AGENDA NO. 2(a)

**TO:** File

**FROM:** Marc Mattox, Public Works Director/Town Engineer

**SUBJECT:** Hays Certificate of Correction  
(EN15-00102), AP 055-190-065

**DATE:** September 22, 2015

**BACKGROUND:** The project applicant is requesting approval to record a certificate of correction to revise areas shown exceeding 30% slope on Parcel 1 on Sheet 4 of 4 of the Parcel Map as filed in Book 173 of Maps at Pages 74-77, in the Office of the Recorder of Butte County, California.

The proposed correction is to revise physical areas designated as exceeding 30% ground slope. The initial map was recorded with incorrect slopes likely determined from aerial photography. Specified corrections are justified as a new detailed, site specific survey has been completed by a professionally licensed land surveyor. This survey concludes the boundaries of the 30% or greater slopes are reduced in size. This correction is necessary as the current map and regulations would mostly prohibit development on the subject property due to invalid information shown on the map.

**ANALYSIS:** Legal advice obtained from the Town Attorney indicated that the request to amend a final map is allowed under Section 66472.1 of the Subdivision Map Act. This proposed modification is consistent with current zoning standards.

**ANALYSIS CONCLUSION:** Based upon Section 66472.1 of the Subdivision Map Act and Section 17.20.400 of the Town of Paradise Municipal Code, staff is recommending approval of the certificate of correction.

## REQUIRED FINDINGS FOR APPROVAL

- a. Find that the project is categorically exempt from the requirements of CEQA, pursuant to Section 15369.
- b. Find that the project is consistent with the goals and land use development policies of the current Paradise General Plan.
- c. Find that Section 66472.1 of the Subdivision Map Act allows this type of correction.

- d. Find that Section 16.14 of the Town of Paradise Municipal Code authorizes the Town Engineer or the Planning Commission to correct or amend a final map after it has been recorded with the Butte County Recorder.
- e. Find that the Town's Contract Land Surveyor has reviewed this Certificate of Correction, and has approved the Certificate as submitted.

**RECOMMENDED ACTION:** Adopt the findings for approval as provided by staff and approve the Certificate of Correction for recording.
