RE: Dangerous Structure: 42147 Range Road, Ponchatoula, La. 70454

Assessment # 1714406

To whom it may concern:

The previously referenced property was reported to Tangipahoa Parish Blighted Property Enforcement regarding a violation of an unsafe and dangerous structure.

The office performed an inspection of the property and noted several deficiencies in the floor system, walls, and other components required for a structurally sound dwelling that have been compromised and therefore unfit for occupancy. It is our concern that the condition of this property has reached such a dilapidated condition that it is a safety hazard that poses an immediate danger to the public welfare/safety of the residents in the surrounding community.

A condemnation hearing has been scheduled for Monday, October 24, 2022, 5:30PM, with the Tangipahoa Parish Council at 206 E. Mulberry Street, Amite, La. 70422. You shall be required to attend, providing a detailed response to the property in question.

If you would like to discuss this matter with the Tangipahoa Parish Certified Building Official, Nic Leblanc, he can be reached at 985-542-2117 or nleblanc@tangipahoa.org

Subject: 44346 Easy Street Hammond Charlie Moore

To whom this may concern. I, Charlie Moore, am writing this letter to request that I be granted permission to receive all needed clearance to move into our home located at 44346 East St Hammond LA 70403. Last year our home was destroyed during the hurricane season by a tree falling through it. I instantly was displaced and had to relocate to Houston, Texas along with my 9 year old son. One of our family members was gracious enough to allow us to stay with them temporarily. With every intent to return back to your beloved city of Hammond, I started looking for a place to purchase so that I could provide my son with some sort of normalcy again. I was so happy when I found this home as I seen so much potential and it appeared to be a quick path back home. I went out and secured a loan to purchase this home and land Exceeding 40k. I closed on and instantly started doing what I thought was the right thing to do with getting all my utilities connected. It was at this last and final point of getting electricity, I ran into issues with getting it connected. I was told that an ordinance was put in place and zoning had changed 2 months again and my home was located on the property illegally. I had no knowledge of all of this as I have been displaced by the storm. This whole situation has been challenging due to several obstacles with me being so far away from home trying to take care of business, me being limited to financial resources as I am on social security disability, and also the stress of being separated from my son for periods of time when I would have to return back to Hammond. I was born and raised in Hammond. And I wanted nothing but to return home and continue enjoying the city that I love so much. I request once again that I be granted permission to proceed with getting electricity connected to my home so we can move back to Hammond.
