3. Approval of Minutes - September 12, 2022 Regular Meeting

Minutes Monday, September 12, 2022 ◊ 5:00 PM Sinclair Water Plant

The Sinclair Water Authority met on Monday, September 12, 2022 at approximately 5:00 PM at the Sinclair Water Plant, 126 Cay Drive, Milledgeville, Georgia.

PRESENT

Chairman Robert Brown Member Sammy Hall Member Tommy Jefferson Member Ed Walker Member Billy Webster

STAFF PRESENT

Plant Manager James Cupo Clerk Lynn Butterworth

OTHERS PRESENT

ESG Regional Vice President Neil Counts ESG Operations Project Manager Brice Doolittle

Opening

1. Call to Order

Chairman Brown called the meeting to order at approximately 5:00 p.m. (Copy of agenda made a part of the minutes.)

2. Public Participation

None

Minutes

- 3. Approval of Minutes
 - a. July 11, 2022 Regular Meeting
 - b. August 29, 2022 Called Meeting

Motion to approve the July 11, 2022 Regular Meeting Minutes.

Motion made by Member Walker, Seconded by Member Hall.

Voting Yea: Chairman Brown, Member Hall, Member Jefferson, Member Walker,

Member Webster

Draft Minutes	Page 1 of 4	
September 12, 2022		

Motion to approve the August 29, 2022 Called Meeting Minutes. Motion made by Member Hall, Seconded by Member Webster. Voting Yea: Chairman Brown, Member Hall, Member Jefferson, Member Walker, Member Webster

Reports I

4. Operations Report presented by ESG, Inc.

Plant Manager James Cupo reported the following:

- Raw Water flow meter was installed
- Train 4 was down for over a month but is now working
- Lagoon 1 was cleaned out and is back in service
- CIP flow meter went out
- Projects for the coming months

(Copy of detailed report made a part of the minutes.)

Project Manager Doolittle advised that one new employee was starting on September 26, 2022; he is unlicensed but experienced. SWA is still looking for licensed operators and there are two openings left.

ESG Regional Vice President Counts advised that they are starting to look at internships with technical colleges.

New Business

5. 2023 SWA Operating Budget Presentation and Discussion

Member Jefferson advised that he and Member Hall were appointed to the Budget Committee and met with ESG officials. They reviewed all budget line items and ESG agreed to decrease their management fee. The total operating budget for 2021 was \$1.358M and the proposed operating budget for 2023 is \$1.434M. Chemical costs have increased \$76K, making the actual cost going in to 2023 less than 2021 which is a good direction.

Project Manager Doolittle advised that he is still waiting to hear from Suez, so he prepared one budget including their \$121K and one without. He has some concerns with membrane deliveries but did find out that they can be stored indefinitely. He is working on getting up to date figures from Suez.

Regional Vice President Counts advised that dealing with unusual and unknown supply chain issues makes things hard to predict.

Motion to approve the 2023 Operating Budget at \$1,556,409, which includes the \$121,500 for the Suez contract.

Motion made by Member Hall, Seconded by Member Jefferson.

Voting Yea: Chairman Brown, Member Hall, Member Jefferson, Member Walker, Member Webster

(Copy of budget made a part of the minutes.)

Draft Minutes	Page 2 of 4	
September 12, 2022		

6. ARPA Application Update

Project Manager Doolittle advised that he received more information from the State regarding the new ARPA Grant funds. A new industry in the area is really needed to receive the funding; without that there is very little chance of receiving the grant award. It has been determined best to not apply. No action taken.

7. 2023 GEFA Loan Discussion

Project Manager Doolittle advised that the next round of GEFA Funding for 2023 is coming up. There are two rounds: SRF, which is due February 2023 and BIL, which is not applicable. If the board wants to pursue this funding, environmentals should be quick and easy. The process involves a pre-application, then an application which is scored. He further advised that projects are available to use the funds.

Regional Vice President Counts reminded the board that this is strictly a loan, no match is required.

Mr. Doolittle stated there is a good chance that we could become a Water First Community which would take 1% off the interest rate of any GEFA loan. However, Mr. Counts added that becoming a Water First Community could not be accomplished before February 2023.

Chairman Brown asked for an update at the November meeting.

Member Jefferson commented that he would only be interested in a GEFA loan if we can get principal forgiveness.

No action taken.

8. Approval of the Audit for Fiscal Year 2021

Member Jefferson reviewed the 2021 Audit Report and expressed some concern regarding the net position not being good and getting worse.

Heather from ESG joined the meeting via phone and was asked if we should be concerned. She advised that she would like to do an analysis and see what changes could be made to mitigate the net position situation. She also would like the auditor to come to a board meeting and give a presentation. Chairman Brown said he would ask the auditor to come to the November meeting.

Motion to approve the FY21 Audit.

Motion made by Member Hall, Seconded by Member Jefferson.

Voting Yea: Chairman Brown, Member Hall, Member Jefferson, Member Walker, Member Webster

(Copy of audit made a part of the minutes)

Member Jefferson also brought the section on Defined Benefit and Defined Contribution to everyone's attention. He advised that over the years the board has tried to get out of the Defined Benefit program due to the financial risk. There are currently three employees left on the plan. Member Jefferson contacted ACCG, the plan administrator for the Defined Benefit program and was told there was no plan for SWA, that it was terminated in December. He asked if anyone knew anything about this. No one did, so he will continue checking into this.

Draft Minutes	Page 3 of 4	
September 12, 2022		

9. Discussion of the role of external contracted CPA

Chairman Brown asked if we still needed the services of the external contracted CPA, Ms. Lorraine Neligan. Mr. Doolittle advised that ESG can handle everything in house. It was determined there was no need to continue with Ms. Neligan. Chairman Brown will send her a letter.

Reports II

10. Plant Production Reports

Plant Production reports are in the meeting package to review. No action was taken. Member Jefferson commented that water requirements are needed from both counties to project income and set rates.

11. Financial Reports

Financial Reports are in the meeting package to review. No action was taken. Project Manager Doolittle advised that the reports were prepared by Heather at ESG.

Closing

12. Next Meeting - November 14, 2022

The next meeting is scheduled for November 14, 2022.

13. Adjournment

Motion to adjourn the meeting.

Motion made by Member Jefferson, Seconded by Member Webster.

Voting Yea: Chairman Brown, Member Hall, Member Jefferson, Member Walker, Member Webster

Meeting adjourned at approximately 6:10 p.m.

ATTEST:

Lynn Butterworth Clerk Robert Brown Chairman

5. Operations Report presented by ESG, Inc.

REPORT TO BOARD OF DIRECTORS

Sinclair Water Authority

SWA BOARD MEETING November 14, 2022

ESG management and staff are pleased to present this update to the Sinclair Water Authority Board of Directors covering operations and maintenance activities for the prior month. It is our privilege to serve our community with high quality utility services and support the citizens of Baldwin and Putnam Counties

EXECUTIVE SUMMARY

During the last reporting period, raw water pump #4 was completely rebuilt. Careful management of chemical usage has seen a dramatic decrease in overall volume used each day. Specifically, lower levels of manganese have allowed for potentially huge cost savings by reducing the level of Purate used. Finally, plant staff had a productive meeting with MR Systems regarding the potential upgrade of the plant SCADA system.

ADMINISTRATION

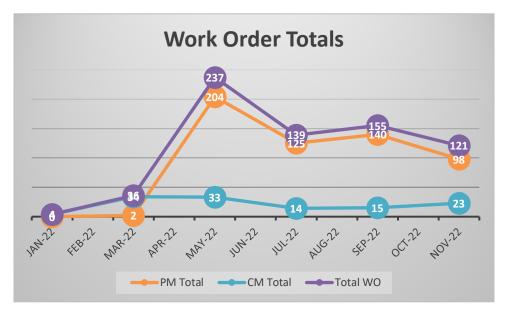

SWA is now fully staffed! Over the past month, two additional operators began working at the plant. This has eased the overall burden on existing staff members.

MAINTENANCE

ESG-operated projects utilize an asset management software, PSD, for tracking life cycle costs of clientowned assets. All physical assets managed by ESG at the SWA project are entered into the software and preventative maintenance schedules created where appropriate. These schedules auto-generate preventative maintenance work orders (PMs) to help us focus our maintenance efforts to extend the life cycle of SWAs' assets. Since the last board meeting, SWA staff completed **98** preventative work orders and completed 23 corrective maintenance work orders.

The graph to the right represents a summary of all works orders completed since **January 2022.**

OPERATIONS

The ESG team has continued to work towards identifying and addressing all issues within the plant, as well as, finding ways to optimize each part of the treatment process. Several corrective actions and plant improvements have been completed or are currently in progress.

Raw Water Intake

- Raw water pump #4 is back in service after a complete rebuild.
- Low manganese levels have allowed us to slowly reduce the Chlorine Dioxide feed.

Flocculation / Sedimentation Basins

• Sedimentation Basin 1 and 2 were both drained and cleaned. Lower manganese levels and reduced sludge production have allowed us to extend the time between cleans.

• A significant reduction has been made in the amount of alum fed. This will reduce chemical costs, sludge production, and should improve membrane performance.

Membrane Filters

- Membrane permeability has slightly declined. This is likely due to seasonal changes. Permeability declines with colder temperatures.
- Replacement membranes were delivered. Installation date is still to be determined.
- Significant repairs continue to be made on Train 2 as its performance continues to decline. Recovery after repairs has been good enough to postpone replacement.
- Several leaking header couplings were repaired or replaced.
- Train 1 influent valve is leaking. A bad actuator controller is keeping the valve from closing entirely. Replacement controller needed.
- Two leaking airlines were repaired. These repairs were made with new materials that we hope will remedy a recurring issue. Hard PVC lines have been replaced with flexible tubing and camlock fittings. This setup is easier to connect/disconnect, should reduce persistent leaks, and should reduce the number of wearable parts purchased.

Chemical Feed / CIP System

- CIP piping has a cracked flange that is leaking. This will require a significant portion of
 the piping and several valves to be taken out. A contractor has been scheduled to review
 and quote the work.
- Repairs were made to the sodium hydroxide line. A split in the tubing created a significant leak.
- We plan to begin lowering the Chlorine dose leaving the plant as temperatures drop.

Clearwell / High Service

- Clearwell pH readings have become unreliable. Calibrations and maintenance were unsuccessful. Replacements will need to be purchased for the Raw water, Clearwell, and High Service pH probes.
- High service and pre-clearwell Chlorine analyzers have both stopped reading in the last two months. Repairs were successful but the analyzers could be reaching the end of their lifespan. Repairs are expensive and replacement parts are becoming difficult to find.

- o ESG recommends investing in new reagentless chlorine analyzers.
- o A demo has been scheduled to test the Halogen HaloMP5.
 - Could be a cost-effective solution for replacement pH probes and Chlorine analyzers.

Lagoons

- Dried sludge has started to be hauled off.
- Overgrowth around the lagoons and plant perimeter have been cleared out with the bush hog.

Fleet

- Toyota Forklift received a new battery after starter was replaced.
- Later had a full inspection and tune up when it would not start.
- Breaks were then replaced after they continued to go out.
- Plant truck had a new battery installed and rear tire patched.

Projects for the coming months:

- Installing new CIP heater. Told by supplier it would be ready around 11/9.
- Installing new membranes in Train 2. No date set.
- Equipment repairs- CIP piping, membranes, valves, probes, meters.
- Inventory of backup equipment.
- New employee training and certifications

8. Presentation/Approval of 2023 Meeting Schedule

2023 SWA Board Meeting Schedule

January 9, 2023 – 5:00 P.M.

March 13, 2023 – 5:00 P.M.

May 8, 2023 - 5:00 P.M.

July 10, 2023 – 5:00 P.M.

September 11, 2023 – 5:00 P.M.

November 13, 2023 – 5:00 P.M.

^{*} The SWA Board reserves the right to continue the meeting to another time and place in the event the number of people in attendance at the meeting, including the SWA Board, staff, and members of the public exceeds the legal limits. The meeting cannot be closed to the public except by a majority vote of a quorum present for the meeting. The board can vote to go into an executive session on a legally exempt matter during a public meeting even if not advertised or listed on the agenda.

9. Presentation/Approval of 2023 Holiday Schedule

2023 SWA Holiday Schedule

- Monday, January 2 New Year's Day
- Monday, January 16 Martin Luther King Day
- Friday, April 7 Good Friday
- Monday, May 29 Memorial Day
- Monday, June 19 Juneteenth National Independence Day
- Tuesday, July 4 Independence Day
- Monday, September 4 Labor Day
- Monday, October 9 Columbus Day
- Friday, November 10 Veterans Day
- Thursday, November 23 Thanksgiving Day
- Friday, November 24 Day after Thanksgiving
- Monday, December 25 Christmas Day

10. Presentation/Approval of Amendments to ESG Operations' Management Contract

AMENDMENT No. 1 AGREEMENT BETWEEN SINCLAIR WATER AUTHORITY AND ESG OPERATIONS, LLC FOR OPERATIONS, MAINTENANCE AND MANAGEMENT SERVICES

This Amendment is made and entered into this _____day of November 2022, by and between the Sinclair Water Authority (Georgia (hereinafter the "Owner" or Authority) and ESG Operations, LLC (hereinafter "ESG"). This is Amendment No. 1 to the agreement dated the 9th day of December 2021, between Owner and ESG (the "Agreement").

NOW THEREFORE, Owner and ESG agree to amend the Agreement as follows:

REPLACE Article 4.1 with the following new Article:

4.1 The Owner shall pay to ESG a base fee for the Scope of Services defined by Section 2 of this Agreement (the "Base Fee"). The Base Fee shall not include services which are not specifically defined by Section 2 of this Agreement. The Base Fee for this Contract Year of the Agreement shall be One Million One Hundred Fifty-Four Thousand One Hundred Fifty-Two Dollars (\$1,154,152.00). The Base Fee shall be payable in advance in equal monthly installments, and for this Contract Year the monthly amount shall be Ninety-Six Thousand One Hundred Seventy-Nine Dollars (\$96,179.00). Said Base Fee shall be for the period beginning on January 1, 2023 and ending on December 31, 2023. Thereafter, the Base Fee will be negotiated or adjusted as described in Article 4.6.

REPLANCE the first paragraph of Article 4.3 with the following new first paragraph:

The Owner agrees to furnish ESG all chemicals necessary for the operation of the Project (the "Chemicals"). The Owner and ESG agree to establish annually an Annual Chemical Budget for funding the Owner's purchase of Chemicals from ESG. For this Contract Year of the Agreement (January 1, 2023, through December 31, 2023), said budget shall be \$316,000.00. This amount is included and shall be collected as part of the Base Fee as provided by Article 4.1 of this Agreement. This amount includes the costs associated with all water treatment, disinfection and processing chemicals. Collected funds in the Annual Chemical Budget account shall be the property of the Owner and shall be expended as a credit against any monthly invoice for chemicals and any applicable sales tax. Should actual Chemical costs exceed the Annual Chemical Budget, ESG shall invoice the Owner on a monthly basis for one hundred percent (100%) of amount expended over the Annual Chemicals Budget, and the Owner shall pay ESG in

accordance with Article 5.2. However, ESG shall get approval of the Owner prior to ESG incurring costs which exceed the Annual Chemical Budget.

ESG Operations, LLC and Inframark, LLC merged on October 15, 2021. The performance of day- to-day operations and services will be led by existing ESG leadership from the corporate offices which will continue to be located in Macon, Georgia. The merger will allow Inframark's shared support services centers to be leveraged for the potential benefit of the Owner. In order to achieve the potential benefits ESG Operations, LLC hereby transfers and assigns to Inframark, LLC, who will do business as "ESG Operations", all of ESG Operations, LLC's rights, title, and interest as well as all its obligations under this Agreement and Inframark, LLC assumes all of ESG Operations, LLC's obligations under this Agreement commencing and effective January 1, 2023. The Owner hereby consents to said transfer and assignment effective January 1, 2023.

All other terms and conditions remain in effect in accordance with the Agreement referenced in this Amendment.

Both parties indicate their approval of this Amendment by signature below.
