To Whom It May Concern:

I am writing this letter in regards to the ESI certification of Nicholas Cobourn, who is currently a building inspector for the City of South Euclid. His application to become an ESI was denied with a recommendation to follow the trainee route. With his experience as well as having passed both ICC electrical exams, I believe having Nicholas follow me through electrical inspections for one year under an alternative trainee program will be sufficient to meet all requirements. Please consider this training program to allow him to become a certified ESI.

Sincerely,

A handwritten signature in black ink, appearing to read "David Hocevar". The signature is fluid and cursive, with a long horizontal stroke at the end.

RE: City of Canton New Electrical Safety Inspector Endorsement

Dear Ms. Hanshaw:

Attached herewith is an application for Interim Certification for Electrical Safety Inspector from Mr. Dominic Vinas, a current City of Canton, Ohio employee. I write to endorse Mr. Dominic Vinas, for the position of ESI - Electrical Safety Inspector. The role has been served by Josh Maksim for the past 2 ¾ years. Mr. Maksim, recently resigned, vacating the position and we are presently soliciting to fill the same position. That said, Dominic has worked in Code Enforcement for my department for the past 1 year, 6 months. We know his capability and are comfortable and confident of his ability. He will still have to follow the city's process and apply for the position but, we believe he can be successful.

We plan that Dominic will work alongside Roger Miller, our back-up ESI, to receive proper training in this role.

I ask the board to act with all due speed and grant Mr. Vinas his interim certificate.

Kind regards,

John Dodovich
Interim Building Official
