FSI since 1996

- [C-7](#) Hare, Aaron - RBI
Certification ID: 8855
Current certifications: none

- [C-8](#) Jimenez, Gerardo - NRIUI, RIUI
Cert ID: 8841
Current Certifications: None

- [C-9](#) Lawwell, Michael - BPE
Certification ID: 5759
Current certifications: BI, RBO, RBI

- [C-10](#) Lenahan, Joe - RBO RPE
Certification ID: 5686
Current certifications: RBI, ESI T

- [C-11](#) Mattos, Joshua - RIUI
Certification ID: 8846
Current certifications: None
- [C-12](#) Nussbaum, Mark - RBO
Certification ID: 2101
Current certifications- RBI, ESI Trainee
- [C-13](#) Paige, Derek - FPI, FPPE
Cert ID: 8864
Current Certifications: None, FSI since 2015
- [C-14](#) Rakoczy Jr., Joseph - BO
Cert ID: 8521
.Current Certifications: MPE, Registered Architect since 2017
- [C-15](#) Roncone, Edoardo - ESI, EPE, RBO, RBI
Certification ID: 8859
Current certifications: None
- [C-16](#) Velazquez Jr., Milton - PI
Cert ID: 8869
Current Certifications: None, Ohio licensed Plumbing Contractor
- [C-17](#) Wilmot, Timothy - BO, BI, ESI, RBO, RBI
Cert ID: 8853
Current Certifications: None
- [C-18](#) Winkhart, Scott - FPI, FPPE
Cert ID: 8861
Current Certifications: None, FSI since 2014
- [C-19](#) Zippay, Daniel - BI, ESI
Cert ID: 8848
Current Certifications: None
- [C-20](#) Bost, Clarissa - RBI
Cert ID:
Current Certifications: None
- [C-21](#) Craig, John - BI, RBI
Cert ID:
Current Certifications: None
- [C-22](#) Ditto, Douglas - BO
Cert ID: 6008
Current Certifications: BI, RBO, Registered PE since May 2013

[C-23](#)

Miller, Lorren - PI, PPE

Cert ID:

Current Certifications:

Consent-Certificates Issued Administratively

[A-1](#)

Mercer, Nathaniel - BI, RBO

Certification ID: 8795

Current certifications: None

Staff notes: Review experience, recommend request for additional information or BI trainee

Committee recommendation:

File Attachments for Item:

P-1 Abernethy, Iain - BI

Certification ID# 8834

Current Certification- none

Staff notes: Commercial Structural Glazier 10 years, 15 years draftsman. Additional information submitted for committee review: plans to attend committee hearing.

Committee recommendation:

---	--	-----------------------------------

COMMERCIAL GLAZIER AND FABRICATOR

2000-2005

RICHARDSON GLASS SERVICE

THIS IS AN EFFORT TO CLARIFY MY ORIGINAL APPLICATION

BEING THAT IS WAS 22 YEARS AGO, IT'S VERY DIFFICULT FOR ME TO REMEMBER THE DATES AND LENGTH OF TIME THAT I WORKED ON ANY GIVEN PROJECT.

LISTED BELOW ARE THE NOTABLE JOBS THAT I WAS A PART OF. I DID MY BEST TO ESTIMATE WHEN THE PROJECTS TOOK PLACE AND HOW LONG I SPENT ON EACH PROJECT.

POLARIS MALL

"III" CONSTRUCTION TYPE.
"B/M/A-1/A-2" USE GROUP

A SUBSTANTIAL AMOUNT OF ON SITE GENERAL LABOR.

OUR TEAM WOULD RECEIVE INITIAL DRAWINGS FROM THE FOREMAN AND/OR ENGINEER.

OUR TEAM WOULD COORDINATE A SITE VISIT WITH THE CONSTRUCTION SUPERVISOR.

UPON ARRIVING ON SITE OUR TEAM WOULD MEASURE TO OBTAIN ROUGH OPENING SIZES. EACH OPENING WOULD BE GIVEN DESTINATION NUMBER FOR COORDINATION DURING FUTURE INSTALLATION.

THESE MEASUREMENTS AND COORDINATION NUMBERS WOULD BE GIVEN TO THE ENGINEERS WHO WOULD THEN DRAW THE DRAWINGS. OUR TEAM WOULD USE DURING FABRICATION AND INSTALLATION.

MATERIALS WOULD THEN BE PULLED AND FABRICATED INTO WINDOW AND DOOR FRAMES.

FRAMES WOULD BE DELIVERED TO THE JOBSITE WHERE OUR TEAM WOULD COORDINATE THE CORRECT FRAME TO THE CORRECT OPENING

GLASS WOULD ALSO BE DELIVERED ABOUT THIS TIME. OUR TEAM WOULD COORDINATE WITH THE JOB SUPERVISOR AND OTHER TRADES ON WHERE GLASS AND FRAMES WERE TO BE STORED AS WE DID THE INSTALL.

OUR TEAM WOULD THEN INSTALL FRAMES AND GLAZING. COORDINATING ALL WORK WITH THE GENERAL CONTRACTOR AND OTHER TRADES

WORK INCLUDED BOTH EXTERIOR AND INTERIOR GLAZING.

RICHARDSON GLASS SERVICE

1165 MT. VERNON ROAD,
NEWARK, OHIO 43055

740-366-5090

MARK McPEAK

ESTIMATED TO
HAVEN TAKEN PLACE
IN 2000.

I WOULD ESTIMATE I
WAS ON SITE FOR
10-12 MONTHS.

Total Experience on This Page (In Months):

10-12 MONTHS

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

Brad Arnett

To whom it may concern,

I have known Brad Arnett for many years even before he was employed here at the Miami County Department of Development. Brad has been a contractor for many years and has worked within all aspects of the building trades except maybe plumbing.

For years before Brad was employed here I have personally inspected work Brad has installed such as footers, slabs, metal and wood framing, electrical, and mechanical ducting and systems. I believe Brad has also installed insulation on some of the projects.

Brad has also assisted in bar joist installation on some projects as well as assisting with concrete block installation. Brad is doing a fine job for us and one of the reasons we hire him was the fact that we knew first hand he has worked in all aspects of the trades and that his experience as a dual certified inspector would be of great value to the county.

Committee Recommendation:

Alton Bailey

Dear Mr. Bailey,

At its meeting on May 12, 2022, the Certification Committee of the Board of Building Standards reviewed your application for certification as a Residential Building and Mechanical Inspector. The committee requested that you provide additional information of your work experience.

Pursuant to section 4101:7-3-01 (E)(7)(b) of the Administrative Code, an applicant for a residential building inspector certification shall meet one of the following requirements:

- (i) At least three years' experience as a contractor or supervisor for residential or non-residential buildings or structures regulated by the rules of the board;
- (ii) At least three years' experience as a skilled tradesman for work subject to inspections under a code adopted for buildings or structures regulated by "Residential Code of Ohio" or the "Ohio Building Code";
- (iii) In evaluation, the experience requirements above, the board may accept applicable experience as specified in paragraph (E)(1) of this rule; or
- (iv) Successful completion of a trainee program pursuant to Section 103.3.12.

Specifically, you will need to detail out 3 years (36 months) of experience, describing your experience that meets one of the above categories. You will need to explain what your role was, for what company and how many months you spent on each job: Jan 2015-May 2015=5 months, etc. Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas or licenses.

The committee will review any additional information that you submit at its next meeting scheduled for June 23, 2022. Please return your additional information no later than June 10, 2022. If you have any questions, please feel free to contact this office at 614-644-2613.

Sincerely,

BOARD OF BUILDING STANDARDS

May 2018
GPA 3.46/4.00

Shanghai Jiao Tong University, Shanghai, China

Study Abroad, Global Engineering Programs, Concentration: Mechanical Engineering

Jan 2017 – May 2017

Experience:

PFS TECO, Cottage Grove, WI, USA, Staff Engineer/Modular Plan Reviewer

Jul 2020 – Present

- Provide structural engineering and design review of Modular and Prefabricated buildings in the U.S.
- Review plans for compliance with all codes and standards for the Manufactured Structures Division.
- Consult with engineers, architects, and industry representatives.
- Interpret building codes such as International Building Codes, National Electrical Code, and ISO Building Standards, along with engineering codes such as ASCE, ASTM and AISI to ensure building code compliance.

Pyramid1 Inc., New Paris, IN, USA, Engineering Consultant

Jan 2019 – Jul 2020

- Provided complete structural analyses for Modular, Manufactured and Agricultural Buildings.
- Utilized design programs such as AutoCAD, Revit, Mathcad, and RISA-3D to provide approval drawings and structural investigations for customers.

Mercedes-Benz, Pune, India, Industrial Trainee, Production

Jun 2017 – Jul 2017

- Analyzed and upgraded Personal Protective Equipment in car body shop to reduce injury and save ~3 minutes per car.
- Trained workers to use Total Productive Maintenance & Kaizen techniques to optimize tool life and time spent per station.

ZF TRW Commercial Steering, Lafayette, IN, USA, 3 rotation Engineering Co-Op

Product Engineer, R&D Advanced Products (Controls)

Aug 2016 – Oct 2016

- Implemented Autonomous Driving Lane Keeping Algorithm (LKA) in C++ on test vehicle's (Freightliner) CAN bus.
- Checked LKA code for potential failure points per SAE J1939 and SAE J3016 (autonomous driving) standards.

Product Engineer, R&D New Products

Jan 2016 – May 2016

- Collaborated with multi-disciplinary engineers to create Design FMEA for new torque overlay steering product (ReAX) to identify, quantify and mitigate design risk to minimize failure risk & impact.
- Developed Design Change Action Plan to reduce overall RPN (Risk Priority Number) of product by 11%.

Product Engineer, R&D Current Products

May 2015 – Aug 2015

- Modelled, machined, assembled, and sent commercial steering pump system samples for Daimler Trucks in Germany and Scania in Sweden.

Engineering Coursework:

- Engineering Mechanics (Statics, Dynamics, Kinematics)
- Mechanics of Materials (Material properties, application of materials, and testing of materials)
- Engineering Materials (Structure and Properties of Materials)
- Thermodynamics (Laws of thermodynamics, States, Internal energy, and enthalpy)
- Fluid Mechanics (Flows, Control Volume Formulation, Fluid properties)
- Machine Design I and II (Shape synthesis, Machine fatigue/failure, Machine materials)
- Engineering Control Systems I, II and III (Feedback controllers, State-Space Modelling, PID Design)
- Heat Transfer (Conduction, Convection, Radiation, Heat Exchangers, Black Bodies)
- Engineering Computer Graphics (CAD, SolidWorks, AutoCAD, and hand drafting)
- Engineering Physics I and II (Newtonian Mechanics, Electrostatics, Electromagnetism, Optics)
- Engineering Chemistry (Stoichiometry, Atomic bonding, Crystal Structures, Thermochemistry)
- Engineering Calculus (Multivariate Calculus, Differential Equations, Linear Algebra)
- Computer Programming (C++)

INTERNATIONAL CODE COUNCIL

RAHUL BAJAJ

The International Code Council attests that the individual named on this certificate has satisfactorily demonstrated knowledge as required by the International Code Council by successfully completing the prescribed written examination based on codes and standards then in effect, and is hereby issued this certification as:

Commercial Building Inspector

Given this day November 13, 2020

A handwritten signature in black ink, appearing to read "Greg Wheeler".

Greg Wheeler, CBO
President, Board of Directors

Certificate No. 9724139

A handwritten signature in black ink, appearing to read "Dominic Sims".

Dominic Sims, CBO
Chief Executive Officer

This certificate is the property of ICC and must be returned to ICC in the event of suspension or revocation of the certificate.

INTERNATIONAL CODE COUNCIL RAHUL BAJAJ

The International Code Council attests that the individual named on this certificate has satisfactorily demonstrated knowledge as required by the International Code Council by successfully completing the prescribed written examination based on codes and standards then in effect, and is hereby issued this certification as:

Commercial Mechanical Inspector

Given this day September 28, 2020

A handwritten signature in black ink, appearing to read "Greg Wheeler".

Greg Wheeler, CBO
President, Board of Directors

Certificate No. 9724139

A handwritten signature in black ink, appearing to read "Dominic Sims".

Dominic Sims, CBO
Chief Executive Officer

<p>As a certified code enforcement officer, my primary duty is to ensure that properties and buildings within City's jurisdiction are being properly maintained per their initial code compliance approval conditions. My duty requires me to constantly review building code provisions for the proper determination of code violations. During my 2.5+ years of service, 880+ violations have been issued based on the provisions of International Property Maintenance Code, Residential Code of Ohio, and Ohio Building Code. The following code violation cases are some examples:</p> <p>1. 7481 BROADWYN DR. Major building foundation alteration by home owner to enlarge the basement without plan approval. Section 105.1 RCO.</p> <p>2. 1504 GRAM RD. Severe deterioration in building structural components due to lack of maintenance. Building was declared unsuitable for occupancy by the building official. Section 301.1 RCO.</p> <p>3. 196 KINGSMEDOW Severe soil erosion at the rear yard due to lack of maintenance caused damages to the footing and foundation of building and wood deck. Building was declared unsafe for occupancy by the building official. Section 403.1.7 RCO.</p> <p>4. 6558 – 6576 SANTA CRUZ PL Foundation wall collapsed in one residential unit due to water damage from lack of maintenance. Section 404.1 RCO.</p>	<p>City of Reynoldsburg Building Department 7232 East Main Street Reynoldsburg, Ohio 43068 (614) 322-6802</p>	<p>01/2020 to present</p>

March 28th, 2022

To the Ohio Board of Building Standards,

I have had the pleasure of knowing Brian Joyce for the past 15 years. He is a responsible, professional, and hard working person. He has been a property maintenance inspector for the City of Parma for the past year. Working with him I can tell he would be a great Residential Building Inspector. He has the patience to explain what is wrong and the path to compliance. He has the motivation to learn and better himself. We have worked on various projects and issues together for the City of Parma. Brian taking care of the Property Maintenance side and myself on the building side. I can tell he has the knowledge to be a residential building inspector. He would be a valuable addition to the Certified State of Ohio Building Inspectors. Thank you for the consideration,

Sincerely,

Tylon A Hilt

Electrical Safety Inspector

Residential Building Inspector

Building Department Personnel Application

Ohio Building Department Personnel applicants shall possess the required experience pursuant to rule 4101:1-1-01 of the Administrative Code and shall pass an examination administered either by a model code agency or by the Board of Building Standards (BBS). Refer to attached examination requirements matrix.

Upon receipt of a completed application and fee no later than 30 days prior to the next scheduled Board meeting, applications will be forwarded to the Personnel Committee for review at its next scheduled meeting. The Committee will evaluate the qualifications of each applicant and make recommendations to the Board. Upon approval of qualifications pursuant to rule 4101:1-1-01 of the Administrative Code and pursuant to section 103.3.6 (1) & (2), an applicant is granted a two-year interim certification from the date of approval to allow the applicant to complete the Ohio Building Code Academy and the examination requirements. Pursuant to section 103.3.6 (1) & (2) of rule 4101:1-1-01 of the Administrative Code, an applicant must complete the "Ohio Building Code Academy" requirements during the first year of the two-year interim certification granted by the Board. If, during the evaluation phase of the "Ohio Building Code Academy", it is determined that the applicant must complete additional coursework, the additional coursework must be completed during the two-year interim certification period. If the additional coursework is not completed during the two-year interim certification period and the applicant provides evidence of complying with the examination requirements of Section 103.3.6 (2), the Board may grant a one-time, one year extension to allow completion of the additional coursework.

During the interim certification period, the applicant is permitted to perform the job function for which application is made. When the interim certification expires, the applicant is no longer permitted to perform the job function for which application is made or, if qualifying, may enter a trainee program.

Building Official: Applicants should contact: ICC at: International Code Council, National Certification Services, 900 Montclair Road, Birmingham, AL 35213, (887) 783-3926, www.iccsafe.org

Master Plans Examiner, Electrical Plans Examiner, Plumbing Plans Examiner, Building Inspector, Mechanical Inspector, Fire Protection Inspector, Plumbing Inspector, and Electrical Safety Inspector: Applicants should contact either ICC at: International Code Council, National Certification Services, 900 Montclair Road, Birmingham, AL 35213, (888) 422-7233, www.iccsafe.org; or NCPCCI at: Thompson Prometric, 1360 Energy Park Drive, St. Paul, MN 55108, (800) 864-5309, www.experioronline.com.

Electrical Safety Inspector: Applications will be screened by the Electrical Safety Inspector Advisory Committee prior to being referred to the Board of Building Standards for acceptance or rejection. Applicants for Electrical Safety Inspector must pass the required examinations prior to performing electrical safety inspections.

Medical Gas Inspector: Applicants must attach proof of certification by an ASSE recognized third-party certifier in accordance with ASSE standard 6020 pursuant to OBC Section 103.3.5.11.

Please complete the enclosed application, resume form, and Notary Affidavit for the above application and return the original and five copies to the BBS. A NON-REFUNDABLE FEE OF THIRTY DOLLARS (\$30.00) PER CERTIFICATION MUST ACCOMPANY the application. The nonrefundable remittance shall be made payable to: *Treasurer, State of Ohio/BBS.*

If you have any questions, please feel free to contact this office at 614/644-2613.

Very truly yours,

Committee Recommendation:

BOARD OF BUILDING STANDARDS

APPLICATION FOR INTERIM CERTIFICATION OF RESIDENTIAL BUILDING DEPARTMENT PERSONNEL

This application is submitted to the Board of Building Standards as specified in the provisions of Section 3781.10 of the Ohio Revised Code and 4101:7-3-01 of the Ohio Administrative Code.

Applicant Information

Name:	Parrish Mines		BBS Certification ID:	5993
Home Address:	15502 Woodbrook Ave			
City:	Maple Hts.	County, State:	Cuyahoga OH.	ZIP: 44137
E-Mail:	ParrishMines@yahoo.com		Phone:	216.927.6089
Department/Firm:	SAFE BUILT			

To apply for interim certification:

- Complete this application and sign in front of a notary
- Include non-refundable application fee of **\$50.00 per certification** payable to **Treasurer, State of Ohio/BBS (Check or Money Order ONLY)**
- Include examination results, if taken (optional for initial application)
- Submit this complete application with fee at least 10 days before next Board meeting

Approval process:

- Certification Committee considers each individual application and make recommendations to the Board of Building Standards
- You will receive notice of the Board's action within 7-10 business days of the meeting by US mail

If interim certification is granted:

- You are qualified and allowed to perform the duties of the certification while employed or under contract with a certified building department. The interim period is two years.
- You must complete your exams within two years.
See attached Matrix of Experience and Examinations
- You must complete the Ohio Building Code Academy (OBCA) within two years.

If you fail to complete the OBCA and/or required examinations by the expiration of the interim certification, you will not be able to work as a certified code enforcement professional under this interim certification. No extensions of interim certifications will be granted.

The Ohio Board of Building Standards is a public entity and any information provided to BBS may constitute a public record, available to anyone who requests it. Please do not include any personally identifiable information beyond this page

Alternative Trainee Program Plan Form

Re: Kimberly Palmer, ID #8762
Residential Building Inspector Trainee

Kim has been employed in the Alliance Engineering, Building and Zoning Department for over seven years. She discusses procedures with clientele, offers direction with projects and is versed in the information necessary for plan reviews. She offers guidance in gathering zoning information, how to navigate through the building/alterations process and acts as our primary permit technician. While our building department now handles only residential projects, she worked with our former building official for the first five years assisting with both residential and commercial jobs.

Prior to getting Trainee certification, Kim had already completed over 20 hours of continuing education courses through the FBOA and SWOBOA. Of those hours, 3.5 included the Ethics course and Chapter 1 – Administration course. She will continue to take courses offered through FBOA as well as taking advantage of the Self Study Courses offered through the Board of Building Standards accumulating 30 hours within the first year.

Because she lacks field experience, she has been shadowing me on inspections over the last year. Additionally, I will occasionally ask her to review a set of plans to help her become more knowledgeable of what to look for during inspections. This first year Kim will continue to accompany me with a minimum goal of 25 supervised inspections. The following years she will meet or exceed 25 annual inspections until attending the Code Academy.

Respectfully,

Shane Howard
Zoning Official/Code Enforcement Administrator
Residential Building Official

Eddie Smith Sr

Dear Regina S. Hanshaw, Board of Building Standards

I have been foreman, job supervisor and project manager of dozens of jobs over the last 20+ years. I have erected the forms and poured and finished the concrete for the fire pump pads, and had them inspected. I have poured thru block pads for underground piping. I have been to hundreds of job meetings and coordination meetings for job sites.

I have OSHA 40 and safety training, have done all types of work, industrial, remodel, repair residential, hotels and apartments. I have fabricated steel pipe hangars on the job, installed earthquake bracing on piping and had inspected numerous times.

Thank You,

Eddie Smith Sr

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

OB-1 Investigation Summary Report

Ohio Board of Building Standards

Girard Building Department Investigation

Staff Report

Number: 22-01

Personnel Involved: Doug Kearns, Building Official

Allegation: Conflict of Interest

Date Investigation Ordered: May 13, 2022

Date of Report: June 21, 2022

Board of Building Standards Duties / Report Organization and Purpose

Revised Code § 3781.10(E) directs the Board of Building Standards to certify municipal, township, and county building departments and their personnel to enforce the administrative rules promulgated by the Board. As licensees of the Board, building departments and individuals certified by the Board are subject to review, investigation, and discipline by the Board for failure of proper enforcement of the Board's rules. Persons affected by the actions of Board-certified individuals and departments may file a complaint with the Board. Upon receipt of a complaint, Board Staff conducts an initial inquiry into the allegations and determines if there is enough basis to warrant further investigation. The complaint related to this report provided the basis for the Board to order staff to investigate.

This report provides a synopsis of the complaint, background, investigation findings, observations, applicable code requirements, as well as a conclusion and recommendation. This report provides adequate information to assist the Board in determining what actions, if any it may take regarding evidence related to specific violations of the Boards rules. It does not address the rights or obligations of parties to any previous or pending enforcement action by a building department in the enforcement of the Board's rules. Parties should consult with their legal counsel regarding these matters.

Allegation / Complaint Summary

On March 7, 2022, a complaint [Exhibit 1] was received from Rich Rodomsky, residential owner, indicating that the Girard residential building department has revoked his building permit and he is being prosecuted for work without a permit. He claims that his approval was only valid for 6 months and was revoked even while he was performing work on the building. He claims that the permit expiration conflicts with the Boards rules for approvals. He also indicated that he was unaware that Mr. Kearns was the building official and that his documentation for the permit was signed by the mayor and another individual not certified to do so. Board staff contacted Mr. Kearns who indicated he was not aware of the permitted project. It appeared that the City may be determining who is required to secure approvals and when to involve the building official in the process. Mr. Kearns is under contract by the City. The Girard Law Director Brian Kren sent a letter to the Mayor and Service Director in response to their inquiry on State requirements for code enforcement protocols.

Background

The proposed project in question by Mr. Rodomsky is located at 1557 North State Street involving a repair/alteration to an existing residential structure for siding, soffits, fascia and gutters and basement waterproofing. The project also includes a restoration to a sizable accessory structure (Garage) for replacement of roof coverings and roof framing members. [Exhibit 2] A fence was also part of the scope but was not identified to be a certain height that would determine if the Residential Codes would be triggered for compliance over 6 feet. The owner proposed these projects in response to addressing property maintenance issues. Plan submittals were only in a short list format description of the scope of the work to secure a 'building permit'. Mr. Rodomsky provided that the overall cost of this work was \$6,000.00. [Exhibit 3] Two 'permits' were issued to Mr. Rodomsky for the project. The first was issued on 12/3/2021 and authorized and signed by Nancy Thomas, the building department office administrator.

[Exhibit 4] The second was issued on 6/3/2021 due to expiration of the first permit 6 months previous. The permit was signed by the Mayor, James Melfi and the building department office administrator, Nancy Thomas. [Ex. 5] Apparently, Mr. Rodomsky is litigating the issues with the City.

Investigation Findings & Observations

Board staff interviewed Mr. Doug Kearns, Girard Building Official on June 7, 2022, at the city offices to discuss building code enforcement and protocols at Girard as well as the details of the project and owner identified in the complaint. A separate meeting was held immediately following the meeting with department administrative staff Nancy Thomas, City director of public service Jerry Lambert, zoning inspector Dan Rau, and building official Doug Kearns. Specific issues discussed involved their processes currently. Observations made included the absence of a certificate of plan approval within the record by Mr. Kearns for Mr. Rodomsky's project. Mr. Kearns provided he was not notified for the project and that code compliance was not determined through plan review of required construction documents. It was explained that Mr. Rodomsky should have been required to submit documentation while applying for an approval applicable to the scope of the project. Since this was not done, the project is likely not code compliant. Mr. Kearns also indicated that he was not notified of this permit being issued by the City. Staff observed that Mr. Rodomsky's project was not correctly processed or enforced by the building official. Though the 'permit' had a 6-month limitation, he should have been able to work on an approved project without stopping if he did not stop work for more than 6 months.

Board staff inquired what the process was for plan review. Mr. Kearns provided he is only notified when the department staff deem it is required for his involvement. Communication is low since he is under contract for code compliance services only. Board staff explained to the attendees how and what was involved in the enforcement of the Ohio building codes. Some in attendance expressed concern that the going rates for hourly services were more than they felt were tolerable to the constituents and people would object to higher fees. They were uneasy with the degree of involvement required and the extent of when a plan approval is to be done. Board staff provided that the extent of services required for building code enforcement is needed if the city truly intends to ensure the safety of building occupants by way of the building code enforcement process described in the administration chapter of the building codes.

Board reviewed some project files, including that of Mr. Rodomsky's projects and found a major deficiency in activity required by the building official to enforce and to audit and track projects. Deficiencies included lack of applications, plan review records, certificates of approval and certificates of occupancy, and inspection records. Mr. Kearns added that he issues most of these, but Board staff noted that collaboration with the jurisdiction is needed to establish that the Boards rules for enforcement and are being exercised as required with a proper record being maintained.

Currently the plumbing code enforcement is now regulated by the Trumbull County Department of Health. They do not collaborate with the building official except for when all inspections are completed. Staff informed Mr. Kearns that he has the responsibility to ensure that he is notified of all final inspections completed prior to the Certificate of Occupancy is issued. Currently, the city requires an 'Occupancy permit'. It is unclear if this activity is in conflict or replacing the requirement of the building official's responsibility to issue a certificate of occupancy once all final inspections are completed. This activity is to be exclusively performed by the building official.

The issue about the expiration of approvals verses local permits was discussed. Board staff expressed appreciation for the steps taken by law director Kren to let the elected officials know the deficiencies that he was aware of and the need to amend ordinances to ensure that the ordinances are not in conflict with the Board's rules for building code enforcement. [Exhibit 6]

Code Requirements

Rule 4101:7-2-01 | Building department certification.

(B) Building department certification requirements. To qualify for residential or non-residential building department certification, a municipal, township, or county shall comply with the following:

(1) Conformity with law. The residential or non-residential building department shall submit an application and shall have been created in conformity with the law, shall have adopted ordinances or resolutions, and shall have entered into any agreements or contracts necessary to comply with the rules of the board and paragraph (C) of this rule;

(5) Contract employees. A municipal corporation, township, or county may contract with a certified residential or non-residential building department, health district, or with persons, firms, or corporations under contract to furnish services, and meeting the requirements of rule [4101:7-3-01](#) of the Administrative Code, to exercise the respective residential or non-residential building code enforcement authority, administer the boards rules, approve plans and specifications and perform inspections on behalf of such municipal corporation, township, or county, providing such authority is exercised pursuant to such contract and upon application to and approval by the board of building standards. All contract employees shall be clearly identified and disclosed on the yearly operational report and copies of the respective contracts shall also be submitted.

(8) Building department certificate to be posted. The certificate issued by the board of building standards to a municipal, township, or county building department shall be posted in a conspicuous place within the jurisdiction.

(13) A procedure for plan approval and for performing inspections, a copy of the plan review application, and a copy of the department's approval stamp.

(G) Building department certification, revocation, or suspension. In accordance with division (E) of section [3781.10](#) of the Revised Code, a department certification may be revoked or suspended and, for a non-residential department with respect to any and all of the group classifications for which it is certified, upon receipt by the board of building standards of a written complaint from any person affected by the exercise of the authority granted under such certification, or by the board on its own motion.

Ohio Building Code / Residential Code of Ohio
4101:1-1-01 Administration.

102.10 Work exempt from approval. Approval shall not be required for the following work; however, this work shall comply with all applicable provisions of the rules of the board:

104.2.1 Building official. The building official is responsible for the enforcement of the rules of the board and of Chapters 3781. and 3791. of the Revised Code relating to the construction, arrangement, and the erection of buildings or parts thereof. ... The building official shall render interpretations of this code and to

adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies, and procedures shall be in compliance with the intent and purpose of this code. Building officials shall be responsible to assure that a system is in place to track and audit all projects, to assure that all building department personnel perform their duties in accordance with this section, and for the overall administration of a building department as follows:

104.2.1.1 Applications and plan approvals. The building official shall receive applications, require or cause the submitted construction documents to be examined, ascertain by such examinations whether the construction indicated and described is in accordance with the 4101:1-1-01 13 requirements of this code, and shall issue plan approvals for the construction, erection, alteration, demolition, and moving of buildings and structures. The building official shall require a master plans examiner or elective plans examiners to examine the construction documents to verify the construction indicated is in accordance with the requirements of this code and shall assure coordination of plan review.

105.1 Approvals required. Any owner or owner's representative who intends to construct, enlarge, alter, repair, move, or change the occupancy of a building or structure, or portion thereof, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, plumbing system, other building service equipment, or piping system the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required approval.

105.3 Expiration. The approval of plans or drawings and specifications or data by the building official is invalid if construction, erection, alteration, or other work upon the building has not commenced within twelve months of the approval of the plans or drawings and specifications. One extension shall be granted for an additional twelve-month period if requested by the owner at least ten days in advance of the expiration of the approval and upon payment of a fee not to exceed one hundred dollars. 105.4 Extension. If, in the course of construction, work is delayed or suspended for more than six months, the approval of plans or drawings and specifications or data is invalid. Two extensions shall be granted for six months each if requested by the owner at least ten days in advance of the expiration of the approval and upon payment of a fee for each extension of not more than one hundred dollars.

105.5 Certificate of plan approval. After plans have been approved in accordance with section 107, the building official shall furnish the owner/applicant a certificate of plan approval.

105.5.2 Duplicate issued upon request. Upon application by the owner, the building official shall issue a duplicate certificate of plan approval to replace a lost or destroyed original.

106.1 Submittal documents. Construction documents, statement of special inspections required and other data shall be submitted in two or more sets with each application for an approval. Before beginning the construction of any building for which construction documents are required under section 105, the owner or the owner's representative shall submit construction documents to the building official for approval. When construction documents have been found to be in compliance with the rules of the board of building standards in accordance with section 107 by a certified building department, that determination of compliance shall be deemed sufficient to obtain approval for construction pursuant to section 105.2 and the building official shall issue the certificate of plan

approval. Construction documents for the installation of industrialized units shall be submitted to the building official for approval in accordance with the provisions of section 106.1.2(1).

106.1.1 Information on construction documents. Construction documents shall be dimensioned and drawn upon suitable material. Electronic media documents are permitted to be submitted when approved by the building official. Construction documents shall be coordinated and of sufficient clarity 4101:1-1-01 23 to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this code. Construction documents, adequate for the scope of the project, shall include information necessary to determine compliance with the building, mechanical, plumbing, fire, electrical, energy, and fuel gas codes...(Refer to all minimum requirements found in subsections of this rule.)

107.1 Plan review required. Where the rules of the board are applicable under section 101.2, before a building or addition to a building is constructed or erected, and before a building is altered or relocated, or building equipment is installed, or there is a change of occupancy, or a resubmission of construction documents is required or received, construction documents relating to the work and equipment under consideration shall be prepared in conformity with section 106 and be submitted to the building department for examination and approval.

107.5.1 Building official approval. The building official shall evaluate the plans examiner's recommendations and any communications received from the fire official as described in section 106.1.2. When the construction documents have been determined to conform to the applicable provisions of the rules of the board, the building official shall endorse or stamp such plans as approved and issue the certificate of plan approval in accordance with section 105.5. 107.5.2 Posting. The certificate of plan approval shall be posted in a conspicuous location on the site. The owner and the contractor shall preserve and keep the certificate posted until the final inspections have been completed.

108.8 Acceptance, performance, and operational testing. Acceptance, performance, and operational testing shall be conducted as required in the applicable code or referenced standard. Advanced notice of the test schedule shall be given to the building official. The building official may require that the tests be conducted in the presence of the building official or certified inspector. Testing and inspection records shall be made available to the building official or inspector, upon request, at all times during the fabrication of the systems and the erection of the building.

Conclusion

Board staff, after having reviewed the information, determined that the City of Girard needs to address the issuance of Certificates of Plan approval as well as implement all other Chapter 1 Administration requirements that are known deficiencies in their current operations. Mr. Kearns as a contract entity does many of the activities, but it appears to be an independent, and perhaps isolated process from the City office itself. Board staff recommended that office staff contact Mr. Kearns for all determinations of project scoping to determine if a project is required to be submitted for code compliance or if it is exempt from an approval. The 'local building permit' is a City process that may be done so long as it is not conflict with the requirements of the building codes, and can continue to be done by the jurisdiction as a separate enforcement action if it is an instrument to allow a constructor to start work after having secured all types of required approvals needed in order to commence construction, such as zoning, engineering, fire review,

etc. These other approvals generally are associated with the regulation of the site which the building will be situated, and or include contractor registration etc. as conditions to begin work. Whomever is designated locally can authorize this 'permit', may do so. However, it cannot be confused with, or take the place of, the certificate of plan approval which communicates building code compliance that is required to be issued by Mr. Kearns, building official.

Recommendations

Board staff recommends closure of the investigation with no further action for disciplinary action.

Additionally, staff recommends another visit to follow-up with the elected officials and building department staff to encourage further integration between the Contract building official, plumbing inspection and electrical safety inspection enforcement activity. The visit will be a designed workshop that addresses the deficiencies, and to work with them to implement forms, protocols, and processes to foster collaboration. The department, if it implements all required facets of building code compliance activities will enable them to better maintain its certification with the Board.

A draft of this report was provided to Mr. Kearns on June 22, 2022 for review and comment.

NB-2 Complaint Summary Report

Complaint and Investigation Consideration Status Report

To: Members of the Ohio Board of Building Standards (OBBS) for the June 24, 2022 Board Conference Meeting as reported by Board staff. The following list of new complaints received were considered by the OBBS certification committee for action.

New Complaints:

A. Warren County (Maineville) Building Department

On June 15, 2022, a complaint was received from Laurel Cummings, of Maineville, Ohio indicating that a recently installed residential HVAC unit may be malfunctioning and is creating unhealthy fumes in her home. She provided Warren County Building Department inspector Gary Hubbs and the local fire chief have already inspected the house and found no serious hazards exist. She indicated that the installing contractor and manufacturer has not been responsive to requests. She has also had independent testing that revealed no significant hazard. Staff recommended that she contact the manufacturer to have their representative to look at the system for manufacturer defect. The building department has done their duty and responsibility to determine compliance and verification of any serious hazards. Board staff find no violations to the Boards rules.

Recommendation: Dismiss complaint.

B. Andres Arocho, Plumbing Inspector (Interim) #8773, [David Velez, PI, ESI, RPI; Timotao Fadenholz, PI, MI]

On May 4, 2022, a complaint was received regarding the recent approval of the application of Andres Arocho, PI-interim on 2/25/2022 questioning the legitimacy of the experience indicated in his application and the concern that Mr. Arocho is not qualified to inspect plumbing systems. The complainant provided that an unnamed city employee was the source of the information providing that that the experience listed by Mr. Arocho having worked for Fadenholz Plumbing for many years was falsified to ensure that he could be promoted to a plumbing inspector position within the City of Lorain Building Department. Board staff has contacted Mr. Arocho on May 10, 17, 18, and 24, and June 1, 2022, and requested that Mr. Arocho provide additional documentation to verify work experience since the complaint was filed. Staff provided a June 10, 2022, deadline for Mr. Arocho to provide tax, employment, or other experience verification records to the Board. As of this date, nothing has been submitted for review. Board staff have unsuccessfully attempted to contact Mr. Fadenholz to verify Mr. Arocho's work experience. Staff are also requesting investigation of those who provided Mr. Arocho assistance, mainly Mr. Velez who was alleged to have assisted him in preparing the application, and Mr. Fadenholz who apparently works for Luxury Heating Co. Inc., and who has and continues to employ Mr. Arocho, according to the current application. The City of Lorain Law Division has provided city records of Mr. Arocho's HR file on May 19, 2022 and are looking into this matter also.

Recommendation: Authorize an investigation.

C. Orange Village Building Department, Robert McLaughlin, BO

On June 9, 2022, a complaint was received from Ricardo J. Cardenas, attorney for Mr. Gary Zillan against the Village of Orange Building and Robert McLaughlin, BO for 'overzealous'

building code enforcement and for litigation related to Mr. Zillan's residential alterations located at 270 Capitol Hill Circle, Orange, Ohio. A letter was included by Mr. Cardenas with his complaint that was authored by Safebuilt Building Department Services as a representative third-party expert witness on behalf of the owner to determine their findings of the actions of the Orange Village building enforcement. After Board staff's review of department records provided by Mr. McLaughlin, which included an original complaint dated from February 2, 2021, filed to the City by a neighbor of the property in question, the photographs from the department show extensive demolition and alterations to the existing building affecting building services equipment, and fire suppression. The alterations trigger the requirements of the Residential Code of Ohio for approvals. On February 22, 2021, Mr. McLaughlin sent a letter indicating that Mr. Zillan had not complied in applying for approval and submitting documents for plan review. He requested at that time that Mr. Zillan contact the department to discuss the issues of the project and how to comply, which was not done. Since that time, the project has been in litigation with the city. Board staff verified that building code enforcement has been followed but lacked clarity in the communications as to exactly what is required by the building. The result was the absence of an adjudication order being issued to stop work and allow access to appeals at the local appeals board for residential. The communications cite ordinances which invoke the triggering of building code enforcement. To date, the owner still has not submitted an application for approval or sufficient construction documents that describe the scope of the project and how code compliance will be achieved. Board staff discussed these issues with Mr. McLaughlin who indicated that he will address how to better administer building department enforcement communication.

Recommendation: Dismiss complaint.

D. City of Oakwood Building Department, Dan Marinucci, BO

On June 14, 2022, a complaint was received from Brandon Santangelo indicating that he is required to secure 'temporary occupancy permits' to occupy his house while trying to comply with 'Point of Sale' requirements. Board staff reviewed the violations and found that all items were maintenance issues not requiring approvals for building code compliance from the building department, but rather related to property maintenance ordinances. Board staff discussed with Mr. Marinucci the inappropriate use of 'revoking' a CO to enforce maintenance when the building is safe to occupy even if the owner/tenant changes. Staff recommended that all local ordinance regulatory agencies issue their own orders not in conflict with the building codes under their own authority and enforce their own ordinances instead of usurping the use of CO through revocation or reissuance of a CO to comply with ordinances.

Recommendation: Dismiss complaint.

E. Summit County Building Department, Chris Randles, BO

On June 3, 2022, a complaint was received from Joel Helms of Canton Ohio alleging that an electrical inspection conducted by Summit County for re-energizing an existing 24 unit apartment building would cause non-compliance to the NEC. Mr. Helms disagreed with the interpretation of the inspection results. The inspector inspected the meter, main service disconnect and electrical panel where he discovered an objectionable current present between the main service disconnect and the electrical panel. The objectionable current

would be a serious hazard because if energized, current would flow from the conductors to the metal parts of the panel and water lines. The current flow would be the same across the grounding electrodes and the neutral. It was unknown if or when an existing condition or an alteration was made prior to the Re-energizing request. The violation cited was for a sub panel wired in parallel path per NEC 250.6. Ground and neutral wires need to bond together but only allowed in the main panel, never in a subpanel, or elsewhere. This issue was appealed and litigated from the Summit County Board of Building Appeals on January 30, 2020 ruling denial of the requested variance to the Court of Appeals Ninth Judicial district and was dismissed due to appellant no longer having possession of the property due to transfer by sheriff sale. Staff determined that Summit County had no violations to the Boards certification rules of code enforcement.

Recommendation: Dismiss complaint.

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You must demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

Academic Calendar: Semester
 Degrees Awarded: MS, BA, BS

Grading System

Effective August 1999, academic transcripts are computer generated.

Quality	Grade	Point	Credit Awarded
Excellent	A	4	Yes
Good	B	3	Yes
Satisfactory	C	2	Yes
Poor (passing except in major area)	D	1	Yes
Failure	F	0	No
Incomplete	I	0	No
In Progress	IP	0	No
Competency-based courses (reading, english, mathematics, to indicate satisfactory progress but failure to complete all coursework.	X	0	No
Proficiency/Exemption	Y	0	No
Failure due to non-attendance	Z	0	No
Grade not submitted by instructor	N	0	No
Withdrew after course drop deadline	W	0	No
Withdrew passing after course drop deadline	WP	0	No
Withdrew failing after course drop deadline	WF	0	No
Credit	CR	0	Yes
No credit/failure	NC	0	No

Symbols

(used prior to August 1999)

- / Not included in Current Average
- = Equivalent Course
- * Grade Changed by Instructor or by action of Academic Dean
- K Transfer Hours (grades are not transferable – credit awarded for grade ‘C’ or better)
- Developmental courses (courses numbered under 100 are not accepted)
- +, - Grade symbols are not used

SECTION 6: ELECTRICAL SAFETY INSPECTOR (ESI) - SPECIFIC EXPERIENCE QUALIFICATIONS

Applicants for Electrical Safety Inspector Only Must Complete This Item

Section 3783 of the Ohio Revised Code specifies that an applicant for a Certificate of Competency as an Electrical Safety Inspector must meet one of the following to qualify to take required examination. Please check the qualification that applies:

1. Have been a journeyman electrician or equivalent for four years, two of which were as an electrician foreman, and have had two years' experience as a building department electrical inspector trainee;
2. Have been a journeyman electrician or equivalent for four years and have had three years' experience as a building department electrical inspector trainee;
3. Have had for four years' experience as a building department electrical inspector trainee;
4. Have been a journeyman electrician or equivalent for six years;
5. Am a graduate electrical engineer and registered in the State of Ohio. Registration number: _____
6. Applicant authorizes all testing organizations including ICC to provide test results to the BBS.

SECTION 7: EXPERIENCE (DO NOT SUBSTITUTE WITH OTHER RESUMES).

Refer to Experience Requirements Listed in O.A.C. 4101:7-3-01 and O.R.C. 3783

Below, list the specific projects you worked on, and the specific work you performed, your typical duties for each project, and dates of this work. You **must** demonstrate that you have the required number of months (years) of actual, practical experience for the certification requested (see matrix).

Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, or licenses. Remove all personal information.

SECTION 7 CONT.: EXPERIENCE

List Each Construction Project <u>AND</u> Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From _ To _ (MM/YY)
<i>Example:</i> Children's Hospital, Toledo Structural steel work on addition	Homer Steel and Trade 125 Anytown Street My City, OH, 45454 (419)555-1212	July 2013-May 2014 (10 months)

8. **EXPERIENCE (CONT.):** Refer to Experience Requirements Listed in 4101:7-3-01 OAC and 3783 ORC (DO NOT SUBSTITUTE WITH OTHER RESUMES). State the specific duties and type of work performed for each position listed. Give only information which relates directly to the information you provide. Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, licenses, or DD Form 214 received.

List Each Construction Project <u>AND</u> Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From To (MM/DD/YY)
<p>RAM Dublin Contd fire alarm system as a means of shut down. The kitchen included three new exhaust hoods with grease duct that exited the building through a shaft five floors out the roof. It also included a 2,446 lb makeup air unit which hung from the ceiling. We also installed structural steel to create a mezzanine level which housed a cooler and four storage tanks for finished product. We also had to demo the exiting exterior wall for the installation of a nana wall system. Which would allow them to serve customers on the patio. All concrete work inside and out including new slabs and a new patio as a seating area to serve customers. All new ceilings including drop ceilings, dry wall ceilings and even a cloud were constructed throughout. Most of the ceilings were part of an open concept ceiling which required painting with dryfall. All new booths and barn wood siding were installed. Polished concrete floors were added to create the finishes for this project.</p> <p>Role: Superintendent</p>	<p>RAM Dublin Contd Elford Inc 1220 Dublin Rd. Columbus, OH 43215</p> <p>John Libnoch Project Manager (614) 593-0418</p>	<p>RAM Dublin Contd Jan 2017 to Aug 2017 (7 MONTHS)</p>
<p>Leveque Tower</p> <p>For this project I was in charge of a group of men to install over 650 doors at the Leveque Tower Renovation. We used a buck hoist to deliver the doors to the individual floors. The install involved installation of rated and non rated doors. All doors were equipped with lever action handles, closers, panic devies and many othe types of hardware. All rated doors were tied into the fire alarm system and would shut automatically on alarm. These doors required panic devices, closers and mag-hold opens to create fire separations to protect the patrons.</p> <p>Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Chris Martinez Project Manager (614) 348-7579</p>	<p>Nov. 1, 2016 Dec. 30, 2016 (2 months)</p>
TOTAL EXPERIENCE ON THIS PAGE (IN MONTHS):		2 months

NOTE: Only experience **DIRECTLY** related to the types of buildings or structures regulated by the Ohio Building Codes shall be acceptable for credit for any certification, pursuant to rule 4101:7-3-01.

8. EXPERIENCE (CONT.): Refer to Experience Requirements Listed in 4101:7-3-01 OAC and 3783 ORC (DO NOT SUBSTITUTE WITH OTHER RESUMES). State the specific duties and type of work performed for each position listed. Give only information which relates directly to the information you provide. Provide letters from certified inspectors, employers, or contractors verifying your experience. Submit copies of any certificates, diplomas, licenses, or DD Form 214 received.

List Each Construction Project AND Specific Type of Work Performed	Name of Employer, Contact, Address, Telephone Number	Project Time: From To (MM/DD/YY)
<p>OSU East Reno of surgery on the 3rd floor of OSU East. Work included removal of a structural column which we replaced with structural steel to create more space for 20 new patient bays. In creating 20 new bays it required extensive work on medical gas and med air piping. We relocated plumbing for new restrooms, installed new electrical panels and updated all electrical services. We installed all new nurse call systems, fire alarm systems and relocated sprinklers to conform with new layout. We constructed fire and smoke compartments by installing new fire rated assemblies, all while in operation. Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Kevin Scoby Project Manager (614) 439-9839</p>	<p>Oct 1, 2015 to Oct 30, 2016 (13 months)</p>
<p>St. Ann's Hospital Endoscopy Renovation of a vacant space of the 2nd floor at St. Anns to create a new Endoscopy space. This project included the installation of all new walls, including rated walls, to create smoke and fire compartments. We modified the existing HVAC, plumbing medical gas, medical air and plumbing to accommodate the new layout. We had to coordinate the install of the new medical gas piping and new sanitary with the surgery area directly under our project. We also intergrated new horns and strobes to the existing fire alarm panel to bring this area up to current code. All rated walls were checked for proper UL Fire stop applications as well. This project took very careful planning while tying into the existing services so no operations of the hospital were interrupted. Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Margie Ramsey Project Manager (614) 400-3246</p>	<p>June 1, 2015 to Sept. 30, 2015 (4 months)</p>
<p>St. Ann's Fitness Center (ran concurrent with St. Anns Endoscopy) The new fitness center was a basic remodel. New walls, paint, carpet, doors and windows were installed. Fire alarm and fire supression had to be relocated to comply with local codes. HVAC re-worked to fit the new use of the space. Role: Superintendent</p>

<p>Grant ICU/CCU Performed a facelift on Grant Medical Center and added new nurses stations, new paint and new finishes throughout. Replaced all flooring and added radius soffits to give a fresh clean look. Relocated fire suppression and updated fire alarm system all while in operation by constructing temporary barriers.</p> <p>Role: Superintendent</p>	<p>Elford Inc 1220 Dublin Rd. Columbus, OH 43215</p> <p>Kevin Scoby Project Manager (614) 439-9839</p>	<p>Feb. 1, 2015 to May 31, 2015 (4 months)</p>
<p>Limited Dc2 Chiller Constructed a new chiller addition which included adding new footing with reinforcing steel and column pads for new steel structure. We installed new steel to the existing building which created a corridor to maintain access to the Limited Cafe. We installed all new equipments pads for new equipment. Added masonry walls between the two buildings to create a fire barrier between the new Chiller room and existing warehouse. The upper level required us to install new steel stairs and mezzanine to gain access to existing building. We also added an equipment room inside the warehouse by constructing masonry walls and adding steel joist and decking to extend the existing mezzanine by pouring new floor above the new equipment room. Added new structural steel support frames on the existing warehouse for two new chillers to service building two buildings on the Broad Street Campus.</p> <p>Role: Superintendent</p>	<p>Elford Inc 1220 Dublin Rd. Columbus, OH 43215</p> <p>Kevin Scoby Project Manager (614) 439-9839</p>	<p>Feb. 1, 2014 to Jan. 31, 2015 (12 months)</p>
<p>Dawson Resources Renovation of an existing 3 story building in Grandview for a staffing agency. Work included shoring existing building in multiple locations to add lintels for new openings to create flow for new layout. Added a new vestibule at entry to give building a fresh look. Building was in a bi-level configuration which we added new plumbing for restrooms and locker rooms for a new workout facility. The outside of the building recieved all new EIFS to change it's appearance. Reconfigured HVAC and installed all new electrical and fire alarm system.</p> <p>Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Jeff Mason Project Manager (614) 207-1980</p>	<p>June 1, 2013 to Jan. 31, 2014 (8 months)</p>

<p>DSW Photo Studio Took an old warehouse space in the old Boeing Building on Fifth Avenue and turned it into their new photo studio where we performed led abatement to paint the open ceiling concept. We installed structural steel to install new windows for natural lighting and installed new plumbing to accomodate new layout. We also added reinforcing steel at the roof level which was concrete to install an all new HVAC system. Modified sprinkler and fire alarm to fit new layout.</p> <p>Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Don Shaw General Superintendent (614) 325-4567</p>	<p>Oct. 1, 2012 to May 30, 2013 (8 months)</p>
<p>Grant Bone and Joint On this project I was in charge of all general trades to remodel 3 floors of Grant Bone and Joint. My scope of work involved demo of existing walls and floors, framing of all interior partitions and rated assemblies, installment of all doors and hardware including fire doors and accoustical ceilings. We also performed exterior framing to add appeal to the aging building. I was also responsible for the millwork package which included new head wall at patient bays, cabinetry, new door casing and many and many other features which included a waterfall wall. Many of the walls included radius framing and other high dollar finishes. Work in a hospital setting covers a wide variety of fire walls, fire penetrations and fire compartments to protect the public.</p> <p>Role: Superintendent</p>	<p>Elford Inc 1220 Dublin Rd. Columbus, OH 43215</p> <p>Jeff Mason Project Manager (614) 207-1980</p>	<p>Jan. 1, 2012 to Sept. 30, 2012 (9 months)</p>

<p>Goodwill Retail store where we turned two small retail spaces into one large retail space for Goodwill. We installed engineered shoring to support the existing roof and install new columns and a new support beam to remove the masonry wall that seperated the spaces. Added a canopy at the rear of the store as a donation drop area. Footings were added and anchor bolts were placed to erect the new structure. New openings were created to install new garage doors at the rear of the store for larger deliveries. Another opening was added to install new fire rated doors from the warehouse to the sales floor. All new framing, drywall and acoustical ceilings were constructed to create 2 new restrooms, 2 dressing rooms and the sales floor. A new fire alarm system was added to comply with all local building codes. Handicap accesibility was added on the exterior sidewalks to bring this building up to current ADA regulations. Resealed and restripped the parking lot to conform to the new use and painted the exterior to enhance the appeal.</p> <p>Role: Superintendent</p>	<p>Elford Inc. 1220 Dublin Rd. Columbus, OH 43215</p> <p>Don Shaw General Supeintendent (614) 325-4567</p>	<p>Aug. 1, 2011 to Dec. 31, 2011 (5 months)</p>

<p>Pomerain OSU A remodel of the Pomerain Building on the OSU Campus for the Historical Society. This renovation included adding office space, storage and display areas. We preserved the old plaster ceilings by creating molds to replicate the existing design. Protected the existing wood work and manufactured new pieces to match. Updated with all new HVAC, added new electrical panels to bring to current code. Added fire alarm devices to comply with approved drawings. All new finishes and prefabricated wall systems were used to create the new offices.</p> <p>Role: Superintendent</p>	<p>Elford Inc 1220 Dublin Rd. Columbus, OH 43215</p> <p>Don Shaw General Superintendent (614) 325-4567</p>	<p>Dec. 1, 2010 to March 31, 2011 (4 months)</p>
<p>Bricker Hall Board Room OSU Removal of abestos containing materails by a qualified contractor. Leveled the old floors by building a new joist sytem over the existing concrete floors. Furred out all of the exterior walls to accept new finishes. Installed a cloud ceiling with indirect lighting to create a soft and subtle light. All new high end wainscot and woodwork were installed.</p> <p>All of the old radiators were removed and a new air handler was installed to be more efficient. New electrical and A/V equipment were installed to accommodate new technologies.</p> <p>Role: Superintendent</p>	<p>Elford Inc 1220 Dublin Rd Columbus, OH 43215</p> <p>Don Shaw General Superintendent (614) 325-4567</p>	<p>Sept. 1, 2011 to Nov. 30, 2011 (3 months)</p>

Building Plans Examiner

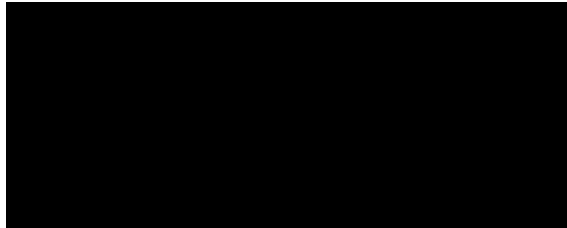

Candidate ID: #####2379

Name: michael Lawwell

Date: 4/25/2022

Address:

EXAMINATION RESULT: **PASS**

Congratulations! You have passed the above-named examination. This certification is current for three years.

You may request a wall certificate from ICC. This certificate will be provided at no cost to you, if you request it within 90 days of your exam. Only one wall certificate per exam passed will be provided to you at no charge. For more information on requesting a wall certificate, go to www.iccsafe.org/inspector.

It is extremely important that you notify Pearson VUE and ICC of any changes in name and/or address. There may be an additional fee if a certification is re-issued due to a misspelled name or incorrect address. Please note that name changes may require additional information.

For exams taken in the U.S: Please contact Pearson VUE at 800-275-8301 and ICC at certexam@iccsafe.org.

For international exams: Please go to www.pearsonvue.com/icc/cert/contact/.

*The authenticity of this score report can be validated by using Pearson VUE's Online Score Report Authentication found at:
www.PearsonVUE.com/authenticate
Digital embossing eliminates the possibility of unauthorized embossing of counterfeit score reports.*

At its meeting on 3/26/2021, the Board of Building Standards approved your interim certification as indicated on the enclosed certification ID card below.

The expiration date(s) for your interim certification(s) is (are) as indicated below on the ID card.

You must complete the conditions of your interim certification during the interim certification period stated on your ID card. The specific examination and Ohio Building Code Academy, if applicable, requirements are summarized in the attached form and can also be found in Ohio Administrative Code Chapter 4101:1-1-01 for commercial certifications and Ohio Administrative Code Chapter 4101:8-1-01 for residential certifications.

Please refer to your personnel I.D. number (shown on the ID card below) on any correspondence and on all certificates of continuing education forwarded to the Board's office related to your certification. If you have any questions, please contact the Board for assistance at 614-644-2613.

Sincerely,
BOARD OF BUILDING STANDARDS

Amy Jones

Amy,

I assume you have received my certification forms. I wanted to clarify my past experiences and qualifications. Just in case I didn't do so on the forms.

- I've been involved in construction since I was 13.
- I attended 2 years of vocational school for carpentry
- I worked 5 years as a lathe operator for
- Square D. company (now Schneider)
- I had my own business for approximately 18 years
 - Started out framing homes, apartments, light commercial buildings. (framed over 300 homes and buildings)
 - Built over 100 custom homes
 - Did layout, concrete prep, framing, decks siding, drywall, insulation , roofing, cabinets, trim, etc.
 - Installed electric on approximately 80 of the homes
 - Underground service
 - Meter base and panel
 - All rewiring and devices.
 - Installed most underground water lines, some septic systems, and plumbing rough and finish on some of the homes, all additions, etc
 -
- I've worked in commercial for approximately 17 years at HGC construction (Cincinnati)
 - 13 years as a superintendent .
 - Ran jobs at the zoo
 - Bengals stadium
 - Several building restorations in Cincinnati
 - A couple restaurants
 - Several store finish outs
 - All the timber framing (recently) for the new Houston Woods state park Nature Center
 - Approx 4 years as apprentice carpentry instructor (full time) for HGC
 - 2 years part time as apprentice instructor for ABC in Piqua, Ohio
 - Have certifications through Bobcat Enterprises and United tool rental to teach equipment training for skid steer, aerial and scissor lift , industrial and rough terrain forklift, and compact excavator.

Re: Daniel Zippay application

To whom it may concern,

The City of Broadview Heights Building Department has intentions of hiring Daniel Zippay as a Building/Electrical inspector pending his interim approvals. He will sit in on all necessary tests within his interim time frame. I will oversee all inspections performed by him until full certifications are achieved. I feel his knowledge in both carpentry and electrical will make him an asset to our department. Please feel free to contact me with any questions.

Best Regards,

Joseph R. Mandato

Certificate of Completion

360training.com™

This Certifies That

Clarissa Bost

is awarded this certificate for

OSHA 10 Hour Outreach Training Program - Construction

Credit Hours: 10.00

Completion Date: 03/24/2014

Marie Athey, Trainer C 0026383 and G 0034871

"As an OSHA authorized trainer, I verify that I have conducted this OSHA outreach training class in accordance with OSHA Outreach Training Program requirements. I will document this class to my authorizing OSHA training organization. Upon successful review of my documentation, I will provide each student their completion card within 90 days of the end of the class."
