Re: Gulf Coast Cabinetry – Request to Appeal Planning Commission Decision

Dear Mr. Vial:

On August 11 at a special meeting of the planning commission, the commission voted to deny approval for the site plan for Gulf Coast Cabinetry. We are of the opinion that we meet all parish ordinances. We believe we have followed all of the proper procedures, meet all of the required provisions of the ordinance, and have received the proper approvals up to this point. It is our understanding the planning commission voted to deny the project due to flooding and drainage concerns. However, we previously have received approval from the drainage district which addressed the flooding and drainage concerns. Based on the drainage district approval and the fact that we believe we meet all the parish requirements for approval, we request that the council hear an appeal of the planning commission's decision in accordance with T.P. Ordinance No. 20-19, Sec. 17-1.4. We would like to request that this be considered at the August 24<sup>th</sup> council meeting. Thank you in advance for your consideration.

Please feel free to call or contact our office if you have any further questions or comments.

Sincerely and Respectfully,
