Town Board Meeting

- Repair wash out Swamp Pond, Hankins, Brook and Mahls Pond.
- Put all summer equipment away for winter.
- Get remaining trucks ready for winter.
- Out for slippery road conductions several times.

2.2 Water & Sewer

Monthly Report for December 2021

- Completed monthly drinking water and waste water sampling and reporting.
- Took daily chlorine samples from several different locations in the district.
- Made adjustments to the chlorinator at the sewer plant, as needed, to maintain Federal and State standards on the effluent wastewater.
- Did water meter readings every Wednesday in the month of December.
- Attended a class provided by NYRWA for the sewer apprenticeship.
- Koberlein pumped out sludge from dosing tanks.
- Replaced fabric around sand bed #3.
- Found several big water leaks in service lines, assisted contractors where possible to get the leaks fixed.
- Started using new GPS unit to mark water lines at Well #3, valves and distribution boxes at sewer plant, several manholes at Well #1, and several sewer cleanouts including two that were in the wooded easement between Route 97 and Kirk Rd.
- Dug up two septic tanks, installed two new risers on one.
- Koberlein pumped out 4 septic tanks.
- Inspected pump and grinder stations, found one pump station not working. Determined the pump was bad and tripped the electrical panel.
- Koberlein helped replace a broken sewer pump, plumbing, and a bad float at a house on Bridge St.
- Let one homeowner know about high water use.
- Responded to 1 NY Dig Safe mark out request.

---	---

2.4 Assessor

December 2021 Report

For December the address, bank code and new deeds were processed for the second submission before the printing of the January tax bills. Deeds have been slow recently. Some Forest Exemption commitments have been being received. By executive order, the Governor has given the option to not do personal renewals of the aged exemptions for 2022 and carry forth with those already on. Since I no longer review the income for the enhanced STAR exemption, I have not seen those taxpayers who may have become eligible for the Aged Exemption due to a change in their income. Therefore, the number of aged exemptions is now about half of what it was three years ago. Currently only twenty-one households are in the program. I forwarded this information to Ben for Town Board resolution. Due to

Town of Tusten

Town Board Meeting

the fact that many seniors prefer to apply in person I am asking that we exercise this option for the protection of both the seniors and our office staff.

I attended the Sullivan County Assessors' Association meeting at Mohican Lake during December. Tax challenges seem to be at an all-time slow pace with some towns still having not receiving some case notices. We had no personal challenges so have not been affected.

2.5 Upper Delaware Council

DRBC offered presentation on Micro Plastics in the Delaware River Basin. While more prevalent in the Lower Basin, micro plastics exist in the Upper Basin as well.

The Council elected Officers for 2022. Andy Boyer Town of Highland will be Chair, and Aaron Robinson, Shohola Township, Vice Chair. Al Henry, Secretary

Andy Boyer gave a brief recap of 2021, and forward look into 2022. Highlights are;

2nd Annual Litter sweep.

This is a UDC sponsored River Access clean up, this year starting on Earth Day, Friday, April 4/22 Since we no longer have grant funds, the Council will need to rely on partners, and sponsorships. Looking for Litter Leaders from each participating Town. Last year, Evan Padua's team did a great job. This event coincides with our long-established Litter Pluck, so any trash collected will be accepted free in Sullivan County.

Long Term Fiscal Sustainability Plan Aka the Crane Report. Where do we go from here?

Council members will read the report, and attend a roundtable discussion, likely held at the Narrowsburg Union, likely in late January/early Feb., to discuss short- and long-term changes that need to be made. Both PA's Rep Tim Dugan, and NY DEC Rep Bill Rudge have offered their help as well.

DRBC Proposed Rulemaking Hydraulic Fracturing... waste water disposal, and water withdrawal. UDC comment letter approved

Milanville/Skinners Falls Bridge. Comment letter on Penn Dot's Purpose and Needs study approved. The comment period has been extended to February 8, and the UDC's letter is filled with information. If you would like to see the Bridge rehabbed, put back into use as a one lane bridge, and provide a cultural/historic resource, look for UDC's letter on our website, and submit your comment.

NY DEC

Town of Tusten

Town Board Meeting

Announced their annual Tree and Shrub seedling sale, actually FREE if planted in NY State, see their website.

NPS

Lauren Hauptmann, who is working remotely as the NPS Historic/Cultural person, has moved out West, and it is likely they will need a replacement, but no formal job opening has been announced

2.6 Energy Committee

No report

2.7 Zoning Update Committee

2.8 Grants

January 2021

1. Little Lake Erie Culvert project proceeding. Right of Way (ROW) process is near the end. Once complete, plus a few other steps, we can go out to bid.
2. UDC grant for the Zoning Update is on target. Committee meets 2 times per month.
3. Water system upgrade - We continue to seek external grant funding for this project. Greg Triggs and I had a zoom meeting with Congressman Delgado's office to make the Congressman aware of our need for funding and to learn of available grants.
4. Jane spoke to the USDA representative for our area with reference to REAP Zone funding. Although funding will be available, the Federal Government has not informed the USDA how much funding will be allocated for 2022. We are encouraged by the prospect of available funds.
5. Sullivan Renaissance- The Town Board will decide if we should apply for 2 Sullivan Renaissance grants: 1) a technical assistance grant for a landscape architect to design plantings for Kirk Road and 2) a Municipal Partnership grant to purchase and plant according to the plan. We hope to collaborate with the Narrowsburg Beautification Group for Sullivan Renaissance grants.
6. After a long, demanding search for appropriate documentation, we were awarded the funds to have a historic marker made to recognize the old Lava School House on Parker Road. This funding comes from the William Pomeroy Foundation.

PUBLIC COMMENT

10 minutes will be given for public comment. Please keep your comments directed to the board, comments should pertain to agenda items only.
