T.P. ORDINANCE 18-42

AN ORDINANCE AMENDING TANGIPAHOA PARISH ROADS, BRIDGES AND DRAINAGE REGULATIONS ON VARIOUS STREET AND ROAD REQUIREMENTS AND ALLOWING THOSE REQUIREMENTS TO BECOME CODIFIED

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, governing authority of Tangipahoa Parish, State of Louisiana that the Tangipahoa Parish Road and Bridge Regulations be hereby amended and codified as follows:

Chapter 20- TANGIPAHOA PARISH ROADS, BRIDGES AND DRAINAGE REGULATIONS

ARTICLE I. - IN GENERAL

Sec. 20-I. - Public Roads-Established

Public roads are established in the parish by LA state revised statue 48:49I. Public road does not constitute that the parish maintains a road.

Sec. 20-I.I Parish Maintained Roads

Parish Maintained roads are those that have been accepted into the parish maintenance system by virtue of an order of parish council. Parish maintenance includes, but not limited to repair, resurface, grade, vegetation control, erosion control. Parish shall not maintain roads that are not in the parish maintenance system.

Sec. 20-2 Acceptance of new streets into parish road system will have a two (2) year waiting period from the date of inspection.

All roads requesting to be accepted into the parish maintenance system shall adhere to the following requirements:

1. Road shall be designed and built in accordance with DOTD Standard Specifications unless more stringent requirements are shown herein.
2. The director of public works or his designee shall inspect the road for compliance with specifications;
3. The developer of the road shall provide a maintenance guarantee in the amount of \$45 per linear foot of hard surface road pending review of the economic index at the time of issuance of guarantee. The cost per linear foot may vary at the time of inspection The parish engineer and/or the parish inspector will verify road length.
4. The DPW shall establish the beginning date for the 2-year waiting period.
5. During this time the developer will be responsible for all road maintenance of which will include any maintenance requests made by DPW.
6. At 18 months, the parish will inspect the road and one of the following shall occur:
 - a) If it passes inspection, the inspector will re-evaluate at 24 months. If still is found to be in acceptable condition, it will be presented to the parish council for acceptance into the maintenance system.

- b) If any failures are found during the 18 month inspection, they shall be repaired by the developer or the bond shall be called in and used to make necessary improvements. The DPW and parish engineer may then reduce the amount of the bond to be pro-rated for the amount of the area that has failed, and extend that amount for an additional 18 months.
- c) If for any reason the developer does not maintain the road or repair failures before the 24 months, the bond shall once again be called in and used to make necessary improvements before taking it into the parish road system.

Sec. 20-2.I Acceptance of existing streets into the parish road system.

All existing roads and bridges to be considered for acceptance into the parish system shall meet the following requirements:

1. Be constructed and inspected according to the regulations herein, or be in acceptable condition by the DPW.
2. Age of road shall be determined by the DPW based upon inspections, aerials and other data.
3. Roads shall have been built and maintained for a minimum of 2 years.
4. Property owners must furnish a right-of-way agreement, if needed.
5. Required right-of-way is 60-foot minimum.
6. The road may be gravel, asphalt or concrete, but gravel roads built after the date of this ordinance, will not be accepted into the parish maintenance system until brought up to current standards.
7. All drainage structures shall be in good condition and of proper size with roadway ditches in place where needed (driveways, drains, etc.) as determined by DPW.
8. All buried utilities (waterlines, gas lines, electrical lines, telephone lines, cable lines, etc.) must be located behind the side drainage ditch throughout the entire roadway. If utilities are present, the property owner(s) will be responsible for relocating the utilities prior to acceptance into the parish maintenance system.

Sec. 20-17 Road Design Standards

All roads and bridges to be considered for adoption into the parish maintenance system must be designed in accordance with the DOTD Standard Specifications, unless more stringent requirements are shown herein.

Notification shall be given to the department of public works, herein known as DPW, before construction so that inspections can be made on each stage of the construction process.

Sec. 20-17.I Specifications

1. Prior to construction:
 - a) Lab tests shall be made of the indigenous soil to a depth of 18" below the bottom of the topsoil layer by a testing agent qualified to do such tests and approved by DPW.
 - b) The test shall be required at a frequency of 1 per 500' with a minimum of 2 per subdivision as required by LADOTD core samples.
 - c) Core samples shall be taken at each phase; sub-base, base and wearing course.

 - b) Cul-de-sacs and mini cul-de sacs (Knee Caps) shall be designed with the same standards as above and must have a diameter of 100' riding surface and 120' right of way.
 - c) T-Turn arounds or hammerheads shall be designed according to diagrams herein.
 6. Other
 - a) Side dressing shall be sloped 2.5%, 5' past surface;
 - b) Ditches shall be sloped 3:1;
 - c) Road grades shall conform in general to the terrain and shall be designed to ensure proper drainage.
 - d) Gravel roads will not be allowed in any parish approved subdivision or any newly constructed roads to be considered for parish maintenance.
 - e) Street jogs with centerline offsets of less than one hundred and twenty-five feet are not allowed.
 - f) A tangent at least one hundred feet long shall be used between reverse curves.
 - g) Streets will be laid out so as to intersect at right angles.
 - h) Driveways and access points at intersections will be rounded with a radius of thirty (30) feet or greater.
 - i) Street names shall be approved by the 911 office.

Sec. 20-18 Bridges

1. Newly constructed bridges or existing bridges that are on roads requesting acceptance, must be inspected by DPW and found to meet LADOTD Standard Specifications for Roads and Bridges.
2. Bridges over 20' in length will not be accepted into the parish maintenance system unless it meets federal standards for bridges.
3. Bridges shall have a minimum 22' wide riding surface.
4. If a subdivision is being proposed who's only access is by crossing a bridge that is not designed to handle large truck traffic, the developer will be responsible for bringing the bridge up to LADOTD Standards before As-built plans are signed and lots are transferred.

Sec. 20-19 Signage

1. All signage on parish roadways shall meet the Federal Highway Administrations MUTCD standards. Speed limit in all subdivisions shall be a maximum of 25 MPH.
2. Developers shall be responsible for all signage.

- 3. Development signage shall be installed before final plats are signed and recorded.
- 4. If developer chooses to use a custom design sign post, the developer or Home Owner's Association shall replace any damaged posts and a note on the final plat shall be added to state such. The DPW will only replace with standard posts.

Sec. 20-20 Parish Roadside Ditches

- 1. Any modifications to parish roadside ditches and/or the construction of parking areas in the right-of-way are prohibited without approval from the DPW.
- 2. Any culvert, dirt or other alterations that are made without the approval of the DPW shall be removed and/or corrected by the landowner. If not removed and/or corrected within thirty (30) calendar days from written notification, the DPW will remove and/or correct at the expense of the landowner.
- 3. As situations arise, the DPW may require size, materials and/or specifications other than these regulations mandate, due to the scope and nature of the situation at hand.
- 4. The following regulations are required for new driveways and access points from a parish road:
 - a) A permit is required for all culverts placed in parish roadside ditches and;
 - b) All driveway culverts shall be inspected by the DPW to verify elevations so as to allow for proper drainage.
 - c) The culvert diameter shall be determined by the DPW. If an approved subdivision plan exists with a culvert schedule, that plan must be followed;
 - d) Culverts shall meet LA DOTD standards unless more stringent requirements are shown herein.
 - e) Culverts are to be supplied by the landowner;

 - c) The minimum driveway culvert length is 20 feet. Culverts over 30' shall follow requirements for subsurface drainage;
 - d) Culvert shall meet LA DOTD standards unless more stringent requirements are shown herein.
 - e) Culverts are to be supplied by the landowner;
 - f) The DPW may install up to 30' of replacement pipe, after which the landowner is responsible for installing any additional pipe. A parish inspector may be on site for further pipe installation;
- 6. The following regulations are required for subsurface drainage or driveway culvert extensions:
 - a) Subsurface drainage includes any covering of ditches beyond the driveway width and;
 - b) A permit is required for all subsurface drainage for a fee of \$25.00;
 - c) The parish DPW may install the driveway pipe up to 30', any additional subsurface pipe will be the landowner's responsibility. A parish inspector may be on site for further pipe installation;
 - d) The culvert diameter shall be determined by the DPW. If an approved subdivision plan exists with a culvert schedule, that plan must be followed;
 - e) Culvert shall meet LA DOTD standards unless more stringent requirements are shown herein.
 - f) A catch basin or other approved clean out shall be installed every 60 feet or as determined by DPW.
 - g) The catch basin grate opening shall be equivalent or larger than the diameter of the pipe size that is to be installed, unless otherwise approved by DPW.
 - h) Culverts and catch basins will be supplied and installed by the landowner.
- 7. All driveway culverts placed in newly approved subdivisions during the period of time that the subdivision is waiting for roads to be accepted into the parish maintenance system shall meet the following requirements:
 - a) The landowner, contractor or developer shall be responsible for installing the driveway culverts and;
 - b) A permit is required at no charge;
 - c) The culvert shall be set within + 0.2' of the elevations shown on approved subdivision plans;
 - d) Culvert shall meet LA DOTD standards unless more stringent requirements are shown herein.
 - e) Culverts shall be supplied by the landowner;
 - f) Landowner, contractor or developer shall request a parish inspector to be on site when installing the culvert.
 - g) If the landowner, contractor or developer chooses to install subsurface drainage, a parish approved plan shall be followed and inspected and shall meet all requirements for subsurface drainage herein.
 - h) The developer will be required to take corrective action or make modifications requested by the DPW otherwise the DPW will have the authority to call on the existing bond.
 - i) Developer shall provide a bond covering all existing roads being affected by the development until all phases of the development are completed.

NOTE: Upon acceptance into the parish maintenance system, culverts shall be installed by the DPW in accordance with the regulations herein above.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

AN ORDINANCE AMENDING THE BOUNDARIES OF HOSPITAL SERVICE DISTRICT NO. 1 OF THE PARISH OF TANGIPAHOA, STATE OF LOUISIANA AND PROVIDING FOR OTHER MATTERS THEREWITH.

WHEREAS, pursuant to the authority set forth in Part I, Chapter 10 of Title 46 of the Louisiana Revised Statutes of 1950, as amended and the Tangipahoa Parish Home Rule Charter, the Tangipahoa Parish Council, acting as governing authority of the Parish of Tangipahoa, State of Louisiana (the "Council") created Hospital Service District No. 1 of the Parish of Tangipahoa, State of Louisiana (the "District") by an Ordinance adopted on May 17, 1954 (the "Boundary Ordinance"); and

WHEREAS, the Council may alter the boundaries of the District I, upon their own initiative under Part I, Chapter 10 of Title 46 of the Louisiana Revised Statutes of 1950, as amended; and

WHEREAS, the aforementioned boundary change will not cause an impairment of the obligations of any contract of the District; and

WHEREAS the District's initial boundaries were established by the Boundary Ordinance and which are presently described in Section 19-19I of the Tangipahoa Parish Code of Ordinances; and

WHEREAS, the Parish and the District have identified a need to expand boundaries of the District.

NOW, THEREFORE, BE IT ORDAINED by the Parish Council of the Parish of Tangipahoa, State of Louisiana, as the governing authority of the Parish, that:

SECTION 1. Section 19-19I of the Tangipahoa Parish Code of Ordinances shall be amended to read as follows:

"Under and by virtue of the authority conferred by R.S. Title 46, Chapter 10, a hospital service district is hereby created within the parish which hospital service district shall comprise and embrace all of that territory within Tangipahoa Parish south of the Township Line dividing Townships 4 and 5, which property comprises the territory beginning at a point where the northwest corner of Ward 7 meets the Livingston Parish line ("point of beginning"), from said point proceed south along the Parish line to the St. John the Baptist Parish line. Thence, east along the Parish line to the St. Tammany Parish line. Thence, north along the Parish line to the Township Line dividing Townships 4 and 5. Thence, west along the Township Line dividing Townships 4 and 5 to the Livingston Parish line. Thence, south along the Parish line to the point of beginning."

SECTION 2. Furthermore, the Council notes that the current representation on the District Board of Commissioners is held exclusively by residents and voters within the existing boundaries of the District (Ward 7). The Council wishes to allow for appropriate community representation on the District Board from the areas being incorporated into the District. To account for appropriate community representation as part of expansion of the District's boundaries, the Council hereby increases the number of members on the District Board of Commissioners to seven (7). The additional members of the District Board shall be appointed by the Council from residents and voters present within the newly expanded District, but outside of Ward 7. In conformance therewith, the Council's appointments of these additional members to the Board of Commissioners of the District shall be effective for a six (6) year term, beginning on the effective date of appointment, with future reappointments and filling of vacancies of these positions to be consistent with the framework herein, and any applicable rules. All processes for appointing residents and voters from Ward 7 to the original five (5) District Board positions shall remain unaffected now and in the future.

SECTION 3. All ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SECTION 4. If any provision of this Ordinance is held invalid, such invalidity shall not affect other provisions, items, or applications of this Ordinance, which can be given effect without the invalid provision, or application, and to this end the provision of this Ordinance are hereby declared severable.

SECTION 5. The Chairman and Secretary of the Governing Authority, along with the Parish President are further authorized and directed to do any and all things necessary and incidental to carry out the provisions of this Ordinance.

T.P. ORDINANCE NUMBER OF 18-48

"AN ORDINANCE TO REVISE, AMEND AND REENACT SECTIONS 18-2, 18-4.1, 18-4.2 and 18-7 OF ARTICLE I OF CHAPTER 18 OF THE TANGIPAHOA PARISH CODE OF ORDINANCES AS RELATE TO LITTERING"

WHEREAS, Sections 18-2, 18-4.1, 18-4.2 and 18-7 need to be amended, revised and herein reenacted;

THEREFORE, BE IT ORDAINED by the Tangipahoa Parish Council, the legislative branch of parish government, which along with the Parish President of Tangipahoa Parish, Louisiana constitute the parish government, the said Tangipahoa Parish Council-President Government having a Home Rule form of government and acting pursuant to the authority of that Home Rule Charter which became effective on October 27, 1986 as follows:

That Sections 18-2, 18-4.1, 18-4.2 and 18-7 of Article I of Chapter 18 of the Tangipahoa Codes of Ordinances relating to litter are hereby revised, amended and reenacted o read as follows:

Sec. 18-2 - Definitions as to littering.

Words and phrases shall be construed according to the common and approved usage of the language but technical words and phrases and such others as may have acquired a peculiar and appropriate meaning in law shall be construed and understood according to such meaning.

Furthermore, the following words and phrases as used in Sections 18-1 et seq. shall have the following meanings, to-wit:

Commercial Garbage means litter improperly discarded by a business, corporation, company, association, partnership, sole proprietorship or any other entity conducting business for economic gain or by an employee, representative, officer or agent of the entity. Discharging means any placing, putting or dropping of garbage.

Ditch means any natural or dedicated area which provides the containment or flow of water from rain or adjacent drainage areas of waterways such as streams, creeks, ponds, lakes or rivers.

Drainage area means an area maintained for the purpose of channeling or preventing accumulation of water from surrounding land.

Easement means a designated right to use the property of another for a specific purpose, for example, drainage, utility easement or road easement.

Garbage means any refuse, animal or vegetable matter, including bones, skin, hide, viscera or any animal organ or tissue, any waste material of any nature, kind or description, specifically including but not limited to any paper, metal or glass item, any rubbish, any worn out, broken or worthless item of matter.

Littering means any throwing, dropping, depositing, discarding or permitting the intentional or careless accidental ejection, emission or escape of or otherwise disposing or placing, putting or unloading of garbage in any public place in Tangipahoa Parish, or upon any private property located in the parish whether from a vehicle, boat or otherwise, including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street or alley, except in an area designated for regular garbage pickup or the legal disposal of garbage at the parish landfill or when litter is placed into a litter receptacle.

Median/neutral ground means the area divided or separating a roadway and not used for right of passage.

Person(s) used herein refer to both an individual human being and/or a juridical entity such as a corporation, company, association, partnership and/or any other type of entity.

Public highways means any public way for vehicular traffic including the entire area dedicated thereto and the bridges, culverts, structures, appurtenances and features necessary to or associated with its purpose. The term public highway shall include the right-of-way, ditch, shoulder of the road and all other servitudes, easements, drainage areas and/or neutral grounds associated with the said right-of-way for public highway.

Right-of-way means any public way, street, road, alley, easement, servitude or access which was dedicated to or acquired by the public to provide means of access to abutting properties, whether paved, improved or unimproved, including those areas dedicated for proposed or future usage.

Roadside/road shoulder means a natural or dedicated area or areas which are parallel, contiguous to, abut, adjoin, border, edge, connect or approach any public right-of-way, road, street or highway.

Servitude means a right-way through or across property belonging to another.

Sec. 18-4.1 - Commercial littering prohibited; civil penalties, indemnification; special court costs.

a) No person shall dispose or permit the disposal of litter resulting from industrial, commercial, mining, or agricultural operations in which the person has a financial interest upon any public place in the Parish of Tangipahoa, State of Louisiana, upon private property in this state not owned by him, upon property located in rural areas in this state not owned by him, or in or on the waters of this state, whether from a vehicle or otherwise, including but not limited to any public highway, public right-of-way, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley, except when such property is designated by the state parish or municipal government or by any of their agencies or political subdivisions for the disposal of such items and such person is authorized to use such property for such purpose.

b) No person shall operate any truck or other vehicle on any highway in such a manner or condition that litter resulting from industrial, commercial, mining, or agricultural operations in which the person is involved can blow or fall out of such vehicle or that mud from its tires can fall upon the roadway.

c) If the litter is disposed of from a motor vehicle, boat, or conveyance, except a bus or large passenger vehicle or a school bus, all as defined by R.S. 32:1, there shall be an inference that the driver of the conveyance disposed of the litter. If such litter was possessed by a specific person immediately before the act of disposing, there shall be a permissive rebuttable presumption that the possessor committed the act of disposing.

d) When litter disposed in violation of this Section is discovered to contain any article or articles, including but not limited to letters, bills, publications, or other writings, which display the name of a person or in any other manner indicate that the article belongs or belonged to such person, there shall be a permissive rebuttable presumption that such person has violated this

Section.

e) A person shall be jointly and severally liable for the actions of its agents, officers, and directors for any violation of this Section by any agent, officer, or director in the course and scope of his employment or duties.

f) The person shall be cited for the offense by means of a citation, summons, or other means provided by law.

g) Any person found liable under the provisions of this Section shall:

- (1) For any violation, pay a penalty of one hundred dollars.
- (2) Repair or restore property damaged by or pay damages for any damage arising out of the violation of this Section.
- (3) Pay all reasonable investigative expenses and costs to the investigative agency or agencies.
- (4) Pay for the cleanup of the litter unlawfully discarded by the defendant.

h) Any person found liable under the provisions of this Section shall pay special court costs of fifty dollars in lieu of, other costs of court which shall be disbursed as follows:

- (1) Twenty dollars shall be paid to the justice of the peace.
- (2) Twenty dollars shall be paid to the office of the constable.
- (3) Ten dollars shall be paid to the justice of the peace for clerical supplies.

i) A person may be held liable and fined a civil penalty under this Section although the commission of the offense did not occur in the presence of a law enforcement officer if the evidence presented to the court establishes that the defendant has committed the offense.

j) For the purposes of this Section each occurrence shall constitute a separate violation.

Sec. 18-4.2.- (Repealed.)

This section is repealed from parish law.

Sec. 18-7. -Criminal Penalties.

Persons found criminally liable under the provisions of this Article I. of Chapter 18 shall be punished by the assessment of the following criminal penalties:

1. For a first violation, such person shall be fined seventy-five (\$75.00) dollars and must perform sixteen (16) hours of community service in a litter abatement work program.
2. For a second violation and each subsequent violation, such person shall be fined five hundred (\$500.00) dollars and must perform twenty-four (24) hours of community service in a litter abatement work program.

IT IS FURTHER ORDAINED by the Tangipahoa Parish Council that this ordinance, having been duly introduced, having been the subject of a public hearing and having been passed into law thereafter be promulgated by publication of notice of its passage along with a complete copy of the ordinance in the official journal of the Tangipahoa Parish Council-President Government and after thirty (30) days from this publication, it shall take effect and be in full force and effect.

The above and foregoing ordinance having been duly submitted to the Tangipahoa Parish Council in writing; introduced at a public meeting of the Tangipahoa Parish Council; discussed at a duly scheduled and noticed public hearing; after motion and second was submitted to the official vote of the Tangipahoa Parish Council.
