5. Putnam General Hospital Referendum

Bob Betzel and Alan Horton participated in the meeting representing Putnam General Hospital. Mr. Horton advised the authority about the upcoming referendum to ask voters to support the county commissioners implementing a 1 mill property tax to enable the hospital to retire debt. This would be for a maximum of six years or an amount not to exceed \$7.8M. The hospital is working to educate the community and asked for the endorsement of the PDA to use in advertisements promoting the referendum. The Chamber of Commerce has already voted in favor of supporting this referendum.

Motion to affirm support of Putnam General Hospital, which plays a crucial role in the PDA's mission of economic development, in seeking additional public financial assistance for the Hospital's needs.

Motion made by Member Mangum, Seconded by Member Burns.

Voting Yea: Chairman Rocker, Member Burns, Member Mangum

**Voting Abstaining: Member Smith** 

6. Approval of Rental Agreement between the Putnam Development Authority and State Properties Commission on behalf of the Technical College System of Georgia Attorney Brown talked to Jeff Scruggs, VP of CGTC and asked if the college would be able to help with costs of building maintenance. As the tenant, they are open to it, but have not been able to confirm this with the State Properties Commission. The authority would like the board of commissioners to contract with the PDA to pay for major items.

Motion to present the Rental Agreement between the Putnam Development Authority and State Properties Commission on behalf of the Technical College System of Georgia to the county commission to ask if they are aware of it and if they want the authority to undertake the liability and is the commission willing to reimburse authority as costs occur. Motion made by Member Smith, Seconded by Member Burns.

Voting Yea: Chairman Rocker, Member Burns, Member Mangum, Member Smith (Copy of proposed agreement made a part of the minutes.)

7. FY2021 Budget Report

The board of commissioners will be holding a budget public hearing on Tuesday, August 18, 2020 and will be approving the FY21 budget on August 28, 2020. No action was taken.

5. Ratification of Insurance for old Hotel Eatonton

#### **Lynn Butterworth**

**Subject:** Hotel Insurance

#### Board:

The County Administration informed us on Tuesday afternoon that the insurance on the hotel building had been cancelled. There was a period of time where the property was not covered. Pat immediately contacted Craig Massey Insurance Agency to get quotes for the coverage. Due to the holiday weekend coming up and the property's coverage lapse, we felt it necessary to bind coverage yesterday afternoon for a 6 month term. We can most likely get comparable coverage for less money through ACCG, but the application process takes time that we didn't have.

Coverage has been bound effective 9/3/20 for a term of 6 Months including Terrorism Coverage with a premium of \$3,789.74. We opted to include coverage for Terrorism, as we have heard that many insurance companies have considered the civil unrest and consequential burning of buildings as acts of terrorism; therefore, they have been refusing to pay claims on policies that do not have the Terrorism Coverage. If anyone has any questions, comments, or concerns, please let me know. It is not our intent to circumnavigate the board. We felt we didn't have a choice in the interim.

Thanks,

Walt Rocker

July 20, 2020

Pat Topping, Interim Economic Development Director Putnam Development Authority 117 Putnam Drive Eatonton, GA 31024

Dear Pat,

Thank you for opportunity to submit a proposal to conduct re:Vision – a community performance program - for the Putnam Development Authority (PDA). This is a cost effective and accelerated strategic planning process that leverages our 100 years of combined experience to identify barriers to success and offer recommendations for improvement. Reassessing your regional economic status and needs along with ways to foster cross-organizational collaboration is even more important as communities and the nation begin to recover and reopen from the COVID-19 pandemic.

We bring a team of professionals who have lived in, worked in and worked for communities to achieve greater economic prosperity for businesses and residents alike. Today, as a location advisory and economic development firm, representing five Fortune 500 companies, we have the ability to view the community as an investment opportunity and can provide you the recommendations needed to be more proactive. We offer:

**Unbiased expertise.** As location advisors for corporations and five Fortune 500 companies, we will approach the assessment as if we were conducting a site search for a competitive project providing you with insight, findings and recommendations to improve Putnam's regional competitiveness and economic development initiatives.

**Data driven results.** We will utilize local, regional, state and national data sets to identify trends to define competitive advantages and inform decisions to achieve measurable results.

**Realistic and implementable strategies.** We have been in the shoes of those working at the local level for the betterment of a community. As consultants we remain committed to delivering strategies and tactics that are realistic, attainable and implementable each with the potential for positive community growth across multiple entities.

We believe that successful strategies cannot rely on a cookie cutter formula but must be original and tailored to fit the different needs of each client. On the following pages you will find a suggested scope of work to fit your exact needs.

Please let us know if you should have any questions. We appreciate your consideration of VisionFirst and look forward to working together.

Sincerely.

Gray Swoope President & CEO VISIONFIRST ADVISORS

## **Project Overview**

#### One of the most common questions we get as consultants is "how do our (properties, marketing materials, presentations or RFIs) compare to others?"

With clients in more than 30 states and well into our fifth year as a firm, we have developed a cost effective, yet thorough, review designed to answer your most common questions. As we've said, we've been in your shoes – local, regional and state levels, public sector and private corporations, community development and high-performance corporate organizations. Now as consultants, our team remains committed to delivering tactical, realistic, implementable strategies using a cost effective and accelerated strategic planning process.

Economic development organizations can only be so effective by using their internal benchmarks as guidelines. Understanding the economic development landscape is one of the most effective ways to gain traction in an ever-changing market and to develop a competitive location.

With 3,142 counties (and equivalents) across 50 states, how does your community measure up? More importantly, what does that rank mean in context of resources and opportunities in the market?

Utilizing more than 100 years of combined economic development experience, we will begin the process by assessing the current economic realities within the county. We will identify barriers to success and offer recommendations for improvement. VisionFirst will evaluate the following:

#### COMMUNITY **GATEWAYS**

physically + virtually

#### DELTA **TEAM**

## **Project Approach**

It is anticipated that Gray Swoope will lead the engagement along with Griff Salmon, Nancy Blum-Heintz, Greg Word, Brenda Lathan and Kathy Gelston. The approach to arrive at the final deliverable involves **four** phases.

#### **KICK-OFF MEETING**

Determine project team

Review and refine scope/objectives

Pinpoint expected outcomes/deliverables

Determine timeline and milestones ONLINE VIDEO / PHONE MEETING

#### RESEARCH & STAKEHOLDER INPUT

Analyze community's economic profile (past and projected trends)

Review previous plans/studies DESKTOP REVIEW

Gather stakeholder and community leaders feedback and perspectives (one-on-one and facilitated group)

Engage in prospect tour of the community and its assets IN-PERSON / VIDEO CONFERENCE

#### RECOMMENDATION

Review all findings and calculate optimum value of each identified product and asset

Develop an assement and recommendations to connect the region's efforts into a cohesive strategic direction IN-HOUSE

#### **PRESENTATION**

Present draft report to project team

Deliver final findings/report and recommendations for improving competitiveness to selected community leadership team/audience

IN-PERSON -OR- VIDEO CONFERENCE

#### PHASE 01 KICK-OFF MEETING

It is important to begin the work by conducting a planning session between VisionFirst and project leadership. This kick-off meeting will help to identify who will assist VisionFirst in coordinating information and identifying key stakeholders for input. Our staff will facilitate a meeting via web conference with a review of the project objectives and deliverables. A firm timeline will be established with milestones for updates and progress.

Project components to include:

- Kick-off planning session.
- Gather and review of existing plans and data.
- Formulate schedule of meetings and members.
- **Deliverable:** Press release drafted announcing the start of the project and selection of VisionFirst Advisors five business days after the kick-off.

#### PHASE 02 RESEARCH & STAKEHOLDER INPUT

#### **BENCHMARKING SNAPSHOT & DESKTOP REVIEW**

Using site selection experience, VisionFirst will conduct benchmarking snapshot and desktop research on the community using validated data sources. This review process looks at established clusters and bases rankings on a variety of factors such as best practices of successful community programs, industry input, sites and buildings, commonalities in assets, etc. The ranking seeks to highlight where the community has a competitive advantage as well as where opportunities exist to improve the community's competitive stance.

#### Project components to include:

- Meeting with staff to understand economic development organization leadership, resources to compete, civic engagement, past experiences on competitive projects, certified or shovel-ready sites, other product(s) that generate opportunity as well as talent pipeline and development.
- Benchmark the Putnam County to a 45-minute drive-time, state and nation to understand and identify opportunities as well as impacts to competitiveness.
- Collect and evaluate research and data analysis to provide a clear picture of the current economic outlook and
  opportunities surrounding the community and its workforce using research tools including JobsEQ, U.S. Census
  Bureau, National Association of Counties, the National Center for Education Statistics and other leading
  research entities.

#### **STAKEHOLDER INPUT**

Stakeholder input provides invaluable insight that would not be attained from desktop research review and helps establish the foundation for the PDA's goals and mission. It is anticipated that VisionFirst will conduct approximately eight-10 interviews over two-business days (location dependent on CDC guidelines). The meetings can include a combination of facilitated group discussions or one-on-one interviews. The targeted audiences would include civic and community leadership, business leadership and workforce providers as well as partner organizations. VisionFirst will look closely at each of the entities that support business growth and look at barriers to success.

#### Project components to include:

- Eight to 10 confidential interviews over two business days.
- Feedback will be documented, analyzed and studied to recognize trends and issues that support or impede success of the strategy.

#### **PROSPECT TOUR & MARKETING REVIEW**

Site selection is typically a process of elimination. PDA will be asked to prepare a prospect tour of the community's assets, allowing VisionFirst to gauge more clearly how the organization defines and showcases the regional competitive assets. VisionFirst staff will evaluate the team, organizations, product, presentation and technical sales abilities of positioning the community to win competitive deals. This project component will also include a review of itinerary and information packet and other tools (i.e. digital, GIS, technology and devices used for presentation) used during the sales process.

#### Project components to include:

- A one- to two-hour community asset and site/building tour (can be accomplished virtually)
- **Deliverable:** Best practices & recommendations for enhancements.

#### PHASE 03 & 04 FORMULATE RECOMMENDATIONS & PRESENTATION DELIVERY

After analyzing information collected in the interviews, research data and other sources, VisionFirst will develop a strategic plan with eight to 10 recommendations to connect the community's efforts into a cohesive strategy across multiple entities. VisionFirst will deliver the findings and the recommendations for improving competitiveness. Steps to begin implementing the strategies will be included in the final deliverable to help ensure a path to success.

Plan components and deliverables:

- Benchmarking snapshot (Fig 01) and desktop data review.
- Key findings from stakeholder input.
- Community marketing and positioning feedback.
- Strategic plan with eight-10 implementable recommendations.
- Presentation of final report in-person or via video conference.

#### FIGURE 01

SAMPLE BENCHMARKING SNAPSHOT

-

The competitiveness snapshot looks at established clusters and bases rankings on a variety of factors such as best practices of successful community programs, industry input, commonalities in assets, etc. The ranking seeks to highlight where the Region has a competitive advantage as well as where opportunities exist to improve the community's competitive stance.

## **Price Proposal**

Based on our understanding of the engagement, VisionFirst proposes a flat professional fee of **\$20,000**. VisionFirst will be paid for ordinary out-of-pocket expenses, including items such as non-local transportation, travel and other incidental expenses which will be approved by the PDA and not to exceed 10 percent of the fee. This fee is based on the estimated time and experience of the individuals performing the work. VisionFirst is committed to meeting the project time and budget requirements. This price proposal is valid for 60 days from the date of submission.

TALLAHASSEE, FLORIDA

GRAY.SWOOPE@VISIONFIRSTADVISORS.COM

#### **AREAS OF EXPERTISE**

- 30 Years of Leading Site Selection, State, Regional & Local Economic Development
- Economic Development Risk Mitigation
- Leverage of Economic Development for Greater Impact
- Experience in Helping States & Communities Invest in Infrastructure & Talent
- Building Community Capacity to Leverage Funds
- Compliance Processes & Procedures

A recognized leader in economic development and site selection, Gray Swoope is president and chief executive officer of VisionFirst Advisors. After a successful 30-year career in economic development, Gray launched the VisionFirst consulting practice in 2015. The firm, a wholly owned subsidiary of Butler Snow LLP, partners with a diverse base of private and public sector clients to develop effective pathways for success.

Prior to starting VisionFirst, Gray served in Florida Governor Rick Scott's administration (2011-2015) as secretary of commerce and president and CEO of its public/private economic development organization, Enterprise Florida, Inc. Under his leadership, Enterprise Florida elevated its economic development presence and delivered the best results in the organization's history. Florida announced competitive project wins during his tenure that included Amazon, Bristol-Myers Squibb, Hertz, Navy Federal Credit Union, Northrop Grumman and Verizon.

Before joining Governor Scott, Gray served as the executive director of the Mississippi Development Authority (MDA) under then Governor and current VisionFirst board chair, Haley Barbour. During his tenure at MDA, Gray played a vital role in recruiting companies such as Toyota, PACCAR, GE Aviation and SeverCorr (now Steel Dynamics) to the state. In addition, Gray's leadership following Hurricane Katrina was critical to Mississippi's recovery efforts. MDA acted as the state's fiscal agent for \$5.4 billion of the federal recovery package appropriated through the Department of Housing and Urban Development. The MDA team created many of the recovery programs being used today for natural disasters like Hurricanes Sandy, Harvey, Irma and Florence.

Gray is passionate about economic development, having served at all levels representing both urban and rural regions. A constant student of the profession, he never stops the pursuit of learning and applying this knowledge for success in today's fast-paced economy. Gray earned both undergraduate and graduate-degrees from Mississippi State University.

#### **AREAS OF EXPERTISE**

- Location Advisory
- Asset Review & Inventory
- Stakeholder & Board Management
- Business Development & Retention
- Global Trade

Griff serves as a principal for VisionFirst Advisors in Orlando. His extensive background in operations and business development allows him to offer a unique perspective to economic development organizations and companies looking to expand or relocate. Prior to joining VisionFirst, Griff served as the executive vice president and chief operating officer for Enterprise Florida (EFI), where under his leadership the business development team announced project wins such as GE, Amazon and Lockheed Martin. In addition, Griff effectively managed the organization's divisions to strategically focus resources while his collaborative management style led to partnerships with a statewide network of regional and local economic development organizations.

Griff also served as director of the Mississippi Development Authority's (MDA) Global Business division. At MDA, the business development team announced projects from companies such as GE Aviation, Toyota, PACCAR and McKesson. Griff was also congressional liaison for MDA's Federal Department of Defense and Congressional Liaison Bureau where he worked to maintain military presence in the state as well as expand capabilities to secure future missions as part of the federal government's Base Realignment and Closure Act.

Griff earned a master's degree in public policy and administration at Mississippi State University and a B.S. from Millsaps College.
