RE: Recommendation of Condemnation:

Assessment # 6354602/443018

Council Chairman Hon. David Vial,

The previously referenced case was reported to the Tangipahoa Parish Blighted Property Division regarding an unsafe structure building located on the property at 11037 Conti Rd. Amite, La. 70422

On May 25, 2023, Blighted Property Division personnel posted a Red Placard/Sign notifying the owner to contact our office. Tangipahoa Parish Assessment indicates the owner as McCorkle Willie J & Carolyn B. Communication has been made with the owner for the immediate need for remediation. As indicated by the pictures attached; the roof, walls, and other components required for a structurally sound dwelling have been compromised and therefore is unfit for occupancy. In addition, the structure in its current, dilapidated condition creates a safety hazard which could endanger the public welfare of the residents in the surrounding community.

During May and June 2023, Blighted Property Division personnel visited this property on several occasions with no reported progress on remediation.

This office is recommending your approval for condemnation, demolition, and removal of the structure.

The facts regarding this case have been reviewed by the Building Official and the Parish President. Their signatures below indicate concurrence of this request as per Tangipahoa Parish Ordinances, Article III, Sec. 12-57. - Authority of parish government.

AN ORDINANCE AMENDING AND ENACTING CHAPTER 42 – STREETS, ROADS, SIDEWALKS AND DRAINAGE, ARTICLE I-IN GENERAL, SECTION 42-16-INSTALLATION AND CONSTRUCTION OF DRIVEWAYS, CULVERTS, ETC – MATERIAL STANDARDS

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, State of Louisiana, acting as the Governing Authority thereof revises and amends the Tangipahoa Parish Code of Ordinance as follows:

Chapter 42 STREETS, ROADS, SIDEWALKS, AND DRAINAGE

ARTICLE I. IN GENERAL

Sec. 42-16. Installation and construction of driveways, culverts, etc.

- (a) All citizens are hereby required to submit an application through Department of Public Works (DPW) before installing any culverts or subsurface drainage or building any bridge or filling in any ditch along parish roadways.
- (b) Construction shall be subject to the following restrictions:
 - (1) The applicant is the owner of the property and any driveway constructed is for the bona fide purpose of securing access to his property.
 - (2) No driveway, approach or other improvement constructed on the right-of-way as an exercise of this permit shall be relocated or its dimensions altered without the written permission of the parish council permit officer.
 - (3) All driveways, etc., shall be subject to inspection and the right is reserved to require such changes, additions, repairs, and relocations to be made as may at any time be considered necessary.
 - (4) The applicant agrees to hold harmless the parish council and its duly appointed agents and employees against any action for personal injury or property damage sustained by reason of the exercise of this permit.
 - (5) The minimum driveway width installed per residence is 20 feet.
 - (6) The construction of parking areas on the highway right-of-way is specifically prohibited.
 - (7) Drainage in roadside ditches shall not be altered or impeded.
 - (8) All entrances and exits shall be located so that vehicles approaching or using them will be able to obtain adequate sight distance in both directions along the road to maneuver safely and without interference with traffic.
 - (9) The minimum culvert diameter installed shall be determined upon the initial inspection by the parish road supervisor. ~~Materials used shall be metal or concrete, with all other materials prohibited.~~ Culvert material shall meet the latest La DOTD material standards unless a more stringent requirement is specified.
 - (10) The parish will install driveway culverts free of charge. This includes labor and back fill only, no other materials (gravel, culverts, etc.) will be furnished by the parish. Subsurface drainage systems will not be installed by the parish, see section 42-24.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

T. P. Ordinance No. 23-40

AN ORDINANCE TO GEOGRAPHICALLY MERGE PRECINCTS AND ESTABLISH POLLING LOCATIONS FOR TANGIPAHOA PARISH

WHEREAS, by adoption of Ordinance 22-76 on December 12, 2022, which ordinance was signed by the Parish President on December 15, 2022, the Tangipahoa Parish Council adopted a redistricting plan for use beginning with the regular elections in the Fall of 2023; and

WHEREAS, to accomplish the redistricting the Tangipahoa Parish Council had to create fourteen additional precincts, which was accomplished also in Ordinance 22-76; and

WHEREAS, in order to make the election process in Tangipahoa Parish more efficient, the Tangipahoa Parish Council adopted Ordinance 23-25 to geographically merge precincts, to the extent that is practical and authorized by Louisiana law; and

WHEREAS, in order to make the election process in Tangipahoa Parish more efficient, the Tangipahoa Parish Council now seeks to geographically merge additional precincts, to the extent that is practical and authorized by Louisiana law; and

WHEREAS, the Tangipahoa Parish Council is required to provide descriptions of each geographically merged precinct, to the extent that is practical and as authorized by Louisiana law; and

WHEREAS, the Tangipahoa Parish Council then needs to assign polling locations to each of the precincts created.

THEREFORE BE IT ORDAINED, by the Tangipahoa Parish Council, governing authority of Tangipahoa Parish, State of Louisiana, that the Tangipahoa Parish Council, hereby geographically merges the precincts and provides for polling locations as set forth in Attachment A.

BE IT FURTHER ORDAINED, that the Tangipahoa Parish Council hereby restates the written descriptions of the effected precincts as set forth in Attachment B.

BE IT FURTHER ORDAINED, that the digital shape files of the entirety of all Tangipahoa precincts shall serve as the formal definition and representation thereof, with the written descriptions contained herein being merely descriptions thereof.

BE IT FINALLY ORDAINED, that the precincts as set forth in the Attachments hereto, shall first take effect, for all purposes, with respect to the regularly scheduled elections in the Fall of 2023. This ordinance having been submitted in writing, having been introduced at a public meeting of the Tangipahoa Parish Council, discussed at a public hearing of said council and was submitted to an official vote of the Tangipahoa Parish Council.

T. P. Ordinance No. 23-41

AN ORDINANCE AMENDING AND ENACTING CHAPTER 36 – PLANNING AND DEVELOPMENT, ARTICLE IV-STANDARDS FOR SUBDIVISION OF PROPERTY, SECTION 36-90-MINOR SUBDIVISION STANDARDS

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, State of Louisiana, acting as the Governing Authority thereof revises and amends the Tangipahoa Parish Code of Ordinance as follows:

Chapter 36 PLANNING AND DEVELOPMENT

ARTICLE IV. STANDARDS FOR SUBDIVISION OF PROPERTY

Sec. 36-90. Minor subdivision standards.

- (a) *General standards for minor subdivisions pertaining to the division and partition of property.*
- (1) *Generally.* Minor subdivisions are considered the following:
- Residential minor partitions known as mini partitions and small partitions.
 - Minor commercial partitions.
 - These types of divisions can be administratively approved and must be submitted on 11-inch by 17-inch sheets for review. These subdivisions shall follow the following requirements unless otherwise specified in this subsection.
- (2) *Frontage.* Lots shall have a minimum road frontage of 125 feet on a publicly maintained road or existing private road as recorded with the parish's 911 office prior to the date of the adoption of the ordinance on January 23, 2023.
- (3) *Total square footage.*
- Residential minor partitions.* Lots shall have a minimum total square footage of 21,780 square feet or one-half acre.
 - Minor commercial partitions.* Lots shall have a minimum total square footage of 43,560 square feet or one acre.
- (4) *Residential minor partitions.* A minimum 60-foot width must be provided for any new right-of-way or private road for road access, drainage, utilities and sewage. This must be provided for any new lots not fronting on an existing publicly-maintained road, or existing private road. Lots may be allowed on existing publicly maintained roadways or on existing private recorded with the 911 office prior to the date of the adoption of the ordinance (January 23, 2023) from which this chapter is derived, provided each type meets the minimum infrastructure requirements. Future divisions proposed within ten years of original approval must follow all major subdivision regulations including planning commission approval.
- Mini partitions fronting on a public road.* Shall have 125-foot road frontage on an existing publicly maintained right-of-way, minimum total square footage of 21,780 or one half acre.
 - A minimum of three acres will be allowed to be divided with a 60-foot access servitude with a maximum of two lots. Minimum front of 125 feet is required.
 - Mini partition fronting on a private road.* A private road can be existing with a minimum of 60-foot width in accordance with chapter 42 and appendix C. The road must be recognized by 911 and public works.

A 20-foot wide easement dedicated for sewer leading to a publicly maintained waterway shall be required to be identified on an existing private road. These proposed subdivisions as defined in this subsection shall meet the standards of section 36-89(d), subsection (a) of this section.

The survey must include a note saying, "After this property division, no further division is allowed within ten years or until the private road is upgraded to parish construction standards." Roads in this type of partition may be paved or gravel surfaced. Prospective owners must be advised of public service restrictions as stated in section 36-89(d).
Previous Planning Department approved divisions of property must have lapsed 10 years from approval date to allow any future divisions.

 - A tract of land consisting of four to ten acres and fronting on a private road may be subdivided into parcels of 80,000 square feet with 200 feet minimum of frontage on the private road. (lots are approximately 1.8 acres)
 - A tract of land consisting of ten to 20 acres and fronting on a private road may be subdivided into no more than five parcels of at least four acres with each parcel having a minimum of 200 feet of frontage on the private road.
 - A tract of land consisting of 20 to 35 acres and fronting on a private road may be subdivided into no more than seven parcels of at least five acres with each parcel having a minimum of 250 feet of frontage on the private road.
 - A tract of land consisting of 35 to 60 acres and fronting on a private road may be subdivided into no more than ten parcels of at least six acres with each parcel having a minimum of 300 feet of frontage on the private road.
 - A tract of land consisting of 60 acres or more fronting on a private road may be subdivided into no more than ten parcels of at least ten acres with each parcel having a minimum of 400 feet of frontage on the private road.
 - The survey must include a note saying, "After this property division, no further division is allowed until the private road is upgraded to parish construction standards."
 - Road in this type of partition may be paved or gravel surfaced. Prospective owners must be advised of public service restrictions as stated in section 36-89(d).

- c. *Small partitions.* Creating new 60-foot rights-of-way or private roads for property division are not allowed. Any new lots created by these partitions must have frontage on existing roads. If not on an existing right-of-way (public or private) then the partition must follow the major subdivision regulations.
 - (5) *Residential minor partition setbacks.* Side and rear setbacks shall be ten feet from the property line. The front setback shall be a minimum of 25 feet from public right-of-way lines. In cases when the right-of-way lines cannot be determined, the setback line will begin 18 inches behind the back slope of the drainage ditches.
 - (6) *Minor commercial partition setbacks.* Minor commercial setbacks shall follow all prescribed setbacks and buffer area requirements as set forth in this chapter.
 - (7) *Residential minor partitions.* Any partition seeking administrative approval and not meeting the standards of this subsection shall be required to seek planning commission approval.
 - a. Planning commission approval for minor partitions must meet current lot size and frontage requirements as identified in section 36-91(d)(3) and (4); and
 - b. The applicant may be required to provide any other information requested by the planning commission.
 - (8) *Exceptions.*
 - a. Divisions for utility placement do not have specific size requirements.
 - b. Residential minor partition lots that obtain access at the dead end of a road shall have no minimum frontage required.
 - (9) *Planning commission approval; when required.* Amendments to any required statements on minor partitions require planning commission approval.
 - (10) All minor subdivisions point of egress and ingress shall be upon a public right-of-way with a minimum average paved surface width of 16 feet. If the average width of the paved surface is less than 16 feet, the developer shall be responsible for obtaining the necessary right-of-way expansions and shall bear the costs of any expansion of the right-of-way and widening of the paved surface. In the event an expansion is necessary, the widening shall be performed the full length of the frontage road to the next major intersection of a publicly maintained right-of-way.
 - (11) *Structures.* All surveys must show any structures that are as close as ten feet of said setbacks set herein.
- (b) *Mini partitions.*
- (1) A mini partition creates a minimum of two but no more than four new lots of record.
 - (2) A 60-foot right-of-way or private road dedicated for road access, utilities and sewage leading to a parish-maintained road is allowed to be created if the original parcel to be divided is a minimum of three acres or more.
 - (3) The following statements shall be added to the property deed and plats of mini partitions, as applicable and recorded:
 - a. Any newly created right-of-way or private road dedicated for a mini partition that does not meet parish specifications for road construction will not be accepted into the parish maintenance system.
 - b. Future divisions proposed within ten years of original approval must follow any additional regulations based on total number of lots including original partition. For example: additional divisions (including original partition) of lots over four but no more than eight must be considered a small partition and those regulations would apply. Additional lots (including original partition) over eight would be a major subdivision.
- (c) *Small partitions.*
- (1) A small partition creates a minimum of five lots, but no more than eight new lots of record.
 - (2) Lots may be allowed on existing publicly maintained roadways or on existing private roadways recorded with the 911 office prior to the date of the adoption of the ordinance (January 23, 2023) from which this chapter is derived, provided each type meets the minimum infrastructure requirements and provides all the following:
 - a. A wetlands jurisdictional determination, in writing from the corps of engineers, is obtained;
 - b. A comprehensive drainage plan is presented, detailing where sewer effluent will be received by a public, maintained waterway and any major utilities.
 - c. Such small partitions may be approved by the parish engineer and a representative of the office of community development, without having to be presented to the planning commission;
 - d. All such small partitions must be filed with the parish clerk of court before any permits will be issued. The appropriate checklist shall be completed and submitted with four copies of the plat, drawn on a sheet measuring 24 inches by 36 inches; and
 - e. The same regulations apply to a private small partition except the lots may front on an existing private road with each lot consisting of four acres or more. Lots fronting on a cul-de-sac must have no less than 60 feet of frontage. Roads in a private small partition may be paved or gravel surfaced. Prospective owners must be advised of public service restrictions as stated in the gated and private communities regulations.
- (d) *Minor commercial partitions.* General minor commercial partitions result in the creation of two lots, but not exceeding four lots fronting on an existing road for access with the intended purpose of commercial developments being constructed on these lots.
- (1) Lots sizes meet the minimum 125 feet of road frontage.
 - (2) Each lot must be a minimum of one acre each.

- (3) These subdivisions are considered minor subdivisions and may be approved administratively upon signature by the ~~parish engineer, community development director and drainage district administrator, if applicable.~~ **Planning Department**
- (4) All such partitions must be filed with the parish clerk of court before any commercial development permits will be issued.
- (5) A wetlands jurisdictional determination, in writing from the Corps of Engineers, is obtained.
- (6) Sewerage discharge verification is not required for the approval of these subdivisions. Details concerning where sewer effluent will be received by a public, maintained waterway will be required at the time of the commercial development plan.
- (7) The survey plat shall state that the lots are for the intended purpose of commercial development. No single-family residential houses or multifamily residential developments shall be allowed on parcels.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

This ordinance, having been submitted in writing, having been introduced at a public meeting of the Tangipahoa Parish Council, discussed at a public hearing of said council and was submitted to an official vote of the Tangipahoa Parish Council.

On motion by_ and seconded by _, the foregoing ordinance was hereby declared adopted on this 10th day of July, 2023 by the following roll-call vote:

T. P. Ordinance No. 23-42

AN ORDINANCE AMENDING AND ENACTING CHAPTER 36 – PLANNING AND DEVELOPMENT, ARTICLE V-STANDARDS FOR DEVELOPMENT OF PROPERTY, SECTION 36-115-SPECIAL USE RESIDENTIAL COMMERCIAL DEVELOPMENTS

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, State of Louisiana, acting as the Governing Authority thereof revises and amends the Tangipahoa Parish Code of Ordinance as follows:

**Chapter 36 PLANNING AND DEVELOPMENT
ARTICLE V. STANDARDS FOR DEVELOPMENT OF PROPERTY**

Sec. 36-115. Special use residential commercial developments.

- (a) *RV parks/recreational camping grounds requirements.*
- (1) Maximum number of lots per acre will be eight spaces.
 - (2) Clear space for auto, trailer and/or tent.
 - (3) Potable water supply at each campsite.
 - (4) Toilet and lavatory facilities in central areas, with minimum of one toilet and lavatory per ten sites.
 - (5) Electrical services will be provided to each site and all areas must be adequately lighted at night.
 - (6) Adequate commercial dumpsters for solid waste disposal shall be provided by the park owner and located no closer than 50 feet to a public servitude.
 - (7) A six-foot wood, privacy fence is required on each side and rear property line of the park and shall be maintained. If the fence is not erected, permits for said park will not be issued and if the fence is not maintained, further permits for said park will not be issued. There shall be a 50-foot front setback from the right-of-way.
- (b) *Manufactured and mobile home park requirements.*
- (1) For the purpose of these mobile home park standards the development shall be called park and each manufactured or mobile home shall be called a home and the area designated for a home shall be considered a lot.
 - (2) Fences and buffers.
 - a. A six-foot privacy fence of wood, metal or other compatible material approved by the planning commission shall be installed on all boundaries except the front.
 - b. The planning commission may waive the fence requirement for the following situations:
 1. Any boundary that borders adjacent land owned by the developer at the time of construction.
 2. Any boundary that borders rivers, canals or other unique natural features that will separate the park from adjacent parcels.
 3. A permanent buffer is maintained according to these regulations.
 - c. The fence shall be maintained in a structurally safe and attractive condition in order for permits to be issued.
 - d. Fences shall be six inches from the property line for sides and rear and 50 feet from the front property line.
 - e. Additional plat requirements. A statement shall be added on the plat:

"Lots created on this plat are for design layout and are not intended to become a legally recorded lots of record."
 - (3) Base flood elevation mark provided by a licensed engineer or registered surveyor if property is in a flood zone "A" or "AE."
 - (4) Electrical services will be provided to each site and all areas must be adequately lighted at night.
 - (5) Restrictions must be adopted and must require the manufactured homeowner to have approved manufactured skirting that will enclose the entire opening under the manufactured home.
 - (6) The minimum lot site will be 60 feet by 100 feet.
 - (7) Maximum number of lots per acre will be three spaces, and 30 lot/units per parcel max.
 - (8) The space shall have compacted clay material shaped to drain as a pad.
 - (9) There shall be a 50-foot setback from the right-of-way on the front of the park. No structures shall be built in the setback. Landscaping, park name signs, and mail receptacles will be permitted in the setback space. If the owner builds a fence across the front of the park, it must be behind the 50-foot setback.
 - (10) Adequate commercial dumpsters for solid waste disposal shall be provided by the park owner and located no closer than 50 feet to a public servitude.
 - (11) The manufactured home park shall be no less than three acres and one-tenth of the area shall be green space and/or playground area.
 - (12) The park shall have hard-surfaced roadways with a 35-foot right-of-way with 18-foot riding surface inside the park.
 - (13) Streets exceeding 500 feet in length must end in a cul-de-sac with a 60-foot radius within a 70-foot radius right-of-way or a "T" turn-around 20 feet wide by 80 feet long within a 30-foot by 90-foot right-of-way.

- (14) The name of the mobile home park shall be constructed of block masonry or brick and be within 25 feet of the entrance to the park.
- (15) Security lighting shall be installed on every other utility company pole in park.
- (16) No electrical permits shall be issued until approved by the parish engineer.
- (17) Exceptions for manufactured home parks.
 - a. No existing manufactured home park may be expanded or extended beyond the capacity of the existing sewage treatment system. An existing manufactured home park may be expanded or extended up to the capacity of the existing sewage treatment system using the same requirements as the existing manufactured home park as long as no additional property is being purchased or added to the original parcel.
 - b. Manufactured home parks and recreational camping grounds are defined in section 36-9 and shall include that a manufactured home park shall only be used for the placement of manufactured homes and shall not be used for the placement of recreational vehicles or travel/camping trailers.
 - c. A six-foot wood, privacy fence is required on each side and rear property of the park and shall be maintained. If maintenance is required and not done, permits for said park will not be issued.

(18) Any change in ownership or name of a manufactured home park must install the required fencing around the perimeter of the park.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

This ordinance, having been submitted in writing, having been introduced at a public meeting of the Tangipahoa Parish Council, discussed at a public hearing of said council and was submitted to an official vote of the Tangipahoa Parish Council.

T. P. Ordinance No. 23-43

AN ORDINANCE AMENDING AND ENACTING CHAPTER 36 – PLANNING AND DEVELOPMENT, ARTICLE VII-APPROVAL PROCESS AND PROCEDURES, SECTION 36-172-PROCEDURAL PROCESS FROM SUBDIVISION OF PROPERTY

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, State of Louisiana, acting as the Governing Authority thereof revises and amends the Tangipahoa Parish Code of Ordinance as follows:

Chapter 36 PLANNING AND DEVELOPMENT

ARTICLE VII. APPROVAL PROCESS AND PROCEDURES

Sec. 36-172. Procedural process for subdivision of property.

- (a) *Special use subdivisions prior to October 9, 2001* **will be** exempt from review and approval. To allow certain special use subdivisions, as defined in section 36-9 to include manufactured home parks that have presented plans ~~and have been granted a newer permit letter from the department of health and hospitals before October 9, 2001,~~ will not be required to have approval from the planning commission. ~~to increase the number of lots that were not developed at the initial time of approval from the department of health or Tangipahoa Parish Sewerage District No. 1 original flow rate.~~ This approval does not include parks that are upgrading or installing a new sewage ~~not previously approved.~~ This also does not include any changes to the original plans. If the developer decides to make changes or upgrade/install sewerage ~~he~~ shall obtain approval from the planning commission and follow the development regulations in effect at the time. Manufactured Home parks developed prior to Planning Commission authority shall not expand their unit count greater than units currently served. All units replacing single family units to be replaced by single family units.
- (b) *Optional administrative review procedure.*
- (1) *Conceptual plan review.* The **Planning** department ~~of community development~~ will provide an informal review of any proposed subdivision of property. The developer should call and make an appointment for a conceptual review. There is no required application for a conceptual review. There are no submittal requirements for a conceptual plan review. There is no written review summary provided by the department of community development. The review will focus on the conceptual plan, requirements and procedures needed for formal submittal and approval.
- (c) *Administrative review approvals.*
- (1) *Minor subdivisions.*
- a. Minor subdivisions that follow may be approved by the **Planning Department** ~~community development office~~ without submittal to the planning commission for review. The following are considered minor subdivisions.
1. Mini partitions.
 2. Small partitions.
 3. Minor commercial partitions.
- b. New minor subdivisions shall meet the minor subdivision standards in article IV of this chapter for mini partitions, small partitions, and minor commercial partitions.
- c. Minor subdivision applications.
1. Submit the completed minor subdivision application with appropriate fees.
 2. Submit the listed documents on the instructions for the type of the minor subdivision requesting review.
- (2) *Amendments to lots of record.*
- a. The realignment or shifting of lot boundary lines, including removal, addition, alignment, or shifting of interior lot boundary lines, or the redesignation of lot numbers, provided the application meets the following requirements:
1. Does not involve the creation of any new public street or other public improvement except as otherwise provided in this section;
 2. ~~Does not involve more than two acres of land or three lots of record;~~
 3. Does not reduce a lot size below the minimum area or frontage requirements established by this chapter; and
 4. Otherwise meets all the requirements of this chapter.
- b. Modifications of approved subdivision. The planning department is authorized to approve minor modifications to an approved subdivision. All modifications not listed as minor in this subsection shall be considered by the body that approved the original subdivision. The following modifications shall be considered minor:
1. Additional or change in the easements sizes that do not affect the general placement of buildings or general location of roadways;
 2. Reduction in the number of lots;
 3. Reduction of length of streets; or
 4. Modification of public utility service.
- c. Any resubdivision of land that consolidates a number of lots into a smaller number of lots and does not involve any new development only requires administrative approval. Any amendment to a lot of record that involves changes only to the metes and bounds,

changes to easements or rights-of-way, either private or public, only requires administrative approval.

- d. All amendments to lots of record shall require a completed application and submittal of the required documents as stated in Appendix A to the ordinance from which this chapter is derived.

(d) *Planning commission approvals.*

- (1) General design and improvement standards. Minor modifications to the minimum subdivision lot standards so as to reduce lot dimensions and area of no more than two lots per subdivision. Each lot so modified shall be within ten percent of the standard minimum lot dimension and area. Small partition subdivision and mini partitions are excluded from these considerations.
- (2) Planning commission approval is required for the following types of subdivisions of land and must follow the procedures for preliminary approval, final approval, and as-built of infrastructure approval:
 - a. Major subdivisions consist of creating ~~nine~~ **ten** lots or more.
 - b. Major commercial subdivisions.
 - c. Townhouses-recognized as major subdivisions herein.
 - d. Amendments to existing major subdivisions. These are recognized as existing developments and shall follow all standards as such.
- (3) Preliminary approval request.
 - a. The subdivisions listed in subsection (d)(2) of this section shall meet the standards in article V of this chapter.
 - b. The owner/developer shall complete the application for preliminary approval and pay fees at time of notification to the planning commission.
 - c. The owner/developer shall submit preliminary plans meeting the requirements listed in Appendix A to the ordinance from which this chapter is derived for technical review committee preliminary approval at time of notification to the planning commission.
- (4) Special written notification requirements for development of land.
 - a. The developer/owner or his agent shall give 30 days' advance written notice by certified mail to all adjacent property owners of any new proposed development requiring a public hearing as per this chapter. The letter must include the date, time and place of the planning commission public hearing and a narrative description of the proposed development with contact information for developer/owner and the planning department.
 - b. For proposed development containing more than 50 multifamily dwellings units, **50 single family dwellings** or mobile home parks containing more than 50 living units or mobile homes, the following additional public notifications shall be required when the parish engineer or ~~community development~~ **Planning** director determines that cooperation between the parish and any incorporated area within the parish is necessary to address adequate infrastructure needs of the proposed development.
 1. The developer, owner or his agent shall be required to give 30 days' advance written notice by certified mail of the proposed development, including the date, time and place of the planning commission public hearing and a narrative description of the proposed development and provide contact information to:
 - (i) The mayor or chief executive officer of any incorporated area of the parish within 1,000 feet of the proposed subdivision providing that the incorporated area agrees to notify the parish government of any such development that is within 1,000 feet inside the corporation limit;
 - (ii) The parish council representative whose council district includes such proposed subdivision;
 - (iii) The fire district administrator whose fire district or primary coverage area includes the proposed subdivisions;
 - (iv) The school board superintendent and district representative whose school district includes the proposed subdivision;
 - (v) The parish water district or other community water provider unless the developer plans to install a private community water system;
 - (vi) The parish sewer district.Any comments resulting from this notification must be presented to the parish engineer and ~~community development~~ **Planning** director within ten days of the notifications.
 2. Copies of certified mail receipts shall be provided to the planning department for the record.
- (5) New subdivision notification signage requirements.
 - a. The developer shall place a four-foot by eight-foot sign at the site of the proposed subdivision with the following information on the sign:
 1. A statement of the name and type of development;
 2. Number of lots;
 3. Developer's name and phone number;
 4. Date of drainage district board meeting, if applicable;
 5. Date of preliminary hearing.
 - b. The sign must be posted 60 days prior to preliminary hearing with date and location.
 - c. The sign information must be verified by the planning department prior to posting.

- d. The sign shall be posted behind the public right-of-way at the site of proposed development at a visible location. Multiple signs may be required at corner sites.
- (6) Upon technical review committee approval, the owner/developer shall submit the complete preliminary plan with any revisions required for approval for review by the planning department. The planning department shall schedule a public hearing and put the development on the next available planning commission agenda.
- (7) Digital copies shall be provided to the planning department seven days prior to the planning commission meeting.
- (8) Ten complete sets of subdivision plans shall be provided at the planning commission at the regular scheduled commission meeting.
- (9) Development plans are to be presented at the meeting by the developer or the developer's respective engineer; owner/developer must be present at this time.
- (10) A total overall conceptual design layout is to be submitted for the entire proposed development that includes all phases for development. If subdivision is to be divided into phases, all potential phases must be shown. No construction activities may begin until final approval is received.
- (11) Discussion of plans by the commission will be noted in the minutes.
- (12) Approval of a preliminary plan will not constitute or imply final approval.
- (13) Preliminary approval shall expire if final approval is not given by the planning commission within 12 months of receiving preliminary approval. The entire development or specific phases may be brought forward for final approval. If individual phase approval is requested and given, then any remaining phases are required to be approved by planning commission before construction may begin.
- (14) All documents required in a final approval application as per regulations at time of submission must be provided to the planning commission for the development or phase being requested for final approval.
- (15) Final approval request.
 - a. There shall be 30 days between preliminary approval and final approval requests.
 - b. The owner/developer shall complete final approval application and pay fees at the time of submission.
 - c. The owner/developer shall submit final plans meeting the requirements listed in Appendix A for technical review committee final approval.
 - d. A subdivision's final plans approved by the technical review committee shall be placed on the agenda for the next available planning commission meeting.
 - e. Digital copies of the approved plans by the technical review committee shall be provided to the planning department seven days prior to the planning commission meeting.
 - f. Ten complete sets of subdivision plans shall be provided at the planning commission at the regular scheduled commission meeting.
 - g. The owner/developer shall notify secretary at least ten working days prior to the meeting.
 - h. Discussion of plans by the commission will be noted in the minutes.
 - i. Final approval may be requested for the entire development or submitted by phases. Once approval is granted, construction of infrastructure may begin for what was submitted and approved.
 - j. All phases are required to have been given final approval and have infrastructure completed within five years of final approval of first phase.
 - k. Any phases proposed on preliminary plat or subdivision infrastructure improvements not completed within five years of receiving final approval must be resubmitted for new approval and shall meet all current infrastructure standards at the time of the new request.
- (16) Construction of infrastructure. Complete construction of all improvements of all utilities, streets, drainage as per final approval plans. If construction differs from plans, as-built set of plans must be submitted.
- (17) As-built infrastructure approval.
 - a. The owner/developer shall obtain inspection and approval letter from parish engineer or department of public works and drainage district requesting the two-year maintenance period to begin.
 - b. The owner/developer shall provide laboratory testing results and cover letters that summarize the testing results into a pass/fail/explanation format and be prepared and certified by the testing facility to the parish engineer and department of public works.
 - c. The owner/developer shall prepare as-built documents in accordance with requirements in Appendix A to the ordinance from which this chapter is derived (entitled "As-built documents-following final approval and construction of infrastructure").
 - d. The owner/developer shall secure improvement for all utilities, streets, drainage. Maintenance guarantee in the amount as determined by current fee schedule. All documents listed in as-built documents in Appendix A to the ordinance from which this chapter is derived shall be provided to the planning department for the parish engineer to review.
 - e. After site inspections are made by parish engineer and all other required personnel, then approval may be given. Once approval is given, the developer will then have plans stamped and certified by an engineer and the final plat with all required signatures shall be recorded at the parish clerk of court.
 - f. The developer is required to provide to the planning department a copy of recording page; then lots can be sold.

- g. The developer shall submit a copy of the recorded plat to the permit office to obtain the necessary building permits.
- (e) *As-built.*
- (1) An as-built drainage plan must be presented and approved before the maintenance/construction guarantee is released.
 - (2) Effective December 1, 2008, the planning department will require as-built plans before the planning department will do any of the following:
 - a. Inspect and recommend placement on the two-year waiting list.
 - b. Sign plats.
 - c. Issue permits.
 - (3) The developer/engineer will bring the as-built plans to the planning department and schedule an inspection of infrastructure.
 - (4) The planning department will send the parish engineer and drainage district administrator (if applicable) out for inspection.
 - (5) If infrastructure is approved, the public works department will notify the developer of the security bond/letter of credit dollar amount required.
 - (6) Developer and engineer will provide bond/letter of credit and seven original plats to the planning department. The development will then be placed on the parish council agenda requesting the two-year waiting period to begin.
 - (7) Once the planning department obtains signatures, the developer/engineer will be notified.
 - (8) Signed copies can then be filed.
 - (9) Once filed copies are returned to the planning department, the planning department will release plats to begin the permit process.
 - (10) As-built infrastructure approval.
 - a. The owner/developer shall obtain inspection and approval letter from parish engineer or department of public works and drainage district requesting the two-year maintenance period to begin.
 - b. The owner/developer shall provide laboratory testing results and cover letters that will summarize the testing results into a pass/fail/explanation format and be prepared and certified by the testing facility to the parish engineer and department of public works.
 - c. The owner/developer shall prepare as-built documents in accordance with requirements in Appendix A to the ordinance from which this chapter is derived (entitled "As-built documents following final approval and construction of infrastructure").
 - d. The owner/developer shall secure improvement of all utilities, streets, drainage maintenance guarantee in the amount as determined by current fee schedule. All documents listed in as-built documents in Appendix A to the ordinance from which this chapter is derived shall be provided to the planning department for the parish engineer to review.
 - e. After site inspections are made by the parish engineer and all other required personnel, then approval may be given. Once approval is given, the developer will then have plans stamped and certified by an engineer and the final plat with all required signatures shall be recorded at the parish clerk of court.
 - f. Developer is required to provide to the planning department a copy of the recording page; then lots can be sold.
 - (11) The developer shall submit a copy of the recorded plat to the permit office to obtain the necessary building permits.
- (f) *Amendments to existing subdivision.*
- (1) For amendments to be made in a previously approved subdivision, the owner, homeowner's association, or new buyer must present the existing plat along with the amendments with requested revisions to the planning commission for approval. The following are types of amendments requiring approval:
 - a. Change in name to existing subdivision.
 - b. Creating any new infrastructure, including, but not limited to, roads, ditches, drainage and/or sewerage and water services.
 - c. Increase in the number of lots.
 - d. Any change in dwelling units minimum sizes to a previously approved subdivision by the planning commission.
 - (2) A public hearing will be held. A revised copy of the final plat and documents shall be submitted to the planning department prior to the public hearing. At the public hearing, the amendments shall be reviewed by the planning commission and voted on. Following planning commission approval the amendment changes noted on the plat and other documents shall signed by the planning commission chairman and **Planning** director ~~of community development~~, then recorded with the clerk of court.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

This ordinance, having been submitted in writing, having been introduced at a public meeting of the Tangipahoa Parish Council, discussed at a public hearing of said council and was submitted to an official vote of the Tangipahoa Parish Council.

T. P. Ordinance No. 23-44

AN ORDINANCE AMENDING AND ENACTING CHAPTER 8 –
AMUSEMENTS, ARTICLE III-PUBLIC AMUSEMENT, SECTION 8-87-
EXEMPT

BE IT ORDAINED by the Tangipahoa Parish Council-President Government, State of Louisiana, acting as the Governing Authority thereof revises and amends the Tangipahoa Parish Code of Ordinance as follows:

Chapter 8 AMUSEMENTS
ARTICLE III. PUBLIC AMUSEMENT

DIVISION 1. GENERALLY

Sec. 8-84. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Place of public amusement includes the following:

Amusement park means any place commonly known as an amusement park, amusement ground or amusement center where swimming, dancing, games, exhibits or shows are carried on, conducted or allowed whether an admission fee is charged or not; provided that beer, wine or liquor is not sold, kept, provided or given away in connection with such amusement park.

Circus show means all sideshows, circuses, traveling shows, animal shows, traveling carnivals, traveling or moving tent shows, exhibitions, temporary theaters or itinerant playhouses, except, however, motion picture theaters, playhouses being operated in a permanent structure, or the annual parish fair.

Dance hall means any place wherein dances are given, operated, conducted or permitted as a business enterprise, occupation or amusement whether or not music is provided by paid or amateur performers or by prerecorded means. Excluded from the definition of the term "dance hall" are dances conducted by any nonprofit or charitable organization; provided that the net profit from any dance does not accrue to the private profit of any person.

Music festival means any outdoor festival, carnival, dance or like musical activity, whether or not music is provided by paid or amateur performers or by prerecorded means, which is of a periodic nature and to which members of the public are admitted for a charge, whether or not the charge is directly or indirectly made.

Public swimming pool means a swimming pool to which members of the public are admitted for a charge, whether or not the charge is made directly or indirectly. Excluded from the definition of the term "public swimming pool" shall be those swimming pools constructed on the business premises of motels, which pools serve exclusively the registered guests of the motel.

Special event means an event confined to or designed for a definite field of action, purpose, or occasion where 150 or more people are in attendance, which is of a periodic nature and to which members of the public are admitted for a charge, whether or not the charge is directly or indirectly made.

Sec. 8-85. Penalty.

Any person who shall violate any of the provisions of this article shall, upon conviction thereof, be punished as provided by section 1-13.

Sec. 8-86. Prohibited conduct.

It shall be unlawful for any person, partnership, corporation or unincorporated association, acting alone or in concert with any of the foregoing, to do any of the following: _

- (1) Operate a public amusement without first procuring council approval and a TPSO special event permit to do so.
- (2) Advertise or otherwise publicly announce that a public amusement will be held in the parish without council approval and a TPSO special event permit first having been received for the conduct thereof.
- (3) Provide entertainment at a public amusement, whether or not compensation is paid for the performance of the entertainment, with the knowledge that council approval and a TPSO special event permit has not been obtained.
- (4) Operate, conduct or carry on any public amusement in such a manner as to create a public or private nuisance.
- (5) Exhibit, show or conduct within the place of public amusement any obscene, indecent, vulgar or lewd exhibition, show, play, entertainment or exhibit, no matter by what name designated.
- (6) Blocking or parking on any public or private right of way and/or access to event.

Secs. 8-87. Exempt.

Any host property paying hotel motel tax shall be exempt from the provisions of this section.

Sec. 8-88—8-115. Reserved.

BE IT FURTHER ORDAINED that this ordinance shall become effective immediately upon signature of the Parish President.

This ordinance, having been submitted in writing, having been introduced at a public meeting of the Tangipahoa Parish Council, discussed at a public hearing of said council and was submitted to an official vote of the Tangipahoa Parish Council.
