COOPERATIVE ENDEAVOR AGREEMENT BY AND BETWEEN TANGIPAHOA PARISH COUNCIL-PRESIDENT GOVERNMENT UNITED STATES OF AMERICA

STATE OF LOUISIANA

PARISH OF TANGIPAHOA

AND

TANGIPAHOA COMMUNICATIONS DISTRICT NUMBER ONE

This cooperative endeavor agreement is made and entered into on this ____ day of _ in the year of Our Lord two thousand and twenty three (2023) by and between the Tangipahoa Parish Council-President Government, a political subdivision of the State of Louisiana, domiciled in Tangipahoa Parish, Louisiana, with a physical address at the Tangipahoa Parish Courthouse Annex, 206 East Mulberry Street, Amite, Louisiana 70422 and a mailing address of Post Office Box 215, Amite, Louisiana, herein represented by its parish president, Charles Robert "Robby" Miller, Jr., appearing herein pursuant to and by authority of that ordinance duly adopted at a regular meeting of the Tangipahoa Parish Council held on November 13, 2023, a duplicate original of which ordinance is annexed hereto and made a part hereof, hereinafter referred to as "Grantor", and the Tangipahoa Communications District Number One, a political subdivision of the State of Louisiana, with a physical address of 211 Campo Lane, Amite, Louisiana 70422 and a mailing address of Post Office Box 505, Amite, Louisiana 70422, herein represented by its board of commissioners chairman, Ethan Dunn, appearing herein pursuant to and by authority of that resolution duly adopted at a regular meeting of the Board of Commissioners of the Tangipahoa Communications District Number One held on September 28, 2023, a duplicate of which resolution is also annexed hereto and made a part hereof, hereinafter referred to as "Grantee".

The Grantor and the Grantee herein and hereby agree and contract as follows:

WHEREAS, Article VII, Section 14 (C) of the Louisiana Constitution of 1974, as amended provides that for a public purpose, the State of Louisiana and its political subdivisions or political corporations may engage in cooperative endeavors with each other, with the United States of America and/or its agencies or with any public or private association, company, corporation or individual;

WHEREAS, the Tangipahoa Parish Council-President Government and the Tangipahoa Communications District Number One, each being independent political subdivisions, desire to cooperate in the manner as hereinafter provided;

WHEREAS, both the Tangipahoa Parish Council-President Government and the Tangipahoa Communications District Number One have a duty and obligation to safeguard the citizens of Tangipahoa Parish during emergencies and natural disasters;

WHEREAS, the public purpose to be derived from this cooperative endeavor agreement is to provide for and establish the site and location for the offices of the Tangipahoa Parish Council-President Government and the Tangipahoa Communications District Number One both now and in the future at its current location of 211 Campo Lane, Amite City, Tangipahoa Parish, Louisiana and being that site at which the Tangipahoa Communications District Number One Office and 911 Call Center Building was constructed onto real estate belonging to the Tangipahoa Parish CouncilPresident Government with funds provided by the Tangipahoa Communications District Number One;

WHEREAS, the actions and services required by this cooperative endeavor agreement by the Grantor and the Grantee will result in a public benefit as described herein and are not disportionate to the benefits to be realized by these two (2) public bodies, the hereinabove said Grantor and the hereinabove said Grantee; and

WHEREAS, the Grantor and the Grantee declare that this cooperative endeavor agreement is in the best interests of the parties and the public.

NOW THEREFORE, in consideration of the mutual contracts, covenants and agreements herein contained, the legal obligations agreed to and the public purpose and benefit to be derived as a result of this agreement, the Grantor and the Grantee hereby agree, contract and covenant as follows:

The Grantor grants the exclusive use of the following described parcel of immovable property with the building and improvements thereon to the Grantee for the term of fifty (50) years commencing on October 1, 2023, and terminating on September 30, 2073, to-wit:

A certain one (1) acre, more or less, parcel of property located on Campo Street in Amite City, Louisiana together with the buildings and improvements thereon and having a municipal address of 211 Campo Lane, Amite City, Louisiana and including thereon that 6,000 square foot facility housing the Tangipahoa Communications District Number One 911 Call Center, Administrative Offices, Training Room, and Board Meeting Room, and to include the adjacent grounds, storage building, and parking lot.

In connection with this grant of exclusive usage by the Grantor, the Tangipahoa Parish Council-President Government, to the Grantee, the Tangipahoa Communications District Number One, these parties contract and agree as follows:

- a) The Grantee shall maintain and upkeep the aforesaid premises during the term of this agreement in as good or better condition as currently exists, normal wear and tear excepted. This obligation of maintenance and upkeep shall include any and all necessary repairs to the site and its building and appurtenances as well as general janitorial cleaning and exterior lawn maintenance. Maintenance of the buildings and structures shall include specifically but are not limited to repairs to the roof, plumbing, fixtures and HVAC systems. Accordingly, any roof or HVAC replacements needed during the term of this agreement shall be at the cost and expense of the Grantee. Furthermore, the Grantee shall upkeep and maintain the fencing, parking lot, flower beds and signage at its expense. No repairs and/or maintenance are due by the Grantor as a consequence of this agreement.
- b) The Grantee shall have the right to enter into agreements to grant space to other agencies at the hereinabove said premises for a radio communications office and the terms of this agreement shall be agreed to between the communications district and the other agency. The Grantee shall notify the Grantor in advance of entering into any such agreements.
- c) The Grantor, being the Tangipahoa Parish Council-President Government, recognizes that the Grantee, being the Tangipahoa Communications District Number One, is an

independent political subdivision of local government and as such the communications district is not a subdivision of the Tangipahoa Parish Council-President Government and therefore has its own revenue sources, budget, employees, and property. This property includes movable property and equipment of the Grantee located on the premises of the site herein and hereby occupied by the Grantee pursuant to this cooperative endeavor agreement.

- d) The Grantee, being the Tangipahoa Communications District Number One, currently has for decades utilized the hereinabove described premises including both the structure and property (real estate) in connection with its operations and will continue doing so pursuant to this contract and agreement and the Grantor, the Tangipahoa Parish Council-President Government, recognizes that these operations do not endanger the parish government's property (real estate and the buildings and improvements thereon) and are directly connected with public safety. As such, this cooperative endeavor agreement does not in any manner seek to limit the authority granted to the communications district under state law and therefore any future such cooperative endeavor agreements/intergovernmental agreements between these parties or other parties are not herein limited. This cooperative endeavor agreement is simply a grant of use for a building and improvements located upon the parish government's property (real estate) and therefore the property (real estate) and the appurtenant buildings and improvements are titled in the parish government's name but which buildings and improvements were constructed with funds provided by and through the budget of the Grantee, being the Tangipahoa Communications District Number One. The parish government has received the property an improvement including the building and appurtenant structures and the communications district has herein and hereby received the use of the buildings and improvements and the real estate during the fifty (50) year term of this cooperative endeavor agreement.
- The Grantee at its cost and expense shall purchase liability, premises, and property e) insurance for itself and the Grantor, the Tangipahoa Parish Council-President Government, as owner, by which both the Grantee and the Grantor shall therein be named as insureds. The property insurance shall insure the building, structures, and the building contents for at least the reasonable fair market value of the building, structures and contents that belong to the Grantee and/or the Grantor. The Grantee at its cost and expense shall also obtain a policy of general liability insurance covering the subject premises and which policy of insurance shall provide insurance coverage for both the Grantor and the Grantee and which said liability insurance policy shall have a minimum coverage limit of \$1,000,000.00/\$1,000,000.00/\$1,000,000.00 for damages to persons or property as a result of any negligence by the parties, their employees, their officers and/or resulting from their actions and/or failure to act. Copies of these said insurance policies shall be provided by the Grantee to the Grantor. As a named insured, the Grantor along with the Grantee shall be notified by the insurance carrier of any cancellation or lapse in such policies of insurance. The portion of the insurance coverage for the building contents (movable real property) shall be exclusively paid to the Grantee and the Grantor shall make no claim to these insurance funds related to the loss of such building contents. The loss or total loss of structures and improvements shall be disbursed as herein below agreed. Compensation for damages generally shall be used exclusively for repairs to the damaged property and

both the Grantor and the Grantee herein and hereby obligate themselves to dedicate any such funds to repair the damaged property.

- f) Substantial and/or Total Damage to Buildings and Improvements:
 - 1) In the event that the building or buildings located on the herein said site are damaged by fire or other casualty such as to render the premises a "total loss" then this cooperative endeavor agreement shall terminate. The parties can enter into a new or revised cooperative endeavor agreement at that point in time but are not obligated to do so. In the event of such "total loss" of the building, the insurance proceeds shall be paid entirely to the Grantee, Tangipahoa Parish Communications District. Those insurance funds that are received by the Grantee shall be escrowed by the Grantee and used solely to rebuild a structure for its operations and/or to secure an alternate site for its operations.
 - 2) As used herein, the term "substantial damage" shall refer to such damage sustained to the building located on the herein said site by fire or other casualty of such an extent that the building structure is not a "total loss" but can be repaired and restored within one-hundred eight (180) days from loss to substantially the same condition as the building structure existed immediately prior to the occurrence of the event causing such damage. In this event, the insurance proceeds shall be escrowed and held by the Grantee to be used in the total amount thereof to repair and restore the building structure to substantially the same condition as the building structure existed prior to the occurrence of the event causing such damage. If this cannot be reasonably accomplished then the building structure shall be deemed a "total loss." The Grantor, being the Tangipahoa Parish Council-President Government, shall not be required to fund repairs to repair the building structure generally but with the exception for its obligation to release to the Grantee all of the available insurance proceeds/funds to be used for these herein outlined repairs unless the building is a total loss. If additional funds are required over and above the insurance coverage received for these repairs, these additional funds shall be supplied by the Grantee, the Tangipahoa Communications District Number One.
- g) The Grantor shall be granted access to the hereinabove described property and its aforesaid buildings and improvements at all reasonable times for the purpose of inspection in order to assure the Grantor that the terms of this agreement are being adhered to.
- h) No structural changes or structural repairs shall be made to the buildings and/or the immovable improvements without the express written consent of the Grantor. The Grantor shall not arbitrarily refuse to grant to the Grantee any reasonable request for structural improvements, and/or structural repairs. All repairs, alterations, replacements and/or improvements made to and incorporated as part and parcel of the premises during the term of this agreement, including but not limited to any repairs and/or replacements of lighting fixtures and/or electrical wiring along with related

switches, outlets and other electrical boxes and circuit breakers generally; HVAC systems, plumbing pipes and fixtures and other permanent fixtures installed at the premises shall become the property of the Grantor, the Tangipahoa Parish Council-President Government. The Grantee is specifically granted the authority to repair and replace damaged items provided that the premises are maintained in a like condition as the premises presently exist. Non-structural changes and repairs do not require the consent of the Tangipahoa Parish Council-President Government. Structural changes and/or structural repairs must be approved by the Tangipahoa Parish Council-President Government in writing but such requests by the Tangipahoa Communications District Number One shall not be unreasonably withheld.

- I) The Grantee shall also be responsible to repair and replace any and all damaged plumbing fixtures, plate glass, doors, windows and other fixtures at the premises during the term of this agreement.
- j) The Grantee shall pay at its sole cost and expense all utilities at the hereinabove described premises, including but not limited to costs of electrical, natural gas, water, sewer, telephone, garbage pickup, and internet access.
- k) The Grantee shall promptly pay all costs of labor and materials associated with repairs and/or replacement of any and all of the fixtures located at the premises or the buildings and improvements themselves during the term of this agreement in order that no liens or privileges of any type are legally filed against the subject premises.
- I) The Grantee shall indemnify and save harmless the Grantor from and against any and all liability, penalties, expenses, causes of action, suits, claims or judgments for death, injury, or damages to persons or property during the term of this agreement arising out of the use, occupation, management or control of the hereinabove described premises, adjacent property, parking lot, or any act of operation on any thereof, or growing out of the demolition, construction, alteration or repair of any building thereon in any case without regard to whether such death, damage or injury resulted from the negligence of the Grantee or its employees or otherwise, and including without limitation such death, damage or injury as may have resulted from the sole or contributing negligence, act or omission of the Grantee or its employees for which Grantee may have any liability without fault. The Grantee shall and will, at its own expense, defend any and all lawsuits that may be brought against the Grantor or may be impleaded with others, upon any such above mentioned claim or claims, and shall and will satisfy, pay and discharge any and all final judgments that may be recovered against the Grantor in any such actions in which the Grantor may be a party defendant. The above and foregoing notwithstanding, the Grantee shall in no case be responsible for any liability that results from the negligence, active or passive, of the Grantor or its employees, officers, or agents.
- m) The Grantee shall use the hereinabove described premises for the public benefit and specifically for providing emergency communications and notifications associated with its establishment as a communications district serving all of Tangipahoa Parish, Louisiana. The failure to use the hereinabove described premises for the purposes for which the Grantee was established shall be a violation of this agreement, however, in

no case shall the Grantor control the actions of the Grantee and its decisions on the use of these premises or otherwise so long as the Grantee is acting within its legal mandates.

- n) In the event that either party brings an action against the other party to enforce any of the provisions or terms of this agreement, the parties agree that as to any litigation arising out of this agreement, the exclusive venue for this litigation shall be in the 21st Judicial District Court in and for Tangipahoa Parish, Louisiana. Any other venue is declared and acknowledged by the parties to be improper.
- o) The Grantor and the Grantee recognize multi-parish cooperation may be provided in the facilities and premises through cooperative endeavor agreements. This type of cooperative endeavor agreement allows the Grantee to utilize its equipment and employees to aid and assist other public entities and to receive reasonable financial compensation for these services thereby allowing the Grantee to more efficiently operate and thereby reduce the financial burden of its operations on the citizens of Tangipahoa Parish. Furthermore, should the communications district be in a position to enter into any cooperative agreement that would provide such mutual benefits for the communications district and another political subdivision in connection with the providing of dispatches for 911 emergency calls in an adjacent parish, this cooperative endeavor agreement shall not limit the ability of the communications district from entering into such other cooperative endeavor agreements but the Grantee shall notify Grantor in advance of entering into any such agreements.
- p) In no event shall the Grantee grant any right of use to a third (3rd) party that does not serve a public purpose. Training events at the subject premises do not require any notice to or consent from the Grantor.
- q) The Grantee agrees to surrender possession and occupancy of the premises to the Grantor at the termination of this agreement on September 30, 2073, unless the parties can reach an agreement to an extension and/or another cooperative endeavor agreement at that point in time. The parties agree that they will in good faith each consider an extension of this cooperative endeavor agreement at such time.
- r) This agreement sets forth all of the contracts, covenants, promises, agreements, conditions, and understandings between the parties. The parties declare that there are no contracts, covenants, promises, agreements, conditions, or understandings than those herein set forth. No subsequent alterations, amendments, changes, supplements, or additions to this agreement shall be binding on the parties unless or until reduced to writing and duly authorized by the parties and which written document shall be executed by each party's duly authorized representative.

The consideration for this grant of exclusive usage of the subject premises as agreed to herein is the maintenance upkeep and repair of the Grantor's property by the Grantee and the use of these premises by the Grantee to provide those public services for which it was established under state and parish law. The Grantee's right to use and utilize the premises shall not be limited excepting that such use and utilization must be for the public's benefit and/or in connection with a cooperative endeavor agreement with another political subdivision. With the Grantor's written consent and approval, the Grantee is hereby granted the right and authority to construct additional permanent structures on this property, however at the Grantor's option, the Grantor at the termination date of this cooperative endeavor agreement may require the demolition and the removal of such additional structures not currently located on the premises by the Grantee at its cost and expense unless the parties agree otherwise in writing. The Grantee shall restore the property to its current condition, normal wear and tear excepted, within one hundred eighty (180) days of relinquishing control of the property to the Grantee after this agreement is executed shall include the removal of all concrete slabs and the delivery of the property to the Grantor in the same or better condition as when it was received, normal wear and tear excepted.

The Grantor grants to the Grantee a right of first refusal should it elect to sell this property during the term of this agreement. In this event, the purchase price shall be based upon the fair market value of the property (real estate) less and except any increase in valuation resulting from construction and improvements at any past or future time funded by the Grantee.

It is further contracted and agreed that neither the herein described premises nor any part thereof shall ever be leased or subleased by the Grantee to third (3rd) parties without the express written approval and consent of the Grantor. TANGIPAHOA PARISH GOVERNMENT

2024 OPERATING & CAPITAL IMPROVEMENT BUDGET

AS PRESENTED BY ROBBY MILLER, TANGIPAHOA PARISH PRESIDENT OCTOBER 10, 2023

October 10, 2023

Tangipahoa Parish Council & Citizens of Tangipahoa Parish

In accordance with the Tangipahoa Parish Home Rule Charter, I am submitting to you the "Operating Budget for 2024." Also, the "Five Year Capital Outlay Program" for 2024 is provided for your information.

I am committed to continuing the "pay as you go" road program that has been so successful. Consequently, we will continue the fundamentally sound budget for all departments of Parish Government. We have seen an average long-term economic growth in our local economy. Our latest independent clean audit shows that the parish remains on solid financial ground. Limited debt, better roadways, and good government have opened the door to families and quality businesses locating in the best parish in the state.

The purpose of Parish Government is to provide much needed services to its public as efficiently as possible. Consequently, I am proud to report that we continue to reduce cost while expanding services. I have once again provided a chart showing the agencies funded by the Parish Government general fund and a chart showing the breakdown of expenditures for all funds administered by Parish Government. They are included in the budget to better inform you, the public, how the monies of this parish are spent.

We will continue to work hard every day to efficiently provide public services and expand our economy with more and better jobs for our citizens.

Sincerely,

Robby Hiller

Robby Miller, Tangipahoa Parish President

Due to the Parish's current program to foreclose on property for non payment of property taxes, the Parish deems the deliquent taxes to be 100% collectible.

October 10, 2023

Tangipahoa Parish Council Chairman and Members

Due to the excessive number of roadways throughout the parish that need repair, such as overlay, etc., we did not give a dollar amount for each road. The average cost of soil cement and a two-inch overlay is about \$250-300 thousand dollars per mile. As you can see, this could be well in excess of 75 million dollars if all roads were completely overlaid. Therefore, we anticipate a Capital Outlay Budget for the next five years to be approximately \$21,500,000 million. This estimate also includes the cost for preservation of roadways which is approximately \$16-34 thousand per mile. Additionally, in order to comply with the Parish Transportation Act, I have included an approximate listing of the roads listed on the 5 Year Road Rehab Program. This listing is for information purposes with the final determination for roads to be overlaid being made by the council, in conjunction with a final review by the Public Works Department.

Sincerely,

Robby Hiller
