Dear Ms. Hanshaw,

I am writing to you on behalf of Nicholas Cobourn. I would like to take him as an ESI Trainee to help him gain additional experience. He has already passed the required exams, and I think if he attends continuing education classes for 20 hours and attends 40 inspections with me so I can oversee him, would give him enough experience to allow him to be fully certified as an ESI. At the time he completes these inspections and classes, which would be documented and submitted for review to you, I feel he would be fully qualified as an ESI.

Sincerely,

A handwritten signature in black ink that reads "David Hocevar". The signature is written in a cursive style with a long horizontal flourish at the end.

Residential Dwelling; Cuyahoga Falls, OH

10/2009- 02/2010

I worked as a subcontractor during a home remodel that included finishing an attic and an addition. I fished new wiring to the attic providing power and installed new Romex for all outlets to the rear addition. I installed receptacles, switches, and fixtures after closing and finishing the walls and ceilings. New circuits were added for this project. Also performed carpentry framing, duct work, fixture installation and wall coverings for this project.

Residential Dwelling; Streetsboro, OH

04/2011- 02/2010

I worked on a complete kitchen and bathroom remodel as a subcontractor where plumbing and electrical needed to be altered and/or installed. I opened the walls to reroute wiring for the new placement of the refrigerator, installed new lines for the dishwasher, and installed new 220 to convert the gas range to electric. I also installed the plumbing for the new sink and dishwasher placement. I removed the existing ceiling fixtures and installed multiple recessed lighting fixtures to both the kitchen and 1st floor bathroom. Also performed wall covering, cabinetry, masonry, and carpentry for this project.

Greater St. Louis area(s); St. Louis, MO

08/2012- 09/2013

As foreman for Paton Landscaping & Construction, I installed new circuits and wiring for exterior receptacles, when needed, to power exterior lighting system transformers at residential homes and commercial properties. I installed exterior and underground wiring for pathway lights to private walks and driveways, lamp posts, and low voltage lighting systems to multiple homes and commercial properties in this position.

Residential Dwelling; Clayton, MO

06/2013- 11/2013

As foreman for Paton Landscaping & Construction, I installed new wiring for exterior outlets providing power for fixtures and receptacles. During this project, we also installed new plumbing for an exterior gas grill and 10' stone gas fireplace, installed a concrete patio and storm drainage. Underground wiring was also added to provide lighting along the stone walls and two spot lights on the new fireplace.

Garden Heights Nursery; Richmond Heights, MO

11/2013- 10/2014

As foreman for Paton Landscaping & Construction, we built a rear addition to the nursery which included an interior greenhouse. Installed new circuits and all new wiring to provide power to the addition and interior greenhouse. I installed plumbing for multiple new sinks and the interior irrigation system. As part of this project I also worked on the framing, wall covering and floor covering.

Garden Heights Nursery; Richmond Heights, MO

10/2014- 11/2014

As foreman for Paton Landscaping & Construction, I wired in spot lights and recessed lighting fixtures to the stone caps of masonry walls that I constructed outside of the nursery.

Residential Dwelling; Maplewood, MO

11/2014- 04/2015

As foreman for Paton Landscaping & Construction, I installed a new bedroom and bathroom to the unfinished 2nd floor attic and remodeled the 1st floor kitchen. Fished wiring from new circuits to the 2nd floor conversion, upgraded the panel to 200, and installed the wiring and outlet boxes as needed throughout the 2nd floor bed and bath install. Installed plumbing for the toilet, sink, and shower stall to the 2nd floor bathroom. In the kitchen we opened the walls to move plumbing and electrical for the sink and disposal. We added a kitchen island which needed electrical and plumbing run for the dishwasher install, and wired in new recessed lighting with a center mounted fixture in the kitchen. I also worked on the carpentry, plumbing, tile, and finishing on this project.

Residential Dwelling; Parma, OH

05/2015- 12/2015

As foreman for CNG Construction, I worked on a rear addition to a residential home doing the foundation work, wall covering, and rough-in electrical for receptacles, switches and fixtures. Installed all fixtures, switches and receptacles once the walls and ceiling were closed and completed.

Climb Cleveland, Cleveland, OH

12/2015- 02/2016

With CNG Construction, I installed wiring to new light fixtures throughout the basement areas within drop ceiling and relocated conduit from a masonry wall that was removed. I also installed commercial doors, framing, wall coverings, concrete flooring and plumbing in the basement bathroom.

Residential Dwelling: Bay Village, OH

02/2016- 03/2016

As foreman with CNG I installed new wiring to the garage, replacing the existing k&t that had been improperly altered. I remodeled the kitchen which required running new wiring for countertop receptacles and switches that were absent, wired in a garbage disposal and rerouted plumbing and electrical for the existing dishwasher placement. On this project I was also involved in the plumbing, cabinetry, wall covering, and a hot water tank installation.

Residential Dwelling: Ohio City, OH

03/2016- 05/2016

As foreman with CNG I worked at a residential home, remodeling a kitchen, bathroom, and adding a laundry area. In the kitchen I added recessed lighting throughout, wiring for a new range hood and to change the refrigerator placement. I opened up a portion of the exterior facing wall in the 1st floor bath to provide wiring for a new wall mounted exhaust fan and installed new GFCI receptacles to all necessary areas in both rooms. We added all new electrical and plumbing to the 1st floor which allowed us to move the washing machine and dryer from the basement to the 1st floor and installed a new gas hot water tank.

City of Cleveland Heights, Cleveland Heights, OH

05/2017- 01/2020

I worked for the City of Cleveland Heights as a Rehabilitation Specialist and Construction Manager. I wrote construction specifications while overseeing new construction projects along with renovations and remodels dealing with electrical work, plumbing, foundations, framing, HVAC, roofing, siding, etc. I performed visual inspections on residential and commercial properties before and after construction. At this role, I worked with contractors, certified building inspectors, homeowners, and the Cuyahoga County Board of Health.

City of South Euclid, South Euclid, OH

01/2020- Currently Employed as of 10/12/2020

I currently work for the City of South Euclid as a residential building inspector while also inspecting vacant homes to list violations of all types to help bring homes up to current code within South Euclid's ordinance. I do not yet perform inspections on permit required electrical work due to not being licensed during the vacant home inspections, but I do list code violations that need repaired and brought up to code along with proper permits.

To Whom It May Concern:

I am writing this letter in regards to the ESI certification of Nicholas Cobourn, who is currently a building inspector for the City of South Euclid. His application to become an ESI was denied with a recommendation to follow the trainee route. With his experience as well as having passed both ICC electrical exams, I believe having Nicholas follow me through electrical inspections for one year under an alternative trainee program will be sufficient to meet all requirements. Please consider this training program to allow him to become a certified ESI.

Sincerely,

RE: Mr. Jason Pastorius – Application for BBS Certification of BI Building Inspector

Dear Committee Members:

Mr. Pastorius is currently employed Part-Time with the City of Twinsburg Certified Building Department as a Residential Building Inspector. He is applying for his Building Inspector Certification as per the Rules of the Board.

During my supervision of Mr. Pastorius's work, I can attest that he is a very conscientious individual and genuinely understands the scope of the Building Codes. He has quickly learned the Building Department processes, and continually improves his efforts to understand the function of this Certified Building Department. Further, he takes initiative to resolve problems and educate himself.

Jason also has a very pleasant personality and works very well with contractors, residents and other municipal officials. Jason is well-organized and maintains professionalism always. I believe Jason will be an exemplary Building Inspector, and continue in this profession to grow and develop his chosen career fully.

Sincerely,

Keith Foulkes

Dear Committee Members,

Enclosed is work experience outline as remaining records best reflect.

I have added both Residential and Non- Residential examples to establish a verifiable, hands on and leadership experience timeline in Foundations and Framing on residential, commercial, and industrial jobs and projects.

For ease of interpretation, I have quantified both Residential and Non-Residential separately for your review: **Residential – 35 months – 1 week**

Non-Residential – 104 months – 3 weeks

Non-Residential projects will be marked with an asterisk (*) for identification.

I thank you in advance for your consideration.

Regards,

Dan Perno

To Whom it May Concern,

It is my honor and privilege to write a letter of recommendation for Mr. Dan Perno. Dan worked for Emerald Painting for approximately six years from 2005 through 2011. However, we remain great friends and occasionally do small projects together still today.

During Mr. Perno's tenure with Emerald Painting, he was my lead field supervisor. His duties included overseeing all crews in the field and project coordination with owners' representatives and general contractors. He organized and conducted job meetings to maintain job milestone objectives and budgets. He conducted job safety meetings and coordinated schedules with other tradesmen on-site.

Mr. Perno contributed greatly during his time with Emerald Painting. Because of Dan's vast overall construction knowledge, I was able to grow our construction scope of work from a painting contractor to light general contracting.

I have known Dan for 15 years now and would highly recommend him for any type of construction position he was seeking. He impresses me to this day with his overall construction knowledge and I still rely on his help.

Please feel free to contact me if you have any additional questions.

Sincerely,

Jeff Raymond, President

Emerald Painting

To Whom it May Concern

It is my pleasure to strongly recommend Dan Perno for a position in your Building Department.

I am Terry Simonian, Fire Prevention Officer for the city of Mayfield Heights with 43 years of experience in the fire service and 10 years of experience in the Building Department for the city of Wickliffe.

Dan displayed great talents as a contractor that I often recommended to residents when they would ask for quality dependable people to preform work at their home. Dan has also done work for me at my place of residence and has always done exceptional work, been dependable and always courteous. It's not just his technical skills that impress me, Dan's positive attitude and willingness to learn new things has always impressed me. I am absolutely confident that Dan will be a great asset to your city.

If you need more information or specific examples, please do not hesitate to contact me at 440-221-4280 or by email at terrysimonian@mayfieldheights.org

Sincerely,

Terry Simonian

Dear Sirs:

I am writing this letter on behalf of, Daniel M. Perno, who is currently attending my 15 week, 45 hour Plumbing Course in preparation for him to sit for examination and acquire his plumbing contractors State License. I have been petitioned by him once this course is completed to prepare him to seek inspectorship within the State of Ohio. He is fervent in his pursuit and I have no doubt he will accomplish that goal.

He is punctual arriving first to class and well prepared with his homework and class room assignments. If I had to choose what individual would succeed with the goals and challenges put before them it would be Dan, hands down! A level headed individual with a great attitude who expresses confidence in his personality and is highly respectable and eager to gain more knowledge that he has obtained over the years of experience.

I highly recommend, Daniel, for the position of plumbing inspector with any jurisdiction. He would be a valuable asset within the department as a team player as well with the customers he serves.

If you have any hesitation in hiring him or have any questions, please do not hesitate to contact me. Once you work with Dan, I am confident you will hold him in the same high regard that I do.

Respectfully,

Mario J. Di Franco, BI, RBO, PI, PPE

Sandusky County Building Department Organizational Chart

Sandusky County Building Department Inspection and Plans Examination Procedures

Plans will be received at the Sandusky County Building Department located at 622 Croghan Street, Fremont, Ohio during regular business hours. Plans will be examined in the order they are received by an Ohio Board of Building Standards certified plans examiner. The submitted plans will be examined for compliance with the Building Codes currently adopted by the Ohio Board of Building Standards. After examination, plans will either be approved by the Building Official and issued a Certificate of Plan Approval, or found to be not in compliance with the Building Code. If plans are not in compliance with the Building Code, the Building Official will determine whether the items of non-compliance are to be communicated to the owner in the form of an adjudication order complying with Section 109 of the Residential Code of Ohio. The Building Official will also determine if any approvals are possible, and issue the appropriate approval as described in Section 105 of the Residential Code of Ohio.

Inspections can be scheduled through the Sandusky County Building Department by phone, email or in writing. Inspectors will also take inspection requests through the use of any other available technology. The Sandusky County Building Department will request a 24-hour notification for inspection. Once an inspection is completed, a written indication of the result of the inspection will be left at a predetermined location, or communicated through any other preferred media. When all inspections for a particular project have been completed and approved, the results will be communicated to the Building Official. The Building Official will then issue a Certificate of Occupancy or Certificate of Completion, depending on the scope of the project.

**CONTRACTUAL AGREEMENT TO PROVIDE BUILDING CODE SERVICES FOR
COMMERCIAL PROJECTS IN THE VILLAGE OF GIBSONBURG, OHIO.**

This contractual agreement made and entered into this 25th day of January, 2021, by and between the Sandusky County Board of Commissioner on behalf of the Sandusky County Building Code Department, and the Village of Gibsonburg, Ohio (Village).

Whereas, the citizens of Gibsonburg require the establishment of local enforcement of the building codes; and

Whereas, the State of Ohio requires the establishment of a building department prior to the exercise of enforcement authority, and,

Whereas, the Sandusky County Building Code Department desires and is willing to administer and enforce the applicable provisions of the Ohio Basic Building Code within the limits of the Village pursuant to its authority and is granted by the Ohio Board of Building Standards, and

Whereas, the Village has on the 25th day of January, 2021, heretofore approved by majority vote authorization for the Village to enter into agreement with the Sandusky County Building Code Department, for enforcement of the provisions of the Ohio Basic Building Code within the limits of the Village, whereby the Sandusky County Building Code Department is to exercise all enforcement authority necessary within the Village, and,

Whereas, the Sandusky County Board of Commissioners has on the ____ day of January, 2021, approved by majority vote authorization for the Sandusky County Building Code Department to enter into said agreement with the Village, for the purpose aforesaid:

Now, therefore, it is hereby agreed by and between the parties as follows:

1. This agreement shall be void and have no force or effect in the event of refusal of the Ohio Department of Commerce Division of Industrial Compliance to certify the Village into the Sandusky County Building Code Department territory.
2. The Village hereby grants the Sandusky County Building Code Department full authority to take all measures necessary to exercise enforcement authority on commercial projects, to accept and approve plans and specifications and make inspections necessary within the Village in accordance with the provisions of the Ohio Basic Building Code relating to commercial projects, including particularly chapter 4101:2-56-69, Ohio Administrative Code.
3. The Sandusky County Building Code Department accepts the authority and responsibility to implement the terms of this agreement.
4. The Sandusky County Building Code Department shall have full authority to take all measures necessary to administer and enforce provisions of the Ohio Basic Building Code within the limits of the Village and in consideration, therefore, the Sandusky County Building Code Department shall retain all plan review, permit and inspection fees authorized by the State of Ohio for such purposes.
5. The effective date for which the Sandusky County Building Code Department shall begin to perform its said duties under the terms of this agreement shall be the 29th day of January, 2021, or the date of certification by the Ohio Department of Commerce Division of Industrial Compliance, whichever shall last occur, this agreement shall automatically renew on

an annual basis on January 1st each year, this agreement shall thereafter continue in full force and effect until either party shall give written notice to the other of its intention to terminate the agreement, which may be for any reason, except that this agreement shall not terminate until the Village can obtain code enforcement services or 180 days, upon which shall be confirmed in writing by both parties as the effective date of termination, whichever time occurs first. The Sandusky County Building Code Department shall be entitled to receive and retain all monies payable under this agreement until the effective date of termination.

6. The Village hereby agrees to hold the Sandusky County Building Code Department harmless from claims or causes of action of every kind and nature arising from the acts of the Sandusky County Building Code Department, its agents, employees or representatives in the administration and enforcement of the Ohio Basic Building Code within the limits of the Village except where the acts of omissions of the agents, employees or representatives are found to be manifestly outside the scope of employment or official responsibilities, or where the acts or omissions are found to be in bad faith with malicious purpose, or are the result of fraudulent acts or misrepresentations of the agents, employees or representatives of the Sandusky County Building Code Department, or involving the operation of motor vehicles by employees or representatives for which the Village has insurance coverage.

7. This agreement shall be deemed to authorize the Sandusky County Building Code Department to administer and enforce for the Village any amendments or additions to the Ohio Basic Building Code hereafter adopted by the Board of Building Standards pursuant to the authority granted by said Board by chapter 3781 of the Revised Code of Ohio, at all times after said Board shall have adopted such amendments or additions. The Village agrees that the Sandusky County Building Code Department require Village of Gibsonburg business to be conducted at the Sandusky County Building Code Department office in Fremont, Ohio.

8. Sandusky County Building Code Department shall retain all monies collected from permits, plan reviews and/or fixtures for all commercial plumbing and/or medical gas permits issued for projects within the Village in return for the Sandusky County Building Code Department conducting inspections on behalf of the Village.

9. The Sandusky County Building Code Department shall retain 100% of all monies collected from re-inspections, contractor registrations, OCILB education classes or code book sales. The Sandusky County Building Code Department shall include the Village into its contractor registration territory.

11. The Sandusky County Building Code Department will assume all labor costs associated with the employment of inspectors and management of them (wages, healthcare, Ohio Public Employees Retirement System, workers compensation, and Medicare).

12. This agreement can be modified upon agreement of both the Sandusky County Building Code Department and the Village any modifications shall be submitted in written form and signed both agencies assigned person.

ACCEPTANCE of this Contract/Agreement of Authorization is evidence of our intent to comply with Titles VI and VI I of the 1964 Civil Rights Act and Section 504 of the Rehabilitation Act which prohibits discrimination because of race, color, natural origin, handicap (age, sex and/or religion where applicable) in any facet of our operation.

IN WITNESS WHEREOF, the parties have duly executed this Agreement effective January 25, 2021

Having met the certification requirements in the rules of the Board of Building Standards, enclosed please find your certification ID card below.

The expiration date(s) for your certification(s) is (are) as indicated below on your ID card.

Holders of Board certifications must complete at least thirty hours of continuing building code education for their respective certifications, *including Board sponsored required courses*, prior to the expiration date of the certification as a requirement for renewal. Failure to complete the number of hours required *and mandatory classes* shall result in forfeiture of the certification. It shall be the responsibility of the certified individual to furnish the Board with proof of completion of all Board approved courses for which credit is sought. Copies of your course certificates are to be attached to and returned with the renewal application, which will be forwarded to you at the appropriate time. Continuing education courses approved for more than one certification may be applied to each certification for which continuing education is required.

Please refer to your personnel I.D. number (shown on the ID card below) on any correspondence and on all certificates of continuing education forwarded to the Board's office related to your certification. If you have any questions, please do not hesitate to contact the Board for assistance at 614-644-2613.

Sincerely,

PART III - JUSTIFICATION AND CITATION DATA (Use specific bullet examples of meritorious acts or service)**20. ACHIEVEMENTS****ACHIEVEMENT #1**

SGT Fadenholz served nine months as a Plumber/Pipefitter in the 387th Engineer Company. SGT Fadenholz's civilian career supplemented his expertise in plumbing and heating, ventilation, and air conditioning, which supported his squad's mission. While acting as subject matter expert, SGT Fadenholz was also tasked as a mail courier for the company in an austere environment. Due to his technical knowledge, he was the main advisor for HVAC/plumbing assessments and mail in the company western AO in support of Operation Inherent Resolve.

ACHIEVEMENT #2

Acting as an advisor, SGT Fadenholz conducted multiple plumbing assessments on base hydroelectric systems to include showers and latrines. His recommendation and assessment were quoted over \$10,000 in repairs of Re-locatable Buildings plumbing system which would increase the functionality of the base's water distribution plan. His knowledge as a plumber lead to the proper improvements of hydroelectric systems in order to conserve water and maintain sanitary living conditions while in an austere environment.

ACHIEVEMENT #3

During the course of the deployment, SGT Fadenholz's squad was tasked with many challenging SWAHUT construction missions. These projects consisted of electro-plumbing assistance due to the staggering heat of the environment. Using his civilian knowledge, SGT Fadenholz played a vital role in the successful installation of over 40 HVAC units ISO the SWAHUT construction missions. His efforts ensured the livability and welfare of over 600 military personnel in an austere environment.

ACHIEVEMENT #4

SGT Fadenholz also took initiative in constantly maintaining morale. His personality and willingness to learn and work became contagious to the rest of the squad, leading to constant improvement and positive mental health. SGT Fadenholz helped with a number of projects that involved in a boost of morale such as the construction of the Chapel and MWR.

21. PROPOSED CITATION

EXAMINATION RESULT: PASS

Congratulations! You have passed this examination. This certification is current for three years.

We've simplified your experience in receiving your wall certificate. The Code Council has added a Print-on-demand option for you to print your own certificate in your home or office. This comes at no additional cost to you. When you are logged into myICC, click on the "My Certificates" tab. Under "My Certificates" you will find an "Action" column that gives you the option to print your certificate.

Start gaining Continued Education Units (CEUs) to maintain your certification. Visit the Learning Center at www.learn.iccsafe.org for information on convenient ways to obtain CEUs.

Need to update your name or address on file? Log in to your myICC account at my.iccsafe.org to update your profile.

The Code Council reserves the right to amend or withhold any examination scores if, in its sole opinion, there is adequate reason to question their validity.

Thank you for your support to public safety!

Board of Building Standards,

Flek Stoher has built new houses in the City of Massillon for around 20 years. Flek always got required permits and inspections. Flex also worked for a company where he helped oversee major commercial construction. Flek is currently working for the City of Massillon Building Department as a Code Enforcement Officer. Flek would be an excellent candidate for a Building Inspector position.

Please contact me with any questions.
