PROPOSED TEXT AMENDMENT TO THE CITY OF TUPELO DEVELOPMENT CODE (TA23-02)

TA22-02 Comprehensive Development Code Update: APPROVAL recommended July 25, 2022 by the City of Tupelo Planning Committee and Department of Development Services to amend the Code to include billboards that are allowed in a zone and are currently permitted as a "Use by Right" within the City of Tupelo to "Use by Flexibility".

CHAPTER 10 Sign Regulations

All amendments and additions are noted in **bold**. Deletions are stricken.

10.1.1 Purpose and Intent

It is the purpose of this subchapter entitled "Sign Regulations" to promote the public health, safety, and general welfare through reasonable, consistent, and non-discriminatory sign standards. This subchapter is not intended to censor speech or to regulate viewpoints, but instead is intended to regulate, in a content-neutral manner, any secondary effects of speech that may adversely affect aesthetics and traffic and pedestrian safety. The purpose of this subchapter is to:

- (1) Encourage the effective use of signs as a means of communication in the City;
- (2) Maintain and enhance the aesthetic environment and the City's ability to attract sources of economic development and growth;
- (3) Improve pedestrian and traffic safety;
- (4) Minimize the possible adverse effect of signs on nearby public and private property;
- (5) Foster the integration of signage with architectural and landscape designs;
- (6) Allow signs that are compatible with their surroundings and that aid orientation, while precluding the placement of signs that contribute to sign clutter or that conceal or obstruct adjacent land uses or signs;
- (7) Regulate signs in a manner so as to prevent the interference with, the obstruction of the vision of, and/or the distraction of motorists, bicyclists, and/or pedestrians;
- (8) Allow for traffic control devices to promote highway safety and efficiency by providing for the orderly movement of road users on streets and highways, and to notify road users of regulations and provide warning and guidance needed for the safe, uniform, and efficient operation of all elements of the traffic stream;
- (9) Protect property values by precluding sign types that create a nuisance to the occupancy or use of other properties as a result of their size, height, illumination, brightness, or movement;
- (10) Protect property values by ensuring that the types and numbers of signs are in harmony with buildings, neighborhoods, and conforming signs in the area;
- (11) Preserve and enhance the historic character of the City; and
- (12) Enable the fair and consistent enforcement of these sign regulations.

10.1.2. Effect.

- (1) To establish a permit system that allows a variety of types of signs on business premises and a limited variety of signs on other premises, subject to this Code and its permit procedures;
- (2) To allow certain small, unobtrusive signs incidental to the principal use of a site without a permit if such signs meet the substantive requirements of this Code;
- (3) To prohibit off-premise advertising signs, except where billboards are permitted by state or federal law or by this Code;

- (4) To allow a variety of types of noncommercial signs subject to the same substantive and permit requirements that control on-premise signs;
- (5) To allow certain types of signs to make minor encroachments of the public right-of-way, if specially permitted; and
- (6) To prohibit all signs not expressly permitted by this Code. 10.1.3 Applicability

10.1.3 Applicability

This Section apples to all signs intended to be viewed from a public right of way, such highways and streets, and to signs which are intended to be viewed from outdoor areas of private or public property, used for from public pedestrian areas, or from vehicular access to such property use areas within the City of Tupelo are subject to the standards of this Section. Signs requiring a permit must submit an application and all required materials to the Department of Development Services, including Certificate of Occupancy or Building Permit for the principal structure or use, project cost, scaled elevation of proposed sign, and site plan with existing and proposed signs.

This Section does not regulate the use of materials such as noncommercial holiday signs and decorations, signs on products, product containers or dispensers, public information and safety signs placed by government entities in their own rights of way, any signs required by local State or Federal law, or building design exclusive of any commercial message.

10.1.4 Approval Requirement

Except as otherwise stated in this Chapter, signs which are allowed under this Chapter shall are not allowed to be erected or placed until and unless the person erecting or placing the sign or the property owner has obtained a sign permit from the Development Services Department pursuant to Section 12.13 of this Code.

Documentation of an approved Certificate of Occupancy or Building Permit for the associated principal use is required with application for permitted signage within the City of Tupelo. A minor site plan, including scale elevation representation depicting height, distance from Right of Way, distance from existing signs on parcel and adjacent parcels, width of permanent structures, and all copy, text, images, artwork, and other proposed visualizations. Construction detailed is required, where applicable, to verify compliance with all requirements of the International Building Code, as adopted, as set forth in Chapter 16, Structural Design.

All signs not specifically allowed by this Chapter are prohibited, unless a variance for their use is secured in accordance with Section 10.8 10.6 or 12.16 of this Code.

10.1.4 Transitional Rule

- (1) Existing Unlawful Uses and Structures. A sign or sign structure, as defined by this Chapter, not lawfully existing at the time of the adoption of this Code is deemed lawful as of the effective date of this Code amendment if it conforms to all of the requirements of this Code. However, if such structure or use does not conform to all of the requirements of this Code, then such structure or use remains unlawful hereunder.
- (2) Signs Rendered Nonconforming. When a sign located as a lawful use before the effective date of this Code amendment, and this Code amendment no longer classifies such use as either a permitted use or conforming use by virtue of its construction or location in the zoning district, such use is deemed a nonconforming use and shall be controlled by the provisions of this Code.

- (3) Amortization and Compliance of Non-Conforming Signs.
 - a. Outdoor Advertising Signs regulated by Mississippi Code 1972 Sections 49-23-1 through 49-23-29 regulating state controlled routes which become non-conforming according to the standards of this Section may continue and be provided with Flexible Use review for future permitting according to Chapter 14 of this Code provided that conformity and compliance for required sign area and lighting be met.
 - b. All signs deemed nonconforming on parcels adjacent to or with frontage on Main Street, McCullough Boulevard, Coley Road, Cliff Gookin Boulevard, and Gloster Street must be made conforming within ten (10) years of the effective date of this Code amendment or within ten (10) years of the date of permitting, whichever is later, regardless of change of ownership or principal use of the parcel, excepting designated Landmark Signs and monument signs located in a vehicular use area, and where distance requirements are the only non-conforming standard.
 - c. All new or renovated signs requiring a permit as defined in this Chapter shall be made conforming to all standards as stated in this Code in order to secure a permit, effective upon immediate effect of the date of this Code amendment.
 - d. Any Billboard or off-premises Electronic Graphic Display sign not regulated by Mississippi Code 1972 Sections 49-23-1 through 49-23-29 located in an Agricultural/Open Space or Industrial zoning district, regardless of location, must be made conforming to this Code within five (5) years of the effective date of this Section, as amended.
 - e. Where non-conforming signs not in compliance with this Code according to this Section which remain after the designated period for amortization, a notification will be provided by the City to the property owner notifying the property owner of the non-conformity and required amortization and be given notice of thirty (30) days in which to remove said sign or, where the sign is not removed within thirty (30) days, the City will issue a summons to Municipal Court to mitigate the non-conformity.
 - f. The owner of an existing billboard or electronic graphic display sign where conformity would require removal of the sign in its entirety due to a nonconforming location may provide a petition for exemption to the City of Tupelo Planning Committee for review as a continuation of a nonconforming use according to Section 14.5 of this Code. Approval of the Committee is discretionary and must be contingent upon the immediate voluntary removal of at least one existing billboard or electronic graphic display sign in a location not designated for ten (10) year amortization upon the effective date of this Code, as amended. Billboards or electronic display signs granted exemption for removal must become conforming to all other standards of this Code.

10.2 Interpretations and Definitions

A sign shall be any device, fixture, placard, **fixed image**, or structure that uses color, **light**, **audio**, form, graphics, words, lettering, parts of letters, figures, numerals, phrases, sentences, emblems, designs, trade names, or trademarks by which anything is made known such as are used to designate an individual, a firm, an association, a corporation, a profession, a business, or a commodity or products, which are legible **or directly evident** from any public street or adjacent property and used to attract attention. This definition includes the structure or the face on which a sign message is displayed.

- (1) For the purposes of this section, this definition shall not include "trade dress," i.e.; architectural features identified with a product or business, as a sign.
- (2) The words, terms and phrases set out below, when used in this subchapter, shall have the meaning ascribed to them in this subchapter, except where the context clearly indicates a different meaning.

- (3) All signs, whether or not a permit is required, shall meet all requirements and standards of this Chapter as well as the International Building Code as adopted by the City of Tupelo or be found in violation of the City of Tupelo Development Code. Temporary signs found not in compliance are subject to immediate removal. Unpermitted signs are subject to violations set forth in Chapter 13 of this Code.
- (4) Fixed images on public or private property without designation or conveyance of information as described above which display artwork only, without words or other messaging other than what is tangentially included for artistic purpose only, is designated as artwork and regulated by Section 10.7.3 of this Chapter.
- (5) Appeal of any permitting decision related to signs as defined by this Chapter may be directed to the City of Tupelo Licensing Commission for review. Appeals of the Licensing decision may be appealed to the City of Tupelo City Council per Chapter 13 of this Code.

10.2.1 Definitions

ARTWORK: A two or three dimensional representation that is expressed in a form and manner as to provide aesthetic enjoyment for the viewer rather than to specifically convey the name of the business or a commercial message about the products or services offered on the property upon which the artwork is displayed; **includes murals, window art, sculpture, and other artistic media legible or directly evident from a public street for consumption as public art.** Landscaping art and other forms of artwork for private consumption on private property is not included.

BILLBOARD: A permanent sign, which is not dependent upon a building for support, with a surface displaying renewable or replaceable messages, using pasted bills, paint, or other media, regardless of the content of the message, and usually communicating a commercial or non-commercial message related to an activity conducted, a service rendered or commodity sold at a location other than where the sign is located. All off-site, non-attached signs the advertising surface for which is for rent, lease or periodic fee, whether collected or not, shall be deemed a billboard sign.

COPY: Words, letters, numbers, figures, characters, symbols, logos, or insignia that are used on a sign face.

COPY AREA: The smallest geometric shape that encloses all graphics, letters, and logos of the sign face.

FLAG: Bunting or fabric of distinctive color and design that is used as an emblem, standard, decoration, or symbol and that is hoisted on a permanent flagpole, **mounting structure**, or otherwise displayed from a building.

MENU BOARD: A structure primarily designed for the display of menu items and prices for the purpose of placing orders for such items in conjunction with a restaurant utilizing drive-through or curbside service.

NEON: Lights, tubes, or other devices used to emit neon light.

ROOF LINE: The apex, or highest point of the roof. In a series of roofs, the apex of the lowest roof will be considered.

SIGN, ABANDONED: Any sign that is located on property which becomes vacant and is unoccupied for a period of three months or more, or any sign which pertains to a time, event, entity, or purpose which no longer applies, and which sign is nonconforming to the requirements of this Section; a sign that has been blank or is not rented or leased, with or without a fee, for 60 days or more; an electronic sign no longer capable of display; or a lawfully erected temporary sign for which the time period allowed for display of the sign has expired. Landmark signs or signs protected by Historical Preservation designations are exempt from this definition provided they do not pose a threat to health or safety.

SIGN, A-FRAMED: (also a SANDWICH BOARD) A freestanding upright sign on a rigid supporting frame in the form of a triangle or an inverted V.

SIGN, ANIMATED: Any sign that moves or that appears to move by any means, including fluttering or rotating. Such signs shall also include, but not be limited to, pennants, ribbons, streamers or propellers.

SIGN, ATTACHED: A sign that is permanently affixed to or painted on a building, canopy, or wall and that has a permanent or changeable copy face. Attached sign types include wall signs, awning signs, canopy signs, marquee signs, projecting signs and suspended signs.

SIGN, AWNING: A sign that is part of or attached to the face or valance of an awning and that is constructed in the same fabric or material as the awning.

SIGN, BANNER: A sign made of flexible material that advertises a business, an event, or a product for sale.

SIGN, CANOPY: A sign that is attached to a structure constructed of rigid materials that may be attached to and supported by a building and/or that is also supported by columns, poles, or braces extending to the ground.

SIGN, CHANGEABLE COPY: Any sign designed so that letters or numbers physically attached to the sign can be periodically changed to indicate a different message.

SIGN, CONVENIENCE: A sign displayed only for the direction, safety, and convenience of the public. Convenience Signs may include, without limitation, address signs, address and name plaques, signs identifying rest rooms, parking area entrances and exits, gas station self-service or full-service pump islands, freight entrances and exits, and other facilities that may require directional signage.

SIGN, DEVELOPMENT: A sign located at the entrance to a residential development and constructed of masonry or natural materials, except for attached letters or logos.

SIGN, DEVELOPMENT-IN-PROGRESS: A temporary sign that may include, without limitation, the name of the project, the architect, the contractor, the developer, the engineer, the financing institution, or the materials supplier for the site, whose construction is active, or announcing the future development.

SIGN, DIRECTORY: A sign displaying the names and/or logos of two or more businesses located in the same building, shopping center, or development.

SIGN, ELECTRONIC GRAPHIC DISPLAY: Any sign that displays still images, scrolling images or moving images, including video and animation, utilizing a series or grid of lights that may be changed through electrostatic means, including cathode ray, light emitting diode (LED) display, plasma screen, liquid crystal display (LCD), fiber optic or other electronic media or technology.

SIGN, ELECTRONIC READER BOARD: A sign capable of electronically displaying and changing advertising copy, but not images.

SIGN, FREESTANDING: (also GROUND MOUNTED)

(1) A sandwich board sign; or

(2) A sign supported by a sign structure that is secured in the ground and that is wholly independent of any building or object, other than the sign structure, for support. Freestanding signs include monument and pylon signs.

SIGN, GOVERNMENT IMITATION: A sign that copies, imitates, or in any way approximates an official highway sign or carries the words "Stop" or "Danger." Also, a sign that obscures a sign displayed by public authority for the purpose of giving traffic instruction or direction, or other public information, including any authorized traffic control sign, signal, or similar device.

SIGN, HAND HELD: A sign that is held by or otherwise mounted on a person.

SIGN, SUSPENDED: A sign mounted on beams, brackets, or poles projecting from a building.

SIGN, INTEGRAL: A sign or plaque carved into stone, concrete, or similar material, or made of bronze, aluminum or other permanent type metal materials, and made an integral part of the structure.

SIGN, INTERIOR ORIENTED: A convenience sign not intended to be read from outside the property, as indicated by distance from property line, direction the sign faces, or the size of copy on the sign. Interior oriented signs may include menu board signs or shopping center directional signs.

SIGN, LANDMARK: Signs which have been officially designated as Local Historic Landmarks pursuant of the Tupelo Historic Preservation Code, and which retain those dimensional, locational, and lighting standards that the sign possessed when it received such a designation

SIGN, MONUMENT: a freestanding sign which is attached to the ground or to its base on grade by a solid sign structure and which structure extends from the ground or base to the sign face at the same or greater width as the sign face.

SIGN, PYLON: A freestanding sign consisting of a display elevated above the ground on one or more poles or columns, also known as a pole sign.

SIGN, SUSPENDED: A sign mounted on beams, brackets, or other support feature projecting from a building

SIGN, WINDBLOWN: Any device made of **or supporting** non-rigid material which by color and movement attracts attention for commercial purposes, **including feather signs and other flag signs not supported by a flagpole or suspended from a building.**

SIGN, WINDOW: A sign placed within, affixed to, in contact with, or located within 12 inches of a window and intended to be seen from the exterior.

SPECIAL EVENT DISPLAY DEVICE: Any device used for advertising display not otherwise defined in this ordinance, including inflatables, tents, tethered balloons and similar items.

STRING LIGHTING: Lighting used to outline a structure and to attract attention for commercial purposes.

UNIFORM SIGN PLAN: A plan establishing parameters for the size, location and design of signs in a planned development.

10.3. Sign Standards.

10.3.1 Sign Area

- (1) The area of a sign shall include all lettering, wording, designs and symbols, together with the background, whether open or enclosed, on which they are displayed. The supporting structure or bracing of a sign shall be omitted in measuring the area of the sign unless such structure or bracing is made part of the message or face of the sign.
- (2) Where a sign consists of individual letters, words or symbols attached to a surface, building, canopy, awning, wall or window and all such elements are located in the same plane, the sign area shall be the area of the smallest rectangle which completely encompasses all such letters, words or symbols and any accompanying background of a color different than the natural color of the wall.
- (3) On all signs other than wall signs, which shall only be allowed one face, signs with identical sign faces placed in such a manner to ensure that the angle at which the two sign faces are placed does not exceed 60 degrees, shall be considered as a single (1) face. The area for a sign with more than one face, placed at an angle that exceeds 60 degrees, shall be computed by adding together the area of all sign faces. **Billboards** are exempt from this standard. Billboard area and facing is regulated by Section 10.7 of this Code.
- (4) The area of the address number required by Section 9.2.2 9.22 of the Tupelo Municipal Code, Structure Address Regulations, shall not be computed as part of the sign face unless it exceeds twice the minimum number height requirement. All such street address numbers shall be displayed in accordance with Section 9.2.2 9.22 of the Tupelo Municipal Code.

10.3.2. Sign Height.

The height of a sign shall be computed as the distance from the base of the sign at a computed grade to the top of the highest attached component of the sign (including the sign face, sign structure, or any other appurtenance). The computed grade shall be the natural grade of the land at the site of the sign, exclusive of any berm height.

10.3.3 Sign Illumination

Sign illumination shall only be achieved through the following standards. The Planning Committee shall hear and decide any appeals of staff decisions related to the interpretation of this section.

- (1) External Illumination:
 - (a) Signs that are externally illuminated shall have the light source shielded include a light shield to reduce light pollution and prevent illumination to from adjacent buildings and streets, and no sign or device shall produce glare or illumination so as to create a nuisance or a safety hazard to adjacent property owners or to the traveling public.
 - (b) Illumination shall be achieved via a steady, stationary white light of reasonable intensity, no more than 1 foot candle at the farthest point of the sign from the base, which is directed solely at the sign.
 - (c) No sign shall have blinking, flashing or fluttering lights or other illuminating device which has a changing light intensity, brightness or color.
 - (d) Electrical lights and fixtures shall not be attached to a sign unless they are installed in accordance with the current adopted National Electrical Code and permitted by the Department of Development Services.

- (e) Color temperature shall not exceed 4,000 Kelvin.
- (f) Externally illuminated signage may not be located within 200 feet of any residential zone or residential use unless located on a major collector or arterial road. Variances may be granted by the Administrative Adjustment up to 15% but must include shielding to direct light to the sign and prevent adjacent property impact.
- (2) Internal Illumination:
 - (a) Internally illuminated signage, such as neon, back lit, edge lit, and trough lit, may not be located within 100 200 feet of mixed use residential, medium density residential, or low density residential zoning districts. Variances may be granted by the City of Tupelo Planning Committee but may not permit location closer than 100 feet to the above zoning districts or any residential use.
 - (b) Color temperature shall not exceed 4,000 Kelvin

10.3.4. General Visibility Quality.

Because these regulations can only establish the physical characteristics of signage and not enforce a level of visual quality in sign design, anyone planning a sign is strongly encouraged to consider:

- (1) The character of the proposed sign, not only in and of itself, but also in terms of the effects a sign will have upon the character of the surrounding area;
- (2) The way in which the sign will be read and whether its size, location, configuration, and character are appropriate to its intended audience or whether a more appropriate sign could better serve its intended purpose and, at the same time, be less visually disruptive; and
- (3) The character of the sign structure, (the physical means of supporting the sign,) and whether that structure could be made an integral part of the sign rather than a separate and frequently distracting element.
- (4) Signs shall be located so as not to block windows, doors or other means of ingress and egress. No sign shall be erected or placed in such a manner as to impair visibility of any motorists.
- (5) No person may, for the purpose of increasing or enhancing the visibility of signs, damage, trim, destroy or remove any trees, shrubs, or other vegetation located as follows:
 - (a) Within public right-of-way, unless the work is done pursuant to the express written authorization of the City of Tupelo or State of Mississippi, whichever is appropriate.
 - (b) On property that is not under the ownership or control of the person conducting or responsible for the work, unless the work is done pursuant to the express authorization of the person owning the property on which the trees or shrubs are located; or
 - (c) In any area where trees or shrubs are required to remain under an approved development contract.

10.3.5. Design, Construction and Maintenance.

- (1) All signs shall comply with applicable provisions of the International Building Code and the National Electrical Code as currently adopted by the City of Tupelo. Sign shall maintain a minimum horizontal clearance of eight feet in addition to the fall radius and a vertical clearance of a least eight feet from electrical lines, or the minimum clearance in accordance with the provisions of the current adopted National Electrical Code, which either is greater. No sign in in proximity of overhead utilities may be greater than 25 feet in height. Windblown signs shall not be allowed to deteriorate to a tattered, torn, or faded condition and shall be attached and secured properly at all times.
- (2) Signs shall be constructed of permanent materials and permanently affixed to the ground or building except for those signs that, by their nature, are considered temporary.

- (3) All signs and components thereof shall be maintained in a safe, neat, clean, attractive and structurally sound condition. All signs shall be kept neatly painted, including all metal parts and supports thereof that are not galvanized or of rust-resistant material. The premises surrounding signs shall be maintained in a clean, sanitary, and inoffensive condition, free and clear of obnoxious substances, rubbish, and weeds.
- (4) The Director of Development Services, or authorized representative, shall have the authority to inspect all signs and order the painting, repair, alteration or removal of a sign which shall constitute a hazard to the health, safety or general welfare of the public by reason of inadequate maintenance, dilapidation or obsolescence.
- (5) All signs constructed in whole or in part with glass, plastic or other breakable materials which shall suffer any breakage, whether from natural or other causes, shall be repaired by the owner of the premises on which the sign is located within a period 30 days from the time the breakage occurs. Additional periods of time for repairs may be granted by the Director of Development Services, provided such extensions are requested in writing and the Director of Development Services finds that such extensions would not defeat the basic purposes of this Code.
- (6) No sign, regardless of zoning district, shall encroach more than 15 feet of any curb line, street edge, or driveway, within a sight visibility triangle, or impede corner visibility, as established by Section 11.4.3 (12) of this Code.
- (7) All signs between 6 and 32 square feet shall maintain a minimum setback of 5 feet from the property line. All signs greater than 32 square feet shall maintain a minimum setback of 12 feet from the property line. No sign shall locate less than 12 feet from any property line adjacent to residential use or the boundary of a residential zone.
- (8) No sign will be granted flexible or compatible use approval, provided any variance, or otherwise be permitted for height greater than 100 ft without a review of public hazard by the Chief Building Inspector of the City of Tupelo.
- (9) No sign will be permitted for construction out of any combustible material except where approved by the Chief Building Inspector of the City of Tupelo.

10.4 Temporary Signs Allowed Without Permit

Temporary signs are intended for temporary use, not permanently mounted, and intended for a designated period of time. The temporary sign shall be for a special event, not a routine business activity. The following temporary signs shall be allowed in each zoning district, within the stated restrictions, provided permits are obtained for their construction or placement.

- (1) Standards for all Temporary Signs:
 - a. Signs cannot exceed 32 square feet in area or 4 ft in height.
 - b. Signs cannot be illuminated.
 - c. Signs cannot be placed or erected within the right-of-way of any street, or within 15 feet of any curb line or street edge.

c. Location on Lot

i. One freestanding on-premise sign shall be permitted on each property. An off-premise billboard may **not** be located on property with a freestanding on-premise sign, subject to location and separation standards of this section.

ii. Setbacks

- Freestanding signs shall not be placed within 15 feet of a street edge or right of way boundary, whichever is greater, and may not extend or project over the right-of-way.
- 2. Freestanding signs shall not be located within any sight distance triangles.
- 3. Each freestanding on premise sign shall be located a minimum of 100 feet from other freestanding on premise signs on the same side of the street.
- 4. No freestanding sign may be located in a vehicular use area, parking stall, or other area designated for maneuvering of pedestrian or vehicular traffic and may not locate in an area previously approved to meet minimum parking standards.
- 5. If the sign height is six feet or less, there shall be no minimum setback required from the property line.
- 6. If the sign height is over six feet in height:
 - For sign areas of 32 square feet or less, a minimum setback of five feet from all property lines shall be required, except that a minimum setback of 12 feet from adjoining residential properties shall be required.
 - b. For sign areas of more than 32 square feet, a minimum setback of ten feet from all property lines shall be required, except that a minimum setback of 12 feet from adjoining residential properties shall be required.
- iii. Signs Allowed in the Right of Way

Signs Allowed in Right-of-Way: The following signs are allowed within the public right-of-way in all zoning districts. Where such signs are permanent signs, they shall require a license agreement approved by the Public Works Director, or designee, or an encroachment agreement approved by MDOT for streets under state jurisdiction, except as specified in Section 10.5, Permanent Signs Not Requiring Permits. Signs allowed in right-of-way shall meet all other applicable requirements of this Article.

- (a) Awning and Projecting signs projecting over a public right-of-way.
- (b) Emergency Warning signs erected by a government agency, utility company, or a contractor doing work in a public right-of-way.
- (c) Public Signs erected by or on behalf of the City, County, State or federal government.
- (d) Permit Signs erected pursuant to a permit for temporary use issued by the Director of Development Services, or designee, subject to such Codes or regulations as may apply.
- (e) Moveable Signs located on sidewalks within the street right-of-way in pedestrian-oriented commercial areas within the Mixed Use Downtown District shall be allowed, but not require a permit, provided that all the following requirements are met.
- (f) The sidewalk in the area near the moveable sign shall be wide enough to allow for at least five feet of width for unrestricted pedestrian movement with the sidewalk signs in place.
- (g) Each sidewalk sign allowed under this section shall not exceed two and one half feet in width and four feet in height. The sign itself shall be moveable, shall not be permanently attached in any way to the sidewalk, and shall not be chained or attached in any way to street furniture, other signs, street trees, other landscaping, or other fixtures or appurtenances on or in the sidewalk.

(3) Landscaping

Freestanding signs shall incorporate the following landscaping requirements.

- **a.** A defined landscaped area shall be provided at the base of the sign. The required landscaped area shall be parallel to the face of the sign.
- **b.** The required landscaped area shall be at least 25 square feet in area for signs with total sign area of less than 32 square feet, and 50 square feet of landscaped area for signs of 32 or more square feet total sign area.
- c. For signs with multiple faces, the landscaped area shall be allocated so that a portion of the required landscaping is located in front of each sign face. If the size of the site imposes practical difficulties on the placement of the plant materials, the Director of Development Services may make administrative adjustments in these requirements as stipulated in Section 12.16 of this Code.
- **d.** The required landscaped area shall contain materials such as, but not limited to, vegetative ground covers, perennials, shrubs, and ornamental trees covering at least 50 percent of the defined landscaped area at maturity.
- e. Paving and artificial plant materials shall not be included in fulfilling this requirement.
- **f.** A plan of the landscaped area with the name, quantity, and spacing of plant materials shall be included as a part of the sign permit application.

(4) Address Requirement

a. All monument signs shall incorporate a street address number or address range, unless an alternative addressing location has been approved by the Development Services Department. Street address numbers shall be a minimum of four inches high in all zoning districts.

(5) Compatibility

- a. Highway Interchange Signage: The Director of Development Services City of Tupelo Planning Committee may approve a pylon sign up to 200 feet in area and up to 100 feet in height for restaurants, hotels, motels, fuel sales establishments or other highway oriented establishments when located on property zoned for non-residential or industrial use that is not adjacent to or does not negatively impact residential uses, any part of which shall be located within 1,000 feet of the center of the following interchanges on U.S. Highway 78/I-22; U.S. 78/I-22 and McCullough Boulevard/MS178; U.S. 78/I-22 and Coley Road Extended; U.S. 78/I-22 and Veterans Boulevard; U.S. 78/I22 and Auburn Road; or within 1,500 feet of the center of the following interchanges on U.S. Highway 45; U.S. 45 and Eason Boulevard; and U.S. 45 and Green Street. and which is zoned Mixed Use Commercial Corridor, Mixed Use Activity Center, Mixed Use Employment, or Industrial.
- b. An additional 50 square feet in area may be allowed for each additional businesses, up to a maximum of 400 square feet.
- c. The Director of Development Services may grant a "compatible use approval" for a ground sign to be located less than 100 feet from another ground sign upon a written finding that a proposed sign cannot physically meet this requirement solely due to the location of existing signs on separate but adjoining lots, provided that all other requirements of this Code are met and the proposed sign is located as remotely from adjacent signs as possible. No such compatible use approval shall be granted when the existing sign is located on the same lot as the proposed sign. In this case, a directory sign is recommended. However, the Director of Development Services may grant a compatible use approval for a ground sign to be located not closer than 75 feet to another sign where a directory sign is not feasible or would be greater than 75 feet from the business seeking the Sign Permit. All procedures regarding compatible uses as contained in Section 12.12 shall apply.
- **d.** Alternative sign locations may be approved by the Director of Development Services considering the width of the right-of-way.

(6) Flexibility

- **a.** Flexibility: Signs placed at a greater than minimum setback may be allowed additional height as follows:
 - i. Monument Signs: One additional foot of height for each five feet of setback beyond the minimum, to a maximum of ten feet.
 - ii. Pylon Signs: One additional foot of height for each five feet of setback beyond the minimum, to a maximum of 25 feet in the Regional Commercial District, or 35 feet in other districts. This flexibility may not be combined with the height limit exemption provided under "Highway interchange signage" below in Section 10.5.2.2(1)(5).
- b. Pylon signs placed at a greater than minimum setback from the street edge may be allowed additional area as follows:
 - i. Two additional square feet of area for each foot of setback beyond the minimum, to a maximum of 100 square feet in the Regional Commercial District, or 120 square feet in other districts. This flexibility may not be combined with the height limit exemption provided in Section 10.7.2.(6) 10.5.2.2(1)(5) below, "Highway Interchange Signage".

10.5.2.2(2) Special Standards

(1) Uniform or Directory Signs

- a. A uniform sign plan is required for all shopping centers, including any out-parcels connected thereto at the time of site plan approval and for all other multi-occupant non-residential developments, before any signs for the development, or establishments therein may be erected on the property. All owners, tenants, subtenants, and purchasers of individual units within the development shall comply with the approved uniform sign plan.
- b. The uniform sign plan shall consist of five elements which shall govern all signs within the shopping center or development: location, materials, size, letter style, and color. The uniform sign plan shall include drawings, specifications, dimensions, and maps showing the proposed locations of signs and how such locations conform to the requirements of this part.
- c. The uniform sign plan shall be subject to approval by the Development Services Department. For shopping centers and other multi-occupant developments, the uniform sign plan must be submitted, reviewed, and approved prior to the issuance of the first sign permit for the development, including any individual establishments therein or out-parcels connected thereto.
- d. Freestanding signs advertising two businesses may be up to 120 square feet in size and 25 feet in height. Freestanding signs advertising three businesses may be up to 150 square feet in size and 30 feet in height.
- e. Existing shopping centers are encouraged to submit a uniform sign plan and shall be allowed the additional size and height specified above.
- f. A uniform sign plan for the shopping center or development shall not be approved until and unless the Development Services Department finds that;
- g. The plan provides that signs of a similar type and function within the development will have a consistent size, lettering style, color scheme, and material construction;
- h. The plan provides for signs which meet the size limitations, location requirements, and other applicable requirements of this part.

(2) Billboards

Billboards require separate approval as an accessory structure and submittal of construction detail during application for permitting.

- a. Allowable Zones: Billboards shall be allowed in Agriculture/Open Space, Mixed Use Commercial Corridor, Mixed Use Employment Center, and Industrial zones.
- b. Size and Height Restrictions:
 - i. Billboards shall not exceed 400 square feet in size
 - ii. Billboards shall not exceed 35 25 feet in height as measured from ground level to the highest point of the sign without Flexible Variance approval by the City of Tupelo Planning Committee. No billboard may be approved to exceed 50 feet in height unless located in a Highway Interchange designated area as set forth in Section 10.5.2.2(1)(5) and approved for Flexible Variance by the City of Tupelo Planning Committee.
 - iii. No objects attached to a billboard structure or other encroachment in the form of signage or other advertising devices or media outside of the allowable square footage will be permitted.
- c. Setback and Separation:

- The front setback, as required by the zoning Code for buildings, shall also apply to billboards, but must maintain a clearance of 60 ft from the edge of the right of way, regardless of setback.
- ii. Billboards shall be separated from all other billboards by a minimum distance of 1,500 1750 feet measured at a radius. Billboards shall be separated from freestanding signs by a minimum distance of 100 500 feet and may not be located on the same parcel as any other freestanding sign.
- iii. Billboards located within 250 feet of the edge of the pavement of Martin Luther King, Jr. Drive (U.S. Highway 45) or U.S. Highway 78 shall be separated from all other billboards by a minimum distance of 500 feet measured at a radius.
- iv. No billboard shall locate closer than 100 ft to the closes point of any structure
- v. No billboard shall locate closer than 100 ft to any zoning boundary
- vi. No billboard shall locate closer 200 ft to any residential use, regardless of zone and, if closer than 500 ft to any residential use, must be oriented so that no portion of the sign face is visible from a principal structure on a residentially zoned lot.

d. Other Restrictions:

- i. Billboards shall be detached from all other structures and shall not be erected on or above the roof or any other part of a building.
- ii. Double sided billboards shall be allowed and shall be considered as one billboard, provided the nearest points of the individual sides of the structure are no more than five feet apart and total area is no more than 400 square feet
- iii. Stacked billboards with two panels facing the same direction may be permitted with Flexible Use approval by the City of Tupelo Planning Committee but may not exceed a total area of 400 square feet.
- iv. Billboards are permitted for off-premises advertising only and shall not be used to promote the use of the parcel on which it is located.
- v. All billboards are required to clearly post ownership identification and contact as well as City of Tupelo permitting number identification at an accessible point at the base of the structure.
- vi. Billboards located on 2-way streets are required to maintain either side of the signage structure
- vii. No new billboards may be constructed under the same ownership as that of any nonconforming billboard.

(3) Variable Display Signs

Variable Display Signs: Signs meeting the definitions of these sign types in Chapter 2 are required to meet specific design standards as follows:

- a. Changeable Copy Signs:
 - Location: The sign must be located on the site of the use identified or advertised by the sign.
 - 1. Zoning District: Changeable copy signs are allowable in any zoning district according to general standards for signs in such district.
 - ii. Area: As provided in Sections 10.7.2(4) and overlay district requirements if applicable.
- b. Electronic Reader Board Signs:
 - i. Location: The sign must be located on the site of the use identified or advertised by the sign.

- Zoning District: Allowed in Mixed Use Commercial Corridor, Mixed Use Activity Center, Mixed Use Employment, and Industrial Districts.
- iii. Setback and Orientation: The sign must be a minimum of 100 feet from any residential zoning district; if located within 200 feet of a residential zoning district, the sign must be oriented so that no portion of the sign face is visible from a principal structure on a residentially zoned lot.
- iv. Display: To pictorial images; texts may not exceed ten words or text elements; the minimum time a text or portion of a text may be displayed is one second per word or text element; no more than one color of illuminating device is allowed; the minimum pitch (space between pixels) shall be 23 millimeters.
- v. Brightness: Electronic reader board signs must have a primary and secondary means of reducing the brightness of the display to 70 percent of peak capacity brightness after sunset. These methods may include light sensing devices embedded within the display's controlling system or software provisions to reduce brightness on a timed basis.
- vi. Separation: The sign must be a minimum of 100 feet from any other ground sign and no compatible or flexible use process as described in Section 12.12 may be used to allow a lesser separation distance.
- vii. Area: Electronic reader board signs placed as wall or freestanding signs may not exceed 40 percent of the sign area allowed for wall or freestanding signs in Sections 10.7.2.(4). If located in a commercial overlay district, the 40 percent limitation applies to the sign area standards specified for the overlay district. For legibility and the ability to display a complete text message, the minimum size of an electronic reader board sign shall be six square feet.

c. Electronic Graphic Display Signs

- Electronic Graphic Display Signs not meeting the standards of on-premises signage must conform to all standards for Billboards as set forth in Section 10.5.2.2(2) (2) as well as the following:
- ii. Location: The sign must be located on the site of the use identified or advertised by the sign, or in a location where a billboard may be permitted under the requirements of Section 10.7.2.(11) 10.5.2.2.
- iii. Zoning District: Allowed for on-premises or off-premises use in Agriculture/Open Space, Mixed use Commercial Corridor, Mixed Use Activity Center, and Industrial districts.
- iv. Setback and Orientation: For on premises use, the sign must also be a minimum of 100 feet from any residential zoning district; if located within 200 feet of a residential zoning district, the sign must be oriented so that no portion of the sign face is visible from a principle structure on a residentially zoned lot. For off premises use the sign must also meet the standards in Section 10.7.2.(11) 10.5.2.2.
- v. Display: The sign may include both text and pictorial images, but no motion. Displays may include multiple colors. Displays must remain in place for at least one second per word or text element, with a minimum display time of eight seconds. Displays may change only with a whole text screen transition. The minimum pitch (space between pixels) shall be 23 millimeters.
- vi. Separation: For on premises use, the sign must be a minimum of 100 feet from any other ground sign and no compatible or flexible variance process as described in Section 12.12 may be used to allow a lesser separation distance.

- vii. Area: For on premises use, electronic graphic display signs placed as freestanding signs or attached to structures may not exceed 40 percent of the area allowed for freestanding or wall signs in Sections 10.7.2.(4) 10.5.2.2(1). If located in a commercial overlay district, the 40 percent limitation applies to the sign area standards specified for the overlay district. For off premises use the sign must meet size standards for billboards in Section 10.7.2.(12) 10.5.2.2(2)(2).
- viii. Billboard Replacement: For off premises use, an existing billboard may be replaced by an electronic graphic display sign provided that two existing billboard signs are removed and not replaced according to the following guidelines:
 - 1. A nonconforming billboard may not be replaced with an electronic graphic display sign.
 - 2. Replacement may not occur if the applicant does not own two billboards located in the City of Tupelo that may be removed.
 - Should the location of the billboard proposed for replacement by an electronic graphic display sign not meet the requirements of this code for such a sign, replacement shall not be permitted.
 - 4. Nonconforming billboards removed in order to conform to the standards of any Code amendment may not constitute a billboard designated for removal toward replacement of a billboard with an electronic graphic display sign.

d. Landmark Signs

Landmark Signs: Signs which have been officially designated as Local Historic Landmarks pursuant the Tupelo Historic Preservation Code, and which retain those dimensional, locational, and lighting standards that the sign possessed when it received such a designation shall enjoy the following privileges:

- I. May remain on roofs or exceed height limits found elsewhere in this Article.
- II. May exceed dimensional limits found elsewhere in this Article.
- III. May reference a product or business which is not related to the existing business on the property.
- IV. Shall not, if the sign is not related to an existing business, have the sign area deducted from the square footage of sign area granted by other standards of this Article.
- V. May remain in a right-of-way unless it becomes a hazard to traffic.
- VI. May retain its original lighting patterns and materials.
- VII. The following regulations shall apply to signs which have been designated as Landmark Signs.
 - 1. The voluntary removal of a Landmark Sign by an owner shall be allowed.
 - 2. Alterations to a Landmark Sign shall not be allowed without the issuance of a Certificate of Appropriateness by the Historic Preservation Commission using the criteria used in the Tupelo Historic Preservation Code.

10.5.3 Standards for the Permitting of Permanent Display of Public Artwork

- (1) All new murals on private property, excluding interior/exteriors of private residences, require a permit by the Department of Development Services. Permitting procedures are as follows:
 - a. A review committee made up of, at minimum, representatives of the City Planning Division, Tupelo Convention and Visitors Bureau, Building Division, Administrative Division, Planning Committee, Councilperson representing the proposed location, and including representatives of Downtown

Tupelo Main Street Association, Historic Preservation Commission, and/or Overlay Design Review Committee, as applicable.

- b. Full color scale renderings, where the mural will be displayed, materials used and process for application of mural to surface, and any letters of support for the proposal should be submitted to the Department of Development Services for review by committee. Proof of ownership of a property or permission by the property owner, along with a maintenance plan for the mural designated the responsible party is required for consideration of any application for artwork.
- c. If the Mural proposal is viewed as a work of fine art, the applicant is given a letter of acceptance by the review committee and directed to the Department of Development Services, Zoning Administration to complete an application for a sign as a work of art permit. The Zoning Administration makes final determinations for permits.
- d. If a determination is made by the committee that a proposal does not qualify as a one-of-a-kind work of art, the applicant will be given a letter from Tupelo Convention and Visitors Bureau stating that the proposal does not qualify as primarily a work of art in nature. The applicant will be directed to the Zoning Administration to complete an application for a sign permit. The Zoning Administration makes final determination for permits.
 - i. Public artwork may not meet the definition of a sign as defined by this Chapter or constitute advertising or an off-premises sign. Artwork constituting a sign must meet standards set forth in Chapter 10 of this Code.
 - ii. Overt use of logos or trademarks may lead to a determination that the proposal is advertising in nature and thus subject to signage code provisions concerning advertising and "off-site advertising.
 - iii. Murals must be a "one-of-a-kind" work of art and must not appear in any other public form including but not limited to advertising, logos, and trademarks and including publications where the mural is used to promote or identify the sponsor in any form.

(2) Design and Construction Standards

- a. The City of Tupelo permitting process is content neutral beyond the prevention of obscenity, defined as works which, taken as a whole, appeal to the prurient interest in sex, which portray sexual conduct in a patently offensive way, and which, taken as a whole, do not have serious literary, artistic, political, or scientific value as determined by an average person, applying contemporary community standards.
- b. Artwork shall be primarily artistic in nature, but up to five (5) percent of the sign or structure may be the name or logo of a sponsoring organization. The percentage of the artwork surface devoted to the sponsoring organization may be increased up to ten (10) percent of the sign if the zoning administrator, with input from the director of the mayor's office of art, culture and film, determines the portion of the sign devoted to the sponsor does not detract from the artistic quality of the sign.
- c. Color, theme, and design, are not regulated by the City of Tupelo beyond what is reasonable for the protection of health and safety related to overly complicated design or reflective or neon color that may pose as a distraction to traffic safety.
- d. Artwork construction must include surface material and paint appropriate for outdoor display to ensure overall durability or longevity
- e. The proposed artwork shall not obscure or detract from the significant architectural features of the building structure or use value of the lot on which it is located, nor should the structure or lot be significantly altered to accommodate the artwork.

f. Artwork may not be externally illuminated except by Flexible Use approval by the City of Tupelo Planning Committee.

(3) Location

- a. Public artwork may be permitted in all zoning districts.
- b. Artwork located on a parcel with a designated Historic Landmark or resource or in locations in designated Historic Districts require approval by the City of Tupelo Historic Preservation Commission and receipt of a Certificate of Appropriateness.
- c. Artwork located within a designated Overlay District will require approval by the Design Review Committee of that Overlay.
- d. Locations are not otherwise regulated by the City of Tupelo beyond what is reasonable for the protection of health and safety related to locations that may pose as a distraction to traffic safety or constitute a detriment to the safety of adjacent residential use.

10.8. 10.6 Flexibility and Variances.

10.8.1. 10.6.1 Administrative Flexibility.

The Director of Development Services may authorize additional sign height or area, of no more than ten percent of the applicable standard, on properties where other signage is reduced or not used, to the extent that the total area of signage is less than the maximum area allowable for all sign types on the property.

10.8.2. 10.6.2 Variances.

- (1) Requests for variances of greater than ten percent, but not more than 25 percent, of a sign dimensional standard will be reviewed under the provisions of Section 12.16.1, Compatibility Variance.
- (2) Requests for variances of more than 25 percent of a sign dimensional standard will be reviewed under the provisions of Section 12.16.2, Flexibility Variance.

10.8.3. 10.6.3 Total signage area formula.

As an alternative method of determining the amount of on-premise signage allowable when a business is applying for certificate of occupancy for a new location, the following formula may be used as the basis for granting flexibility of size within the total signage area available.

- (1) For lots or tenant spaces of 100 feet width or less, measured at the street, count 40 square feet for freestanding signage.
- (2) For lots or tenant spaces of more than 100 feet width, measured at the street, count 100 feet for freestanding signage.
- (3) Count one square foot for every foot of length, up to 100 feet, of each wall facing a street;
- (4) Over 100 feet in length, count one half square foot for each additional linear foot.
- (5) Count 50 square feet as an allowance for temporary signage.

The total allowable area of signage shall be recorded on the certificate of occupancy. Sign permits may be issued allowing the placement of permanent or temporary signs up to the total allowable signage area. Specific signs may exceed the base area standards by up to 40 percent. A one time permit may be issued authorizing a specific amount of temporary signage, which may be changed or replaced without further permit, as long as the allowed area is not exceeded.

If the total allowable area of signage is exceeded, the permit may be revoked and the base area standards for signage will be enforced.

10.9.1 10.7 Prohibited Signs

Prohibited signs, as described below, and those not adhering to the standards of this Section, will not be permitted by the City of Tupelo and, if located without a permit, are subject to violation enforcement and penalties according to Chapter 13, Enforcement of this Code and may be subject to immediate removal.

10.7.1 Applicability

- (1) Signs with Flashing or other Distracting Illumination: No sign shall consist of, or display, in whole or in part, any flashing lights or other illuminating devices which change in intensity, brightness or color, excepting variable display signs as defined in Chapter 2 and as provided in Section 10.7.2(12) 10.5.2.2, provided the message on such sign does not flash on and off.
 - a. Non-holiday related permanent string lights for commercial use are prohibited unless located at the roof edge of the structure or illuminating a courtyard or alley where outdoor seating or pedestrian use is accessory to the principal use and must consist of warm white light 2500-3000 Kelvin color temperature with bulbs no closer than 12 inches apart.
- (2) Resemblance to Traffic Signs: No sign shall resemble or conflict with any traffic control device or sign, or contain the words "stop", "caution", "go slow", "danger", "warning" or any similar words or phrases that may be construed to misdirect or confuse traffic flow.
- (3) Signs Constituting Traffic Hazards: Any sign which constitutes a hazard to traffic including, but not limited to, signs located within the sight distance triangle of an intersection.
- (4) Vehicle Signs: No sign shall be attached to, suspended from or painted upon any vehicle or trailer which is regularly parked on any street, or on any private property which is visible from any street, which is designed to serve the purposes of a sign as defined in this Code. This will include portable signs, with or without illumination. This prohibition shall not apply to vehicles or trailers utilized on a regular basis for deliveries, maintenance and related business purposes, or to a single sign not exceeding two square feet displayed on or within a vehicle advertising the availability of said vehicle for sale.
- (5) Dilapidated or Damaged Signs: A sign that has missing or broken panels, broken or damaged supports or frame, or otherwise displays inadequate maintenance, dilapidation, obsolescence or abandonment. RELOCATED FORM 10.8.2
- (6) All other signs not specifically allowed by this Code are prohibited. RELOCATED FORM 10.9.4

10.9.2 10.7.2 Prohibited Locations

- (1) Public Right-of-Way: No signs otherwise permitted by this Code shall be placed on any public property, including but not limited to, utility poles, fences or trees, or within any street or other public right-of-way, except as allowed by Section 10.4 of this Code. Signs placed in right of way or on other public property in violation of this code may be removed without notice.
- (2) Off Premise Signs: No sign may be placed on a separate tract of land from the business or other use for which it provides advertisement, except as allowed by Section 10.7.2.(11), Billboards, of this Code.
- (3) Roof Signs.
- (4) Hand Held Signs in Right-of-Way.
- (5) Signs on Natural Features such as, trees other living vegetation, or rocks.
- (6) Signs on benches, trash receptacles or similar items.
- (7) Unsolicited handbills may not be distributed anywhere with the City of Tupelo.

10.9.3. Dilapidated or Damaged Signs. RELOCATED TO 10.7 (5)

A sign that has missing or broken panels, broken or damaged supports or frame, or otherwise displays inadequate maintenance, dilapidation, obsolescence or abandonment.

10.9.4. General Prohibited Signs. RELOCATED TO 10.7(6) All other signs not specifically allowed by this Code are prohibited.

10.10 10.8 Abandoned Signs

three (3) months or more, or any sign which pertains to a time, event, entity, or purpose which no longer applies, and which sign is nonconforming to the requirements of this Section; a sign that has been blank or is not rented or leased, with or without a fee, for 60 days or more; an electronic sign no longer capable of display; or a lawfully erected temporary sign for which the time period allowed for display of the sign has expired. Landmark signs or signs protected by Historical Preservation designations are exempt from this definition provided they do not pose a threat to health or safety.

10.10.2. 10.8.2 [Signs applicable to business temporarily suspended.]

Signs applicable to business temporarily suspended because of a change of ownership or management of such business shall not be deemed abandoned unless this property remains vacant for a period of $\frac{12}{2}$ three (3) months or more.

10.10.3. 10.8.3 [Any sign that fails to meet the construction and maintenance requirements of this Section.] Notwithstanding the above provisions, any sign that fails to meet the construction and maintenance requirements of this Section, shall be deemed to be abandoned and subject to removal if any such deficiencies are not corrected within 30 days after a written notice from the Director of Development Services to the owner or tenant concerning said deficiencies. The Director of Development Services shall have the discretion to grant an additional 30 days for the required improvements to be made provided substantial progress is being made to correct the deficiencies and a written request for such an extension is received at least five working days before the end of the original notice.

10.10.4. 10.8.4 [Signs which are found to be in violation of this Section.]

Signs which are found to be in violation of this Section shall be removed by the owner of the sign or owner or tenant of the premises immediately upon written notice by the Director of Development Services that the sign does not comply with the terms of this Section. Any such signs not removed within 30 days from this written notice may be removed by the City and all costs charged to the owner, agent or person having the beneficial interest in the building or premises upon which such signs are located, or in the sign itself.

10.11. 10.9 Non-Conforming Signs.

10.11.1. 10.9.1 [Signs that were lawful as of the effective date of this Code.]

Signs that were lawful as of the effective date of this Code but are not in conformance with current requirements shall be permitted to be maintained as nonconforming signs, except as provided below:

a. The signs and supporting structures may not be enlarged, moved to a different location in the City unless that location conforms to all applicable provisions of this ordinance, or improved through replacement by substantially different materials or in any other manner, without flexible use approval by the City of Tupelo Planning Committee except that a non-conforming billboard may be replaced by an electronic graphic display type billboard subject to the standards in Sections 10.7.2.(11) and 10.7.2.(12);

b. Lights and/or other electric or electronic features may not be added, and the intensity of lighting may not be increased, except for billboard replacement as provided in Section 10.11.1.(a).

10.11.2. 10.9.2 [Signs must operate in compliance with all other restrictions.]

The signs must operate in compliance with all other restrictions in this Chapter, and the Development Code, and other local regulations, including but not limited to prohibitions on sign operation and sign features contained in Section 10.3.4 and prohibitions on dilapidated and damaged signs contained in Section 10.9.3.10.7

- (1) The signs shall be removed if repair or damage to the sign and structure exceeds 25 percent of the lesser of the declared value when the sign permit was originally obtained or the replacement value.
- (2) The signs shall operate in compliance with all restrictions contained in federal and/or State law and regulation; and
- (3) The owner of such signs shall maintain all necessary records and documents, including permits, required to be obtained under previous Codes and/or State law or regulation, to demonstrate that the sign may continue to exist under the provisions of this Section.

10.11.3. 10.9.3 [Restrictions.]

The restrictions contained in this Section shall not be interpreted to prohibit the City from requiring removal of any nonconforming off-premise sign when removal is accomplished in accordance with applicable law, including but not limited to federal and/or state requirements regarding compensation, or from requiring removal of abandoned signs under the provisions of Section 10.9-10.8.

PROPOSED TEXT AMENDMENT TO THE CITY OF TUPELO DEVELOPMENT CODE (TA23-01)

TA22-02 Comprehensive Development Code Update: APPROVAL recommended July 25, 2022 by the City of Tupelo Planning Committee and Department of Development Services to amend the Code to include multifamily developments that are allowed in a zone and are currently permitted as a "Use by Right" within the City of Tupelo to "Use by Flexibility" per the proposed amendments below:

CHAPTER 2 Definitions and Rules of Construction

All amendments and additions are noted in **bold**. Deletions are stricken.

1. Amend the following definitions:

CONGREGATE LIVING: any structure, other than those considered multi-family dwellings, or dwelling unit occupied for residential use by a group of six or more more than five (5) adult residents or licensed by the Department of Child Protective Services as a congregate living unit and, therefore, considered a commercial development with all the requirements thereof. Includes transient and non-transient residential and institutional dwellings and developments as defined and regulated by the International Building Code, as adopted. Includes Residential Living Personal Care Homes and Assisted Living Personal Care Homes; emergency shelters, regardless of occupancy; all residential units with more than five (5) non-transient adult occupants. Standards of use are regulated by Section 11.8 of this Code. and/or any structure occupied by a group for residential use where any care or group support services are provided by others, either paid for in whole, in part or in-kind by an agency, business, non-profit corporation, church or organization with rules and regulations as to governing the household, including the household itself serving on a voluntary basis; and/or any "Residential Group" as defined by the International Fire Code (IFC) of 2012 requiring life safety measures of the IFC. Congregate living can be identified as residency 'plus' those services or support defined above, and traditional examples of congregate living include, but are not limited to, transient or non transient boarding houses, alcohol and drug centers, assisted living facilities, convalescent facilities, group homes, halfway houses, residential board and custodial care facilities, sober living houses, and social rehabilitation facilities.

CONGREGATE LIVING 1: also known as Residential Living Personal Care Home/Facility - any residential facility operating 24 hours a day, seven (7) days a week that is required to be a "licensed facility" under the terms of the Mississippi Department of Health as a Residential Living Personal Care Home providing residential accommodations, personal service, and social care rendered by personnel of the licensed facility to residents unrelated to the licensee in performing one or more of the activities of daily living, including but not limited to bathing, walking, excretory functions, feeding, personal grooming, and dressing. Residential Living Personal Care Homes accept individuals who require personal care services because of impaired capacity for self-care elect or require protective living accommodation but do not have an illness, injury, or disability for which regular medical care and 24-hour nursing service is required, including individuals, who due to functional impairments, may require mental health services to compensate for activities of daily living. Additional standards of the International Building Code may apply according to occupancy. Includes custodial and Condition 1 Residential uses as defined by the International Building Code; includes Group Homes. any structure or facility used for congregate living, where services are limited to the provision of shared meals and/or housekeeping, but no medical or personal care services or assistance with activities of daily living, as defined by the State of Mississippi Department of Health, are provided.

CONGREGATE LIVING 2: also known as Assisted Living Personal Care Home/Facility - any place or facility operate 24 hours a day, seven (7) days a week that is required to be a "licensed facility" under the terms of the

Mississippi Department of Health as an Assisted Living Personal Care Home and includes supplemental services to include, but not be limited to, the provision of medical services (i.e., medication procedures and medication administration), and emergency response services. Additional standards of the International Building Code may apply according to occupancy. Includes Ambulatory Care Facilities, Institutional uses, and Condition 2 Residential uses as defined by the International Building Code. any structure or facility used for congregate living where services may include medical or personal care services or assistance with activities of daily living as defined by the State of Mississippi Department of Health, or which are required to be licensed by the State of Mississippi for such services.

CONGREGATE LIVING 3: any use meeting the definition of either Congregate Living 1 OR Congregate Living 2 with an occupancy of more than sixteen (16) non-transient occupants OR more than ten (10) transient occupants. any structure or facility used for congregate living, where residents are placed on release from more restrictive custodial confinement or in lieu of such more restrictive custodial confinement, wherein supervision, rehabilitation, and counseling is provided to assist residents transitioning back into society; or where residents are treated for substance abuse problems, or placed after such treatment for a period of supervision, rehabilitation, and counseling to assist with transitioning back into society.

DWELLING, DUPLEX: A residential unit that contains two housing units which share a no-through access common wall in a single structure on a single lot. Individual units may be located on separate floors or side-by-side. A duplex shall have open yards on all sides and not be attached to any other building.

2. Include the following definitions:

EMERGENCY SHELTER - any facility whose primary purpose is to provide a temporary shelter for the homeless in general or for specific populations of the homeless with defined length of stay and which does not require occupants to sign leases or occupancy agreements. All transient housing shelters, regardless of occupancy, are regulated by congregate living standards of use. Additional standards of use are regulated by Section 11.10 of this Code. Additional standards of the International Building Code may apply according to occupancy.

MULTIFAMILY DEVELOPMENT – parcel or multiple adjacent parcels of the same ownership or development on which are located more than one structure defined as a multifamily dwelling unit, duplex, condominium or townhouse, or where more than one off-site built single family residential unit, such as a modular home, mobile home, or manufactured housing, is located under the same ownership or development. Standards of use are regulated by Section 11.11 of this Code.

NON-CONGREGATE SHELTER – also known as transient boarding houses; any facility or location where each individual or household, meeting specific eligibility criteria due to an emergency situation is provided lodging without a legal or formal occupancy agreement when congregate sheltering is unavailable or longer term temporary sheltering is required but which differs from congregate shelters in that some level of privacy is offered through the separation of living units such as hotels, motels, or dormitories. Standards of use are regulated by Section 11.10 and must meet multi-family development standards including compliance with all rental standards of Section 11.11 and Congregate Living Facilities standards in Section 11.8.

NON-TRANSIENT – tenant or person whose resides in the same building or quarters for thirty days or more.

TRANSIENT – tenant or person whose occupancy of a dwelling unit or sleeping unit is not more than 30 days

^{*}Apartment developments of 8 units or less may be permitted on a major collector or arterial street. Apartment developments of more than 8 units may only be located on an arterial street.

Please Note: "Apartment" is noted for allowed use by Compatibility and Flexibility with in particular sub-districts of the Mixed Use Downtown zone, per Table 5.3.4. These uses refer to upper story residential units and other apartment structures, NOT multifamily apartment developments.

1. Remove the following from Table 4.3 and Allowed Uses list accordingly in Chapter 4

^{**}Apartment developments are permitted by compatibility if they have eight or fewer units and if located on a major collector or arterial street; otherwise by flexibility.

^{***}Permitted by compatibility if they have eight or fewer units and if located on a major collector or arterial street; otherwise by flexibility.

⁺ Congregate Living structures or facilities of any classification may not be located less than 2,500 feet from an existing use of the same classification, except in Mixed Use zoning districts where facilities may not be located less than 1,500 feet from an existing use of the same classification.

^{*}Use updates include modified and removed definitions from amendments to Chapter 4 as part of the Medical Cannabis Text Amendment and TA22-03 as well as TA22-02 (see attached definitions as passed)

Remove "Apartment" from uses, definitional only; Remove "Place of Assembly and/or Worship"; Remove "Congregate Living 1"; Remove "Congregate Living 2"; Remove "Congregate Living 3" (included in definitions of Residential Living Personal Care Home and Assisted Living Personal Care home as defined and licensed by the Mississippi Department of Health) as Allowed Uses In Chapter 4.

2. Amend "Apartment Development" as an Allowed Use to "Dwelling, Multi-Family, 3-8 unit" and "Dwelling, Multi-Family, 9+ unit"; amend "Place of Worship and/or Assembly" as an Allowed Use to "Church" and "Event Center"; amend "Congregate Living 1" as an Allowed Use to "Residential Living Personal Care Home"; Amend "Congregate Living 2" as an Allowed Use to "Assisted Living Personal Care Home" in Allowed Uses by respective Base Zoning District and in Table 4.3 according to the following Allowed Uses designations:

Please note: R indicates Use by Right, C indicates Use by Compatibility, F indicates Use by Flexibility. Uses not indicated as R, C, or F in each zone are considered NOT an Allowed Use in the respective zone. See Chapter 5.3 for allowed uses in the Mixed Use Downtown zoning district. See Building Design Standards for additional compatibility standards by zone.

CHAPTER 11 11.8 Congregate Living Facilities

Meaning and Applicability

This section applies to any congregate living structure, other than those considered multi-family dwellings, or dwelling unit meeting the definitions of this Code occupied for residential use by a group of six or more more than five (5) adult residents and, therefore, considered a commercial development with all the requirements thereof. Includes transient and non-transient residential and institutional dwellings and developments as defined and regulated by the International Building Code, as adopted. Includes Residential Living Personal Care Homes and Assisted Living Personal Care Homes; emergency shelters, regardless of occupancy; all residential units with more than five (5) non-transient adult occupants. All residential units with more than five (5) adult occupants, regardless of relation, are subject to the standards of this section. Temporary emergency shelters with more than five (5) adult occupants are subject to the standards of this section.

Congregate living does not include residential uses with an occupancy of five (5) or fewer unrelated adults not requiring a license by the Mississippi Department of Health, Assisted or Residential Personal Care Homes not exceeding an occupancy of five (5) persons, or owner-occupied lodging houses with five (5) or fewer guest rooms and ten (10) or fewer total occupants provided that the structure meets all standards of the International Residential Code and applicable commercial use standards of this Code. Units meeting this description are regulated by Residential Rental Standards set forth in this Code by Section 11.12.

Applications

- (1) A commercial construction application and all requirements therein must be met. Facilities with 5 or fewer residents may be defined according to type of dwelling unit (detached, duplex, etc.) for residential use when providing evidence of compliance with the International Residential Code standards.
- (2) A residential rental license, registration, and inspection are required of all congregate living facilities, in accordance with the Rental Ordinance of the City of Tupelo and Section 11.11 of this Code. For Congregate Living facilities, a state license or privilege tax license may serve as an alternative to the requirement for a formal lease or other legal occupancy agreement. Congregate living facilities, except non-congregate shelters may register as a single unit. Non-Congregate Shelters must register each unit and comply with all multi-family development standards.
- (3) Residential or Assisted Personal Care Home/Facilities for five (5) or fewer persons receiving care that are within a single family dwelling are permitted to comply with the International Residential Code and be permitted for residential use provided an automatic sprinkler system is installed in accordance with said Code. Lack of compliance to the International Residential Code shall classify such a facility a commercial development with the requirements thereof. (See Section 308.2 and 310.4 of the International Building Code)

Standards

- (1) All congregate living facilities must comply with provisions of the International Building Code 2018 including, housing, building, electrical, and fire codes; the Fair Housing Act of 1968; the Americans With Disabilities Act; the Age Discrimination Act of 1975; Section 504 of the Rehabilitation Act. All facilities must be properly zoned and licensed.
- (2) Congregate living 1 and Congregate Living 2 facilities locating more than two vehicles on premises at any given time in a residential zone or adjacent to residential use must provide additional parking behind the back point of the structure on a designated parking pad that may not be gravel or other natural surface.

Restrictions

(1) Separation Requirement. Congregate Living Facilities in Mixed Use zoning districts may not be located within 1,500 800 feet of any other Congregate Living Facility. Congregate Living Facilities in other zoning districts may not be located within 2,500 feet of any other Congregate Living Facility.

(2) Residential uses with an occupancy of more than five (5) adults and fewer than sixteen (16) adults which do not require a license and are not regulated by any other Federal or State entity are permitted for use only as Congregate Living 3 is allowed in the location's designated zoning district, and must meet the standards of this section.

Variances

(1) Variance on the distance requirement to no less than 500 ft may be recommended by the Planning Committee with final approving authority by City Council for congregate living not classified as Congregate Living 1, Congregate Living 2, or Congregate Living 3, but otherwise regulated by the standards of this section, and whose use does not require a license and is not regulated by any other Federal or State entity whose occupancy does not exceed ten (10) adults and whose location is within 1500 ft of an arterial or collector road.

11.10 Temporary Shelters

Meaning and Applicability

All emergency shelters and non-congregate shelters, also known as transient boarding houses, with five (5) or more adult occupants providing temporary lodging without a legal or formal occupancy agreement such as a lease or other rental or subsidy agreement with an individual or household is subject to the standards and requirements of this section.

Applications

- (1) All shelters are required to maintain and present evidence of operating policies, procedures, and standards of care including, but not limited to:
 - a. Intake procedures and eligibility requirements
 - b. Defined length of stay requirements
 - c. Case management policy
 - d. Mississippi Department of Health Food Permit, where applicable
 - e. Facility operations and management procedures including security and life safety plan
 - f. Proof of insurance
 - g. Mississippi Department of Health license as a Residential or Assisted Living Personal Care Home, where applicable
- (2) Use as a shelter will be approved only where facilities also meet all Congregate Living Standards according to Section 11.8 of this Code including compliance with residential rental standards according to Section 11.12.
- (1) All shelters must comply with provisions of the International Building Code 2018 including, housing, building, electrical, and fire codes; the Fair Housing Act of 1968; the Americans With Disabilities Act; the Age Discrimination Act of 1975; Section 504 of the Rehabilitation Act. All facilities must be properly zoned and licensed.
- (2) Non-congregate shelters and transient congregate living with more than five (5) occupants are also required to comply with standards for congregate living use, as defined by Section 11.8.
- (3) Non-Congregate Shelters must be constructed according to the standards of multi-family development in such a way so the principal use may be converted to multi-family units without major renovations to the structure.

- (4) Shelters must clearly display the occupancy rate of each structure, as permitted by the City of Tupelo Fire Marshall
- (5) The City of Tupelo encourages all temporary shelters to participate with the Homeless Management Information System (HMIS) and Mississippi United to End Homelessness (MUTEH) who is contracted with the City of Tupelo to provide case management services and resource assistance to individuals and families experiencing homelessness.

Restrictions

- (1) Shelters must maintain that no lying down or sleeping on a public sidewalk, outdoors, or residing within a vehicle on public property, on private property owned by the shelter, or within 500 ft of the permitted shelter between the hours of 7pm and 7am in any location not permitted by the City for camping.
- (2) Shelters must adhere to all requirements of Section 11.6, Property Maintenance, of the City of Tupelo Development Code

11.11 Multi-Family Development Standards

Meaning and Applicability

Multi-family Development applies to any parcel, or adjacent parcels of the same ownership, where are located more than one structure with classified use as a multi-family dwelling unit, duplex, condominium or townhouse where more than three attached units are located, or where more than one off-site built single family residential unit, such as a modular home, mobile home, or manufactured housing, is located under the same ownership or development. Type of unit, density of units, and floor area ratio permissible is determined according to permitted use within the Base Zoning District where the structure is located and compliance with standards of a Major Site Plan. This Section applies to all new construction and renovations of more than 25 percent of the square footage OR tax assessed value of any existing structure(s) for use as a multifamily development.

Applications

- (1) A commercial construction application and all requirements therein must be met.
- (2) A residential rental license, registration, and inspection are required of all units within a Multi-Family Development, in accordance with the Rental Ordinance of the City of Tupelo and Section 11.11 of this Code.
- (3) All Multifamily Developments, other than upper story residential only, require a Major Site Plan and/or Development Plan requiring review by the City of Tupelo Site Plan Review Committee, Planning Committee, and Tupelo City Council, subject to the standards of Section 12.9 and 12.11 of this Code.

Standards

- (1) 30% open space is required on all multi-family developments
- (2) Commercial construction, including buffering, landscaping, and off-street parking, standards apply to all developments covered by this Section except where otherwise modified by this Section.
- (3) When located on a local road, a minimum of two (2) dwelling units must be oriented toward the adjacent street unless the front setback meets or exceeds 50 ft or where a 30 wide or greater buffer is located along the street frontage.
- (4) Two (2) off-street parking stalls are required for each unit, including garage and other parking facilities. One (1) guest parking stall is required for every four (4) dwelling units.

- (5) Parking must be located behind the back point of the structure on a designated parking pad that may not be gravel or other natural surface OR where any structure has more than four stories or a development contains more than 100 residential units, tuck under, cantilever, parking garage or other parking facility approved by the Department of Development Services designed to reduce the footprint of the development must be used to meet minimum parking requirements.
- (6) Multi-family developments must include an internal sidewalk connecting all dwelling units and other structures and pedestrian connection to sidewalks or other pedestrian pathways connecting to adjacent commercial developments or commercial corridors.
- (7) A cluster mailbox and access location must be provided on site
- (8) Blue Light Emergency Tower/Phone/Box or other provision for immediate emergency access must be provided in the vehicular use area or other common location for all multifamily developments with more than thirty (30) dwelling units or where six (6) or more individual structures are located
- (9) Electrical transformers or switching gear, air handlers and similar mechanical equipment must be screened according to Section 9.6.1 of this Code.
- (10)Project boundary buffers are required for all multifamily developments with nine (9) or more units, including in MUD or MUR Zoning Districts where adjacent to single family residential use, according to Section 9.9.1 of this Code.
- (11) All multifamily developments must comply with § 804(f)(5)(C) of the Fair Housing Act of 1988 and the implementing regulations codified at 24 C.F.R. 100.205. Applicants shall consult the Fair Housing Accessibility Guidelines.
- (12)All multifamily developments must comply with Building Standards according to Section 6.4 of this Code and street design standards according to Section 6.8.8.3 of this Code.
- (13) Multifamily signage is regulated by Section 10.5.7 of this Code

Restrictions

(1) Multi-family developments with 9 or more dwelling units on a parcel or adjacent parcels of the same ownership may not locate within 1500 ft of another multi-family unit or development, except in the RC, MUR, or I Zoning Districts, where 9 or more dwelling units are located on a parcel or on adjacent parcels of the same ownership or development unless a shared street and pedestrian access sidewalk or walking path connecting adjacent developments is approved as part of a Major Site plan including existing and proposed developments.

Variances

- (1) Variances for density as determined by the Base Zoning District may be approved according to the Section 12.16 of this Code. Reduction in the percentage of required open space to permit variances for density is permitted. It is the responsibility of the applicant to provide that the following findings are met in order for the Planning Committee or City Council to provide approval for variances related to density or open space reduction:
 - a. Provisions in additional landscaping, walkability, aesthetic improvements, common space amenities, or other quality of life measures have been made to the site plan to encourage use and access to outdoor space and surrounding commercial or recreational uses.
 - b. Where variances for density or open space are requested, no variances for parking location may be permitted. Off-street parking requirements may be reduced with shared parking agreements or demonstrated access to public transportation.
- (2) Where limited by characteristics of the lot or lot location, a variance for required parking behind the back point of the structure may be considered as part of the Major Site Plan review. Variances to allow parking to be located to the side or front of the structure must meet the following additional requirements:

- a. Open space must be provided between the parking are and any front facing entry to the structure with 15% in designated landscaping beds without the use of ground cover materials.
- b. Pedestrian access must be provided from the designated parking area to all entry points of the structure.
- c. No variance for the reduction in required open space will be permitted where variance of parking location is approved.
- (3) Variances in off street parking requirements of this Section to accommodate special conditions of the lot or existing development where the standards of this section apply due to substantial improvement of an existing structure. Exceptions to requirements for parking garage facilities may be approved as a variance by the Planning Committee as part of Major Site Plan approval.

11.12 Residential Rental Standards

Meaning and Applicability

This Section applies to all residential units within the City of Tupelo being rented or leased for occupancy to an individual(s) other than the owner and including residential units with an occupancy of five (5) or fewer unrelated adults. Residential rental units are subject to Miss. Code Ann. Section 89-8-through 89-8-29, Article XII of the City of Tupelo Code of Ordinances, the City of Tupelo Development Code, and the International Building Code and International Residential Code as approved. All short-term rentals, as defined by the City of Tupelo Development Code, must be registered as a residential rental and adhere to all standards of this Section.

Applications

- (1) All property owners renting or leasing a unit for residential occupancy must complete a Rental Registration and License Application annually. Registrations and Licenses will not be provided where units carry open violations or unpaid penalty fees.
- (2) All property owners renting or leasing a unit for occupancy must maintain a Privilege License with the City of Tupelo which may be obtained after a Rental Registration and License is received.
- (3) All units being leased or rented must have an approved and active Certificate of Occupancy and Rental Inspection conducted by the City of Tupelo Department of Development Services prior to occupancy. Rental inspections are required for all new Certificates of Occupancy, prior to occupation by a new tenant, or every two (2) years where no change in tenant occurs.
- (4) All units must provide the square footage of the unit, monthly rental cost per unit, maximum number of allowed occupants, type of rental (residential or short-term), unit type, and Lead Disclosure Statement if the unit was built prior to 1978.
- (5) A legal and binding lease agreement or copy of unsigned lease is required on all rental units prior to receiving a Certificate of Occupancy. Units occupied without a submitted lease agreement to the Department of Development Services will be in violation of this Code. A signed lease agreement matching the original submission must be presented upon request to the Department of Development Services.
- (6) Short-Term rentals also require property owner Rental Registration and License, Privilege License, Certificate of Occupancy and Inspection on each rented unit, and carry a Home Business Certificate of Occupancy on each unit. Short-Term rental units do not require a new inspection with each tenant with a length of stay no more than thirty (30) days. Rented units with occupancy for more than thirty (30) days are required to register as a residential rental unit.
- (7) A Registered Agent is required if the property owner of a rented unit is a business, if the owner does not reside within 60 miles of the unit, or if the owner is unable to be contacted on a 24-hour bases. Registered

- Agents must reside in Lee County or an adjacent County. Registered Agents must obtain a City of Tupelo Privilege License.
- (8) Changes in utilities and/or meters is not permitted without an active Certificate of Occupancy from the Department of Development Services. A temporary meter may not remain active for more than five (5) days after a tenant takes occupancy unless utilities are provided by the Owner and included in rental payment per the lease agreement.
- (9) Rental of property to any person, regardless of relation to the applicant, is required to meet the standards of this Section excepting where five (5) or fewer related persons occupy a single dwelling unit where homestead occupancy is established by the property owner.

Standards

- (1) All residential rental units in the City of Tupelo must abide by all relevant sections of this Code and the City of Tupelo Code of Ordinances, including Chapter 7 of the Code of Ordinances Building and Building Regulations and Chapter 11 of the City of Tupelo Development Code Property Maintenance, and Article XII of the City of Tupelo Code of Ordinances Rental Housing Code.
- (2) Maintenance and compliance with rental requirements is the responsibility of the owner, agent or manager including interior, exterior, premises, maintenance of provided equipment and utility, and tenant behavior. Notices of violation will be provided to the property owner and, where applicable, registered agent of the owner on file with the Department of Development Services.
- (3) Every owner, agent, manager or tenant of a rental housing unit is required, upon reasonable notice, to provide access to any part of a rental housing unit for the purpose of inspection. Where a complaint of violation is received, access must be given without notice by the owner, agent, manager, or tenant. Where a tenant refuses to provide access, an owner is permitted to evict said tenant in order to allow access to the Code Enforcement officer or designated representative of the governing authority.
- (4) Where an accessory dwelling unit and principal single family residential dwelling unit are located on the same parcel, either may be rented only where either dwelling unit is occupied by the property owner.
- (5) The Department of Development Services will not permit a unit for residential occupancy where a restriction is identified on an ownership deed limiting use of a property for residential rental use.

Violations

- (1) All residential rental units in the City of Tupelo are subject to code enforcement violations and violations of the City Code of Ordinances and are subject to fines and penalty fees, hold on utilities or utility transfer, revoking of rental license, revocation of all permits issued to the violator, inspection without notice, abatement, criminal or civil violation, injunction before Municipal Court, property liens, and emergency enforcement of violations posing a danger to public health, safety, or welfare, according to the standards for violations outlined in said Codes.
- (2) Rental Registration expired for 90 or more days will result in revocation of Certificate of Occupancy. All required fees plus \$500 penalty fee is required to re-establish a Certificate of Occupancy for any unit.
- (3) Units rented without and approved Certificate of Occupancy will result in a \$350 penalty plus \$25 per unit. All penalties and fees must be paid to re-establish a Certificate of Occupancy.
- (4) Scheduled on-site inspections may be rescheduled once with 24 hour notice without incurring a penalty fee. A penalty fee for rescheduling more than once, required re-inspection of a unit, or failure of owner or registered agent to be present at the time of inspection. Penalty fees are cumulative at the following rate, 1st event \$50, 2nd event \$100, 3nd event \$200, 4th event \$400. Upon a fourth (4th) re-scheduled inspection, re-inspection, or failure to appear, a citation will be filed and Certificate of Occupancy revoked for each unit. Revocation of a Certificate of Occupancy for this violation carries an additional \$500 penalty required prior to reestablishing a Certificate of Occupancy.

(5) It is the responsibility of the owner or agent to provide suitable equivalent housing for any tenant located in a structure that is cited for a violation of standards or regulations applicable to rental properties which the inspector determines area risk to health and safety until the violations are mitigated and an approved inspection is issued.

PROPOSED TEXT AMENDMENT TO THE CITY OF TUPELO DEVELOPMENT CODE (TA23-01)

TA22-02 Comprehensive Development Code Update: APPROVAL recommended July 25, 2022 by the City of Tupelo Planning Committee and Department of Development Services to amend the Code to include multifamily developments that are allowed in a zone and are currently permitted as a "Use by Right" within the City of Tupelo to "Use by Flexibility" per the proposed amendments below:

CHAPTER 2 Definitions and Rules of Construction

All amendments and additions are noted in **bold**. Deletions are stricken.

1. Amend the following definitions:

CONGREGATE LIVING: any structure, other than those considered multi-family dwellings, or dwelling unit occupied for residential use by a group of six or more more than five (5) adult residents or licensed by the Department of Child Protective Services as a congregate living unit and, therefore, considered a commercial development with all the requirements thereof. Includes transient and non-transient residential and institutional dwellings and developments as defined and regulated by the International Building Code, as adopted. Includes Residential Living Personal Care Homes and Assisted Living Personal Care Homes; emergency shelters, regardless of occupancy; all residential units with more than five (5) non-transient adult occupants. Standards of use are regulated by Section 11.8 of this Code. and/or any structure occupied by a group for residential use where any care or group support services are provided by others, either paid for in whole, in part or in-kind by an agency, business, non-profit corporation, church or organization with rules and regulations as to governing the household, including the household itself serving on a voluntary basis; and/or any "Residential Group" as defined by the International Fire Code (IFC) of 2012 requiring life safety measures of the IFC. Congregate living can be identified as residency 'plus' those services or support defined above, and traditional examples of congregate living include, but are not limited to, transient or non transient boarding houses, alcohol and drug centers, assisted living facilities, convalescent facilities, group homes, halfway houses, residential board and custodial care facilities, sober living houses, and social rehabilitation facilities.

CONGREGATE LIVING 1: also known as Residential Living Personal Care Home/Facility - any residential facility operating 24 hours a day, seven (7) days a week that is required to be a "licensed facility" under the terms of the Mississippi Department of Health as a Residential Living Personal Care Home providing residential accommodations, personal service, and social care rendered by personnel of the licensed facility to residents unrelated to the licensee in performing one or more of the activities of daily living, including but not limited to bathing, walking, excretory functions, feeding, personal grooming, and dressing. Residential Living Personal Care Homes accept individuals who require personal care services because of impaired capacity for self-care elect or require protective living accommodation but do not have an illness, injury, or disability for which regular medical care and 24-hour nursing service is required, including individuals, who due to functional impairments, may require mental health services to compensate for activities of daily living. Additional standards of the International Building Code may apply according to occupancy. Includes custodial and Condition 1 Residential uses as defined by the International Building Code; includes Group Homes. any structure or facility used for congregate living, where services are limited to the provision of shared meals and/or housekeeping, but no medical or personal care services or assistance with activities of daily living, as defined by the State of Mississippi Department of Health, are provided.

CONGREGATE LIVING 2: also known as Assisted Living Personal Care Home/Facility - any place or facility operate 24 hours a day, seven (7) days a week that is required to be a "licensed facility" under the terms of the

Mississippi Department of Health as an Assisted Living Personal Care Home and includes supplemental services to include, but not be limited to, the provision of medical services (i.e., medication procedures and medication administration), and emergency response services. Additional standards of the International Building Code may apply according to occupancy. Includes Ambulatory Care Facilities, Institutional uses, and Condition 2 Residential uses as defined by the International Building Code. any structure or facility used for congregate living where services may include medical or personal care services or assistance with activities of daily living as defined by the State of Mississippi Department of Health, or which are required to be licensed by the State of Mississippi for such services.

CONGREGATE LIVING 3: any use meeting the definition of either Congregate Living 1 OR Congregate Living 2 with an occupancy of more than sixteen (16) non-transient occupants OR more than ten (10) transient occupants. any structure or facility used for congregate living, where residents are placed on release from more restrictive custodial confinement or in lieu of such more restrictive custodial confinement, wherein supervision, rehabilitation, and counseling is provided to assist residents transitioning back into society; or where residents are treated for substance abuse problems, or placed after such treatment for a period of supervision, rehabilitation, and counseling to assist with transitioning back into society.

DWELLING, DUPLEX: A residential unit that contains two housing units which share a no-through access common wall in a single structure on a single lot. Individual units may be located on separate floors or side-by-side. A duplex shall have open yards on all sides and not be attached to any other building.

2. Include the following definitions:

EMERGENCY SHELTER - any facility whose primary purpose is to provide a temporary shelter for the homeless in general or for specific populations of the homeless with defined length of stay and which does not require occupants to sign leases or occupancy agreements. All transient housing shelters, regardless of occupancy, are regulated by congregate living standards of use. Additional standards of use are regulated by Section 11.10 of this Code. Additional standards of the International Building Code may apply according to occupancy.

MULTIFAMILY DEVELOPMENT – parcel or multiple adjacent parcels of the same ownership or development on which are located more than one structure defined as a multifamily dwelling unit, duplex, condominium or townhouse, or where more than one off-site built single family residential unit, such as a modular home, mobile home, or manufactured housing, is located under the same ownership or development. Standards of use are regulated by Section 11.11 of this Code.

NON-CONGREGATE SHELTER – also known as transient boarding houses; any facility or location where each individual or household, meeting specific eligibility criteria due to an emergency situation is provided lodging without a legal or formal occupancy agreement when congregate sheltering is unavailable or longer term temporary sheltering is required but which differs from congregate shelters in that some level of privacy is offered through the separation of living units such as hotels, motels, or dormitories. Standards of use are regulated by Section 11.10 and must meet multi-family development standards including compliance with all rental standards of Section 11.11 and Congregate Living Facilities standards in Section 11.8.

NON-TRANSIENT – tenant or person whose resides in the same building or quarters for thirty days or more.

TRANSIENT – tenant or person whose occupancy of a dwelling unit or sleeping unit is not more than 30 days

CHAPTER 11 11.8 Congregate Living Facilities

Meaning and Applicability

This section applies to any congregate living structure, other than those considered multi-family dwellings, or dwelling unit meeting the definitions of this Code occupied for residential use by a group of six or more more than five (5) adult residents and, therefore, considered a commercial development with all the requirements thereof. Includes transient and non-transient residential and institutional dwellings and developments as defined and regulated by the International Building Code, as adopted. Includes Residential Living Personal Care Homes and Assisted Living Personal Care Homes; emergency shelters, regardless of occupancy; all residential units with more than five (5) non-transient adult occupants. All residential units with more than five (5) adult occupants, regardless of relation, are subject to the standards of this section. Temporary emergency shelters with more than five (5) adult occupants are subject to the standards of this section.

Congregate living does not include residential uses with an occupancy of five (5) or fewer unrelated adults not requiring a license by the Mississippi Department of Health, Assisted or Residential Personal Care Homes not exceeding an occupancy of five (5) persons, or owner-occupied lodging houses with five (5) or fewer guest rooms and ten (10) or fewer total occupants provided that the structure meets all standards of the International Residential Code and applicable commercial use standards of this Code. Units meeting this description are regulated by Residential Rental Standards set forth in this Code by Section 11.12.

Applications

- (1) A commercial construction application and all requirements therein must be met. Facilities with 5 or fewer residents may be defined according to type of dwelling unit (detached, duplex, etc.) for residential use when providing evidence of compliance with the International Residential Code standards.
- (2) A residential rental license, registration, and inspection are required of all congregate living facilities, in accordance with the Rental Ordinance of the City of Tupelo and Section 11.11 of this Code. For Congregate Living facilities, a state license or privilege tax license may serve as an alternative to the requirement for a formal lease or other legal occupancy agreement. Congregate living facilities, except non-congregate shelters may register as a single unit. Non-Congregate Shelters must register each unit and comply with all multi-family development standards.
- (3) Residential or Assisted Personal Care Home/Facilities for five (5) or fewer persons receiving care that are within a single family dwelling are permitted to comply with the International Residential Code and be permitted for residential use provided an automatic sprinkler system is installed in accordance with said Code. Lack of compliance to the International Residential Code shall classify such a facility a commercial development with the requirements thereof. (See Section 308.2 and 310.4 of the International Building Code)

Standards

- (1) All congregate living facilities must comply with provisions of the International Building Code 2018 including, housing, building, electrical, and fire codes; the Fair Housing Act of 1968; the Americans With Disabilities Act; the Age Discrimination Act of 1975; Section 504 of the Rehabilitation Act. All facilities must be properly zoned and licensed.
- (2) Congregate living 1 and Congregate Living 2 facilities locating more than two vehicles on premises at any given time in a residential zone or adjacent to residential use must provide additional parking behind the back point of the structure on a designated parking pad that may not be gravel or other natural surface.

Restrictions

(1) Separation Requirement. Congregate Living Facilities in Mixed Use zoning districts may not be located within 1,500 800 feet of any other Congregate Living Facility. Congregate Living Facilities in other zoning districts may not be located within 2,500 feet of any other Congregate Living Facility.

(2) Residential uses with an occupancy of more than five (5) adults and fewer than sixteen (16) adults which do not require a license and are not regulated by any other Federal or State entity are permitted for use only as Congregate Living 3 is allowed in the location's designated zoning district, and must meet the standards of this section.

Variances

(1) Variance on the distance requirement to no less than 500 ft may be recommended by the Planning Committee with final approving authority by City Council for congregate living not classified as Congregate Living 1, Congregate Living 2, or Congregate Living 3, but otherwise regulated by the standards of this section, and whose use does not require a license and is not regulated by any other Federal or State entity whose occupancy does not exceed ten (10) adults and whose location is within 1500 ft of an arterial or collector road.

11.10 Temporary Shelters

Meaning and Applicability

All emergency shelters and non-congregate shelters, also known as transient boarding houses, with five (5) or more adult occupants providing temporary lodging without a legal or formal occupancy agreement such as a lease or other rental or subsidy agreement with an individual or household is subject to the standards and requirements of this section.

Applications

- (1) All shelters are required to maintain and present evidence of operating policies, procedures, and standards of care including, but not limited to:
 - a. Intake procedures and eligibility requirements
 - b. Defined length of stay requirements
 - c. Case management policy
 - d. Mississippi Department of Health Food Permit, where applicable
 - e. Facility operations and management procedures including security and life safety plan
 - f. Proof of insurance
 - g. Mississippi Department of Health license as a Residential or Assisted Living Personal Care Home, where applicable
- (2) Use as a shelter will be approved only where facilities also meet all Congregate Living Standards according to Section 11.8 of this Code including compliance with residential rental standards according to Section 11.12.
- (1) All shelters must comply with provisions of the International Building Code 2018 including, housing, building, electrical, and fire codes; the Fair Housing Act of 1968; the Americans With Disabilities Act; the Age Discrimination Act of 1975; Section 504 of the Rehabilitation Act. All facilities must be properly zoned and licensed.
- (2) Non-congregate shelters and transient congregate living with more than five (5) occupants are also required to comply with standards for congregate living use, as defined by Section 11.8.
- (3) Non-Congregate Shelters must be constructed according to the standards of multi-family development in such a way so the principal use may be converted to multi-family units without major renovations to the structure.

- (4) Shelters must clearly display the occupancy rate of each structure, as permitted by the City of Tupelo Fire Marshall
- (5) The City of Tupelo encourages all temporary shelters to participate with the Homeless Management Information System (HMIS) and Mississippi United to End Homelessness (MUTEH) who is contracted with the City of Tupelo to provide case management services and resource assistance to individuals and families experiencing homelessness.

Restrictions

- (1) Shelters must maintain that no lying down or sleeping on a public sidewalk, outdoors, or residing within a vehicle on public property, on private property owned by the shelter, or within 500 ft of the permitted shelter between the hours of 7pm and 7am in any location not permitted by the City for camping.
- (2) Shelters must adhere to all requirements of Section 11.6, Property Maintenance, of the City of Tupelo Development Code

11.11 Multi-Family Development Standards

Meaning and Applicability

Multi-family Development applies to any parcel, or adjacent parcels of the same ownership, where are located more than one structure with classified use as a multi-family dwelling unit, duplex, condominium or townhouse where more than three attached units are located, or where more than one off-site built single family residential unit, such as a modular home, mobile home, or manufactured housing, is located under the same ownership or development. Type of unit, density of units, and floor area ratio permissible is determined according to permitted use within the Base Zoning District where the structure is located and compliance with standards of a Major Site Plan. This Section applies to all new construction and renovations of more than 25 percent of the square footage OR tax assessed value of any existing structure(s) for use as a multifamily development.

Applications

- (1) A commercial construction application and all requirements therein must be met.
- (2) A residential rental license, registration, and inspection are required of all units within a Multi-Family Development, in accordance with the Rental Ordinance of the City of Tupelo and Section 11.11 of this Code.
- (3) All Multifamily Developments, other than upper story residential only, require a Major Site Plan and/or Development Plan requiring review by the City of Tupelo Site Plan Review Committee, Planning Committee, and Tupelo City Council, subject to the standards of Section 12.9 and 12.11 of this Code.

Standards

- (1) 30% open space is required on all multi-family developments
- (2) Commercial construction, including buffering, landscaping, and off-street parking, standards apply to all developments covered by this Section except where otherwise modified by this Section.
- (3) When located on a local road, a minimum of two (2) dwelling units must be oriented toward the adjacent street unless the front setback meets or exceeds 50 ft or where a 30 wide or greater buffer is located along the street frontage.
- (4) Two (2) off-street parking stalls are required for each unit, including garage and other parking facilities. One (1) guest parking stall is required for every four (4) dwelling units.

- (5) Parking must be located behind the back point of the structure on a designated parking pad that may not be gravel or other natural surface OR where any structure has more than four stories or a development contains more than 100 residential units, tuck under, cantilever, parking garage or other parking facility approved by the Department of Development Services designed to reduce the footprint of the development must be used to meet minimum parking requirements.
- (6) Multi-family developments must include an internal sidewalk connecting all dwelling units and other structures and pedestrian connection to sidewalks or other pedestrian pathways connecting to adjacent commercial developments or commercial corridors.
- (7) A cluster mailbox and access location must be provided on site
- (8) Blue Light Emergency Tower/Phone/Box or other provision for immediate emergency access must be provided in the vehicular use area or other common location for all multifamily developments with more than thirty (30) dwelling units or where six (6) or more individual structures are located
- (9) Electrical transformers or switching gear, air handlers and similar mechanical equipment must be screened according to Section 9.6.1 of this Code.
- (10)Project boundary buffers are required for all multifamily developments with nine (9) or more units, including in MUD or MUR Zoning Districts where adjacent to single family residential use, according to Section 9.9.1 of this Code.
- (11) All multifamily developments must comply with § 804(f)(5)(C) of the Fair Housing Act of 1988 and the implementing regulations codified at 24 C.F.R. 100.205. Applicants shall consult the Fair Housing Accessibility Guidelines.
- (12)All multifamily developments must comply with Building Standards according to Section 6.4 of this Code and street design standards according to Section 6.8.8.3 of this Code.
- (13) Multifamily signage is regulated by Section 10.5.7 of this Code

Restrictions

(1) Multi-family developments with 9 or more dwelling units on a parcel or adjacent parcels of the same ownership may not locate within 1500 ft of another multi-family unit or development, except in the RC, MUR, or I Zoning Districts, where 9 or more dwelling units are located on a parcel or on adjacent parcels of the same ownership or development unless a shared street and pedestrian access sidewalk or walking path connecting adjacent developments is approved as part of a Major Site plan including existing and proposed developments.

Variances

- (1) Variances for density as determined by the Base Zoning District may be approved according to the Section 12.16 of this Code. Reduction in the percentage of required open space to permit variances for density is permitted. It is the responsibility of the applicant to provide that the following findings are met in order for the Planning Committee or City Council to provide approval for variances related to density or open space reduction:
 - a. Provisions in additional landscaping, walkability, aesthetic improvements, common space amenities, or other quality of life measures have been made to the site plan to encourage use and access to outdoor space and surrounding commercial or recreational uses.
 - b. Where variances for density or open space are requested, no variances for parking location may be permitted. Off-street parking requirements may be reduced with shared parking agreements or demonstrated access to public transportation.
- (2) Where limited by characteristics of the lot or lot location, a variance for required parking behind the back point of the structure may be considered as part of the Major Site Plan review. Variances to allow parking to be located to the side or front of the structure must meet the following additional requirements:

- a. Open space must be provided between the parking are and any front facing entry to the structure with 15% in designated landscaping beds without the use of ground cover materials.
- b. Pedestrian access must be provided from the designated parking area to all entry points of the structure.
- c. No variance for the reduction in required open space will be permitted where variance of parking location is approved.
- (3) Variances in off street parking requirements of this Section to accommodate special conditions of the lot or existing development where the standards of this section apply due to substantial improvement of an existing structure. Exceptions to requirements for parking garage facilities may be approved as a variance by the Planning Committee as part of Major Site Plan approval.

11.12 Residential Rental Standards

Meaning and Applicability

This Section applies to all residential units within the City of Tupelo being rented or leased for occupancy to an individual(s) other than the owner and including residential units with an occupancy of five (5) or fewer unrelated adults. Residential rental units are subject to Miss. Code Ann. Section 89-8-through 89-8-29, Article XII of the City of Tupelo Code of Ordinances, the City of Tupelo Development Code, and the International Building Code and International Residential Code as approved. All short-term rentals, as defined by the City of Tupelo Development Code, must be registered as a residential rental and adhere to all standards of this Section.

Applications

- (1) All property owners renting or leasing a unit for residential occupancy must complete a Rental Registration and License Application annually. Registrations and Licenses will not be provided where units carry open violations or unpaid penalty fees.
- (2) All property owners renting or leasing a unit for occupancy must maintain a Privilege License with the City of Tupelo which may be obtained after a Rental Registration and License is received.
- (3) All units being leased or rented must have an approved and active Certificate of Occupancy and Rental Inspection conducted by the City of Tupelo Department of Development Services prior to occupancy. Rental inspections are required for all new Certificates of Occupancy, prior to occupation by a new tenant, or every two (2) years where no change in tenant occurs.
- (4) All units must provide the square footage of the unit, monthly rental cost per unit, maximum number of allowed occupants, type of rental (residential or short-term), unit type, and Lead Disclosure Statement if the unit was built prior to 1978.
- (5) A legal and binding lease agreement or copy of unsigned lease is required on all rental units prior to receiving a Certificate of Occupancy. Units occupied without a submitted lease agreement to the Department of Development Services will be in violation of this Code. A signed lease agreement matching the original submission must be presented upon request to the Department of Development Services.
- (6) Short-Term rentals also require property owner Rental Registration and License, Privilege License, Certificate of Occupancy and Inspection on each rented unit, and carry a Home Business Certificate of Occupancy on each unit. Short-Term rental units do not require a new inspection with each tenant with a length of stay no more than thirty (30) days. Rented units with occupancy for more than thirty (30) days are required to register as a residential rental unit.
- (7) A Registered Agent is required if the property owner of a rented unit is a business, if the owner does not reside within 60 miles of the unit, or if the owner is unable to be contacted on a 24-hour bases. Registered

- Agents must reside in Lee County or an adjacent County. Registered Agents must obtain a City of Tupelo Privilege License.
- (8) Changes in utilities and/or meters is not permitted without an active Certificate of Occupancy from the Department of Development Services. A temporary meter may not remain active for more than five (5) days after a tenant takes occupancy unless utilities are provided by the Owner and included in rental payment per the lease agreement.
- (9) Rental of property to any person, regardless of relation to the applicant, is required to meet the standards of this Section excepting where five (5) or fewer related persons occupy a single dwelling unit where homestead occupancy is established by the property owner.

Standards

- (1) All residential rental units in the City of Tupelo must abide by all relevant sections of this Code and the City of Tupelo Code of Ordinances, including Chapter 7 of the Code of Ordinances Building and Building Regulations and Chapter 11 of the City of Tupelo Development Code Property Maintenance, and Article XII of the City of Tupelo Code of Ordinances Rental Housing Code.
- (2) Maintenance and compliance with rental requirements is the responsibility of the owner, agent or manager including interior, exterior, premises, maintenance of provided equipment and utility, and tenant behavior. Notices of violation will be provided to the property owner and, where applicable, registered agent of the owner on file with the Department of Development Services.
- (3) Every owner, agent, manager or tenant of a rental housing unit is required, upon reasonable notice, to provide access to any part of a rental housing unit for the purpose of inspection. Where a complaint of violation is received, access must be given without notice by the owner, agent, manager, or tenant. Where a tenant refuses to provide access, an owner is permitted to evict said tenant in order to allow access to the Code Enforcement officer or designated representative of the governing authority.
- (4) Where an accessory dwelling unit and principal single family residential dwelling unit are located on the same parcel, either may be rented only where either dwelling unit is occupied by the property owner.
- (5) The Department of Development Services will not permit a unit for residential occupancy where a restriction is identified on an ownership deed limiting use of a property for residential rental use.

Violations

- (1) All residential rental units in the City of Tupelo are subject to code enforcement violations and violations of the City Code of Ordinances and are subject to fines and penalty fees, hold on utilities or utility transfer, revoking of rental license, revocation of all permits issued to the violator, inspection without notice, abatement, criminal or civil violation, injunction before Municipal Court, property liens, and emergency enforcement of violations posing a danger to public health, safety, or welfare, according to the standards for violations outlined in said Codes.
- (2) Rental Registration expired for 90 or more days will result in revocation of Certificate of Occupancy. All required fees plus \$500 penalty fee is required to re-establish a Certificate of Occupancy for any unit.
- (3) Units rented without and approved Certificate of Occupancy will result in a \$350 penalty plus \$25 per unit. All penalties and fees must be paid to re-establish a Certificate of Occupancy.
- (4) Scheduled on-site inspections may be rescheduled once with 24 hour notice without incurring a penalty fee. A penalty fee for rescheduling more than once, required re-inspection of a unit, or failure of owner or registered agent to be present at the time of inspection. Penalty fees are cumulative at the following rate, 1st event \$50, 2nd event \$100, 3nd event \$200, 4th event \$400. Upon a fourth (4th) re-scheduled inspection, re-inspection, or failure to appear, a citation will be filed and Certificate of Occupancy revoked for each unit. Revocation of a Certificate of Occupancy for this violation carries an additional \$500 penalty required prior to reestablishing a Certificate of Occupancy.

(5) It is the responsibility of the owner or agent to provide suitable equivalent housing for any tenant located in a structure that is cited for a violation of standards or regulations applicable to rental properties which the inspector determines area risk to health and safety until the violations are mitigated and an approved inspection is issued.

DATE November 2, 2023

SUBJECT: IN THE MATTER OF DEVELOPMENT CODE AMENDMENT – MAJOR

SUBDIVISIONS (MOVED TO ACTION AGENDA AT OCTOBER 17, 2023

MEETING)TN

Request:

For discussion, review and approval.

PROPOSED TEXT AMENDMENT TO THE CITY OF TUPELO DEVELOPMENT CODE SECTION 12.10. SUBDIVISIONS (TA23-01)

12.10.1. Applicability.

Subdivision means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose of sale or building development (whether immediate or future) and includes all division of land involving the dedication of a new street right-of-way or a change in existing street right-of-way. Subdivision approval shall be required before the division of land (for any purpose) into two or more parcels, except as specified in Section 12.10.2., Actions Exempt from Subdivision Requirements.

All requirements imposed through a plat shall run with the land and shall apply against any owner, subsequent owner, or occupant.

12.10.2. Actions Exempt from Subdivision Requirements.

The following shall not be considered "subdivision" and are exempt from the provisions of this section:

- The combination or recombination of lots, or portions of lots, previously created and recorded, if the total number of lots is not increased and the resultant lots are equal to or exceed the standards of this Code;
- (2) The division of land into parcels greater than ten acres if no street right-of-way dedication is involved;
- (3) The public acquisition of strips of land for the widening or opening of streets or the location of utility right-of-way; and
- (4) The division of a tract in single ownership of which the entire area is no greater than two acres into not more than three lots, if no street right of way dedication is involved and if the resultant lots are equal to or exceed the standards of this Code.
- (4) No review or approval is required for exempt subdivisions; however, Director of Development Services certification of exempt status is required. Exempt subdivision plats shall be stamped by the Director of Development Services noting their exemption, and signed so that they can be recorded by the Chancery Clerk.

12.10.3. Minor Subdivision.

The division of a tract in single ownership of which the entire area is no greater than ten acres into not more than five lots, if no street right-of-way dedication is involved and if the resultant lots are equal to or exceed the standards of this Code (Minor Subdivision) may be approved by application to the Director of Department of Development Service for Minor Subdivision plat approval.

12.10.3.1 Minor Subdivision Approval

- (1) A preliminary plat, subject to Section 12.10 of this Code, must be presented for review by the Director of the Department of Development Services according to Site Plan Review processes defined by Section 12.11 of this Code.
- (2) Where more than one Minor Subdivision is located on adjacent properties under shared ownership, business association, or development, the existing minor subdivision and all associated developments will

be reviewed with additional phases according to processes defined for Major Subdivisions according to the standards of this Chapter.

(3) Any minor subdivision recording plats and deeds in the City of Tupelo which is not provided with approval by the City of Tupelo according to this process is considered in violation of this Code. Where no review is provided, the City may withhold permitting of construction on subdivided lots until lots meet compliance with this Code and the standards of the base zoning district in which they are located. Where no approval is provided, the City is removed from liability related to provision of all utility services and required utility development to provided necessary infrastructure services to future development on subdivided lots.

12.10.4. No subdivision without Plat Approval.

- (1) No subdivision of land within the jurisdiction of the City may be filed or recorded with the Chancery Clerk until it has been submitted to and approved by the Planning Committee, Director of Development Services, or Director's Tupelo City Council or other designee as specified herein and until the approval is entered on the face of the plat according to this Section.
- (2) Any person who, being the owner or the agent of the owner of any land located within the jurisdiction of this Code, subdivides land in violation of this Code, or transfers, or sells land by reference to, exhibition of, or any other use of a plat showing a subdivision of the land before the plat has been properly approved under this Code, and recorded in the Office of the Chancery Clerk, shall be guilty of a misdemeanor and shall be punishable, accordingly, by fine or imprisonment.
- (3) The description by metes and bounds in the instrument of transfer, or other document used in the process of selling or transferring land, does not exempt the transaction from penalties. The City may bring an action for injunction of any illegal subdivision, transfer, conveyance, or sale of land and the court shall, upon appropriate findings, issue an injunction and order for compliance.

12.10.5. Pre-Application Conference.

All applicants considering petitioning for a preliminary plat may schedule a pre-application conference with the Director of Development Services, or designee to discuss the procedures, standards, and regulations required for subdivision approval in accordance with the provisions of this Code.

12.10.6. Sketch/Concept Plans.

It is recommended, but not required, that the applicant applying for subdivision approval submit a sketch/concept plan for review by the Director of Development Services or designee. This plan should, in simple sketch form, show the proposed layout of streets, lots and other features in relation to existing conditions.

12.10.7. Preliminary Plat Requirements.

An application for preliminary plat review shall be submitted in accordance with Section 12.2, Application Requirements. Preliminary plat documents showing the proposed subdivision of the land into lots shall contain, as a minimum, the information listed below unless the Director of Development Services makes the determination that less detailed information is adequate for review. No processing or review of a preliminary plat will proceed without the required information. Detailed standards and specifications for design and construction are available in the Specifications Manuals adopted by the City of Tupelo, as identified in the Appendix.

12.10.8. General Requirements.

- (1) Title Block Name of project, labeled: Preliminary Plat; submittal and revision dates; sheet size (36 by 48) maximum with index map and match lines if multiple sheets are required; graphic scale (not smaller than one inch to 200 feet on a standard engineering scale); north point; property identification number; vicinity map clearly establishing the location of the proposed project, with readily recognizable landmarks, stream buffers, flood plain boundaries, property zoning districts and any overlay zones.
- (2) Name, address and telephone number of owner, applicant and agent; name, address and telephone number of surveyor, engineer, landscape architect, or other designer, with seal.
- (3) In addition, State or Federal regulations may require that additional information be supplied to the Development Services Department as a part of a submittal.
- (4) The preliminary plat shall be provided to the Development Services Department in both hard copy and digital form. The plat drawing shall be in a generally accepted engineering file format and shall be georeferenced to the Mississippi East State Plane Coordinate System.
- (5) Subdivision construction will meet required standards for commercial development set forth in Section 6.4, Building Design Standards, except where modified by this Section.

12.10.9. Existing Conditions.

The preliminary plat shall show the following information on existing conditions:

- (1) Boundary of the property, using metes and bounds with angle of departure of adjacent properties;
- (2) Site total area and amount to be developed with index map to graphic scale;
- (3) Lot lines and property boundaries, with metes and bounds including previously platted lines; municipal boundaries, county lines;
- (4) Existing building footprints and square footage;
- (5) Improvements, such as loading areas, parking areas, driveways, alleys, streets, sidewalks, etc.;
- (6) Any septic tanks, sewer lines, drain fields and wells, water lines, mains, and hydrants
- (7) Culverts, **drainpipes**, and other subsurface features;
- (8) All utility easements, above and below ground, including information on type, size, and elevation;
- (9) Railroads, transmission lines;
- (10) Cemeteries;
- (11) Setback requirements;
- (12) Zoning of the site and adjacent zoning, including any overlay zones;
- (13) Land use of the site and adjacent land uses including major improvements within 50 feet of the subject property;
- (14) Adjacent property owners;
- (15) Adjacent streets, including name and right of way width.

- (16) Topographic contours at two foot intervals for all property within 100 feet of a proposed development area and topographic contours at five foot contour intervals for the remainder of the property including a source reference;
- (17) Locations and names of water features including shorelines, water bodies, intermittent and perennial streams;
- (18) A specimen tree survey notating species and caliper of existing protected trees as determined by Section 9.11;
- (19) Locations of drainage ways, stream buffers, special flood hazard areas, wetlands and wetland buffers;
- (20) Locations of vegetation, rock outcrops, steep slope areas, natural inventory sites and historic inventory sites.
- (21) A list of any conditions applied to the property as part of any previous approvals.
- (22) Existing features shall be clearly distinguishable from proposed development.
- (23) Designated flood zones, floodways, wetlands, and base flood elevation

12.10.10. Proposed Conditions.

- (1) Proposed lots: numbered, lined, with dimensions and block length where lots are contiguous
- (2) Street Improvements (Public and Private): Location of improvements or widening, names, widths of rights of way and pavement, design criteria including sight triangles and a typical cross section; notations of improvements intended for dedication to the City for maintenance; Traffic Impact Analysis, if required. Streets and right of way proposed for dedication must meet all requirements of the City of Tupelo "Street and Storm Sewer Construction Standards and Specifications". No subdivision including commercial development that does not include a through street connecting to an existing public street will be accepted as a public street without a variance provided by the City of Tupelo Planning Committee. No subdivision including proposed or existing residential use on more than ten lots without a through street connecting to an existing public street will be accepted as a public street without a variance provided by the City of Tupelo Planning Committee.
- (3) Pedestrian Circulation: Location of sidewalks and other pedestrian ways including dimensions and surfacing, along streets and other locations; provision of crosswalks. At least one internal pedestrian sidewalk or approved alternative walkway with a minimum width of five feet shall be provided throughout any subdivision with connection to adjacent public sidewalks or other pedestrian network. Payment in lieu of sidewalk construction is not permitted for any Major Subdivision.
- (4) Landscaping: Location of all plant materials and other landscaping features, including calculations of amount required and the amount provided; the number, size, and description of plant materials, fences, walls and berms; provisions for screening specialized features, such as storage areas; calculations of the amount of tree coverage required and the amount and percentage of tree coverage provided by tree preservation and tree replacement; calculation of the amount of street trees and the amount provided by tree preservation and tree installation; a land disturbance tree survey; and the location and a description of all proposed and required tree protection measures.
- (5) Grading: Location of vegetation to be retained including approximate sizes and protection measures to be used; a depiction of contours at one foot intervals, supplemented with planned floor elevations on each lot that is wholly or partially within a Special Flood Hazard Area or that contains less than 20,000 square feet,

- and spot elevations when necessary, including location, description, and size of any retaining walls; dimensions of stream buffers. No residential lot may include a slope greater than 4:1. A permanent elevation benchmark shall be provided and shown on the subdivision plat and construction plans.
- (6) *Utilities:* Location and width of all easements and rights of way for water, sewer, storm sewers, gas, electric, communication facilities, or any other utility facility.
- (7) Storm Drainage: Location and description of temporary and permanent storm drainage pipes and swales; amount of impervious surface; provisions for construction and permanent erosion and sedimentation controls, including retention and detention facilities; as well as professionally sealed engineering calculations used in the design. The developer is responsible for providing a drainage plan, with calculations, of sufficient detail to support construction on all lots to retain 10-year predevelopment rate of flow. Storm drainage must meet all requirements of the City of Tupelo "Street and Storm Sewer Construction Standards and Specifications".
- (8) Water and Sewer: Location and description of public and private water and sanitary sewer improvements including connections to existing facilities and maintenance provisions.
- (9) Property Dedications/Reservations: Location and description of dedicated or reserved properties under public or private ownership including the boundaries, size, purpose, future ownership and maintenance provisions for the property. This category includes but is not limited to thoroughfares, rail corridors, greenways, recreation facilities, open space and common areas.
- (10) Subdivision Construction Improvements Intended for Dedication: Location and description of all improvements intended for dedication to the City for maintenance, including streets, utilities, easements, and other infrastructure improvements.
- (11) Development Phases: Clearly marked boundaries of each intended phase of development noting number of proposed lots for each phase, proposed utility plans, and a time table for platting and construction of the subdivision in its entirety
- (12) Life Safety Street Signage: Locations and type of street safety indicators including street names, stop signs, and other required safety signage. Note: It is the responsibility of the developer to provide life safety signage until the final dedication and acceptance of any streets. Decorative signage may be installed with declared intention of an Homeowner's Association or other common entity to continue maintenance after dedication of streets. The City will not accept maintenance of decorative street signage.
- (13) Cluster Mailbox: location and access pattern with approval letter from local USPS postmaster
- (14) Tree Protection and Mitigation Plan: Location existing trees for preservation or removal and table of species, caliper, and designation for preservation or removal with calculation of calipers not replaced on site in required landscaping. Cost estimate of remaining calipers and pay out to the Department of Development Services required for final mitigation. Where no protected trees are removed, a tree affidavit.
- (15) Buffers: Location and area of required buffer areas including riparian buffers for preservation or installation with planting plan to meet required buffer coverage and opacity
- (16) Street Lighting Plan: Location of lighting for streets, common areas, open space, and cluster mailboxes. City standards are required where streets are intended for dedication as noted. Decorative lighting requires Homeowner's Association bylaw submission designating maintenance of lighting to the HOA or other legal entity.

- (17) *Open Space:* Location, dimensions, acreage of individual areas of open space, total acreage, total useable acreage
- (18) Waste Management Plan: Location, access, and enclosure plan for all dumpsters

(Ord. of 1-2-2019(1), § 2)

- 12.10.11. Specific performance standards as required by other Articles of the Development Code.
- (1) Within Special Flood Hazard Areas: demonstration that the subdivision will minimize flood damage through the location and construction of all public utilities and facilities, including water and sewer systems; adequate drainage in accordance with adopted standards to reduce exposure to flood hazards.
- (2) *Traffic Impact Analysis:* A traffic impact analysis (TIA) pursuant to Section 12.5, Traffic Impact Analysis (TIA) may be required.
- 12.10.12. Preliminary Plat Approval.
- (1) Applicability: A preliminary plat shall be required for all major subdivisions of land within the jurisdiction of this Code, defined as any development of more than lots or any subdivision of land that would include public dedication of land, streets, utility extensions, or required stormwater management facilities. A preliminary plat is optional for minor subdivisions, defined as development of six lots or less with no public dedication of land, no streets, no utility extensions, and no required stormwater management facilities.
- (2) Subdivision approval requires the submission of both preliminary and final plats and full interagency review for conformity with the requirements of this Code and other development-related Codes.
- (3) Where site plans, as required by this Code, serve as preliminary plats for subdivisions, they shall satisfy these submission requirements in addition to those required for zoning compliance.
- (4) Preliminary plats of any Major Subdivision require approval by the City of Tupelo Planning Committee and Tupelo City Council. A final Development Agreement is required for final approval by City Council
- (5) Preliminary plats of all Minor Subdivisions are required for approval by the Department of Development Services prior to filing a final recorded plat with the Chancery Clerk.
- 12.10.13. Public Notice.

As applicable, notification of preliminary plat review shall be sent to groups including, but not limited to, the following:

- (1) Tupelo Public Schools;
- (2) Historic Preservation Commission (if applicable);
- (3) If the applicant for the preliminary plat is seeking approval of any of the modifications to standards specified in Section 12.11, Major Site Plans, that are granted at the discretion of a governing body, any organization or individual that is registered to receive notice pursuant to Registration to Receive Notice, and is located within 1,000 feet of the site under consideration. Notice shall be provided to each organization or individual in the manner specified in its registration information, which may be first class mail, electronic mail, or other manner offered by the Director of Development Services.

12.10.14. Action by the Director of Development Services.

Staff review agencies shall complete review and transmit comments back to the Director of Development Services or designee. If required corrections are minor, as determined by the Director of Development Services or designee, the Director of Development Services or designee shall schedule the subdivision for review at the next Planning Committee meeting; if required corrections are extensive, the applicant shall correct the plat before it is scheduled for Planning Committee review. If the applicant fails to submit revised plats in response to the comments of the staff review agencies within 90 days of receiving such comments from the Director of Development Services, or designee, the Director of Development Services may consider the application to have been withdrawn by the applicant.

12.10.15. Action by the Planning Committee.

- (1) The preliminary plat documents, along with the review comments, will then be considered by the Planning Committee at a public meeting at which a representative of the subdivider or any other interested person may attend.
- (2) After hearing a recommendation from the Director of Development Services or designee, the Planning Committee shall approve the plat as is, approve it subject to additional corrections, defer action for additional information and corrections, or disapprove it. Approved or corrected preliminary plats shall be stamped and signed denoting approval. If the preliminary plat is disapproved or deferred, the Planning Committee shall notify the applicant of the reasons for such disapproval or deferral.
- (3) The preliminary plat shall be approved by the Planning Committee if it meets the following criteria:
 - (a) Conforms with all the provisions and requirements of applicable adopted plans, including but not limited to the Comprehensive Plan, greenways plans, or transportation plans;
 - (b) Conforms with all the provisions and requirements of this Code; and
 - (c) Conforms with all the provisions and requirements of other applicable Codes not included in this Code.

12.10.16. Reservation of Public Facility Sites and Lands.

- (1) The review of preliminary plats may be delayed by no more than 45 calendar days if the proposed subdivision contains sites which appear in an adopted plan or policy documents as a future site for a public school or other public facility, recreation area, park, greenway or other open space. During preliminary plat review, the appropriate entity responsible for future site acquisition shall be given 45 calendar days from date of plat submission to decide if it wishes to reserve the site.
- (2) If the site is not to be reserved, the subdivision shall be processed in the normal fashion. If the agency wishes to reserve the site and specifies such intent in writing to the Director of Development Services or designee, the subdivision shall not be approved without the reservation.
- (3) Public school authorities shall have 18 months from the date of preliminary plat approval to acquire the site by purchase, by receipt of dedication, or by initiating condemnation proceedings. If, at the end of the 18 month period, none of the above actions has occurred, the subdivider may consider the land free from reservation and apply for revised preliminary plat approval for its use.
- (4) Public agencies other than schools shall have 120 calendar days from the date of preliminary plat approval to arrange for site acquisition for public facilities by option to purchase, by purchase, by receipt of dedication,

or by initiating condemnation proceedings. If, at the end of the 120 day period, none of the above actions has occurred the subdivider may consider the land free from reservation and apply for revised preliminary plat approval for private use of the property.

12.10.17. Issuance of Required Permits.

Upon recommended preliminary plat approval by the City of Tupelo Planning Committee, review of the preliminary plat and Development Agreement will be scheduled with the City of Tupelo City Council for final approval. Upon approval, the applicant may apply for the required permits a Subdivision Construction Permit to begin site work and the installation of improvements. All site work shall be performed in compliance with the requirements of this section and other applicable regulations of the city, county, and state. No required permit may be issued until the required preliminary plat is approved.

12.10.18. Preliminary Plat Revisions.

Minor revisions to approved preliminary plats, which reflect the same basic street and lot configuration as used for the original approval, may be approved by the Director of Development Services or designee. Significant changes to an approved preliminary plat, as determined by the Director of Development Services or designee, shall be resubmitted for review and approval as if it is a new application.

12.10.19. Continuing Validity of Preliminary Plat.

An approved preliminary plat shall retain its validity for four years, if:

- (1) A permit to begin development pursuant to the plat, such as a land disturbance permit, a building permit, or an improvement permit has been issued and has remained continuously valid thereafter; and.
- (2) Building or land disturbing activity has begun on the property.
- (3) The issuance of a building permit or a certificate of compliance receipt of a Certificate of Initial Acceptance or Certificate of Completion within a phase of a project shall not extend the validity of the preliminary plat for the unbuilt portions of that phase or any future phases of the project for which building permits have not been issued.

12.10.20. Modification of Design Standards and Improvement Requirements.

- (1) In approving the preliminary plat, the City Council may modify any of the design standards or improvement requirements set forth in Chapters 6, 8, and 9, where necessary to make the approved preliminary plat conform to any master land use plan which the City Council has approved for a planned unit development on the property.
- (2) In all other cases, and only upon the request of the applicant, the City Council may modify any of the design standards or improvement requirements set forth in Chapters 6, 8, and 9, upon finding the following:
 - (a) That the topography or other physical conditions of the subject property are such that compliance with these standards and requirements would cause an unusual and unnecessary hardship on the applicant, above and beyond what other subdividers would face;
 - (b) That the modifications will not have the effect of nullifying the intent and purposes of this Code.

(c) Where any such modification is granted, the reasons therefore shall be stated in the minutes of the City Council meeting at which final action is taken on the preliminary plat.

12.10.21. Development Agreement Required Prior to Construction.

- (1) Procedure: After the preliminary plat is approved by the City Council, and final construction drawings are approved by the Department of Development Services, the developer and owner, if applicable, must enter into a development agreement with and satisfactory to the Mayor and City Council relative to all required public and private improvements, payment of fees, required securities, certification of insurance, and any conditions placed on approval of the preliminary plat.
- (2) A draft development agreement shall be prepared by the City of Tupelo Department of Development Services. The draft agreement may be prepared and reviewed concurrently with the review of construction plans. A draft development agreement shall be sent to the applicant for approval. The draft agreement shall reference the design incorporated within the approved construction and shall be sufficient in form to assure the proposed construction methods and materials meet or exceed minimum standards established by the City of Tupelo.
- (3) Upon acceptance of the agreement by the applicant, the draft development agreement shall be forwarded to the Mayor and City Council for approval and for execution by the Mayor or designee. If the applicant takes exception to the development agreement, a letter setting forth these items may be presented to the Mayor and City Council for consideration. The final plat may not be recorded until the development agreement is approved by the Mayor and City Council and executed by the Mayor or designee. Parcel numbers, individual lot deeds, and 911 addressing cannot occur without approval of the preliminary plat and Development Agreement by the City of Tupelo City Council.
- (4) After the applicant has returned an executed copy of the development agreement, paid all applicable fees, provided the security and certificate of insurance, the Director of Development Services may sign the construction drawings will schedule a pre-construction conference with the contractor of record and release the Subdivision Construction permit. and work may begin.
- (5) Building permits for individual lots will not be issued without completion of subdivision construction and final inspections reviewed and approved by Tupelo Water and Light OR Tombigbee Electric Power Company, City of Tupelo Public Works, and City of Tupelo Fire Department, and certified by the City Engineer in the form of a Certificate of Initial Acceptance approved by the Tupelo City Council. within the subdivision may be issued after the completion of the development agreement, provided that the Director of Development Services determines that work under such permits will not conflict with other construction within the development. No certificate of occupancy or final inspection will be issued for such permits until the final plat has been recorded.

12.10.22. Effective Period of Approval.

The applicant shall execute the approved Development Agreement within 90 days of the date of approval of the Mayor and City Council. Any request for a time extension shall be submitted to the Department of Development Services at least 60 days prior to the date of the appropriate City Council meeting. The time extension must be approved before the expiration of the preceding approval period.

12.10.23. Time Extension.

It is agreed by the Developer and the City that the Development Agreement will become void unless the Developer commences construction within one year from the effective date or obtains a time extension from the Mayor and City Council. Any request for a time extension shall be submitted to the Department of Development Services at least 60 days prior to the date of the appropriate City Council meeting. The time extension must be approved before the expiry of the preceding approval period. The failure of the Developer to commence construction within one year of the effective date will result in the approvals of the City Council, Planning Committee and other applicable boards and commissions being null and void.

12.10.24. Security Requirements.

- (1) General: In order to ensure that the work will be completed in accordance with approved construction drawings and applicable specifications, all public and private improvements proposed in conjunction with any subdivision must be covered by adequate security determined according to the cost of all public improvements intended for dedication to the City of Tupelo. The applicant shall post approved security with the City of Tupelo. The approved security shall be one or more of the types of security specified herein. Approved security shall be accompanied by a development agreement whereby the applicant agrees to make and install the improvements in accordance with the approved construction drawings and applicable specifications to ensure completion of the work.
- (2) Types of Security: Subject to the standards and requirements of this Article and of guaranteeing completion of improvements required by these regulations:
 - (a) Cash that will be deposited in a liability account;
 - (b) Assignment of Certificate of Deposit that is to be held by the City as collateral to assure completion of project; or
 - (c) Irrevocable Standby Letter of Credit: The letter of credit shall be obtained at a financial institution acceptable to the City Attorney and show the City of Tupelo as beneficiary. The letter of credit shall be effective for one year and automatically renewable for one-year periods with no effort on the part of the City. Should the financial institution decide not to renew the letter of credit, the institution shall notify the City in writing 90 days prior to its expiration date by certified mail return receipt requested at which time the City can draw up to the full face value of the letter of credit. Any litigation concerning this letter of credit shall be held before a court of appropriate jurisdiction in Lee County, Mississippi.
- (3) Amount of Security: If the construction cost for internal improvements (within the property boundary) is estimated to be greater than \$100,000.00, the Developer shall provide a financial security instrument for \$100,000.00 the cost determination of all public improvements to be dedicated. If the construction cost for internal improvements (within the property boundary) is estimated to be less than \$100,000.00, the Developer shall be required to provide a financial security instrument for the estimated cost of the public and private improvements. A financial security instrument shall be provided for the full amount of the estimated cost of the external public improvements (outside the property boundary). A financial security instrument may be revised during the contract period if approved by the Mayor and City Council.

12.10.25. Release of Security.

(1) Required security will be determined according to upon the certification by the City Engineer and the Director of Development Services' certification of the percentage of the estimated cost of improvements proposed

for development as included in the required Development Agreement. that has been completed and accepted.

- (2)Improvements that have been identified in the subdivision plat, subdivision construction plans, and Development Agreement, when completed upon issuance of a Certificate of Initial Acceptance will be authorized by the City of Tupelo City Council for release of 90 a percent of the security, according to the terms of the Development Agreement. Final release of security must include provisions for the cost of remaining improvements plus the cost of the final lift of asphalt.
- (3) The final ten per cent percentage, as defined by the terms of Development Agreement, will be released at the end of the required warranty period, upon completion of all required and proposed improvements as specified in the development agreement, upon confirmation of 80 percent occupancy of subdivided lots, and upon issuance of a Certificate of Completion and approval by the Tupelo City Council.
- (4) Security may be partially released or reduced according to the provisions of this Section and according to the approved Development Agreement. No more than three such partial releases will be granted.

12.10.25.1 Graduated Release

- (1) A graduated release of security may be specified in the Development Agreement wherein required improvements and associated percentage of release of security are defined. The City Engineer must provide approval on type of work that may be accepted prior to the issuance of a Certificate of Completion in order to provide partial release of security after the issuance of a Certificate of Initial Acceptance and approval by the Tupelo City Council.
- (2) The City of Tupelo City Council will authorize the a graduated security release according to the approved Development Agreement which must include agreed upon schedule of completion and remaining improvements intended for dedication to the City of Tupelo and corresponding release of security.
- (3) Where a Graduated Security Release is utilized, the remaining security will be released upon issuance of a Certificate of Completion and approval by the Tupelo City Council.

12.10.28.**26** Final Plat Approval.

- (1) Applicability: A final plat shall be required for all subdivision of land within the jurisdiction of this Code except as allowed under Mississippi General Statute.
- (2) *Conformity with Preliminary Plat:* The final plat shall conform to the approved preliminary plat, if any, and may constitute only that portion of the preliminary plat which is proposed for recordation.
- (3) Submittal Requirements:
 - (a) When the installation of required site improvements is nearing completion, the subdivider shall submit a final plat for review and approval.
 - (b) The final plat shall be drawn in accordance with Mississippi Statute Section 17-1-23, Subdivision Regulations; standard land surveying and mapping practices; and city engineering standards.
 - (c) Final plat for initial acceptance must include the following language: "Acceptance of this recorded plat by the City of Tupelo does not obligate the City to accept infrastructure, including any streets, utilities, or easements. Final dedication of improvements intended for acceptance by the City is contingent upon a finalized Certificate of Completion approved by the City of Tupelo City Council"
 - (d) Endorsements on Final Plats. The following certificates shall be placed upon all final plats:
 - i. Certificate of accuracy and mapping signed by a registered surveyor;
 - **ii.** Certificate of ownership and dedication signed and notarized, including all individuals, partnerships, and corporations, and lenders with financial security interests;
 - iii. City Clerk's certificate of approval for recording and acceptance of dedications; Certificate of Initial Acceptance upon completion of subdivision construction approved by City of Tupelo City Council and certified with the City Clerk's acceptance of final recorded plat;
 - iv. Chancery Clerk's certificate of recording, including any recorded restrictive covenants.
- (4) Action by the Director of Development Services: Staff review agencies shall complete review and transmit comments back to the Director of Development Services. The Director of Development Services shall recommend to City Council to approve the plat as is, defer action for additional information and corrections, or disapprove it. If the final plat is disapproved or deferred, the Director of Development Services or designee shall notify the applicant of the reasons for such disapproval or deferral. The final plat shall be recommended for approvedal by the Director of Development Services or designee if it meets the following criteria:
 - (a) Conforms with all the provisions and requirements of applicable adopted plans, including but not limited to the Comprehensive Plan, greenways plans, and transportation plans;
 - (b) Conforms with all the provisions and requirements of this Code; Conforms with all the provisions and requirements of other applicable Codes or Ordinances not included in this Code;
 - (c) Conforms with the approved preliminary plat, if any;
 - (d) Conforms with completed and approved construction drawings for public infrastructure, where such construction drawings are required by this Code or other applicable Code or Ordinance; and
 - (e) Is accompanied by a bond or other performance guarantee deemed adequate in amount and form by the requesting department, if required infrastructure, including but not limited to stormwater, street, or water and sewer improvements, has not been completed in accordance with approved construction drawings, and if the department responsible for such infrastructure has consented to final plat approval pending its completion.

- (f) Is accompanied by a table or layout showing the tax parcel numbers and E911 addresses for each lot.
- (g) Meets all other requirements of a Certificate of Initial Acceptance

12.10.29 **27**. Issuance of Certificate of Compliance. Initial Acceptance

- (1) Necessary Infrastructure: If a final plat for a project has been approved prior to completion of stormwater facilities, water and sewer utilities, streets, sidewalks, and recreation facilities, certificates of compliance shall not. No Certificate of Initial Acceptance will be issued without completion of all required subdivision construction, including stormwater facilities, water and sewer utilities, streets, sidewalks, and recreation facilities. and
- (2) A Certificate of Initial Acceptance will be issued with the final approval of the City Engineer, Director of the Department of Development Services, and Tupelo City Council approval following final approval of:
 - (a) City of Tupelo Water and Light OR Tombigbee Electric Power Association review and approval of mechanical joints (prior to final cover), sewer mandrel test, bacteria test conducted by the relevant utility provider, and water and sewer pressure tests conducted to City standards.
 - (b) City of Tupelo Public Works review and approval of storm water drainage system, final condition free proof roll, density report, soil test, core sample test, life safety street signage with reflective indicators, installation, curb and gutter detail with Tupelo Standard curb features
 - (c) City of Tupelo Fire Department review and approval of requirements of the International Fire Code, as adopted, gated entry access, fire apparatus access roads, fire lanes, traffic calming, and water supply
 - (d) City of Tupelo Planning and Zoning review and approval of landscaping and buffering, parking, waste management, cluster mailbox, tree mitigation
 - (e) City of Tupelo Engineering review and approval of Mississippi Department of Transportation approval, Mississippi Department of Health approval, Mississippi Department of Environmental Quality approval, US Army Corp of Engineers approval, parcel number assignment, E911 addressing verification, final submission of as-built plans
 - (f) City of Tupelo Legal Department review of compliance with approved subdivision Development Agreement and associated securities, and determination of release of required securities. Recorded deeds for subdivided lots must be recorded must be provided to the Department of Development Services whose language must include the subdivision name, subdivision setbacks, any required easements on each parcel, parcel designation as required open space in perpetuity, and any restrictive covenants associated with the subdivision. A distinct deed must be provided for parcels or easements intended for ownership by the subdivision owner, Homeowners Association, or other required entity including the terms of the Development Agreement related to maintenance of open space, areas of common ownership, and private utilities, streets, life safety signage, or other improvements intended to be retained by private ownership. Additionally, a deed must be granted to the City of Tupelo conveying public easements, utilities, and/or streets to the City of Tupelo.
- (3) Permanent water or sewer service shall not be provided for buildings within the platted area until completion of required improvements except as further provided below and according to specified terms of the approved Development Agreement.
 - (a) If the director or designee of the department responsible for acceptance or regulation of the required infrastructure determines in his/her reasonable discretion that delay will improve the quality of the infrastructure or will conserve resources, he/she may allow certificates of compliance Initial

- **Acceptance** to be issued. In such case, the responsible director or designee may require supplementation of the performance guarantee(s) that was provided prior to final plat approval, and shall, in addition, set a date by which the necessary infrastructure shall be completed.
- (b) Examples of improvement for which delays may be granted include completing stormwater facilities after they are no longer needed as sedimentation basins; delaying final asphalt application on road surfaces for a period of time to detect problems; delaying construction of turn lanes until traffic thresholds are reached; delaying sidewalk segments as individual houses are built; and delaying construction of infrastructure that requires coordination with other planned infrastructure.
- (2) Other Improvements: For other required improvements, if the responsible department director or designee Tupelo City Council may determines the completion of the improvement prior to issuance of a certificate of compliance Certificate of Initial Acceptance is not practicable, and sufficient justification for the delay has been shown, certificates of compliance Certificate of Initial Acceptance may be issued if an adequate performance guarantee is provided. In such event, the responsible department director or designee-Tupelo City Council shall determine the time period within which the improvement must be completed prior to issuance of a Certificate of Occupancy. Required improvements not completed under such a determination must be completed prior to issuance of a Certificate of Completion.
- 12.10.27.**28** Warranty Period Following **Initial** Acceptance of **Subdivision**.
- (1) A Certificate of Initial Acceptance will be provided to the Developer upon completion of Subdivision Construction for the purpose of recording the final plat and proceeding with individual lot construction. No acceptance of dedicated infrastructure or maintenance by the City of Tupelo will occur without a final Certificate of Completion upon the expiration of the one year warranty period without defect set forth in this section, final approval by the City Engineer, Director of Development Services, and Tupelo City Council.
- (2) If the Director of Development Services and City Engineer determines that the installed improvements meet all applicable city standards and all other conditions and requirements specified in the Development Agreement have been met and final construction plans are approved, then a Certificate of Initial Acceptance shall be issued, and the plat shall be recorded according to the procedures in Section 12.10.28 of this Code.
- (2) A one year warranty period begins with the first working day of the calendar year after the Certificate of initial acceptance is issued. During this warranty period any deficiencies in accepted improvements that are documented by the City Engineer or other city departments shall be the responsibility of the developer or subdivider to correct or repair.
- (3) The City shall not be obligated to **accept or** maintain any improvements until one year without defects has passed and a Certificate of Final Acceptance Completion shall be is issued by the Director of Development Services. Failure to make required repairs within three months of the date on which the developer or subdivider is notified of the deficiency shall result in the revocation of any building permits issued to the developer or subdivider, and in the suspension of further issuance of additional building permits for construction on lots within the subdivision owned by the developer or subdivider.
- (4) The city may perform the necessary repairs, drawing upon the security provided under the development agreement, and if necessary, may also make every effort to collect payment from the subdivider or developer by all legal means including the placement of liens on lots owned by the subdivider or developer.
- 12.10.26. 29 Certificate of Completion and Acceptance of Improvements for City Maintenance.
- (1) Inspections: The installation of improvements or issuance of a Certificate of Initial Acceptance shall in no case bind the city to accept any such improvements for public maintenance and operation thereof, until the proper departments have inspected and accepted the improvements as meeting all applicable requirements,

and the terms of the Development Agreement have been met, and a Certificate of Completion has been approved by all required entities; provided, however, that the city shall not accept drainage easements for maintenance except as provided herein.

- (2) Street and storm sewers which are properly constructed, enclosed, and subterranean within the right of way of any dedicated street shall be accepted for public maintenance upon receipt of Certificate of Completion. "Major drainage easements" as defined in Chapter 2 of the Tupelo Development Code shall be accepted for public maintenance as approved by the subdivision Development Agreement.
- (3) The city shall accept an irrevocable license to enter upon all other surface water drainage systems for emergency work to prevent or alleviate property damage or public damage, or to alleviate the failure of the subdivider or developer to maintain the drainage system which has or could result in property damage to the public, public danger or detrimentally affect public health.
- (4) The city will not accept such systems for maintenance, which shall remain the responsibility of the subdivider or property owner. The Development Agreement shall specify which improvements may be accepted for city maintenance and which shall remain private responsibilities.
- (5) No infrastructure improvements will be accepted for City maintenance prior to a finalized Certificate of Completion, approval by the Director of Development Services, and approval by Tupelo City Council upon expiration of the one year warranty period as set forth in Section 10.10.28 and where 80% of subdivided parcels are occupied.

12.10.30. Expiration of Approval.

The sub-divider shall have 180 days after approval receipt of a Certificate of Initial Acceptance and approval by the Tupelo City Council to file and record the final plat with the Office of the Chancery Clerk before the approval becomes void.

12.10.31. Waivers.

For purposes of financing or refinancing development, it is sometimes necessary to subdivide a previously approved development complex (including but not limited to a shopping center, an office or industrial park, or a housing complex) originally located on a single parcel into two or more lots. The Planning Committee may by affirmative majority vote, vary or modify the requirements of this Code and the dimensional, parking, landscaping, and buffering provisions of this Code to permit such subdivision to occur subject to making the following findings:

- (1) A valid, approved site plan exists for the overall complex;
- (2) The complex, in its entirety, satisfies all Code requirements; and
- (3) Each final plat created contains a note stating that the owners acknowledge that the individual parcel is a part of the named development complex, and that deeds of easement, restrictive covenants, and/or other legal documents necessary for the perpetual functioning of the development complex shall be executed and recorded with the final plat.

Any changes in subdivision total acreage, use, or infrastructure require amended site plans, Certificate of Completion, and final approval by City Council.

Dear Mr. Rone:

With this letter, the City of Tupelo is requesting to use the Small Purchase Procedures as outlined in the Local Public Agency Consultant Operating Procedures for Professional Services, Section 2.2.1 Small Purchase Procedures.

The City of Tupelo has considered (3) three qualified firms for this project, including Dabbs Corporation, Cook-Coggin Engineers, Inc. and Engineering Solutions, Inc. By our internal selection process, we have selected Dabbs Corporation as our Professional Services Consultant for construction engineering & inspection to assist us with this Project. The total cost for these services that will be utilizing federal funds for the Consultant selected are estimated to be less than the Federal Simplified Acquisition Threshold.

Thank you for your time and consideration. Please call me at (662) 841-6513 if you have any questions, concerns or comments.

Sincerely,

CITY OF TUPELO, MISSSISSIPPI

RESOLUTION ADJUDICATING COST AND ASSESSING LIEN AGAINST REAL PROPERTY UNDER MISS. CODE ANN. 21-19-11 (1972) AS AMENDED

1. Pursuant to <u>Miss. Code Ann.</u> §21-19-11 (1972), as amended, the City of Tupelo gave notice of a public hearing before the governing authorities of the City of Tupelo to **LINDA SUE ROBERTS ESTATE AND ANY PERSON CLAIMING LEGAL OR EQUITABLE INTEREST IN PROPERTY LOCATED AT 2625 HAMPTON** (Owner of the property described herein below) to determine whether the real property described herein below was in such a state of uncleanliness as to be a menace to the public health, safety and welfare of the community.

Property Owner: Linda Sue Roberts Estate And Any Person Claiming

Legal Or Equitable Interest In Property Located At

2625 Hampton

Address of Owner: 2625 Hampton

Tupelo, MS 38801

Parcel Number: 101A-02-064-00

Address of Violation: 2625 Hampton

- 2. The hearing was held before the Mayor and City Council of the City of Tupelo on **08/15/23** following which the property referenced above was found to be a menace to the public health and safety, and the property was ordered to be cleaned immediately. Subsequent to this date, and in accordance with <u>Miss. Code Ann.</u> §21-19-11 (1972), as amended, the City of Tupelo proceeded to have the structure(s) demolished.
- 3. Pursuant to <u>Miss. Code Ann.</u> §21-19-11 (1972, as amended), City of Tupelo shall charge Owner with the actual cost of demolition, including administrative and legal costs of the municipality, and may also impose a penalty of one-half of the actual cost or \$1500.00, whichever is more.
- 4. The City of Tupelo, by and through its council, at a regularly scheduled meeting held on **11/07/23**, adjudicated the actual cost of demolition to be **\$3,800.00**. This amount is assessed as a lien on the real property described above.
- 5. This Resolution will be enrolled as a judgment lien on the Lee County, Mississippi judgment roll in the office of the Circuit Clerk of Lee County, Mississippi. If unpaid prior to the 30th day of September of the current year, this lien shall be satisfied by having the amount of this lien included with municipal ad valorem taxes and payment shall be enforced in the same manner in which payment is enforced for municipal ad valorem taxes. Failure to pay this assessment shall require the tax collector to sell the land as now provided by law for the sale of lands for delinquent municipal taxes. Liens filed after September 30th of the current year, and unpaid by September 30th of the subsequent year shall be collected as a part of the subsequent year's municipal ad valorem taxes, in the same manner as provided herein. The lien against the property shall be an encumbrance upon the property and shall follow title of the property
- 6. Prior to its collection as a judgment lien, this assessment may otherwise be collected as a civil debt, and the City of Tupelo may institute a suit on open account against the owner of the property in a court of competent

jurisdiction in the manner provided by law for the cost and any penalty, plus court costs, reasonable attorney's fees and interest from the date that the property was cleaned. Pursuant to Miss. Code Ann. § 27-41-9 (1972, as amended), an interest charge of one-half of one percent (1/2 of 1%) will accrue monthly on all unpaid liens.

7. The Director of Development Services is hereby directed to cause a copy of this Resolution to be mailed to the owner advising of the assessment of a lien against the property, and the Owner's right to appeal under Miss. Code Ann §11-51-75 (1972, as amended).

WHEREUPON, the foregoing Resolution was declared passed and adopted at a regular meeting of the City Council of Tupelo, Mississippi, on this, the 7th day of November, 2023.

SUBJECT: IN THE MATTER OF UPDATED AXON AGREEMENT WITH TPD JQ

Request:

Please accept this letter of request for an updated Amendment with Axon and Tupelo Police Department.

First Amendment to the Master Services and Purchasing Agreement

This First Amendment ("Amendment") is between Axon Enterprise, Inc. (f/k/a Taser International, Inc.), a Delaware corporation ("Axon"), and the Tupelo Police Department (MS) ("Agency"). This Amendment is effective as of the last signature date on this Amendment ("Effective Date"). Axon and Agency are each a "Party" and collectively "Parties".

Axon and Agency are Parties to the Master Services and Purchasing Agreement by and between Axon Enterprise, Inc. and the Tupelo Police Department dated June 20, 2023 (the "**Agreement**").

The Parties wish to incorporate further changes into the Agreement in order to provide clarity to certain sections of the Agreement.

The Parties therefore agree as follows:

- 1. Section 16.3 of the Agreement is hereby deleted in its entirety and replaced with the following (modifications reflected in bold):
 - immediately termination. Upon termination of this Agreement, Agency rights immediately terminate. Agency remains responsible for all fees incurred before the effective date of termination. If Agency purchases Axon Devices for less than the manufacturer's suggested retail price ("MSRP") and this Agreement terminates before the end of the Term, Axon will invoice Agency the difference between the MSRP for Axon Devices received, including any Spare Axon Devices, and amounts paid towards those Axon Devices. Only if terminating for non-appropriation, Agency may return Axon Devices to Axon within 30 days of termination, and if returned, Axon will not invoice Agency the difference between the MSRP for Axon Devices received and amounts paid towards those Axon Devices. MSRP is the standalone price of the individual Axon Device at the time of sale. For bundled Axon Devices, MSRP is the standalone price of all individual components.
- 2. Exhibit B Quote Q-420126 is hereby deleted in its entirety and replaced with Exhibit B Quote Q-516696 attached to this Amendment.
- All other terms and conditions of the Agreement shall remain unchanged and in full force and effect.

Each representative identified below declares that they are an authorized representative of the respective Party with authority to execute this Amendment as of the date of signature.

SUBJECT: IN THE MATTER OF SURPLUSING K9 NITRO JQ

Request:

Please accept this letter of request to surplus K9 Nitro. K9 Nitro was Euthanized due to an illness.

Gretchen Ganas, DVM 1411 Coley Rd Tupelo, MS 38801

September 21,2023

To Whom It May Concern:

Over the Labor Day weekend, handler Derick Scott contacted me about his K9 Nitro not acting normally. As I was out of town, we discussed possible causes of his symptoms and decided to try medication at home and if no improvement was noted, he would be seen on emergency by my colleague Dr. Sonya Bryan. The following day, Nitro was reported to be worse and was taken in to be seen.

Nitro was showing symptoms of rear leg weakness and some mild back pain initially. All blood tests were normal except for a positive Anaplasmosis antibody test. An Anaplasmosis antigen test was submitted to check for active infection and later was returned as negative. Xrays of his spine showed mild narrowing of an intervertebral disc space and Nitro was treated for probable back pain. Nitro improved significantly the next day and was discharged back to his handler on restricted duty.

On September 15th, Nitro returned to the clinic for a recheck exam and to update his vaccinations. He had returned to normal clinically and showed no further evidence of back pain. His handler was advised he could return to regular duty but be mindful of any changes in his back leg function.

On September 16th, Officer Scott called me at my home and stated that he found Nitro in his pen seizing. The seizure was not spontaneously stopping, and he was advised to bring him to the clinic for treatment. I contacted my technician on call who was already at the clinic and advised her to administer an antiseizure medication upon Nitro's arrival if I had not gotten to the clinic yet.

When I arrived at the clinic, Nitro was still in an active seizure after being given one dose of Midazolam to help stop the seizing. His temperature measured at 110 degrees, and we immediately started to attempt to cool him down. I administered 3 more doses of anti-seizure medication without results and finally gave a sedative which ultimately calmed him. Nitro was mentally unaware during this entire time. He was given multiple medications to help decrease adverse effects of such a significant hyperthermic event.

I advised Officer Scott that I believed he likely had a prolonged seizure event, which led to a significant elevation in his body temperature. Nitro had abrasions on his feet that indicated repetitive movement or paddling likely occurring during the seizure. I recommended Nitro be transferred to MSU College of Veterinary Medicine for round the clock care and further diagnostics. I warned that due to the elevated temperature, multiple body systems would be affected, and organ failure could occur. I also advised he be examined by the neurology department at the vet school to help determine the cause of the seizure.

I spoke with Officer Dustin Tutor over the phone regarding the findings and Officers Scott and Uhiren contacted their superiors who approved transfer to MSU CVM. Nitro was transported with two IV catheters in place and his temperature had normalized before transfer. I was informed after he arrived at MSU that Nitro was euthanized due to his poor prognosis and the cost associated with treatment.

I am unable to give a definitive diagnosis regarding Nitro at this time. It is my opinion that a seizure initiated the overheating versus him getting overheated and seizing due to hyperthermia. Given his illness a couple of weeks prior, it is possible that he had an underlying neurologic disorder that led to weakness and then a seizure. Possibilities of neurologic disorders could include neoplasia, meningitis, or blood clots. Due to his quick response to the initial medical therapy, it is less likely that these two events were related. Nitro was also at the age that we typically see epilepsy symptoms develop. There are no symptoms of epilepsy prior to their first seizure so there would be no way to predict a seizure.

Nitro was one of my favorite K9s to work with and I am extremely sad over his sudden passing. His handler was very diligent in making sure he was performing well and was healthy, as are all officers in the K9 Unit. I know Nitro's loss was an emotional blow to the entire department. If I can answer any questions regarding Nitro, please do not hesitate to contact me.

Respectfully,

Gretchen Ganas DVM

SUBJECT: IN THE MATTER OF APPROVAL PROPOSED CHANGE ORDER 1 FOR

CITY PARK DRAINAGE IMPROVMENTS ARPA 2023-028PW - CW

Request:

Request to approve proposed Change Order 1 for City Park Drainage Improvements – Bid No. 2023-028PW.

Per the attached change order, it is recommended to provide improvements/repairs to the existing irrigation system and to the electrical components related to the baseball field lighting which increase the contract price by \$21,500.00 along with increasing the project an additional 30 days.

The original contract included a pay item for irrigation system improvements, however, additional improvements beyond what was specified are necessary to restore functionality to the existing irrigation systems on Andy Reese and Boo Ferris Field. Also, electrical lines and system components were damaged during construction requiring equipment repair and new electrical lines in order to make the lighting system operational.

Original contract price with James A. Hodges Construction was \$317,693.75. Per attached Change Order 1, the contract price will increase by \$21,500.00 to reflect the final contract price of \$339,193.75.

Director, Public Works Dept.

REFERENCE: RECOMMENDATION OF CHANGE ORDER NO. 1

CITY PARK DRAINAGE IMPROVEMENTS

BID NO. 2023-028PW

Dear Mr. Williams:

I am pleased to submit to you, along with the Mayor and City Council, the attached Change Order No. 1 for this project. The proposed change order is recommended to provide improvements / repairs to the existing irrigation system and the to the electrical components related to the baseball field lighting system. Based on the work completed to date, no additional change orders should be required to complete the project.

There contract included a pay item for irrigation system improvements based on information provided by Tupelo Park & Recreation. However, additional improvements beyond what was specified are necessary to restore functionality to the existing irrigation systems on Andy Reese Field and Boo Ferris Field. Electrical lines and system components were also damaged during construction. The Contractor is repairing portions of the electrical system that were damaged at his own expense. However, in addition to these repairs of damaged equipment, new electrical lines will be necessary to make the lighting system operational.

The original contract price with James A. Hodges Construction was \$317,693.75. Per the attached Change Order No. 1, the contract price will increase by \$21,500.00 to accommodate these necessary improvements. The final contract price will be \$339,193.75. This is still approximately \$22,800.00 below the ARPA-MCWI grant amount (\$362,000.00) submitted and approved for this project. The proposed change order adds 30 days to the contract time to complete the work.

Thus, it is our recommendation that the City approve Change Order No. 1 for the referenced project and authorize the Mayor to execute the Change Order on behalf of the City of Tupelo. We appreciate the opportunity to be of service to you and to be involved with this project. Please let us know should have any questions or require additional information.

Sincerely,

Mr. Neal McCoy, Projects Manager City of Tupelo 71 East Troy Street Tupelo, MS 38804

RE: City of Tupelo, Department of Parks and Recreation -**Ballard Park 3-Plex Parking Improvements**

Dear Mr. Farned:

Bids were received October 26th, 2023, on the above-noted project. The apparent low bidder for this project is

Falcon Contracting Company, LLC with a Base Bid of One Hundred, Ninety Eight Thousand, Seven Hundred and Five Dollars, \$198,705.00, for a Total Bid of \$198,705.00.

After discussions with yourself and key representatives from the low bidder, it is my recommendation to accept the Base Bid from Falcon Contracting Company, LLC based upon their submitted proposal for the Total Bid amount of \$198,705.00.

If you have any questions or concerns, please feel free to give me a call at (662) 432-4146.

Sincerely,

Shipman Sloan, PLA

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

- § 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.
- § 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:
- § 5.1.3 Provided that an Application for Payment is received by the Architect not later than the 25th day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the 15th day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than Thirty (30) days after the Architect receives the Application for Payment.

(Federal, state or local laws may require payment within a certain period of time.)

- § 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.
- § 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.
- § 5.1.6 In accordance with AIA Document A201TM_2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:
- § 5.1.6.1 The amount of each progress payment shall first include:
 - That portion of the Contract Sum properly allocable to completed Work;
 - .2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
 - .3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.
- § 5.1.6.2 The amount of each progress payment shall then be reduced by:
 - .1 The aggregate of any amounts previously paid by the Owner;
 - .2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017:
 - .3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier. unless the Work has been performed by others the Contractor intends to pay;
 - .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
 - .5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

5% of Completed Work

Mandatory Addendum to All City of Tupelo Contracts October 28, 2022

The City of Tupelo (TUPELO), despite any contrary provision contained in any contract to which TUPELO is a party, does not waive any rights, benefits, or prohibitions that may be provided under any law, statute(s), regulation(s), or policies. All provisions to the contrary in any contact to which TUPELO is a party are hereby null, void and deleted. Not intended to be an exhaustive list, the following are examples of such matters and shall be exceptions to any contrary provision(s) in any contract to which TUPELO is a party.

- 1. TUPELO does not indemnify or hold harmless any party.

 Miss. Const. Art. 4, § 100; Miss AG Op., Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002).
- 2. TUPELO does not make any warranty.

 Miss. Const. Art. 4, § 100; Miss AG Op., Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002).
- 3. TUPELO does not waive any claim; past, present, or future.

 Miss. Const. Art. 4, § 100; Miss AG Op; Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002).
- 4. TUPELO does not waive its sovereign immunity. TUPELO shall only be responsible for liability resulting from the actions of its officers, agents, and employees acting within the course and scope of their official duties.

 Miss. Code Ann. § 11-46-1, et seq.
- 5. TUPELO does not waive its Constitutional Eleventh (11th) Amendment immunity.

U.S. Const. Amend. XI.

- 6. TUPELO does not agree to the application of laws of another state.
 U.S. Const. amend XI; Miss. Code Ann. 11-11-3; Miss. Code Ann. 11-451; City of Jackson v. Wallace, 196 So. 223 (1940)
- 7. TUPELO does not limit the tort liability of another party to the amount of the contract or to any other set amount.

 Miss. Const. Art. 4, § 100; Miss AG Op., Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002); Miss. AG Op., Hathorn (May 28, 1992);

Miss. AG Op., Davis (March 3, 1993).

8. TUPELO does not agree to waive warranties of merchantability, fitness for a particular purpose, or any common law warranties to which TUPELO is entitled. Miss. Const. Art 4, § 100; Miss Code Ann. § 75-2-719; Miss. AG Op., Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002).

- 9. TUPELO does not agree that a party may represent, prosecute or defend legal actions in the name of TUPELO.
- 10. TUPELO may not and does not agree to the payment of attorney fees of a "prevailing party" unless specifically authorized by statute. E.g. Miss. Code Anno. § 31-7-309 (1972 as amended) payment of interest on outstanding invoice. Miss AG Op., Nowak, 2009 WL 367665 (Miss.A.G.).
- 11. Provisions that limit the time for TUPELO to pursue legal actions are deleted and void.

Miss. Const. Art. 4, § 104; Miss. Const. Art. 4, § 100; Miss Code Ann. § 15-1-5; Miss AG Op; Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct, 18, 2002).

- 12. TUPELO does not agree to submit to binding arbitration.

 Miss. AG Op., Clark (June 7, 2002); Miss. AG Op., Chamberlin (Oct. 18, 2002).
- 13. TUPELO will make payments for all amounts owed under a contract agreement in accordance with state law.

Miss. Code Ann. § 31-7-305.

14. TUPELO advises for all contracts entered into, the provisions of the contract which will contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information, and shall be available for examination, copying or reproduction.

Miss. Code § 25-61-9 (7).

15. TUPELO must comply with Mississippi public records law. Records furnished to public bodies by third parties which contain trade secrets or confidential commercial or financial information shall not be subject to inspection, examination, copying or reproduction until notice to said third parties has been given, but such records shall be released within a reasonable period of time unless the said third parties shall have obtained a court order protecting such records as confidential.

Miss. Code § 25-61-9 (1).

Data processing software obtained by TUPELO under a licensing agreement that prohibits its disclosure and which software is a trade secret as defined in Miss. Code Section 75-26-3, and data processing software produced by a public body which is sensitive must not be subject to inspection, copying or reproduction under Mississippi public records law. "Sensitive" means only those portions of data processing software, including the specifications and documentation, used to: (a) Collect, process, store, and retrieve information which is exempt; (b) Control

and direct access authorizations and security measures for automated systems; (c) Collect, process, store, and retrieve information disclosure of which would require a significant intrusion into the business of the public body.

17. TUPELO is prohibited from binding its successors in office to contracts, including leases, which result in taking away the successors' rights and powers conferred by law, unless there is specific statutory authority to enter into such contract. In the absence of specific statutory authority, such contracts are voidable by the successors in office.

MS AG Ops., Barton (January 8, 2014) and Barton (July 15, 2011)(both relying on Biloxi Firefighters Assoc. v. City of Biloxi, 810 So.2d 589 (Miss. 2002).

18. TUPELO does not have the power to grant to any person, firm or corporation any exclusive franchise or any exclusive right to use or occupy the streets, highways, bridges, or public places in such municipality for any purpose. TUPELO cannot grant, renew, or extend any such franchise, privilege or right, without compensation or for any longer period than twenty-five years.

Miss. Code Anno. 21-27-1

19. All contracts must be approved by the City Council of TUPELO, subject to the veto power of the Mayor of TUPELO.

MS AG Ops. 2012-00013

20. All payments shall be made by TUPELO within forty-five (45) days of invoice, unless disputed. In the case of a bona fide dispute, TUPELO shall pay only the amount of the invoice not disputed. Interest shall be paid at a rate of one and one-half percent (1- ½ %) per month or portion thereof on the unpaid balance from the expiration of such forty-five-day period until such time as the warrant or check is mailed or otherwise delivered to the vendor.

ORDER

AN ORDER TO ACCEPT A CONVEYANCE OF REAL PROPERTY AND DECLARING AS SURPLUS THE STRUCTURE(S) LOCATED AT 1226 BOGGAN DRIVE AND TO AUTHORIZE THE DEMOLITION OF THE SURPLUSED STRUCTURE(S).

WHEREAS, the governing authorities of the City of Tupelo, Mississippi are empowered to act with respect to the care, management and control of municipal affairs and its properties for which no provision has been made by general law and which is not inconsistent with existing law pursuant to Section 21-17-1, et seq. of the Mississippi Code Annotated (1972), as amended, including the authority to sell, convey or lease real property on such terms as it may elect that are consistent with statutory authority; and

WHEREAS, in accordance with an order adopted and spread on the minutes by the City Council on July 18, 2023, the City of Tupelo purchased real property located at 1226 Boggan Drive from JM Harrison Properties, LLC. on September 7, 2023 as evidenced by deed attached hereto as Exhibit "A" ("Subject Property"), and

WHEREAS, the structure(s) located on the Subject Property are in demise and such a state of blight as to not be needed for municipal or related purposes and are not needed in the operation of the municipality and shall be deemed surplus in accordance with Miss. Code Ann. § 17-25-25 (1972, as amended); and

WHEREAS, it is the desire of the City of Tupelo to dispose of the structures located on the Subject Property by demolition to achieve the proper municipal purpose of removing blighted conditions and to make the real property marketable for purchase.

NOW, THEREFORE, it is hereby resolved and ordered by the City Council of the City of Tupelo the following:

- 1. The prefatory paragraphs of this Order are hereby found and determined to be in accordance with the necessary and warranted exercise of its authority regarding the care, management and control of real property, and is in the best interest of the health, safety and welfare of the citizens of the City of Tupelo.
- 2. The conveyance of the real property by Warranty Deed and attached hereto as "Exhibit A" is hereby accepted.
- 3. The structures located on the Subject Property are not needed for governmental or related purposes of the municipality, and are hereby found to be declared surplus and shall be disposed of by demolition.
- 4. The Mayor and City Clerk are authorized to execute all documents necessary for the demolition of the structure(s) located on the Subject Property, subject to the provisions contained in Miss. Code Ann. § 31-7-13 (1972, as amended).
